VALUES

Access - Success - Excellence

LOCATION

Cuesta College, the “home” college of the entire county of San Luis Obispo, operates two campuses within the San Luis Obispo County Community College District and offers an evening program of course work at the Arroyo Grande Center at Arroyo Grande High School.

The San Luis Obispo Campus is located in the Chorro Valley between the cities of San Luis Obispo and Morro Bay on California’s beautiful, coast-hugging Highway One. Here the college has a permanent campus on 150 district-owned acres, leased facilities on adjacent California National Guard property, and a 75-acre field campus.

The North County Campus sits on 105 acres among the rolling hills of Paso Robles on Buena Vista Drive near the junction of Highway 101 and Highway 46 East.

San Luis Obispo County is well known for its outstanding recreational features such as stream, lake, and ocean sports and an extensive park system.

OVERVIEW

HISTORY

The original junior or community college in San Luis Obispo County was initiated as a postgraduate division of San Luis Obispo High School in 1916 and remained in operation until the United States entered into World War I. In 1936, the San Luis Obispo High School District again formed a junior college, which remained in operation until June 1959.

On April 16, 1963, San Luis Obispo County voters approved the formation of a countywide junior college district, serving seven public high school districts. The newly-formed San Luis Obispo County Junior College District served the Arroyo Grande Union High School District, Atascadero Union High School District, Coast Joint Union High School District, Paso Robles Joint Union High School District, San Luis Obispo Union High School District, Shandon Joint Union School District and Templeton Union High School District.

During the 1964-65 college year, the San Luis Obispo County Junior College District offered a limited evening division program with 463 students registering for the fall semester and 696 enrolling for the spring semester. Temporary quarters were established at Camp San Luis Obispo, a California National Guard facility located halfway between San Luis Obispo and Morro Bay. Classes and offices were situated in refurbished barracks, recreation rooms, and mess halls.

Despite the District’s modest beginnings, 917 day students and 991 evening students were enrolled in classes by the fall of 1965. Evening division classes also were conducted at three other locations in the county - Arroyo Grande, Atascadero, and Paso Robles. On October 4, 1965, the Board of Trustees of the San Luis Obispo County Junior College District named the new college “Cuesta College.” In 1971, the “junior” college district was renamed to “community college.”

In 1970, ground was broken for the college’s first permanent buildings, located on a 150-acre campus west of Camp San Luis Obispo. During the following 40 years, classroom buildings, a library, observatory, student center, art and music lab building, art gallery, high tech learning center, children’s center, performing arts center, and office spaces were constructed on the San Luis Obispo campus. By spring 2012, the student population on the San Luis Obispo Campus decreased to 8,000 students due to severe reduction in state funding.

Cuesta College has a long history, which dates back to the late 1960s. It is a history of teaching at off-campus instructional sites. Through the years, Cuesta has taught in Cambria, Morro Bay, Atascadero, Shandon, Paso Robles, Templeton, Arroyo Grande, and Nipomo.

In fall 1998, the college opened the North County Campus on its 105-acre site in Paso Robles. The campus, built almost exclusively with private gift support, has grown from 1,200 students the first semester to 3,000 day and evening students in spring 2012. The site began with modular buildings to be used until permanent buildings were approved by the state. In the summer of 2005, the first permanent building opened to students: The Fox Family Building. This building houses Allied Health, Math, and Science. The college broke ground for a second permanent building in spring 2010: The North County Campus Learning Resource Center. The Learning Resource Center was completed in fall 2011 and began serving students in spring 2012. The building was named in honor of donors Dale and Mary Schwartz and dedicated May 24, 2012.

The South County Center is an off-campus evening instructional site at Arroyo Grande High School, provided in cooperation with the Lucia Mar Unified School District. During the spring 2012 semester, 600 evening students were served at this site.

Cuesta College now serves more than 11,000 students at all college locations. The college has become a center for community use by individuals, families, and community groups on an extended-day and year-round basis.

EVENING CLASSES

A varied schedule of college credit and non-credit classes is provided in the evening. In addition to classes housed in the regular facilities on the San Luis Obispo and North County campuses, evening classes are offered at Arroyo Grande High School, Paso Robles High School, Templeton High School and other common locations. These classes parallel all other Cuesta College classes in college credit value, prerequisites, standards, content, time devoted to preparation of assignment, and examination. Attendance and withdrawal rules, scholarship standards, and requirements for graduation with an Associate in Arts or Associate in Science degree are the same as for a regular semester.

SUMMER SESSION

The summer session offers a varied schedule of classes. Attendance and withdrawal rules, scholarship standards, and requirements for graduation with an Associate in Arts or Associate in Science degree are the same as for a regular semester but deadlines are based on the shorter summer schedule.

NON-CREDIT

Cuesta College offers a variety of non-credit classes in five areas:

1. Short-term vocational classes designed for upgrading job skills;
2. Wellness classes designed to enhance an individual's physical fitness;
3. English as a Second Language classes designed for community members whose native language is not English;
4. Citizenship classes designed for community members seeking to become U.S. citizens.

LIBRARIES

The Cuesta College Libraries on the San Luis Obispo Campus and the North County Campus support the educational program of the college. Books, periodical subscriptions and audiovisual materials are closely coordinated with curriculum offerings. Holdings include general education and vocational education materials, and other resources for updating and increasing skills and knowledge.

Through an electronic information system, students can search the Cuesta College library catalog to determine what is owned and whether it is checked out. In addition, students can search indexes of periodicals, some of which include full text of the articles, and use the Internet to connect to catalogs of other libraries and other sources of information wherever they may be located. Remote searches of the Cuesta College Library catalog and databases can be performed over the Internet at <http://library.cuesta.edu>.

To assist students and community residents with their informational and research needs, librarians are available at the Reference desk on the San Luis Obispo Campus whenever the library is open and designated hours at the North County Campus. College librarians hold advanced degrees and as part of the college faculty teach research skills and help students locate the best resources for their educational needs.

Library facilities include areas for studying, photocopying, computer use, viewing audio/visual materials and library instruction. Comfortable surroundings invite leisurely browsing, reading and viewing, and provide a quiet place for contemplation and learning.

To borrow library materials, students must show photo identification. Community residents must show a current I.D. with local street address to use a courtesy library card.

Open computer labs on the San Luis Obispo and the North County campuses are provided for academic use only. Workstations are equipped with most software taught at Cuesta so that students can work on class projects outside scheduled lecture and lab times for their courses. One lab on each campus is adjacent to or in the Library. Smaller and more specialized labs are also available on the San Luis Campus on a more limited basis.

- The International Student Admission Application must be completed and submitted by the admission deadline to allow for processing and forwarding of the student's I-20. The student may then apply to his or her embassy to obtain the F-1 visa to study at Cuesta College.

Applications periods are:

- The international student admission requirements must be met before the I-20 can be issued by the Admissions staff. The International Admission Application and supporting forms may be found on the Cuesta College website under International Student Admission.

- F-1 students currently attending another accredited post secondary institution in the United States may apply to transfer their I-20 to Cuesta College. Transferring F-1 international students will be required to confirm their academic standing and eligibility to transfer prior to acceptance. Cuesta College reserves the right to deny admission to an international student who is not in good academic standing at their current institution.
- International students, who have been issued an I-20 and have received an F-1 Visa to study at Cuesta College, must attend the international student orientation prior to enrolling in courses.
- Students, who received an I-20 to attend Cuesta College, but never enroll in the term, will be reported to US Immigration and Customs, within 30 days of the start of the term. This reporting invalidates their I-20 and F-1 visa. Students who are "no-shows" must reapply to Cuesta College.

Certificate of Financial Responsibility

Students must show evidence of ability to pay non-resident fees and must maintain a minimum of 12 credits a semester. Completion of a financial certificate is required to verify that the student has sufficient financial resources for physical maintenance, housing, and educational costs for the duration of their studies at Cuesta College.

Test of English as a Foreign Language (TOEFL)

Classes are conducted in English; therefore, it is necessary to be proficient in reading, writing, and speaking the English language. For this reason, Cuesta College requires all international (F-1) students applying for admission to submit proof of passing the Test of English as a Foreign Language (TOEFL) with a score of 500 or better.

Transcripts of International Student Academic Records

Students must provide certified transcripts of academic records achieved during all prior high school and college attendance. Transcripts must be translated into English and must bear the school seal and be signed by the registrar or other appropriate official. For credits from accredited international colleges or universities to be used toward an associate degree or transfer general education certification, the records must be evaluated by a recognized credential evaluation service. Transcripts must be evaluated prior to admission.

Health Certification and Insurance

The prospective applicant must provide a certificate of a negative skin test or a chest X-ray for tuberculosis. Certification of current health insurance coverage which covers accident or illness while in the U.S. will be required.

WHO MAY ATTEND?

The college shall admit students who meet one of the following requirements and who are capable of benefiting from the instruction offered:

- Students 18 years of age or older without a high school diploma, or equivalent, are eligible for provisional admission to Cuesta College.

Students under the age of 18 without a high school diploma, or equivalent, who are not currently enrolled in a secondary institution, are not eligible for admission to Cuesta College. A denied applicant may make an appeal to the Superintendent/President, or designee.

ADMISSION EXCEPTION FOR SPECIAL PART-TIME STUDENTS (ENRICHMENT STUDENTS):

- An exception to the college admission policy may be made for a pupil currently enrolled in grades 6-8 who has been certified as "highly gifted" by their school district. (Board Policy 5010) A "highly gifted" pupil is defined by Title 5, section 52201(b), as follows:
- "Highly gifted pupil" means a gifted and talented pupil who has achieved a measured intelligence quotient of 150 or more points on an assessment of intelligence administered by qualified personnel or has demonstrated extraordinary aptitude and achievement in language arts, mathematics, science, or other academic subjects, as evaluated and confirmed by both the pupil's teacher and principal. Highly gifted pupils shall generally constitute not more than 1 percent of the K-12 pupil population."

A pupil currently enrolled in grades 6-8, whose request for concurrent admission or enrollment has been denied by the Director of Admissions and Records, may appeal the decision to the Vice President of Student Services, or designee, for the following reasons:

- The student is certified as "highly gifted" as defined by Title 5, 52201(b), and is not otherwise eligible to attend Cuesta College.
- The student is certified as "highly gifted" and requests enrollment in more than nine (9.0) credits for fall or spring, or more than five (5.0) credits for the summer session.

The Vice President of Student Services, or designee, will review the appeal and supporting documentation and issue a written finding within 30 days of receipt of the appeal. If the appeal is denied, the student may appeal to the Superintendent/President. The Superintendent/President, or designee, will review the student's appeal, supporting documentation,

and findings of the Vice President of Student Services and issue a decision within 30 days of receipt of the appeal. The decision of the Superintendent/President is final.

STEP 2 – FINANCIAL AID

Financial Aid refers to funds made available to students for educational expenses. These funds come from a number of different sources, each having its own set of requirements.

Board of Governor's Fee Waiver Guide (BOGW) 2011-2012

Students may apply for the Board of Governor's Fee Waiver (BOGW) to cover the cost of enrollment fees. Applications are available in the Financial Aid Office. Completed BOGW applications must be submitted to the Financial Aid Office.

Prerequisite: Students must submit an admissions application to Cuesta College, be a California resident as determined by the Admissions Office, and must qualify under income and need criteria according to federal and/or state guidelines. Students who are exempted from paying nonresident tuition under Education Code Section 68130.5 are not California residents.

NOTE: Enrichment students enrolled in less than 12 credits are not eligible for BOGW as their registration fees have been waived through a local school consortium agreement.

BOGW types defined:

BOGW "A": Awarded to students with documentation on file in the Financial Aid Office as receiving one of the following types of public assistance: TANF/CalWORKS, SSI, SSP, GA, eligible for the Veterans Dependent Fee Waiver, recipient of the Congressional Medal of Honor or a child of a recipient, a dependent of a victim of the September 11, 2001 terrorist attack, or a dependent of deceased law enforcement/fire suppression personnel killed in the line of duty.

BOGW "B": Awarded to students whose 2010 income was within qualifying income guidelines.

BOGW "C": Awarded to students who applied on the 2011-2012 Free Application for Federal Student Aid (FAFSA) and were eligible according to federal and/or state guidelines.

If you are eligible for a BOGW, what does the BOGW do for you?

- It waives your unit enrollment for the entire academic year (fall and spring terms and summer session). There is no limit to the number of credits covered.
- If you apply and are eligible for the BOGW after you have paid your registration fees, only your enrollment fee will be reimbursed. The BOGW can only reimburse you for the number of credits in which you are enrolled at the time of the refund. If a BOGW is awarded after the end of a term, it will reimburse you for the terms within the 2011-2012 school year (fall 2011, spring 2012 and summer 2012).

Other Financial Aid Available

The Financial Aid Office also administers the Federal Pell Grant, the Federal Academic Competitive Grant, the Federal Direct Loan Program, the Federal SEOG, Federal Work Study, Cal Grant B and C, and campus-based scholarships.

Cuesta College recommends use of the Free Application for Federal Student Aid (FAFSA). FAFSA applications are available in the Financial Aid Office beginning January preceding the academic year in which a student plans to attend. A student who filed a 2011/2012 FAFSA by March 2, 2012, is given priority in awarding for the 2011/2012 academic year. FAFSA applications are available on line at www.fafsa.gov.

Student Educational Plan (SEP)/Orientation Certificate

The Financial Aid Office will notify students about submitting a Student Educational Plan (SEP). When notified by Financial Aid, schedule a counseling appointment in order to complete your matriculation planning process and Student Educational Plan (SEP). Contact the San Luis Obispo Campus, (805) 546-3138, or Student Services at the North County Campus, (805) 591-6241, to make an appointment.

IF YOU ARE A TRANSFER STUDENT, or you have attended other school(s) since high school, you will need to:

1. Request that your academic transcripts, plus a general education pattern from all previous colleges you have attended, be forwarded to the Cuesta College Records Office.
2. Verify with a campus registration center to confirm that Cuesta has received all of your academic transcripts.
3. Make an appointment with an academic counselor at the Counseling Office.

Ability to Benefit

In order to qualify for financial aid, any person 18 years of age or older who has not earned a high school diploma, or has not received a satisfactory GED score, or has not passed the high school proficiency test, or has not successfully completed six or more college units that apply toward a degree or certificate must demonstrate evidence of the ability to benefit from community college classes.

An Ability to Benefit (ATB) assessment test is administered through Cuesta Assessment Services on the San Luis campus, or at the North County Campus. Visit the Assessment Services web site for dates and times of ATB tests and schedule an appointment. In the San Luis Obispo area, the GED test is offered through the San Luis Coastal Unified School District, (805) 544-9090.

Selective Service Requirement

Federal law requires men, 18 through 25 years old, to register with the Selective Service System (SSS). Females are excluded from the requirement. Registration forms are available at any post office, at the Cuesta College Admissions and Records Office, and at the Financial Aid Office; or males may register online by visiting the SSS web page at www.sss.gov.

CAUTION – Return of Title IV Funds Policy

The Higher Education Amendments of 1998, Public Law 105-244, substantially changed the way funds paid toward a student's education are handled when a recipient of Federal Title IV Funds completely withdraws from school. Final regulations, published November 1, 1999, implemented these statutory requirements:

- A statutory schedule for all Title IV students who withdrew will be used to determine the amount of Title IV funds a student has earned as of the date he/she ceases attendance.
- The amount of Title IV Program assistance earned is based on the amount of time the student spent in academic attendance; it has no relationship to the student's incurred institutional charges.
- These requirements deal only with Title IV funds: Pell Grant, Supplemental Educational Opportunity Grant, subsidized and unsubsidized student loans. Federal Work Study is NOT included in this calculation.

Up through the 60% point in each payment period, a pro rata schedule is used to determine the amount of Title IV funds the student has earned at the time of withdrawal. After the 60% point in each payment period, the student has earned all of the disbursed Title IV funds.

If you stay in school until July 7, 2011, and then completely withdraw, you will not be billed for any funds disbursed to you. However, your satisfactory academic progress for future financial aid will be affected.

If you received financial aid and earned all F's or a combination of F's and W's, under the Higher Education Amendments of 1998, you may be required to repay some of the financial aid received.

The U.S. Department of Education will assume that the student completed only 50% of the semester. In order for that student to earn the full amount of financial aid received, the student must have attended classes through the 60% point of the semester.

In order to verify the student's attendance past the 60% point, our office will send a letter requesting a copy of one of the following items dated on or after the 60% point of the semester:

- Graded Quiz
- Graded Test
- Graded Assignment
- Letter from your Instructor

If the student does not submit the above proof, we will be required to bill that student for the remaining unearned funds.

The State Refund Policy is explained in Title 5 of the California Code of Regulations. The regulation states that 100% of the enrollment fee will be refunded during the first two weeks of the term. After the second week of the term, no refund will be due.

If you are thinking of withdrawing or just leaving... please, think again.

See a counselor or advisor immediately to discuss your academic or personal reasons for leaving. Perhaps you can stay but take fewer courses. There are services (such as tutoring or personal support) to help you succeed in your educational endeavor. Talk to your teachers; see what advice and help they can offer.

Don't leave unless you must. But if you must leave, please take care of business before you go.

Begin the withdrawal process with the Admissions and Records Office.

Go to the Financial Aid Office immediately. Find out how much you will owe and how to repay your debt.

Please work with the Financial Aid Office.

You may arrange for regular payments with the federal government without losing your student aid eligibility. If you leave without taking

care of this business and you owe money, the Financial Aid Office is required to place a national hold on your student aid eligibility.

STEP 3 – TRANSCRIPTS (NON-NATIVE)

Official transcripts from all other institutions must be submitted to Cuesta College Records Office prior to enrollment. Lower division (freshman/sophomore level) coursework from regionally-accredited colleges and universities will be evaluated and may be transferred to Cuesta College to meet certificate requirements, degree requirements, and requirements for transfer certification. If non-native credits are from a college or university on the quarter system, these credits will be converted to semester credits (quarter credits/1.5=semester credits).

Non-native coursework will be evaluated based on regional accreditation standards using the grades received at that institution. Cuesta College considers a grade of C- as substandard and eligible for repetition.

Transcripts submitted prior to 1998 were not archived and will need to be resubmitted. Official (sealed) copies of transcripts from colleges, universities and high schools attended should be submitted to:

Cuesta College Records Office
PO Box 8106
San Luis Obispo, CA 93403-8106

Transcripts should be submitted ahead of registration, in time for academic advising and prerequisite clearance. Final official transcripts, showing all coursework and grades received, must be received before GE certifications and degree and certificate evaluations may be completed. Transcripts are evaluated based on the AACRAO guidelines for regionally-accredited post-secondary institutions.

Upon application for the associate degree or transfer certification (Certificate of Achievement), non-native coursework credits will be included and reviewed with the Cuesta College student record. Applications for the associate degree and transfer certification are available in the Admissions and Records Office or website at <http://academic.cuesta.edu/admrrreg/evaluati.htm>.

Transcripts submitted to Cuesta College become the property of Cuesta College and will not be released to students, other colleges, or agencies. Plan to request a personal copy from your former college or university if you need one for your records.

STEP 4 – ASSESSMENT

Assessment test placement results will assist students with appropriate course selection and may be used to satisfy mandatory course prerequisites. The English assessment consists of a 50 minute written essay. The math assessment is computerized and is untimed. Both are given free of cost.

Assessment tests on the San Luis Obispo campus are offered on a walk-in basis in the Assessment Office, Building 3400, Room 3414. On the North County Campus, sign-ups through Student Services, Building N3000, (805) 591-6210, are required for English assessments and math assessments are given on a walk-in basis in room N5004. Please visit our Assessment Services website to view available test dates. Prior to taking the assessment test, you must be a current Cuesta student or have a submitted a Cuesta College admission application and know your Cuesta student ID or Social Security number.

First-Time College Student

First-time college students are expected to complete their English and math assessment tests prior to registering for courses. Placement levels are determined based upon assessment test results AND evaluation of course completion in high school. It is essential for students to submit high

school transcripts in order to receive accurate placement scores.

If you have not received a final grade in your current high school math course before your assessment test, the last fully completed math course with a "C" or better grade will be used to calculate your math placement at Cuesta. Upon completion of your final high school math course you may submit a transcript with your final course grade and your assessment placement will be recalculated.

Official high school transcripts will automatically be evaluated for the transcript component of our mandatory math and English assessment and placement process. If you have not already submitted an official high school transcript, please bring one to your assessment session. A copy of your transcript can be used for prerequisite/assessment purposes but official transcripts should be submitted to the records office for other evaluation purposes.

It may take up to six weeks for official transcripts to be received and processed by the Cuesta College Records Office. For most immediate processing and placement determination, please provide a copy of your transcript before or at the time of your assessment.

Disabled Student Accommodation

Special accommodations are given to students with verified disabilities according to California Education Code Title 5 regulations. Accommodations are made on an individual basis and must be made prior to testing through the Disabled Students Programs and Services director. For more information, call Disabled Student Programs and Services (DSPS) at (805) 546-3148 (SLO campus) or (805) 591-6215 (NC campus) or visit the DSPS office on either campus. In order to receive examination accommodations for assessment testing as a qualified DSPS student, prior verification of disability is required.

Alternatives to Assessment Testing

Assessment is mandatory if results are required to meet a course prerequisite. You may be exempt from assessment testing if you meet one of the following exemptions or alternatives:

- If you are not taking courses which require math or English prerequisites.
- If you have already completed college coursework equal to our math and English course prerequisites and have submitted a prerequisite clearance request form A.
- If you have already taken a placement test at another California Community College, UC or CSU campus and submitted your scores along with your high school transcript (Math Assessment scores are valid for 18 months. After that, you must take our math assessment).
- If you want to register directly into our Academic Skills math course (ACSK 075) or any of our English Academic Skills courses (ACSK 030A, 032, 036, 050, 055, 058)

Test scores may be faxed to (805) 546-3113 or mailed to the Cuesta College Assessment office, PO Box 8106, San Luis Obispo CA 93403-8106.

STEP 5 – PREREQUISITES/CO-REQUISITES

Prerequisites, corequisites, and advisories are intended to enhance a student’s chance of success in a desired course. If a student does not meet prerequisites or corequisites for a course, as listed in the class schedule, the student may not be allowed to enroll or remain enrolled in that course. Successful completion of a prerequisite or corequisite course is achieved by a final course grade of “C” or better.

Cuesta students enrolled in prerequisite courses at the time of registration for the upcoming term will be allowed to enroll in the next level course without knowing the final grade in their current course. A grade of “C” or better must be earned in the prerequisite course to meet the prerequisite requirement. Students that do not successfully complete prerequisite courses will be administratively dropped from the higher level course once grades are final and have been posted.

Transfer Students

In order to use prerequisite coursework completed at another college, students must submit a Prerequisite Clearance Request Form A along with a copy of their transcripts prior to registering for classes. Prerequisite Clearance Request forms can be found at the Prerequisite Office, Counseling Department, or on the prerequisite website: <http://academic.cuesta.edu/matric/prereqs/>.

Submit forms in one of the following ways:

If students would like to use official transcripts that were already sent to Cuesta, please note that it may take up to six weeks for official transcripts to be received and processed by Cuesta’s Records Office. For most immediate clearance, please include a copy of your transcript with your clearance request.

FORM A – Prerequisite Clearance Request: to be used to clear prerequisites with coursework completed at an institution other than Cuesta.

FORM B – Prerequisite Challenge: to be used to clear prerequisites that

have been met through means other than course completion (previous knowledge, work experience, licensing). Student is responsible for providing evidence to support the claim and must get signatures from the appropriate department chair before prerequisite clearances can be processed.

FORM C – Prerequisite Clearance Request for Physics: to be used for Physics prerequisites completed at an institution other than Cuesta. Student is responsible for attaining the appropriate signatures from the Physical Science department chairperson before prerequisite clearances can be processed.

STEP 7 – REGISTRATION

Priority Registration

To comply with legislative mandates, regulate the availability of limited class space, provide for fairness, and facilitate the registration process, procedures to provide priority registration for students on the basis of need are established through Board Policy 5055.

Priority to register online through myCuesta Banner Self-Service is given to continuing Cuesta College students by random alpha access dates and times, based on the number of credits completed at Cuesta College. A continuing student is defined as a student enrolled after the third week of, or received a grade, in the previous term. Students who withdraw from all classes by the drop without a “W” deadline in the prior term and Special Part-time Enrichment students are not considered continuing students and do not have priority to register. Credits completed at other colleges are not included in the priority calculation.

Students in specific programs identified by Board Policy have early priority to register. These programs are: CalWORKS, Extended Opportunity Programs and Services (EOPS), Disabled Student Programs and Services (DSPS), Foster Youth, Associated Students of Cuesta College (ASCC) officers, Athletics, Facilitator Assisted Learning (FL), Reentry, pre-nursing candidates and veteran students. Contact program staff for specific requirements.

For the fall term only, graduating seniors from local (San Luis Obispo County) high schools who complete the admission application by the deadline and complete the matriculation process receive an early priority to register. Contact your high school counselor for more information.

Visit the Cuesta web site for priority registration dates at: <http://academic.cuesta.edu/admreg/regoffice.htm>

Challenge: A student may challenge their registration priority by petition with the Vice President of Student Services or designee. To be considered, the challenge must include validation of special circumstances and need.

Enrollment Limitations

A student’s ability to enroll in a course may be limited or restricted by the following:

- The student has not met the Cuesta admissions policy.
- The student has received disciplinary action by the District.

- The student is on Academic or Progress Dismissal, excluding summer session.
 - A Transfer Student to Cuesta College, from another post secondary institution, whose stated goal includes: obtaining a degree, certificate, or transfer, and who was on academic probation or dismissal from their previous institution shall, if admitted, be immediately placed on academic probation.
- The student has not met prerequisites and co-requisites requirements for a course.
- The student has a previous debt or obligation to the District.

COURSE ADD AND DROP POLICY

It is the student's responsibility to add and drop courses by the deadlines posted on the Cuesta web site, in the online Class Finder, and the enrolled student's myCuesta Class Schedule/Receipt. Summer session classes are considered short term courses for add and drop deadlines.

Adding Courses

Students may add classes online by the add deadline, which is the day prior to the census date. The census date is the date course enrollment is reported to the State for apportionment funding. Once a course begins, only the instructor may authorize enrollment by issuing the student an add code if there are seats available in the course at the first class meeting. Add codes must be entered by the student online in myCuesta within the add deadline to officially enroll in a course.

To add a course online, students login to myCuesta at my.cuesta.edu and go to the Student tab and My Web Services channel. In the Registration folder, go to "Register Add/Drop Classes" and enter the 5-digit course reference number (CRN) for the course by clicking "Submit Changes." The student may enter the 4-digit add code in the box provided and click "Validate" to register after the course begins within the add deadline. Students may also add classes in-person at a registration center and must provide photo identification.

- Full-term course add deadline: The day prior to the posted census date, which is the end of the 2nd week of the term.
- Short-term or Summer course add deadline: Within 20% of the course or the day prior to the posted census date.

Readmit

A student who was inadvertently dropped by an instructor may be allowed to be readmitted/re-added beyond the normal add deadline with instructor approval. The deadline to be readmitted is by the end of the 12th week of the term or within 60% of a short-term or Summer course. Readmit Cards are available at any registration center.

Transfer

Instructor or department-arranged transfers will be allowed beyond the normal add deadline for students transferring from one course reference number (CRN) to another of the exact same course or to a lower or higher level class in established prerequisite levels of the same discipline. The deadline to be transferred is by the end of the 12th week of the term or within 60% of a short-term or Summer course. Transfer Cards are available at any registration center and require both instructors' signatures of approval.

Registration fees for the original CRN to be dropped will be credited while fees associated for the course to be added will be assessed to the student's account.

Dropping Courses

Students may drop courses online within specified deadlines to receive a refund, to drop without a "W" for withdrawal symbol, or to drop with a "W" for withdrawal on their academic record. Students are not dropped by the college for non-payment of fees. ***Students will be held financially responsible for fees related to classes not dropped within the refund deadlines.***

To drop a course online, students login to myCuesta at my.cuesta.edu and go to the Student tab and My Web Services channel. In the Registration folder, go to "Register Add/Drop Classes" and use the drop-down menu beside the course to select the drop option then click "Submit Changes." Students may also drop classes in-person at a registration center and must provide photo identification.

Dropping Course for a Full Refund

Students must drop a course by the Sunday before the start of the term or prior to the first class meeting of a short term or Summer course to receive a full refund of fees, less a \$10.00 processing fee. A written request for a refund must be submitted to the Cashier's Office by the end of the 4th week of the term or by the end of the following week after a short-term or Summer course ends. No notation (grade or symbol) will be posted on the student's academic record when a course is dropped within refund deadlines.

Dropping Course for a Partial Refund

The student will receive a partial refund for a course dropped on or after the first class meeting and within the last day to drop for a refund deadline. The last day to drop with a refund deadline is posted in the online Class Finder by clicking on the CRN and appears on an enrolled student's myCuesta Class Schedule/Receipt. The deadline is calculated as within 10% of a short-term course or the end of the 2nd week (Sunday) for a full-term course.

A partial refund is the enrollment fee and Associated Student's Auditorium (Student Center) fee, less a \$10.00 processing fee. The student is responsible for paying all other registration fees associated with a course. See the Fees section of the schedule for more information. A written request for a refund must be submitted to the Cashier's Office by the end of the 4th week of the term or by the end of the following week after a short-term course ends (includes summer course.) No notation (grade or symbol) will be posted on the student's academic record when a course is dropped within refund deadlines.

Dropping a Course without a W for Withdrawal

No notation (grade or symbol) will be posted on a student's academic record if a course is dropped by the last day to drop without a "W" which is the end of the second week of the term for a full-term course or within 20% of a short-term or Summer course. The last day to drop without a "W" deadline is posted in the online Class Finder by clicking on the CRN and appears on an enrolled student's myCuesta Class Schedule/Receipt.

- Students who drop all courses and receive no academic grade or symbol ("W") in a term will not be eligible for priority registration as a continuing student in the next term.
- Full-Time Status: Students who drop below 12 credits for the Fall/Spring term or below 9 credits for the Summer session are no longer considered full-time status which is a requirement for certain programs such as international students, athletics, or veteran's benefits. Contact program administrators for more information.

Dropping Courses with a W for Withdrawal

Students may drop or withdrawal from a course through the end of the 12th week (Sunday) for a full-term course or within 60% or a short term or Summer course and receive a “W” for withdrawal symbol on their academic record. The last day to drop with a “W” deadline is posted in the online Class Finder by clicking on the CRN and appears on an enrolled student’s myCuesta Class Schedule/Receipt.

- A student may earn a no more than a maximum of three (3) withdrawals (“W” symbol) in a non-repeatable course.
- A student is placed on progress probation if the total number of withdrawals, incomplete (“I” symbol) and/or no credit/pass (“NC”/“NP”) credits reach or exceed 50 percent of all attempted credits at Cuesta College. Three consecutive semesters on progress probation may result in dismissal from the college. See the Cuesta College Catalog section under Academic Probation and Dismissal for more information.
- Financial Aid students: A statutory schedule for all Title IV students who withdraw will be used to determine the amount of Title IV funds a student has earned as of the date he/she ceases attendance. A student who receives financial aid and earns all F’s or a combination of F’s and W’s, under the Higher Education Amendments of 1998 may be required to repay some of the financial aid received. Contact the Financial Aid Office for more information or see the Return of Title IV Funds Policy section of the Schedule.

Administrative Withdrawal/Cancelled Classes

Students will be notified by phone and/or mail if administratively dropped or if a class has been cancelled by action of the college. It is the student’s responsibility to submit a refund request form to the Cashier’s Office.

PETITIONS

Certain circumstances may require an approved petition be submitted before the student will be allowed to enroll in a course. Refer to the Cuesta College Catalog for specific information on Records and Grading Policy. Forms and petitions are available online at academic.cuesta.edu/admrrreg/polforms.htm or at any registration center. All registration forms require the student’s signature, identification, and may require additional approval from a college official.

Pass/No Pass (P/NP) Grading Option

For courses identified as a grading option of GP in the online Class Finder or Cuesta College Catalog, the student may change the grading option from a letter grade to Pass/No Pass grading (P/NP) within the first 20 percent of the course. Refer to the Cuesta College Catalog for the Pass/No Pass grading policy. Students are encouraged to consult Counseling staff if they have questions regarding graded courses for degree and transfer requirements.

Credit Overload

A Credit Overload petition is to receive permission to enroll in more than 19 credits in the fall or spring term or in more than 9 credits in the summer. Approval from a Cuesta counselor is required.

Schedule Conflict

Students obtain approve by petition if enrolling in two courses whose meeting times overlap. Course meeting times and days must be clearly noted on the petition. The instructor whose class time will be missed

must document how they will monitor and oversee the time to be made up. Approval signatures from both instructors are required.

REGISTRATION CENTERS

Adds and drops by registered students will be processed at the locations below. South County Center at Arroyo Grande High School is closed during the summer and term breaks.

North County Campus Student Services

Building N3000, (805) 591-6210

San Luis Obispo Campus Student Services

Building 3100, Student Service Center, (805) 546-3955

South County Center

WAITLIST

When priority registration begins for a term, students will have the opportunity to enroll, via the myCuesta web portal, in an available waitlist seat for a closed class. Students must meet all registration requirements for the course, including prerequisites and co-requisites, prior to registering for a waitlist seat. If a student drops and a seat opens, the first waitlisted student will be notified via their myCuesta Student email account and will have 24 hours to register for the class. If you do not register before the notification period expires, you will be removed from the waitlist. Students should monitor their myCuesta student email twice daily, morning and evening. It is the student’s responsibility to register once notified and pay applicable fees owed.

Waitlist Restrictions

Students will be blocked from enrolling in a waitlist seat under the following conditions:

- The student is enrolled in another section of the same course or enrolled in another waitlist seat for the same course.
- The class overlaps in time with other classes already on the student’s schedule, which includes other waitlisted classes.
- The student has a hold.
- The student has not met prerequisite or co-requisite requirements. Courses with “Department Approval” such as PSYT, LVN, EMS that have special admission requirements.
- Cross-listed (CL) courses, such as mediated Math courses.
- The student has exceeded the repeat limits for the course. This includes work-in-progress which occurs if the student is already enrolled in the course in the prior term (spring for summer registration; summer for fall registration) and has not received a final grade.
- The class is not approved on a Permit to Enroll form for an Enrichment student.
- All waitlist seats are filled.

STEP 8 – COUNSELING

The primary goal of Counseling Services is to provide the necessary educational, vocational, and personal support to enable students to succeed at Cuesta College. Students should come for counseling when they need help with any kind of problem that might affect their academic performance. Because course selection is important and four-year college

requirements change frequently, students should consult with a counselor on a regular basis before registering for classes.

Counselors are available by appointment and on a walk-in-basis. Walk-in is best for short-term academic planning, quick questions, referral to college and community services, or emergency problem-solving. Walk-in is on a first-come, first-served basis with the counselor available at that time; it is generally no longer than 15 minutes per student.

Due to the large number of students, there are certain times of the academic year when counseling is available by walk-in only—July, August, December and early January. To avoid the lengthy waits and rushed atmosphere associated with walk-in only, students should plan ahead. To plan for fall semester, make an appointment during spring before the end of April. To plan for spring semester, make an appointment in September or early October.

APPOINTMENTS

Appointments may be scheduled one week in advance, either in person or by phone, and may be made with a specific counselor. During the academic year, counseling assistance is provided for students who enroll in classes at one of the college's other sites.

SERVICES

Orientation

Orientation provides basic information regarding Cuesta College services and programs, as well as student rights and responsibilities. During advisement, a student and a counselor use a student's assessment scores and previous academic history to plan a program of study appropriate to the skill level and educational goal of the student. Orientation/advisement is conducted in group settings.

The Cuesta College new student orientation is designed to help students get off to a good start, learn about the requirements for a certificate, Associate Degree and transfer, as well as policies and procedures of the college. Students may participate in a new student orientation by attending a group orientation at the Cuesta College campus or by completing an online orientation.

Financial Aid students will have completed their required first term Student Education Plan (SEP) by completing either the group orientation at a Cuesta College campus or the online orientation.

- **myCuesta Orientation:** Scheduled group orientation sessions on the Cuesta College campus are offered immediately after the English and math assessment session and are approximately two hours long. Students must submit an admission application prior to signing up for a workshop at www.cccapply.org. Students may sign up for the Great Start orientation online through the Assessment Test site or by contacting the Assessment Office at (805) 546-3951.

- **Online Orientation:** Once an application for admission has been submitted and confirmation has been received, the online orientation is available to all Cuesta College students by logging into my.cuesta.edu. The online orientation allows students to choose their goal (AA, CSU, or UC) and proceed on the appropriate path to accomplish their goal.

- **Local High School Outreach:** Liaisons to local high schools are provided to support the enrollment of local students at Cuesta College.

Exemptions to Orientation

Students may be exempt from participation in orientation if they meet one of the exemption criteria listed below:

- Enrolling in six credits or less;
- Earned an Associate or higher degree;
- Are a non-matriculating K-12 grade student;
- Are concurrently enrolled in another college or university and are receiving matriculation services at that college or university;

Student Educational Plan (SEP)

During a counseling appointment, students may identify their educational goals and develop a long-term academic plan. Prior to making an appointment with a counselor, verify that all official academic transcripts have been received by Cuesta.

Financial Aid Students: All students receiving federal financial aid must submit an SEP to the Financial Aid Office. First-time freshmen students may fulfill their first term SEP requirement by attending an orientation or completing the online orientation in my.cuesta.edu.

Transfer Information (www.assist.org)

ASSIST is an online course planning system developed for prospective community college transfer students. ASSIST provides information about the applicability of community college courses toward UC and CSU General Education and major preparation requirements.

Contact the Transfer Center at (805) 546-3162 for assistance concerning articulation or major requirements.

Completed BOGW applications and documents of income sources must be submitted to the Financial Aid Office before your registration materials are submitted. Refer to the Financial Aid section for BOGW eligibility requirements. If you are a new applicant, fill out the BOGW application. You must reapply each year for consideration. See the forms section of this class schedule for the application.

Non-Resident Tuition

The cost of tuition for international and out-of-state students is in addition to the enrollment fee. If you have questions about residency status, please contact the Admissions Office for assistance.

Health Fee

In accordance with the California Education Code and District policy, Cuesta College has a mandatory health fee. Students, excluding those with the exceptions listed, are required to pay the Health fee each term regardless of the number of credits they are taking. This fee is nonrefundable once the term or session begins and is subject to change per local Board action. The health fee is not an eligible tax credit fee.

Health Fee Exemptions: (Education Code Section 76355)

Associated Students Auditorium (Student Center) Fee

The Associated Students Auditorium fee is designated for the sole purpose of supporting the auditorium and is charged to all students taking classes at the San Luis Obispo Campus. The fee, which is not to exceed \$10.00 per academic year, is based upon the number of credits taken during this period at the rate of \$1.00 per credit. An academic year consists of fall and spring terms.

The following are examples of Associated Students Auditorium fee calculation for a student taking classes on the San Luis Obispo Campus and at another Cuesta College site for one academic year:

FALL TERM

7 credits at San Luis Obispo Campus.....	\$7.00*
3 credits at North County Campus.....	\$0.00
Total.....	\$7.00

SPRING TERM

3 credits at San Luis Obispo Campus.....	\$3.00**

 **Fee partially paid for year

This fee is nonrefundable unless the student drops the associated San Luis Obispo campus class on or before the Sunday prior to the start of the term/session for a full-term course or before the first class meeting for a short-term course.

Associated Students Auditorium (Student Center) Fee Exemptions

The Student Center fee shall not apply to:

- A student enrolled in non-credit courses.

- A student who is a recipient of the benefits under the TANF (Temporary Aid to Needy Families) program, the Supplemental Security Income/State Supplementary Program, or the General Assistance program. To have the fee waived, a student must provide documentation of participation in these programs through the Financial Aid Office prior to registration.
- Students enrolled in courses at North County or South County only.

Student Representation Fee

A vote of the students authorized the collection of a mandatory Student Representation fee from every credit student each term. Monies collected will be used by the student government to advocate and lobby for student legislative issues such as eliminating fee hikes, advocating for adequate child care for student parents, and increasing state funding for community colleges. Other uses include leadership training, meeting with other student leaders and elected officials, and necessary supplies to support students in their advocacy and lobbying efforts.

The fee is charged during the registration process. A student may decline to pay the fee for religious, political, financial, or moral reasons. Students must sign a waiver prior to registration. The fee is nonrefundable once the term or session begins. Forms are available in the Cashier's Office at all campus locations. The form is also available on the Web at academic.cuesta.edu/admrreg/polforms.htm for students to print and complete. The form may be submitted to the Cashier's Office or faxed to (805) 546-3169.

Associated Student Governments are allowed to implement the Student Representation fee according to Education Code 76060.5. The fee helps fund student jobs, student activities, critical campus programs and services, as well as providing discounts within the community. For more information on ASCC Student ID Card benefits, please visit our website academic.cuesta.edu/lead/stuid.html. This optional fee is nonrefundable/nonreversible once the term or session begins. If the ASCC Student ID card is lost, stolen, or mutilated, the student will be provided, free of charge, one replacement during the student's Cuesta career. For any additional cards there is a \$2 replacement fee. Contact the Student Life and Leadership Office at (805) 546-3289 for picture ID dates, times, and information.

Students, who remain enrolled after the refund deadline, are financially responsible for payment of fees even if they drop the class or are dropped by the instructor after the refund deadline. Full Refund

Students must drop a course by the Sunday before the start of the term to receive a full refund of fees, less a \$10.00 processing fee. A written request for a refund must be submitted to the Cashier's Office by the end of the second week of Summer Session.

Partial Refund

The student will receive a partial refund for a course dropped on or after the first class meeting and within the last day to drop for a refund deadline. The last day to drop with a refund deadline is posted in the online Class Finder by clicking on the CRN and appears on an enrolled student's myCuesta Class Schedule/Receipt. A written request for a

refund must be submitted to the Cashier's Office by the end of the second week of Summer Session.

Military Withdrawal

Military withdrawal occurs when a student who is a member of an active or reserve United States military service receives orders compelling a withdrawal from courses. The student must verify such orders with registration staff at the time of the withdrawal. Copies of these orders must be submitted by the student to the cashier with a written refund request. Students withdrawing under this college policy will receive a grade of "MW" for each course from which they withdraw and shall be entitled to a full refund of all enrollment fees paid to the college unless academic credit has been awarded.

Administrative Withdrawal/Cancelled Classes

Full refunds will be authorized for students who are withdrawn from courses by action of the College. If the class is cancelled, a written request for a refund must be submitted by the student to the Cashier. Automatic refunds will not be generated. Refund requests for cancelled classes must be submitted within 30 days of cancellation.

Overpayments (excess fee payments)

If a student overpays registration fees, the amount of the overpayment will be credited to the student's account for the following spring term. The credit may be applied to any additional registration fees incurred.

NOTE: Dropped classes will not generate an overpayment refund. Please refer to "Refunds for Dropped Courses."

TAX CREDIT

Cuesta College, in compliance with the Taxpayer Relief Act (TRA) of 1997, Cuesta College will provide each student enrolled at Cuesta during the 2011 calendar year (spring, summer and fall) with a 1098T form. The 1098T form reports enrollment and fee information charged for the 2011 year and is provided to students who were charged eligible fees for credit courses at Cuesta. Form 1098T will not be sent to students whose eligible fees were waived; who did not submit a Social Security Number or who did not incur eligible debt in 2011 (i.e. BOGW/FA recipients). In January 2012, the form will be sent to the student's address on file with Cuesta at that time.

Students are encouraged to keep their registration receipts to confirm amount of fees paid during the 2011 calendar year, regardless of the term of enrollment. Eligible fees include: enrollment fee, non-resident tuition, student center fee, course fee.

If you have questions about the TRA's Hope Tax Credit and Lifelong Learning Credit:

- Consult your tax preparer
- Review the informational brochure included with the 1098T form
- Access the Cuesta College website Tax Credit Information page
- Access the IRS web site at www.irs.gov.

DISTRICT POLICIES AND REGULATIONS

Students are held individually responsible for the information contained in the Cuesta College Catalog and in the Student Code of Conduct. Failure to read and comply with college regulations will not exempt students from whatever penalties they may incur.

The college reserves the right to make changes, additions and/or deletions to the list of rules and regulations during the school year when deemed necessary by action of the administration and/or Board of Trustees.

ACADEMIC PROBATION AND DISMISSAL

Students who earn unsatisfactory grades may jeopardize their enrollment at Cuesta College. Academic achievement is monitored during the fall and spring semesters excluding summer session. A student is placed on academic probation at the end of a semester if the student's semester grade point average is less than 2.0, or "C average," on a four-point scale.

A student who earns less than a 2.0 GPA for two consecutive semesters is subject to dismissal from the college. For the purpose of this section, semesters are considered consecutive on the basis of the student's pattern of enrollment. For example, a student earning less than a 2.0 in fall 2010 and fall 2011 would be subject to dismissal if the student did not attend Cuesta during spring 2011. Dismissed students are not allowed to attend the subsequent semester. They must "sit out" for one full semester before regaining eligibility for enrollment.

Students are notified of their academic progress/dismissal status through their myCuesta e-mail account at the end of grade processing each semester. Students on academic dismissal may attend a Reinstatement Workshop and agree to their Reinstatement Contract to enroll or remain enrolled in their courses for the subsequent term.

Students, who do not attend a reinstatement workshop will be blocked from enrolling and must "sit out" the following term. Dismissed students who are enrolled in the subsequent term, will be administratively dropped from their courses. Students who choose to "sit-out" one or more terms will need to contact the Admissions & Records Office to be reinstated for their next term. Reinstatement or "sitting out" a semester, does not change the student's academic standing. Once a student's semester GPA is 2.0 (C) or higher the student will be removed from Academic Dismissal.

PROGRESS PROBATION AND DISMISSAL

Students who fail to complete courses in which they enroll may jeopardize their ability to enroll at Cuesta College. Academic progress is monitored during the fall and spring semesters excluding summer session. A student enrolled in a total of 12 credits at Cuesta College is placed on progress probation at the end of a semester if the percentage of all Cuesta College credits in which a student has enrolled, for which entries of "W," "I," and "NP" are recorded, reaches or exceeds 50 percent.

A student placed on progress probation for the third consecutive semester is subject to dismissal from the college.

Students are notified of their progress probation/dismissal status through their myCuesta e-mail account at the end of grade processing each semester. Students on progress dismissal may attend a Reinstatement Workshop and agree to their Reinstatement Contract to enroll or remain enrolled in their courses for the subsequent term.

Students who do not attend a reinstatement workshop will be blocked

from enrolling and must "sit out the following term. Dismissed students who are enrolled in the subsequent term, will be administratively dropped from their courses. Students who choose to "sit-out" one or more terms will need to contact the Admissions & Records Office to be reinstated for their next term.

Reinstatement or "sitting out" a semester, does not change the student's academic standing. A student on progress dismissal shall be removed from probation/dismissal when the percentage of entries of "W", "I", and "NP" recorded drops below 50 percent.

Contact the Office of the Director of Admissions and Records or Director of Counseling for additional information.

ACADEMIC RENEWAL WITHOUT COURSE REPETITION

Previously recorded substandard academic work may be disregarded in the calculation of a student's grade point average if the work is not reflective of the student's present scholastic level of performance.

1. Academic renewal may be applied to two distinct terms/sessions of work and is a one-time irreversible option.
2. Academic renewal cannot be used to disregard prior academic credit or course work which has been applied toward an associate degree or certificate earned at Cuesta College.
3. For any term/session in which course work is to be disregarded, substandard academic work in that term/session will be disregarded, excluding satisfactory academic work.
4. If grade alleviation has already been applied two times for a course included in the requested term/session to be disregarded, the course will not be eligible for academic renewal without repetition and will remain on the academic record. No more than two substandard grades may be alleviated from the calculation of the student's grade point average for a course.
5. A period of at least two years must have elapsed since the completion of the work to be alleviated.
6. To alleviate course work, the student must have:
 1. Completed a minimum of 15 semester credits since the term(s) to be alleviated with at least a 3.0 grade point average; or
 2. Completed 30 semester credits since the term(s) to be alleviated with at least a 2.5 grade point average; or
 3. Completed 45 semester credits since the term(s) to be alleviated with at least a 2.0 grade point average.
7. Recalculation of the grade point average will be used toward qualification for graduation with honors.
8. Academic standing for the term/session(s) will be adjusted.
9. Permanent academic records will be annotated in such a manner that the record of all work remains legible, ensuring a true and complete academic history.

The student initiates the request by filing a Petition for Academic Renewal without Course Repetition in Counseling Services. The petition must be signed by the student and counselor.

- The student must submit official (sealed) transcripts from

all accredited colleges or universities where course work was completed.

- The Director of Counseling will make the final determination for academic renewal without course repetition.
- The petition is forwarded to the Admissions & Records Office for a college evaluator to review all evidence pertaining to the student's petition for academic renewal without course repetition.
- If academic renewal requirements are met, eligible courses will be alleviated from the student's permanent record.
- Calculation of the student's grade point average begins at the first term being alleviated under academic renewal.

Alleviated course work will be annotated on the student's transcript with an "E" for exclusion with a notation of "Academic Renewal" and the substandard grade will be excluded from the student's grade point average calculation.

ATTENDANCE

Normal progress and successful completion of scholastic work depends upon regular attendance. Students are expected to attend all classes and laboratories for which they are registered. Instructors set an attendance policy for each class, and it is the student's responsibility to know and comply with each one. Instructors may drop a student from a class for infractions of the attendance policy. (To assure a seat in the class, students are advised to attend the first class session.)

It is the student's responsibility to officially withdraw from a course which the student is no longer attending. Failure to officially withdraw from a class may result in an "F" or failing grade.

AUTHORITY OF INSTRUCTOR

The Board of Trustees shall establish rules and regulations for student conduct while on campus and/or engaged in any college-sponsored activity.

The Vice President of Student Services or designee shall be responsible for enforcing rules and regulations for all activities of students at times and places when students are under college jurisdiction, except that individual teachers are given the power to suspend students for good cause for the remainder of the subject school day, plus up to one additional class meeting. The Vice President of Student Services or designee is responsible for administering disciplinary functions.

All students are expected to conduct themselves in an acceptable manner while on campus or at off-campus sites and when representing Cuesta College in any off-campus activity. Specific rules and regulations, and applicable penalties for violation of the Student Code of Conduct (California Education Code Title V, sections 66300, 76030, and 76033), are provided in this section. Each student has the responsibility to be aware of college regulations.

Scope of Application

These rules apply to all actions of students of the college on District property and at all activities sponsored by the college or registered student organizations, whether occurring on or off the campuses or other instructional sites.

Standard of Conduct

Students attending Cuesta College assume an obligation to conduct

themselves in a manner compatible with the Student Code of Conduct and Academic Honesty Regulations, and the Student Computer Technology Access Agreement.

An instructor may remove a student for good cause from his or her class for the day of removal and the next class meeting (Educational Code 76032 and 76033). The instructor shall immediately report the removal to the Vice President of Student Services for appropriate action. During the period of removal, a student shall not be returned to the class from which her or she was removed without the concurrence of the instructor of the class.

An instructor may drop from class a student who is neglecting the work of the course.

COURSE LOAD

A full-time student is a student who is enrolled in a minimum of 12 credits per semester (four credits per summer session). Students enrolled in fewer than 12 credits are considered to be less than full-time. Students are limited to a maximum of 19 credits during the fall and spring semesters (nine credits during the summer session), including both day and evening classes. To take more than the maximum number of credits, a student must have an outstanding academic record and must obtain approval from a counselor before registering.

COURSE REPETITION POLICY

Repeatable Course

A repeatable course is identified in the college catalog and online Class Finder as repeatable more than one time.

- The student may petition to enroll in two sections of the same repeatable course if the length of the course is such that a student may enroll in two or more sections of the same course during the same period without being enrolled in more than one section at any given time.
- A student may repeat a course designated as a repeatable course including variable credit open-entry/open-exit courses up to the maximum number of allowed repetitions for that course.
- No more than two substandard grades may be alleviated within the allowable repeat limits for a repeatable course. If a course is repeated two or more times, the first two substandard grades will be excluded in calculating the student's GPA.
- Course repetition will not be allowed in a repeatable activity course beyond the maximum number of allowed repetitions for the course, which may be no more than three (3) terms/sessions.

Non-Repeatable Course

A non-repeatable course is a course in the college catalog that is not identified as repeatable.

- Substandard Grade - a grade of "D+," "D," "D-," "F," "FW," "NP," or "NC."
 - o A student will be permitted to retake a non-repeatable course in which a substandard grade or "W" was earned one time without a petition.
 - o If a student has earned a second substandard grade or "W" in a course, the student must agree and sign a Third Enrollment Agreement to be released to register for the third repetition of a course.

o Each non-repeatable course in which a substandard grade has been earned may be repeated two times only for grade alleviation unless such repetition is provided by District policy. The repeated course must contain the equivalent credit value or higher. The previous grade and credit will be disregarded in calculation of the student's grade point average even if the previous grade was higher.

- Satisfactory Grade – a grade of “A,” “A-,” “B+,” “B,” “B-,” “C+,” “C,” “P,” or “CR.”

o A course in which a satisfactory grade was received may not be repeated unless such repetition is provided for in the official course description or by District policy.

Limitations on Withdrawal (“W” symbol)

Each non-repeatable course in which a “W” has earned may be repeated for a maximum of two times. The student may earn no more than three (3) withdrawals in the same course.

- Military withdrawals (“MW”) do not count against the “W” withdrawal limit.
- A student who has previously earned a maximum of three (3) withdrawals for a course that has a petition approved to repeat may only earn a satisfactory or substandard grade for the course. The student may not earn an additional “W” symbol unless the student demonstrates extenuating circumstances to justify an additional withdrawal for the course.

PETITION TO REPEAT

Students may submit a “Petition to Repeat a Course” under certain circumstances as provided by Title V, California Code of Regulations and Cuesta College Board Policy. Petition approvals are reviewed by the Director of Admissions & Records, the North County Campus Dean, or designee.

Significant Lapse in Time: A student may petition to repeat a course, one time, where a satisfactory grade of “C” or better was earned if:

- the course is in a sequential series established by prerequisites such as math, science, and language courses and a period of two or more years has passed and an additional repetition of the course is essential for review of content in order to successfully advance to the next level;
- the District has established a recency prerequisite for a course or program;
- another institution of higher education to which the student seeks to transfer has established a recency requirement which the student will not be able to satisfy without repeating the course.
- The grade and credit earned will not be included in the calculation of the student's grade point average.

Disabled Student Accommodation

A student may repeat a special class for students with disabilities any number of times as required as a disability-related accommodation under the following circumstances:

- When continuing success of the student in other general and/or special classes is dependent on additional repetitions of a specific special class;

- When additional repetitions of a specific special class are essential to completing a student's preparation for enrollment into other regular or special classes; or

- When the student has a student educational plan which involves a goal other than completion of the special class in question and repetition of the course will further achieve that goal.

- Authorization by Disabled Student Programs and Services (DSPS) staff or a medical professional's recommendation will be required on the petition.

- The grade and credit earned will not be included in the calculation of the student's grade point average each time the course is taken.

Legally Mandated Training

A student may repeat a course any number of times as required to meet a legally mandated training requirement as a condition of continued paid or volunteer employment. The grade and credit will be included in the calculation of the student's grade point average each time the course is taken.

Extenuating Circumstance – Prior Substandard Grades

A student may petition to repeat a course, one time, based on extenuating circumstances in a prior enrollment in which three (3) substandard grades have been earned. Extenuating circumstances are extreme cases of documented, verifiable circumstances beyond the student's control.

- The previous grade and credit earned will be disregarded in the calculation of the student's grade point average if either a substandard or satisfactory grade is earned.

Extenuating Circumstance – Prior Satisfactory Grade

A student may petition to repeat a course, one time, based on extenuating circumstances in a prior enrollment in which a satisfactory grade has been earned. Extenuating circumstances are extreme cases of documented, verifiable circumstances beyond the student's control.

- The grade and credit earned will not be included in the calculation of the student's grade point average each time the course is taken.

ENROLLMENT PRIORITIES

All courses of the District shall be open to enrollment to all eligible students, subject to a registration priority system that may be established. Enrollment also may be limited to students meeting properly validated prerequisites and co-requisites, or due to other, practical considerations.

Definition of student enrollment statuses referenced below:

Continuing Student: was enrolled after the fourth week of, or received a grade, in the previous term.

New First-time Student: never attended Cuesta College prior to the application term.

Former Student: attended Cuesta in the past, but was not enrolled in the term prior to the application term.

Continuing students, who have completed, or are currently enrolled in a minimum of 12 semester credits for Cuesta College degree applicants and 3 semester credits for Cuesta College Certificate applicants; who will complete their remaining AA or AS degree requirements, and/or Certificate requirements within one semester (i.e. apply in fall and complete by end of spring), and have applied for their degree and/or Certificate by the application deadline. Students will receive priority in this classification one time.

PRIORITY 2

First-time students and new re-entry students, will receive this registration priority when they apply and complete one or more components of the matriculation process, which may include assessment, orientation or the completion of the Student Education Plan (SEP).

PRIORITY 7

First-time, former, and transfer students who apply for admission and are not eligible for any other priority, register during the open access registration period.

PRIORITY 8

Special Part-Time Students (Enrichment) concurrently enrolled in grades 9-12, who have completed the admission application, permit to enroll, and have met all course prerequisites, are eligible to enroll during this time.

CHALLENGE

A student may challenge their registration priority by petition with the Vice President of Student Services or designee. To be considered, the challenge must include validation of special circumstances and need.

Enrollment Limitations

A student's ability to enroll in a course may be limited or restricted by the following:

- Enrollment in courses and programs may be limited to students meeting properly
- Established prerequisites and co-requisites.
- Enrollment in courses may be restricted for specified student holds as listed in the college catalog.
- Enrollment in courses by F-1 International students will be restricted until they meet all of the requirements of their application and attend the International Student Orientation.
- Minimum age course requirements for special part-time students.

Enrollment in courses and programs may also be limited due to the following practical considerations:

- Health and safety considerations
- Facility limitations
- Faculty workload
- Availability of qualified instructors
- Funding limitations
- Regional planning
- Legal requirements
- Contractual requirements
- Classroom enrollment caps

FERPA

The Family Education Rights and Privacy Act (FERPA) affords a student certain rights with respect to their education records. These rights include:

- The right to inspect and review their own educational record.
- The right to seek to amend their own educational record.
- The student must make a written request to the Director of Admissions and Records at the San Luis Obispo Campus and provide the names of the records they wish to review or amend. The administrator will respond with the timeframe and location for the materials to be reviewed.
- The right to have some control over the disclosure of information from their educational records. One exception that permits disclosure without consent is the disclosure to school officials with legitimate educational interests. A school official is defined as a person employed by the College in an administrative, supervisory, academic or research, or support staff position (including law enforcement unit personnel and health staff); a person or company with whom the College has contracted as its agent to provide service instead of using College employees or officials (such as an attorney, auditor or collection agent); a person serving on the Board of Trustees; or a student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing her or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibilities for the College.
- The right to file a claim with the U.S. Department of Education concerning alleged failures by the College to comply with the requirements of FERPA. The name and address of the Office that administers FERPA is:

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, SW
Washington, D.C. 20202-5920

Directory Information

At its discretion, Cuesta College may provide “directory information” in accordance with the provisions of the Family Education Rights and Privacy Act of 1974 (FERPA).

Directory information is defined as that information which would not generally be considered harmful or an invasion of privacy if disclosed. Personal identifiers, such as student identification numbers or social security numbers, race/ethnicity, gender, religious preference grades and GPA are not directory information. Cuesta College has identified the following elements as directory information:

- Name
- Field of Study
- Degrees and Certificates Earned
- Dates of Attendance
- Level of Enrollment (# of Credits)

Participation in officially recognized activities and sports

Contact a registration center for information about restricting the release of directory information.

Electronic Files

The Family Educational Rights and Privacy Act does not differentiate between the medium of storage or the method of transmission. There is

no legal difference between the level of protection afforded to physical files over those that are stored or transmitted electronically or in any other form

FINAL EXAMINATIONS

Final examinations will be given in all courses at the end of each semester, short course, or summer session. Dates and times are listed in the schedule of classes and on the Cuesta College website.

GRADING POLICIES

Courses shall be graded using the grading symbols established by Title 5. Effective fall 2008, faculty may use the following evaluative letter-grading symbols:

Symbol Definition
Grade Point (4-Point Scale)

A	4.0 (Excellent)
A-	3.7
B+	3.3
B	3.0 (Good)
B-	2.7
C+	2.3
C	2.0 (Satisfactory)
D+	1.3 (Less than Satisfactory)
D	1.0
D-	0.7
F	0.0 (Failing)

P Passing (At least satisfactory C/2.0) – units awarded are not counted in GPA. “P” has the same meaning as “CR,” as that symbol was defined prior to fall 2008.

NP No Pass (Less than satisfactory C/2.0) – units awarded are not counted in GPA. “NP” has the same meaning as “NC,” as that symbol was defined prior to fall 2008.

I Incomplete – Incomplete academic work for unforeseeable, emergency, and justifiable reasons. Condition for removal of the “I” shall be stated by the instructor in a written record with a copy to the student. The “I” must be made up before the end of the following regular semester or it will be considered as an “F” grade or “NP” if grading option selected. The “I” symbol shall not be used in calculating credits attempted nor for grade points.

IP In Progress – The “IP” symbol shall be used to denote that the class extends beyond the normal end of an academic term. “IP” shall not be used in calculating grade point average.

RD Report Delayed – This symbol is assigned by the Director of Admissions and Records only. It is used when there is a delay in reporting grades by the instructor. This is a temporary notation and is not used in calculating GPA.

W Withdrawal – The “W” symbol is assigned when a student officially withdraws between the beginning of the third and end of the twelfth week of instruction for full semester courses. For courses that are less

than 18 weeks in length, withdrawal must be made during the first 20 percent of the course. (During summer sessions the withdrawal period extends through the fourth week of instruction.) Students who withdraw prior to the second week of instruction for full semester courses, or prior to the completion of the first 20 percent of the course for short courses, shall have no notation (“W” or any other) on their record. The academic record of a student who remains in a class beyond the twelfth week must reflect a symbol other than a “W.”

MW Military Withdrawal – The “MW” symbol is assigned when a student who is a member of an active or reserve United States military service receives orders compelling a withdrawal from courses. Upon verification of such orders, an “MW” may be assigned at any time after the twelfth week deadline for dropping classes. Military withdrawals shall not be counted in progress probation and dismissal calculations.

Grade Changes

After a grade has been issued, only the instructor has the authority to change the grade per California Education Code Section 76224. A student wishing to have a posted grade changed must submit appropriate documentation to the instructor who issued the grade and must request that the grade be changed. Based on an evaluation of the student’s progress in the course and the documentation, the instructor may or may not change the grade. Grade changes must be delivered to the Office of the Director of Admissions and Records by the instructor.

There is a deadline of six months from the date that the grade is posted to initiate a grade change.

Course Grades

Grades are available for viewing within Cuesta College’s student portal, myCuesta, four weeks after the last day of the term. Grades are not sent to students, but an unofficial grade report may be requested by presenting a photo identification card to an Admissions & Records service center staff member at any campus location.

Pass/No Pass

A student may select “pass/no pass” (formerly credit/no credit) through the fourth week of instruction for 18-week courses or, if the course is less than 18 weeks in duration, within the first 20 percent of the course. Students may change back to a letter grade prior to the fourth week or 20 percent deadline. After the fourth week or 20 percent deadline, students may not reverse their pass/no pass grading decision.

- Some general education, degree and certificate course work must be taken for a grade. Consult a counselor or program description. No more than 12 credits of “pass/no pass” may be applied toward the Associate in Arts or Associate in Science degree.
- Courses listed in the schedule as “pass/no pass” grading option may be taken only once for “pass/no pass.” The student may, however, repeat the course for a letter grade.
- Students shall receive a “P” (pass) if, at the end of the semester, a grade of “C” (2.0) or better is earned. The “P” shall, when recorded, add credits completed but shall have no effect on the grade point average.
- Students performing unsatisfactorily (at less than C/2.0) shall receive a “NP” (no pass) which, when recorded, will not increase credits completed and will not be used to calculate the grade point average. However, credits attempted for which an “NP” is recorded shall be considered in academic progress calculations to determine probation and dismissal status.

- Students may only select one course per semester on the “pass/no pass” option. Some courses are graded only on a “pass/no pass” basis. Enrollment in these courses will not affect the student’s right to select one additional class within the guidelines listed above.

- Students repeating a course in which a substandard grade was earned may not request a repeat discount if the pass/no pass grading option was selected for the second attempt.

LIBRARY FINES

Under authority of Section 72237 of the California Education Code, Cuesta College may withhold grades, transcripts, diplomas, and registration privileges from any student who fails to return books or materials to the library when due or have lost or damaged any books or materials.

Students shall have their records released when they:

- Return books or materials
- Pay charges for books or library materials.

MAINTENANCE ALLOW FOR STUDENTS FROM MODOC AND MONO COUNTIES

Students attending Cuesta College from Modoc and specific areas of Mono counties are eligible for a maintenance allowance if they maintain a permanent address in either county and all requirements are met. For information about eligibility requirements, contact the Cuesta College Registration Office at (805) 546-3100, Ext. 2325.

NONDISCRIMINATION IN-DISTRICT

Unlawful Discrimination Procedures

The policy of the San Luis Obispo County Community College District is to provide an educational and employment environment free from unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct or communications constituting sexual harassment.

Employees, students, or other persons acting on behalf of the District who engage in unlawful discrimination as defined in this policy or by state or federal law may be subject to discipline, up to and including discharge, expulsion, or termination of.

In so providing, the San Luis Obispo County Community College District hereby implements the provisions of California Government Code sections 11135 through 11139.5, the Sex Equity in Education Act (Ed. Academic Freedom

The San Luis Obispo County Community College District Board of Trustees reaffirms its commitment to academic freedom, but recognizes that academic freedom does not allow any form of unlawful discrimination. It is recognized that an essential function of education is a probing of opinions and an exploration of ideas that may cause discomfort to some students. It is further recognized that academic freedom insures the faculty's right to teach and the student's right to learn. Finally, nothing in these policies and procedures shall be interpreted to prohibit bona fide academic requirements for a specific community college program, course or activity.

When investigating unlawful discrimination complaints containing issues of academic freedom, the San Luis Obispo County Community College District will consult with a faculty member appointed by the Academic Senate with respect to contemporary practices and standards for course content and delivery.

How to File a Formal Discrimination Complaint

1. A FORMAL COMPLAINT MUST BE INITIATED BY FILLING OUT THE ATTACHED FORM APPROVED BY THE STATE CHANCELLOR'S OFFICE. That form is attached as the last page of board policy 1565, and has the title heading of "Unlawful Discrimination Complaint Form." YOU MUST SEND THAT COMPLETED FORM TO EITHER:

- San Luis Obispo County Community College District, Attn: Executive Director Of Human Resources And Labor Relations, Administration Building, Room 8003, San Luis Obispo, CA 93403-8106; Or
- Chancellor's Office, California Community Colleges, 1102 Q Street, Sacramento, California 95814-6511, Attention: Legal Affairs Division

2. The complaint must allege unlawful discrimination prohibited under Title 5, section 59300.

3. The complaint must be filed by one who alleges that he or she has personally suffered unlawful discrimination or by one who has learned of such unlawful discrimination in his or her official capacity as a faculty member or administrator.

4. In any complaint not involving employment, the complaint must be filed within one year of the date of the alleged unlawful discrimination or within one year of the date on which the complainant knew or should have known of the facts underlying the specific incident or incidents of alleged unlawful discrimination.

5. In any complaint alleging discrimination in employment, the complaint shall be filed within 180 days of the date the alleged unlawful discrimination occurred, except that this period will be extended by no more than 90 days following the expiration of that 180 days if the complainant first obtained knowledge of the facts

of the alleged violation after the expiration of 180 days.

What Happens When a Formal Discrimination Complaint is Filed?

The District will then complete an "Administrative Determination." Within 90 days of receiving an unlawful discrimination complaint filed under Title 5, sections 59300 et seq., the District will complete the investigation and forward a copy of the investigative report (containing the administrative determination) to the State Chancellor, a copy or summary of the report to the complainant, and written notice setting forth all the following to both the complainant and the State Chancellor:

1. The determination as to whether there is probable cause to believe discrimination occurred with respect to each allegation in the complaint;
2. A description of actions taken, if any, to prevent similar problems from occurring in the future;
3. The proposed resolution of the complaint; and
4. The complainant's right to appeal to the District Board of Trustees and the State Chancellor.

REMEDIAL COURSE WORK LIMITATION

A student who has completed 30 credits of remedial course work, but who has not attained full eligibility for college-level work, shall be dismissed from the college and referred to non-credit education courses unless a waiver has been granted.

Remedial course work refers to pre-collegiate basic skills courses designated as non-degree credit courses, the purpose of which is to prepare students for successful completion of associate degrees, transfer, or certificate courses. These courses are specifically designed to meet the needs of underprepared students so that the quality and rigor of the associate degree curriculum is protected.

A waiver of the limitation on remedial course work may be provided to any student who shows significant measurable progress toward the development of skills appropriate to the student's enrollment in college-level courses. Measurable progress is defined by transcripts, pre- and post-test measures, demonstrated progress toward an educational goal sustaining progress of education or social goals and objectives as documented in a Student Educational Plan (SEP). If a waiver is granted, its duration should not exceed one academic year and would normally be of one semester's duration.

Students enrolled in one or more courses of English as a Second Language (ESL) or students identified by the district as having a learning disability are exempt from the 30-semester-credit limitation (California Education Code Title 5, Section 55756.5).

SCHOLASTIC HONORS

Academic Honor List

Students who enroll and complete 12 or more credits and earn a 3.25 grade point average with no grade lower than a "C" will be placed on the Academic Honor List. The student's academic record at Cuesta College will be annotated to reflect this achievement. The achievement is posted under the qualifying semester on the student's academic transcript.

Students in the Registered Nursing Program may make the Academic Honor List using the criteria listed above; however, due to the number of contact hours in this program, an R.N. student will be considered when enrolled in 11 or more credits.

Graduating With Honors

Students who meet the requirements for graduation with a cumulative grade point average of 3.5 to 3.74 qualify for honors recognition.

The graduation grade point average is based on all degree applicable coursework completed at all postsecondary institutions through the term degree requirements are completed. This acknowledgement is posted on the student's diploma and on the academic transcript. Students receiving honors are recognized at commencement with a green cord.

Graduating With High Honors

Students who meet the requirements for graduation with a cumulative grade point average of 3.75 to 4.0 qualify for high honors recognition. The graduation grade point average is based on all degree applicable coursework completed at all postsecondary institutions through the term degree requirements are completed. This acknowledgement is posted on the student's diploma and on the academic transcript. Students receiving high honors are recognized at commencement with a white cord.

Alpha Gamma Sigma (AGS) Honor Society

Alpha Gamma Sigma (AGS) is a state-wide community college student honor society with the purpose of fostering, promoting, maintaining, and recognizing scholarship. In addition, AGS members develop character and civic responsibility through service to AGS, the college, and the community. The Gamma chapter at Cuesta College provides its membership scholarship opportunities, social activities, and leadership-building skills. Membership is based on grade point average. More information may be obtained from the Student Life and Leadership Office. Recognition of AGS membership is posted on Cuesta transcripts. Students with AGS membership are recognized at commencement with a gold cord.

SERVICE ANIMALS

This policy is to provide regulations regarding the use of service animals on District property, to comply with ADA Regulations; and to ensure that an individual with a verifiable disability, visual or not, who needs a service animal may participate in and benefit from District and College services, programs, and activities.

Background

1. Service animals are animals trained to assist individuals with disabilities in the activities of normal living. The Americans with Disabilities Act (ADA) definition of a service animal is “. . . any . . . animal individually trained to do work or perform tasks and functions that a person who is disabled cannot perform for himself or herself, and for the benefit of an individual with a disability, including, but not limited to, guiding individuals with impaired vision, alerting individuals who are hearing impaired to intruders or sounds, providing minimal protection or rescue work, pulling a wheelchair, or fetching dropped items.” If an animal meets this definition, it is considered a service animal regardless of whether it has been licensed or certified by a state or local government or a training program.

2. Regulations implementing Title II of the ADA (28 C.F.R. Section 35.130(b)(7)), California law (Civil Code Section 54 et seq. and Penal Code Section 365.5), and San Luis Obispo County Community College District policy (Board Policy 7965 § VIII) allows service animals to accompany persons with verifiable disabilities onto all Cuesta College campuses or center.

3. This policy differentiates “service animals” from “pets”, describes types of service animals, denotes campus locations that are off-limits to service animals based only on issues of safety, and sets behavioral guidelines for service animals.

Definitions

1. Service Animal: Any animal individually trained to do work or perform tasks for the benefit of a person with a verifiable disability. Service animals are usually dogs. A service animal is sometimes called an assistance animal. If there is a question as to whether an animal is a service animal, contact one of the resources listed below:

- a. Director of Disabled Student Programs and Services;
- b. Director of Public Safety.

2. Partner/Handler: A person with a service or therapy animal. A person with a verifiable disability is called a partner; a person without a disability is called a handler.

3. Team: A person with a verifiable disability (or handler) and his or her service animal. The twosome works as a cohesive team in accomplishing the tasks of everyday living.

4. Trainee: An animal undergoing training to become a service animal. Trainees are permitted on District property, in accordance with regulations addressed above. A trainee will be housebroken and fully socialized. To be fully socialized means the animal will not, except under rare occasions, bark, yip, growl, howl, or make any type of disruptive noises; will have a good temperament and disposition; will not show fear; will not be upset or agitated when it sees another animal; and will not be aggressive. A trainee will be under the control of the handler at all times, who may or may not have a disability. If the trainee begins to show improper behavior, the handler will act immediately to correct the animal or will remove the animal from District property.

5. Therapy Animal: An animal with good temperament and disposition, and who has reliable, predictable behavior, selected to visit people with disabilities or people who are experiencing the frailties of aging or confinement as a therapy tool. The animal may be incorporated as an integral part of a treatment process. A therapy animal does not assist an individual with a disability in the activities of daily living. The therapy animal does not accompany a person with a disability all the time. Thus, a therapy animal is not covered by laws protecting service animals and the rights given to service animals.

6. Pet: A domestic animal kept for pleasure or companionship. Pets are not permitted in College facilities. Permission may be granted only by the Director of Public Safety for a pet to be in a college facility for a specific reason at a specific time (e.g., a pet dog or cat is used as a demonstration tool in a zoology class, speech class, etc.).

Types of Service Animals

1. Service Dog: A dog that has been specially trained as a “Guide Dog”, “Hearing Dog”, “Ssig Dog”, “Seizure Dog”, or “Assistance Dog”.

2. Guide Dog: A dog carefully trained to serve as a travel tool by persons with severe visual impairments or who are blind.

3. Hearing Dog: A dog that has been trained to alert a person

with significant hearing loss or who is deaf when a sound (e.g., a knock on the door) occurs.

4. **Ssig Dog:** A dog trained to assist a person with autism. The dog alerts the partner to distracting repetitive movements common among those with autism, allowing the person to stop the movement (e.g., hand flapping). A person with autism may have problems with sensory input and need the same support services from a dog that a dog might give to a person who is blind or deaf.

5. **Seizure Dog:** A dog trained to assist a person with various types of seizure disorders; how the dog serves the person depends on the person's needs. The dog may stand guard over the person during a seizure, or the dog may go for help. A very few dogs have somehow learned to predict a seizure and warn the person in advance.

6. **Assistance Dog:** A dog that has been specially trained to assist a person who has mobility or health impairment. Types of duties the dog may perform include carrying, fetching, opening doors, ringing doorbells, activating elevator buttons, steadying a person while walking, helping a person up after the person falls, pulling a wheelchair, etc.

Requirements for Faculty, Staff, and Students

1. Allow the service animal to accompany the partner at all times on campus, except where service animals are specifically prohibited, (Section VIII).
2. Do not pet a service animal. Petting a service animal when the animal is working distracts the animal from the task at hand.
3. Do not feed a service animal. The service animal may have specific dietary requirements. Unusual food or food at an unexpected time may cause the animal to become ill.
4. Do not deliberately startle a service animal.
5. Do not separate or attempt to separate a partner/handler from his or her service animal.

Requirements of Service Animals and Their Partner/Handler

1. **Vaccinations:** The animal must be immunized against diseases common to that type of animal. Dogs must have had the general maintenance vaccine series, including but not limited to vaccinations against rabies, distemper, and parvovirus. Other animals must have had the appropriate vaccination series specific for the type of animal, [County Code § 9.08.150, 9.08.170, 9.08.180, 9.08.190]. All vaccinations must be current. Though dogs in San Luis Obispo County are not required to wear or display a rabies vaccination tag, the owner must provide proof of a rabies vaccination upon request.
2. **Licensing:** The County of San Luis Obispo ordinance [§ 9.08.160], following state law requires all dogs be licensed by the time they reach 4 months of age. Guide dogs, hearing dogs, dogs serving mobility-impaired persons, and other service animals receive the license at no cost, [County Code Title IX, § 9.08.260].
3. **Health:** The animal must be in good health, displaying no skin, eye, ear, or nose irritation, infection, or discharge, unless the animal has a release from a veterinarian showing the animal free of any health risk to the public. The animal must be free of fleas and external parasites.
4. **Leash and Control:** The animal must be on a leash at all times.

The partner/handler must be in control of the animal at all times. The care and supervision of a service animal is solely the responsibility of its partner/handler.

5. **Cleanup:** The partner/handler must follow District policy in cleaning up after the animal defecates. District policy requires the partner/handler to: always carry equipment sufficient to clean up the animal's feces whenever the animal and partner/handler are off the partner's property, or animal's home base.

6. **Registration:** A partner/handler who is a District disabled student who wishes to bring a service animal/trainee onto the campus must register his/her animal with the Disabled Student Programs and Services (DSPS) Department. Employees and other partners/handlers who wish to bring service animals onto the campus must register their animals with the Public Safety Office. Visitors with service animals must check in with the Public Safety Office. (See form at <http://academic.cuesta.org/president/BP/BP7000/7985.doc>)

When a Service Animal Can Be Asked to Leave

1. **Disruption:** The partner/handler of an animal that is unruly or disruptive (e.g., barking other than warning or protection, running around, bringing attention to itself) may be asked to remove the animal from District property. If the improper behavior happens repeatedly, the partner/handler may be told not to bring the animal onto District property until the partner/handler takes significant steps to mitigate the behavior. Mitigation can include, but is not limited to, muzzling a barking animal, refresher training for both the animal and the partner/handler, or providing proof of additional certified training from a state licensed facility.
2. **Health:** Service animals that are ill should not be taken into public areas. A partner/handler with an ill animal may be asked to leave the District property.
3. **Uncleanliness:** Partners/handlers with animals that are unclean, noisome and/or bedraggled may be asked to leave District property. An animal that becomes wet or muddy, but is otherwise clean, should be considered a clean animal. Animals that shed in the spring sometimes may look bedraggled. If the animal in question is well groomed, consider the animal tidy even though its spring coat is uneven and messy-appearing or it has become wet from weather or weather-related incidents.

Areas Off Limits to Service Animals

1. **Mechanical Rooms/Custodial Closets:** Mechanical rooms, such as boiler rooms, facility equipment rooms, electric closets, elevator control rooms, and custodial closets are off-limits to service animals. The machinery and/or chemicals in these rooms may be harmful.
2. **Areas Where Protective Gear is Necessary:** Any room where protective gear is worn is off-limits to service animals. Examples impacting students include the foundry, glass laboratory, wood and metal shops, photographic lab, and chemistry or biology labs.
3. **Areas Where There is a Danger to the Service Animal:** Any room, including a classroom, where there are sharp metal cuttings or other sharp objects on the floor or protruding from a surface; where there is hot material on the floor (e.g., molten metal or glass); where there is a high level of dust; or where there is moving machinery is off-limits to all service animals.

Exceptions:

1. A Dean and Division Chair/Director, in consultation with an instructor, may authorize opening a laboratory to service animals.
2. A Dean and Division Chair/Director of a research laboratory or an instructor in a classroom or teaching laboratory with moving equipment may grant permission to an individual service animal and partner/ handler team to enter the research laboratory, classroom, or teaching laboratory with moving machinery. Admission for each team will be granted or denied on a case-by-case basis. The final decision shall be made based on the nature of machinery and the best interest of the service animal. Example: The machinery in a classroom may have moving parts at a height such that the tail of a large dog could easily be caught in it; which is a valid reason for keeping large dogs out. However, a very small hearing dog may be shorter than any moving part and, therefore, considered for admission to the classroom.
3. Access to other designated off-limits areas may be granted on a case- by-case basis by the Dean of Student Services.
4. To be granted an Exception: A student partner/handler who wants his or her service animal to be granted admission to an off-limits area should contact the Disabled Student Program and Services (DSPS) Department and any non-student partner/ handler, including an employee, who wants his or her service animal to be granted admission to an off-limits area should contact the Public Safety Department. An employee of DSPS or Public Safety, respectively, should fill out the disability accommodation request form for the partner/handler and then the partner/handler should take the form to the appropriate Dean, Division Chair, or instructor for his/her signature. This form will remain in the student's file in DSPS or on file in Public Safety, as appropriate, for the current semester only.
5. The District will work with a partner/handler whose service animal has been excluded for an off-limits area to otherwise reasonably accommodate the partner/handler's needs.

Evaluation Procedures

1. The District's Dean of Student Services or Director of Public Safety must determine whether the service animal meets the basic ADA definitions. This determination is based upon whether the service animal has been trained to provide the specific task or service required by the individual because of his/her disability (ies) and whether the animal can actually provide that task or service. If the animal cannot perform the identified task or service, the District may exclude the animal from its facilities and campuses.
2. The District must rigorously analyze whether the presence of the service animal would actually have a significant effect upon the service, program, or activity involved. If the District determines that the use of the service animal causes a fundamental alteration in District services, programs, or activities, the District may exclude the animal from its facilities and campuses. (28 C.F.R. § 130 (b)(7).)
3. The District must determine whether the presence of a particular service animal poses a significant risk to the health or safety of other persons that cannot be eliminated by a modification of policies, practices, or procedures, or by the provision of auxiliary aids or services. In doing so the District must make an individualized assessment based on reasonable judgment that relies

on current medical knowledge or on the best available objective evidence to determine the probability that the potential injury will actually occur. If the District determines that the presence of the service animal does pose a direct threat to the health or safety of persons participating in District service, programs, or activities, the District may exclude the animal from its facilities and campuses. (28 C.F.R. § 36.208.)

4. If the District determines that the use of a particular service animal will not be permitted, the Dean of Student Services will take the following steps to ensure that the individual with a disability is not discriminated against on the basis of that disability:

- Determine whether alternative modifications to District policies, practices, or procedures can be made to permit the individual to participate in District services, programs, or activities.
- Determine whether academic adjustments or auxiliary aids may be used by a student with a disability to permit his/her participation in District services, programs, or activities.

5. An individual with a disability who is denied the use of a service animal may appeal to the Vice President of Student Services.

Complaints

Anyone dissatisfied with a decision made concerning a service animal should refer to the Unlawful Discrimination Grievance Procedures. (Board Policy 1565)

SEXUAL ASSAULT

Cuesta College is committed to maintaining a safe campus, a campus free of violence and the threat of violence. All persons who come onto the campus or onto any facility maintained by the college are expected to treat others with respect and consideration.

Cuesta College will not tolerate any physical or sexual assault or threat of assault, including acquaintance rape, on its campus or at facilities maintained by the college. Where there is probable cause to believe that the college's regulations prohibiting sexual assault have been violated, the college will pursue vigorous investigative action through its own channels. Disciplinary actions include the possibility of suspension or dismissal from the college.

A student or employee charged with sexual assault can be prosecuted under California penal code statutes and disciplined under the college's Code of Student Conduct and board policy. Even if the criminal justice authorities choose not to prosecute, the college can pursue disciplinary action.

Cuesta College is committed to doing everything within its power to prevent sexual assaults from occurring and disciplining assailants when rape or other assault occurs on campus property or at college-sponsored events, and to provide prompt and compassionate services to students, faculty and staff who are raped or otherwise sexually assaulted. The college is further committed to ensuring that students, faculty, and staff are not adversely affected for bringing forward a charge of rape or sexual assault.

In order to provide a safe environment for students, faculty, staff, and guests, the college has established a multifaceted program composed of response procedures, prevention and education guidelines, services for victims, and sanctions.

SEXUAL HARASSMENT

The policy of the San Luis Obispo County Community College District is to provide an educational and employment environment free from unwelcome sexual advances, requests for sexual favors, verbal or physical conduct or communications constituting sexual harassment. Employees, students, or other persons acting on behalf of the District who engage in sexual harassment as defined in this policy or by state or federal law shall be subject to discipline, up to and including discharge, expulsion, or termination of contract.

Definition

“Sexual harassment” means unwelcome sexual advances, requests for sexual favors, and other verbal, visual, or physical conduct of a sexual nature, made by someone from or in the workplace or in the educational setting, and includes but is not limited to:

1. Making unsolicited written, verbal, physical, and/or visual contacts with sexual overtones. (Examples of sexual harassment which appear in a written form include, but are not limited to: suggestive or obscene letters, notes, and invitations. Examples of verbal sexual harassment include, but are not limited to: leering, gestures, display of sexually aggressive objects or pictures, cartoons, or posters.)
2. Continuing to express sexual interest after being informed that the interest is unwelcomed.
3. Making reprisals, threats of reprisal, or implied threats of reprisal following a rebuff of harassing behavior. The following are examples of this type of sexual harassment within the work place: implying or actually withholding grades earned or deserved; suggesting that a poor performance evaluation will be written; or suggesting that a scholarship recommendation or college application will be denied.
4. Engaging in explicit or implicit coercive sexual behavior within the work environment which is used to control, influence, or affect the employee’s career, salary, and/or work environment.
5. Engaging in explicit or implicit coercive sexual behavior within the educational environment that is used to control, influence, or affect the educational opportunities, grades, and/or learning environment of a student.
6. Offering favors or educational or employment benefits, such as grades or promotions, favorable performance evaluations, favorable assignments, favorable duties or shifts, recommendations, reclassifications in exchange for sexual favors.

Retaliation

It is unlawful for anyone to retaliate against someone who files a sexual harassment or other unlawful discrimination complaint, who refers a matter for investigation or complaint, who participates in an investigation of a complaint, who represents or serves as an advocate for an alleged victim or alleged offender, or who otherwise furthers the principles of this unlawful discrimination policy.

Procedures

Procedures for investigating complaints shall be the same as those outlined in Board Policy 1565 Unlawful Discrimination Grievance

Summary of Your Rights to Seek an Information Resolution

(This is only a summary; please see Board Policy 1565 and 1575)

1. You have the right to request that the charges be resolved informally, at which time the District will undertake efforts to informally resolve the charges. To start the informal resolution process, please contact the Executive Director of Human Resources and Labor Relations in the administration building, room 8003, or by phone at (805) 546-3129.
2. You do not need to participate in informal resolution;
3. You have the right to file a formal complaint (see below for the procedure in doing so);
4. You will not be required to confront or work out problems with the person accused of unlawful discrimination;
5. You may file a non-employment-based complaint with the Office for Civil Rights of the U.S. Department of Education (OCR) where such a complaint is within that agency’s jurisdiction.

If your complaint is employment-related, you may file a complaint with the U.S. Equal Employment Opportunity Commission (EEOC) and/or the California Department of Fair Employment and Housing (DFEH) where such a complaint is within that agency’s jurisdiction.

Purpose of the Information Resolution Process

The purpose of the informal resolution process is to allow an individual who believes she/he has been unlawfully discriminated against to resolve the issue through a mediation process rather than the formal complaint process. Typically, the informal resolution process will be invoked when there is a simple misunderstanding or the complainant does not wish to file a formal complaint. An informal resolution may require nothing more than a clarification of the misunderstanding or an apology from the respondent and an assurance that the offending behavior will cease. You will be notified of the proposed informal resolution proposed by the District.

If you pursue the informal resolution process, you should note the following important points:

1. You will need to sign a document which indicates that you have selected the informal resolution process.
2. The District will complete its investigation within the time required by Board Policy 1565 unless you voluntarily rescind your complaint prior to completion.
3. Selecting the informal resolution process does not prevent you from later deciding to file a formal complaint (subject to all of the rules for filing a formal complaint). For example, if you are not satisfied with the outcome of the informal resolution process (including the District’s proposed resolution), you may elect to file a formal complaint.

Academic Honesty

Academic Honesty is essential to the academic community. Students expect that Cuesta College faculty be fair, truthful, and trustworthy. Faculty expect that Cuesta College students share these same values. Students who violate these principles by cheating, plagiarizing, or acting in other academically dishonest ways are subject to disciplinary procedures. Below are some examples of academically dishonest behavior. If you are unclear about a specific situation, ask your instructor.

Examples of Academic Dishonesty:

- Copying from another student's exam
- Giving answers during a test to another student
- Using notes or electronic devices during an exam when prohibited
- Taking a test for someone else
- Submitting another student's work as your own, e.g. copying a computer file that contains another student's own work
- Knowingly allowing another student to copy/use your computer file(s) as his or her own work
- Completing an assignment for another student
- Plagiarizing or "kidnapping" other people's thoughts, words, speeches or artistic works by not acknowledging them through proper documentation

At the discretion of the instructor, students caught being academically dishonest may receive a failing grade on the assignments in question, be dropped from the class, or be failed in the course. Beyond this, the student may be subject to disciplinary action as determined by the Vice President of Student Services or designee. An appeals process is available to the student through the office of the Vice President of Student Services. It is recommended that the faculty member report any acts of academic dishonesty to the Vice President of Student Services or designee.

Student Computer Technology Access Agreement

This is to communicate what other users, instructors, and the District expects of students when using college computer technology and facilities. Students in the Associate Degree Nursing Program Code of Conduct

The Board of Trustees determines that the following policies govern the participation of alcohol- or drug-impaired students in the Associate Degree Nursing Program.

1. The nursing program, in addition to offering an academic program, includes clinical course work. The safety of patients under the care of student nurses must be assured. The instructor and the Director of Nursing Programs may take immediate corrective action to remove a student impaired by alcoholism or drug abuse from the clinical program if the student demonstrates by his/her conduct and performance in the clinical setting that he/she is a danger to the health and safety of patients under his/her care.
2. After evaluation and due process, students considered by the Director of Nursing Programs to be impaired by drugs or alcohol will be allowed to continue their studies, including clinical course work, as long as they are adhering to the provisions of a contract between the college and the student for the student's retention.
3. Information on the student's condition is confidential and will not be disclosed except when necessary to protect the safety of patients under the care of student nurses.
4. An individual contract of retention will be developed by the student, rehabilitation therapist, and the Director of Nursing and shall specify:
 - a. That the student must participate in an approved drug or alcohol treatment and rehabilitation program for the duration of his/her nursing program studies.
 - b. That evidence of satisfactory attendance and progress will be provided to the college on a regularly scheduled basis.
 - c. That the student will consent to periodic random drug screening as part of the treatment and rehabilitation program.
 - d. That the impaired student will give all medications under direct supervision and that the student will not have access to keys to medications.
 - e. That if the student fails to adhere to the conditions of the contract for retention, the same procedure will be followed

as with any other student on probation; the circumstances of the violation will be reviewed by the nursing faculty as a whole; and recommendations for the retention or dismissal will be made to the Director of Nursing Programs, who will then make the decision after advising the Vice President of Student Services.

5. Information on the student's dismissal from the nursing program will be reported to the Board of Registered Nursing when such information is requested by the Board of Registered Nursing.

- A reasonable opportunity at the meeting for the student(s) to personally answer the charges;

C. Appeal

Level I

- The student(s) shall file with the Appeals Committee, within twenty-four (24) hours (one school day) following filing of a notice of intention to appeal, a specific written response to each of the charges. Any charge to which the student(s) does not respond shall be deemed to be true.

- The hearing before the Appeals Committee is not a judicial proceeding. The Appeals Committee recognizes the student's right to a fair opportunity to hear the charges and evidence in support thereof, the right to present oral and documentary evidence on his/her behalf, the right to present a written argument on conclusion of the hearing, and the right to have an accurate copy of the minutes of the hearing furnished to the student.
- The Appeals Committee shall submit its decision to the student within ten (10) working days of the hearing.

Level II

- Within twenty-four (24) hours (one school day) after receiving the decision of the Appeals Committee, the student(s) may appeal the decision in writing to the Superintendent/President. Such appeal may be based only on the grounds that:
 - Required procedures have not been followed and the student(s) has/have been demonstrably damaged;
 - There is insufficient evidence to support the decision of the Appeals Committee;
 - One or more members of the Appeals Committee have, prior to the hearing, formed an opinion as to whether the student(s) has/have or has/have not committed the acts with which charged; and must include all supportive evidence.
- The Superintendent/President will evaluate the evidence and

submit findings in writing to the student within fifteen (15) working days after receiving the appeal.

Level III

- Every student has the final right of appeal to the Board of Trustees when dismissal or expulsion has been imposed.
- A final written appeal may be made to the Board of Trustees within thirty (30) working days of the written response of the Superintendent/President. The Board will evaluate the evidence and render its decision within thirty (30) days of the initial meeting of the Board at which the matter is discussed.

Students have the right to pursue their complaint after completing the above complaint process with the California Community Colleges Chancellor's Office (CCCCO). CCCCCO provides students and others with a method and process outside of the institution that takes, investigates and responds to complaints regarding the institution. The link to the CCCCCO process and form is <http://californiacommunitycolleges.cccco.edu/ComplaintsForm.aspx>. CCCCCO has provided this disclosure in compliance with the requirements of the Higher Education Act of 1965, as amended, as regulated in CFR 34, Sections 600.9 (b) (3) and 668.43(b).

STUDENT GRIEVANCE PROCEDURE

A grievance shall mean a complaint that is non-disciplinary and is other than one dealing with civil rights discrimination,* which has been filed by a student or by a student's designee on his/her behalf. The primary purpose of the following procedure is to secure at the earliest level possible an equitable solution to a complaint.

LEVEL 1.

The student should contact in person the Vice President of Student Services (or designee appointed by the Vice President of Student Services) and present his/her complaint. If the grievance is not resolved, the student can submit to the Vice President of Student Services (or designee) a written appeal for further consideration. (Time limit: ten calendar days from the date of appointment with the Vice President of Student Services, or designee.)

LEVEL 2.

A Student Appeals Committee, made up of three faculty and three student members jointly appointed by the Vice President of Student Services (or designee), and the ASCC President, then will be convened within ten calendar days after receiving the appeal and will submit its finding to the student in writing within an additional ten days. If the complaint is not resolved, a written appeal can be filed by the student to the President/Superintendent within ten calendar days. When a grievance involves the Vice President of Student Services (or designee) (Level 1) and/or the Associated Students Cuesta College (ASCC) President and the Vice President of Student Services (or designee) (Level 2), those responsibilities listed above for these two positions at Levels 1 and 2 shall be assumed by the Superintendent/President (or designee appointed by the Superintendent/President) of the District.

LEVEL 3.

The student will appeal in writing with all supportive evidence to the President/Superintendent (or designee) who will evaluate the evidence and submit his/her finding in writing to the student within ten calendar days after receiving the appeal.

LEVEL 4.

A final written appeal may be made to the Board of Trustees within thirty calendar days of the written response of the Superintendent/President (or designee). The decision of the Board will be given within thirty calendar days of the initial meeting at which the complaint is discussed.

*When a student has a complaint which involves (1) sexual harassment, (2) civil rights discrimination on the basis of ethnicity, race, national origin, religious beliefs, age, gender, color, physical or mental disabilities, veteran status, sexual orientation or sexual identity, or marital status, or (3) retaliation for filing a sexual harassment or other unlawful discrimination complaint, referring a matter for investigation, participating in an investigation of a complaint, serving as an advocate for an alleged victim or alleged offender, or who otherwise furthers the principles of the District's unlawful discrimination policy (Policy 1565), then the matter is to be referred to the Executive Director of Human Resources and Labor Relations as such matters are to be handled pursuant to Policy 1565 (unlawful discrimination) and not as a student grievance.

STUDENT COMPLAINTS

A student should initiate a complaint directly with the appropriate individual indicated on the Student Complaint Referral Grid. Please refer to myCuesta website for current referral grid: (http://academic.cuesta.edu/vpss/Student_Complaint_Grid.pdf). The student complaint grid indicates the sequence of opportunities for resolving student complaints. If a student is not satisfied with the solution posed through the Student Complaint Referral Grid, the student should make an appointment with the Vice President of Student Services or designee to evaluate the next steps which may be the filing of a formal grievance.

The Vice President of Student Services or the Executive Dean serve as a clearing-house for students dissatisfied with an experience on campus, who may not be knowledgeable about the appropriate steps to take, or the protocol to follow regarding a complaint. An initial meeting between the Vice President of Student Services or designee and the student may result in a referral to the appropriate individual.* The Vice President of Student Services or Executive Dean will contact the individual to whom the student is being referred to facilitate resolution.

*While it is recognized that the grid represents the ideal sequence of opportunities for resolving student complaints, it is understood that when actual situations arise, the parties involved will use their best judgment regarding complaint resolution depending upon the availability of personnel and the immediacy of the problem.

STUDENT COMPLAINT GRIEVANCES

The next step beyond the complaint process may be the filing of a formal grievance depending upon the nature of the complaint.

A complaint is grievable if it is non-disciplinary and involves the process, application, or interaction of school policy—in other words, how something was done or processed. In general, a complaint is not grievable if it involves the content of existing policy.

For specific information regarding the Student Grievance Procedure, refer to Cuesta College Board Policy 6205.

Extended Opportunity Programs and Services (EOPS) is a state-funded program that provides assistance, support, and encouragement to students who qualify economically as well as academically.

Cuesta College's EOPS targets two priority elements for student eligibility: financial need and need for academic support. The program offers an EOPS orientation; academic, career, and personal counseling; student success workshops; leadership training; priority registration; EOPS book grants; tutorial referrals; an EOPS newsletter; field trips; and related academic and social activities.

A student must meet the following qualifications to receive services in the program:

- Be a California resident;
- Be enrolled full-time at Cuesta College (12 credits);
- Not have completed more than 70 degree-applicable credits;
- Complete the FAFSA with the Financial Aid office and be BOGW "A" or "B" eligible;
- Display a need for academic support, as reflected in mathematics and English assessment scores or prior academic history.

COOPERATIVE AGENCIES AND RESOURCES FOR EDUCATION (CARE)

Cooperative Agencies and Resources for Education (CARE), administered by EOPS, helps single CalWORKs/Temporary Assistance for Needy Families (TANF) parents by providing support activities related to parenting and student success. Services include referrals to support services, a child care/ transportation grant, placement at the Cuesta College Children's Center, and coordination of workshops and conferences for single parents.

The EOPS/CARE office at the San Luis Obispo Campus is located in the Library Building, Room 3131. The EOPS/CARE Office at the North County Campus is located in Building N3000, Room N3017.

FINANCIAL AID

Financial aid programs are available to help students who might otherwise be unable to complete their education. Students may apply for financial aid in the form of grants, fee waivers, student loans, work study and scholarships.

Financial aid funds are administered in accordance with a nationally established policy of financial assistance for education. The basis of this policy is the belief that students and their families have the primary responsibility for meeting educational costs. The amount of the contribution expected from students is determined by careful analysis of the family financial strength, taking into consideration adjusted gross income, family size, number of dependents members attending college, allowable expenses and assets. Dependent students are required to provide data for both themselves and their parents, while independent students are required to provide data for themselves and their spouse (if married). Congress has established policy and procedures that are used in determining the student's ability to pay for college costs.

Financial Aid Programs

Cuesta College participates in federal, state, and local financial aid programs. Cuesta recommends use of the Free Application for Federal Student Aid (FAFSA). This application form is a tool for determining need for the BOGW, federal Pell, SEOG, FWS, and Direct Loans, as well as Cal Grants. FAFSA applications are available online at <http://www.fafsa.ed.gov>

Federal Student Aid Programs

Federal Pell Grant: The Pell Grant is the largest federal grant program and is intended to serve all needy students as determined by the FAFSA. Funds are disbursed directly to eligible students to cover educationally-related expenses.

Decrease in the Maximum Lifetime Eligibility for a Pell Grant for 2012-2013

The federal Department of Education recently established new regulations which set the duration of a student's eligibility to receive a federal Pell Grant to 12 full-time semesters (or its equivalent). This provision applies to all federal Pell Grant eligible students effective 2012-13.

The William D. Ford federal Direct Loan Program: The Direct Loan Program is a government loan commonly referred to as a guaranteed student loan. There are two types of Direct Student Loans:

Subsidized Direct Loan: The federal government pays the interest while students are in school **Unsubsidized Direct Loan:** The students are responsible for paying all the interest on the loan (from the day the loan is first disbursed to when it is paid in full). Interest payments can be deferred while they are in school. If students choose to let this interest accrue, it will be capitalized at repayment.

Students must attend college at least half time to receive Federal Direct Loan funds. Generally, repayment begins six months after students

graduate, withdraw from school or enroll less than half time. Students with an accumulated a total subsidized and unsubsidized student loan debt of \$20,000 may not be approved for additional student loans at the community college level.

Direct Loan Changes for 2012-13:

For new subsidized loans first disbursed on or after July 1, 2012 through June 30, 2014, the federal government will no longer subsidize (pay) the student loan interest during the six month grace period. The grace period is the time between when the student graduates or drops below half-time status and the time when the student must start repaying the loan. Students are encouraged to check with their Loan Servicer for any available options to assist with their loan repayment. The interest rates for subsidized loans disbursed on or after July 1, 2012 will be 6.8%.

Federal Direct Parental Loans (PLUS):

Parents of dependent students may apply for a Direct PLUS Loan to help pay their children's education expenses as long as certain eligibility requirements are met.

To be eligible for a Direct PLUS Loan for Parents:

- The parent borrower must be the student's biological or adoptive parent. In some cases, the student's stepparent may be eligible.
- The student must be a dependent student who is enrolled at least half-time at Cuesta College. Generally, a student is considered dependent if he or she is under 24 years of age, has no dependents, and is not married, a veteran, or a ward of the court.
- The parent borrower must not have an adverse credit history (credit check is conducted when you begin the loan application process). If the parent does not pass the credit check, the parent may still receive a loan if someone (a relative or friend) is able to pass the credit check and agrees to endorse the loan. The endorser promises to repay the loan if the parent fails to do so.
- The student and parent must be U.S. citizens or eligible noncitizens, must not be in default on any federal education loans or owe an overpayment on a federal education grant, and must meet other general eligibility requirements for the federal student aid programs.
- Parents do not qualify for a Direct PLUS loan and receive a denial may borrow additional federal unsubsidized Direct loan funds by submitting a copy of their denial notification to the financial aid office at Cuesta College.

PLUS Loan 2012-2013 Terms and Conditions:

Interest rate: 7.9% fixed

Origination fees: for loans first disbursed on or after July 1, 2012, loan fees of 4.0% are deducted from each disbursement.

PLUS Loan Repayment: For parents of undergraduate students repayment begins within 60 days after your loan is fully disbursed and lasts ten years. Parent borrowers may contact the Direct Loan Servicing Center to request deferment of monthly payments while the student is in school.

Student Loan Requirements:

Students interested in applying for The Federal Direct Loans: Subsidized, Unsubsidized and or PLUS are required to complete:

1. The 2012-13 Free Application for Federal Student Aid (FAFSA)
2. Attend an Entrance Loan Counseling session to initiate the student loan process. Loan Workshop dates are scheduled periodically throughout each semester and are posted on the financial aid website at <http://academic.cuesta.edu/finaid/> and after Sept 2012 at <http://www.cuesta.edu/student/aboutmoney/finaid/>

Federal Supplemental Educational Opportunity Grant (SEOG): A federal grant (limited funding) is awarded to students with the highest need who received Pell Grant.

Federal Work Study (FWS): Campus employment (limited funding) is awarded to students with the highest need. Students must maintain meet financial Aid Satisfactory Academic Progress Policy and be enrolled in a minimum of 6 credits.

State Student Aid Programs

The Board of Governor's Fee Waiver (BOGW):

The BOGW waives enrollment fees for California residents who meet one of the following criteria:

Method A: Students are eligible for any type of need-based financial aid and received in 2011 or 2010 TANF, Cal Works, SSI or General Assistance payments or if a dependent student, has a parent or Registered Domestic Partner (RDP) who receives this assistance; or has certification from the California Department of Veterans Affairs or the National Guard Adjutant General that the student is eligible for a dependent's fee waiver, is eligible as a recipient of the Congressional Medal of Honor or as a child of a recipient, or a dependent of a victim of the September 11, 2001 terrorist attack, is eligible as a dependent of a deceased law enforcement/fire suppression personnel killed in the line of duty, have a total family income within the income standards listed below or, if a dependent student, a parent's total income falls within these standards:

Method B: Eligibility is based on household size and total family income.

Family Income Standards for 2012-2013:

Family Size	2011 Income
1	\$16,335
2	\$22,065
3	\$27,795
4	\$33,525
5	\$39,255
6	\$44,985
7	\$50,715
8	\$56,445
Each Additional Family Member	\$5,730

Method C: The 2012-2013 Free Application for Federal Student Aid (FAFSA) application is required to be completed and processed for Method C. A BOG C fee Waiver will be awarded to anyone with a financial need of \$1,104 or greater (financial need is determined by subtracting the estimated family contribution from the student's cost of attendance budget).

Cal Grants: There are two state programs administered by the California Student Aid Commission Cal Grant B and Cal Grant C.

Cal Grant B provides a living allowance (and sometimes tuition/fee assistance) for low-income/disadvantaged students with high potential.

Cal Grant C assists vocational students with tuition and training costs. Students must be enrolled in an eligible vocational program at Cuesta College from four to 24 months in length. Students can apply for these Cal Grants when completing the Free Application for Federal Student Aid (FAFSA) and GPA Verification Form. The initial Cal Grant deadline is March 2 each year.

California Chafee Grant for Foster Youth: Youth who are or were in foster care may qualify for up to \$5,000 a year for college. To qualify, students must attend college at least half-time and their course of study must be at least one year long. Youth who have been in another state's foster care program and meet the Independent Living Program requirements are also eligible to apply. Students who were in foster care any time between their 16th and 18th birthdays but were later reunited with their parents still qualify for the California Chafee Grant. To apply, students must submit both the FAFSA and the California Chafee Grant Application, which is available online at <https://www.chafee.csac.ca.gov/default.aspx>

Campus Scholarships:

In addition to government funding, Cuesta has a campus scholarship program. These funds, made available through private donors, are awarded annually by the Financial Aid Committee. Requirements include an overall GPA of 2.5, two letters of recommendation, and the official application. The application deadline is March 2 each year.

Application: Financial aid funds come from appropriations made by the federal and state governments and through scholarship awards made by individuals and other public and private agencies and organizations. Hence, each of these funds **MUST** be administered according to different sets of policies, regulations and/or specific requirements.

To apply for campus scholarships, it is necessary to complete a separate application. The scholarship applications are also available in the Financial Aid Office and at ad.demic.cuesta.edu/finaid beginning the December proceeding the academic year the student plans to attend. The annual deadline is March 2.

Student Educational Plan (SEP)/Orientation Certificate

All students receiving federal financial aid must schedule a counseling appointment in order to complete your matriculation planning process and Student Educational Plan (SEP).

IF YOU ARE A TRANSFER STUDENT or you have attended other school(s) since high school, you will need to:

Request that your academic transcripts, plus a general education pattern from all previous colleges you have attended, be forwarded to the Admissions and Records Office at Cuesta College.

SATISFACTORY ACADEMIC PROGRESS (SAP) STANDARDS

Federal financial aid regulations mandate that a school establish satisfactory academic progress standards for students applying for, or receiving, financial aid. These regulations require that the financial aid office review all periods of a student's enrollment history, to determine if a student is making academic progress towards an educational goal. Your progress will be evaluated at the end of the fall, spring and summer semesters by the standards listed below. Special note: All periods of enrollment for all students will be evaluated regardless of whether or not financial aid was received. Although some grades may be excluded by academic renewal, federal regulations require that all grades must be counted for federal satisfactory academic progress standards.

Failure to maintain ALL these standards may result in losing financial aid eligibility

Standard	Minimum Requirement
Qualitative Standard	A minimum term AND a cumulative grade point average (GPA) of 2.0 in all coursework attempted
Quantitative Standard	A minimum term AND cumulative course completion rate of 80% of all coursework attempted.
Maximum Time Frame	Attempted units may not exceed 150% of the number of units required to complete your educational objective.

Grades

Grade symbols of A, B, C, D, or F received at Cuesta College will be used to calculate grade point average for S.A.P. purposes, a 2.0 GPA is required. Courses completed with CR, P, I, NC, NP or W will NOT be used in calculating a student's grade point. Be advised that symbols not used to determine grade point average will be used to determine the minimum unit requirement detailed in the next section.

Minimum Unit Requirement

A student must complete a minimum number of units per semester and overall cumulative number of units according to their enrollment status. Students enrolled full time, ½ time or ¾ time during the semester must complete 80% of the attempted* units. Students enrolled in less than ½ time, must complete ALL units attempted. For example, a student who is enrolled at full time status will be expected to complete at least 10 units for the semester in order to satisfy this requirement (see table below).

Enrollment Status (per semester)	80% Unit Completion Requirement
Full Time (12+ units)	10 units per semester
¾ Time (9.0-11.5 units)	7.5-9.5 units per semester
½ Time (6.0-8.5 units)	5.0-7.0 units per semester
Less Than ½ time (0.5-5.5 units)	All Units Attempted

Maximum Time Frame

Federal regulations require that institutions establish a maximum unit total for a student to complete an educational goal (degree or certificate) if financial aid is received. Cuesta College students MUST complete the educational goal indicated in their admissions application by the time they have attempted 150% of the total units required for the degree or certificate (see table below). Maximum Time Frame is evaluated at the end of every semester.

Students must complete their educational goals within 150% of the program length. All course work appearing on your Cuesta College District academic transcript will count toward Maximum Time Frame.

Educational Goal	Units Required to Complete Goal (100%)	Maximum Unit Time Frame (150%)
Associate Degree	60 units	90 units
Transfer Requirements	60 units	90 units
Certificate	24 units	36 units

Multiple Degrees or Majors

Students seeking a second degree at the same level as first degree must complete the subsequent degree within the maximum time frame (or appeal). In the appeal the student will need to explain the rationale for the pursuit of a second degree. In addition, a student seeking multiple majors must complete the primary degree within the maximum time frame (or appeal). In the appeal the student will need to explain the rationale for the pursuit of multiple majors if this causes them to exceed the maximum time frame.

Evaluation

Academic progress will be evaluated at the end of each term to determine continued eligibility. Students who fail to meet academic progress will be placed on Warning (see Warning).

ESL Courses

ESL coursework must be part of an eligible program of study to receive financial aid. ESL coursework is not an approved program in itself. A student enrolled in ESL classes, who is not in an eligible program of study, is not eligible for financial aid funds. ESL coursework will count toward the 2.0 GPA term, cumulative GPA and 80% unit completion requirements (SAP Standard). ESL units will not count towards the maximum time frame limit and will be subtracted from the total when maximum time frame but will count toward the term, cumulative 2.0 GPA and 80% unit completion requirements.

Remedial Courses

Students are allowed to receive financial aid for remedial units if the remedial classes are a prerequisite for entrance into a regular college program. Financial aid cannot be received for more than 30 attempted units of remedial classes. Remedial units must be taken in recommended sequence.

Course Repetition

For financial aid purposes, courses may be repeated consistent with district academic standards, as identified in the college catalog. However, all repeated units will count toward Maximum Time Frame. Students may receive financial aid for repeat course work which they passed only once. Refer to repeating course policy below.

Warning

Students who fail to make satisfactory progress will be placed on Financial Aid Warning. Financial aid is available to students during a Warning period; however, satisfactory progress will be evaluated at the end of the academic term for which the warning period was established. Students will only receive ONE warning period for not meeting the progress standard.

Suspension of Eligibility

SAP standards are checked and verified each semester. Students who fail to meet satisfactory academic progress standards while on warning will be placed on Suspension and will no longer be eligible to receive financial aid. Generally, a student who is disqualified from financial aid must meet SAP standards by completing at least a successful semester without financial aid, and meet all SAP eligibility criteria to regain eligibility or successfully appealed the suspension status. Students on suspension status will continue to receive the Board of Governors Fee Waiver (BOGW) if eligible.

Reinstatement

A student Suspended for failing to meet Satisfactory Academic Standards may regain eligibility by submitting an appeal form if extenuating circumstances occurred with supporting documents to the Financial Aid Office or by achieving SAP unit completion and GPA requirements during the semester(s) without financial aid eligibility. It is the students' responsibility to notify the Financial Aid Office in writing when they have met the standards for reinstatement.

Probation

Students whose appeal was approved will be placed on financial aid probation. Financial aid is available during this probation period; however, satisfactory progress will be evaluated at the end of the

probationary term. During probation, students must complete 100% of all attempted units during this term, with a term GPA of 2.00 or better and must be following their approved Academic Plan.

Appeal Process

Students who have had their financial aid Suspended have the right to appeal by submitting a Satisfactory Academic Progress Appeal Form. Appeal forms may be requested from the Financial Aid Office in person or online at <http://www.cuesta.edu/student/aboutmoney/finaid/>. Appeal decisions are made on a case-by-case basis and may require the student to provide additional documentation for further review. The decision of the Financial Aid Appeals Committee is final.

Appeals may be filed for the following mitigating circumstances:

- Medical Problems
- Death
- Family Emergency
- Other documented extenuating circumstances

The student is responsible for providing documentation of the extenuating circumstances as well as an approved and current Student Education Plan (SEP), signed by both you and a Cuesta College Academic Counselor.

Repeating Courses Policy

Beginning July 1, 2011, a new federal regulation limits the number of times a student may repeat a course and receive financial aid for that course. Students may only receive federal financial aid for one repetition of a previously passed course. There is an exception for courses which require repeats. Students taking a required repeat course should work with the Financial Aid Office to ensure those credits are counted appropriately for financial aid eligibility. Students may need to provide documentation required the requirement to repeat.

If a student gets a 'W' or an 'F' in a course, that student is allowed to repeat the course and receive financial aid (assuming he/she is meeting Satisfactory Academic Progress and is meeting all of the eligibility requirements) until he/she receives a 'D' or better. Once the student has received a 'D' grade or better, he/she can repeat the course a second time and still receive federal aid. The third time the student repeats a course in which he/she has earned a 'D' or better, the Financial Aid cannot provide federal funding for that repeated course.

Listed below are a few scenarios for example purposes:

Grades Earned

D, C	If the student repeats the course again, that course is not eligible for financial aid repeat.
F, F, D, W, B	If the student repeats the course again, that course is not eligible for financial aid repeat.
F, F, D, B	If the student repeats the course again, that course is not eligible for financial aid repeat.
F, D, W, F, C	If the student repeats the course again, that course is not eligible for financial aid repeat.

Federal Return of Title IV Funds Policy

Title IV recipients who withdraw completely before completing 60% of the term for which the student has been charged, will be required to return a portion of the Title IV funds they received. The return amount will be calculated using the number of days the student attended in the given term and the total number of days in the given term.

Return of Overpayment

Title IV financial aid recipients who withdraw from all classes, or who are administratively withdrawn from all classes may be required to return a portion of the financial aid they received. Calculations are done to determine the percent of financial aid earned and unearned for the given term. Title IV financial aid recipients who receive an overpayment resulting from changes in enrollment, cost of attendance, general eligibility, and additional financial aid award(s) will be required to return funds in the amount necessary to eliminate the overpayment. The student will be notified if a Return of Title IV funds is due. Failure to return Title IV funds will result in the loss of eligibility for financial aid.

Order of Return of Title IV funds

All returns will be distributed to the student financial assistance programs in the order below with the following exceptions. Title IV funds required to be returned by the student will not be distributed to a Federal Direct Loan Program and no returns shall be distributed to the Federal Work Study Program.

The ASCC is established to promote the general welfare of Cuesta College students; to guarantee equality of opportunity among students; to offer an experience in practice of the American democratic government; and to encourage student participation in, planning for, and involvement in a comprehensive program of student activities. It offers students opportunities to participate in social and cultural events, to

share in governance activities, to interact with professionals, and to create and administer their own organizations and programs.

Student Organizations

The college and the ASCC grant recognition to campus organizations including honor societies, service and religious organizations, those with an ethnic/multicultural focus, and departmental and special interest groups. The varied types of clubs not only offer an opportunity for social life but also make a fine contribution to the development of student leadership. Membership and active participation in a reasonable number of these organizations are strongly recommended by the college.

Associated Students Center, Building 5300

The Student Center, located on the San Luis Obispo Campus only, provides a place for comprehensive student life opportunities and activities. Students can take advantage of the various experiences offered in the Student Center, including the ASCC Social Club, which offers games, a pool table, and live music events. Free legal counseling services are available here for ASCC Student ID cardholders. Club and student government offices also are located in the Student Center. The Student Center is a great place to take a break between classes or possibly get involved beyond the classroom experience. Campus tours for prospective students and their parents are facilitated by Student Life and Leadership staff. Call (805) 546-3289 for more information.

Cultural Center

The Cultural Center, located at the San Luis Obispo campus, Room 5104 A&B (inside the cafeteria) supports exploration and awareness of diversity through activities, films, literature, music, and human interaction for the purpose of exchanging, sharing, and understanding all cultures. The Cultural Center's Mission Statement reads: "The Cuesta College Cultural Center embraces and celebrates the diverse cultural heritage that all Cuesta College students, faculty, and staff bring to the campus community." Call (805) 546-3289, for further information.

TRANSFER / CAREER SERVICES

The Transfer/Career Center is located in Room 3134, first floor of the San Luis Obispo Campus Library building. The phone number is (805) 546-3162.

Transfer Services

The Transfer/Career Center has a wide variety of resources available to university bound students including college and university catalogs and information, college search materials, major and career books, and study abroad brochures and catalogs. The center maintains information about university transfer requirements, the university application process, articulation agreements and transfer admission guarantee programs. In addition, the center provides internet access with links to assist students completing online admissions applications and researching colleges.

Transfer counselors are available to help students identify their educational goals, research colleges and programs, determine university admission requirements, evaluate transcripts and develop Student Educational Plans (SEPs). Appointments to meet with a counselor can be made one week in advance beginning the first working day of the week and are available from 8:30 a.m. to 4:00 p.m. Monday through Thursday and from 10:30 a.m. to 4:00 p.m. on Friday.

Transfer/Career Center staff serve as liaisons to colleges and universities and advocate for students in the admission process. Center staff also coordinate university representative visits in which university outreach staff come to campus to meet with Cuesta College students individually.

Transfer Admission Guarantee (TAG programs) are commitments that selected colleges and universities make to Cuesta College students who meet specific credit, GPA, and course requirements. A TAG serves as a contract between the student and college or university. Students who have completed a TAG with a counselor and have met contractual requirements are guaranteed admission.

Transferring to California Polytechnic State University

California Polytechnic State University, San Luis Obispo (Cal Poly) is a part of the California State University (CSU) system. Because admission to Cal Poly is highly competitive, the university utilizes a comprehensive strategy to determine undergraduate admission selection. Candidates are screened and ranked by major. The competitive nature of each major is based on the number of applications received, compared to the number of openings available, and to each applicant's qualifications.

Applicants for a specific term are asked to submit, by a stated deadline, a Cal Poly application for admission (via the CSUMentor Internet site), which collects the necessary data to rank each applicant in the selection pool. Selection criteria include completion of specified coursework, grades in specified coursework and general education classes, and extracurricular activities and work experience.

The Cal Poly Admissions website provides comprehensive information on the admission selection process. Transfer students should pay special attention to the prerequisite coursework listed for their major on the Transfer Preparation Guide available on the Cal Poly Admissions website at www.ess.calpoly.edu/_admiss/.

Because of the special conditions of admission to Cal Poly, it is strongly recommended that students work closely with a Cuesta College counselor to prepare a Student Educational Plan. The course articulation (course equivalency) agreement between Cal Poly and Cuesta College maximizes the number of classes that will transfer for degree credit. In addition to major-specified prerequisite courses, Cal Poly will give preference for most majors to students who complete their General Education Breadth Certification or the Intersegmental General Education Transfer Curriculum (IGETC) prior to transfer. Students applying as upper-division transfer applicants to Cal Poly with all recommended prerequisite courses completed for their major traditionally have a higher rate of acceptance to the University.

Articulation Agreements

Students who wish to transfer need to become familiar with the articulation agreements Cuesta College has established with four-year universities and colleges in general education and in specific majors.

Articulation agreements are available to students through counselors/academic advisors and in the Transfer Center. Most articulation agreements also can be accessed through the Internet or ASSIST (www.assist.org). Easy-to-follow instructions allow students access to specific course requirements for all colleges where Cuesta College has established agreements.

ASSIST

ASSIST (Articulation Subsystem Stimulating Inter-institutional Student Transfer) is a student-transfer information system available at www.assist.org. ASSIST displays reports describing how courses completed at a California community college will be applied to an undergraduate degree when they are transferred to a California State University or University of California campus. As the official repository of articulation for California's public colleges and universities, ASSIST provides the most accurate and up-to-date information available about student transfer within the state of California. Students who are planning to transfer to a California State University or a University of California campus are encouraged to utilize ASSIST information (in consultation with a counselor) for important information about the transfer and articulation process.

Student Completion and Transfer Rates

In four decades of service to the community, Cuesta College has helped thousands of students reach a wide variety of educational goals, including completion of associate degrees, completion of certificate programs, and successful transfer to four-year institutions.

In compliance with the Student-Right-to-Know (SRTK) and Campus Security Act of 1990 (Public Law 101-542), it is the policy of the San Luis Obispo County Community College District and Cuesta College to make available its completion and transfer rates to all current and prospective students. Beginning in Fall 2004, a cohort of all certificate-, degree-, and transfer-seeking first-time, full-time students were tracked over a three-year period. Their completion and transfer rates are listed below. These rates do not represent the success rates of the entire student population at Cuesta College, nor do they account for student outcomes occurring after this three-year tracking period.

Based upon the cohort defined above, 31.28% percent attained a certificate or degree or became 'transfer-prepared' during a three-year period, from Fall 2004 to Spring 2007. Students who are 'transfer-prepared' have completed 60 transferable credits with a GPA of 2.0 or better.

Based on the cohort defined above, 30.04% percent transferred to another postsecondary institution, prior to attaining a degree, certificate, or becoming 'transfer-prepared' during a five-semester period, from Spring 2005 to Spring 2007.

VETERANS

Cuesta College is approved for the training of veterans under the various public laws of the United States and the California Veterans Program.

Any student who plans to enroll under any federal or state program must contact the Cuesta College Veterans Resource Center, (805) 546-3142 which will supply all necessary forms and information.

Students who are children or widows of veterans who died as a result of military service, or who are dependents of veterans who are totally disabled as a result of such service or peace time military service since September 16, 1940, may be eligible for assistance from the Veterans Administration or the State of California. Satisfactory scholarship, attendance, and program progress are required for all students receiving benefits from any federal or state agency.

Rules and regulations pertaining to veterans' training are subject to change at any time. Veterans are advised to check with the Cuesta College Veterans Resource Center to receive a copy of the latest requirements, rules, and regulations. It is the veteran's responsibility to inform the Veterans Office of any changes to his or her schedule and program.

Cuesta College Veterans Resource Center

The Cuesta College Veterans Resource Center is located in Building 6900, room #6903, next to the Campus Police. Our phone number is (805) 546-3142 and our business hours are Monday - Thursday, 9:00 am to 4:00 pm. The center is dedicated to serving Cuesta College's veterans, reservists, and military dependents as well as prospective students with military experience. Our staff consists of Veterans who are currently attending Cuesta College and enjoying working with fellow Veterans in an atmosphere of empathy and respect borne of shared experiences. We provide one-on-one assistance in order to ensure that Cuesta's many Veterans have a positive experience at Cuesta as well as the feeling of

being supported along each step of their educational journey at Cuesta. The Cuesta College Veterans Resource Center is the heart of the college's veteran community and serves as a gathering place for student veterans to connect and socialize. Veterans from all branches of the services are welcome and can expect to receive professional, courteous, and compassionate support as they pursue their educational or vocational goals at Cuesta College.

ASSOCIATE DEGREES AND CERTIFICATES

Students wishing to receive an associate degree or certificate must complete the Cuesta College Associate Degree Application or Certificate Application in order for the Evaluations Office to perform an official final evaluation of the student's record for completion of requirements. Students must be within two terms of completing requirements before the application will be accepted, and should consult with a counselor for verification. The applications are available on the Office of Admissions and Records' website and in the Student Services Center at all campus locations. See "List of Degrees and Certificates".

Degrees and certificates are awarded two to three months after the completion of the term in which requirements were met. Posting dates reflect the final date of the traditional semester or session in which the requirements were completed (certain exceptions may apply).

Degree candidates are encouraged to participate in the Cuesta College Commencement Ceremony which takes place each May on the San Luis Obispo campus. Commencement information is available on the Evaluations Office website or in the Commencement Channel in myCuesta.

CATALOG RIGHTS

A student who satisfies the following definition of attendance will follow the Cuesta College curriculum for degrees and certificates in effect:

- at the time the student began attendance at a California Community College, California State University, University of California, or other regionally accredited college or university; or
- as outlined in a subsequent Cuesta College catalog

"Attendance" means attendance in at least one semester or two quarters each academic year. A student who misses two consecutive semesters, or three quarters in an academic year, excluding summer school, will lose catalog rights. In that case, the student must follow (1) the Cuesta College catalog that coincides with the student's date of re-enrollment in a regionally accredited college or university or (2) a subsequent Cuesta College catalog. A total withdrawal in a semester does not constitute a one-semester break in enrollment when "Ws" are posted on the student record. Campus authorities may authorize or require substitutions for discontinued courses in certificate or degree programs.

RESIDENCY CREDIT REQUIREMENTS FOR DEGREE, CERTIFICATE, GE CERTIFICATION AND APPLICATION OF ALTERNATIVE EDUCATION CREDIT

Residency credit does *not* refer to with whether or not a student is a resident of the State of California.

Residency credit is defined as credits earned while in residence at the campus granting the degree, certificate, general education certification, or application of alternative education credit.

Credit that does not satisfy the residency credit requirement:

- Advanced Placement
- Credit-by-Exam
- Military
- Other alternative education credit

Residency credit required for the awarding of Cuesta College degrees, certificates and general education certifications:

- **DEGREES** - Minimum of 12 semester credits
- **CERTIFICATE OF ACHIEVEMENT** - Minimum of two of the required courses

- **CSU GENERAL EDUCATION CERTIFICATION** - Minimum of one course (at least three semester credits)
- **IGETC** (Intersegmental General Education Transfer Curriculum) – Minimum of one course (at least three semester credits)

Residency credit required for the application of alternative education credit.

- **CREDIT-BY-EXAM** – Minimum 12 semester credits with "C" average work
- **ADVANCED PLACEMENT** – Minimum 12 semester credits
- **MILITARY CREDIT** - Minimum 12 semester credits of "C" average work

A.A. for Transfer and A.S. for Transfer

California Community Colleges offer associate degrees for transfer to the CSU. These may include Associate in Arts (AA-T) or Associate in Science (AS-T) degrees. These degrees are designed to provide a clear pathway to a CSU major and baccalaureate degree. California Community College students who are awarded an AA-T or AS-T degree are guaranteed admission with junior standing somewhere in the CSU system and given priority admission consideration to their local CSU campus or to a program that is deemed similar to their community college major. This priority does not guarantee admission to specific majors or campuses.

Students who have been awarded an AA-T or AS-T are able to complete their remaining requirements for the 120-credits baccalaureate degree within 60 semester or 90 quarter credits.

To view the most current list of Cuesta College Associate Degrees for Transfer and to find out which CSU campuses accept each degree, please go to www.californiacommunitycolleges.cccco.edu/Students/AssociateDegreeforTransfer.aspx. Current and prospective community college students are encouraged to meet with a counselor to review their options for transfer and to develop an educational plan that best meets their goals and needs.

Requirements:

- Minimum of 60 CSU transferable semester credits
- Minimum overall grade point average (GPA) of at least 2.00
 - While a minimum of 2.00 is required for admission, some majors may require a higher GPA. Please consult with a counselor for more information
- Completion of a minimum of 18 semester credits in prescribed major coursework, with a grade of C or better or a “P” if the course is taken on a “pass-no pass” basis
- Certified completion of the California State University General Education-Breadth pattern (CSU GE Breath) OR the Intersegmental General Education Transfer Curriculum (IGETC)

Important Information for Transfer-bound Students

Earning an associate degree may not guarantee transfer readiness into a particular CSU or UC campus or major. Consult with an academic counselor for details and a thorough evaluation of your transferable credits, grade point average, and lower division major preparation.

Required Records for Degree Evaluation

Cuesta College incorporates all associate degree applicable coursework from all regionally accredited institutions attended, into overall totals for the degree.

Official transcripts from all post secondary institutions attended are required. Incomplete or missing transcripts and other records will cause the degree to be denied.

Official documentation is required for Advanced Placement scores and other sources of alternative education to be applied to program requirements.

Advanced Placement scores may be ordered by calling the College Board at 888-308-0013 (http://www.collegeboard.com/student/testing/ap/exgrd_rep.html).

Any foreign credentials must be independently evaluated and the official independent evaluation submitted to the Evaluations Office. Academic Credentials Evaluation Institute, Inc. (ACEI) is the preferred provider for independent evaluation of foreign credentials (<http://www.acei1.com>), and a “comprehensive” evaluation is required. Use of other agencies must be approved by the Cuesta College Director of Admissions and Records.

CUESTA GENERAL EDUCATION

General education is a coherent pattern of courses intended to serve three purposes: Taken as a whole, the program is intended to strengthen students’ essential intellectual skills; broadly introduce students to the core concepts and methods of the major disciplines; and prepare students to lead enriched lives in our multicultural society. General education courses are distinguished from those required for a major or allowed as freely chosen electives. Courses in the general education category are “general” in two senses: independently, they survey the core concepts and methods of the discipline in which they are included; and they point, where possible, to the influences and contributions of the discipline to other disciplines, culture, human history and our quest to understand our universe.

Through this program, students will acquire the ability to think and communicate clearly and effectively both orally and in writing; to use mathematics and other symbolic systems; to understand the modes of inquiry of the major disciplines; to appreciate the structures and processes of the natural environment; to be aware of other cultures and times; to achieve insights by thinking about ethical and social problems; to understand and appreciate the history of US culture and its governing institutions.

Upon completion of the general education course pattern, in addition to the area-specific outcomes, students should be able to:

- identify, explain, and analyze the core concepts and methods of the major discipline in which the course is included;
- identify, explain, and analyze the influences and contributions of the specific discipline to other disciplines, cultures, human history, and our quest to understand the universe.
- organize, integrate, and critically analyze information within the course, using these skills to generate and evaluate alternative perspectives; and
- prepare students to live enriched lives in our multicultural society..

AREA A: PHYSICAL AND LIFE SCIENCES

After successfully completing courses in this category, students will understand the scientific method and its role in research, analyze problems in a structured way, and develop and employ strategies for solutions using scientific principles. Students will understand the empirical bases for current scientific theories, how those theories develop and change, and how they explain the natural world. Students also will appreciate the influence of scientific knowledge on the development of civilization.

CAREER AND VOCATIONAL PROGRAMS

Cuesta College offers two types of academic programs with career and vocational emphasis: Associate in Arts or Associate in Science degree and Certificate of Achievement and/or Certificate of Specialization. These programs provide instruction in the skills and knowledge needed to enter or to make progress in an occupation. The student who wants to pursue a career/vocational oriented program must be eligible to enroll at Cuesta College.

The Associate in Arts or Associate in Science degree programs require completion of 60 degree applicable credits, including general education, health education, diversity and American Institutions coursework, in addition to the prescribed coursework in a specific discipline. (See A.A. for Transfer and A.S. for Transfer for certain exceptions). Refer to the "Associate Degrees and Certificates" section.

Career and vocational programs are developed by the college in close cooperation with advisory committees composed of representatives from business, industry and the college. These advisory committees review course content to make certain that the instruction and curriculum provide current skills, and recommendations are made to update the curriculum. In this manner students in these programs receive the most current information and skills to prepare them for employment in their chosen field.

Frequently a student's educational goal will change. The college recognizes the mobility within our society and the necessity of changing education needs and goals. Therefore, students can switch between programs; without loss of credit.

Certificate programs require completion of a course or a series of courses. Typically, students who seek a certificate wish to complete a career program as quickly as possible to obtain employment. Many students complete the requirements for the certificate, attain employment, and return to Cuesta College to complete the additional requirements for an associate degree or requirements for transfer.

Courses listed in this catalog may not be offered each semester. Consult with a counselor or refer to the current class schedule.

TRANSFER DEGREES

ASSOCIATE IN ARTS TRANSFER AND ASSOCIATE IN SCIENCE FOR TRANSFER

The Student Transfer Achievement Reform Act (Senate Bill 1440, codified in California Education Code sections 66746-66749) guarantees admission to a California State University (CSU) campus for any community college student who completes an "associate degree for transfer", a newly established variation of the associate degrees traditionally offered at a California community college. The Associate in Arts for Transfer (AA-T) or the Associate in Science for Transfer (AS-T) is intended for students who plan to complete a bachelor's degree in a similar major at a CSU campus. A student completing one of these degrees is guaranteed admission to the CSU system, but not to a particular campus or major. See requirements listed below.

TRANSFER TO THE CALIFORNIA STATE UNIVERSITY (CSU) SYSTEM

Cuesta College offers courses to meet lower division (freshman and sophomore) General Education requirements for transfer to universities and colleges both public and private. For specific majors, consult the appropriate four-year catalog. Cuesta College Counseling Services will provide additional information in planning a specific freshman and sophomore year program for students. The California State University (CSU) General Education pattern is subject to change. Students are advised to check with Counseling Services.

GENERAL EDUCATION BREADTH PATTERN FOR THE CSU SYSTEM

To obtain a bachelor's degree from the CSU system, a student must complete a minimum of 48 term credits of General Education courses, nine of which must be upper division credits.

Cuesta College may certify a maximum of thirty-nine (39) credits as having fulfilled the CSU lower division General Education requirements. No more than thirty (30) term credits may be certified for areas B through D combined. It is required that the students complete all of Area A and B3 with grades of "C" or better prior to transfer. A class taken at another accredited institution may be included in Cuesta College's certification if the class would have been certified at the other institution. At Cuesta College, ASSIST is used to provide accurate data about articulation agreements, thus reducing the possibility of students receiving incorrect information. Visit ASSIST at <http://www.assist.org>.

GENERAL EDUCATION CERTIFICATION

Applications for General Education certifications can be obtained in the Admissions and Records Office. To be fully certified, students must complete 9 credits in each area of A, B, C, and D, and 3 credits in area E.

DISTRIBUTION OF COURSES

The following courses are applicable to the General Education requirements that may be certified by Cuesta College. They must be distributed as follows (^P = course prerequisite).

ADMISSION AS A TRANSFER STUDENT TO THE CSU SYSTEM

Admission as a transfer student to a CSU campus is subject to change. Check with Counseling Services for confirmation.

A student will qualify for admission as a transfer student if the student has a grade point average of 2.0 or better in all transferable credits attempted, was in good standing at the last college attended, and meets the following standards:

1. Was eligible as a freshman, or
2. Was eligible as a freshman except for the college preparatory subjects in English and mathematics and has satisfied the subject deficiencies, or
3. Has completed sixty (60) transferable term credits and has satisfied any deficiencies in college preparatory English and mathematics (non-residents must have a grade point average of 2.4 or better).

The CSU campuses are:

Bakersfield
 Cal Poly Pomona
 Cal Poly San Luis Obispo
 Channel Islands
 Chico
 Dominguez Hills
 California Maritime Academy
 Fresno
 Fullerton
 East Bay (formerly Hayward)
 Humboldt
 Long Beach
 Los Angeles
 Monterey Bay
 Northridge
 Sacramento
 San Bernardino
 San Diego
 San Francisco
 San Jose
 San Marcos
 Sonoma
 Stanislaus

TRANSFER TO THE UNIVERSITY OF CALIFORNIA (UC) SYSTEM

ADMISSION AS A RESIDENT STUDENT TO THE UNIVERSITY OF CALIFORNIA

Course requirements vary from one UC campus to the next. Therefore, students should work with a counselor to first select a particular UC campus to formulate a strategy for completing that campus' admissions requirements, major requirements, and general education requirements. Students should consult the catalog of the UC campus of their choice to find out specific details regarding transfer, major, and breadth requirements.

Students in this category must:

- A. Complete 60 term credits or 90 quarter units of transferable college course work with a grade point average of at least 2.40, and
- B. Complete a course pattern requirement (with at least a "C" grade in each course) to include:
 - 1. Two transferable college courses (3 term or 4-5 quarter credits each) in English composition: English 201A and English 201C; and
 - 2. One transferable college course (3 term or 4-5 quarter credits) in Mathematical Concepts and Quantitative Reasoning; and
 - 3. Four transferable college courses (3 term or 4-5 quarter credits each) chosen from at least two of the following subject areas: Arts and Humanities; Social and Behavior Sciences; or Physical and Biological Sciences. The Intersegmental General Education Transfer Curriculum (IGETC) will satisfy the above new requirements.

Students who did not satisfy the Subject Requirement based on their high school record must take transferable college courses in the subjects they are missing, earn a grade of "C" or better in each course, and earn an overall "C" (2.0) average in all transferable college course work.

Students who met the Subject and Scholarship Requirements from high school, but who did not meet the Examination Requirement (SAT/ACT), must complete a minimum of 12 term (18 quarter) credits of transferable work and earn an overall "C" (2.00) average in all transferable college course work. Students need not take the examinations required of freshmen.

The UC campuses are:

UC Berkeley
UC Santa Barbara
UC Davis
UC Santa Cruz
UC Irvine
UC San Francisco (graduate only)
UC Los Angeles
UC Merced
UC Riverside
UC San Diego

Students are advised to contact a Cuesta counselor regarding changes to the UC admissions requirements, changes to the Intersegmental General Education Transfer Curriculum (IGETC) pattern, and changes to the "pass-along" policy.

Completion of all the requirements in the Intersegmental General Education Transfer Curriculum (IGETC) will permit a student to transfer from a community college to a campus in either the California State University or the University of California system without the need, after transfer, to take additional lower division, general education courses to satisfy campus general education requirements. The course requirements for all areas must be completed before IGETC can be certified. Applications for IGETC certification are available in the Admissions and Records Office. Official transcripts must be on file before applying for IGETC certification. UC transfers must complete all subject areas prior to transferring to the UC system.

IGETC policy is subject to change and it is the student's responsibility to check with Counseling Services and the Transfer/Career Center regarding the current status of IGETC. Cuesta College will "pass along" coursework from other accredited colleges excluding UCs. See Counseling Services for details. For updates to the IGETC list visit the ASSIST web site at <http://www.assist.org>.

All courses must be completed with grades of "C" or better.

¹ Indicates courses that may be counted in one area only.

² Indicates that transfer credit may be limited by either UC or CSU or both. Consult with a counselor for additional information.

Laboratory courses are underlined.
