

Sib & Co

Sib & Co

> Sib XL (on Bop stand) and Sib,
Jet Black finish.

Sib & Co, a new way to live and listen

Sib & Co is a range of products designed for those who want an audio/video or stereo system that's compact and aesthetic but without compromising on Focal's renowned sound quality: we don't want to abandon the standards used to create the acknowledged world reference Grande Utopia Be speaker when designing our other products. On the contrary, Sib & Co is a five model range that is truly built to the same quality standards as any other Focal speaker; to guarantee the best level of performance within their sector.

Conceived to give the maximum integration in any room or home, Sib & Co is easy to live with and

use everyday, whether for music or multi channel home cinema sound, thanks to its practical design and multiple mounting options - either on stands or on-wall integrated around a Plasma screen - we could not let you buy a top of the range display and not give you the sound to go with it!

> Sib on Cub 2.

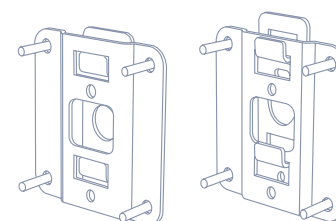

Jet Black

In 2007, the Sib & Co line makes a wardrobe change to Jet Black. From now on, the original "S-I-B" of "Small Is Beautiful" can as well be "Smart In Black". This new finish harmoniously combines brilliant black and matte black Nextel to create a logical and natural evolution for Sib & Co. It perfectly matches the actual aesthetic trend (plasma and LCD flat screens). Technically, we preferred not to modify

this line too much. Simply because these loudspeakers have collected an impressive quantity of trophies in France and around the world, some of them being particularly prestigious.

> Wall mounting Polyfix® system.

Sib XL was created to harmonize with flat panel Plasma and LCD. Sib XL is delivered with the Polyfix® wall mount, which allows vertical and horizontal installation. The stands Bop (short) and Hop (tall) are available as an option to make Sib XL a totally universal solution.

Since the creation of Sib in 2002, this little speaker remains a musical reference in the high quality playback of all categories such as two-channel, home theatre, background music and multiroom. Delivered with its own integrated stand-wall mount, or the Hip (tall) as an option.

Thanks to its 8" (21cm) woofer, 150W BASH® amplifier and a new generation port, the Cub 2 possesses unlimited resources for its small size. It is the natural complement to the speakers of the Sib & Co line for a marriage of integration and performance.

Sib XL

Sib

• Type	2-way bass-reflex LCR speaker. Polyfix® wall bracket.	2-way compact bass-reflex speaker.
• Drivers	2x5" (2x13cm) Polyflex mid-bass. DAL 3/4" (19mm) aluminium tweeter dome.	5" (13cm) Polyflex mid-bass. 3/4" (19mm) mylar tweeter dome.
• Frequency response (±3dB)	67Hz - 35kHz	75Hz - 20kHz
• Low frequency point (-6dB)	59Hz	69Hz
• Sensitivity (2.83V/1m)	91dB	90dB
• Nominal impedance	8 Ohms	8 Ohms
• Minimum impedance	4 Ohms	4 Ohms
• Crossover frequency	3 500Hz	3 500Hz
• Recommended amplifier power	15 - 150W	15 - 75W
• Dimensions (HxWxD)	19 ^{7/8} x5 ^{5/8} x4 ^{1/4} " (505x142x108mm)	10 ^{3/4} x5 ^{9/16} x6 ^{7/16} " (247x142x164mm)
• Net weight	8.8lbs (4kg)	4.6lbs (2.1kg)

Cub 2

• Type	Active bass-reflex subwoofer.
• Drivers	8" (21cm) Polyflex woofer.
• Frequency response (±3dB)	40Hz - 150Hz
• Low frequency point (-6dB)	32Hz
• Subwoofer features	Variable crossover 50Hz to 150Hz, phase inverter 0°/180°, Autopower, high/low level input, LFE input.
• Power amplifier	150W BASH® amplifier
• Dimensions (HxWxD)	13 ^{1/6} x11 ^{13/16} x11 ^{13/16} " (333x300x300mm)
• Net weight	22.2lbs (11kg)
