# Schrock™

## NEW PRODUCTS & UPDATES

### THE SCHROCK FALL 2023 LINE-UP IS HERE!

Discover Schrock's newest finishes - Steam paint and Kanga stain - as well as new Penned Glazes. All that plus new products, product expansions and tools created to help you design and sell.

Don't miss the Schrock Fall 2023 Design Guide where you can see work from your fellow designer, Regina Steggerda. Her fresh, clean design creatively used every square inch of her client's kitchen.

You could be featured in a future Schrock Design Guide as well as on MasterBrand's website, social media and beyond. We want to promote you by spotlighting your design talent. Submission of your project photography (and video) is simple via the Schrock Brand Portal on OneTouch or by scanning the QR code to the right.

**We can't wait to see your  
Schrock designs!**

## WALL MICROWAVE DOUBLE DOOR CABINETS -

### MAKING MORE STORAGE WHERE IT MAKES SENSE.

- Open shelf height is smaller at 15 3/4" to accommodate today's smaller microwaves.
- Cabinet opening height is larger for additional behind the door storage.

It's a win/win creating storage just where you need it.

#### WALL MICROWAVE

- WMW\*36
- WMW\*39
- WMW\*42

**T** Trademark™ Series

**E** Entra™ Series

#### ? WHY YOU'LL CARE:

Compact microwaves are here, and your kitchen designs need to accommodate them seamlessly. These new sizes make it easy.

## 120" TALL END PANELS - PERFECT FOR TAKING CABINETS TO THE 10' CEILING

10' Floor to ceiling end panels are here!

#### 120" TALL END PANELS - AVAILABLE IN MAPLE ONLY

- TEP12120WD
- TEP24120WD
- TEP24120F1.5WD
- TEP24120F3WD
- TEP24120F1.5FPE
- TEP24120F3FPE

**T** Trademark™ Series

#### ? WHY YOU'LL CARE:

These full-height panels save installation time and cost for designs with tall ceilings.

## TEXTURED GLASS EXPANSION – CLOSING THE GAPS

We are expanding the Textured Glass Offering to include most models with cut for glass (CG) to make it easier for you to design!

*Reminder: glass ships directly from the vendor.*

## BOOKCASE EXPANSION

With designated storage space on the rise, bookcases are making a comeback and not only in the home office or great room, but in the kitchen and pantry too. The finished back and open shelves create built-in storage for cookbooks, cherished serving dishes and other home décor. To finish the look, these bookcases feature a standard face frame for a cleaner and more polished look.

### WALL FURNITURE BOOKCASES (WFBC\*\*)

- 18", 24", 30" and 36" widths
- 48", 51", 54", 57", 60" and 66" heights

### 12" DEEP TALL BOOKCASES (TBC\*\*)12

- 24", 30" and 36" widths
- 84", 87", 90", 93" and 96" heights

### Entra™ Series

#### WHY YOU'LL CARE:

These new options make it easy to add a great design element with built-in storage giving the room form and function.

## 2020 Live Order

2020 Live Order is a web-based ordering solution that allows you to submit your 2020 Live Designs electronically. Get on board today and reap the benefits:

- Increased Order Accuracy
- Reduced Order Processing Time
- Automatic PO Generation
- Ability to easily organize your design projects
- Immediate Receipts and clear visibility for all order notifications
- Quick Acknowledgement time of 2 - 4 hours!

2020 Live Order is available at no additional cost with standard 2020 licensing fee.

Visit [mb1touch](http://mb1touch.com) to learn more and get started!

## STAY SHARP.

eLearning Training Modules are refreshed and available for self-training, anytime, anywhere.

Take advantage of the MasterBrand eLearning Library available through [mb1touch.com](http://mb1touch.com). This interactive training platform offers Schrock training modules for you to access on-demand 24/7/365. Take a few minutes now to freshen up your product knowledge.

You can help shape the library of content by reaching out and sharing the training topics that you are seeking. Email your suggestions to [mbmarketing@masterbrand.com](mailto:mbmarketing@masterbrand.com)

## PURESTYLE™ UPDATE

For a cleaner and more refined look, Entra's Elston, Ingalis and Lormand PureStyle door styles have transitioned from cope and stick to mitered corner door and drawer construction.

**E** Entra™ Series

**? WHY YOU'LL CARE:**

With this change, Entra's PureStyle™ portfolio features mitered construction on all styles and at the same value price point as before!

**ELSTON**  
5-Piece Drawer Front

**INGALIS**  
5-Piece Drawer Front

**LORMAND**  
5-Piece Drawer Front

## MORE DRAWER FRONT OPTIONS

Your customers want options and so do you. That's why Garrett and Lormand are now available in both slab and 5-piece drawer front designs.

**GARRETT**  
While the slab drawer front will remain the standard, a flat 5-piece drawer front option is now available for Garrett.

**T** Trademark™ Series

**LORMAND**  
Lormand is now available with a 5-piece drawer front option.

**T** Trademark™ Series  
**E** Entra™ Series

## NEWEST COLORS

### BRIGHTEST WHITE PAINT

Brightest White expands Schrock's white paint palette as a no-fuss neutral that is neither warm nor cool. Bonus - matching laminate ends are standard!

**T** Trademark™ Series

### BLACK PAINT

Black Paint is now available with standard matching laminate black ends. This allows for a perfectly finished design for less cost than a painted panel or skin.

**T** Trademark™ Series

**E** Entra™ Series

### BROWN SUGAR GLAZE RENAMED

Why complicate things? Entra's Brown Sugar Glaze is now Amaretto Crème Glaze to align the glaze name to the Trademark Series. Great designs just got easier.

**E** Entra™ Series

## 3 DRAWER BASE OVEN & MICROWAVE CABINETS

Schrock™ knows that every detail matters. The drawers in these three-drawer oven base cabinets align perfectly with other three-drawer base cabinets to create a uniform look. This base cabinet is also the perfect opportunity to create a center to house baking essentials like muffin pans and cooling racks just where they're needed.

- Available in 27", 30", 31.5", 33" widths and 84", 87", 90", 93" and 96" heights
- Single Oven Cabinet, Three Drawer Base (OS3D)
- Tall Built-in Microwave Cabinet, Three Drawer Base (T3DMW)

### Trademark™ Series

## 9" WALL SINGLE DOOR CABINETS

You work hard to design smart. That's why you'll love saving design time with this now-standard SKU as you create usable space and thoughtful storage for your customer.

- W921L/R
- W924 L/R
- W927 L/R
- Perfect for storing spices, cups and medication.

### Trademark Series

## 31" TALL WOOD HOOD CHIMNEY

Trends show that wood hoods are the current "it" item to have in the kitchen. Why not choose one that can bring the drama? Schrock now offers a tall chimney to punctuate rooms with a taller ceiling height.

- Classic Wood Hood Chimney Tall (WHCT)
- Fits with 30", 36", 42", and 48" wood hoods
- \*48" width available in Trademark Series only

**T Trademark Series**

**E Entra™ Series**

## NEW ACCENTS

A great outfit is only made better by a great pair of shoes. Cabinets are no different. That's why Schrock has added popular leg and foot options to Trademark™ Series to help you take good to great.

- Toekick Palladian Foot (JPALLAFOOT)
- 34 1/2" High Palladian Island Leg (JPALLALEGT)

**T Trademark Series**

## ISLAND STYLE

Achieving high-end island style is easier now that Schrock ships cross-grain island end panels already cut to size and in Cherry and Maple wood species.

### CUSTOM CROSS-GRAIN ISLAND BACK PANELS

- ISLBPNL3/4CRSGR
- Deliver a high-end island design with cross-grain end panels in maple or cherry while avoiding field trim

**T Trademark™ Series**

This spring, Schrock™ is expanding the possibilities with these impactful ways to create a better experience from order to install.

## 31.5" OVEN & MICROWAVE CABINETS

First up, Schrock Entra has increased its oven and microwave cabinet offerings to accommodate standard ovens in the most popular sizes. This eliminates room for error with miscuts and speeds along the installation.

- All oven configurations are being expanded to include 31.5" widths.
- Single Oven Cabinet (OSB)
- Double Oven Cabinet (OCD)
- Double Oven Cabinet, Deep Drawer (OCD\*\*DD)
- Oven Microwave Cabinet, Deep Drawer (OMC\*\*DD)

### Entra™ Series

## 30" DEEP END PANELS

We've added 30" end panels to save design time (no need for ID modification). We think you'll approve!

- Tall End Panel, Laminated Furniture Board available in White Only (TEP3084LAM/TEP3096LAM)
- Tall End Panel, Veneered or Solid Furniture Board available in stain or paint (TEP3084WD/TEP3096WD)

### Trademark™ Series

## LAMINATE PANELS WITH FILLERS AVAILABLE IN MORE COLORS

Wall, Base, & Tall Laminate Panels with fillers are expanding to all colors except Cherry Storm, Foxhall Green, and Serious Gray

- Wall End Panel, Laminate (WEP\*LAM)
- Base End Panel, Laminate (BEP\*LAM)
- Tall End Panel, Laminate (TEP\*LAM)

### Trademark™ Series

## CALL IT WHAT IT IS

Designing with Schrock is made easier through clarity in nomenclature. With the spring launch, you'll find toeboard nomenclature across all Schrock series better reflecting the true thickness of the board.

- 1/4" Toeboard, Laminated Furniture Board (TB8LAM14 replaces TB8LAM18)
- TB8LAM14 reflects 1/4" toeboard thickness
- Available in white only

- T Trademark Series**
- E Entra Series**

## SMOOTH OPERATOR

SmartStop™ soft-close is now standard across Schrock series in wall spice pull-outs and with the interior wire pullout and roll tray components within Base SuperCabinets™.

### SMARTSTOP™ EXPANSIONS

- Wall Spice Pull-Outs (WSPs) include SmartStop™
- Base SuperCabinets™ (BSCs) interior Wire Pullout and Roll Tray components also with SmartStop™

- T Trademark Series**
- E Entra Series**

### **? WHY YOU'LL CARE:**

Research shows that consumers consider soft-close a must-have feature.

## MODIFICATIONS

Put your designer's mark on your work with these modifications.

## WELCOME WARMING DRAWER

Warm up to an easier way to specify a warming drawer in your kitchen designs with this new, no-charge modification.

### WARMING DRAWER MODIFICATION

- DRWWRM is a new, no charge modification for select base and tall oven cabinets.
- When applied, the drawer and guides will be removed to create an opening for the warming drawer.

*NOTE: When applied to a three-drawer base, the middle drawer will be removed.*

- Apply to any oven cabinet with a 6 3/8" deep drawer for customized design solutions!

- T Trademark Series**

### **? WHY YOU'LL CARE:**

Easier-to design customization options at no-charge. What's not to love?

## GLASS OPTION EXPANDED TO OVEN CABINETS

Schrock makes it easier to create a stylish glass run by eliminating exceptions in the portfolio.

- Allow CG and CG.TOP and glass options to include all Narrow Stile Oven Cabinets
- Eliminates inconsistency in availability

- T Trademark Series**
- E Entra Series**

### **? WHY YOU'LL CARE:**

Glass cabinet doors add interest and depth to the design and can make the space feel larger.

## **GLOBAL OPTIONS**

This section contains information regarding the global options you will choose that will apply to your entire order: species/material characteristics, door options, and finish options.

**A**

**GLOBAL OPTIONS**

## CHARACTERISTICS OF LAMINATE

The surfaces of doors, drawer fronts, and overlay fillers feature laminate materials with an integrated top coat that provides superior beauty, durability, and performance. The core panel material is made of MDF to ensure a consistent and stable product.

A heat shield is required to separate all laminate products from heat producing units to be in compliance with cabinet warranty.

## CHARACTERISTICS OF PURESTYLE™ LAMINATE

PureStyle™ is an innovative laminate that is applied to a wood or engineered wood substrate. Characteristics include crisp styling, consistent coloration, and abrasion-resistant durability.

These doors offer the durability of a laminate and the beauty of paint while bringing peace of mind to those who care about creating a better environment — both inside and outside of their homes.

PureStyle™ doors can be distinguished from painted cabinets by their picture perfect distribution of satin smooth color on a sleek surface with optimum durability. Trim items will feature a matching painted finish except where noted in product specifications.

A heat shield is required to separate all laminate products from heat producing units to be in compliance with cabinet warranty.

In the Species Availability charts throughout the book, refer to Laminate column for PureStyle™ availability.

## CHARACTERISTICS OF WOOD TYPES

No matter which species you choose for your new kitchen or bath cabinetry, please keep in mind that no two pieces of wood are exactly the same. Stains are likely to exaggerate the difference between open and closed grains and other markings in wood. Grain variation and color change should be expected. As hardwood ages, it will darken when exposed to different types of light. Color differences or changes in wood can also be caused by exposure to harsh chemicals, extreme heat or moisture. Additionally, wood species exhibit other defining characteristics, such as mineral deposits/streaks, knots, sap runs, pin holes and wormholes. These markings make the wood unique and contribute to its enduring beauty.

**Cherry** - features a uniform grain pattern that may reveal pin knots, curled graining and occasional black mineral streaks. With predominantly red undertones, expect color variation from creamy white to deep brown, especially in natural and lighter finishes. Cherry darkens with age and the darkening process is enhanced by exposure to natural light.

**Maple** - is a tight-grained, uniform hardwood that may include fine brown lines, wavy or curled markings, bird pecks and mineral streaks. It is predominately white to creamy-white in color with occasional reddish-brown tones.

**Oak** - is an open-grained hardwood that may contain knots, wormholes and highly varying grain patterns, adding to the unique characteristics of the wood. Oak's coloration ranges from white to pink and reddish tones. Streaks of green, yellow and even black may appear due to mineral deposits.

**Painted Hardwood** - finishes combine hardwoods and engineered materials including solid-wood, engineered materials — such as medium density fiberboard (MDF) and high density fiberboard (HDF) — and similar composite materials providing a smoother surface for painting and superior stability, consistency, and durability.

In keeping with our practice of continuous product improvement and/or to maximize efficiencies, Schrock Entra Cabinetry may adjust specifications in design and materials as it deems necessary. Where differing materials are utilized, they will be of similar or better quality in keeping with Schrock Entra Cabinetry's commitment to quality.

# DOOR STYLE SPECIFICATIONS

## Cherry

- When Cherry door styles are ordered, it is recommended to apply a finished end option or a veneer end panel for exposed ends due to the natural aging of Cherry.

## All Door Styles

- All doors and drawer fronts are 3/4" thick unless otherwise noted.

## Door and Drawer Front Side Profiles

- Veneer and MDF components are shown with gray shading on side profiles. Solid-wood components do not have shading.

## Wood Grain

- See reference images for wood grain direction on all door styles.

# OVERLAY SPECIFICATIONS

**Full Overlay**

The door and drawer fronts overlay the frame, exposing 1/4" on the top and bottom rails and right and left stiles of base cabinets. Typical base units with a center stile expose 1/2" of that stile.

**Modified Full Overlay**

Wall and Tall Cabinets: The door and drawer fronts overlay the frame exposing 1/4" on the bottom rail and right and left stile. One full inch is exposed on the top rail of wall and tall cabinets. Typical units with a center stile expose 1/2" of that stile.

Base Cabinets: The door and drawer fronts overlay the frame, exposing 1/4" on the top and bottom rails and right and left stiles of base cabinets. Typical base units with a center stile expose 1/2" of that stile.

\*34 1/2" high application shown. On 32" high Full Overlay three drawer applications (drawer bases and sink bases with drawers), the reveal above the bottom drawer front is 1/2".

- One double door center stile cabinet has the same reveal as two single door cabinets.

# OVERLAY SPECIFICATIONS

## Partial Overlay

### Partial Overlay

The door and drawer fronts overlay the face frame 1/2", exposing 1" of the frame both on the stile and rail members. Typical wall and base cabinets with a center stile expose 2" of that stile.

### Exceptions on Face Frame Reveals

- Some oven units have 3" stiles and 9" intermediate rails (designed for universal flexibility of cut-out options) that create various reveals.
- Blind corner wall and base cabinets expose different center stile reveals. Diagonal corners also vary.
- Please see the dimensional charts for oven units and blind bases located in those sections.

\*On Partial Overlay 2DB\_\_ (Two Drawer Bases), reveal above the bottom drawer front is 2".

## SCHROCK ENTRA CABINETRY'S 12-STEP FINISHING PROCESS

- 1. Wood Selection** – The selection of the finest woods is the essential first step of the 12-step finishing process.
- 2. Sanded to Perfection** – Our sanding utilizes a fine grit paper, both with and against the wood grain. This process is completed on a vacuum table, allowing for a wood surface that is free of dust particles.
- 3. Achieving Natural Wood Tone** – Toner is applied to selected finishes, enhancing the naturalistic wood appearance.
- 4. Stain Application** – A hand-sprayed deep saturating stain is evenly applied to all surfaces for even coverage on all profiles. On multi-step stains and glaze finishes, some non-facing surfaces (such as backs of doors, backs of panels, and matching veneer interiors) may not receive all steps noted. The resulting finish will be complementary and similar in color and have the same catalyzed top coat and cure, but may not result in the same color depth as facing surfaces.
- 5. Removal of Excess Stain** – The wood is hand-wiped to remove excess stain, emphasizing the cabinet's natural wood grain.
- 6. Catalyzed Sealer** – A tough, clear, catalyzed sealer is hand-sprayed on to protect the grain from moisture.
- 7. Drying Process** – For added durability, the sealed wood is oven cured to lock in the beauty of wood.
- 8. Hand-Sanded** – To achieve an ultra-smooth finish, we hand-sand the material one last time.
- 9. Dust Removal** – The resulting loose dust particles are removed from the surface of the wood.
- 10. Catalyzed Top Coat** – A premium quality catalyzed top coat is applied to protect the wood from environmental elements.
- 11. Final Top Coat Cure** – The top coat is cured for a strong, beautiful finish.
- 12. Final Inspection** – This last inspection is very thorough, ensuring quality and beauty. Our gift to you is that every cabinet is crafted with care.

## CHARACTERISTICS OF GLAZING/PAINT

### Penned Glazes

A professional layer of glaze can add another layer of beauty to your cabinets. Our hand-detailed penned glaze application adds depth and dimension to your cabinet's appearance by highlighting the profile of your door style choice.

- Hand-detailed penned glazing will leave a consistent, "penned" appearance around the door profile, and will not change the overall finish or paint base color.
- You should expect the result to yield a subtle to dramatic look based on the complexity of a cabinet door's design.
- Printed materials and online, electronic presentations can only do so much. It's important to both see and touch actual finished samples to ensure your satisfaction.

### Characteristics of Paint

Paint may develop hairline cracks in the finish, most notable around the joints. This is a result of natural expansion and contraction of the genuine hardwoods used in the manufacturing of this product. Hairline cracks are not considered a defect in the cabinetry or finish.

# TOEKICK MODIFICATIONS

See page 2 for modification compatibility.

OPTION NAME	APPLICABLE CABINET GROUP	DESCRIPTION/LIMITATIONS	PRICING
<b>Add Toekick (ADDTK)</b>	Most wall cabinets	Creates a 4 1/2" toekick on the front of cabinet. Cabinet top changes to use I-Beam construction when ADDTK is selected. ADDTK with reduced depth is available on cabinets 9" deep or larger.  Peninsula cabinets are available with ADDTK 15" deep and larger.  Available with compatible toekick modifications. See the Modification/Upgrade Compatibility Chart on page 2 for details.	\$140 list
<b>Flush Toekick (FTK)</b>	Most base, tall, vanity cabinets, and wall cabinets with ADDTK	Eliminates the recess at the toekick, creating 4 1/2" of space at the floor flush with the cabinet face frame; ideal for use with baseboard moulding.  When FTK is ordered with the Peninsula modification, both sides will receive a flush toekick.  Not available when either RECTKL or RECTKR modifications are used.	\$128 list

OPTION NAME	APPLICABLE CABINET GROUP	DESCRIPTION/LIMITATIONS	PRICING
<b>Flush Toekick Arch (FTKAV)</b>	Most base, tall, and vanity cabinets, and wall cabinets with ADDTK	Creates an arch flush toe space. Valance replaces standard toekick creating a full open area beneath cabinet floor. When FTKAV is ordered with the Peninsula modification, both sides will receive an arch flush toekick. Not available on 9" or 12" wide cabinets.	\$160 list
<b>Flush Toekick Furniture (FTKFV)</b>	Most base, tall, and vanity cabinets, and wall cabinets with ADDTK	Creates a furniture flush toe space. Valance replaces standard toekick creating a full open area beneath cabinet floor. When FTKFV is ordered with the Peninsula modification, both sides will receive a furniture flush toekick. Not available on 9" or 12" wide cabinets.	\$160 list
<b>Void Toekick (VTK)</b>	Most base, tall, and vanity cabinets	Removes the toekick. Only available when the cabinet has a standard toekick (not available when flush toekick is standard or when cabinet has a separate pedestal base). When VTK is specified on cabinets to be used with a countertop, cabinets must also be supported from the floor, not just attached to the wall. Failure to properly install cabinets in this situation will void the warranty.	\$93 list

93"*	89 5/16"	89 25/32"	90 5/16"	90 31/32"	91 23/32"
96"*	92 5/16"	92 3/4"	93 9/32"	93 29/32"	94 5/8"

\*Separate pedestal base included with cabinet to be installed after cabinet is in an upright position.

# DESIGN CHECKLIST

## CONSTRUCTION OPTIONS

Consider exposed end options:

- Modify exposed cabinet ends to FPEB.
- Apply 1/4" skin to hide 1/4" reveal. This will allow the ends to age uniformly with the rest of the kitchen and will make it flush.
- Apply decorative door kit (BEDSD, WED, TED). This kit includes 1/4" skin, decorative doors, and screws for field installation.

## WOOD AND FINISH CHARACTERISTICS

Review specific details with the customer:

- Mineral Streaks, Birdseye Dots, Grain Variations.
- Color Variations/Darkening.
- Finish Variations (Glazes are "consistently inconsistent"), hairline cracks may develop at frame joints on painted frame.
- Underside of cabinets are natural maple laminate. Use light rail or cabinet panel edge and skin to hide, especially when designing with peninsula wall cabinets.

## SMART SOLUTIONS™

Review storage and usage needs with Customer. See page 30 for complete chart.

- Cooking Solutions:
  - Wall Spice Rack Cabinet
- Storage Solutions:
  - SuperCabinet™
  - Pegged Dish Organizer
  - Wall Message Center
- Clean-up Center:
  - Base Wastebasket

## CLEARANCES

- Add fillers between end cabinets and walls on full overlay door styles.
- Allow space between door/window trim and end cabinets for countertop and top moulding overhang.
- Include refrigerator door hinges in overall refrigerator height when placing cabinets above it.

Maintain a minimum clearance of 3" by pulling blind corners as follows:

- Full Overlay: 1 1/4", Standard Overlay 1/2". (More is needed in certain situations such as when adjacent to an appliance or when using oversized pulls or knobs.)
- Allow sufficient clearance (3") on each side of accessory cabinets (such as roll-out trays, etc). Doors on these cabinets must open fully for accessories to be functional.
- Ensure the height between the cooktop and range hood is 24" to meet NKBA guidelines.

Qualify customer carefully on upper cabinet/microwave advantages/disadvantages as follows:

- Minimum of 18" from cooktop to upper cabinet/above the range microwave which allows for easy access to either, but less room over back burner.
- Minimum of 21" from cooktop to upper cabinet/microwave which allows for access to large pots on back burner of cooktop, but longer reach to microwave.

## FILLERS

- Place fillers toward end of run where least conspicuous if needed.
- Attach overlay fillers on top of the base, wall, or tall fillers when using full overlay door styles to maintain a consistent reveal. Don't forget to include blind corner fillers.
- Add a filler at least 6" wide to accommodate a decorative onlay when the filler is used as valance.

## VARYING HEIGHTS AND DEPTHS

- Also increase the depth of a wall cabinet run when you increase the height (so moulding on adjacent cabinet will kill into the side of the taller cabinet).
- Skin the sides of tall cabinets to 1) hide the seam between the toekick pedestal and the cabinet, 2) keep adjacent base and wall cabinets out from reveal of tall cabinet.
- Add increased depth on tall end panels for a built-in look for deep refrigerators.
- Account for the additional support needed for wall cabinets with a depth of 18" or greater. This can be achieved by installing a soffit or end panels.

## MATCHING INTERIOR CABINETS/GLASS OPTIONS

- Verify cut-for-glass or mullion door option is available on desired cabinet size. (See pages 15-16 for available cut-for-glass/mullion door sizes.)
- Verify glass insert option is available for desired cut-for-glass door size chosen.
- Verify matching interior option has been selected for all open or glass cabinets.
- Use light rail and skin to hide color variation between bottom of cabinets with and without matching interior.
- Verify mullion door lite grid matches customer expectations.

## MOULDINGS

- Verify correct amount of crown moulding has been ordered.
- Order toekick caps.
- Order extra scribe.

## ISLANDS AND PENINSULAS

- Consider standard height bars are 34 1/2" tall and require 19" knee space. Raised bars are 42" tall.
- Consider base peninsula cabinets (P) are 24 1/4" deep and require 12" of knee space. Use back panels/doors to flush non-P cabinets with P cabinets.
- Use outside corner moulding if a skin is exposed on the back of the island.

## APPLIANCES

- Note for all consumers, appliances are not included with any cabinetry product.
- Do not place dishwashers next to diagonal front cabinet (interference) or next to a range (no countertop support).
- Verify refrigerator door has enough clearance to open beyond 90 degrees so refrigerator drawers can be utilized. Refer to appliance manufacturer's specs.
- Add TF696FH, as it may be required to frame around built-in microwave ovens and other built-in items. Refer to appliance manufacturer's specs.
- Order appliance panels.

## SPECIAL CONSIDERATIONS

- Consider V-groove skins and/or decorative doors on exposed cabinet sides in glazed kitchen.

## MISCELLANEOUS

- Order full size touch-up kit (mini touch-up kit included with standard sink base).

## kitchen planning guidelines

### DOOR/ENTRY

- Door opening should be at least 32" wide, requiring a minimum 2' 10" wide door.

### DOOR INTERFERENCE

- Entry door should not interfere with safe appliance operation or appliance doors.

### DISTANCE BETWEEN WORK CENTERS

- With three work centers, the total distance traveled should not be more than 26' with no single leg of the triangle less than 4' or more than 9'.
- With more than three work centers, each additional travel distance to another work center should be no less than 4' or more than 9'. Each leg is measured from the center-front of the appliance/sink. No work triangle leg should intersect an island/peninsula by more than 12".

### SEPARATING WORK CENTERS

- A tall obstacle should not separate two primary work centers. A properly recessed tall corner unit is acceptable.

### WORK TRIANGLE TRAFFIC

- Major traffic patterns should not cross through the basic work triangle.

### WORK AISLE

- The work aisle should be at least 42" for one cook and at least 48" for multiple cooks.

### WALKWAY

- The walkway width should be at least 36".

### TRAFFIC CLEARANCE AT SEATING

- Allow 32" of clearance from the table to wall/obstacle if no traffic passes behind a seated diner. If traffic passes behind the diner, allow at least 36" to edge past or 44" to walk past.

### SEATING CLEARANCE

- 30" high tables/counters should allow a 24" wide by 18" deep space for each seated diner and at least 18" knee space.
- 36" high counters should allow a 24" wide by 15" deep space for each seated diner and at least 15" kneespace.
- 42" high counters should allow a 24" wide by 12" deep space for each seated diner and at least 12" kneespace.

### CLEAN-UP/PREP SINK PLACEMENT

- With only one sink, locate it adjacent to or across from the cooking surface and refrigerator.

### CLEAN-UP/PREP SINK LANDING AREA

- Include at least a 24" wide landing space on one side of the sink and 18" on the other.
- If all the countertop at the sink is not the same height, plan a 24" landing space on one side of the sink and 3" of countertop frontage on the other, both at the same height of the sink.

### PREPARATION/WORK AREA

- Include a section of countertop at least 36" wide x 24" deep next to the sink for a work area.

### DISHWASHER PLACEMENT

- Nearest edge of dishwasher should be within 36" of nearest edge of sink. Provide at least 21" of standing space between the edge of the dishwasher and countertop frontage/appliances/cabinets which are placed at a right angle to the dishwasher.

### WASTE RECEPTACLES

- Include at least 2 waste receptacles, one near the sink and the other nearby for recycling.

### AUXILIARY SINK

- Provide at least 3" of countertop frontage on one side of the auxiliary sink and 18" on the other side, both at the same height as the sink.

### REFRIGERATOR LANDING AREA

- Include at least 15" of landing area on the handle side of the refrigerator, 15" on either side of a side-by-side refrigerator, 15" of landing space which is no more than 48" across from the front of the refrigerator, and 15" above or adjacent to any under-counter style refrigerator.

### COOKING SURFACE LANDING AREA

- Include a minimum of 12" of landing area on one side of the cooking surface and 15" on the other.
- If cooking surface is at a different countertop height than the rest of the kitchen, then the 12" and 15" landing areas must be the same height as the cooking surface.
- For safety reasons, in an island or peninsula situation, the countertop should extend a minimum of 9" behind the cooking surface if the counter height is the same height as the cooking surface.

### COOKING SURFACE CLEARANCE

- Allow 24" between the cooking surface and a protected noncombustible surface above it.
- At least 30" of clearance is required between the cooking surface and an unprotected/combustible surface above it.
- If a microwave/hood combination is used, then the manufacturer's specifications should be followed.

### COOKING SURFACE VENTILATION

- A correctly sized, ducted ventilation system is recommended for all cooking surface appliances. The recommended minimum is 150 CFM.
- Code requires that the manufacturer's specifications be followed. Minimum exhaust rate for a ducted hood is 100 CFM and must be ducted to the outside.
- Make-up air may need to be provided. Refer to local codes.

### COOKING SURFACE SAFETY

- Do not locate cooking surface under an operable window.
- Window treatments above cooking surface should not use flammable materials.
- Place a fire extinguisher near the kitchen exit away from cooking equipment.

### MICROWAVE OVEN PLACEMENT

- The ideal location for the bottom of the microwave is 3" below the principle user's shoulder, but no more than 54" above the floor.

### MICROWAVE LANDING AREA

- Provide at least 15" above, below, or adjacent to the handle side of a microwave oven.

### OVEN LANDING AREA

- Include at least 15" next to or above the oven.
- A 15" landing area that is not more than 48" away is also acceptable as long as the oven does not open into a walkway.

### COMBINING LANDING AREAS

- If two landing areas are adjacent to one another, determine a new minimum for the two by taking the longer of the two and adding 12".

*continued*

## kitchen planning guidelines (continued)

### COUNTERTOP SPACE

- A total of 158" of countertop frontage, 24" deep, with at least 15" clearance above is needed to accommodate all landing, preparation, work, and storage areas.

### COUNTERTOP EDGES

- Clipped or round corners, rather than sharp edges, are recommended on all counters.

### STORAGE

- The recommended total shelf/drawer frontage for a small kitchen (less than 150 square feet) is 1400", for a medium kitchen (151 to 350 square feet) is 1700", and for a large kitchen (greater than 350 square feet) is 2000".

Sizes:	S	M	L
Wall	300"	360"	360"
Base	520"	615"	660"
Drawer	360"	400"	525"
Pantry	180"	230"	310"
Misc.	40"	95"	145"

- The totals for wall, base, drawer, and pantry shelf/drawer frontage can be adjusted upward or downward as long as the recommended total stays the same.

### STORAGE AT CLEAN-UP/PREP SINK

- The recommended total for a small kitchen is 400", a medium kitchen is 480", a large kitchen is 560", and should be located within 72" of the centerline of the main clean-up/prep sink.

### CORNER CABINET STORAGE

- At least one corner cabinet should include a functional storage device.

### ELECTRICAL RECEPTACLES

- GFCI (Ground-Fault-Circuit-Interrupter) protection is required on all receptacles servicing countertop surfaces within the kitchen.

### LIGHTING

- Every work surface should be well illuminated. At least one wall switch-controlled light must be placed at the entrance.
- Window/skylight area, equal to at least 8% of the total square footage of the kitchen, or a total living space which includes a kitchen, is required.

## bathroom planning guidelines

### DOOR/ENTRY

- Doorway opening should be at least 32", requiring a minimum 2' 10" wide door.

### DOOR INTERFERENCE

- The door area should include clear floor space for maneuvering which varies according to the type of door and the direction of the approach.

### CEILING HEIGHT

- Bathroom floor to ceiling minimum height is 80". A shower or tub with a shower head shall have a minimum floor to ceiling height of 80" above a minimum area 30" x 30" at the shower head.

### CLEAR SPACE

- Plan a clear space of 30" from the front edge of all fixtures to any opposite bath fixture, wall, or obstacle.
- A minimum space of at least 21" is required in front of a lavatory, toilet, bidet, and tub, with a 24" minimum space in front of a shower entry.

### SINGLE LAVATORY PLACEMENT

- The distance from the centerline of the lavatory to the sidewall/tall obstacle should be at least 20".
- The minimum distance required is 15". The minimum distance required between a wall and the edge of a lavatory is 4".

### DOUBLE LAVATORY PLACEMENT

- The distance between the centerlines of two lavatories should be at least 36".
- The minimum distance required is 30".
- The minimum distance required between the edges of two lavatories is 4".

### LAVATORY/VANITY HEIGHT

- The height for a lavatory varies from 32" to 43" to fit the user.

### COUNTERTOP EDGES

- Clipped or round corners, rather than sharp edges, are recommended on all counters.

### SHOWER SIZE

- The interior shower size should be at least 36" x 36". The minimum interior shower size required is 30" x 30".

### STORAGE

- Provide adequate, accessible storage for toiletries, bath linens, grooming and general bathroom supplies.
- Storage of frequently used items should be 15" to 48" above floor.

### ELECTRICAL RECEPTACLES

- All GFCI receptacles should be located at electrical appliance points of use.

**Load bearing floors and shelves can support 15 lbs. per square foot. Warranty does not cover overloading beyond this point.**

RD	Reduced Depth

\*ADDTK available with compatible toekick modifications.

When varying heights, make sure to also vary depths to allow moulding to end into adjacent side of cabinet. Vary depths at least 3" when varying heights.

Use FPEB modification or apply an end panel skin to create a flush end on the side of a wall cabinet if installed at the end of a run for ease of moulding installation.

FPEB modification is recommended for non-stacking applications. Use a 1/4" skin for stacking applications.

## Wall Corner Cabinets

- Wall corner cabinets may be installed flush to the wall (left) or pulled 3" away from wall (right) to accommodate odd dimensions in a kitchen design. In either case, the adjoining run of 12" wall cabinets plus a 3" filler will butt against the solid-wood panel.
- When a cabinet is "pulled" it will use proportionally more wall space, for example, a 30" wide WC pulled 2" will use 32" of space.
- The L or R in the cabinet's nomenclature indicates the location of cabinet void.
- Blind side of wall corner cabinets cannot be installed next to a range hood or microwave shelf unit due to door interference.

NOTE: All outside stiles are 1 1/2" wide

- Hinged door opens to 170°.
- Adjustable shelves.
- Legs at the front frames are 9" on 21" leg and 12" on 24" leg.
- Nomenclature for asymmetrical cabinets reads as follows:  
 First set of numbers = height  
 Second set of numbers = left side  
 Third set of numbers = right side
- Decorative hardware screws must be countersunk to prevent scratching of adjacent cabinets and face frame of ER.
- ER\_\_2124L shown.
- Integrated soft-close hinge not included.

- Recommend installation between two cabinets. Can be installed on the end of a run or adjacent to an appliance with a 3/4" thick end panel.
- Install unit before removing shipping brace.
- All styles feature a natural finish full extension wood pull-out with adjustable shelves and chrome rail sides.
- In order to allow proper clearance for opening and closing, allow an additional 1/8" space between adjacent cabinet face frames. The 3" wide pull-outs require 3 1/8" space and the 6" wide pull-outs require 6 1/8" space. Spacers are included with the pull-outs to allow for proper installation.
- Not compatible with face mount moulding.
- For full access from both sides of unit, do not install against a wall or next to deeper appliances and cabinets.
- Soft-close guide not featured.

**MODIFICATIONS**

No modifications available for these products.

- Includes magnetic whiteboard on back of door, key hooks, pencil holder, and fixed plexi-glass fronted shelves.
- WMC1230, WMC1233, and WMC1236 have 2 fixed shelves. WMC1239 and WMC1242 have 3 fixed shelves.
- Not recommended for use next to a Peninsula cabinet due to the additional 1/4" cabinet depth.
- Door will open 90° without decorative hardware.
- Cabinet should be hinged on wall side.
- For proper installation, adjacent cabinet must have FPEB or 1/4" skin applied.
- Overlay fillers can be used on side of cabinet to add a decorative touch.

- Nomenclature represents left to right order of interior components.  
Example: BSC30PR = Base SuperCabinet™ 30" Pull-out Roll-out.
- Roll Trays and Wire Pull-outs feature soft-close.
- Cabinets utilize 170° hinge. For sufficient pull-out clearance, 12" of adjacent space is required for door to open 170° when installed near a wall or corner.
- Both doors have chrome and wood three-tiered racks.
- Door rack width is 9 3/8".
- Door rack depth is 3".
- Integrated soft-close hinge not included. Premium door mechanism installed.

**Base Corner Cabinets**

- BCs use the wall space the nomenclature implies.
- Remember to use 3" filler on adjoining cabinets.
- The adjoining run of cabinets will cover the void.
- The L or R in the cabinet nomenclature indicates the location of the void to ensure clearance.
- It is not recommended to place BC cabinets next to appliances where any face component is deeper than 27".

Model	A Recommended Space	B Max. Pull*	C Max. Space	D Face Frame Opening	E* Full Overlay		E* Partial Overlay		F Actual Cabinet	Full Overlay Door Width	Partial Overlay Door Width
					At Min.**	At Max.	At Min.**	At Max.			
BC36	36"	6"	42"	7 1/2"	1 3/4"	7 3/4"	2 1/2"	8 1/2"	27"	10"	8 1/2"
BC39	39"	4 1/2"	43 1/2"	9"	3 1/4"	7 3/4"	4"	8 1/2"	30"	11 1/2"	10"

- Recommend installation between two cabinets. If installed on the end of a run or adjacent to an appliance, must use a 3/4" thick end panel.
- Install unit before removing shipping brace and attaching filler.
- Includes unattached profiled full overlay filler on the Overlay SKUs.
- Certain door style overlays will be painted hardwood. See Door Style section for exceptions.
- Decorative hardware required on base units.
- Toekick not included; must be built up in the field.
- All styles feature a natural finish soft-close wood pull-out with adjustable shelves and chrome rail sides.
- In order to allow proper clearance for opening and closing, allow an additional 1/8" space between adjacent cabinet face frames. The 3" wide pull-outs require 3 1/8" space and the 6" wide pull-outs require 6 1/8" space. Spacers are included with the pull-outs to allow for proper installation.
- For full access from both sides of unit, do not install against a wall or next to deeper appliances and cabinets.

Universal Access Cabinets are shipped with an unfinished toekick. Finished toekicks in matching wood veneer or laminate must be ordered separately and field installed.

Standard Universal Access toekick is 4 1/2" tall, which will align with base cabinets.

Heat shields are available for field installation. See page 146.

Full depth shelf kits are available for field installation. See page 139.

RT	Installed Roll Tray
VTK	Void Toekick

Utility cabinets with depths of 12" must be installed to studs in wall or onto the end of another tall cabinet.

Remember to apply an end panel skin to all tall cabinets when installing next to a base and a wall cabinet to avoid notching the countertop around the face frame.

Apply an end panel skin to create a flush end on the side of a tall cabinet if installed at the end of a run for ease of moulding installation.

Separate pedestal base included but may be packaged separately on 93" and 96" tall. Pedestal is designed to create a Recessed Left or Right Toekick application during field installation, or can be centered. Pedestal must be covered with toeboard material.

Reduced depth available to 12" on tall cabinets without drawers. Reduced Depth available to 18" on tall cabinets with drawers or roll trays.

Tall mitered door styles and laminate door styles will feature one center panel; other door styles will feature two center panels.

- Uses face mount hinges, doors and drawer fronts have a consistent width reveal for full overlay (1/4") and partial overlay (1").
- Base section will utilize a full depth shelf.
- 90", 93", and 96" tall include full depth adjustable shelves in upper section:  
90" and 93" tall - one shelf  
96" tall - two shelves
- RECTKL/R and VTK only available on 84", 87", and 90" tall.
- Oven cavity is standard interior.
- All top and bottom cross rails are 1 1/2" wide.
- All cabinets have 3" stiles on frame.
- Be sure to confirm a heat shield is built into your appliance by the manufacturer or install the heat shield included with your appliance. Heat shields are sold separately as an accessory.
- Shelf support for oven not included; for built-in appliance support brackets, use OCINSTALKIT (included in 24" deep cabinets).
- OCINSTALKIT weight limit is 400 lbs. per pair.
- Maximum cut-out dimension will allow 1/4" reveal for doors and drawer fronts on full overlay and 1" for partial overlay for trim kit face clearance.
- Oven cabinet cut-out is shaded in gray and is cut out on job site.

- On 93" and 96" tall, one full depth shelf included, but packaged separately.
- RECTKL/R and VTK only available on 84", 87", and 90" tall.
- All top and bottom cross rails are 1 1/2" wide.
- Be sure to confirm a heat shield is built into your appliance by the manufacturer or install the heat shield included with your appliance. Heat shields are sold separately as an accessory.
- For built-in appliance support, OCINSTALLKIT is included in 24" deep oven cabinets (see page 146 for details). Oven install kit will not be included when depth is modified.
- OCINSTALLKIT weight limit is 400 lbs. per pair.
- Oven cabinets feature an open back in cut-out area designed to improve field appliance installation.
- Maximum cut-out dimension will allow 1/4" reveal for doors and drawer fronts on full overlay and 1" for partial overlay for trim kit face clearance.

Vanity Cabinets are shipped with an unfinished toekick. Finished toekicks in matching wood veneer or laminate must be ordered separately and field installed.

Standard vanity toekick height is 4 1/2" tall, which will align with standard base cabinets.

Distance between back of drawer box and back interior of cabinet is 2 3/4".

There will be no charge for RD18 on 21" deep vanity cabinets.

For Linen cabinets, Tall mitered door styles and laminate door styles will feature one center panel, other door styles will feature two center panels.

# TABLE OF CONTENTS – FILLERS & PANELS

Fillers . . . . .	120
Box Column Fillers . . . . .	122
End Panel Skins . . . . .	123
Back Panels . . . . .	124
End Panels . . . . .	125
End Panel with Filler Attached . . . . .	126
Decorative Door Panel Kits . . . . .	128

When designing with full overlay door styles, apply overlay fillers onto fillers.

If glaze finish is used, a v-grooved skin offers best finish consistency.

All 1/4" thick panel material cannot be used in conjunction with cabinets with FPEB or AUTHL/AUTHR/AUTHB modifications.

### SPECIES AVAILABILITY

Species Availability charts list the availability of each product code by species and any substitutions that are made. Additional exceptions within a section are noted below the species availability chart.

For panels with doors and/or fillers attached, species availability is shown for the panel and filler only.

For Species Availability, look for this chart throughout.

**DECORATIVE HARDWARE - TOUCH LATCH**

**TOUCH LATCH**

**TOUCHLATCH**

35

- Nylon gray mechanism with bumper tip.
- Face frame will need to be field drilled for insertion of the TOUCHLATCH, requires 25/64" (10mm) drill bit.
- Can be field adjusted for door gap depth, no tools required.
- For use on full overlay door styles only.
- Requires a soft touch to open the door, and door must be pushed closed to reset the TOUCHLATCH mechanism.
- Only for use on hinged doors, and can be used without decorative hardware. Not compatible with non-hinged doors. For drawers, pull-outs, and other non-compatible cabinets, PULLH105 and PULLH106 are recommended (see page 142).

PDOPOSTS (4 Pegs)	101

- Recommended for use in 36" wide Two Drawer Base (2DB) and Three Drawer Base (3DB) cabinets, trimmable for cabinets less than 36" wide.
- Not recommended for use in roll trays.
- Pegged Board is 19/32" thick.
- 29 15/16" x 19 1/2".
- Pegs are 6" high.

**DESCRIPTION MODEL PRICE**

**SPICE RACK PULL-DOWN**

**SPD18 239**

- Spice Rack Pull-down dimensions: 8 15/16" high x 14 13/16" wide x 10 5/16" deep.
- Spice Rack Pull-down requires 3 3/4" below the bottom edge of the cabinet and 9 1/4" in front of the cabinet to be fully extended.
- Maximum Weight Capacity: 15 lbs.
- Must be installed on the floor of the cabinet. Cannot be installed on an adjustable shelf.

**TILT-OUT TRAYS, PLASTIC**

**TOT15 108**

**TOT18 114**

- Kit includes two white plastic trays and one pair of tilt-out hinges that attaches to the inside of the false panel.
- One tilt-out tray per false panel on cabinets less than 30" wide and greater than 36" wide, two tilt-out trays attached to one false panel on 30"-36" wide cabinets.
- Clean using a mild soap and water. Avoid scalding water.
- Tilt-out trays are stain resistant, moisture resistant plastic to allow storage of sponges and other cleaning materials.

Model	Size	Application
TOT15	11" w x 2" d x 3 3/4" h	SB30, SB33
TOT18	14 1/4" w x 2" d x 3 3/4" h	SB36, SB39, SB42, SB24, SB27

**TRAY DIVIDER KIT**

**CTDK 61**

- CTDK: Includes 1 divider, 3 clips, and 3 screws.
- Tray divider is chrome wire.

**DESCRIPTION MODEL PRICE**

**TRAY DIVIDER ROLL-OUT KIT**

**TDR012 323**

**TDR015 361**

- TDR012: 2 removable dividers (3 compartments).
- TDR015: 3 removable dividers (4 compartments).
- Utilizes soft-close undermount guides.
- Installation hardware included.

**TDR012**

**TDR015**

**WINE GLASS HOLDERS**

**WGH30 (7 slots) 292**

**WGH36 (8 slots) 356**

- Maximum wine glass base is 3" diameter.
- May be trimmed to fit smaller cabinets.
- Designed for installation under a wall cabinet (between end panels and behind face frame).
- Wine Glass Holder is finished.

**DOORS, DRAWER FRONTS AND DRAWERS**

**DOORS & DRAWER FRONTS**

<b>Standard Door Size, 18" High or Less</b>	301
<b>Standard Door Size, 21" to 30" High</b>	377
<b>Standard Door Size, 33" or Higher</b>	530
<b>Standard Door Size, No Hinge Route, 18" High or Less</b>	301
<b>Standard Door Size, No Hinge Route, 21" to 30" High</b>	377
<b>Standard Door Size, No Hinge Route, 33" or Higher</b>	530
<b>Any Drawer Front Only</b>	139

- All applicable modification and premium finish upcharges will apply.
- Door heights are based on full overlay for equivalent applications.
- Backs of "NO HINGE ROUTE" doors may have identification marks, be unfinished, and have 3/16" diameter holes used during finish processing. For these reasons, these doors are not suitable for use as cabinet doors.

**DRAWERS**

<b>Complete Drawer</b>	222
<b>Drawer Box Only</b>	198

- All applicable modification and premium finish upcharges will apply.
- Complete Drawer and Drawer Box Only do not include drawer guides. They must be ordered separately.

**MISCELLANEOUS PARTS**

**SHELFPEGS**

<b>BRKOFFSCREW</b> (pkg. 25)	6
<b>INSTALLSCR4</b> (pkg. 4)	5
<b>INSTALLSCREWS</b> (pkg. 100)	20
<b>RETCLIP250BAG</b>	20
<b>RETCLIP259BAG</b>	20
<b>BUMPERPADS</b> (pkg. 25)	8
<b>SHELFPEGS</b> (pkg. 24)	12

- BRKOFFSCREW is a pack of 25 breakaway screws for use with decorative hardware pulls and knobs.
- INSTALLSCR4 and INSTALLSCREWS are screws for cabinet installation through the cabinet back to the wall studs (includes a pack of 4 or 100).
- RETCLIP250BAG: 6 retainer clips for use with glass inserts in mullion and cut-for-glass doors. For use on all styles except laminate doors.
- RETCLIP259BAG: 6 retainer clips and a variety of rubber feet for use with glass inserts in mullion and cut-for-glass doors. For use on all laminate doors only.
- SHELFPEGS are 3mm steel pins with clear plastic shoulders.

STACK MOULDING KITS

- Moulding stacks do not ship assembled; field assembly is required. Assembly instructions can be viewed in 20/20 spec pages and will also ship with moulding kits.
- When ordered as a kit, only one finish can be specified. To order with more than one finish, moulding pieces must be ordered separately.
- Moulding stacks include Assembly Instructions. Cleats and finish nails not included.

- How to place a stack moulding in 20/20:
  - Moulding
  - Top Mouldings or Bottom Mouldings
  - Stacked Mouldings
  - Drag and drop desired moulding stack onto wall cabinets
- Mouldings specified as 8' nominal length have a usable length range of 93" up to 99". Be sure to order the correct amount of moulding length to work around required cuts with minimal butt joints.

# Schrock™

*entra™ series*

Dear Schrock Entra Customer,

Congratulations on your selection of Schrock Entra cabinetry in a Painted Hardwood or Painted Hardwood with Glaze finish. Because of its unique characteristics, this finish is quite different from other cabinetry finishes you may be familiar with. Your satisfaction is important to Schrock Entra, and we want you to fully understand the characteristics that make painted finishes so distinctive.

It is important to realize that the beauty of wood cabinetry comes from the natural qualities of wood itself. Schrock Entra utilizes only select solid hardwoods and veneers. The beauty of these genuine woods lies in the variation of the grain. The textures of those natural grain patterns often remain visible with Painted Hardwood finishes and should be accepted as inherent characteristics when selecting painted cabinetry.

Seam lines and hairline cracking at stile, rail and panel joints are a normal characteristic of painted finishes and should not be considered a reason for product replacement. When ordering Painted Hardwood 5-piece styles, the door's center panel will be constructed of MDF material. Over time, there may be a slight color shift in the Painted Hardwood finish due to the continued exposure to natural and artificial light sources. We mention these characteristics because neither Schrock Entra nor your Schrock Entra dealer can be responsible for these conditions and variations.

*Example of front joint separation*

*Example of front joint separation*

*Example of end joint separation*

Accordingly, we ask that the following agreement be signed for Painted Hardwood Finish orders.

I have read the foregoing and find the characteristic variations of Painted Hardwood finish to be desirable. As such, I agree not to hold Schrock Entra and/or the Schrock Entra dealer listed below responsible in the event that these characteristics are later found by me to be less desirable than I had expected.

# POLICIES/INFORMATION

## DISCONTINUED PRODUCT POLICY

60 days minimum notice to reps and customers announcing the discontinuation of a product line.

Product will no longer be available for order after the discontinuation date. Only warranty orders will be considered. Even with warranty orders we will have the option to replace customer's defective product with the same discontinued product they originally purchased, or replace all doors originally ordered with a current product that is similar in appearance.

---

## EXPRESS RESPONSE™ PROGRAM - GUIDELINES

### OUR COMMITMENT TO DESIGNERS AND CUSTOMERS

#### PURPOSE

The Express Response program is used to expedite orders when customers need product faster than normal lead-time to correct problems with an existing order. Below is an overview of the Express Response program and what you can expect from our commitment to superior service.

#### EXPRESS RESPONSE GUIDELINES

- Eligible orders must be associated with a previous order number.
- Lead time calculation is based on receipt of a clean order. Clean orders are orders in which all information is provided and accurate.
- There is no additional upcharge for Express Response.
- There are no cancellations or returns once an Express Response order is received.
- Due to the nature of Special Product Requests and appliance panels, they are excluded from Express Response and will be processed as a standard lead-time order.
- Express Response is available within the continental United States. Should Alaska, Hawaii or international shipments be required, customer service representatives are ready to assist by providing shipping information and determining lead times.

#### QUESTIONS?

Contact Customer Service for estimated lead times.

## WARRANTY

Schrock Entra™ Series has a Limited Lifetime Warranty. For terms and conditions, please visit: <https://www.schrock.com/warranty>.

---

## WOOD DUST WARNING

When cutting, sanding, sawing, or shaping cabinets or wood products, you are likely to generate wood dust. For your own safety, we recommend that you wear a protective mask to prevent breathing wood dust. We also recommend eye protection to avoid injury by flying wood chips or sawdust during cabinet installation.

## CERTIFICATIONS

### ANSI A161.1

Our products meet or exceed the ANSI A161.1 performance and construction standards for kitchen and vanity cabinets as certified by ICC-ES (International Code Council Evaluation Service). Learn more at [masterbrandcabinets.com/certifications](https://www.masterbrandcabinets.com/certifications).

### TSCA TITLE VI

TSCA Title VI is a U.S. regulation that sets formaldehyde emissions standards for composite wood products, such as hardwood plywood, medium-density fiberboard, and particleboard, as well as products containing them, such as furniture. It requires composite wood products to be tested and certified by EPA-recognized third-party certifiers using specific methods. This federal regulation applies to all states and territories in the U.S. and is identical to the California Air Resources Board (CARB) rule. Learn more at [masterbrandcabinets.com/certifications](https://www.masterbrandcabinets.com/certifications).

### CARB COMPLIANCE - FORMALDEHYDE EMISSIONS

Schrock Entra Cabinetry is committed to offering solutions that meet or exceed air emissions rules and regulations. All composite wood products used in the construction of our cabinets, which includes end panels, bottoms, backs, shelves, toekicks and corner blocks, are compliant with emissions limits under EPA TSCA Title VI, CARB Phase 2 and HUD.

# TERMS AND CONDITIONS

## SCHROCK ENTRA CABINETS LIFETIME LIMITED WARRANTY AND GENERAL INFORMATION

Prices and specifications in material, construction and design are subject to change without notice as conditions require, or as improvements are developed.

All orders are subject to credit approval.

To avoid errors, orders should be filled out on Schrock Entra Cabinet forms.

**All cabinets are manufactured to individual order and cannot be cancelled or changed after manufacturing has begun. Cycle ship orders cannot be changed after the cut-off date.**

Returns will not be accepted without prior written authorization.

Schrock Entra cabinets carry a Lifetime Limited Warranty. This limited warranty does not cover misuse\*, improper storage, improper installation, labor costs or defects incurred during installation, storage or transportation. We reserve the right to repair or replace any defective material after field inspection by our representative. For complete warranty details, please refer to the Schrock Entra Warranty Document.

A product count and inspection must be performed before signing the Bill of Lading. Shortage, obvious damage and occurrences of mishandling must be noted on the Bill of Lading before it is signed. Replacement orders must then be made with Schrock Entra Customer Service. A signed Bill of Lading with no notations will indicate a complete and damage free shipment.

Sales are only to approved, authorized accounts.

Please make reference to the cabinet selection guide for information pertaining to characteristics of wood. This information will tell you the reactions that natural woods might develop under certain conditions after product is finished.
