FORSYTH COUNTY BOARD OF ELECTIONS

Write-In Petition Clarifications

- Non-partisan municipal contests do not require a write-in petition to qualify as a write-in candidate on the General Election ballot; however, names written in for a municipal contest must be eligible to hold the office to officially count.
- Additionally, a write-in line will be provided on the ballot for the Soil & Water contests in the General Election.
- The write-in petition process for partisan contests require a specific number of qualifying signatures from the jurisdiction of the seat to appear on the General Election ballot. A write-in line will not be included on the General Election ballot if the signature requirement is not met.
- No candidate whose name appeared on a Primary Election ballot is permitted to participate through the write-in petition process.

Petition Request Form

- Voters interested in running as a write-in candidate for an office are required to provide a completed petition request form to the County Board of Election or State Board of Elections, whichever oversees the jurisdiction of the office they will be petitioning.
- The County Board of Elections will set up the signature collection form with all needed information to allow proper processing of signatures collected. This will be provided to the candidate via email for their use.

Exceptions:

- Candidates whose name appeared on a Primary ballot will not be eligible to file as a write-in candidate for the General Election.
- If the petitioner wishes to run as an Unaffiliated candidate, the petitioner will need to collect the number of signatures required for an Unaffiliated candidate and not the number required as a write-in candidate.

PETITION REQUEST FORM

Please complete PART I of the form and submit either to your county board of elections office for single county districts and local petitions or to the NC State Board of Elections for multi-county and statewide petitions and for district and superior court judges.

Voter Search (ncsbe.gov)

It is the petition holder's responsibility to understand the boundaries of the seat they are petitioning for and the addresses that fall within that jurisdiction. Multiple links are available on the next slide that will enable jurisdiction verification.

2021 & 2022 – Redistricting Exception

- Regarding districts that may be affected by redistricting, if a petition was started before new or redrawn districts became finalized and includes signatures of those who no longer reside in the district as a result of the new district lines, the counties may only count signatures of those who reside in the new district.
- Further, if the petitioner is no longer living in the district because of the changed lines, he or she will not meet the requirements to be a candidate in that district; they also may need to fill out a new Petition Request Form for the revised district lines.
- Unaffiliated Congressional Candidate' residential requirements differ from local candidates and are asked to check with the State Board of Elections on how the redistricting would impact their petition.

Campaign Finance

Campaign Finance obligations are the same for all candidates running for an office or seat. The office being sought will determine whether or not the petition holder or now candidate will be able to file: Over Threshold or Under Threshold.

All committees that file Over Threshold will be required to submit the appropriate reports based on the election cycle. If the petition holder has started the petition process prior to the actual election cycle that their name will appear on the ballot, they will be responsible for Mid-Year and End of Year reports and will switch to quarterly reports in the active election cycle.

If the office or seat qualifies to file as Under Threshold there will be no Disclosure Reports due until which time the committee meets or exceeds \$1,000.00 in contributions or expenditures. Yearly Under Threshold re-certifications will be required to remain Under Threshold. Candidate contributions do count toward the threshold limit.
