

Growing with Chicco.  
Outdoor, indoor, in car. 2011

*Making a baby smile is the most extraordinary job ever.*

*At least according to us*

*Perhaps that's why we still think it is the best in the world.*

*And we feel lucky because we can spend our time  
wondering how to do just that.*

*Basically, everything we design has one single purpose.*

*To one day enter a home, meet a baby and make him happy.*

*Nothing is more important for us than this.*

*Because we know we will be rewarded with the most  
extraordinary gift there is. The smile of a baby.*

Hence the CHICCO OBSERVATORY, the expert advice centre which follows the development of children during their first years of life, full of continuous physical, psychic, social and movement ability changes. Thanks to the collaboration of mums and dads, doctors, expert paediatricians, associations and day-care centres, the Chicco observatory helps developing specifically designed products for each phase of baby's growth.

The new edition of the Chicco Juvenile Guide has been developed to assist parents in their new and difficult role. You will find all products to satisfy your baby's growth needs in the simplest and safest way according to your baby's age and its physico-physical development.

# We have ten core values

They are part of our DNA and can be seen in our every gesture, helping us to achieve our objective: to gain the trust and confidence of those who buy our products. Because we are parents too and, however old we are, once upon a time we were all children too.

## Expertise

Happiness is a serious matter. This is why we surrounded ourselves with experts, paediatricians, infant psychologists and, above all, people who have an immense love for children.

## Positivity

Happiness is contagious. If we are happy, so will be our little customers. Along with their mums and dads and all those who love them.

## Spontaneity

Happiness is a natural feeling. You simply have to be sincere, down to earth and be able to enjoy the immense emotion that only the smile of a baby is able to give.

## Friendliness

Happiness is all around us. Being able to recognise it gives us strength to transmit it to others.

## Simplicity

Happiness feeds on small gestures. We know that happiness also comes from little things.

## Contemporary

Happiness always travels on time. All products are designed for the children of today. Discovering the world is a game that comes very naturally to children.

## Protection

Happiness needs to be protected. All our products undergo the strictest possible tests to guarantee maximum safety.

## Growth

Happiness helps children grow up. Because a happy child will become a better adult and make the world a better and happier place.

## Creativity

Happiness always invents something new. Because the more creative you are, the happier you are. And vice versa.

## Independence

Happiness is being free to fly in the sky. And does not follow latest trends, but it actually invents them.

## Chicco Juvenile. Technology. developed from child's point of view.

Chicco offers a full product range for baby's comfort and safety for any times: outdoor, indoor and in the car. Engineers and designers work together to ensure your child's comfort and safety offering always advanced technology solutions and enhancing functionality of products in everyday use.

Growing with  
Chicco.  
Outdoor,  
Indoor, Car.

## The first time outdoors, the first discoveries.

From the first time outdoors with your child, Chicco offers you all you need to move outdoors in the safest and most comfortable way: strollers, prams and products specifically developed for your leisure time. In this way, you will be able to choose with all tranquillity the product which is most suitable for your needs and life-style.

## Safety on the road

Cars are designed to offer maximum safety to car passengers. Chicco adopts the same criteria, designing "tailored" child car seats adhering to standards that make them a real "protective bubble". In this guide, you will also find plenty of useful advice, as well as all the characteristics that a child car seat must possess to be considered safe.

## TRIO LIVING

*So attractive and practical you would do anything to have one!!*

The Trio Living is a travel system that follows baby's growth from birth up to 3 years of age in the best possible way offering all the well-being it needs.

It has 4 different configurations developing gradually and naturally with baby. First of all it becomes a comfortable and stylish pram. It has a top of the range group 0+ car seat, the Auto-Fix Fast, which can be fitted to the stroller's chassis.

Then it is a stroller with a reversible seat unit that can be used rear or forward facing, with 4 recline positions.

Four configurations, lots of accessories, tailored finishes, excellent materials to accompany you throughout your day in style, allowing you to truly enjoy this unique experience of looking after your child with all the care that only parents are capable of.

Reversible seat can be used in either parent-facing or front-facing mode.

Code. 00 079122 430 930 ROMANTIC

Living Carrycot

Living stroller "parent-facing"

Living stroller "front-facing"

Auto-Fix Fast car seat

# Living carrycot

## Wellbeing and comfort from day one.

The carrycot converts the stroller into a pram, from birth to 6 months. The carrycot has a 2 position rigid carrying handle and a single button to release it from the stroller chassis, making use easy and safe.

Featuring a soft mattress, reclining backrest that is adjustable from the outside to avoid disturbing

a sleeping baby and a hood with silent folding mechanism and fold out sun visor.

The carrycot is approved for use in the car when used with the Trio Car Kit accessory (page 13). Carrycot raincover is available separately as an accessory.

Trio Car Kit.  
To use the carrycot travelling by car.

Practical and stylish matching bag with travel changing mat

Rigid handle makes the carrycot easier to transport

Comfort System for adjusting the carrycot backrest

Canopy with sunvisor and mesh window

Summer/winter cover with stylish embroidery and mesh insert to guarantee air circulation

Clik Clak system for fitting or removing the carrycot from chassis quickly and safely

# Auto-Fix Fast car seat

## Secure and comfortable in the car.

The Auto-Fix Fast car seat is the ultimate in terms of comfort, practicality and safety. It's tested to ECE R44/04 Standards to carry infants from birth until they weigh 13 kgs.

The exclusive Klik Clak system allows you to simply click the seat onto the stroller or car base with just one hand; it is the safest and most practical system you could have wished for.

It can be used in the car with or without the base, which guarantees maximum ease of use. An Isofix fitting car seat base is also available as a separate accessory, see page 87.

The booster pillow insert for smaller babies has been clinically tested. Its particular shape is the result of research made to provide the best possible nest for a baby's head, preventing for instance "Flat-head Syndrome", which can occur when they lie on hard, flat surfaces for any length of time.

It comes with shoulder strap and buckle pads. Easy to use one-pull harness adjustment, 3 height positions for the shoulder straps and an adjustable sun canopy

67 cm	44 cm	61 cm	con base
			6.5 kg
			senza base
			4.3 kg

Auto-Fix Fast is also approved for use without the base

Shaped handle to guarantee easy firm grip on the seat when carrying it by hand

New clinically tested booster pillow to keep your baby's head snug and well-protected

Klik Clak system allows safe and easy fitting of the child car seat

The base remains fixed into the car while the child seat can be fitted or removed easily.

# Living Stroller - "Parent-Facing"

## The best configuration for the cognitive development and serenity of baby

Important research on developing infants has proved how important it is during the first months to establish a constant relationship between mother – or father – and baby. The Living stroller has a reversible seat to satisfy this psychological need and enhance the well being of baby.

The backrest has 4 positions and can be reclined flat to let baby sleep undisturbed. The spacious seat is really comfortable and the double padding gently embraces your baby. It is made from top quality breathable technical fabrics. It also comes with a full-cover hood to protect the baby whatever the weather.

Simply press the button on the back to detach the seat unit in one simple move

Parent facing position

Soft and gentle technical fabrics have been used to make the safety harness padding

Compact and freestanding in either parent-facing or front facing mode

Stroller handles can be joined easily with the unique handle section allowing you to choose how to manoeuvre the stroller

# Living Stroller - "Front-Facing"

The world is an amazing ongoing experience for babies who ride in a Living stroller

As the child becomes more curious about its surroundings the seat can be turned round quickly and easily, allowing use as a "traditional" stroller.

Its features include 4 position backrest, adjustable legrest, removable bumper bar and cable operated brakes with simple stop or go pedals.

The Chassis is light and easy to close. The multi-position twist handles fold for storage making it particularly compact.

It comes with matching leg cover, changing bag, summer/winter hood, raincover and shopping basket.

The seat can be adapted as baby grows.  
The booster cushion can be removed to give baby more room

Double twist handles adjustable to 8 positions

The backrest can be reclined to 4 positions

4 wheels, the front wheels swivel to make it easier around town

Hood covers to sun canopy. Rear section folds away neatly

Matching leg cover and rain cover included

## TRIO CAR KIT For "Top Class" travel

The kit allows you to convert the carrycot supplied with the Trio Travel Systems into a Group 0 approved, car carrycot, from birth up to 10kgs of weight.

From birth it's important that the child spends as long as possible in the horizontal position. Only Trio Travel System carrycots have been designed to use the car kit fastening system.

The kit includes an abdominal belt for child restraint and two buckles for fastening the carrycot to the car's safety belts.

Code. 06 069603 000 000

Carrycot fits on back seat using 3 point car seat belts

Safety belt for baby

Trio Car Kit has 2 buckles to fit the carrycot with the cars seat belts and a large lap belt to secure baby

# 0m+

## TRIO ENJOY FUN

*A practical and dynamic 3 in 1 system  
with a wave of enjoyment*

A travel system, that develops with the child from birth to 3 years of age. It uses the "Clik Clak" fixing system, which means the stroller can be fitted with either carrycot or Synthesis car seat easily and safely.

Using the carrycot, the stroller becomes a pram, from birth to 6 months. Featuring a soft mattress, reclining backrest adjustable from the outside to avoid disturbing baby and hood with silent folding mechanism. Available as accessories are the Trio Car Kit 69603 and Carrycot rain cover 61614.

The Enjoy stroller is suitable from birth, its features include linked rear brakes, lightweight aluminium chassis and front swivel wheels. The multi position handles twist through 360°.

Baby's comfort is enhanced with an adjustable leg rest, 4 position reclining backrest and rain cover.

It comes with matching legcover and changing bag. The seat unit is removable when chassis is used with carrycot or car seat.

The group 0+ Synthesis Car Seat allows baby to be lifted out of the car in the seat and placed on the stroller without being disturbed. Seat has high levels of side impact protection around the head and shoulders. It features an easy to use one pull harness and an adjustable sun canopy.

## MULTIWAY STROLLER

*Comfortable and safe anywhere!*

The elliptical aluminium chassis tubes make this a contemporary and stylish stroller. Suitable from birth, it comes complete with a matching fleece foot muff that can be zipped apart and used as an extra seat pad.

The comfortable seat features a headhugger pillow that is removable as baby grows, a 5-point harness, 5 position single handed reclining backrest and an adjustable leg rest.

The large wheels, with lockable swivel front wheels, and all round suspension, make manoeuvring simple. The ergonomic handles are foam covered for comfort. It has a large shopping basket, cup or bottle holder and raincover as standard.

The detachable folding hood features a viewing window for keeping an eye on baby and the rear section can be removed for added ventilation during the summer months.

## SIMPLICITY STROLLER

*Practical for life in the city.*

The new SimpliCity stroller is stylish, light, comfortable and versatile. This is why it's the ideal stroller for busy urban life, shopping or travelling, without problems.

Suitable from birth, the comfortable seat fully reclines and features a 5 point safety harness equipped with shoulder and crotch strap pads.

The light aluminium frame, one-piece height adjustable handle and lockable front swivel wheels make the stroller very agile. The included folding hood, rain cover and matching leg cover protect

baby from the weather. The large shopping basket is easily accessible and a handle mounted removable bag is ideal for storing baby accessories close at hand while out and about. Simple to open and close. Once closed it's very compact and freestanding with a useful carry handle on the side.

The SimpliCity can be turned in to a useful travel system with the addition of the Chicco Key Fit group 0+ child car seat, available separately, see page 74.

The car seat clips simply and easily into the stroller seat locking securely.

## LITE WAY STROLLER

Comfort and protection for all seasons

This contemporary and stylish stroller is suitable from birth to 15kgs max / 3 years. Light and compact when folded. The comfortable padded seat and backrest can be fully reclined with one hand and has 5 positions.

It comes with a matching fleece foot muff featuring "soft cot" style hood and pockets for extra warmth and protection. It can be zipped apart to form a leg cover. Comfort is further enhanced with an adjustable leg rest, detachable folding hood and rain cover.

The innovative shopping basket can be used under the seat or off the stroller as a shoulder bag. Handles with soft non-slip handgrips and the lockable front swivel wheels make manoeuvring easy.

The rigid, padded backrest is easy to recline with one hand

## TOGETHER STROLLER

*An extra place ... an extra smile!*

The new Chicco Together is the ideal stroller for twins or siblings of a similar in age.

The rear seat fully reclines and is suitable from birth; the front seat has two positions and is suitable from 6 months of age. The seats are spacious and comfy, they both have a bumper bar and foot rest. For extra comfort the 5 point safety harness has padded shoulder straps.

The large wheels, with lockable swivel front wheels, make manoeuvring simple. The ergonomic handle is adjustable and foam covered for pusher comfort. The handle also features a handy storage tray with 2 bottle holder spaces.

As standard the stroller includes 2 folding hoods, a spacious shopping basket, 2 matching leg covers and an all-over rain cover.

The stylish aluminium frame is compact and freestanding when folded.

The seat units have been designed with an innovative integral anchor device to allow the secure and simple fitting of the Chicco Key Fit group 0+ child car seat, available separately, see page 74. This creates a practical travel system providing maximum versatility for the front seat or rear seat, or in fact both as 2 car seats can be fitted at the same time, making it perfect for twins.

## YOU & ME BABY CARRIER

*Babycare with comfort, innovation and design*

Developed together with international ergonomic experts, the carrier offers great comfort and safety for baby, and at the same time maximum comfort for the parent.

The parent harness is designed to alleviate strain on the wearer's back, especially for the lumbar region. The harness design aids air circulation and breathability, reducing perspiration.

With 2 carrying positions, facing inward from birth and facing out from 4 months up to a maximum child weight of 11kgs.

The carrier is well padded with adjustable seat height. It can be adjusted whilst being worn, simply and easily, to get correct support for mother and baby.

Developed and approved by certified ergonomists for both mum's and baby's well-being

Code. 06 064698 950 000 BLACK

## I-FEEL ROCKER

*Stylish and interactive, baby's very own first oasis of wellness.*

84 cm

47 cm

36/51,5 cm

3.9 kg

I-feel is the brand new rocker where style, design and practicality combine to accompany babies from birth up to 9kgs or until the child can sit up unaided. The frame and toy bar are made from high quality contemporary materials, including wood, with rounded ultra-modern forms.

The toy bar introduces a multi-sensorial experience: the play panel has different tunes, nature sounds and new age melodies, plus different relaxing shades of coloured lights. It features an Mp3 connection to allow baby's playlist of favourite tunes to be used. The player is stored away neatly and safely in a special pocket on the side of the seat. The colour coordinated bird shaped soft toy is attached to the bar and activates sounds

when pulled. The wooden toy bar rotates so its easy to access the seat and the toy is always in the right position for baby.

The seat and booster cushion are made from special ultra-soft fabric which protects babies safely and snugly as they grow. The seat reclines to three different positions with an easy, user-friendly single-handed adjustment system. A simple mechanism at the rear of the seat allows you to switch between a fixed or rocking seat as needed.

## CHICCO MIA ROCKER

*Relaxation and entertainment just as I like it!*

The new Chicco Mia is a comfy and fun rocking cradle where baby can relax and have fun in complete comfort and safety.

Suitable from birth up to 9kgs or until the child can sit up unaided. The booster cushion is ergonomic and ultra-soft; it is modular and can be adapted to ensure comfort as baby grows. The 3 hanging soft toys are designed for baby's first experience with toys and to stimulate his tactile, visual and hearing skills.

The multi-position backrest is adjustable to different positions so baby can relax, play or feed in the chair. It also has an adjustable leg rest, fabric carry handles, and can be used as either a fixed position or rocker chair, using the single action control at the rear. The rocker folds completely flat for storage or travel.

Multi-position adjustable backrest to switch from rest-mode to play-mode in seconds

Removable and washable cover

Easily removable toy bar to give you extra room when placing your baby inside

Practical straps so you can carry it around

Ideal for developing visual and coordination skills

Soft padded crotch strap

Adjustable ultra-soft booster cushion that snugly holds and embraces baby

The soft toys stimulate baby's tactile, visual and hearing skills

Fixed or rocking mode

Headrest cushion is adjustable to 3 positions

## CHICCO SEA SOUND ROCKER

To entertain and relax with sounds, lights and baby's own favourite tunes!!

The new Chicco Sea Sound is the ideal place for your baby to relax and have fun. A top of the range chair suitable from birth up to 9kgs or until the child can sit up unaided. Featuring a soft comfortable seat with insert pillow, that can be easily adjusted to 3 different heights or removed to give more space for the growing baby.

The electronic sea themed toy bar has fun melodies, accompanied by flashing lights. Designed to entertain and develop baby's manual co-ordination skills at the same time. The chair also has an Mp3 connection so you can select and add baby's

favourite tunes to the music already on the the toy bar. The toy bar is removable to make it easier to place in or remove baby from the chair.

The chair also features relaxing vibration ideal for soothing baby. Using the single action control at the rear, the chair can be used either in a fixed or rocker position. The adjustable leg rest and multi-position backrest means that your baby can relax, play or feed in the chair. Practical carry handles are provided to make moving from one room to another easy. Its also comes with a soft fleece blanket for extra comfort at naptime.

Soft warm fleece blanket included

Electronic seaside theme toy with lights and sounds

Mp3 connection and pocket for the player (not included) to entertain baby with his favourite tunes

## POLLY SWING

*Here I am in seventh heaven!*

57 cm

55 cm

63/71 cm

6.1 kg

A rocking chair suitable from birth up to 9kgs or until the child can sit up unaided, ideal for use indoors or outdoors. It has a four speed motorised rocking movement.

The seat can be adapted as the baby grows: the soft reducer in special breathable fabric holds the newborn baby snug and safe. It can be removed to give the growing baby more room. The removable electronic console has melodies, relaxing

nature sounds and even a heartbeat, which reminds the baby of its prenatal life; it also has coloured lights to relax the baby and volume control.

The sun canopy can be adjusted to protect the baby when used outdoors, it's also removable. Three cute soft toys attached inside the canopy stimulate baby's visual and tactile skills. The swing folds easily for storage and is free standing.

Ideal for developing visual skills and co-ordination

## POLLY SWING UP

*My privileged point of view.*

A new Chicco swing suitable from birth to 9kgs in weight or until baby can sit up unaided. The structure has been designed to allow them to play and relax in a raised position, both indoors and out.

The four-speed motorised rocking motion swing has a remote control handset so parents can control the rocking motion from a distance and also start the tunes and nature sounds; it even has a heartbeat sound option which reminds babies of their prenatal time.

The special ergonomic shaped booster cushion with an integrated wedge ensures newborns are lying in the correct position; it also has a double

layer of padding to provide a snug fit for the head. The cushion can be adjusted to two different heights to adapt to a baby's growth, and the booster can be removed completely when more room is needed.

The seat includes a removable tray with an integrated rigid crotch bar for added safety, complementing the 5 point harness. The seat is also equipped with vibration unit for an additional soothing effect. It comes with a practical adjustable sun canopy that features three removable hanging toys.

# Polly Swing Up

Remote control to activate the rocking motion, music and sound effects

The hanging toys stimulate baby's tactile, visual and hearing skills

Ideal for developing audio and manual coordination skills

Vibration unit to gently soothe baby

Practical easy to remove tray

Four-speed motorised rocking movement

Ultra snug-fitting booster cushion:  
it forms a nest for newborns keeping  
them in the correct position

Ultra-compact when closed

## OPEN COUNTRY PLAY PEN

*It's just like being in the country.*

The ideal place for children to play and relax from when they are just a few months old.

The well-padded square structure opens or folds away easily. The fine mesh sides allow good ventilation and one side can be zipped open for easy access. It comes with a wonderfully soft mat, with a marine pattern, which can also be used outside the playpen when your child starts to move around the house.

The mat is full of bright colours and has a series of manual activities: The different materials and sound activities are an important way of encouraging children to develop their senses.

Comes with a practical carry bag.  
When closed it requires very little space

The playmat is ideal for stimulating your baby's visual and tactile skills

The sides are made of netting and one side can be opened

Fun soft toys can be hung on the playpen sides or detached to be played with wherever baby wants

## SPRING TRAVEL BED

*Sleep well little flower!*

The Spring Travel Bed is practical, light and safe. It features a simple, easy to use opening and closing system.

It also has a double action safety lock that prevents accidental closing. This spacious cot comes supplied with a removable padded mattress and fine-mesh panels guarantee good ventilation and visibility, allowing parents to keep an eye on baby.

The two long sides can be opened for easier access or to allow you to prepare the cot more easily. Compact when folded, it can be transported in the storage bag included. Its comes complete with a fun matching pyjama case that clips to the end of the bed or can be used as a backpack by the child.

Removable pyjama case in the shape of a ladybird or flower can also be used as a backpack

## NIGHTLIGHT SAFETY GATE

*Your child is safer, you have peace of mind!*

Although parents pay careful attention, the home often presents many dangers for their little "explorer". The Nightlight Safety Gate is suitable for both staircases and doorways, with a width of between 75 and 82 cm.

The surface has no handholds or footholds that the child can use for climbing. The safety gate can be fitted without tools. It has an autoclose feature, the gate closes

automatically when released, so avoiding the risk of being accidentally left open.

An additional feature is the luminescent "glow in the dark" locking buttons that help with using the gate at night.

The gate can be fitted with extensions to fit openings up to a maximum of 118cm.

Extensions available separately

## POLLY MAGIC

*Have you ever seen a highchair for newborns?*

The Polly Magic highchair is ideal for newborn babies at home, and due to its adaptability, right through until they are around 3 years old.

For babies from 0 to 6 months it can be used as a newborn chair: the reducer cushion makes sure the baby is comfortable and safe. The colourful, fun toy is perfect to entertain and stimulate baby.

Compared to traditional newborn chairs, the seat can be adjusted to six different heights; this means that both

mother and baby can find the right position for everything they do during the day. It allows the baby to never lose sight of its mother, and vice versa.

For babies from 6 to 12 months of age, it can be turned into a highchair to help during weaning.

For toddlers from 1 to 3 years of age, it becomes a normal chair, so that they can sit at the table with the family, in total safety and comfort.

## I-SIT HIGHCHAIR

*It's more fun growing up together!*

I-SIT is not just a stylish and modern highchair, but a brand new way for babies to sit, play, eat, dream, grow, be both a kid and a grown-up, but above all, be happy! Suitable from 6 months to 3 years and over!

When baby is 6 months old, it is a safe and comfy highchair for the first meals.

From 1 to 3 years of age, it can be used as a chair so baby can sit at the table with the rest of the family.

From 3 years onwards, it can be turned into a proper chair which can be used in the kitchen, dining room and even at a desk in the bedroom.

The sleek streamlined frame in aluminium features an innovative seat material, and the design fits easily with many different styles of home furnishings. The seat is simple and easy to transform as baby grows. The seat also has 4 heights, 5-point padded safety harness and an adjustable footrest.

## POLLY 2 IN 1 HIGHCHAIR

Growing up is what baby likes most!

This award winning highchair is suitable for children from 6 months to 3 years. The large seat has 2 phases, it features an outer padded jacket which offers comfort to younger children, then as their growth demands, this can be removed to leave the second phase seat cushion, no less comfortable, but giving more space.

7 seat heights means it can be used as a low chair and will adjust to fit most types of table easily. The seat back has 3 recline positions and the leg rest is adjustable for height and angle. The wide 3-position activity tray features a colour co-ordinating removable food tray.

A handy parent tray attached to the side of the rear leg compliments the activity tray. Once closed the chair is compact and the frame legs can be split in half to reduce its closed size even further making it easy to store or travel with.

## JAZZY HIGHCHAIR

*Streamline design and bright colours for trendy meals!*

This highchair is the perfect choice for parents looking for a practical, lightweight and multi-functional product which also has a contemporary design that fits in very well with the modern look of their homes.

Suitable for children from 6 months to a maximum weight of 15kgs, approximately 3 years of age. The spacious and soft seat has a fixed height, but the backrest reclines easily

to 3 positions. The large tray has 3 positions or can be completely removed. The seat has a 5 point safety harness and the seat cushion is simple to remove for cleaning.

Ultra-compact and very light (weighing just 5.7 kg) the frame opens and closes easily. Once closed it is freestanding. Its lightweight also makes it easy to move and when stored away it takes up minimum of space.

## D@NCE BABYWALKER

*Young musicians soon grow up!*

The Chicco D@nce babywalker entertains baby with lots of sounds, lights and activities. Suitable from approximately 6 months to 12kgs maximum, improving baby's balance and coordination which will help them start to take their very first steps.

The electronic toy panel with music and fun sounds also has a removable toy telephone and manual activities all helping to improve visual, hearing and hand coordination skills. The panel has a compartment with an Mp3 connection so you can select and add your baby's favourite songs to the ones already available.

The toy panel can be used on its own and when removed leaves a useful tray. Once removed, using the straps provided, it can be used as a stroller toy fastened to bumper bars.

The comfortable padded seat can be adjusted to 3 height positions and has a rigid backrest that offers maximum support to baby's back. Featuring 2 swivel wheels and 2 fixed, it moves easily. The frame folds down to a compact size for storage.

Ideal for developing motor and audio skills

The multi-activity panel can be removed and attached to a stroller so your baby can play with it when out and about

The backrest is high and padded to ensure it provides suitable back support

The non-slip stoppers comply with all European safety standards

The front compartment houses an Mp3 connection (player not included) to entertain baby with your favourite music

The toy is full of sound effects and lights that flash to the rhythm of the music

The wide stable base also has rubber bump strips at the edges to protect furniture

The seat can be adjusted in height. Its important to adjust the seat height to ensure your baby's feet contact the floor

Compact fold taking up very little space

Chicco recommend that you don't leave your child unattended in the babywalker and limit use to 20 minutes

## KEY-FIT CAR SEAT

*The versatile car seat, always ready to set off.*

The new Chicco Key-Fit is approved to ECE R44/04 standards for group 0+, from birth up to 13kgs, it fits rear facing, using the car's 3-point safety belts only. The deep seat gives high levels of protection and features an insert pillow for added comfort. The 3-point harness comes with shoulder and buckle pads, and easy to use one-pull adjustment system.

The removable insert pillow is ideal for newborn babies in their first few months as it ensures they remain in the correct position and the breathable fabric means they

stay comfortable. The ergonomic carrying handle has a practical and comfortable non-slip section to ensure maximum grip when transporting by hand. The seat has an adjustable and removable sun canopy. The Key-Fit can also be used in either static or rocking mode when indoors, thanks to its rounded base.

The Key-Fit has been designed to fit easily and simply to the SimpliCity Stroller (page 18) or the Together Twin (page 26), without the need for an additional fitting kit, to create practical travel systems.

## ELETTA CAR SEAT

What will your next trip be like?

The new Eletta car seat for Group 0+/1, is approved to EC R44/04 to carry children until they weigh 18 kgs, adapting to suit your child's needs, from birth to over 3 years old.

Comfort and safety are guaranteed, the reducer cushion for small babies, the spacious comfy seat once the reducer has been removed, and the reclining backrest to 4 positions. The soft side padding on the reducer snugly hold the baby's head, sides and legs. The special wedge guarantees that the baby's spine "lies flat" in the seat.

The deep seat gives high levels of side impact protection and head containment.

The car seat is so easy to install, fitting with the cars 3-point belts, the routing guides are colour coded to make them immediately identifiable (blue for Gr. 0+ rear facing and red for Gr. 1 forward facing).

The 5-point harness has fixed shoulder pads to prevent twisting and an easy to use one-pull harness adjustment.

## KEY1 ISOFIX CAR SEAT

*Union is safety.*

Building on the superb Key 1 car seat the Key 1 Isofix has all the same comfort and practicality as well as using the Isofix and "top tether" fitting system.

The Isofix system is a technological breakthrough in child car seat safety. Child car seats fitted with the Isofix system offer maximum safety and fitting peace of mind. They are the only child car seats that can be fitted into the car without using the cars safety belt. The special Isofix connectors can be fitted to the appropriate locking devices located between the backrest and seat of the car. After fitting the connectors, the upper belt, called "Top Tether", is fixed to the third locking point of the Isofix system, located at the back of the rear seat or in the boot, depending on the type of vehicle.

Key 1 Isofix has the Chicco developed, Double Check System, which allows you to check whether the child car seat is fitted correctly into the car. This avoids the risk of errors when the fitting. The two special indicators become green, indicating correct fitting. If the connectors have not been fitted correctly, the Double Check System prevents you from carrying out any further fitting operations.

A similar indicator is also located on the "Top Tether", showing whether the child car seat has been locked safely into position and tensioned correctly. The Isofix system can be neatly concealed with in the Key 1 seat allowing fitment in non-Isofix cars using the standard 3 point car seat belts.

## KEY 1 X PLUS CAR SEAT

The car seat that follows your Childs growth

Approved to ECE R44/04 for Group 1, suitable for children from 9kg up to 18kg. It fits forward facing, using the cars 3-point belts only. Featuring the "Adjustable Safety System", a head cushion with the safety harness attached that can be height adjusted easily with one action, using the button at the rear of the seat.

With 6 different positions it grows with the child and ensures the correct fitting of the shoulder straps and pads. The 5 recline position seat has a 5 point harness, fixed shoulder pads to prevent twisting and an easy to use one-pull harness adjustment.

The deep seat gives high levels of side impact protection and head containment. The well padded seat also includes a built in ventilation system, with high tech mesh fabrics used, which allows air to circulate through the seat.

## NEPTUNE CAR SEAT

*For a truly galactic adventure*

The Neptune car seat is approved to EC R44/04, for Groups 1/2/3, suitable for children from 9 to 36 kg (from 1 to around 12 years of age). When the seat is used in Group 1 (from 9 to 18 kg) the child must be fastened in using the car seat safety harness.

The 5-point harness has comfortable shoulder pads and an easy to use one-pull harness adjustment. The 5-point harness can be removed and replaced by the standard car safety belts for use in Group 2 and 3 (from 15 to 36 kg).

The ergonomic adjuster makes it easy to regulate both the height of the safety belts and the headrest at the same time; this will ensure your child travels safely and comfortably as it grows.

It is fitted with special side protection for your child's head and shoulder, for extra safety in the case of impact; the reinforced padding in the lumbar zone and the seat guarantees extra comfort.

## KEY 2-3 ULTRAFIX CAR SEAT

*Maximum safety for baby, maximum convenience for you!*

This car seat, is approved to ECE R44/04 to carry children weighing from 15 to 36 kg (Group 2 and 3).

The two UltraFix fittings on the child car seat can be attached easily to the Isofix anchor points in the car to provide extra stability for the car seat, when the child is sat inside. It also means the seat stays firmly fixed when it is not in use.

Using the clearly marked belt guides the child must always be restrained using the car's 3 point safety belts.

With high levels of side impact protection and head containment, the seat backrest can be adjusted in height, to 8 different positions, and also in width, so it can be adapted to suit the needs of the growing child for the entire period the seat is used ensuring maximum safety and comfort.

The car seat backrest has 3 position recline. It comes with a cup holder, which can be fitted to either side of the child car seat.

The backrest reclines to 3 different positions for comfy and safe naps

Simply press the button on the car seat and extract the rear foot to recline the backrest

The backrest adjusts in height to 8 different positions, with a maximum travel of 16cm

The backrest can be adjusted in width by a maximum of 8 cm

The adjustments in height and width are totally independent so it can be adapted to the individual build of every child

Practical and handy cup holder

# 0m+

## AUTO-FIX FAST ISOFIX BASE

*Green light for extra safety!*

This brand new Group 0+ isofix base is an important accessory specifically designed to ensure the Auto-Fix Fast car seat reaches the highest possible levels of excellence as far as safety and user-friendliness is concerned. The base can only be used with the Auto-Fix Fast car seat sold with the Trio Living Travel Systems (see page 6).

Once it has been fastened to the vehicle seat using the Isofix connectors and the support foot that acts as the third anchor point, the car seat

is basically integrated within the vehicle seat, guaranteeing maximum levels of safety. The base can also be anchored using the traditional 3 point vehicle safety belts, making it even more versatile should you need to use a car without Isofix.

Both the isofix connectors and the support foot are fitted with the Double Check System, as a kind of 'traffic light' that goes green when the seat is fastened correctly.

CHILD WEIGHT	GROUP	POSITION IN CAR
0-13 KGS	Group 0+	
	(no air-bag)	

 Position suitable only with 3 point seat belt

**CLASS E**

 **ISOFIX**

 Please read the instruction booklet of your car to check the compatibility and the list of approved cars in your child car seat instruction book

Double Check System that signals the base has been fitted correctly

The Klik Clak device allows you to fit or remove the Auto-Fix Fast to its base with a simple action

The support foot can be easily adjusted to a number of different positions so the base can be used on the seats of a range of vehicles

The support foot can be folded away behind the base so it occupies very little space when not in use

## STOCKIST GUIDE

The following pages give a nationwide list of **Chicco Numero Uno** stockists. Within these nursery stores you will find a comprehensive and well-presented range of the products featured in this catalogue. Selected ranges of our products are also available through other independent

nursery stores, mail order and national nursery retailers, including Mothercare, Babies R Us, Argos and John Lewis. For further information on stockists or products contact Chicco Customer Services on 01623 750870.
