

2017 IMPACT REPORT

DG Delivering
Good HELPING KIDS
AND FAMILIES

A Message From Our Leadership

Sometimes the biggest challenges bring out the best in all of us. 2017 was a time of challenge and adversity for many communities around the world. A series of natural disasters—from hurricanes, to earthquakes, to devastating wildfires—took thousands of lives, and created new and urgent needs for children and families. As we have done ever since our founding thirty-three years ago, Delivering Good turned these pressing needs into a call to action. This report is the story of how we drew from the energy of our friends and donors, both large and small, to be a source of security and well-being for those in distress.

This is the story of how our committed and generous product donors stepped up to provide 13.3 million units of new product, which we put into the hands of families experiencing disasters and poverty. This is the story of financial contributors who showed their consistent passion by contributing to our Adopt-an-Agency program and making commitments to our Legacy Society. This is the story of new partnerships and innovation, such as our B Strong Initiative alongside entrepreneur Bethenny Frankel, which provided more than \$1 million to aid communities in need of emergency support, from Puerto Rico to Northern California.

Above all, this is the story of how, no matter the challenges we face, Delivering Good remains committed to the core values on which we were founded: to provide aid, dignity and the chance for a fresh start to families who need our help. To our friends in every sector who have been a part of our work, we thank you for everything you continue to give in order to make the world a better place. We will never stop working to turn the world's challenges into a chance for new hope.

With appreciation,

Allen Ellinger
Board Chairman

Lisa D. Gurwitch
President and CEO

2017 HIGHLIGHTS

In 2017, over 400 companies donated more than 13 million units of new products (valued at over \$152 million) that we distributed to over 500 community partners nationwide. Monetary donations and other financial support help pay for programs, logistics, coordination and freight costs so that new product reaches the people who need it most. With community partners in all 50 states and around the world, and an overhead of less than 3%, Delivering Good is widely recognized for efficiently supporting people in need. Below are some selected highlights from 2017.

The organization officially changed our name from K.I.D.S/Fashion Delivers to Delivering Good. What started 30 years ago as a small New York City charity addressing children's needs, has now monumentally grown into a renowned philanthropic organization that provides millions of dollars in new product annually to children, adults, and families affected by poverty and disaster. With our name change, we will continue to strive to better communicate our mission of delivering good and dignity to people in need with the same hope and a stronger impact.

Many parts of the world faced unimaginable horrors with repeated natural disasters in 2017. Hurricanes Harvey, Irma and Maria, along with the California wildfires and various other natural disasters, wreaked havoc among residents all across North America. With swift action and the unwavering support of our partners, **Delivering Good was at the forefront of the crisis to provide those in need with basic essentials.** While most of the disaster-stricken areas have slowly started to recover, many of them are still lacking electricity, limited access to supplies, and deprived of a sense of home. Over 300 companies have contributed more than \$30 million of new products and over 7,000 individuals, companies and foundations have contributed more than \$1 million for general disaster relief.

Delta Children, in partnership with Delivering Good and the Northside Center for Child Development, hosted an event on March 24, 2017 to spread knowledge and awareness with parents and parents-to-be about the importance of creating safe sleeping environments for their children. Delivering Good Board Member and President of Delta Children, Joe Shamie, educated parents about creating safe sleep conditions for children, and donated 25 Pack 'N Plays for the families in attendance.

In partnership with Burlington Stores and Good Morning America, the **2017 Warm Hearts and Warm Coats Drive received a record-breaking number of coats (over 160,250 donations).** Both new and gently used coats were collected and distributed to more than 300 community charities nationwide. Now 11 years running, the program has collected a grand total of 1,974,845 coats since its inception.

2017 HIGHLIGHTS

Three leading women executives were honored at Delivering Good's 11th Annual Women of Inspiration Luncheon on June 7, 2017 at the Pierre Hotel in New York City. **460 guests attended the event, which raised over \$431,000.** The women honored were: Gaye Dean, Marketing Director at Target; Fashion Designer Tracy Reese; and Lana Todorovich, President of North American Wholesale at Ralph Lauren.

In November, Delivering Good hosted its Annual Gala at the iconic American Museum of Natural History in New York City, raising over \$1,844,000. The year's honorees included Lissa Baum, EVP and Chief Lending Officer of Israel Discount Bank of New York; Allan Ellinger, Senior Managing Partner of MMG Advisors and Board Chairman of Delivering Good; Brad D. Rose, Partner at Pryor Cashman; and Stephen Teglas, formerly of Disney, currently Senior Vice President, Global Fashion, Home and Infant at Warner Bros. Consumer Products. Entrepreneur and TV personality Bethenny Frankel was recognized for her B Strong initiative with Delivering Good and outstanding efforts towards disaster relief.

Delivering Good partnered with Ann Taylor to empower women re-entering the workforce through its in-store initiative "Get A Dress, Give A Dress". The program matched each dress purchased in-store with a dress donation to be distributed to a local charity. **5,000 donated dresses were distributed to Delivering Good community partners to provide women with the necessary tools and confidence for a fresh start.**

Socks and underwear are consistently the most requested articles of clothing at shelters and organizations serving the needy across the country, yet the least donated. The One Million Pairs of Socks initiative, conceived by Isaac Ash, President and CEO of United Legwear & Apparel, was born from a friendly industry challenge to pledge one million pairs of socks for those in need. In association **with the American Apparel & Footwear Association (AAFA) and its members, and donations from many generous companies, this campaign surpassed its goal, raising 1,048,590 pairs in 2017.**

COMMUNITY PARTNER PROFILES

Every Child's Dream

Every Child's Dream Foundation helps babies and children in 92 countries and the U.S. by providing specialty care packages filled with essential supplies directly to hospitals, foster care agencies, orphanages, disaster relief and shelters. During the 2017 California wildfires, the Foundation furnished destroyed homes and equipped victims with clothing, first aid, shoes and coats. "We strive to prioritize and continue to focus on our local communities along with our global efforts," said founder Tasha-Nicole Terani. "Thanks to Delivering Good, the Every Child's Dream

Foundation played a major role in providing supplies of all types to the victims and families who lost everything in the fire." The Foundation has almost hit its lifetime goal of delivering 500,000 care packages to orphanages, hospitals, foster care, disaster relief and local community partners & agencies in need.

The Sharing Shelf

Founded in 2009, The Sharing Shelf provides assistance and support to children and teens in Westchester and Fairfield Counties with new and gently used clothing and essentials. Teen Boutique, the organization's semi-annual shopping day, provided 500 girls with a curated shopping experience in 2017. Director Deborah Blatt shared, "The items help build their self-esteem and hopefully ensure that they are more likely to attend and stay in school." With a 30% increase in demand in the surrounding area, the organization is expanding to amplify its impact, with the help of Delivering Good's new products. "We estimated that we are only reaching a small percentage of the children who need clothing in Westchester. To reach more children, as we grow, we need a larger inventory. The clothing from Delivering Good helps us address this situation."

Free Store 15104

Free Store 15104, founded in 2012, serves over 1,600 families per month. The organization's Christmas events bring in ample donations so it can positively impact as many families and individuals as possible during the winter and holiday season. Rather than chasing down donations, the staff at Free Store 15104 has expressed its appreciation for Delivering Good's efficiency, allowing them to more effectively use their time supporting families. When she received a donation from Delivering Good of UGG winter boots, founder Gisele Barreto Fetterman was eager to match the boots to several of the moms who use public transportation to travel long distances in the snow. She remembers one of the moms specifically, who started crying and hugging the staff with gratitude, upon receipt of her boots. "Delivering Good has allowed us to meet goals we had not even written for ourselves. It has helped to validate and support our work in so many ways. We can't imagine running our programming without Delivering Good."

WHY I GIVE

Luanne Whiting Lager, Loyalty Circle Donor & 2016 Women of Inspiration Luncheon Honoree

Retailers and manufacturers are integral to achieving Delivering Good's mission, but so are individuals who help make it happen with financial donations.

Luanne Whiting-Lager, Co-Owner and VP/CFO of Regal Lager, a distributor of high quality baby products, first heard about Delivering Good at the Juvenile Products Manufacturers Association (JPMA) in Dallas several years ago. Since then, she has developed a close relationship with Delivering Good, and was deeply inspired by the organization's focus on new product versus discarded or used product.

Ms. Whiting-Lager is not new to philanthropy—she attributes her desire to give back to her family and her upbringing. “I was raised an Army brat. My father served our country and volunteered as a coach for many sports teams. My mother volunteered every place we lived, in hospitals and schools and everything in between. My first real memory of serving and giving was as a Brownie and Girl Scout. In high school and college, I spent two summers in Central America volunteering on public health issues with remote communities. I also volunteered at our local Women's Clinic.”

“It is so important to recognize financial donors who regularly support us,” says Delivering Good President and CEO, Lisa Gurwitsch. “Building a strong network of donors allows us to provide hope and dignity every day. We're so grateful for the generosity of our supporters—they enable us to touch the lives of millions in the U.S. and abroad each year.”

Ms. Whiting Lager is a member of Delivering Good's Loyalty Circle, which recognizes supporters who have made monetary donations for two or more consecutive years.

When asked Whiting-Lager what she wanted to pass on to future generations; this is what she had to say. “My husband has used his 5 A's (Ambition, Attitude, Adaptability, Accountability & Active) and drilled that into our two daughters. While I embrace all of these, I have also talked about my 4 R's—Relationships, Respect, Responsibility & Risk. Kindness is another word I would hope my children and granddaughter will embrace for the future.” She is certainly having a positive impact on her family, community and the beneficiaries of Delivering Good.

WHY WE GIVE

Li & Fung Limited is a company with a vision of a better world. Founded with a simple but bold mission—to make life better for the one billion people in their supply chain—the company has grown to more than 250 offices in 40 markets around the world. But they have never lost sight of the need to make strategic investments to improve the lives of those they impact.

After the devastation caused in 2005 by Hurricane Katrina in the USA and deadly mudslides in Malaysia, Rick Darling, then President of LF USA, was asked by Allan Ellinger to brainstorm and help establish a charitable organization that could draw from the passion and capacity of the fashion industry. From those discussions, the organization that would grow into Delivering Good was born. Ever since, Li & Fung has remained at the forefront of Delivering Good's financial supporters, giving both monetary and in-kind donations that ensure our charitable work can happen effectively all year round.

“For many years, we have partnered with Delivering Good as one of our charities of choice,” says Darling. “Shortly after our first financial contribution in 2005 to help start the charity, we provided office space, support services including IT, shipping and logistics, and storage space.” These contributions, along with financial support and contributions from employees, have made a significant impact on Delivering Good.

From the beginning, Darling recalls that Delivering Good struck him as a different kind of charitable organization. “The one thing about the organization that is quintessential to its mission is the ability to deliver new products and goods. It’s difficult enough for someone to go through devastating hardships, but to be able to present something new shows they are valued, cared for, and supported in getting a fresh start.”

Delivering Good’s work hasn’t just made an impact on victims of poverty or disaster. It has been felt within the offices of Li & Fung as well. “The EROI (Emotional Return on Investment) is tremendous,” Darling reflects. “It has given our employees a personal connection to charitable and corporate goodwill. Delivering Good has 100% transparency and accountability. The operating costs are among the lowest of charitable organizations. It truly lives the values of its name: delivering good to kids and families in need.”

In 2017, Li & Fung provided a grant to become inaugural supporters of Delivering Good’s Disaster Readiness Fund, a comprehensive initiative that will enable the charity to respond more rapidly and effectively to natural disasters. With this gift, Li & Fung has put itself at the forefront of supporters, not only of Delivering Good, but of informed and strategic giving to improve the world.

More than a decade into this partnership, Darling has no hesitation in recommending Delivering Good to other grant-making organizations. “Delivering Good is the industry’s premiere charitable organization. The staff and Board are passionate about the mission, and active in making it a reality. It aligns 100% with our company’s goals and values.”

2017 THE YEAR OF DISASTERS

Since our founding in 1985, Delivering Good has responded to disasters around the world with donations of new merchandise, helping distressed families and individuals recover their lives. Every year, millions of people in the United States and around the world are impacted by natural disaster. This past year, 2017, was the worst hurricane season since 2005 (and the second most devastating on record overall), taking more than 100 lives, and costing over \$200 billion dollars in damage to homes, roads, and communities. Disasters of all kinds were widespread: in Texas, Florida, Puerto Rico, and elsewhere in the Caribbean where hurricanes struck; in Northern California where wildfires spread beyond control; in Mexico, which felt the impact of powerful earthquakes; and elsewhere from Sierra Leone to Bangladesh, natural disasters left families and individuals without homes or possessions, including fresh water, clothing, bedding, and basic home supplies.

Delivering Good responded swiftly and effectively to each of these emergencies, providing relief and needed supplies to those in distress. Over the course of 2017, we provided more than \$32 million worth of new clothing, shoes, bedding, emergency supplies, home goods, and gift cards to victims of disaster in regions including Texas, Florida, Puerto Rico, Northern California and Mexico. Our work included school supplies and clothing for Hurricane Irma victims in Florida, a marketplace for Puerto Rican evacuees in New York City, and multiple pop-up shops for those struck by Hurricane Harvey in Houston, Texas.

This is only one part of our ongoing commitment to disaster response—and our dedication to staying in communities to help them rebuild and recover their lives however long it takes. For three decades, Delivering Good has responded quickly and effectively wherever we are needed most. And no matter where the next disaster strikes, we remain ready and able to bring help to those in need.

B STRONG X DELIVERING GOOD

When Bethenny Frankel learned of the tragic effects of Hurricane Harvey last fall, she didn't just feel sorry for families who needed help. She got to work raising money, mobilizing her friends and supporters and bringing first-hand aid to victims of disaster.

Since October of 2017, Delivering Good has worked alongside Bethenny and her B Strong Initiative to raise and distribute hundreds of thousands of dollars to victims of natural disasters around the world. In the United States, Puerto Rico and the Caribbean islands, so many individuals' lives have been upended by catastrophe and have found a helping hand and a start at recovery through aid provided by the B Strong program.

Through this campaign, more than \$1,000,000 has been raised and distributed to provide supplies and general-purpose gift cards to eight disaster-struck communities around the world. Working with Delivering Good's trusted network of community partners, and making use of our long partnerships with our friends in the fashion and home industries, we have been able to touch the lives of so many families throughout the world: in Puerto Rico, where families queued in line for a day of all-expenses-paid supply shopping at a local K-Mart store; in Northern California, where gift cards gave immediate support to people who lost their homes in wildfires; and in Morelos, Mexico where school children received fresh water and filtration supplies following a massive earthquake, to name just a few locations.

Delivering Good is grateful to Bethenny and all of our B Strong supporters for helping us achieve this important and life-changing work.

GIVING WITH... PURPOSE

Ascena Retail Group, Inc.

A company's worth is based not only on sales, revenue and brand recognition, but also on its social and environmental impact. Recently, with the rise of issues affecting humanity on a domestic and global scale, more and more companies have been stepping up to take on more roles in responsibility for people and the planet.

This has led to an increase in corporate social responsibility efforts for businesses. Consumers are increasingly choosing to support companies that 'do good', and companies are doing their best to keep up with this new consumer demand.

Consumers are becoming more sophisticated and demanding that brands incorporate purpose and mission into the culture. Recent studies have shown that consumers are significantly altering their purchasing behaviors; many specifically seek out companies that have a social mission that align with their personal values.

Ascena Retail Group, Inc., which owns Ann Taylor, Loft, Lane Bryant, and others, has launched a Corporate Social Responsibility (CSR) initiative with a specific focus on women's empowerment. In partnership with Delivering Good, the company has donated over \$10,000,000 in product through campaigns and drives. The organization has heavily engaged consumers in brand campaigns such as Ann Taylor's "Get a Dress, Give A Dress" which successfully donated a new dress to a woman in need for every dress purchased.

During the devastating 2017 hurricane season, the company donated over \$1,000,000 in product across its multiple brands. Delivering Good is honored to be the recipient of these donations and to be supported by a renowned brand that has built impact into its DNA. In the words of Ascena, "Delivering Good helps Ascena Retail Group, Inc., to further our commitment to be a leader in responsible fashion and positively impact our communities. We are proud to partner with Delivering Good on product donations since the organization's wide reaching network of partner organizations allows us to impact women and families in need."

About The Funded Agency Program

In 2017, Delivering Good enhanced the Funded Agency Program, providing the ability to our community partners to make a bigger impact on the communities that they serve.

By providing Delivering Good with a grant, we ensure that the community partner will receive no less than \$150,000 worth of product over a twelve-month period and receive a host of benefits including: first priority for product donations as they become available, 15:1 match on \$10,000 grants and 20:1 match on \$20,000 grants and above, the opportunity to partner with us for important distribution, and proactive procurement of product donations so that agency partners can do what they do best, which is focus on the services that they offer.

The community partners that have joined the Funded Agency program have told us that having access to new, quality product has made a significant difference in their reach and how their clients feel about themselves by being with such an esteemed organization.

Eloquii

Plus size merchandise is some of the most sought-after, and most challenging, merchandise to receive. Plus-size retailer, Eloquii, designs fashionable clothing with these women in mind, with the mission to provide every woman, regardless of body type, with confidence and self-esteem. The fashion-forward brand boasts of some of the most creative and original designers currently in the industry to ensure that each design is in-season and on-trend.

Every year, Delivering Good has found it a challenge securing donations that cater to a wide variety of body types, but this year, with generous donations from Eloquii, we were able to make

sure that ALL shapes and sizes of women in need can benefit from a new wardrobe, and the brand was impressed by Delivering Good's ability to deploy clothing quickly and efficiently, particularly after Hurricane Harvey devastated the Houston community.

When Eloquii began investigating a potential donation partner, the brand focused its efforts on finding an organization that focused on making an impact and ultimately decided on Delivering Good because we provide assistance to women in need in the most direct and efficient ways.

Delivering Good receives the most inspiring feedback from women who have received their new Eloquii merchandise. Kristen Campolattaro, VP of Brand Marketing, says, "Our customers inspire us every single day and hearing this feedback reminds us that fashion really does make a significant difference in the lives of women."

It is clear that by connecting with Delivering Good, Eloquii has the opportunity to further its brand ethos. "At Eloquii, we believe in the transformative power of fashion. We want all women to have access to clothes that make them feel confident. Delivering Good helps us extend our mission further than we ever could alone," says Campolattaro.

When asked what Eloquii has learned by working with Delivering Good, this is what Campolattaro had to say. "We learned that helping is not that easy. You need to partner with an organization like Delivering Good who understands how to navigate the complexities of a natural disaster."

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Delivering Good, Inc. as of December 31, 2017 and 2016, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.
