JANE'S TIMELY GARDENING TIPS

Hi there, I'm Jane the gardening person. I've been in the gardening arena for many years, on TV, radio, writing in magazines and taking garden tours. The big thing I love is plants of all shapes and sizes, edibles, indoor, fruiting, ornamentals... they are all so fascinating. They keep me involved, because without them, where would our world be?

Every so often I will give you my impression of some plants that my friend Di has in her catalogue. Enjoy.

- Jane Edmanson

WHAT'S HOT THIS MONTH...

Lavenders:

Think Mediterranean with terra cotta colours, hot dry summers and mild winters, temperate climates that are perfect for growing lavenders. They are one of the best for fragrance (just brush by them is a pleasure), with beautiful spikes of flowers, they can be pruned as hedges and why not throw your tea towels over them to dry or make pot pourri – all round good plants.

There are a number of species and cultivars that will make a nice collection. The English Lavender, *Lavandula angustifolia* is a hardy long lived plant that the bees absolutely love and it fits well into a cottage garden. Lavender x *intermedia* is a vigorous strong growing plant with longer spikes of flowers and great fragrance - L. *Grosso* is one of the most popular, it flowers later from Oct through to March/April and their oils are used for soaps as they have a strong camphor fragrance.

Don't forget to give them an annual prune, don't leave it too long because the plant can lose its shape but will always come back with a haircut. Dry, not too fertile soil, alkaline (limey is best) and they love sunshine. In fact lavenders always give a bit of sunshine in the garden.

Dis Delightful Plants ordering details, terms & conditions

Our goal is to provide you with relevant and useful information to assist you in the selection and purchase of our products. We include flower colour and season, type of plant, size guide and preferred growing conditions. However, if you still feel uncertain whether a plant is suitable for your location or requirements please contact us or conduct further research online.

We guarantee our plants to arrive at your door in premium, ready-to-plant condition. If they're not, we offer a money-back guarantee if you contact us within 48 hours.

When your plants arrive we recommend soaking them in a seaweed solution such as Seasol to help them recover from any stress incurred during transport. (Apply at packaging recommended rates.)

All orders are to be paid in full prior to dispatch.

Unless otherwise stated, we have a minimum order of ten plants. This can comprise of any assortment of sizes and

varieties from our current stock list. If the unexpected unavailability of one or more ordered varieties results in your order falling below the minimum required order value we will contact you to authorise a substitute.

If contact cannot be made and less than 15% of your order is affected we will select the most suitable substitute. If it is over 15% we will hold off sending the order until contact can be made.

We hope you enjoy browsing through our huge variety of plants.

We welcome feedback on how we can improve; please email di@disdelights.com.au.

We'd love to hear how Di's Delightful Plants is helping your garden grow; join our Facebook and Instagram communities to share your stories, or come and say hello to us at an event near you.

Here's to gorgeous gardens!
The Di's Delightful Plants Team
