Measure Vitals of Horses in Action

And Livestream Video from a Horse's Perspective

EquineView™ enables owners, riders, trainers, and event managers to take advantage of a network mobility solution that measures vitals — including speed, direction, and other variables — and a bandwidth to support high-resolution live-streaming of data and video in motion without drops. Powered by Rajant's technology, EquineView has unique features that make it ideal for a variety of horse sports applications.

Vitals

Track heart rate, respiration, and temperature in real-time to help tailor a training program for optimal results.

Video

Record, livestream, or televise from a horse's eye perspective to watch live or record for training purposes.

**RAJANT**

Human care means seeing our neighbors.

We deliver more than health care—we deliver human care. Because treating our neighbors is the most honorable thing we'll ever do.

Be seen.
