# The art of growing

**NL** In deze catalogus presenteren wij ons volledige assortiment Fuchsia, Pelargonium Grandiflorum, Angel Pelargonium en Argyranthemum. Wij zijn u komend seizoen graag van dienst in het produceren en leveren van jonge planten. Daarnaast kunnen wij u voorzien van deskundig teeltadvies en bieden wij ondersteuning in de promotie van uw producten.

Met vriendelijke groet,  
Hans, Fred en Ruud Hendriks

**EN** Allow us to present the new catalogue containing our complete range of Fuchsia, Pelargonium Grandiflorum, Angel Pelargonium and Argyranthemum. The upcoming season we will be at your service in delivering perfect quality young plants, providing expert advice in growing and support in promoting your products throughout the horticultural supply chain.

Kind regards,  
Hans, Fred and Ruud Hendriks

## Derde generatie familiebedrijf

**NL** Hendriks Young Plants is gevestigd in Westland, het epicentrum van de internationale tuinbouwsector. Het familiebedrijf is in 1960 opgericht door Jan Hendriks. Zijn zonen Hans en Fred Hendriks zijn zich vanaf 1970 gaan specialiseren in het produceren van jonge planten voor Fuchsia en Pelargonium Grandiflorum. Zij hebben Hendriks Young Plants uit laten groeien tot betrouwbare leverancier van hoge kwaliteit jonge planten aan kwekers binnen en buiten Europa. Inmiddels zet de derde generatie zich ook volledig in om deze marktpositie verder te versterken.

## Third generation family business

**EN** Hendriks Young Plants is situated in Westland, the epicentre of international horticulture. The family business was founded by Jan Hendriks. His sons, Hans and Fred specialized in producing young plants for Fuchsia and Pelargonium Grandiflorum. They have been responsible for growing the company into a reliable supplier of high quality young plants to customers in and outside Europe. Meanwhile, the third generation is committed to further strengthening this market position.

Founder – Jan Hendriks

### Veredeling Bella Fuchsia ®

**NL** In 2008 is Hendriks Young Plants op grote schaal gestart met de veredeling van Fuchsia's. Ieder jaar worden uit duizenden planten de beste rassen geselecteerd voor de volgende ronde. Daarna worden deze uitvoerig getest bij diverse klanten. Tevens worden soorten in verschillende showtuinen beoordeeld op buitenprestaties. Verder worden soorten getest op houdbaarheid in de keten. Dit veredelingsprogramma heeft in 2014 geresulteerd in de introductie van Bella Fuchsia®. Deze rassen hebben een compacte groei, bloeien rijkelijk en vroeg. Komende jaren zal deze serie verder versterkt worden.

### Breeding Bella Fuchsia ®

**EN** In 2008 Hendriks Young Plants started a breeding program for Fuchsias. Every year a selection of the best varieties is made out of thousands of plants. Thereafter, these varieties are intensively tested by different growers. Next, the varieties are judged on their outdoor performance in different show gardens, their shelf life throughout the supply chain and consumer performance. This program resulted in the introduction of Bella Fuchsia ® in 2014. These varieties have a compact growth, are rich flowering and bloom very early.

### Merkontwikkeling & promotie

**NL** Onder de naam Bella Fuchsia ® ontwikkelen we niet alleen nieuwe rassen, maar ook een merk. Wij ondernemen diverse markt- en consumentgerichte acties waarmee we de Fuchsia in beeld brengen bij alle schakels in de sierteeltketen. Deze activiteiten voeren wij ook uit voor de productgroep Pelargonium Grandiflorum.

### Branding & promotion

**EN** Bella Fuchsia ® is not only a selection of Fuchsia varieties, but also a brand name which we promote throughout the horticultural supply chain. Our goal is to inform and inspire consumers about the Fuchsia. We undertake different promotional activities to commercialize this brand. We are also executing these activities for the product group Pelargonium Grandiflorum.

### Jonge planten expert

**NL** De bedrijfsnaam zegt het al, Hendriks Young Plants is gespecialiseerd in jonge planten. Het leveren van perfecte kwaliteit op de overeengekomen tijd heeft onze absolute prioriteit. Naast Fuchsia, Pelargonium Grandiflorum en Argyranthemum bewortelen wij ook jonge planten voor andere bedrijven.

### Young plants expert

**EN** The name of the company says it all: Hendriks Young Plants is specialized in producing young plants. We supply young plants for the product range in this catalogue. Moreover, we also root young plants for other companies.

### Teeltadvies

**NL** Naast onze core business telen wij al meer dan 40 jaar halfwas en eindproducten Fuchsia, Pelargonium Grandiflorum en Argyranthemum. Wij delen deze kennis graag door u te voorzien van teeltadvies om toe te werken tot een succesvol eindproduct.

### Cultivation advice

**EN** Besides our core business, for over 40 years we have grown half grown and end product Fuchsia, Pelargonium Grandiflorum and Argyranthemum. We would like to share our cultivation knowledge in the process of growing high quality end products.
