For the Owner

**Re: *Addendum No. 2***  
***Meter Reading System Replacement***  
***Village of Brewster***

Date: March 30, 2020

This Addendum forms a part of the contract documents and modifies the original bidding documents dated March 2020 and all previous addenda, if any. Acknowledge receipt of this addendum in the space provided in the bid forms. Failure to do so may subject the bidder to disqualification.

### **QUESTIONS AND ANSWERS**

Q1) Is the village on the same model Sensus throughout? And is that model/manufacture date information available so we can verify compatibility?

A1) The majority of Village water meters are Senseus SR2s. The remaining are Sensue SR meters. The Village is in the process of changing out the SRs and will replace with SR2's.

Q2) Is it possible to get meter location data so we can provide a RF Design?

A2) See enclosed Meter Info.

Q3) In light of the current situation the world is facing with Covid-19, is it possible you will accept digital responses to this RFP?

A3) At this time the Village is only accepting drops offs or mail ins for the bid opening on April 15, 2020 at 1:00 p.m.

RLM:mep

Enclosure
