VegaFina F2 Stalk Cut Limited Edition 2017

VEGAFINA FORTALEZA 2
STALK CUT
 ▶ UNIQUE FROM BEGINNING TO END ◀

This new VegaFina limited edition was developed by the Grupo de Maestros of Tabacalera de Garcia, and gets its name from a different tobacco-harvesting method in which the entire stalk is cut and hung to dry in the tobacco barns. A technique that allows the tobacco to retain its natural nutrients to yield richer and more flavorful leaves.

The result is a full-bodied cigar of intense taste with sweet notes and a special woody and toasted aroma, lightly reminiscent of cedar and coffee.
