2.1	GL GJ Review Report (QR0079) Parameters	17	
2.2	GL GJ Review Report (QR0079) Report Contents	18	

Overview

Two new quick reports were added to the Quick Report Kick Off Screen, QR001. These reports were developed to help users review the approval status and data input on the General Journal Transaction Screen, GL005. It is therefore expected that the users of these reports are knowledgeable of the use of the GL005 and GL015 screens.

QR0078 - GL GJ APPROVAL STATUS REPORT – This report will be used to obtain information on the approval status of GL005 transactions prior to month-end and year-end closing, but can be used at any time. This report can be produced in either a PDF or TXT file format which can be viewed on the Report Server Queue. The TXT file will also be generated to the user's C:\Temp directory. From there the report may be imported into Excel, using the Excel Import Wizard.

QR0079 - GL GJ REVIEW REPORT – This report will be used to review the data on GL005 transactions prior to applying requester and/or manager approval, but can be used at any time. This report can <u>only</u> be produced in the CSV file format. It <u>cannot</u> be viewed on the Report Server Queue. The file will be generated to the user's C:\Temp directory. From there it can be easily opened in Excel by double clicking the file name. Users will not need to use the Excel Import Wizard.

While both reports have the same input parameters, the output is different. The table below displays these differences.

Item	QR0078	QR0079
Control record data	Yes	Yes
Detail record data	No	Yes
PDF and TXT file output	Yes	No
CSV file output	No	Yes

In order to produce the CSV file for **QR0079**, a new "Report Mode" was added to the QR001 screen. At this time, the new mode applies <u>ONLY</u> to the **QR0079** report. See below.

1. GL GJ APPROVAL STATUS REPORT (QR0078) Steps to produce the report

Once in the CBS Navigator, users perform the following steps to run the **QR0078** report:

Step	Action
1	 Log into the CFS application Scroll down until you see <i>QR101 Quick Reports</i> on the <i>CBS Navigator</i> Select the QR101 – Quick Reports Note: Please refer to the CFS Access & Navigation section for additional information on the logon process and menus.
2	The QR101 – Quick Report Kick Off Screen will be displayed as shown below:
	Report Header Report Mode: PDF C TXT C CSV (When applicable) Report ID User Name
	Submit View Report

Step	Action
3	Users will click in the Report Header field in order to bring up the dialog box containing a listing of all quick reports as shown below:
	REPORT HEADER
	Find %
	Report_Header AP 1099 BY ITEM TYPE AP 1099 REPORT BY OBJECT CODE AP COPYHOST AP IPAC REPORT AP NOMATCH BY DATE REPORT AP PENALTY AND DISCOUNT REPORT AP SCAN PM103 REPORT AP VENDOR AUDIT REPORT AP VENDOR AUDIT REPORT AP VENIFY PAYMENT SCHEDULE AP X SCHEDULE SUMMARY AR CMP ALLOWANCE ADJUSTMENT - FUND 72 AR CMP COLLECTION REPORT
	Eind QK Cancel
4	Using the Find and Wildcard (%) features users can enter "gl",
	REPORT HEADER Image: State of the state
	then press the "Find" button

Action
A list of quick reports beginning with "GL" will be displayed.

1.1 GL GJ Approval Status Report (QR0078) Parameters

The **QR0078** report has the following in-put parameters:

Parameter	Description
BUREAU CODE[99]	Two digit numeric code assigned to a bureau. User may enter a specific value (13 for BIS, or 14 for NOAA) or use the default value of "ALL".
FUND CODE[9999]	Four digit numeric code assigned to a fund. User may enter a specific value for an active fund, or use the default value of "ALL".
FR GL END DAT[DD-MON-YYYY]	This field defaults to blank, which means "ALL". The user may enter a valid GL_End_Date in this field to exclude data entered in GL periods prior to this date.
TO GL END DAT[DD-MON-YYYY]	This field defaults to blank, which means "ALL". The user may enter a valid GL_End_Date in this field to exclude data entered in GL periods subsequent to this date.
REQUESTOR FLAG[Y/N/ALL]	This field defaults to "Y" but may be changed by the user. Valid values are:
	"Y" – Requester approved
	"N" – Requester not approved
	"ALL" – both approved and not approved
MANAGER FLAG[Y/N/ALL]	This field defaults to "N" but may be changed by the user. Valid values are:
	"Y" – Manager approved
	"N" – Manager not approved
	"ALL" – Both approved and not approved
DESCR[NOT LIKE NFC%/ALL]	This field defaults to "NFC%" but may be changed by the user. Valid values are:
	"NFC%" – Excludes GL005 entries with "NFC" as the first three characters in the description field.
	"ALL" – Includes all GL005 entries regardless of the description.
	Note: Changing the default to "ALL" with both the Requester and Manager Approval set to "Y", will retrieve extremely large amounts of data.

Paramotor	Description
1 urumeter	Description
FROM TRANS NO	This field defaults to blank, which means "ALL". The user may enter a valid Trans_No (GJ number) in this field to exclude GJ's entered prior to this Trans_No.
TO TRANS NO	This field defaults to blank, which means "ALL". The user may enter a valid Trans_No (GJ number) in this field to exclude GJ's entered subsequent to this Trans_no.

Note – None of the Quick Reports contain a list of values. The user must know the values they wish to search on. These reports also run against the current CFS tables, which contain the most up-to-date information – unlike Data Warehouse which is a previous day copy.

1.2 GL GJ Approval Status Report (QR0078) Report Contents

The search values used for the input parameters (see above) will be displayed across the top of each page of the report, along with the following information:

Item	Description
REPORT RUN DATE	The date the user produced the report
REPORT ID	The number of the quick report (i.e., QR0078)
INSTANCE	The name of the database where the report was run (i.e., production or test)
USER ID	The user ID of the person who ran the report
VERSION	The latest version of the code for this report.

The body of the **QR078** report has the following column headings:

Column	Description
GJ NO	Displays the GJ Control Trans Number
GJ DATE	Displays the GJ Control GJ Date (the date the transaction was created)
YE/QE	Displays the GJ Control Audit Adjustment Flag
BU	Displays the GJ Control Bureau Code
GL END DATE	Displays the GJ Control GL End Date
REF	Displays the GJ Control Reference value

Column	Description
DESCR	Displays the GJ Control Description
REV FLAG	Displays the GJ Control Reverse Flag
REQ APRV	Displays the GJ Control Requester Approval Flag
REQUESTER	Displays the GJ Control Requester By (the name of the requester)
REQ DATE	Displays the GJ Control Requester Date (the requester approval date)
MGR APRV	Displays the GJ Control Manager Approval Flag

2. GL GJ REVIEW REPORT (QR0079) Steps to produce the report

Once in the CBS Navigator, users perform the following steps to run the **QR0079** report:

Step	Action
1	 Log into the CFS application Scroll down until you see <i>QR101 Quick Reports</i> on the <i>CBS Navigator</i> Select the QR101 – Quick Reports Note: Please refer to the CFS Access & Navigation section for additional information on the logon process and menus.

2.1 GL GJ Review Report (QR0079) Parameters

The **QR0079** report has the following in-put parameters:

Parameter	Description
BUREAU CODE[99]	Two digit numeric code assigned to a bureau. User may enter a specific value (13 for BIS, or 14 for NOAA) or use the default value of "ALL".
FUND CODE[9999]	Four digit numeric code assigned to a fund. User may enter a specific value for an active fund, or use the default value of "ALL".
FR GL END DAT[DD-MON-YYYY]	This field defaults to blank, which means "ALL". The user may enter a valid GL_End_Date in this field to exclude data entered in GL periods prior to this date.
TO GL END DAT[DD-MON-YYYY]	This field defaults to blank, which means "ALL". The user may enter a valid GL_End_Date in this field to exclude data entered in GL periods subsequent to this date.
REQUESTOR FLAG[Y/N/ALL]	This field defaults to "Y" but may be changed by the user. Valid values are:
	"Y" – Requester approved
	"N" – Requester not approved
	"ALL" – both approved and not approved
MANAGER FLAG[Y/N/ALL]	This field defaults to "N" but may be changed by the user. Valid values are:
	"Y" – Manager approved
	"N" – Manager not approved
	"ALL" – Both approved and not approved
DESCR[NOT LIKE NFC%/ALL]	This field defaults to "NFC%" but may be changed by the user. Valid values are:
	"NFC%" – Excludes GL005 entries with "NFC" as the first three characters in the description field.
	"ALL" – Includes all GL005 entries regardless of the description.
	Note: Changing the default to "ALL" with both the Requester and Manager Approval set to "Y", will retrieve extremely large amounts of data.

Parameter	Description
FROM TRANS NO	This field defaults to blank, which means "ALL". The user may enter a valid Trans_No (GJ number) in this field to exclude GJ's entered prior to this Trans_no.
TO TRANS NO	This field defaults to blank, which means "ALL". The user may enter a valid Trans_No (GJ number) in this field to exclude GJ's entered subsequent to this Trans_no.

Note – None of the Quick Reports contain a list of values. The user must know the values they wish to search on. These reports also run against the current CFS tables, which contain the most up-to-date information – unlike Data Warehouse which is a previous day copy.

2.2 GL GJ Review Report (QR0079) Report Contents

Column	Description
GJ NO	Displays the GJ Control Trans Number

MGR APRV	Displays the GJ Control Manager Approval Flag
MANAGER	Displays the GJ Control Manager By (the name of the manager approving the GJ)
MGR DATE	Displays the GJ Control Manager Date (the manager approval date)
TC	Displays the GJ Detail Trans Code
FCFY	Displays the GJ Detail Fund Code Fiscal Year
FD	Displays the GJ Detail Fund Code
PROJECT	Displays the GJ Detail Project Code
TASK	Displays the GJ Detail Task Code
ORG1	Displays the GJ Detail Org1 Code
ORG2	Displays the GJ Detail Org2 Code
ORG3	Displays the GJ Detail Org3 Code
ORG4	Displays the GJ Detail Org4 Code
ORG5	Displays the GJ Detail Org5 Code
ORG6	Displays the GJ Detail Org6 Code
ORG7	Displays the GJ Detail Org7 Code
OBJ1	Displays the GJ Detail Object1 Code
OBJ2	Displays the GJ Detail Object2 Code
OBJ3	Displays the GJ Detail Object3 Code
OBJ4	Displays the GJ Detail Object4 Code
AMOUNT	Displays the GJ Detail Amount
FIN	Displays the GJ Detail Financing Flag
224	Displays the GJ Detail Sf224 Required flag
ALC	Displays the GJ Detail Agency Location Code
TYPE	Displays the GJ Detail Cash Trans Type
ACCOMP	Displays the GJ Detail Accomplished Date
DOC SOURCE	Displays the GJ Detail Document Source

Column	Description
DOC TYPE	Displays the GJ Detail Document Type
DOC NO	Displays the GJ Detail Document No
REL NO	Displays the GJ Detail Release No
C/O	Displays the GJ Detail Change Order No
ITEM NO	Displays the GJ Detail Item No
MDL	Displays the GJ Detail Line No
SOURCE REF	Displays the GJ Detail Reference No
C/V	Displays the GJ Detail Source Code
C/V NO	Displays the GJ Detail Customer No (or Vendor No)
C/V ID	Displays the GJ Detail Contact No
ACCT	Displays the GJ Detail Account No
SUB	Displays the GJ Detail Sub Account No
DEBIT	Displays the GJ Detail Debit Amount
CREDIT	Displays the GJ Detail Credit Amount
STAT UNIT	Displays the GJ Detail Stat Unit Code
STAT QTY	Displays the GJ Detail Stat Unit Qty
BU	Displays the GJ Detail Bureau Code
