

List of Important EAM/PM Transactions

IW39	Display orders: list	PM-IS	Object class analysis
IW3D	Print order	MC11	Manufacturer analysis
IW3K	Change order components list	MC12	Location analysis
IW3L	Display order components list	MC13	Planner group analysis
IW40	Order List Display (Multilevel)	MC14	Damage analysis
KG12	Determine Actual Cost Surcharges	MC15	Object statistics analysis
KO22	Change order budget	MC16	Failure analysis
KO88	Order settlement	MC17	Cost analysis
ADSUBCON	Subcontracting monitor	MC18	Vehicle consumption analysis
WPS1	WPS1 - Maintenance Event Builder	MC1Z	
Confirmation			
IW41	Individual Time Confirmation	Functional locations	
IW42	Overall completion confirmation	IL01	Create functional location
IW43	Display completion confirmation	IL02	Change functional location
IW44	Collective time confirmation	IL03	Display functional location
IW45	Cancel time confirmation	IL04	Create functional location: list editing
IW47	Confirmation list	IL05	Change functional location: list editing
IW48	Collective Time Confirmation with selection	IL07	Functional location list (multilevel)
CAT2	Record Working Times		
CAT3	Display Working Times		
IK11	Create measurement document	BOMs	
IW8W	Goods receipt refurbishment order	CS01	Create material BOM
		CS02	Change material BOM
		CS03	Display material BOM
Equipment		IB01	Create equipment BOM
IE01	Create equipment	IB02	Change equipment BOM
IE02	Change equipment	IB03	Display equipment BOM
IE03	Display equipment	IB11	Create functional location BOM
IE05	Change equipment: list editing	IB12	Change functional location BOM
IE07	Equipment list (multilevel)	IB13	Display functional location BOM
IE10	Create equipment: list editing	CS14	BOM comparison
IE4N	Dismantling/Installation with Goods Movement	CS15	Material where-used list single level
IE20	Find Replacement Equipment		

Structural Displays		Maintenance task lists	
IH01	Functional location structural display	IA01	Create equipment task list
IH03	Equipment structural display	IA02	Change equipment task list
IH05	Materials structural display	IA03	Display equipment task list
CC04	Display product structure	IA05	Create General Maintenance Task Lists
Classes		IA06	Change General Maintenance Task Lists
CT04	Characteristics	IA07	Display General Maintenance Task Lists
CL02	Classes	IA08	Change maintenance task lists: list
CL20N	Assign Object to Classes	IA09	Display maintenance task lists: list
CL30N	CL30N - Find Objects in Classes	IA10	Display maintenance task lists (multilevel)
Work centers		IA11	Create functional location task list
IR01	Create work center	IA12	Change functional location task list
IR02	Change work center	IA13	Display functional location task list
IR03	Display work center	IA16	Task list costing
Maintenance plans		Notifications	
IP11	Maintain maintenance strategies	IW21	Create notification
IP11Z	Maintain cycle set	IW22	Change notification
IP41	Create single cycle plan	IW23	Display notification
IP42	Create strategy plan	IW28	Change notifications: list editing
IP43	Create multiple counter plan	IW29	Display notifications: list editing
IP02	Change maintenance plan	IW30	Notification list (multilevel)
IP03	Display maintenance plan	Orders	
IP10	Schedule maintenance plan	IW31	Create order
IP15	Change maintenance plan: list editing	IW32	Change order
IP16	Display maintenance plan: list editing	IW33	Display order
IP19	Scheduling Overview and Simulation	IW34	Create order for notification
IP24	Scheduling overview list display	IW36	Create suborder
IP30	Deadline monitoring	IW81	Create refurbishment order
IP31	maintenance plan costing	IW37	Change operations: list
		IW37N	Change orders and operations: list
		IW38	Change orders: list
