2021 FOODSERVICE BROCHURE

CURD & CURE

Welcome to our 2021 Foodservice brochure

Over the past year we have taken the time to think about how to support the return of our customers and ensure we deliver the best service possible. Our first ever dedicated Foodservice brochure is very important to us and ensuring we fill it with fantastic speciality food and drink even more so. We have made some big changes in our business, detailed below, which we believe will make a hugely positive impact to the hospitality sector whilst it is rebuilding. We look forward to the next year as an opportunity to further support and grow your business.

Ranging

- With the trend of **grazing** very prominent, we are delighted to offer a full range for your grazing platters, including nuts, dried fruits, crackers, and of course, our exceptional range of high quality cheeses and charcuterie.
- We have partnered with a **local dairy** enabling us to offer next day delivery on a much larger range of core products such as **milk and cream**.
- Our in-house cuts facility is now producing **cheeseboard selection packs** and **mixed charcuterie packs** to aid chefs with portion control.
- After sampling the market, we came across the unbelievable vegan cheese brand '**I AM NUT OK**' and were so impressed by the outstanding quality and taste. You can now create a delicious vegan cheeseboard!
- Over the last 12 months we have needed to support our **British producers** more than ever. To this end, we have worked closely with a vast selection of new producers that we are pleased to introduce to you. See our 'What's new' page for some of the very best.

Service

- To help chefs react quickly in this challenging time to forecast the stock levels needed, we have increased **our delivery days** to all areas and expanded our delivery area in our own vehicles.
- We now use **Whatsapp** for business, to aid busy chefs in communicating with our team more quickly.
- Our office is now open on **Sundays** for customers to place orders with our telesales team for Monday delivery.

To all our customers, old and new, our door is always open...

We would be delighted to welcome you to our Head Office to showcase the very best in what we can offer. We have a wealth of producers who have also offered to open their doors to our customers to help understand their business, manufacturing processes and provenance.

If you would like to organise a Head Office visit where one of our passionate team members can show you around or there is a producer you are keen to visit, please don't hesitate to contact your account manager.

Thank you for supporting us into 2021

From all the Curd & Cure team

NEW ACCOUNTS

To set up a new account, you will be asked to complete a new account form which will ask for your business name, delivery address, contact details & delivery days. We ask that all new accounts are paid on a Cash on Delivery basis which can be paid by cash or cheque or in advance by card or BACS. If you would like a monthly account, this will be issued subject to the relevant bank, credit and trade reference checks. New businesses without prior trading history will be expected to trade on a Cash on Delivery basis until three months of trading and payment history have been established.

PAYMENT

We accept payment by Cash, Cheque, Card and BACS. Our standard credit terms are for all invoices to be paid by the 15th of the following month. Statements are issued on the 1st and 16th of each month. Any bank charges incurred, such as unpaid cheques, will be passed on to the customer. If credit limits are exceeded or outstanding payments are late, your account will be placed on hold until payment is made.

We reserve the right to remove credit facilities if payments are frequently late or unpaid. Accounts passed on to our debt collectors will be frozen and all excess charges in collecting will be passed on to the customer.

PRICES

Prices sometimes change, and this can be with short notice. We reserve the right to pass on price increases imposed by our suppliers.

Where we can, we will always endeavour to communicate any change to special pricing with notice. However, changes to standard list price will be updated with each month's price list and will not be communicated.

CLAIMS

On the occasion that there is a discrepancy or shortage of your order, or if goods are damaged, you must advise us by phone or email within 24 hours of delivery. Any claims after this time will not be refunded or replaced.

DAMAGED OR FAULTY PRODUCTS

We are happy to replace any damaged or faulty products that are reported by phone or email within 24 hours of receipt. All goods should be inspected upon delivery and a customer signature is required to confirm that goods have been received satisfactorily.

Drivers cannot accept returns unless they have a collection note for the returned items. Please contact the office to arrange the return and a collection note will be raised.

If you are not able to report the issue to our drivers, and reject on receipt order, you will be required to report any issues to our telesales team and send photos within 24 hours. Damages reported after delivery will be recorded on our system and we will arrange collection from you on your next delivery. Please store these products in the correct conditions prior to collection.

SUSTAINABILITY

At **Curd & Cure** we are **committed** to reducing our impact on the environment. As a business within the food industry, we are **passionate about fighting food waste** and are constantly striving to be reactive to the surplus that arises within our business and the issues facing our industry. Our experienced team at **Curd & Cure**, work hard to minimise the possibility of food wastage through efficient stock control and purchasing. Waste is inevitable however, and we work hard to ensure it is **rediverted effectively**.

We work closely with **local producers of artisan products**, sharing their passion for high quality ingredients and often time consuming methods to produce premium products. It is always devastating when we see food waste within the business as it is not only a loss of these products, but when food is thrown away, some of the resources and energy that went into the production are also wasted. It has been found that **fighting food waste is the number one solution to fighting the climate crisis**.

We donate low dated stock to homeless and vulnerable people in our local area. Working with Maidstone Borough Council, much of our cooked products go straight to the homeless that are living on the streets. Other food is donated through the council to those living in temporary accommodation or through independent charities that run soup kitchens, including Time for the Homeless in Maidstone. Since the beginning of 2021, we have partnered with **Too Good To Go**, an app which has connected us straight to the consumer to rescue surplus and low dated food products. We have had great feedback, from individuals and families, that our Magic Bags provide them with some staple items and have been relied upon over the uncertainties of the pandemic.

We have launched **The Rescue Range**, to rescue surplus food within our business before it becomes waste. The soup utilises excess Stilton, with whole broccoli including the stems & leaves and Kentish potatoes from a surplus of potatoes, rejected due to their appearance including size and imperfections and usually sent for animal feed. The soup is being produced exclusively for **Curd & Cure** in small batches by the Speedy Kitchen. We are looking forward to seeing how we can rescue more products in the future and be reactive to our own waste.

At **Curd & Cure** we are constantly striving to improve as a business. Our staff work hard to ensure that our waste is disposed of efficiently through recycling streams. We are committed to evaluating our packaging to **minimise our footprint**. However, where this is not possible, we aim to ensure that we will inform our customers how to recycle or dispose of packaging properly. Over the coming months, we'll be sharing regular updates on our work around sustainability within **Curd & Cure**.
