**DEPARTMENT OF PROCUREMENT SERVICES  
NON-COMPETITIVE REVIEW BOARD (NCRB) APPLICATION  
JUSTIFICATION FOR NON-COMPETITIVE PROCUREMENT WORKSHEET**

All applicable information on this worksheet must be addressed using each question found on the "Instructions for Non-Competitive Procurement Application" in this application.

**Justification for Non-Competitive Procurement Worksheet**

**PROCUREMENT HISTORY**

In December 2004, the Department of Revenue (before its merge into the Department of Finance) issued an RFQ(RFP) (Specification No. 22215), in order to solicit "Check Processing Services".

In January 2006, the Chief Procurement Officer recommended that this requirement be brought forth to the Sole Source Board since the attempts to solicit these services were unsuccessful and did not result in a contract.

In October 2006, the NCRB approved pursuing a contract with ACH Direct, Inc.

In May 2007, the NCRB approved an amendment to the ACH Direct scope for the addition of processing online check payments.

On June 25, 2008, the contract was awarded on this date, to ACH Direct, Inc., under PO# 17560, with a 5+3 year term.

-Continued-

**ESTIMATED COST**

The estimated annual cost is \$247,842.44 per year.

DoF requests an estimated PO vendor limit increase in the amount of \$276,112.00, estimated as the amount that may be needed to cover the 12-month extension period, ending 6/24/2018, to complete the replacement contract process.

Attached by reference is the OBM Approval Form and VLI calculation worksheet.

-Continued-

**SCHEDULE REQUIREMENTS**

The current 6/24/2017 contract end date is to be extended for at least an additional 12-month period, in order to sustain uninterrupted payment transaction and related services from the Vendor, while providing additional time to complete the replacement contract process.

-Continued-

**EXCLUSIVE OR UNIQUE CAPABILITY**

1. Only the current Vendor has the online Payments Gateway infrastructure available via the existing contract and is willing and able to provide uninterrupted services as proposed in this extension request. Customized software development and integrations into the City systems required for the payments gateway operations, currently only exists with this Vendor. Their continued involvement is needed to sustain the processing of over \$675 million dollars in annual revenue payments.

(Continued)

**OTHER**

1. Payment gateway services were implemented with the goal being to process electronic check (ACH) payments, check and ACH bank verification, and check conversion services. These services have, thus far, supported the City in its ability to realize over \$3.2 billion of payments to the City.

# DEPARTMENT OF PROCUREMENT SERVICES NON-COMPETITIVE REVIEW BOARD (NCRB) APPLICATION INSTRUCTIONS FOR NON-COMPETITIVE PROCUREMENT APPLICATION

## INSTRUCTIONS FOR PREPARATION OF NON-COMPETITIVE PROCUREMENT APPLICATION

If a City Department has determined that the purchase of supplies, equipment, work and/or services cannot be done on a competitive basis, a justification must be prepared on this "Justification for Non-Competitive Procurement Application" in which procurement is requested on a or non-competitive basis in accordance with 65 ILCS 5/8-10-4 of the Illinois Compiled Statutes. Using this instruction sheet, all applicable information must be addressed on the worksheet. The information provided must be complete and in sufficient detail to allow for a decision to be made by the Non-Competitive Procurement Review Board. For Amendments, Modifications, describe in detail the change in terms of dollars, time period, scope of services, etc., its relationship to the original contract and the specific reasons for the change. 5. Explain what negotiation of price has occurred or will occur. Detail why the estimated cost is deemed reasonable.

### SCHEDULE REQUIREMENTS

1. Explain how the schedule was developed and at what point the specific dates were known.

**PROCUREMENT HISTORY** - continued from the NCRB Justification cover page-

In April 2013, ACH Direct Inc., underwent a name change (only) maintaining its original PO# 17560, changing its name to Forte Payment Systems, Inc. (herein "Vendor").

In June 2013, the City exercised the unilateral contract extension option provision, which allowed for up to three extension years, thereby extending the contract for all three years, ending 6/24/2016.

In July 2016, the NCRB approved a one year extension period, with an option for an additional one year extension, to provide time to replace this ACH Direct contract and implement services.

**1. Describe the requirement and how it evolved from initial planning to its present status.**

The contract requires the Vendor to perform "check verification" services. This is a specialized service which enables the Vendor to verify whether or not a bank account from which a check payment has been presented is open, valid and does not have reported returned payment activity in their database. Since the Vendor's online "Payments Gateway" Internet platform was first implemented to process payments for the City, over 1.9 million verifications and or payment transactions have been executed at a cost to the City in the amount of \$765,000. Those Payment Gateway transactions, however, have yielded approximately \$3.2 billion in revenue.

Additionally, the Vendor's check conversion services have allowed for the conversion of half of all returned checks not originally processed through their Payments Gateway. Of those converted checks, 70% are collected prior to the City having to perform normal returned payment processing and collection.

DoF submitted the RFP for Check Processing Services on Oct 27, 2016, Req #126147, Spec #245583.

**2. Is this a first time requirement or a continuation of previous procurement from the same source? If so, explain the procurement history.**

This procurement is a continuation of a previous procurement from the same Vendor, Forte Payment Systems.

**3. Explain attempts made to competitively bid the requirement. (Attach copy of sources contacted.)**

The new replacement services RFP for Check Processing Services was submitted to DPS on Oct. 27, 2016, Req #126147, Spec #245583. The Department initially preferred to pursue the new Payment Portal RFP concept to determine its effect on the need for these payment services.

**4. Describe in detail all research done to find other sources list other cities, companies in the industry, professional organizations contacted. List periodicals and other publications used as references.**

Other payments gateway services, electronic check (ACH) payment processing, check and ACH bank verification, and check conversion are available in the marketplace today, so other vendors could probably be used to perform the same functions required by the City. However, the current Vendor has proprietary interfaces and software that is installed on their proprietary equipment to process payments today. Accordingly, the current Vendor is the only one capable of continuing to process transactions while a replacement technological approach is pursued, developed and implemented.

**5. Explain future procurement objectives. Is this a one-time request or will future requests be made for doing business with the same source?**

This request includes a Vendor Limit Increase to cover the one 12-month extension to continue Vendor services, until a replacement contract can be awarded via the publically advertised RFP.

**6. Explain whether or not future competitive bidding is possible. If not, explain in detail**

Competitive bidding in the future is possible and is currently being pursued.

The new replacement RFP for Check Processing Services was submitted to DPS on Oct. 27, 2016, Req #126147, Spec #245583.

The current payments gateway services contract must continue to be sustained and supported, in order to provide valued revenue processing services.

**ESTIMATED COST** - continued from the NCRB Justification cover page-

**1. What is the estimated cost for this requirement or for each contract, if multiple awards contemplated?**

As indicated in the NCRB Justification cover page, the estimated annual cost is \$247,842.44.

The July 2016 NCRB request included price reductions which became effective during the extension period starting in July 2016.

**What is the funding source?**

017-100-27-2020-0140-0140

**2. What is the estimated cost by fiscal year?**

The estimated annual cost is \$247,842.44.

**3. Explain the basis for estimating the cost and what assumptions were made and/or data used (i.e., budgeted amount, previous contract price, current catalog or cost proposal from firms solicited, engineering or in-house estimate, etc.).**

Cost estimates were based on actual historic usage figures and anticipated price reductions.

**4. Explain whether the proposed Contractor or the City has a substantial dollar investment in original design, tooling or other factors which would be duplicated at City expense if another source was considered.**

The initial implementation and the more recent check conversion implementation of Payment Gateway services was a new venture, and required a substantial amount of Vendor investment, time, and human resources in order to develop the transaction interface to City systems and implement go-live. None of this development work was done at the expense of the City. Installation coordination (with DoIT), interface and testing of links into the City's existing cashiering system, and the coordination of processes involving the City's ACH check processing, etc., required a substantial investment of time and effort.

**Describe cost savings or other measurable benefits to the City which may be achieved.**

The original schedule of compensation included an ACH Gateway Fee of \$0.05 and a verification fee of \$0.24, both per transaction. Effective July 2016, *Forte Payment Systems* reduced the ACH Gateway fee to \$0.03 and the verification fee to \$0.22 per transaction; just over an 40% and 8% reduction, respectively.

**5. Explain what negotiations of price has occurred or will occur.**

The original schedule of compensation included an ACH Gateway Fee of \$0.05 and a verification fee of \$0.24, both per transaction. Effective July 2016, *Forte Payment Systems* reduced the ACH Gateway fee to \$0.03 and the verification fee to \$0.22 per transaction; just over an 40% and 8% reduction, respectively..

**Detail why the estimated cost is deemed reasonable.**

Considering that the contract is due to expire when the City does not have a substitution that could immediately fill the void should the Vendor elect to cease services, the Vendor could have leveraged this condition to its advantage by keeping pricing and other performance measures static. However, the Vendor implemented a price reduction without any conditional change, other than the contract extension.

**SCHEDULE REQUIREMENTS** - continued from the NCRB Justification cover page-

**1. Explain how the schedule was developed and at what point the specific dates were known.**

For the past three years and in the foreseeable future, there has been no discussion nor an anticipation concerning any type of "schedule" that is or has been developed or otherwise contemplated between the Vendor and the City— other than the more recent discussion concerning the business need for the continuation of uninterrupted services via a contract amendment process.

**2. Is lack of drawings and/or specifications a constraining factor to competitive bidding?**

No. Competitive bidding is possible in the near future. As indicated earlier, the scope of services that are currently delivered by the Vendor, shall be solicited through the Department of Procurement Services as a publically advertised RFP.

**If so, why is the proposed Contractor the only person or firm able to perform under these circumstances?**

Drawings and/or specifications are not an issue.

**Why are the drawings and specifications lacking?**

Drawings and/or specifications are not an issue.

**What is the lead-time required to get drawings and specifications suitable for competition?**

Drawings and/or specifications are not an issue.

**If lack of drawings and specifications is not a constraining factor to competitive bidding, explain why only one person or firm can meet the required schedule.**

Only the current Vendor can sustain the existing Payments Gateway services required during the extension period. he Payments Gateway operations currently only exist with this Vendor through their customized software that has been developed, integrated and approved to be compatible with the City systems required for payment transactions to be executed without interruption.

**3. Outline the required schedule by delivery or completion dates and explain the reasons why the schedule is critical.**

No "schedule-by" or "completion dates" or stand-alone type projects are contingent upon reasons for selecting this Vendor. The only schedule-related factors that relate to this request are the current contract expiration date (scheduled to expire on June 24, 2017) and the new replacement RFP for Check Processing Services was submitted to DPS on Oct. 27, 2016, Req #126147, Spec #245583 (which is scheduled to be advertised for a new contract award and implementation date before the extension date expires).

**4. Describe in detail what impact delays for competitive bidding would have on City operations, programs, costs and budgeted funds.**

Delays in competitive bidding (via an RFP) would potentially result in lost opportunities to process additional payments through a new payments gateway at reduced costs. The new services contract could, potentially, provide the City with opportunities to reorganize, reduce overhead, or better manage payment services and other related costs.

**EXCLUSIVE OR UNIQUE CAPABILITY** - continued from the NCRB Justification cover page-

**1. If contemplating hiring a person or firm as a Professional Service Consultant, explain in detail what professional skills, expertise, qualifications, and/or other factors make this person or firm exclusively or uniquely qualified for the project.**

There is no intent and there are no plans for hiring any new entity, individual, or professional service being contemplated in this request – only the extension of the existing Vendor's contract to sustain uninterrupted services during a.

**Attach a copy of the cost proposal, scope of services, and Temporary Consulting Services Form.**

The Temporary Consulting Services form is not applicable.

Please see attached excerpts of original scope and current compensation schedule labeled and signed as follows: "No Change in Original Contract Scope".

**2. Does the proposed firm have personnel considered unquestionably predominant in the particular field?**

No.

**3. What prior experiences of a highly specialized nature does the person or firm exclusively possess that is vital to the job, project or program?**

Only the current Vendor manages the existing customized software that has been developed, integrated and approved to be compatible with the City systems required for payment transactions to be executed without interruption.

**4. What technical facilities or test equipment does the person or firm exclusively possess of a highly specialized nature which is vital to the job?**

Only the current Vendor operates the network that has been integrated and approved as compatible with the City systems required for payment transactions to be executed without interruption.

**5. What other capabilities and/or capacity does the proposed firm possess which is necessary for the specific job, project or program which makes them the only source who can perform the work within the required time schedule without unreasonable costs to the City?**

The years of professionalism, expertise, and responsiveness experienced throughout the years, from inception through current day relationships, as well as the confidence in meeting the deliverables without problem or breach, is a quality possessed by the Vendor and provided to the City by the Vendor, and a service expectation to be sustained without interruption.

6. **If procuring products or equipment, describe the intended use and explain any exclusive or unique capabilities, features and/or functions the items have which no other brands or models, possess.**

Not applicable.

**Is compatibility with existing equipment critical from an operational standpoint?**

Yes.

**If so, provide detailed explanation?**

Compatibility with the City's existing payment network is essential. The interface of web, kiosk, and payment site stations through the Department's cashiering system to the Vendor's payments gateway is a critical requirement.

7. **Is competition precluded because of the existence of patent rights, copyrights, trade secrets, technical data, or other proprietary data (attach documentation verifying such)?**

Not applicable.

8. **If procuring replacement parts and/or maintenance services, explain whether or not replacement parts and/or services can be obtained from any other sources.**

Maintenance is provided by the Vendor under the terms of the contract at no additional cost, as part of the current contract. All costs are included in the per-transaction cost.

**If not, is the proposed firm the only authorized or exclusive dealer/distributor and/or service center?**

Not applicable.

**If so, attach letter from manufacturer.**

Not applicable.

#### **MBE/WBE COMPLIANCE PLAN**

- \* **All submissions must contain detailed information about how the proposed firm will comply with the requirements of the City's Minority and Women Owned Business program. All submissions must include a completed C-1 and D-1 form, which is available on the Procurement Services page on the City's intranet site. The City Department must submit a Compliance Plan, including details about direct and indirect compliance.**

In July 2016, a request for a 12-month extension ending 6/24/2017, was submitted. At that time, the Vendor requested a 16.9% MBE and 4.5% WBE full waiver request, which DOF concurred with. However, Procurement denied the Vendor's 16.9% MBE waiver (since Forte would have exceeded their MBE goal, at the time) and Procurement reduced the WBE burden from 4.5% to 2.0% (which would have resulted in Forte exceeding their WBE goal, at the time).

For this current request for a 12-month extension ending 6/24/2018, the Vendor is hereby requesting a 16.9% MBE waiver and a 2.0% WBE waiver, which DOF concurs with. Whereas the Vendor has thus far met its full compliance obligations, the City realizes that those efforts were met via indirect compliance. The Vendor's full waiver request, DOF's concurrence, and Compliance's response are attached here, by reference.

**OTHER** -continued from the NCRB Justification cover page-

1. **Explain other related considerations and attach all applicable supporting documents, i.e., an approved "ITGB Form" or "Request for Individual Hire Form".**

See attached scope of service and pricing.

#### **REVIEW AND APPROVAL**

This application must be signed by both Originator of the request and signed by the Department Head. After review and final disposition from the Board, this form will be presented to the Chief Procurement Officer recommending approval.

RE: Sole Source Request - Specification # 51810 PO # 17560

Dear Ms. Rhee,

The purpose of this letter is to request a 12-month extension of the Professional Services Agreement ("Agreement") between the City of Chicago ("City") and Forte Payment Systems, Inc. ("Forte" formerly known as ACH Direct, Inc.), dated June 25, 2008 and as amended on September 26, 2016.

Forte has served as the City's exclusive and unique provider for ACH gateway and verification services since 2008 and desires to continue providing those services to the City. As such, Forte and the City have come to an agreement that all terms and conditions of the current existing Agreement will continue to govern the relationship between the parties thereto and Forte specifically hereby agrees to continue to fulfill all of its obligations to the City under the terms of the Agreement.

Forte is the only company able to sustain the below listed services created exclusively and uniquely for the City, during the extension period. Only Forte can manage its existing proprietary software that has been developed, integrated, tested, and approved to be compatible with and for the City systems. The listed services are required for payment transactions to be executed for the City without interruption during the extension period.

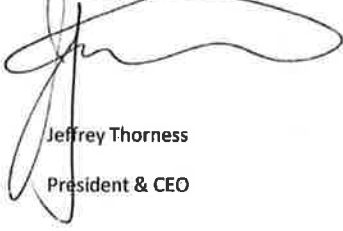

- Forte set up an ODFI relationship with Harris BMO solely to process the City's ACH payments directly to their bank.
- Forte set up a special process to resubmit RCK items through our Virtual Terminal instead of our Direct Recovery product at the City's request.
- Forte set up a special process to re-present returned ACH items to support the City's reconciliation needs:
  - Forte set up "resubmit" MIDs and created a process where any returned ACH items are automatically resubmitted through the corresponding "resubmit" MID.
  - Forte made a change to our standard NSF return fee process – The City receives the entire fee charged to the customer, and then they pay us our portion on a monthly basis.
- Forte has worked with several of the City's vendors to integrate with Forte on the City's behalf.

500 Bethany Drive, Suite 200 | Allen, TX 75013 | 866.290.5400 | forte.net

- Forte manually creates a report every month to provide the City with return and Forte Verify results in the format that they have requested.
- Forte created a Data Explorer Job to provide the City with NSF return fee data on a weekly basis.

Thank you for your time and attention. We appreciate your business and look forward to continuing and growing our business relationship.

Sincerely,

Jeffrey Thorness  
President & CEO

**Source Req. 140172 Specification 51810 PO 17560**  
Original Start Date: June 25, 2008 (name changed from *ACH Direct, Inc.*, on 4/2/2013)  
Original End Date: June 24, 2013  
Original Extension Options Available: Up to 3 years  
Current End Date: June 24, 2017

Contract End Date This Request: **June 24, 2018**  
Contract Description: Check Processing Services  
Revenue Generating Value: \$650,000,000 per year (approx.)

Dear Jamie:

The prior NCRB application for the above referenced contract was submitted in July 2016, requesting that the contract be amended to provide an additional 12-month extension ending 6/24/2017, along with a \$195,058.03 VLI. During the NCRB meeting, the board also approved the addition of a provision which would provide yet another "one-year extension option" which was written into the ensuing amendment (Amendment No. 1, change number 4). Amendment No.1 was executed and became effective on September 26<sup>th</sup>, 2016 (copy attached). This is a request to exercise the "one-year extension option" and increase the VLI.

Although the VLI amount submitted in the July 2016 NCRB request was approved, it was apparently not sufficient to cover the estimated costs through the additional "one-year extension option" period ending 6/24/2018. Therefore, this request is to request approval of an additional \$276,112 VLI (see attached VLI worksheet), and to additionally request the one-year extension option ending 6/24/2018 be exercised (or until a new contract is awarded; whichever comes first). The additional one-year extension option and VLI are both necessary in order to provide sufficient time for the new RFP to be advertised, evaluated, and a new contract awarded, as well as realize a successful operational transition and process-implementation with the new vendor.

Currently, the new/replacement RFP is in the early development phase with Procurement. Although DOF submitted its new RFP request package to Procurement on October 27, 2016, as of this writing the first draft of the

*Forte Payment Systems, Inc.*  
pg. 1 of 2

RFP has yet to be received for review by the Department of Law or DOF. However, it is anticipated that the first draft should be distributed for review before March 31, 2017.

Please approve the one-year extension option and VLI as attached. Both actions are essential in order to ensure no interruption in service to the public or the City involving the transmission of check-payment transactions provided through Forte's banking payments gateway. Thank you.

Attached, in support of this NCRB request, are the following:

- Source Requisition (attached by reference)
- DPS Project Checklist
- OBM Approval form
- Non-Competitive Procurement Justification cover page and support pages
- VLI Worksheet
- MBE/WBE Compliance (submitted to Compliance division on 3/14/2017)
- EDS Certificate of Completion print

- Copies of current Scope (marked "No Change in Scope")
- Executed copy of Amendment No. 1

PO No.: 17560

Dear Mr. Kump:

I have reviewed your letter dated February 2, 2017, to request (a) waiver of the WBE goal for the life of the contract, and (b) waiver of the MBE and WBE goals for the term of the Amendment No. 2.

Based on the information provided, I approve your request to waive the 16.9% MBE and 4.5% WBE goals for the life of the contract, due to the specific costs associated with the specialized operation of the secure interfaces and processes that only apply to Forte Payment Systems, Inc.

I commend your commitment to the MBE and WBE program by identifying indirect opportunities available to MBEs and WBEs to partner with you based on your company's procurement needs.

If you have any questions regarding your MBE/WBE compliance plan, please contact Gabriel Rodriguez, Senior Compliance Officer at 312-744-2218 or via email at [Gabriel.Rodriguez2@cityofchicago.org](mailto:Gabriel.Rodriguez2@cityofchicago.org).

This memo is to support the second instance that Forte Payment Systems, Inc. is requesting a full MBE/WBE waiver. Both waiver requests relate to a Non-Competitive Review Board (NCRB) contract extension and VLI submittal. The first waiver request was made in July 2016 for a 12-month extension ending 6/24/2017. The second waiver request is the current subject matter being addressed here, for another 12-month extension and VLI submittal to the NCRB, ending 6/24/2018. DOF is again fully supporting Forte's full waiver request.

In reference to the first waiver request, please find attached copies of Forte's July 2016 16.9% MBE and 4.5% WBE full waiver request including DOF's concurrence memo ([Attachment A](#)). Also attached is Procurement's response to their request ([Attachment B](#)). Based on the \$195,058.03 VLI which went in tandem with the 12-month extension ending 6/24/2017, Procurement's response was two-fold: (i) deny the 16.9% MBE waiver (since Forte would have exceeded their MBE goal, at the time) and (ii) reduce the WBE burden from 4.5% to 2.0% (which would have resulted in Forte exceeding their WBE goal, at the time).

Forte's current waiver request letter ([Attachment C](#)) and DOF's concurrence are made in connection with the contract extension request to be submitted by DOF to the NCRB for its April 11, 2017 meeting. The NCRB submittal will seek approval for an additional 12-month contract extension ending 6/24/2018, as well as a VLI in the

*Forte Payment Systems, Inc.*  
pg. 1 of 2

amount of \$276,112. (The new/replacement RFP is currently being developed by Procurement pursuant to DOF's request submitted to Procurement on October 27, 2016.)

The additional 12-month extension shall again have no change in Scope, and shall again sustain the 8-1/3% contract price reduction from \$0.24 to \$0.22 per the *ATM-Verify Transaction* line item.

Forte provides the City banking related services such as check verification, check conversion and ACH processing, commonly referred to as electronic check processing. The Federal Reserve Bank and the National Automated Clearing House Association (NACHA) jointly impose highly restrictive and secure rules governing the banking community regarding the processing of financial information. Forte is a member of the banking community and is required to stringently comply with these substantial rules in the processing of the City's payment information.

Forte has access to banking networks to perform check verification services, determining that bank account information provided to the City during the payment process is valid. Verified ACH payments are packaged according to NACHA rules and deposited into City bank accounts. Unlike paper check redeposit services provided by banks for returned payments, Forte has the ability to re-present ACH returned items in a managed approach resulting in a significant increase in the success of collecting returned payments. Forte provides check conversion services by taking the City's returned paper check payments, deposited through non-Forte processes, and converting them into ACH payments. Forte then has the ability to extend the collection success of re-presenting ACH items to returned paper checks.

Financial information is exchanged between the City and Forte through secure interfaces that were established with the initial implementation of services. Forte accepts and processes the financial information in their secure environment, while interacting with various banking partners. A third party cannot be inserted into their secure process, and the process cannot be fragmented in an effort to subcontract financial processing.

Due to the nature of these financial services, Forte has no direct opportunity and cannot comply with MBE/WBE requirements. At the execution of the first Forte contract, indirect MBE/WBE compliance was achieved via large purchases of commodities from MBE/WBE vendors. However, requiring this non-local company from Allen, Texas to procure additional commodities or services specifically from an MBE or WBE within the Chicagoland area as an indirect purchase is not reasonable.

Because Forte has exhibited good faith efforts to comply with the MBE/WBE program, and since direct compliance is not possible and indirect compliance does not align with the intent and spirit of the program, DOF is requesting that a full waiver from MBE and WBE requirements be granted for the extension period ending 6/24/2018.<sup>1</sup> Please contact me at 744-2887 if you require further information.

<sup>1</sup> The current contract value is \$885,058.03. The new contract value after the \$276,112 VLI is added is: \$1,161,170.03. When the contract was awarded, Forte had made purchases of various computer equipment from an MBE and WBE in the respective amounts of \$169,935.00 and \$14,802.22, and no purchases since then. Relative to the new contract value of \$1,161,170.03, those purchases translate into 14.635% MBE compliance for a 2.3% MBE shortfall; and 1.275% WBE compliance for a 0.73% WBE shortfall.

City of Chicago - Department of Procurement Services  
Jamie L. Rhee  
Chief Procurement Officer  
121 N. LaSalle Street - Suite 806  
Chicago, IL 60602

RE: Forte MBE/WBE Waiver Request

Dear Ms. Rhee,

The purpose of this letter is to address the MBE/WBE requirements under the Professional Services Agreement (PO# 17560), dated June 25, 2008 between Forte Payment Systems, Inc. (formerly ACH Direct, Inc.) and the City of Chicago. We would appreciate your consideration in working with us to review the existing requirements and assessing how they can be managed going forward, insofar as the additional extension period is concerned (ending 6/24/2017).

The current agreement between Forte Payment Systems and The City of Chicago includes a requirement that all vendors contracting with the City buy/invest ~16.9% of the proceeds paid to an MBE and ~4.5% to a WBE. Forte has met the MBE requirement by making a substantial purchase at the onset of the agreement, above the required percentage, allowing for this requirement to be met through the term of the agreement. That one-time purchase, at the time, was credited as an "indirect" purchase (for equipment and toner, etc.) in an effort solely to meet the MBE goals.

Forte is requesting that the City grant us a waiver for the WBE requirement under the original term of the agreement and a waiver for both the MBE and WBE requirement through the extension term for the following reasons:

- Forte does not sub-contract services; all services provided to the City are managed within our organization.
- Forte has existing vendor contracts in place for purchasing commodities locally, here in Texas, and therefore it would be impractical for us to commit to making such purchases from vendors in the Chicagoland area.
- Forte is reducing its compensation ("fees that Chicago pays Forte) during the additional extension period.

Please indicate your understanding and acceptance of the terms of this Amendment to the Professional Services Agreement by providing your counter-signature below.

Thank you for your time and attention. We appreciate your business and look forward to continuing and growing our business relationship.

Dear Monica:

This is an MBE/WBE waiver concurrence letter submitted by DOF in response to the MBE/WBE full waiver request submitted by *Forte Payment Systems, Inc.* (attached).

Forte's waiver request letter and DOF's concurrence letter are made in connection with a contract extension request submitted by DOF to the Non-Competitive Review Board (NCRB) in June 2016. The NCRB submittal was to seek NCRB approval for an additional 12-month contract extension as well as a VLI in the amount of \$195,058.03. The extension shall have *no* change in Scope, but it does include a contract price *reduction* from \$0.24 to \$0.22 per ATM-Verify Transaction; an 8-1/3% reduction to be realized during the extension period.

Back in 2008, when the contract was first approved by the NCRB to be drafted, Forte (formerly known as *ACH Direct, Inc.*) was required to comply with the City's MBE/WBE requirements. At that time, Forte was encouraged to commit to purchasing commodities and/or services that would meet the 16.9% MBE and 4.5% WBE goals, through direct or indirect means. In a good faith effort to meet those requirements, Forte engaged *JJC Group, Inc.* as their MBE and *Computer Products & Supplies* as their WBE, thereby meeting the 16.9% and 4.5% MBE/WBE goals, albeit on an indirect basis, by purchasing computer related supplies (e.g., PCs, printer, toner, etc.).

*Forte Payment Systems, Inc.*  
pg. 1 of 2

121 NORTH LASALLE STREET, SUITE 700, CHICAGO, ILLINOIS 60602

Although *JJC Group* (Forte's MBE) is no longer certified, Procurement's *Certification and Compliance System (C2)* reporting tool indicates that Forte not only met their 16.9% MBE goal at the time, but they have exceeded the MBE goal by over 15%; although Forte is approximately 1.66% below their 4.5% WBE goal. In February of 2016, Steve Sakai contacted the President of JJC Group (Margaret). At that time, Margaret confirmed doing business with Forte several years ago, but she expressed that she was no longer interested in pursuing certification by the City of Chicago. She also said that she had ruled-out considering certification through Cook County's program as well.

DOF supports Forte's current MBE/WBE waiver request primarily because none of the contracted services are subject to direct compliance and the nature of their scope of services precludes any direct subcontracting opportunities. The services that Forte provides the City are performed online and in-house using Forte systems and Forte personnel which meet federal banking security requirements. Basically, the services Forte provides the City is to minimize the incidence of the City accepting a check with insufficient funds.

Because Forte has exhibited good faith efforts to comply with the spirit of the MBE/WBE program, especially when the contract was first awarded and has exceeded the MBE goals to date, DOF is now requesting this revenue generating contract with Forte, which shall also provide a price reduction during the extension period, be granted the waiver of the MBE and WBE portions of this contract as described above, and as requested by Forte as attached.

Please contact me at 744-2887 if you require further information.

PO No.: 17560

Dear Mr. Thorness:

I have reviewed your letter dated June 24, 2016, to request (a) waiver of the WBE goal for the life of the contract, and (b) waiver of the MBE and WBE goals for the term of the Amendment No. 1, which was granted on July 12, 2016.

- a. Forte Payments Systems, Inc. is currently trending its MBE participation above the required 16.9% contract goal. With a Vendor Limit Increase of \$195,059.03, the firm would still have exceeded its MBE goal commitment. For this reason, no MBE goals waiver is needed.
- b. I am denying the WBE commitment waiver, as requested. However, based on your current WBE trend (2.608%), I approve a reduction of WBE commitment from 4.5% to 2%, based on the indirect spent with Computer Products & Supplies International, Inc.

I commend your commitment to the MBE/WBE program by identifying indirect opportunities available to MBEs and WBEs to partner with you based on your company's procurement needs.

If you have any questions regarding your MBE/WBE compliance plan, please contact Gabriel Rodriguez, Senior Compliance Officer at 312-744-2218 or via email at [Gabriel.Rodriguez2@cityofchicago.org](mailto:Gabriel.Rodriguez2@cityofchicago.org).

Re: Notification of Contract Amendment for Check Processing Services  
Specification No. 51810  
Contract (PO) No. 17560

Dear Ms. Lehman:

The City of Chicago has amended the subject Blanket Agreement for additional time to June 24, 2017 and additional funding to be increased by \$195,058.03 for a maximum funding of \$885,058.03. Attached is a copy of the Blanket Agreement Modification print. Please refer to the specification and contract numbers listed above when inquiring about the contract.

Contractors are responsible for notifying the City and updating their EDS any time there is a change in circumstances that makes any information provided or certification made in an Economic Disclosure Statement (EDS) inaccurate, obsolete, or misleading. Failure to so notify the City and update the EDS is grounds for declaring the Contractor in default, terminating the contract for default, and declaring the Contractor ineligible for future contracts. Your contract also requires that you notify the City of any changes in ownership. If you have a change in ownership or any other change in EDS information to disclose, complete the online EDS, which includes a Disclosure of Retained Parties. Please submit an electronically signed, one-page EDS Certificate of Filing, which validates that the EDS has been filed. Additionally, the Municipal Code of Chicago requires the disclosure of Familial Relationships with Elected City Officials and Department Heads. The web address to submit your EDS and Familial Relationships Disclosure is: <https://webapps.cityofchicago.org/EDSWeb>.

Note that contract amendments are available for viewing and downloading on the City of Chicago's website: [www.cityofchicago.org/Procurement/](http://www.cityofchicago.org/Procurement/).

If you have any questions concerning this matter, contact Joseph Chan, Sr. Procurement Specialist at 312-744-7659 or email [joseph.chan@cityofchicago.org](mailto:joseph.chan@cityofchicago.org).

RE: Forte MBE/WBE Waiver Request & Extension

Dear Ms. Rhee,

The purpose of this letter is to address the 12 month extension requested and new MBE/WBE spending requirements under the Professional Services Agreement (PO #17560), dated June 25, 2008 between Forte Payment Systems, Inc. (formerly ACH Direct, Inc.) and the City of Chicago. We would appreciate your consideration in working with us to review the existing requirements and assessing how they can be managed going forward, insofar as the additional extension period is concerned (ending 6/24/2018).

The current agreement between Forte Payment Systems and The City of Chicago includes a requirement that all vendors contracting with the City buy/invest ~16.9% of the proceeds paid to an MBE and ~2.0% to a WBE. Forte has met the MBE requirement by making a substantial purchase at the onset of the agreement, above the required percentage, allowing for this requirement to be met through the term of the agreement. That one-time purchase, at the time, was credited as an "indirect" purchase (for equipment and toner, etc.) in an effort solely to meet the MBE goals.

Forte is requesting that the City grant us a waiver for the WBE requirement under the original term of the agreement and a waiver for both the MBE and WBE requirement through the extension term for the following reasons:

- Forte does not sub-contract services: all services provided to the City are managed within our organization.
- Forte has existing vendor contracts in place for purchasing commodities locally, here in Texas, and therefore it would be impractical for us to commit to making such purchases from vendors in the Chicagoland area.
- Forte is reducing its compensation (fees that Chicago pays Forte) during the additional extension period.

Please indicate your understanding and acceptance of the terms of this 12 month extension and Amendment to the Professional Services Agreement by providing your counter-signature below.

Thank you for your time and attention. We appreciate your business and look forward to continuing and growing our business relationship.

Sincerely,

Jeff Kump  
Chief Financial & Operating Officer

EXHIBIT 2  
SCHEDULE OF COMPENSATION

**Cost for Check Verification Services**

The estimated cost for the Check Verification Services is \$178,000 per year. The total estimated value for 8 years, the 5-year initial term plus three 1-year extensions, is \$1.424 million exclusive of terminal cost.

**Transaction Fees**

The City will be charged for all participating transactions sent to Contractor. The City will be billed for the Services. The bills are itemized by service and applicable Transaction volume for that service. The pricing below reflects that the City intends to verify and convert paper checks to ACH transactions and that Contractor anticipates that 90% of the City's verification Transactions would be processed through the ATMVerify database, and the remaining 10% of the City's verification Transactions would be processed through NCN.

SERVICE TYPE	COMPENSATION RATE
ATMVerify	\$.22/transaction
ACH Gateway Fee	\$.03/transaction
RCK FEE Rebate	20% of collected fee

Thank you for your time and attention. We appreciate your business and look forward to continuing and growing our business relationship.

Sincerely,

Jeffrey Thorness

## ARTICLE 3. DUTIES AND RESPONSIBILITIES OF CONTRACTOR

### 3.1 Scope of Services

Contractor will provide Services to the City as set forth in this Section 3.1 and Exhibit 1, Scope of Services. Contractor will provide proprietary API access to Contractor's PaymentsGateway for verification of bank account information and transmission of payment transaction data to the City's chosen ODFI.

This description of Services is intended to be general in nature and is neither a complete description of Contractor's Services nor a limitation on the Services that Contractor is to provide under this Agreement. Contractor must provide the Services in accordance with the standards of performance set forth in Section 3.3.

### 3.2 Deliverables

In carrying out its Services, Contractor must prepare and provide to the City or its Designated ODFI various Deliverables, including reports and settlement files provided to the City and NACHA files to the Designated ODFI.

The City may reject Deliverables that do not include relevant information or data, or do not include all documents or other materials specified in this Agreement or reasonably necessary for the purpose for which the City made this Agreement or for which the City intends to use the Deliverables. If the City determines that Contractor has failed to comply with the foregoing standards, it has 30 days from the discovery to notify Contractor of its failure. If Contractor does not correct the failure, if it is possible to do so, within 30 days after receipt of notice from the City specifying the failure, then the City, by written notice, may treat the failure as a default of this Agreement under Section 9.1.

Partial or incomplete Deliverables may be accepted for review only when required for a specific and well-defined purpose for the benefit of the City and when consented to in advance by the City. Such Deliverables will not be considered as satisfying the requirements of this Agreement and partial or incomplete Deliverables in no way relieve Contractor of its obligations under this Agreement.

### 3.3 Standard of Performance

Contractor must perform all Services required of it under this Agreement with that degree of skill, care and diligence normally shown by a contractor performing services of a scope and purpose and magnitude comparable with the nature of the Services to be provided under this Agreement. Contractor acknowledges that it is entrusted with or has access to valuable and confidential information and records of the City and with respect to that information, Contractor agrees to be held to the standard of care of a fiduciary. Any review, approval, acceptance of

*Richard P. [Signature]*

**Services or Deliverables or payment for any of the Services by the City does not relieve Contractor of its responsibility for the professional skill and care and technical accuracy of its Services and Deliverables. This provision in no way limits the City's rights against Contractor under this Agreement, at law or in equity.**

Contractor must be appropriately licensed to perform the Services, if required by law, and must ensure that all Services that require the exercise of professional skills or judgment are accomplished by professionals qualified and competent in the applicable discipline and appropriately licensed as may be required by law. Contractor must provide copies of any such licenses. Contractor remains responsible for the professional and technical accuracy of all Services or Deliverables furnished, whether by Contractor or its Subcontractors or others on its behalf. All Deliverables must be prepared in a form and content satisfactory to the Department and delivered in a timely manner consistent with the requirements of this Agreement.

If Contractor fails to comply with the foregoing standards, Contractor must, at the City's option, perform again, at its own expense, all Services required to be re-performed as a direct or indirect result of that failure, unless the reason is failure to have and maintain required licensure. See subsection 9.1 (b)(ii) regarding failure to comply with licensure requirements.

### **3.4 Personnel**

#### **(a) Adequate Staffing**

Contractor must, upon receiving a fully executed copy of this Agreement, assign and maintain during the term of this Agreement and any extension of it an adequate staff of competent personnel that is fully equipped, licensed as appropriate, available as needed, qualified and assigned exclusively to perform the Services. Contractor must include among its staff the Key Personnel and positions as identified below. The level of staffing may be revised from time to time by notice in writing from Contractor to the City and with prior written consent of the City.

#### **(b) Key Personnel**

Contractor must not reassign or replace Key Personnel without the written consent of the City. "Key Personnel" means those job titles and the persons assigned to those positions in accordance with the provisions of this Section 3.4(b). The Department may at any time in writing notify Contractor that the City will no longer accept performance of Services under this Agreement by one or more Key Personnel listed. Upon that notice Contractor must immediately suspend the key person or persons from performing Services under this Agreement and must replace him or them in accordance with the terms of this Agreement. Key Personnel, if any, are identified in Exhibit 6.
