## INTRODUCTION.

---

We have great pleasure in placing in the hands of our patrons the HALIFAX CITY DIRECTORY FOR 1898-99. It need hardly be said that the same labor and effort to secure accuracy, which the publishers have always put forth, have not been withheld in the preparation of the present edition. The wish of the Publishers is to give the latest and most correct information, and with that end in view no expense or labor is spared on the book. Notwithstanding the adverse circumstances of business through the country during the past year, Halifax has maintained a steady growth. Last year there were 124 shops vacant and 253 houses vacant; this year there are 148 shops vacant and 269 houses vacant.

The number of names in the Directory last year was 16,178, and this year is 16,448. Multiply by three (the figures generally used by Directory Publishers; some multiply by three and a half), and it will be seen we have a population of 49,344, an increase over last year of 810.

To the patrons of this work the publishers return their sincere thanks.

## DIRECTORY BORROWERS.

MANY are the complaints of those who regularly patronize the Directory that they are bored so much by borrowers. Not the stranger or private citizen who steps into the office, looks at the Directory and goes out, but the business men who continually need it for reference, yet are too close-fisted to buy one for themselves. These are the people who carry off your Directory, just for a few minutes, which generally means A FEW DAYS, unless you send for it before; then, you have scarcely housed it before some one else comes with the request, "Please lend me your Directory for a few minutes." Perhaps you won't see it again for a WEEK OR MORE. Yet this same borrower will tell our solicitor that he has no use for a Directory; he knows everybody and everybody knows him.

light readily, burn steadily, and are specially made to withstand any variation of the climate of the Maritime Provinces.

The manner of their being packed in small Paper Boxes prevents danger from ignition by accident.

Immediately the flame is extinguished, the match is cold and dead, and as there are no live embers the match will burn to the end without breaking off.

The sulphurous smell usual to common matches is greatly decreased.

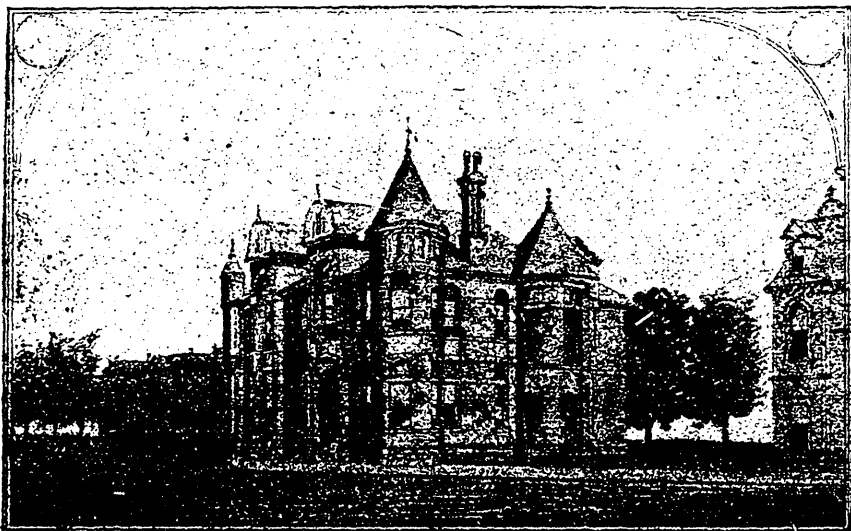

Eddy's Matches are scientifically made,—combine usefulness with safety—are in the fullest sense the cheapest match made.

Issued at all offices of this Company, payable at over 25,000 places in Canada and United States, at very low rates.

A Receipt is given with each Order purchased. The Purchaser is not required to fill out the Order. If an Order is lost, the money is promptly refunded. When travelling, they are safer to carry than money. All Cashed Orders are kept on file for reference.

This system is the Cheapest, Safest, and Most Convenient Method of remitting through the Mails.

**DIRECTORY BORROWERS.**

MANY are the complaints of those who regularly patronize the Directory that they are bored so much by borrowers. Not the stranger or private citizen, who steps into the office, looks at the Directory and goes out, but the business men who continually need it for reference, yet are too close-fisted to buy one for themselves. These are the people who carry off your Directory, just for a few minutes, which generally means a FEW DAYS, unless you send for it before; then, you have scarcely housed it before some one else comes with the request: "Please lend me your Directory for a few minutes." Perhaps you won't see it again for a WEEK OR MORE. Yet this same borrower will tell our solicitor that he has no use for a Directory; he knows everybody and everybody knows him.

## DIRECTORY BORROWERS.

MANY are the complaints of those who regularly patronize the Directory that they are bored so much by borrowers. Not the stranger or private citizen who steps into the office, looks at the Directory and goes out, but the business men who continually need it for reference, yet are too close-fisted to buy one for themselves. These are the people who carry off your Directory, just for a few minutes, which generally means A FEW DAYS, unless you send for it before; then, you have scarcely housed it before some one else comes with the request, "Please lend me your Directory for a few minutes." Perhaps you won't see it again for a WEEK OR MORE. Yet this same borrower will tell our solicitor that he has no use for a Directory; he knows everybody and everybody knows him.

## DIRECTORY BORROWERS.

MANY are the complaints of those who regularly patronize the Directory that they are bored so much by borrowers. Not the stranger or private citizen who steps into the office, looks at the Directory and goes out, but the business men who continually need it for reference, yet are too close-fisted to buy one for themselves. These are the people who carry off your Directory, just for a few minutes, which generally means A FEW DAYS, unless you send for it before; then, you have scarcely housed it before some one else comes with the request, "Please lend me your Directory for a few minutes." Perhaps you won't see it again for a WEEK OR MORE Yet this same borrower will tell our solicitor that he has no use for a Directory; he knows everybody and everybody knows him.

The minimum charge for wharfage on any single shipment to be 4 cents. Empty packages to be charged at half rates.

All articles not mentioned in above list to be charged at proportionate rates, but goods unusually heavy or bulky may be subject to special rates.

Landing and shipping wharfage rates are to be the same.

Goods transferred direct from one vessel to another, without being landed on wharf, shall pay one full wharfage rate unless arrangements are made to the contrary.

Parties selling and delivering goods on a wharf, even if they do not take bills of lading, are responsible for the wharfage unless they immediately notify wharf proprietors to the contrary, so that the goods may be held for the wharfage.

All articles put on a wharf to be at the risk of the owners of the goods, unless otherwise arranged.

### STORAGE RATES.

Goods removed from wharf to store shall pay cost of truckage; one additional wharfage rate for labor receiving and delivering; one additional wharfage rate for the first month's storage, and one rate for each month thereafter.

**DIRECTORY BORROWERS**—Many are the complaints of those who regularly patronize the Directory that they are bored so much by borrowers. Not the stranger or private citizen who steps into the office, looks at the Directory and goes out, but the business men who continually need it for reference, yet are too close-fisted to buy one for themselves. These are the people who carry off your Directory, just for a few minutes, which generally means a FEW DAYS, unless you send for it before; then, you have scarcely housed it before some one else comes with the request: "Please lend me your Directory for a few minutes." Perhaps you won't see it again for a WEEK OR MORE. Yet this same borrower will tell our solicitor that he has no use for a Directory; he knows everybody and everybody knows him.
