This handbook is intended to serve as a tool and reference for students as they consider their academic and career options. The purpose of this student handbook is to orient students and keep them acquainted with the specific requirements for their Bachelor's degree in Child and Adolescent Development. This handbook is not a replacement for personal responsibility or frequent advising, which should be sought out regularly through the College of Education Student Success Center.

Section 1 –Child and Adolescent Development Program

1.1 Mission Statement for CHAD

Child and Adolescent Development is the study of the biological, physical, socio-emotional, and cognitive growth and development of the child from conception through emerging adulthood. Using theory, empirical research, and practice, this rigorous academic program prepares students to work as agents of social change with diverse populations of children, adolescents, emerging adults, and families in a variety of areas, including education, advocacy, research, policy, counseling, and/or other settings.

1.2 Concentrations in the CHAD BA Degree

Students pursuing a Bachelor's degree in CHAD must choose one of two concentrations: a) Elementary Contexts, or b) Social and Community Contexts. Although many Core requirements overlap and thus students in either concentration are well-prepared to work with children, adolescents, young adults, and families, the concentration provides additional application and expertise in the specific context chosen. Please look through concentration requirements and speak with a faculty advisor to determine which concentration is right for you.

1.3 Careers in Child and Adolescent Development

Child and Adolescent Development students primarily pursue careers or graduate studies in educational settings or social and community contexts, including elementary school teaching, preschool teaching and administration, child-care and after-school employment, parent education, or work in social service, non-profit and community agencies. Students who wish to earn the California Child Development permit (for preschool/day care teaching or administration) while obtaining their BA should talk with an advisor for current information about this permit.

1.4 Related Graduate or Professional programs building on the CHAD BA

1.4.1 MA/MS/Ph.D.: Related areas of graduate study after obtaining the BA in Child Development include (but are not limited to): Child/Human Development* or Developmental Psychology, Counseling* (Marriage and Family, Career, School, Vocational Rehabilitation), Education* (e.g., Behavioral Sciences, Curriculum and Instruction, Language and Literacy, Educational Leadership), Teaching and Teaching Credentials,* Law School, Public Policy and Administration, Psychology, Nursing or Health Sciences, Recreation, Parks and Tourism or Social Work.

1.4.2 Teaching credentials: Students who intend to pursue teaching credentials must fulfill content knowledge requirements. For **Multiple Subjects** (elementary school), **Special Education**, mild/moderate or moderate/severe, two sets of requirements must be fulfilled: 1) California Basic Skills (take CBEST exam or fulfill using GE coursework), and 2) Subject Matter Competency (take 3-sections of CSET test or fulfill any/all three by using specific coursework). Note that Special Education, early childhood, does not require the latter subject matter competency. To add **Bilingual Authorization** to your credential, you may take some courses as an undergraduate. Child and Adolescent Development students planning a career in elementary or special education should work with an advisor to select general education courses recommended to fulfill these requirements.

Section 2 – Core Program Requirements

2.1 General policies

- Units required for the major: 47-48
- A grade of "C-" or higher is required for all courses used to satisfy requirements in the Child and Adolescent Development major, including electives or courses outside this program.
- Transfer students from community colleges and four-year universities may apply transferable units to requirements for the CHAD BA degree, if included in assist.org or approved by an advisor. Please see an advisor to have your transcripts evaluated.
- Units required to graduate (with all GE/GRs): 120
- Depending on the courses and concentration, some lower division units may be used to satisfy major requirements (never exceeding 9 total units, consult with advisor for your concentration maximum). These may be taken at CSUS or transferred from community college per approval of an advisor.

2.2 Core courses required (note this does not include required *concentration* courses)

Core CHAD Requirements (30 units)
30 or 35 (3) - Human Development OR Child and Adolescent Development
101 (1) – Career and Major Exploration in Child and Adolescent Development
123 (4) - Qualitative Methods in Human Development with lab
133 (4) - Quantitative Methods in Human Development with lab
131 (3) - Language Development
135 (3) – Culture and Human Development
137 (3) - Cognitive Development
138 (3) - Social and Emotional Development
156 (3) - Child and Adolescent Development in Context
190 (3) - Capstone in Child and Adolescent Development

2.3 CHAD Core Program Learning Outcomes

When they graduate with a CHAD BA, students will be able to:

Goal 1: Knowledge in the Discipline

- 1.1 Identify and explain major theoretical and methodological perspectives used in developmental practices and research in a variety of contexts.
- 1.2 Identify and explain processes of physical, cognitive, language, social and emotional development in context from infancy to adulthood.

- 1.3 Apply theory and research to enhance understanding of individual variations in human development (e.g., cross cultural, biological and social influences).
- 1.4 Understand and apply the processes or interactions between community settings and other ecological contexts to support the developmental trajectories of diverse children, adolescents, and emerging adults
- 1.5 Identify and interrogate systemic disparities in opportunities for development of diverse individuals

Goal 2: Modes of Inquiry

- 2.1 Differentiate between qualitative and quantitative research frameworks in human development.
- 2.2 Identify valid information to augment discipline-based inquiry in human development.
- 2.3 Use technological tools and critical thinking in the location, analysis, application and evaluation of research, theory and issues in human development.
- 2.4 Explain principles of ethics used in research methodology in human development.
- 2.5 Apply principles of ethics in writing and communication processes.

Goal 3: Communication in the Discipline

- 3.1 Write and communicate using current American Psychological Association format and style.
- 3.2 Use appropriate, relevant and compelling evidence of human development to articulate ideas and present knowledge.

Goal 4: Civic and Cultural Knowledge and Competence

- 4.1 Explain culturally informed approaches to a variety of critical, cultural, and socio-political academic and applied contexts within the field of human development.
- 4.2 Collaborate with peers, faculty and/or community partners to engage in civil discourse, creative thinking and problem solving in academic and community settings.
- 4.3 Recognize culturally relevant civic and community issues to inform engagement, leadership, and responsible advocacy in developmental community-based learning experiences.
- 4.4 Use a theoretical framework of human development to apply and analyze responsibility and advocacy in professional and career contexts.
- 4.5 Distinguish how human behavior and development are culturally constructed and how this influences daily activities and choices with the developing person.

Goal 5: Professional and Career Knowledge and Behaviors

- 5.1 Identify professional, career and educational opportunities in the field of human development.
- 5.2 Apply knowledge of developmental concepts, theories, and research, through engagement in mediated field experiences.
- 5.3 Explain and critique personal positionality and how that influences individual, professional, and academic attitudes and behaviors.
- 5.4 Practice discipline-specific professional ethics and responsibility in academic and/or field experiences.
- 5.5 Assess and design actions (e.g., programs or policy) in collaboration with community stakeholders and youth to promote wellbeing
- 5.6 Identify and assess strengths of children, adolescents, and emerging adults as well as community resources related to development

Section 3 – CHAD BA, Concentration in Social and Community Contexts (SC)

3.1 Description

The concentration in Social and Community Contexts seeks to prepare students to support developmental trajectories of children, adolescents, and emerging adults through application of theory and research into practice with diverse community settings. This concentration fosters students' abilities to apply ecological perspectives and engage in ethical and reflective practices within the local and professional community. Graduates will be able to communicate developmental research to various audiences and collaborate with community stakeholders that provide resources to support the strengths of diverse individuals.

3.2 Social and Community Contexts Concentration Learning Outcomes

In addition to the overall CHAD program learning outcomes, students in the SC concentration will be able to:

- Understand and apply the processes or interactions between community settings and other ecological contexts to support the developmental trajectories of diverse children, adolescents, and emerging adults
- Distinguish how concepts about children's behavior and development are culturally constructed and how culture influences interactions involving children, adolescents and emerging adults
- Identify and assess strengths of children, adolescents, and emerging adults as well as community resources related to development
- Assess and design actions (e.g., programs or policy) in collaboration with community stakeholders and youth to promote wellbeing
- Identify and interrogate systemic disparities in opportunities for development of diverse individuals

3.3 Careers

The concentration is appropriate for students interested in working with diverse groups of children, adolescents, emerging adults, and families in community, social, government or counseling settings and/or for advanced degree and professional programs.

3.4 CHAD-SCC Course Requirements (also see advising sheet on next page)

Complete all 30 units of Core Requirements for CHAD + 18 units for SC Concentration

Required Courses within the concentration (9 units)	
<ul style="list-style-type: none"> • CHAD 30C (3) Human Development & Fieldwork in Social & Community Contexts (can be replaced by CHAD 35E or 35F or equivalent if transfer or changing concentration) • CHAD 146 (3) Protective & Risk Factors in Youth Development • CHAD 147 (3) Influences of Public Policy on Children & Adolescents 	
Developmental Depth (choose 6 units/2 classes from the following)	
<ul style="list-style-type: none"> • CHAD 130 (3) Parent Education • CHAD 139 (3) Educational Play: Theory & Practice • CHAD 142 (3) Learning & Memory • CHAD 143 (3) Mind and Brain in Developmental Context (also fulfills Area B upper division GE) • CHAD 157 (3) Infant and Toddler Development • CHAD 172 (3) Identity Development 	
General Electives (choose 1 course from the following)	
Note: This list includes a variety of possible elective courses. Because many of these are required courses in other programs, we cannot guarantee your enrollment in a particular elective course.	
ANTH 101 (Cultural Diversity)	EDUC 165 (Sex Role Stereotyping in American Education)
ART 133 (Art Education for Children)	EDUC 172 (Introduction to Hmong Literacy)

 See CHDV webpage for approved CHDV Developmental Depth Electives & General Electives.
 CHDV 141, CHDV 145 and CDHV 143 can overlap between Major & GE requirements

TOTAL = 120 UNITS

Section 4 – Educational Contexts (ED)

4.1 Description

The concentration in Educational Contexts seeks to prepare students to understand and apply developmental perspectives and engage in ethical and reflective practices within the educational context. Recognizing that a developmental perspective is essential to effective teaching, the concentration prepares students to consider the diverse physical, cognitive, cultural, linguistic, behavioral, social, and emotional needs of children and their families in the teaching and learning process. Students will be able to utilize developmental research and theory in their teaching practices to support student learning in various educational contexts.

4.2 Educational Contexts Concentration Learning Outcomes

In addition to the overall CHAD program learning outcomes, students in the SCC concentration will be able to:

- Describe how to apply developmental principles in diverse educational settings
- Discuss theoretical perspectives of pedagogy
- Analyze and translate developmental principles into teaching practice
- Identify how developmental knowledge of a specific age group (i.e., infant/toddler, childhood/adolescent) and understanding of developmental research methods are relevant to specific educational settings
- Recognize and scrutinize the processes or interactions between educational settings and other social settings and other ecological levels

4.3 Careers

This concentration is appropriate for students interested in working in educational settings with individuals from birth to emerging adulthood, including early care, preschool, elementary school, and special education, and/or for advanced degree and professional programs. Depending on the career trajectory chosen, additional professional training and/or exams may be required (e.g., Child Development Permit, Teaching Credential, CBEST, CSET).

4.4 CHAD-ED Course Requirements (also see advising sheet on next page)

Complete all 30 units of Core Requirements for CHAD + 18 units for ED Concentration

<i>Required Courses within the concentration (9 units)</i>
<ul style="list-style-type: none">• CHAD 35E or CHDV 35F (3) Field Experience in Human Development and Early Childhood or Elementary (CHAD 30C will be accepted if changing concentrations)• CHAD 136 (3) Developmental Experiences, Methods & Curriculum• CHAD 150 (3) Language and Literacy in the Classroom
<i>Specialization (choose one set of 9 units)</i>
OPTION 1: <i>Teaching Credentials Specialization</i> (Elementary and/or Special Education) <ul style="list-style-type: none">○ EDUC 170 (3), AND○ EDUC 100A (2), AND○ EDUC 100B (1), AND○ PUBH 136 (2) OR KINS 172 (3)
OPTION 2: <i>Early Childhood Specialization</i> (e.g., Child Development Permits) <ul style="list-style-type: none">○ CHAD 23 (3), AND○ CHAD 157 (3), AND○ Choose 3 units: CHAD 31*(3), CHAD 32* (3), CHAD 139 (3), CHAD 140* (3) or early childhood education course approved by an advisor <p><i>*required for CHAD Administration Permit</i></p>

SACRAMENTO STATE

Section 5 – Minors in the CHAD Program

5.1 Minor in Child and Adolescent Development

5.1.1 Eligibility requirements

Students in any major other than Child and Adolescent Development may enroll in this minor by making an appointment at the College of Education Student Success Center to complete the “Add Minor” form.

5.1.2 Description

The purpose of this minor is to prepare students to work as agents of social change with diverse populations of children, adolescents, emerging adults, and families in a variety of settings.

5.1.3 Course requirements

- 19 units required to complete the minor
- A minimum grade of C- or higher is required for all courses in the minor

(3)	CHAD 030	Human Development OR
	CHAD 035	Child and Adolescent Development
(3)	CHAD 131	Language Development (prereq: CHDV 133, may be taken concurrently)
(4)	CHAD 133	Quantitative Methods in Human Development (prereq: CHDV 030 or CHDV 035; completion of 45 total units credit); NOTE: May take CHDV 128
(3)	CHAD 137*	Cognitive Development (prereq: CHDV 133)
(3)	CHAD 138*	Social and Emotional Development (prereq: CHDV 133)

(3) Elective: Choose one additional CHAD course or one from below. It is strongly urged that students select courses that will assist them in preparation for their intended career choice.

ANTH 101 (Cultural Diversity)	EDUC 170 (Bilingual Education)
ART 133 (Art Education for Children)	EDUC 171 (Bilingualism in the Classroom)
EDUC 100A/B (Educating Students w/ Disabilities...with lab)	EDUC 172 (Introduction to Hmong Literacy)
EDUC 120 (Literature For Children)	ETHN 100 (Ethnic America)
EDUC 121 (Multicultural Children's Literature)	FACS 156 (Child Life and Family-Centered Care)
EDUC 124 A/B Tutoring Children in Math	FSHD/COMS 108 (Family Communication)
EDUC 125 A/B Tutoring Children in Reading	HRS 161 (Multicultural America)
EDUC 155 (Introduction to Counseling)	KINS 172 (Movement Education)
EDUC 156 (Power, Privilege and Self Identity in Counseling)	PUBH 136 (Health Education)
EDUC 157 (Child and Family Psychopathology)	STAT 1 (Introduction to Statistics)
EDUC 160 (Urban Education)	SWRK102 (Crosscultural Theory and Practice: Issues of Race, Gender and Class)
EDUC 165 (Sex Role Stereotyping in American Education)	

5.1.4 CHAD Minor Objectives

Students will:

1. Identify and explain major theoretical and methodological perspectives used in developmental practices and research in a variety of contexts.
2. Identify and explain processes of physical, cognitive, language, social and emotional development in context from infancy to adulthood.
3. Apply theory and research to enhance understanding of individual variations in human

development (e.g., cross cultural, biological and social influences).

4. Apply principles of ethics in writing and communication processes.

5. Identify valid information to augment discipline-based inquiry in human development.

6. Explain culturally informed approaches to a variety of critical, cultural, and socio-political academic and applied contexts within the field of human development.

7. Explain and critique personal positionality and how that influences individual, professional, and academic attitudes and behaviors.

5.2 Minor in Counseling

5.2.1 Eligibility requirements

Students in any major may enroll in this minor by making an appointment at the College of Education Student Success Center to complete the “Add Minor” form. Students also completing the CHAD major may only overlap up to 10 units and may not use EDUC courses toward the major.

5.2.2 Description

The Counseling minor consists of 10 upper division units of Child and Adolescent Development coursework and 9 upper division units of Counseling coursework (EDUC). Students will critically examine the theory and research on social and emotional development, and specifically explore the role of the family context in developmental processes, with specific attention to dynamic family processes within the larger society. Students will explore the career of counseling, and the cultural, social, and emotional factors that contribute to unhealthy psychological adjustment and abnormal behavior within developmental and social contexts.

5.2.3 Counseling Minor Objectives

Students will:

1. describe and critically examine the theory and research on social and emotional development
2. identify the role of the family context in developmental processes, with specific attention to dynamic family processes within the larger society.
3. apply knowledge of child and adolescent development to the career of counseling and the cultural, social, and emotional factors that contribute to unhealthy psychological adjustment and abnormal behavior within developmental and social contexts.

5.2.4 Course requirements

- 19 units required to complete the minor
 - A minimum grade of C- or higher is required for all courses in the minor
- | | | |
|-----|----------|--|
| (4) | CHAD 133 | Research in Human Development (CHDV 30 or CHDV 35; completion of 45 total units)
NOTE: May take CHDV 128 if not a CHAD major |
| (3) | CHAD 156 | Child and Adolescent Development in Context (formerly CHDV 196U) |
| (3) | CHAD 138 | Social and Emotional Development (CHDV 133) |
| (3) | EDUC 155 | Introduction to Counseling |
| (3) | EDUC 156 | Power, Privilege and Self Identity in Counseling |
| (3) | EDUC 157 | Child and Family Psychopathology (CHDV 30, CHDV 35, or PSYC 2) |

Section 6 – CHAD Program Policies and Procedures

6.1. Advising

It is important that each student visit the Student Success Center in Eureka 437 during the first semester of enrollment in child and adolescent development courses, or when selecting child and adolescent development as a major. The SSC provides appointments through <https://www.csus.edu/college/education/student-support/>. Be sure to choose the College of Education, Child Development advising to receive appropriate assistance. If you are referred to a faculty advisor, please check their office hours. Office hours for individual faculty can be found online, in EUR 401, or on each faculty advisor's door (contact information in on page ii of this document).

6.2 Registration

6.2.1 **SCHEDULING GROUPS** Talk to your advisor about signing up for scheduling groups to guarantee course assignments and streamline your graduation. You must enroll every semester, prior to the posted deadlines.

6.2.2 **WAITLISTS** are used to track students' enrollment interests and may be used to add additional sections of courses if needed. Your number on the waitlist is meaningful; however, the program and instructor have final say over adds by using program priorities.

6.2.3 **ENROLLMENT ISSUES** If you have trouble enrolling in a course that appears to have space, but the system is not recognizing your valid prerequisite or status, use [this form](#) to alert staff so you can be enrolled. Note this form should only be completed only when you are eligible to register and the form is not available when registration is closed.

6.3 Paperwork

The Child Development program has developed many tools to help guide you on your way toward your B.A. While they should not substitute for visiting your academic advisor, many of these documents and informational items, as well as important forms and outlines of departmental and university policies are available to you on our website (www.csus.edu/coe/academics/undergraduate).

6.3.1 **CHANGE OF MAJOR or DECLARE MAJOR** forms are to be completed in consultation with an advisor. Please make an appointment at the SSC (link above) for advising and completion of the OnBase form.

6.3.2 **GRADUATION APPLICATIONS** are completed online through your Student Center. You should complete this application after you have completed 85 units. It impacts your registration priority, so be sure to apply on time.

6.3.3 **COURSE SUBSTITUTION FORMS** can be completed in consultation with an advisor. An advisor can complete this online during your appointment. If you take any courses you wish to use as substitutions for required courses or approved electives and they are not articulated in assist.org, you must work with an advisor to submit an OnBase form.

6.3.4 **ADD** Once courses have started, open registration in CHAD is generally closed and OnBase add forms must be used to enroll in CHAD courses. Once the instructor has agreed to add you to the course, complete the online form to be added.

6.3.5 **DROP/WITHDRAW/INCOMPLETE** are different processes used when a class needs to be removed from your schedule.

You may readily **drop** on your own during the first two weeks of the semester in your Student Center. These dropped courses will not appear anywhere on your transcript.

After this, contact your instructor and complete the OnBase form to be dropped from the course. Courses dropped during Weeks 3-4 will also not appear anywhere on your transcript. After Week 5 of the semester, drops are called **withdrawals** and will still be listed on your transcript with the “grade” of W. Those viewing your transcripts will see these grades and some graduate institutions consider them as Fs. You can petition to have them removed for the first semester in which you earned W grades--be mindful of deadlines to make this happen.

Some instructors will assign “WU” (**withdrawal unauthorized**) if you don’t drop a course but clearly stopped attending early in the semester. WU is viewed similarly on your transcripts.

Incomplete may be awarded if you fit within university and program policy and your instructor agrees to give you an incomplete. Incompletes are given when you have completed a majority of the work of the semester, have earned passing grades on work submitted thus far, and you have appropriate reasons for not completing your work. In this case, you request this grade from your instructor and work out a plan for completion with a deadline. If you do not fulfill the requirements, your grade will revert to “F” at the end of one calendar year from the start date of the semester in which the course was taken.

Section 7 – Sacramento State University Policies and Procedures

7.1 Academic Policies

For a complete explanation of academic policies such as academic integrity and the Hornet Honor Code, grading practices and policies, and course and transcript information, see <https://catalog.csus.edu/academic-policies/> .

Several university forms can be found here <https://www.csus.edu/student-affairs/centers-programs/student-services-center/forms.html> . Some of the more common forms may include:

7.1.1 Leave of absence

If you miss more than one semester, you must file for a leave of absence to avoid being dismissed from the university.

7.1.2 Excess Units Petition

If you wish to take more units than permitted for your class standing, complete the form on this page before attempting to enroll.

7.2 Student Resources

7.2.1 Sacramento State wants to ensure you have basic needs met. Please go here for some of the resources available to you: <https://www.csus.edu/student-affairs/crisis-assistance-resource-education-support/resources.html> .

7.2.2 Services for general advising, registrar, and financial aid can be accessed through links to this page: <https://www.csus.edu/student-affairs/centers-programs/student-services-center/>

7.2.3 Additional student resources, such as disability services, can be accessed here: <https://www.csus.edu/experience/student-success/student-support-services/> .
