Stanley, 1960

Brad, 1963

a family tradition

At the tip of Texas, the lush, subtropical Rio Grande Valley produces the world's finest grapefruit & oranges, helped by abundant sunshine, warm Gulf breezes, and rich delta soils.

A fifth generation citrus family, the Crocketts have been in the citrus business since the 1920s. After studying Agriculture, Stanley B. Crockett, Sr. moved from Rea, Missouri to the Valley. He worked for two citrus developers, promoting investment opportunities to out of state folks to buy land in the valley and plant citrus. In 1936, he planted his first 200 acres with more than 14,000 grapefruit and orange trees on it. Nurtured by his love for growing citrus and his years in horticulture, those orchards, and many after, thrived under his care. In 1961, his son Brad Crockett, Jr. blessed with the same passion for citrus, decided the family should share their sweet tree-ripened citrus and began shipping gift fruit nationwide. Today, Brad's son Allan, his wife, their sons and their families work side by side continuing the Crockett tradition, sending the same fragrant, delicious grapefruit and oranges.

Here at Crockett Farms, we want to thank each of you for your patronage. As our family continues to grow, we are thankful to be celebrating our 62nd year of offering you only the finest, fully tree-ripened, Rio Grande Valley Ruby Red Grapefruit and Texas Sweet Oranges for your gift giving enjoyment. Selected for their natural sweetness and picked at the peak of perfection, never from cold storage, the citrus is hand packed and shipped straight from our sun-drenched orchards to your door for guaranteed freshness... every time! This year we have added many new and unique gift selections for you to enjoy and share.

We invite you to take a minute and browse through the pages of this year's delightful holiday selections... make your choices and call toll-free at 1 (800) 580-1900, visit us online at www.crockettfarms.com or fill out the enclosed order form and mail it back.

From all of us here at Crockett Farms... we wish you a very Happy Holiday Season! - *The Crockett Family*

CITRUS SEASON

Our citrus shipping season usually runs from mid-November to early April. We begin shipping as soon as the fruit ripens to our high standards and we stop when it is too mature to meet these same standards. We will not ship before we think the fruit is ready or after we feel it has past its prime.

ORDER EARLY

Thanksgiving orders must be received by **November 13th**, Hanukkah orders by **November 30th**, and Christmas orders by **December 12th**. Orders received after these dates may not arrive in time, respectively. Expedited shipping is available for additional fee per package. Again, please order early!

SHIPPING DATES FOR CHRISTMAS GIFTS

We suggest that this be left to our discretion; we will ship in ample time for arrival before Christmas. Provided, of course, that you place your order with us by or before **December 12th**. We cannot promise Christmas delivery after that date, but, we will do our best with your understanding of our policy. Our last Christmas trucks depart around December 19th. If you select Christmas delivery, and your order is received too late to be included on one of our last minute trucks, your recipients will be notified by mail that they have a Christmas gift from you which will arrive in January. We do not ship between December 20th and about January 8th, due to the delays associated with the holidays. We do our best to honor our guaranteed delivery dates, however, we cannot be held responsible for delayed deliveries due to inclement weather or failures of the over-burdened nationwide shipping system. Claims for such events will be examined in good faith, on a case-by-case basis.

DELIVERY

...is by SmartPost (a joint delivery service of USPS and FedEx) for all but a few select items, which must be sent via UPS or FedEx. If you wish your citrus to be shipped via another method, please call. SmartPost shipments are forwarded from the Rio Grande Valley under temperature controlled conditions in straight-through trucks to major hubs near the final destinations. This is the only practical method for sending perishable citrus packages to individual addresses.

It is fast and safe and saves you money, allowing us to only charge \$10.95 s/h per package shipped, regardless of its size or destination. But, it does limit our freedom in scheduling. For this reason, we only ship once monthly, with the exception of December.

Alaska shipments will incur 2nd Day express charges. Please call for rates.

We cannot ship produce to Hawaii, Canada, APO or FPO addresses.

OUR CITRUS

We ship the finest top 10% of Tree-Ripened Texas Red Grapefruit and Sun-Ripened Texas Oranges to you, as long as they are available. We ship Navel Oranges until they run out. At that time, we switch to the next sweetest orange that is in season. Most all of our Oranges are seedless. However, "seedless" is a relative term and means there are very few seeds compared to heavily seeded varieties.

We hand pick and hand select each piece of fruit that goes into your package. It is picked at the peak of maturity and is ready to be eaten promptly. Our fresh citrus fruit is extremely perishable and should be opened and unpacked from the shipping carton immediately when it is received. A copy of our care instructions and guarantee is included in each package.

GIFT MESSAGES & INSERTS

Each gift we send will clearly indicate who it is from on the label. There is also enough space for a brief greeting or message. Please limit your greeting to 80 characters, including spaces. However, you may provide to us your personalized greeting cards, business cards or gift inserts. We will gladly include them in your gift packages.

CORPORATE ORDERS

Let us help you with your gift selections and list management. We are happy to include your custom cards, inserts, or add personalized messages to each gift box upon request. Call our corporate gift specialist for more details at **1 (800) 580-1900** or email **orders@crockettffarms.com**.

SUBSTITUTIONS

In rare circumstances, we may need to make a substitution to your order due to weather or item availability. Be assured that the item we substitute will be of equal or greater value than the item you ordered.

NOTE: Availability and Prices are subject to change without notice.
