## Laser Direct™ Universal Fountain Solution

Fountain solution formulated for use with polyester laser plates is also compatible with silver-based and metal plates, which makes it an ideal multi-purpose fountain solution. It should always be diluted (32:1, water to solution) when wetting and running laser plates.

LASER-54103	Gallons - full case	4	Case	39	\$164.57	\$118.49
LASER-54103-B	Gallon - broken case	n/a	Gallon	10	\$49.38	\$35.55

## Laser Direct™ Plate Cleaner

This cleaner is specially formulated for polyester laser plates and is uniquely suited for cleaning plate surfaces and removing toner scatter that can cause tinting on press. Using Laser Direct™ Plate Cleaner is an easy, economical, and efficient way to get the best reproduction from dry toner imaged laser plates. Use full-strength with a soft, low-linting cotton pad or sponge.

## RCL - Reactive Cross Linking Fountain Solution

GATF award winning one step fountain solution dramatically decreases the time needed for ink to setup and dry. RCL does not require alcohol or other additives. U.V. and IR dryers increase RCL's effectiveness but are not necessary.

RCL-506	5 Gallon	n/a	Each	45	\$299.89	\$215.92

## Total Release Compound (TRC)

Unique ink additive improves the transfer of ink from the printing blanket to the press sheet, which results in more consistent solids with reduced voids, shading, and ghosting. TRC also reduces ink tack without affecting ink body or the ink's open time. TRC can be used with oil, soy, rubber, acrylic, laser/thermal, U.V., or metallic inks and in overprint varnish.

If a bidder is not the manufacturer of the offered items, the bidder must include with its bid, a letter signed by the manufacturer or the manufacturer's representative, stating that (1) the bidder is authorized to bid and sell said manufacturer's products; (2) that the manufacturer will honor any responsibilities under the warranty for the products sold by the bidder if the bidder fails to perform such service; and (3) the bidder is authorized to bid on this contract. If the letter is not included with the bid, the bidder must submit the required information within two (2) business days after notification from the Department of General Services. Failure to submit the required documentation shall result in bid rejection.

**CATALOG/Price List**

Bidders must submit the manufacturer's current State and Local Government Catalog/Price List for the specified equipment. Bidder shall show only a Single Percent Discount. During

the term of the contract, the bidder shall not alter, modify or update any version of the catalog/price list without prior approval by the Commonwealth. Bidders may not publish any catalog/price list for use by Commonwealth agencies with alternate pricing, additional terms and conditions and additional items.

Bidders must submit a copy of the catalog/price list in CD-ROM form with the bid. The CD ROM catalog/price list must show at a minimum:

- Manufacturer item number
- Manufacturer brand name
- Bidder item number
- Bidder merchandise class identifier
- Catalog list price

Any terms and conditions that are on the catalog/price lists, including but not limited to, FOB Shipping Point; Prices Subject to Change; and any additional items, are not part of the contract and will have no force or effect on the contract.

Copy of CD-Rom versions shall be made available to all requesting agencies within two (2) business days of any request. All associated costs will be borne by the bidder.

The electronic catalog shall follow the same format as the CD-Rom approved with bid response (as outlined above).

### **PRICE**

Price shall include standard installation, instruction of Commonwealth personnel, and one complete copy of the instruction manual.

In the event of a contract award the bidder shall furnish all awarded items/categories contained in their current formally published State and Local Government Catalog/Price List at the discount percent offered. ### **PRICE ADJUSTMENTS**

Price lists submitted with the bid will be valid for the first year of the contract. After the first twelve (12) months and annually thereafter on the anniversary of the Contract, price change requests may, at the discretion of DGS, be approved. All price change requests must be submitted in writing forty-five (45) days prior to the expiration of the anniversary date of the Contract. All requests must be accompanied by appropriately documented market justification. However, all percentage discounts bid shall not be decreased for the duration of the contract including any yearly renewal(s). Any price changes must be approved by DGS in writing in order to be effective. In the event the contract is renewed, prices may be adjusted for the renewal period at the time of the contract renewal.

### **Contract Renewal**

The renewal provision contained in Section V.3 Contract 002.2b of the terms and conditions will apply to the contract. The renewal provision contained in Section V.3 Contract 002.2e of the terms and conditions will not apply to the contract.

### **EQUIPMENT**

All items offered by the bidder must be new. A “new” item is one that is used first by the Commonwealth after it is manufactured or produced. Used or reconditioned items are not acceptable.

### **INSTALLATION AND REMOVAL**

The bidder is responsible for the installation of all equipment and after installation must certify readiness for operation.

The bidder shall provide at no cost to the Commonwealth, a starter kit that includes any consumables to ensure equipment is in operable condition upon installation. Commonwealth shall not accept billing for starter kit. It is the bidder’s responsibility, prior to delivery to survey and review the particular installation location to insure the existing proposed location meets the manufacturer’s established installation criteria. Should the proposed installation location not meet established installation criteria, the bidder and the using agency will attempt to locate an alternate mutually agreeable location for the machine at the particular site.

In the event that a mutually agreeable location for the machine that meets the manufacturer’s established installation criteria is not available, the bidder must not deliver the equipment and must request that the agency cancel the order. Bidders not familiar with any location are strongly advised to personally view those locations prior to delivery.

A lack of familiarity with a delivery location will in no way relieve a bidder from their responsibility to fulfill its contractual obligations.

Cabling of network machines and power supply is not the responsibility of the bidder.

Upgrading placement: Removal costs are not incurred by the Commonwealth for equipment being replaced by equipment from the same bidder.

### **EQUIPMENT TRANSFERS**

The Commonwealth reserves the right to relocate equipment as necessary. The Commonwealth will be responsible for removal and installation charges. The bidder will be responsible for preparation of equipment moving and reinstalling at the new location. Bidder will be responsible in ensuring equipment is operational when reinstalled. All purchase option credits, present and future, on such equipment will remain in effect for use by the Agency receiving the equipment.

### **MAINTENANCE SERVICE AND REPAIR COVERAGE**

The original bidder supplying equipment is required to provide maintenance for equipment obtained under this contract for the term of the contract.

The contractor shall provide maintenance service for all equipment procured under the contract unless the agency elects not to procure maintenance service for equipment acquired through the outright purchase plan.

For all existing equipment or outright purchases of equipment, maintenance will fall under the Terms and Conditions of Commonwealth Contract #4400000631, Equipment Maintenance Program, unless waived by the contracted supplier and/or Department of General Services.

All equipment is to be maintained to original factory standards for a period up to five (5) years or the life of the lease. All maintenance is included in the lease price for leased equipment. When a machine is purchased, a new or equity purchase, the bidder shall provide maintenance contract pricing, beginning at that date of purchase, to include all parts and service.

Maintenance service will be performed during normal business hours, Monday through Friday, except state holidays.

In the event a bidder fails to dispatch a qualified technician within four working hours after notification, \$100.00 shall be assessed against the bidder as liquidated damages for each day or part of a day until the equipment is operational again. Any amount assessed against the contract under this section may be deducted from any amounts due the bidder.

For the lease purchase, installment purchase and outright purchase plans, the cost of maintenance shall be firm (no increase in price) for a full five (5) year period after actual purchase date and acceptance of the equipment. No escalators apply.

The Department of General Services, Bureau of Procurement will act as the agent for the Agencies for all surcharge actions brought under this section. Agencies shall forward to the Bureau of Procurement all documented cases of late responses. The Bureau of Procurement will then determine what incidents they feel is justified for surcharge action and the appropriate comptroller will be notified. Agencies must include the following information in their documentation: Date call placed, time of day call placed, name of individual who placed call, name of person at bidder's location that they spoke to, date service representative arrived, time of day service performed, name of service representative, (if machine is down for a period of time while parts were ordered number of days machine was down).

Agencies may require bidders to provide quarterly service/maintenance reports for the term of the contract.

### **TRAINING**

Prices shall include instruction of a maximum of four (4) Commonwealth personnel for one session of a minimum of four (4) continuous hours in the operation and maintenance of the equipment. The topics included in this instruction are as follows:

- A. Complete orientation of all of the equipment's features, functions and capabilities.
- B. "Hands On" training of each employee in the operation of the machine by demonstration and use
- C. Complete instruction on the replacement of the equipment's consumable supplies: inks, additives, washes, blankets, stitcher wire, perf and score wheels, and any other items that are replaced by employee.
- D. Trouble shooting of the equipment, including jam clearance and identification of codes and/or symbols used to diagnose problems.
- E. Process to identify that equipment needs a technician's services and the method of notification to a qualified service technician.
- F. Review of system documentation, electronic or hardcopy.
- G. Routine preventative maintenance

### **QUALITY AND RELIABILITY**

The equipment is expected to perform in an efficient manner with a minimum of down time. Machines that require an excessive number of service calls are reported to the Department of General Services for review. If it is determined that a using agency's system

requires replacement, the bidder, after written notification from the agency, will replace the equipment without charge with an identical model or a machine with comparable features and capabilities. This policy shall apply to all systems leased or purchased under this contract, and is in effect for the duration of the contract. If a leased machine is replaced, a new lease term shall not commence but rather the Commonwealth is only responsible for the remaining payments in the unexpired term. If the cause of excessive service calls is determined to be an operator error, misuse, or abuse by the Commonwealth, the repair time and the associated travel time is not a factor in determining satisfactory machine performance.

### **DELIVERY TIME**

The bidder must deliver equipment within sixty (60) days after receipt of a purchase order, unless otherwise specified in the purchase order.

The bidder must notify agency if unable to deliver within sixty (60) days, or as otherwise specified in the purchase order.

If the bidder can not meet the delivery time, the agency, after consultation with the Department of General Services, will have the option to cancel or do what is necessary to affect delivery without penalty.

### **PRICING PLANS**

The term of each pricing plan shall commence on the date the equipment is accepted by the agency upon completion of the standard of performance and shall continue for such period of time as designated in the purchase order.

There are five (5) plans for procuring equipment

1. 48 Month lease with Fair Market Value Option at end of term
2. 60 Month lease with Fair Market Value Option at end of term
3. 48 Month Installment Purchase
4. 60 Month Installment Purchase
5. Outright Purchase

Equipment is procured for the period of time as designated in the purchase order unless the purchase order is terminated for default or because of non-appropriation.

All agencies are encouraged to conduct a cost benefit analysis to determine which of the five plans is in the best interest of the Commonwealth.

## **PRODUCT UPDATES**

Bidder may add, delete, or replace equipment and accessories on a yearly basis. This process will include notifying the Department of General Services of the changes and providing new catalog pricing for the specific items. Submissions are to be provided in an electronic format. Product update requests should be submitted, in writing, to DGS forty-five (45) days prior to the expiration of the yearly anniversary date of the Contract.

In the event specified equipment or accessory listed in the awarded bidder's price list becomes unavailable during the contract period, bidders may offer an alternative product at an equal or lower cost. The Department of General Services reserves the right to evaluate the product and make a determination that it is an approved equal. Bidder guarantees service and supply costs for the contract period.

## **TRADE-INS**

The Commonwealth reserves the right to offer used equipment in trade as part of the purchase price, in accordance with values in effect at the time traded. Bidders should submit a formal trade-in schedule or a statement of trade-in policy with their bids.

Trade-in equipment is represented by the Commonwealth only “as is” and no warranty as to its condition is expressed or inferred. Equipment for trade-in is picked up by the bidder at the point indicated in the agency’s purchase order and removed at its expense.

## **IT Procurement Review Process**

In the event of a contract award, all equipment purchased is subject to ITB-EPM003 – IT Procurement Review Process. For more information on this process, go to:

### **I.9 IFB-027.1 COSTARS Program (Dec 12 2006)**

Section 1902 of the Commonwealth Procurement Code, 62 Pa.C.S. Section 1902, authorizes local public procurement units and state-affiliated entities (together, "COSTARS Purchasers") to participate in Commonwealth procurement contracts that the Department of General Services ("DGS") may choose to make available to COSTARS Purchasers. DGS has identified this Contract as one suitable for COSTARS Purchaser participation.

A. Only those COSTARS Purchasers registered with DGS may participate as COSTARS Purchasers in a Commonwealth contract. Several thousand COSTARS Purchasers are currently registered with DGS; therefore, the Contractor agrees to permit only DGS-registered COSTARS members to make COSTARS purchases from this Contract.

1. A "local public procurement unit" is:

- Any political subdivision;
- Any public authority;
- Any tax exempt, nonprofit educational or public health institution or organization;
- Any nonprofit fire, rescue, or ambulance company; and
- To the extent provided by law, any other entity, including a council of governments or an area government that expends public funds for the procurement of supplies, services, and construction.

2. A state-affiliated entity is a Commonwealth authority or other Commonwealth entity that is not a Commonwealth agency. The term includes the Pennsylvania Turnpike Commission, the Pennsylvania Housing Finance Agency, the Pennsylvania Municipal Retirement System, the Pennsylvania Infrastructure Investment Authority, the State Public School Building Authority, the Pennsylvania Higher Educational Facilities Authority and the State System of Higher Education.

B. COSTARS Purchasers have the option to purchase from a Contract awarded under this procurement, from any DGS contract established exclusively for COSTARS Purchasers in accordance with the requirements of Section 1902, from any other cooperative procurement contracts, or from their own procurement contracts established in accordance with the applicable laws governing such procurements. The Contractor understands and acknowledges that there is no guarantee that any prospect COSTARS Purchaser will place an order under this Contract, and that it is within the sole discretion of the registered COSTARS Purchaser whether to procure from this Contract or to use another procurement vehicle.

C. DGS is acting as a facilitator for COSTARS Purchasers who may wish to purchase under this Contract. Registered COSTARS Purchasers who participate in this Contract and issue purchase orders ("POs") to Contractors are third party beneficiaries who have the right to sue and be sued for breach of this contract without joining the Commonwealth or DGS as a party. The Commonwealth will not intervene in any action between a

Contractor and a Purchaser unless substantial interests of the Commonwealth are involved.

- D. Registered COSTARS Purchasers electing to participate in this Contract will order items directly from the Contractor and be responsible for payment directly to the Contractor.
- E. The Contractor shall furnish to the DGS COSTARS Program Office a quarterly electronic Contract sales report detailing the previous quarter's Contract purchasing activity, using the form and in the format prescribed by DGS. The Contractor shall submit its completed quarterly report no later than the fifteenth day of the succeeding Contract quarter.
1. Until such time as DGS may provide the Contractor written notice of automated report filing, the Contractor shall either e-mail the reports to [GS-PACostars@state.pa.us](mailto:GS-PACostars@state.pa.us) or send the reports on compact disc via US Postal Service to the DGS COSTARS Program Office, Bureau of Procurement, 6th Floor Forum Place, 555 Walnut Street, Harrisburg, PA 17101. When DGS has instituted automated reporting, the Contractor shall comply with DGS's written notice and instructions on automated Contract reports. DGS will provide these instructions with sufficient advance time to permit the Contractor to undertake automated reporting.
  2. The Contractor shall include on each report the Contractor's name and address, the Contract number, and the period covered by the report. For each PO received, the Contractor shall include on the report the name of each COSTARS-Registered Purchaser that has used the Contract along with the total dollar volume of sales to the specific Purchaser for the reporting period.
  3. DGS may suspend the Contractor's participation in the COSTARS Program for failure to provide the Quarterly Sales Report within the specified time.
- F. Additional information regarding the COSTARS Program is available on the DGS COSTARS Website at [www.dgs.state.pa.us/costars](http://www.dgs.state.pa.us/costars)
1. If the Contractor is aware of any qualified entity not currently registered and wishing to participate in the COSTARS Program, please refer the potential purchaser to the DGS COSTARS Website at [www.dgs.state.pa.us/costars](http://www.dgs.state.pa.us/costars), where it may register by completing the online registration form and receiving DGS confirmation of its registration. **I.10 IFB-028.1 Participating Addendum with an External Procurement Activity (Dec 6 2006)**

Section 1902 of the *Commonwealth Procurement Code*, 62 Pa.C.S. Section 1902, permits external procurement

activities to participate in cooperative purchasing agreements for the procurement of services, supplies or construction.

a. **Definitions.** The following words and phrases have the meanings set forth in this provision:

- 1) *External procurement activity:* The term, as defined in 62 Pa. C. S. Section 1901, means a 'buying organization not located in the Commonwealth [of Pennsylvania] which if located in this Commonwealth would qualify as a public procurement unit [under 62 Pa. C.S. Section 1901]. An agency of the United States is an external procurement activity.'
- 2) *Participating addendum:* A bilateral agreement executed by the Contractor and an external procurement activity that clarifies the operation of the Contract for the external procurement activity concerned. The terms and conditions in any participating addendum shall affect only the procurements of the purchasing entities under the jurisdiction of the external procurement activity signing the participating addendum.
- 3) *Public procurement unit:* The term, as defined in 62 Pa. C. S. Section 1901, means a 'local public procurement unit or purchasing agency.'
- 4) *Purchasing agency:* The term, as defined in 62 Pa. C. S. Section 103, means a 'Commonwealth agency authorized by this part or any other law to enter into contracts for itself or as the agent of another Commonwealth agency.'

b. **General.** A participating addendum shall incorporate the terms and conditions of the Contract resulting from this IFB. The Contractor shall not be required to enter into any participating addendum.

c. **Additional Terms.**

- 1) A participating addendum may include additional terms that are required by the law governing the external procurement activity.
- 2) A participating addendum may include new, mutually agreed upon terms that clarify ordering procedures specific to a participating external procurement activity.
- 3) The construction and effect of any participating addendum shall be governed by and construed in accordance with the laws governing the external procurement activity.
- 4) If an additional term requested by the external procurement activity will result in an increased cost to the Contractor, the Contractor shall adjust its pricing up or down accordingly.

d. **Prices.**

- 1) **Price adjustment** For any costs affecting the percent markup that the Contractor will or will not incur or that differ from costs incurred or not incurred in the fulfillment of this Contract, the Contractor shall adjust its pricing up or down accordingly. These costs may include, but not be limited to:
  - a) State and local taxes;

- b) Unemployment and workers compensation fees;
  - c) E-commerce transaction fees; and
  - d) Costs associated with additional terms, established pursuant to the Contract.
- 2) The Contractor's pricing for an external procurement activity shall be firm and fixed for the duration of the initial term of the Contract. After the initial term of the Contract, if the Contract is renewed, the Contractor's pricing may be adjusted up or down based on market conditions only with the mutual agreement of both the Contractor and any external procurement activity.

**e. Usage Reports on External Procurement Activities.**

The Contractor shall furnish to the Contracting Officer an electronic quarterly usage report, preferably in spreadsheet format no later than the fifteenth calendar day of the succeeding calendar quarter. Reports shall be e-mailed to the Contracting Officer for the Contract. Each report shall indicate the name and address of the Contractor, contract number, period covered by the report, the name of the external procurement activity that has used the Contract and the total volume of sales to the external procurement activity for the reporting period.

- f. Electronic Copy of Participating Addendum.** The Contractor, upon request of the Contracting Officer, shall submit **one** electronic copy of the participating addendum to the Contracting Officer within **ten** days after request.

**I.11 IFB-029.1 Prices (Dec 6 2006)**

The bid submitted by the successful Bidder will be incorporated into any resulting Contract and the Bidder will be required to provide the awarded item(s) at the prices quoted in its Bid.

**I.12 IFB-030.1 Approved Equal (Nov 2006)**

Whenever an item is defined in this IFB by trade name and catalogue number of a manufacturer or vendor, the term 'or approved equal,' if not inserted therewith shall be implied. Any reference to a particular manufacturer's product either by trade name or by limited description is solely for the purpose of more clearly indicating the minimum standard of quality desired, except where a 'no substitute' is requested. When a 'no substitute' is requested, the Issuing Office will consider Bids for the referenced product only. The term 'or approved equal' is defined as meaning any other make which, in the sole opinion of the Issuing Office, is of such character, quality, and performance equivalence as to meet the standard of quality of products specified for which it is to be used equally as well as that specified. A Bidder quoting on a product other than the referenced product shall: a) furnish complete identification in its Bid of the product it is offering by trade name, brand and/or model number; b) furnish descriptive literature and data with respect to the substitute product it proposes to furnish; and c) indicate any known specification deviations from the referenced product.

**I.13 IFB-031.1 Alternates (Nov 2006)**

A Bidder who wants to offer an alternate must notify the Issuing Office in writing, at least five (5) days prior to the scheduled Bid opening, that the Bidder intends to offer an alternate in its Bid. An "alternate" is a product that deviates from the requirements of the specifications in its composition, qualities, performance, size dimension, etc. The written notification from the Bidder must include a complete description of the alternate and must identify the product's deviations from the specifications. Upon receipt of the notification, the Issuing Office will determine whether the alternate is acceptable. If the Issuing Office, in its discretion, determines that the alternate is acceptable, the Issuing Office will issue a change notice to the invitation for bids that revises the specifications. If no change notice is issued revising the specification, a Bid offering the alternate will not be considered for award.

#### **I.14 IFB-032.1 New Equipment (Nov 2006)**

Unless otherwise specified in this invitation for bids, all products offered by Bidders must be new or remanufactured. A 'new' product is one that will be used first by the Commonwealth after it is manufactured or produced. A 'remanufactured' product is one which: 1) has been rebuilt, using new or used parts, to a condition which meets the original manufacturer's most recent specifications for the item; 2) does not, in the opinion of the Issuing Office, differ in appearance from a new item; and 3) has the same warranty as a new item. Unless otherwise specified in this invitation for bids, used or reconditioned products are not acceptable. This clause shall not be construed to prohibit Bidders from offering products with recycled content, provided the product is new or remanufactured.

#### **I.15 I-IFB-033.1 Modification or Withdrawal of Bid (Nov 2006)**

a. Bid Modification Prior to Bid Opening. Bids may be modified only by written notice or in person prior to the exact hour and date specified for Bid opening.

- 1) If a Bidder intends to modify its Bid by written notice, the notice must specifically identify the Bid to be modified and must be signed by the Bidder. The Bidder must include evidence of authorization for the individual who signed the modification to modify the Bid on behalf of the Bidder. The Bid modification must be received in a sealed envelope. The sealed envelope must identify the assigned Collective Number and the Bid Opening Time, and should state that enclosed in the envelope is a Bid modification
- 2) If a Bidder intends to modify its Bid in person, the individual who will modify the Bid must arrive in the Bid Opening Room prior to the Bid Opening Time, show a picture identification and provide evidence of his/her authorization to modify the Bid on behalf of the Bidder. If a Bidder intends to modify its Bid in person, the Bidder may do so only in the presence of an agency employee. (The agency employee will observe the actions taken by the individual to modify the Bid, but will not read the Bid or the modification).

b. Bid Withdrawal Prior to Bid Opening. Bids may be withdrawn only by written notice or in person prior to the exact hour and date specified for Bid opening.

- 1) If a Bidder intends to withdraw its Bid by written notice, the notice shall specifically identify the Bid to be withdrawn and shall be signed by the Bidder. The Bidder must include evidence of authorization for the individual who signed the bid withdrawal to withdraw the bid on behalf of the Bidder. Except as provided in Subparagraph c, below, bid withdrawals received after the exact hour and date specified for the receipt of Bids shall not be accepted.
- 2) If a Bidder intends to withdraw its Bid in person, the individual who will withdraw the Bid must arrive in the Bid Opening Room prior to the Bid Opening Time, show a picture identification and provide evidence of his/her authorization to withdraw the Bid on behalf of the Bidder.

c. Bid Withdrawal After Bid Opening. Bidders are permitted to withdraw erroneous Bids after Bid opening only if the following conditions are met:

- 1) The Bidder submits a written request for withdrawal.
- 2) The Bidder presents credible evidence with the request that the reason for the lower Bid price was a clerical mistake as opposed to a judgment mistake and was actually due to an unintentional arithmetical error or an unintentional omission of a substantial quantity of work, labor, material, or services made directly in the compilation of the Bid.
- 3) The request for relief and supporting evidence must be received by the Issuing Office within three (3) business days after Bid opening, but before award of the contract.
- 4) The Issuing Office shall not permit a Bid withdrawal if the Bid withdrawal would result in the award of the contract on another Bid of the same Bidder, its partner, or a corporation or business venture owned by or in which the bidder has a substantial interest.
- 5) If a Bidder is permitted to withdraw its Bid, the Bidder cannot supply any material or labor or perform any subcontract or other work agreement for the awarded contractor, without the written approval of the Issuing Office.

d. Firm Bid. Except as provided above, a Bid may not be modified, withdrawn, or cancelled by any Bidder for a period of sixty (60) days following the time and date designated for Bid opening, unless otherwise specified by the Bidder in its Bid. If the lowest responsible Bidder, as determined by the Issuing Office, withdraws its Bid prior to the expiration of the award period or fails to comply with the requirements set forth in the IFB including but not limited to any requirement to submit performance or payment bonds or insurance certificates within the required time period, the Bidder shall be liable to the Commonwealth for all costs and damages associated with the re-award or re-bid including the difference between the Bidder's price and the actual cost that the Commonwealth pays for the awarded items.

e. Clarification and Additional Information. After the receipt of Bids, the Issuing Office shall have the right to contact Bidders for the purpose of seeking:

- 1) Clarification of the Bid which confirms the Issuing Office's understanding of statements or information in the Bid or;
- 2) Additional information on the items offered; provided the IFB does not require the rejection of the Bid for failure to include such information.

#### **I.16 I-IFB-034.1 Rejection of Bids (Nov 2006)**

The Issuing Office reserves the right to reject any and all Bids, to waive technical defects or any informality in Bids, and to accept or reject any part of any Bid if the best interests of the Commonwealth are thereby served.

Offerors must complete and return the Lobbying Certification Form and the Disclosure of Lobbying Activities Form, which are attached to and made a part of this IFB. The completed and signed Lobbying Certification Form and the Disclosure of Lobbying Activities Form should be submitted with the Bid Response. Commonwealth agencies will not contract with outside firms or individuals to perform lobbying services, regardless of the source of funds.

## **II.3 II-IFB-012.1 RETURN GOODS POLICY (NOV 2006)**

Each bidder must submit a copy of their return goods policy with their bid.

## **II.4 II-IFB-016.1 POST-SUBMISSION DESCRIPTIVE LITERATURE (Dec 2006)**

The required information must be submitted within two (2) business days after notification from the Issuing Office. Bidders who are not manufacturers must submit a letter from the manufacturer stating that the bidder is an authorized dealer in Pennsylvania for the manufacturer.

### **III.3 III-IFB-007.1 Awards (Nov 2006)**

Unless all Bids are rejected, and except as otherwise provided by law, award will be made, through the issuance of a Purchase Order, to the lowest responsible and responsive Bidder. Unless otherwise specified by the Issuing Office in the IFB form the Commonwealth reserves the right to award by item or on a total Bid basis, whichever is deemed more advantageous to the Commonwealth. In cases of discrepancies in prices, the unit price will be binding unless the unit price is obviously in error and the extended price is obviously correct, in which case the erroneous unit price will be corrected. As a condition for receipt of award of a contract/purchase order, the lowest responsible and responsive Bidder must be registered in the Commonwealth of Pennsylvania's Vendor Master file. The Commonwealth reserves the right to purchase products or services covered under this Contract through a separate competitive bidding procedure, whenever Commonwealth deems it in the best interest of the Commonwealth. ### **III.7 III-IFB-014.1 REBATES (Nov 2006)**

Any rebate applicable at the time of bid should be taken into consideration by the bidder in calculating its bid price. Bidders must specifically state in their bid proposal, when applicable, that rebates have been considered in arriving at the bid price. The renewal may be exercised as individual or multiple year terms(s). Any renewal will be under same terms, covenants and conditions, provided, however, that the rates under the contract may be adjusted to reflect manufacturer price changes. No further document is required to be executed to renew the term of the contract.

#### **V.5 CONTRACT-002.3 Extension of Contract Term (Nov 30 2006)**

The Commonwealth reserves the right, upon notice to the Contractor, to extend any single term of the Contract for up to three (3) months upon the same terms and conditions.

#### **V.6 CONTRACT-003.1a Signatures – Contract (March 2007)**

The Contract shall not be a legally binding contract until the fully-executed Contract has been sent to the Contractor. No Commonwealth employee has the authority to verbally direct the commencement of any work or delivery of any supply under this Contract prior to the Effective Date. The Contractor hereby waives any claim or cause of action for any service or work performed prior to the Effective Date.

The Contract will not include an "ink" signature by the Commonwealth. The electronically-printed name of the Purchasing Agent represents the signature of that individual who has the authority, on behalf of the Commonwealth, to bind the Commonwealth to the terms of the Contract. If the Contract output form does not have "Fully Executed" at the top of the first page and does not have the name of the Purchasing Agent printed in the appropriate box, the Contract has not been fully executed.

The fully-executed Contract may be sent to the Contractor electronically or through facsimile equipment. The electronic transmission of a purchase order shall require acknowledgement of receipt of the transmission by the Contractor. Receipt of the electronic or facsimile transmission of the Contract shall constitute receipt of the fully-executed Contract.

The Commonwealth and the Contractor specifically agree as follows:

- a. No handwritten signature shall be required in order for the Contract to be legally enforceable.
  
- b. The parties agree that no writing shall be required in order to make the Contract legally binding, notwithstanding contrary requirements in any law. The parties hereby agree not to contest the validity or enforceability of a genuine Contract or acknowledgement issued electronically under the provisions of a statute of frauds or any other applicable law relating to whether certain agreements be in writing and signed by the party bound thereby. Any genuine Contract or acknowledgement issued electronically, if introduced as evidence on paper in any judicial, arbitration, mediation, or administrative proceedings, will be admissible as between the parties to the same extent and under the same conditions as other business records originated and maintained in documentary form. Neither party shall contest the admissibility of copies of a genuine Contract or acknowledgements under either the business records exception to the hearsay rule or the best evidence rule on the basis that the Contract or acknowledgement were not in writing or signed by the parties. A Contract or acknowledgment shall be deemed to be genuine for all purposes if it is transmitted to the location designated for such documents.
  
- c. Each party will immediately take steps to verify any document that appears to be obviously garbled in transmission or improperly formatted to include re-transmission of any such document if necessary.

#### **V.7 CONTRACT-004.1a Definitions (Dec 12 2006)**

As used in this Contract, these words shall have the following meanings:

- a. Agency The department, board, commission or other agency of the Commonwealth of Pennsylvania listed as the Purchasing Agency. If a COSTARS entity or external procurement activity has issued an order against this contract, that entity shall also be identified as "Agency".
- b. Contracting Officer The person authorized to administer this Contract for the Commonwealth and to make written determinations with respect to the Contract.
- c. Days Unless specifically indicated otherwise, days mean calendar days.
- d. Developed Works or Developed Materials All documents, sketches, drawings, designs, works, papers, files, reports, computer programs, computer documentation, data, records, software, samples or any other tangible material without limitation authored or prepared by Contractor as the work product covered in the scope of work for the Project.
- e. Documentation All materials required to support and convey information about the services required by this Contract. It includes, but is not necessarily restricted to, written reports and analyses, diagrams, maps, logical and physical designs, system designs, computer programs, flow charts, disks, and/or other machine-readable storage media.
- f. Services All Contractor activity necessary to satisfy the Contract.

#### **V.8 CONTRACT-005.1a Purchase Orders (Feb 2007)**

Commonwealth agencies may issue Purchase Orders against the Contract. These orders constitute the Contractor's authority to make delivery. All Purchase Orders received by the Contractor up to and including the expiration date of the Contract are acceptable and must be performed in accordance with the Contract. Each Purchase Order will be deemed to incorporate the terms and conditions set forth in the Contract.

Purchase Orders will not include an "ink" signature by the Agency. The electronically-printed name of the purchaser represents the signature of that individual who has the authority, on behalf of the Commonwealth, to authorize the Contractor to proceed.

Purchase Orders may be issued electronically or through facsimile equipment. The electronic transmission of a purchase order shall require acknowledgement of receipt of the transmission by the Contractor. Receipt of the electronic or facsimile transmission of the Purchase Order shall constitute receipt of an order. Orders received by the Contractor after 4:00 p.m. will be considered received the following business day.

- a. No handwritten signature shall be required in order for the Contract or Purchase Order to be legally enforceable.
- b. The parties agree that no writing shall be required in order to make the order legally binding. The parties hereby agree not to contest the validity or enforceability of a Purchase Order or acknowledgement issued electronically under the provisions of a statute of frauds or any other applicable law relating to whether certain agreements be in writing and signed by the party bound thereby. Any Purchase Order or acknowledgement issued electronically, if introduced as

evidence on paper in any judicial, arbitration, mediation, or administrative proceedings, will be admissible as between the parties to the same extent and under the same conditions as other business records originated and maintained in documentary form. Neither party shall contest the admissibility of copies of Purchase Orders or acknowledgements under either the business records exception to the hearsay rule or the best evidence rule on the basis that the order or acknowledgement were not in writing or signed by the parties. A purchase order or acknowledgment shall be deemed to be genuine for all purposes if it is transmitted to the location designated for such documents.

c. Each party will immediately take steps to verify any document that appears to be obviously garbled in transmission or improperly formatted to include re-transmission of any such document if necessary.

Purchase Orders under five thousand dollars (\$5,000) in total amount may also be made in person or by telephone using a Commonwealth Purchasing Card. When an order is placed by telephone, the Commonwealth agency shall provide the agency name, employee name, credit card number, and expiration date of the card. Contractors agree to accept payment through the use of the Commonwealth Purchasing Card.

**V.9 CONTRACT-007.01a Supplies Delivery (Nov 30 2006)**

All item(s) shall be delivered F.O.B. Destination. The Contractor agrees to bear the risk of loss, injury, or destruction of the item(s) ordered prior to receipt of the items by the Commonwealth. Such loss, injury, or destruction shall not release the Contractor from any contractual obligations. Except as otherwise provided in this contract, all item(s) must be delivered within the time period specified. Time is of the essence and, in addition to any other remedies, the Contract is subject to termination for failure to deliver as specified. Unless otherwise stated in this Contract, delivery must be made within thirty (30) days after the Effective Date.

**V.10 CONTRACT-007.02 Estimated Quantities (Nov 30 2006)**

It shall be understood and agreed that any quantities listed in the Contract are estimated only and may be increased or decreased in accordance with the actual requirements of the Commonwealth and that the Commonwealth in accepting any bid or portion thereof, contracts only and agrees to purchase only the materials and services in such quantities as represent the actual requirements of the Commonwealth. The Commonwealth reserves the right to purchase materials and services covered under the Contract through a separate competitive procurement procedure, whenever Commonwealth deems it to be in its best interest.

**V.11 CONTRACT-007.3 Prior Notice (Oct 2006)**

The Contractor is required to notify the Commonwealth Delivery Location when shipment is to be made in order that a Commonwealth representative may be present to receive the Contract Item(s) when they are delivered.

**V.12 CONTRACT-008.1a Warranty. (Oct 2006)**

The Contractor warrants that all items furnished and all services performed by the Contractor, its agents and

subcontractors shall be free and clear of any defects in workmanship or materials. Unless otherwise stated in the Contract, all items are warranted for a period of one year following delivery by the Contractor and acceptance by the Commonwealth. The Contractor shall repair, replace or otherwise correct any problem with the delivered item. When an item is replaced, it shall be replaced with an item of equivalent or superior quality without any additional cost to the Commonwealth.

### **V.13 CONTRACT-009.1c Patent, Copyright, and Trademark Indemnity (Oct 2006)**

The Contractor warrants that it is the sole owner or author of, or has entered into a suitable legal agreement concerning either: a) the design of any product or process provided or used in the performance of the Contract which is covered by a patent, copyright, or trademark registration or other right duly authorized by state or federal law or b) any copyrighted matter in any report document or other material provided to the Commonwealth under the contract.

The Contractor shall defend any suit or proceeding brought against the Commonwealth on account of any alleged patent, copyright or trademark infringement in the United States of any of the products provided or used in the performance of the Contract.

This is upon condition that the Commonwealth shall provide prompt notification in writing of such suit or proceeding; full right, authorization and opportunity to conduct the defense thereof; and full information and all reasonable cooperation for the defense of same.

As principles of governmental or public law are involved, the Commonwealth may participate in or choose to conduct, in its sole discretion, the defense of any such action.

If information and assistance are furnished by the Commonwealth at the Contractor's written request, it shall be at the Contractor's expense, but the responsibility for such expense shall be only that within the Contractor's written authorization.

The Contractor shall indemnify and hold the Commonwealth harmless from all damages, costs, and expenses, including attorney's fees that the Contractor or the Commonwealth may pay or incur by reason of any infringement or violation of the rights occurring to any holder of copyright, trademark, or patent interests and rights in any products provided or used in the performance of the Contract.

If any of the products provided by the Contractor in such suit or proceeding are held to constitute infringement and the use is enjoined, the Contractor shall, at its own expense and at its option, either procure the right to continue use of such infringement products, replace them with non-infringement equal performance products or modify them so that they are no longer infringing.

If the Contractor is unable to do any of the preceding, the Contractor agrees to remove all the equipment or software which are obtained contemporaneously with the infringing product, or, at the option of the Commonwealth, only those items of equipment or software which are held to be infringing, and to pay the Commonwealth: 1) any amounts paid by the Commonwealth towards the purchase of the product, less straight line depreciation; 2) any license fee paid by the Commonwealth for the use of any software, less an amount for the period of usage; and 3) the pro rata portion of any maintenance fee representing the time remaining in any period of maintenance paid for. The obligations of the Contractor under this paragraph continue without time limit. No costs or expenses shall be incurred for the account of the Contractor without its written consent.

#### **V.14 CONTRACT-009.1d Ownership Rights (Oct 2006)**

The Commonwealth shall have unrestricted authority to reproduce, distribute, and use any submitted report, data, or material, and any software or modifications and any associated documentation that is designed or developed and delivered to the Commonwealth as part of the performance of the Contract.

#### **V.15 CONTRACT-010.1a Acceptance (Oct 2006)**

No item(s) received by the Commonwealth shall be deemed accepted until the Commonwealth has had a reasonable opportunity to inspect the item(s). Any item(s) which is discovered to be defective or fails to conform to the specifications may be rejected upon initial inspection or at any later time if the defects contained in the item(s) or the noncompliance with the specifications were not reasonably ascertainable upon the initial inspection. It shall thereupon become the duty of the Contractor to remove rejected item(s) from the premises without expense to the Commonwealth within fifteen (15) days after notification. Rejected item(s) left longer than fifteen (15) days will be regarded as abandoned, and the Commonwealth shall have the right to dispose of them as its own property and shall retain that portion of the proceeds of any sale which represents the Commonwealth's costs and expenses in regard to the storage and sale of the item(s). Upon notice of rejection, the Contractor shall immediately replace all such rejected item(s) with others conforming to the specifications and which are not defective. If the Contractor fails, neglects or refuses to do so, the Commonwealth shall then have the right to procure a corresponding quantity of such item(s), and deduct from any monies due or that may thereafter become due to the Contractor, the difference between the price stated in the Contract and the cost thereof to the Commonwealth.

#### **V.16 CONTRACT-011.1a Compliance With Law (Oct 2006)**

The Contractor shall comply with all applicable federal and state laws and regulations and local ordinances in the performance of the Contract.

#### **V.17 CONTRACT-013.1 Environmental Provisions (Oct 2006)**

In the performance of the Contract, the Contractor shall minimize pollution and shall strictly comply with all applicable environmental laws and regulations, including, but not limited to: the Clean Streams Law Act of June 22, 1937 (P.L. 1987, No. 394), as amended 35 P.S. Section 691.601 et seq.; the Pennsylvania Solid Waste Management Act, Act of July 7, 1980 (P.L. 380, No. 97), as amended, 35 P.S. Section 6018.101 et seq.; and the Dam Safety and Encroachment Act, Act of November 26, 1978 (P.L. 1375, No. 325), as amended, 32 P.S. Section 693.1.

#### **V.18 CONTRACT-014.1 Post-Consumer Recycled Content (Oct 2006)**

Except as specifically waived by the Department of General Services in writing, any products which are provided to the Commonwealth as a part of the performance of the Contract must meet the minimum percentage levels for total recycled content as specified on the Department of General Services website at [WWW.DGS.STATE.PA.US](http://WWW.DGS.STATE.PA.US) on the date of submission of the bid, proposal or contract offer.

#### **V.19 CONTRACT-014.3 Enforcement (Oct 2006)**

The Contractor may be required, after delivery of the Contract item(s), to provide the Commonwealth with documentary evidence that the item(s) was in fact produced with the required minimum percentage of

post-consumer and recovered material content.

#### **V.20 CONTRACT-015.1 Compensation (Oct 2006)**

The Contractor shall be required to furnish the awarded item(s) at the price(s) quoted in the Purchase Order. All item(s) shall be delivered within the time period(s) specified in the Purchase Order. The Contractor shall be compensated only for item(s) that are delivered and accepted by the Commonwealth.

#### **V.21 CONTRACT-015.2 Billing Requirements (Dec 5 2006)**

The Contractor shall include in all of its invoices the following minimum information:

- Vendor name and "Remit to" address, including SAP Vendor number;
- Bank routing information, if ACH;
- SAP Purchase Order number;
- Delivery Address, including name of Commonwealth agency;
- Description of the supplies/services delivered in accordance with SAP Purchase Order (include purchase order line number if possible);
- Quantity provided;
- Unit price;
- Price extension;
- Total price; and
- Delivery date of supplies or services.

If an invoice does not contain the minimum information set forth in this paragraph, the Commonwealth may return the invoice as improper. If the Commonwealth returns an invoice as improper, the time for processing a payment will be suspended until the Commonwealth receives a correct invoice. The Contractor may not receive payment until the Commonwealth has received a correct invoice.

Contractors are required to establish separate billing accounts with each using agency and invoice them directly. Each invoice shall be itemized with adequate detail and match the line item on the Purchase Order. In no instance shall any payment be made for services to the Contractor that are not in accordance with the prices on the Purchase Order, the Contract, updated price lists or any discounts negotiated by the purchasing agency.

#### **V.22 CONTRACT-015.3 Invoice Requirement – SAP Purchase Orders (Feb 2007)**

Unless otherwise specified or unless the Contractor has been authorized by the Commonwealth for Electronic Invoicing, Evaluated Receipt Settlement or Vendor Self-Invoicing, the Contractor shall send an invoice itemized by purchase order line item to the address referenced on the Purchase Order promptly after the item(s) are delivered. The invoice should include only amounts due under the Purchase Order. The Purchase Order number must be included on all invoices. In addition, the Commonwealth shall have the right to require the Contractor to prepare and submit a "Work In Progress" sheet that contains, at a minimum, the tasks performed, number of hours, hourly rates and the Purchase Order or task order to which it refers.

#### **V.23 CONTRACT-015.6 Price Adjustment - Manufacturer Price Increases (Oct 2006)**

The Contractor may increase the rates to be paid by the Commonwealth in accordance with increases in the published product manufacturer's prices.

#### **V.24 CONTRACT-016.1 Payment (Oct 2006)**

- a. The Commonwealth shall put forth reasonable efforts to make payment by the required payment date. The required payment date is: (a) the date on which payment is due under the terms of the Contract; (b) thirty (30) days after a proper invoice actually is received at the "Bill To" address if a date on which payment is due is not specified in the Contract (a "proper" invoice is not received until the Commonwealth accepts the service as satisfactorily performed); or (c) the payment date specified on the invoice if later than the dates established by (a) and (b) above. Payment may be delayed if the payment amount on an invoice is not based upon the price(s) as stated in the Contract. If any payment is not made within fifteen (15) days after the required payment date, the Commonwealth may pay interest as determined by the Secretary of Budget in accordance with Act No. 266 of 1982 and regulations promulgated pursuant thereto. Payment should not be construed by the Contractor as acceptance of the service performed by the Contractor. The Commonwealth reserves the right to conduct further testing and inspection after payment, but within a reasonable time after performance, and to reject the service if such post payment testing or inspection discloses a defect or a failure to meet specifications. The Contractor agrees that the Commonwealth may set off the amount of any state tax liability or other obligation of the Contractor or its subsidiaries to the Commonwealth against any payments due the Contractor under any contract with the Commonwealth.
- b. The Commonwealth shall have the option of using the Commonwealth purchasing card to make purchases under the Contract or Purchase Order. The Commonwealth's purchasing card is similar to a credit card in that there will be a small fee which the Contractor will be required to pay and the Contractor will receive payment directly from the card issuer rather than the Commonwealth. Any and all fees related to this type of payment are the responsibility of the Contractor. In no case will the Commonwealth allow increases in prices to offset credit card fees paid by the Contractor or any other charges incurred by the Contractor, unless specifically stated in the terms of the Contract or Purchase Order.

#### **V.25 CONTRACT-016.2 ACH Payments (Aug 2007)**

- a. The Commonwealth will make contract payments through the Automated Clearing House (ACH). Within 10 days of award of the contract or purchase order, the contractor must submit or must have already submitted their ACH information within their user profile in the Commonwealth's procurement system (SRM).
- b. The contractor must submit a unique invoice number with each invoice submitted. The unique invoice number will be listed on the Commonwealth of Pennsylvania's ACH remittance advice to enable the contractor to properly apply the state agency's payment to the invoice submitted.
- c. It is the responsibility of the contractor to ensure that the ACH information contained in SRM is accurate and complete. Failure to maintain accurate and complete information may result in delays in payments.

#### **V.26 CONTRACT-017.1 Taxes (Dec 5 2006)**

The Commonwealth is exempt from all excise taxes imposed by the Internal Revenue Service and has accordingly registered with the Internal Revenue Service to make tax free purchases under Registration No. 23-23740001-K. With the exception of purchases of the following items, no exemption certificates are required and none will be issued: undyed diesel fuel, tires, trucks, gas guzzler emergency vehicles, and sports fishing equipment. The Commonwealth is also exempt from Pennsylvania state sales tax, local sales tax, public transportation assistance taxes and fees and vehicle rental tax. The Department of Revenue regulations provide that exemption certificates are not required for sales made to governmental entities and none will be issued. Nothing in this paragraph is meant to

exempt a construction contractor from the payment of any of these taxes or fees which are required to be paid with respect to the purchase, use, rental, or lease of tangible personal property or taxable services used or transferred in connection with the performance of a construction contract.

#### **V.27 CONTRACT-018.1 Assignment of Antitrust Claims (Oct 2006)**

The Contractor and the Commonwealth recognize that in actual economic practice, overcharges by the Contractor's suppliers resulting from violations of state or federal antitrust laws are in fact borne by the Commonwealth. As part of the consideration for the award of the Contract, and intending to be legally bound, the Contractor assigns to the Commonwealth all right, title and interest in and to any claims the Contractor now has, or may acquire, under state or federal antitrust laws relating to the products and services which are the subject of this Contract.

#### **V.28 CONTRACT-019.1 Hold Harmless Provision (Nov 30 2006)**

- a. The Contractor shall hold the Commonwealth harmless from and indemnify the Commonwealth against any and all third party claims, demands and actions based upon or arising out of any activities performed by the Contractor and its employees and agents under this Contract, provided the Commonwealth gives Contractor prompt notice of any such claim of which it learns. Pursuant to the Commonwealth Attorneys Act (71 P.S. Section 732-101, et seq.), the Office of Attorney General (OAG) has the sole authority to represent the Commonwealth in actions brought against the Commonwealth. The OAG may, however, in its sole discretion and under such terms as it deems appropriate, delegate its right of defense. If OAG delegates the defense to the Contractor, the Commonwealth will cooperate with all reasonable requests of Contractor made in the defense of such suits.
- b. Notwithstanding the above, neither party shall enter into any settlement without the other party's written consent, which shall not be unreasonably withheld. The Commonwealth may, in its sole discretion, allow the Contractor to control the defense and any related settlement negotiations.

#### **V.29 CONTRACT-020.1 Audit Provisions (Oct 2006)**

The Commonwealth shall have the right, at reasonable times and at a site designated by the Commonwealth, to audit the books, documents and records of the Contractor to the extent that the books, documents and records relate to costs or pricing data for the Contract. The Contractor agrees to maintain records which will support the prices charged and costs incurred for the Contract. The Contractor shall preserve books, documents, and records that relate to costs or pricing data for the Contract for a period of three (3) years from date of final payment. The Contractor shall give full and free access to all records to the Commonwealth and/or their authorized representatives.

#### **V.30 CONTRACT-021.1 Default (Dec 12 2006)**

- a. The Commonwealth may, subject to the Force Majeure provisions of this Contract, and in addition to its other rights under the Contract, declare the Contractor in default by written notice thereof to the Contractor, and terminate (as provided in the Termination Provisions of this Contract) the whole or any part of this Contract or any Purchase Order for any of the following reasons:
  - 1) Failure to begin work within the time specified in the Contract or Purchase Order or as otherwise specified;

- 2) Failure to perform the work with sufficient labor, equipment, or material to insure the completion of the specified work in accordance with the Contract or Purchase Order terms;
  - 3) Unsatisfactory performance of the work;
  - 4) Failure to deliver the awarded item(s) within the time specified in the Contract or Purchase Order or as otherwise specified;
  - 5) Improper delivery;
  - 6) Failure to provide an item(s) which is in conformance with the specifications referenced in the Contract or Purchase Order;
  - 7) Delivery of a defective item;
  - 8) Failure or refusal to remove material, or remove and replace any work rejected as defective or unsatisfactory;
  - 9) Discontinuance of work without approval;
  - 10) Failure to resume work, which has been discontinued, within a reasonable time after notice to do so;
  - 11) Insolvency or bankruptcy;
  - 12) Assignment made for the benefit of creditors;
  - 13) Failure or refusal within 10 days after written notice by the Contracting Officer, to make payment or show cause why payment should not be made, of any amounts due for materials furnished, labor supplied or performed, for equipment rentals, or for utility services rendered;
  - 14) Failure to protect, to repair, or to make good any damage or injury to property;
  - 15) Breach of any provision of the Contract;
  - 16) Failure to comply with representations made in the Contractor's bid/proposal; or
  - 17) Failure to comply with applicable industry standards, customs, and practice.
- b. In the event that the Commonwealth terminates this Contract or any Purchase Order in whole or in part as provided in Subparagraph a. above, the Commonwealth may procure, upon such terms and in such manner as it determines, items similar or identical to those so terminated, and the Contractor shall be liable to the Commonwealth for any reasonable excess costs for such similar or identical items included within the terminated part of the Contract or Purchase Order.
- c. If the Contract or a Purchase Order is terminated as provided in Subparagraph a. above, the Commonwealth, in addition to any other rights provided in this paragraph, may require the Contractor to transfer title and deliver

immediately to the Commonwealth in the manner and to the extent directed by the Contracting Officer, such partially completed items, including, where applicable, reports, working papers and other documentation, as the Contractor has specifically produced or specifically acquired for the performance of such part of the Contract or Purchase Order as has been terminated. Except as provided below, payment for completed work accepted by the Commonwealth shall be at the Contract price. Except as provided below, payment for partially completed items including, where applicable, reports and working papers, delivered to and accepted by the Commonwealth shall be in an amount agreed upon by the Contractor and Contracting Officer. The Commonwealth may withhold from amounts otherwise due the Contractor for such completed or partially completed works, such sum as the Contracting Officer determines to be necessary to protect the Commonwealth against loss.

- d. The rights and remedies of the Commonwealth provided in this paragraph shall not be exclusive and are in addition to any other rights and remedies provided by law or under this Contract.
- e. The Commonwealth's failure to exercise any rights or remedies provided in this paragraph shall not be construed to be a waiver by the Commonwealth of its rights and remedies in regard to the event of default or any succeeding event of default.
- f. Following exhaustion of the Contractor's administrative remedies as set forth in the Contract Controversies Provision of the Contract, the Contractor's exclusive remedy shall be to seek damages in the Board of Claims.

#### **V.31 CONTRACT-022.1 Force Majeure (Oct 2006)**

Neither party will incur any liability to the other if its performance of any obligation under this Contract is prevented or delayed by causes beyond its control and without the fault or negligence of either party. Causes beyond a party's control may include, but aren't limited to, acts of God or war, changes in controlling law, regulations, orders or the requirements of any governmental entity, severe weather conditions, civil disorders, natural disasters, fire, epidemics and quarantines, general strikes throughout the trade, and freight embargoes.

The Contractor shall notify the Commonwealth orally within five (5) days and in writing within ten (10) days of the date on which the Contractor becomes aware, or should have reasonably become aware, that such cause would prevent or delay its performance. Such notification shall (i) describe fully such cause(s) and its effect on performance, (ii) state whether performance under the contract is prevented or delayed and (iii) if performance is delayed, state a reasonable estimate of the duration of the delay. The Contractor shall have the burden of proving that such cause(s) delayed or prevented its performance despite its diligent efforts to perform and shall produce such supporting documentation as the Commonwealth may reasonably request. After receipt of such notification, the Commonwealth may elect to cancel the Contract, cancel the Purchase Order, or to extend the time for performance as reasonably necessary to compensate for the Contractor's delay.

In the event of a declared emergency by competent governmental authorities, the Commonwealth by notice to the Contractor, may suspend all or a portion of the Contract or Purchase Order.

#### **V.32 CONTRACT-023.1a Termination Provisions (Oct 2006)**

The Commonwealth has the right to terminate this Contract or any Purchase Order for any of the following reasons. Termination shall be effective upon written notice to the Contractor.

- a. **TERMINATION FOR CONVENIENCE:** The Commonwealth shall have the right to terminate the Contract or a Purchase Order for its convenience if the Commonwealth determines termination to be in its best interest. The Contractor shall be paid for work satisfactorily completed prior to the effective date of the termination, but in no event shall the Contractor be entitled to recover loss of profits.

- b. **NON-APPROPRIATION:** The Commonwealth's obligation to make payments during any Commonwealth fiscal year succeeding the current fiscal year shall be subject to availability and appropriation of funds. When funds (state and/or federal) are not appropriated or otherwise made available to support continuation of performance in a subsequent fiscal year period, the Commonwealth shall have the right to terminate the Contract or a Purchase Order. The Contractor shall be reimbursed for the reasonable value of any nonrecurring costs incurred but not amortized in the price of the supplies or services delivered under the Contract. Such reimbursement shall not include loss of profit, loss of use of money, or administrative or overhead costs. The reimbursement amount may be paid for any appropriations available for that purpose
  
- c. **TERMINATION FOR CAUSE:** The Commonwealth shall have the right to terminate the Contract or a Purchase Order for Contractor default under Default Clause upon written notice to the Contractor. The Commonwealth shall also have the right, upon written notice to the Contractor, to terminate the Contract or a Purchase Order for other cause as specified in the Contract or by law. If it is later determined that the Commonwealth erred in terminating the Contract or a Purchase Order for cause, then, at the Commonwealth's discretion, the Contract or Purchase Order shall be deemed to have been terminated for convenience under the Subparagraph a.

### **V.33 CONTRACT-024.1 Contract Controversies (Oct 2006)**

- a. In the event of a controversy or claim arising from the Contract, the Contractor must, within six months after the cause of action accrues, file a written claim with the contracting officer for a determination. The claim shall state all grounds upon which the Contractor asserts a controversy exists. If the Contractor fails to file a claim or files an untimely claim, the Contractor is deemed to have waived its right to assert a claim in any forum.
  
- b. The contracting officer shall review timely-filed claims and issue a final determination, in writing, regarding the claim. The final determination shall be issued within 120 days of the receipt of the claim, unless extended by consent of the contracting officer and the Contractor. The contracting officer shall send his/her written determination to the Contractor. If the contracting officer fails to issue a final determination within the 120 days (unless extended by consent of the parties), the claim shall be deemed denied. The contracting officer's determination shall be the final order of the purchasing agency.
  
- c. Within fifteen (15) days of the mailing date of the determination denying a claim or within 135 days of filing a claim if, no extension is agreed to by the parties, whichever occurs first, the Contractor may file a statement of claim with the Commonwealth Board of Claims. Pending a final judicial resolution of a controversy or claim, the Contractor shall proceed diligently with the performance of the Contract in a manner consistent with the determination of the contracting officer and the Commonwealth shall compensate the Contractor pursuant to the terms of the Contract.

### **V.34 CONTRACT-025.1 Assignability and Subcontracting (Oct 2006)**

- a. Subject to the terms and conditions of this paragraph, this Contract shall be binding upon the parties and their respective successors and assigns.
  
- b. The Contractor shall not subcontract with any person or entity to perform all or any part of the work to be performed under this Contract without the prior written consent of the Contracting Officer, which consent may be withheld at the sole and absolute discretion of the Contracting Officer.
  
- c. The Contractor may not assign, in whole or in part, this Contract or its rights, duties, obligations, or

responsibilities hereunder without the prior written consent of the Contracting Officer, which consent may be withheld at the sole and absolute discretion of the Contracting Officer.

- d. Notwithstanding the foregoing, the Contractor may, without the consent of the Contracting Officer, assign its rights to payment to be received under the Contract, provided that the Contractor provides written notice of such assignment to the Contracting Officer together with a written acknowledgement from the assignee that any such payments are subject to all of the terms and conditions of this Contract.
- e. For the purposes of this Contract, the term "assign" shall include, but shall not be limited to, the sale, gift, assignment, pledge, or other transfer of any ownership interest in the Contractor provided, however, that the term shall not apply to the sale or other transfer of stock of a publicly traded company.
- f. Any assignment consented to by the Contracting Officer shall be evidenced by a written assignment agreement executed by the Contractor and its assignee in which the assignee agrees to be legally bound by all of the terms and conditions of the Contract and to assume the duties, obligations, and responsibilities being assigned.
- g. A change of name by the Contractor, following which the Contractor's federal identification number remains unchanged, shall not be considered to be an assignment hereunder. The Contractor shall give the Contracting Officer written notice of any such change of name.

Pennsylvania from all losses, damages, expenses, claims, demands, suits, and actions brought by any party against the Commonwealth of Pennsylvania as a result of the Contractor's failure to comply with the provisions of Subparagraph a. above.

#### **V.40 CONTRACT-031.1 Hazardous Substances (Oct 2006)**

- c) The name, address, and telephone number of the manufacturer, and
- d) The chemical name or common name of either the top five substances by volume or those substances consisting of 5.0% or more of the mixture.

A common name or trade name may be used only if the use of the name more easily or readily identifies the true nature of the hazardous substance, hazardous mixture, single chemical, or mixture involved.

Container labels shall provide a warning as to the specific nature of the hazard arising from the substance in the container.

The hazard warning shall be given in conformity with one of the nationally recognized and accepted systems of providing warnings, and hazard warnings shall be consistent with one or more of the recognized systems throughout the workplace. Examples are:

- b. Material Safety Data Sheet. The contractor shall provide Material Safety Data Sheets (MSDS) with the information required by the Act and the regulations for each hazardous substance or hazardous mixture. The Commonwealth must be provided an appropriate MSDS with the initial shipment and with the first shipment after an MSDS is updated or product changed. For any other chemical, the contractor shall provide an appropriate MSDS, if the manufacturer, importer, or supplier produces or possesses the MSDS. The contractor shall also notify the Commonwealth when a substance or mixture is subject to the provisions of the Act. bona fide employees or bona fide established commercial or selling agencies maintained by the Contractor for the purpose of securing business. For breach or violation of this warranty, the Commonwealth shall have the right to terminate the Contract without liability or in its discretion to deduct from the Contract price or consideration, or otherwise recover the full amount of such commission, percentage, brokerage, or contingent fee.

#### **V.42 CONTRACT-033.1 Applicable Law (Oct 2006)**

This Contract shall be governed by and interpreted and enforced in accordance with the laws of the Commonwealth of Pennsylvania (without regard to any conflict of laws provisions) and the decisions of the Pennsylvania courts. The Contractor consents to the jurisdiction of any court of the Commonwealth of Pennsylvania and any federal courts in Pennsylvania, waiving any claim or defense that such forum is not convenient or proper. The Contractor agrees that any such court shall have in personam jurisdiction over it, and consents to service of process in any manner authorized by Pennsylvania law.

#### **V.43 CONTRACT- 034.1b Integration (Nov 30 2006)**

This Contract, including the Invitation for Bids, the Contractor's bid, all referenced documents, and any Purchase Order constitutes the entire agreement between the parties. No agent, representative, employee or officer of either the Commonwealth or the Contractor has authority to make, or has made, any statement, agreement or representation, oral or written, in connection with the Contract, which in any way can be deemed to modify, add to or detract from, or otherwise change or alter its terms and conditions. No negotiations between the parties, nor any custom or usage, shall be permitted to modify or contradict any of the terms and conditions of the Contract. No modifications, alterations, changes, or waiver to the Contract or any of its terms shall be valid or binding unless accomplished by a written amendment signed by both parties.

#### **V.44 CONTRACT-034.2b Order of Precedence - IFB (Dec 6 2006)**

In the event there is a conflict among the documents comprising this Contract, the Commonwealth and the Contractor agree on the following order of precedence: the Contract; the IFB; and the Contractor's Bid in Response to the IFB.

#### **V.45 CONTRACT-035.1a Changes (Oct 2006)**

The Commonwealth reserves the right to make changes at any time during the term of the Contract or any renewals or extensions thereof: 1) to increase or decrease the quantities resulting from variations between any estimated quantities in the Contract and actual quantities; 2) to make changes to the services within the scope of the Contract; 3) to notify the Contractor that the Commonwealth is exercising any Contract renewal or extension option; or 4) to modify the time of performance that does not alter the scope of the Contract to extend the completion date beyond the Expiration Date of the Contract or any renewals or extensions thereof. Any such change shall be made by the Contracting Officer by notifying the Contractor in writing. The change shall be effective as of the date of the change, unless the notification of change specifies a later effective date. Such increases, decreases, changes, or modifications will not invalidate the Contract, nor, if performance security is being furnished in conjunction with the Contract, release the security obligation. The Contractor agrees to provide the service in accordance with the change order. Any dispute by the Contractor in regard to the performance required by any notification of change shall be handled through Contract Controversies Provision.

#### **V.46 CONTRACT-037.1b Confidentiality (Oct 2006)**

The Contractor agrees to protect the confidentiality of the Commonwealth's information. The Commonwealth agrees

to protect the confidentiality of Contractor's confidential information. In order for information to be deemed to be confidential, the party claiming confidentiality must designate the information as "confidential" in such a way as to give notice to the other party. The parties agree that such confidential information shall not be copied, in whole or in part, except when essential for authorized use under this Contract. Each copy of such confidential information shall be marked by the party making the copy with all notices appearing in the original. Upon termination or cancellation of this Contract or any license granted hereunder, the receiving party will return to the disclosing party all copies of the confidential information in the receiving party's possession, other than one copy, which may be maintained for archival purposes only. Both parties agree that a material breach of these requirements may, after failure to cure within the time frame specified in this Contract, and at the discretion of the non-breaching party, result in termination for default.

The obligations stated in this Section do not apply to information:

- i. already known to the recipient at the time of disclosure;
- ii. independently generated by the recipient and not derived from the information supplied by the disclosing party;
- iii. known or available to the public, except where such knowledge or availability is the result of unauthorized disclosure by the recipient of the proprietary information;
- iv. disclosed to the recipient without a similar restriction by a third party who has the right to make such disclosure; or
- v. required to be disclosed by the recipient by law, regulation, court order, or other legal process.

#### **V.47 CONTRACT-042.1 General (Oct 2006)**

- A. Installment purchase options. To the extent that the Contractor offers the Commonwealth or any purchasing agency ("Purchaser") the option to pay for any items covered by the Contract in installments over time, these Installment Purchase Terms And Conditions shall, in addition to the other terms and conditions of the Contract, govern the installment purchase. If a Purchaser desires to purchase items on an installment basis, the Purchaser shall indicate its Installment Purchase election on the PO issued to the Contractor ("Installment Purchase PO"). By issuing an Installment Purchase PO, the Purchaser explicitly agrees to these Installment Purchase Terms and Conditions. Any items covered by an Installment Purchase shall be called "Installment Items" in these Installment Purchase Terms and Conditions.
- B. Assignments. The Contractor may assign, without DGS or Purchaser consent, any Installment Purchase PO to a third party ("Initial Assignee") who will fund the purchase of the Installment Items. The Initial Assignee may take title to, and assume the right to receive all payments for, the Installment Items. The Contractor shall notify the Purchaser of any Installment Purchase PO assignment in its acknowledgment of the Installment Purchase PO to the Purchaser, providing the Purchaser with a copy of the assignment agreement between the Contractor and the Initial Assignee.
- C. Installment Items. Notwithstanding any provisions to the contrary in the COSTARS Contract, in the event of an assignment to an Initial Assignee, the Initial Assignee shall be bound only to the Contractor's obligations specified in these Installment Purchase Terms and Conditions. An Initial Assignee shall not be responsible for any of the Contractor's additional representations, warranties, covenants, or obligations under the Contract Documents. By issuing an Installment Purchase PO, the Purchaser waives any claims it may have under the Installment Purchase against the Initial Assignee for any loss, damage, or expense caused by, defect in, or use or maintenance of any Installment Item. The Purchaser acknowledges that the Initial Assignee is not the supplier of

the Installment Items and is not responsible for their selection or installation. After the ordering Purchaser executes, and the Initial Assignee receives, an acceptance certificate in the form attached to these Installment Purchase Terms and Conditions, if any portion of the Installment Items is unsatisfactory for any reason, the ordering Purchaser shall, nevertheless, continue to make payments under the applicable Installment Purchase terms and shall make any claim against the Contractor or the manufacturer, not against the Initial Assignee or any subsequent assignee of the Initial Assignee.

D. Acceptance. After a Purchaser executes and the Initial Assignee receives an acceptance certificate in the form attached as Exhibit 1 to these Terms and Conditions ("Acceptance Certificate"):

1. The Purchaser shall, regardless of whether any portion of the Installment Items is unsatisfactory for any reason, nevertheless, continue to make payments under the applicable Installment Purchase and shall make any claim relating to the Installment Items against the Contractor or the manufacturer, not against the Initial Assignee or any subsequent assignee; and
2. The rights of the Initial Assignee and any subsequent assignee to receive payments are absolute and unconditional and shall not be affected by any defense or right of set-off;
3. If the Contractor delivers the Contract items in more than one delivery, unless otherwise specified in the Special Terms and Conditions for this procurement, the Purchaser will provide separate acceptance certificates for each delivery of the items, and the Purchaser will make separate payments for the Leased Property corresponding to the amount of Contract items delivered and accepted 30 days prior to the payment due date.

#### **V.48 CONTRACT-042.2 Installment Purchase Terms (Oct 2006)**

The Contractor may provide any Installment Items under the Contract for any term up to 60 months. The Purchaser shall identify the term selected on the Installment Purchase PO. The Installment Purchase term shall commence on the date the Purchaser accepts the Installment Items by executing the Acceptance Certificate, and the term shall continue for the length specified on the Installment Purchase PO.

#### **V.49 CONTRACT-042.3 Payments (Oct 2006)**

- A. Full term intention The Purchaser shall pay the applicable monthly payment for the Installment Items. The Purchaser shall continue payment for the full Installment Purchase term, unless the Purchaser terminates the Installment Purchase, either for Contractor default under or for nonappropriation of funds as specified in this section.
- B. Nonappropriation The Purchaser's obligation is payable only and solely from funds allotted for the purpose of the Installment Purchase. If sufficient funds are not appropriated for continuation of performance under any Installment Purchase for any fiscal year subsequent to the one in which the Purchaser issued the Installment Purchase PO, the Purchaser may return the Installment items to the Contractor/Initial Assignee (as applicable), and thereafter the Contractor/Initial Assignee will release the Purchaser of all further obligations under the Installment Purchase, provided:
1. The Purchaser delivers unencumbered title to the Installment items to the contractor or Initial Assignee (if applicable);

2. The Purchaser returns the Installment items to the Contractor/Initial Assignee in good condition, reasonable wear and tear excepted; and
3. The Purchaser gives 30 days written notice of the failure of appropriations to the Contractor/Initial Assignee, along with a certification that the Installment Items are not being replaced by similar items from another vendor. In the event the Purchaser returns the Installment Items for failure of appropriations, the Purchaser shall pay all amounts then due under the Installment Purchase through the end of the fiscal year for which sufficient funds were appropriated for the Installment Purchase.

#### **V.50 CONTRACT-042.4 Installment Purchase Terms and Conditions (Oct 2006)**

A. Title and Security Interest Title to the Installment Items shall pass to the Purchaser at the time and place of delivery to the Purchaser of each unit of equipment. The Contractor or its Initial Assignee shall have a purchase money security interest in the Installment Items until payment of all installments as set forth in the payment schedule are made, or if the Purchaser prepays its installments, upon payment of the agreed amount between the Contractor and the Purchaser as set forth in Subsection.F. of this Section.

1. Upon payment of the final installment or other concluding payment option, neither the Contractor nor its assignee shall have any further interest in the Installment Items.
2. The Installment Items shall remain personal property and shall not become a fixture or affixed to real property without consent of the Contractor/assignee.
3. At the request of the Contractor or Initial Assignee, the Purchaser will join the Contractor/assignee in executing one or more UCC-1 financing statements.
4. The Purchaser will keep the Installment Items free and clear of all encumbrances except the Contractor's/assignee's security interest.

#### **B. Assumption of Risks**

1. The Purchaser shall, after acceptance of the Installment Items, assume and bear the risk of damage to, or loss or theft of, the Installment Items (including all component parts) from any cause other than action or inaction of the Contractor/assignee. The loss or damage of the Installment Items shall not impair any obligation of the Purchaser under these Installment Purchase Terms and Conditions, which shall continue in full force and effect. In the event that all or part of the Installment Items shall, as a result of the above-mentioned causes, become, in the Purchaser's reasonable determination, lost, stolen, destroyed, rendered unusable, or irreparably damaged, then the Purchaser shall notify the Contractor/assignee in writing. At its option, the Purchaser shall elect either:
  - a. to replace the equipment either like equipment, or
  - b. to pay pro rata to the Contractor/assignee all payments then currently due according to the payment schedule, plus the pro rata principal portion of any remaining installments. The "pro rata principal portion of remaining installment payments" is that percentage of the principal portion of remaining installment payments as of the date of payment that the cost of the units of the equipment lost, stolen, destroyed, or rendered irreparably unusable or damaged bears to the total cost of the equipment determined by the amounts set forth in the field purchase order.

2. The Purchaser assumes all risks and liabilities for injury to or death of any person, or damage to any property, arising out of the Purchaser's possession, use, operation, condition, or storage of any Installment Items, as more fully set forth in Paragraph 1. of Subsection E. below.

3. The Purchaser agrees to insure the Installment Items as provided under Paragraph 2. of Subsection E. below.

C. Assignment The Purchaser shall not assign any Installment Purchase PO or other interest in the Installment items without the prior written consent of the Contractor or its assignee. The Contractor may assign, and/or grant security interests in whole or in part in, the Installment Purchase to an Initial Assignee, who in turn may further assign and/or grant a security interest in an Installment Purchase to a subsequent assignee without the Purchaser's consent. Any other Contractor assignment shall require the Purchaser's prior written consent. Upon written notice to the Purchaser, the Contractor may assign payments under any Installment Purchase to a third party.

D. Warranties

1. The Purchaser shall have the benefit of any and all manufacturer or supplier warranties for the Installment Items.

2. The Contractor/Initial Assignee and any subsequent assignee warrants that neither the Contractor/Initial Assignee or subsequent assignee, nor anyone acting or claiming through these parties by assignment or otherwise, will interfere with the Purchaser's quiet enjoyment of the Installment Items so long as no event of default as defined in Subsection G. shall have occurred and be continuing.

E. Liability

1. The Purchaser assumes all risks and liabilities for injury to or death of any person or damage to any property, arising out of the Purchaser's possession, use, operation, condition, or storage of any Installment Item, whether such injury or death be of agents or employees of the Purchaser or of third parties, and whether such property damage be to the Purchaser's property or the property of others; provided, however, that the damage or injury results from the action or inaction of the Purchaser, its agents or employees, and provided that judgment has been obtained against the Purchaser, its agents or employees. This provision shall not be construed to limit the governmental immunity of any Purchaser.

2. The Purchaser shall, during the Installment Purchase term, either self-insure or purchase insurance to cover the risks it has assumed under Paragraph 1. of this Subsection E., including but not limited to risks of public liability and property damage.

F. Financing and Prepayment

1. If the Contractor is not the supplier of the Installment Items, the Contractor will pay the charges for the Installment Items directly to the supplier. In the event the Contractor assigns the Installment Purchase to an Initial Assignee, the Initial Assignee will pay the charges directly to the Contractor or the supplier, as applicable. If the Contractor has assigned payments under the Installment Purchase to an Initial Assignee, the Purchaser's obligation to make payments for the Installment Items for which the Purchaser has executed and delivered acceptance certificates shall not be affected by any discontinuance, return, or destruction of any license or licensed program materials, or by any Purchaser dissatisfaction with any Installment Item.

2. The Purchaser may at any time elect to prepay its remaining Installment Purchase payments. The Purchaser shall provide notice of the intended prepayment date, which shall be at least one month after the date of the

notice. Depending on market conditions at the time, the Contractor/Initial Assignee may reduce the balance of the remaining payments to reflect the requested prepayment and shall advise the Purchaser of the balance to be paid.

3. If the Purchaser purchases Contract items related to an Installment Item prior to the expiration of the Installment Purchase terms, or if the Installment Purchase is terminated for any reason except nonappropriation as described in Subsection III.B. of these Installment Purchase Terms and Conditions, and if the Installment Item has been delivered and the Purchaser has executed and delivered to the Contractor an acceptance certificate, the Purchaser shall prepay such Installment Item.

#### G. Default

1. If the Purchaser does not make a required payment within 30 days after its due date and such nonpayment continues for 15 days after receipt of written notice from the Contractor/Initial Assignee that the Purchaser is delinquent in payment, if the Purchaser breaches any other provision under these Terms and Conditions and such breach continues for 15 days after receipt of written notice of the breach from the Contractor/Initial Assignee, or if the Purchaser files any petition or proceeding (or has a petition or proceeding filed against it) under any bankruptcy, insolvency, or similar law, the Contractor/Initial Assignee may pursue and enforce the following remedies, individually or collectively:
  - a. Terminate the applicable Installment Purchase.
  - b. Take possession of any or all Contract items in the Purchaser's possession, without any court order or other process of law. For such purpose, upon written notice of its intention to do so, the Contractor or its assignee may enter upon the premises where the Contract items may be and remove and repossess the Contract items, from the premises without being liable to the Purchaser in any action or legal proceedings. The Contractor/assignee may, at its option, sell the repossessed Contract items at public or private sale for cash or credit. The Purchaser shall be liable for the Contractor's/assignee's expenses of retaking possession, including without limitation the removal of the Contract items and placing the Contract items in good operating condition (if not in good operating condition at the time of removal) in accordance with the manufacturer's specifications. Repossessed Contract items shall include only those items that were purchased under the Installment Purchase.
  - c. Recover from the Purchaser all payments then due, plus the net present value of the amount of the remaining payments. The present value of such remaining payments shall be calculated using a discount rate equal to the average of the weekly two- and three-year Treasury Constant Maturities published by the Federal Reserve Board for the last calendar week of the month preceding the contractor's/assignee's termination of the applicable Installment Purchase. The Treasury Constant Maturities are published in Statistical Release .15 and may be accessed via the Federal Reserve Board's Internet website.
2. In the event of Contractor default, the Purchaser may pursue one or more of the following remedies:
  - a. If the payments under the Installment Purchase have been assigned to an Initial Assignee, the Purchaser shall continue to make payments for those Contract Items which have been delivered and for which the Purchaser has provided acceptance certificates to the Contractor/Initial Assignee.
  - b. The Purchaser may cancel, without liability for payment, its order for any Contract items which have not been delivered and for which it has not issued acceptance certificates. In this instance, the amount of the Contract payments will be recalculated to take into consideration and pay for the actual number of Contract items which were delivered and accepted. If no Installment items have been delivered and accepted, the Purchaser may terminate the Installment Purchase without liability for any payment.

- c. If payments have not been assigned, the Purchaser may set off or counterclaim any and all damages incurred by the Purchaser as a result of the contractor's default against its obligation to make payments.

#### **V.51 CONTRACT-042.5 Compliance with Internal Revenue Code (Oct 2006)**

- A. If the Internal Revenue Service rules that the Purchaser does not so qualify under either Section 103(a) or 501(c)(4) of the IRC, or if the Purchaser fails to cooperate with the Contractor/Initial Assignee in the preparation and execution of any reports required under Section 124 or 149 of the IRC (including 8038G and 8038GC forms), the Purchaser will, upon demand, pay the Contractor/Initial Assignee a sum the Contractor/Initial Assignee determines sufficient to return the Contractor/Initial Assignee to the economic status it would otherwise have received.

IN NO EVENT SHALL THE INITIAL ASSIGNEE OR ANY SUBSEQUENT ASSIGNEE HAVE ANY LIABILITY FOR, NOR SHALL THE PURCHASER HAVE ANY REMEDY AGAINST, THE INITIAL ASSIGNEE OR ANY SUBSEQUENT ASSIGNEE FOR CONSEQUENTIAL DAMAGES, LOSS OF SAVINGS, OR LOSS OF USE.

**V.54 CONTRACT-042.8 Governing Law (March 5, 2007)**

To the extent that there is a conflict between the other terms and conditions of the COSTARS Contract and these Installment Purchase Terms and Conditions, these Installment Purchase Terms and Conditions shall prevail to the extent that the Purchaser has elected an Installment Purchase option.

**V.57 CONTRACT 042.11 Installment Purchase Acceptance Certificate (Dec 6 2006)**

The acceptance certificate required in these Installment Purchase Terms and Conditions shall be in the form set forth in the attachment to this Contract.

**V.58 CONTRACT-043.1 General (March 5, 2007)**

- A. Lease options To the extent that the Contractor offers the Commonwealth or any purchasing agency ("Lessee") the option to lease any items covered by the Contract, these Leasing Terms And Conditions shall, in addition to the other terms and conditions of the Contract, govern the lease. The Contractor may offer both standard leases and lease/purchases. These transactions shall be referred to as "Leases" in these Leasing Terms and Conditions. If a Lessee desires a Lease, the Lessee shall indicate its election to lease Contract items on the PO issued to the Contractor ("Lease PO"). By issuing a Lease PO, the Lessee explicitly agrees to these Leasing Terms and Conditions. Any items covered by a Lease shall be called "Leased Property" in these Leasing Terms and Conditions.
- B. Assignments The Contractor may assign, without Lessee consent, any Lease to a third party ("Initial Assignee") who will fund the purchase of the Leased Property. The Initial Assignee may take title to, and assume the right to receive all rental payments for, the Leased Property. The Contractor shall notify the Lessee of any Lease assignment in its acknowledgment of the Lease PO to the Lessee, providing the Lessee with a copy of the assignment agreement between the Contractor and the Initial Assignee.

C. Leased Property Notwithstanding any provisions to the contrary in the Contract, in the event of a Lease assignment to an Initial Assignee, the Initial Assignee shall be bound only to the Contractor's obligations specified in these Leasing Terms and Conditions. An Initial Assignee shall not be responsible for any of the Contractor's additional representations, warranties, covenants, or obligations under the Contract Documents. By issuing a Lease PO, the Lessee waives any claims it may have under the Lease against the Initial Assignee for any loss, damage, or expense caused by, defect in, or use or maintenance of any Leased Item. The Lessee acknowledges that the Initial Assignee is not the supplier of the Leased Property and is not responsible for their selection or installation. After the ordering Lessee executes, and the Initial Assignee receives, an acceptance certificate, if the Leased Property is in whole or in part unsatisfactory for any reason, the Lessee shall, nevertheless, continue to make rental payments under the applicable Lease and shall make any claim against the Contractor or the manufacturer, not against the Initial Assignee or any subsequent assignee of the Initial Assignee.

D. Acceptance After a Lessee executes and the Initial Assignee receives an acceptance certificate in the form attached to these Terms and Conditions (" Lease Acceptance Certificate"):

1. The Lessee shall, regardless of whether any portion of the Leased Property is unsatisfactory for any reason, nevertheless, continue to make rental payments under the Lease and shall make any claim relating to the Leased Property against the Contractor or the manufacturer, not against the Initial Assignee or any subsequent assignee; and
2. The rights of the Initial Assignee and any subsequent assignee to receive rental payments are absolute and unconditional and shall not be affected by any defense or right of set-off.
3. If the Leased Property is delivered in more than one delivery, unless otherwise specified in the Special Terms and Conditions for this procurement, the Lessee will provide separate acceptance certificates for each delivery of Leased Property, and the Lessee will make periodic payments for the Leased Property corresponding to the amount of the Leased Property delivered and accepted 30 days prior to the payment due date.

#### **V.59 CONTRACT-043.2 Lease Terms (Oct 2006)**

The Contractor may provide any Leased Property under the Contract for any term up to 60 months, including a Fair Market Value Option for Lease/Purchases. The Lessee shall identify the term selected, as well as its election of either a Lease or Lease/Purchase option, on the PO.

#### **V.60 CONTRACT-043.3 Term (Oct 2006)**

The Lease term shall commence on the date the Lessee accepts the equipment and/or Leased Property by executing the Acceptance Certificate, and the term shall continue for the length specified on the Lease PO. If the Leased Property is provided in separate deliveries, the term for each delivery shall expire the specified time after the date of the Lessee's execution of the acceptance certificate as provided in Subsection I.D. of these Leasing Terms and Conditions.

#### **V.61 CONTRACT-043.4 Payments (Oct 2006)**

A. Full term intention The Lessee shall pay the applicable monthly or annual rent payment for the Leased Property

for the full Lease term unless the Lessee terminates the Lease, either for Contractor Default or for nonappropriation of funds as specified in Subsection B. of this Section.

B. Nonappropriation The Lessee's obligation is payable only and solely from funds allotted for the purpose of the Lease. If sufficient funds are not appropriated for continuation of performance under any Lease for any fiscal year subsequent to the one in which the Lessee issued the Lease PO, the Lessee may return the Leased Property to the Contractor/Initial Assignee (as applicable), and thereafter the Contractor/Initial Assignee shall release the Lessee of all further obligations under the Lease, provided:

1. The Lessee delivers unencumbered title to the Leased Property to the contractor or Initial Assignee (if applicable);
2. The Lessee returns the Leased Property to the Contractor/Initial Assignee in good condition, reasonable wear and tear excepted; and
3. The Lessee gives 30 days written notice of the failure of appropriations to the Contractor/Initial Assignee, along with a certification that the Leased Property are not being replaced by similar Property from another vendor. In the event the Lessee returns the Leased Property for failure of appropriations, the Lessee shall pay all amounts then due under the Lease through the end of the fiscal year for which sufficient funds were appropriated for the Lease.

#### **V.62 CONTRACT-043.5 Leasing Terms and Conditions (Oct 2006)**

A. Title. Title to the Leased Property shall not pass to the Lessee but shall remain in the Contractor or Initial Assignee, whichever applies; except in the case of a Lease/Purchase, the title shall pass upon payment of the final installment or other concluding payment option, after which neither the Contractor nor any assignee shall have any further interest in the Leased Item. The Lessee acknowledges that the Leased Property remain personal property during the Lease term and that the Leased Property shall not become a fixture or affixed to real property during that term. The Lessee shall keep the Leased Property free and clear of all encumbrances during the Lease term, excluding any Contractor or assignee security interest.

1. At the Contractor's or Initial Assignee's request, as applicable, the Lessee will join the Contractor/Initial Assignee in executing one or more financing statements pursuant to the Uniform Commercial Code or other registration law applicable to the location of any Leased Property.
2. If the Contractor/Initial Assignee deems filing to be necessary or desirable, the Contractor/Initial Assignee shall pay the cost of filing the financing statement(s) in public offices.

B. Risk of Loss. The Contractor shall assume and bear the risk of loss or damage to, or theft of, the Leased Property and all component parts while the Leased Property or parts are in the Lessee's possession, unless the Lessee could have prevented such loss, damage, or theft by exercising reasonable care or diligence in the use, protection, or care of the Leased Property or parts. No loss or damage to the Leased Property or parts shall impair any Contractor or Lessee obligation under the Lease, except as expressly provided in these Leasing Terms and Conditions. If the damage could not have been prevented by the Lessee's exercise of reasonable care or diligence, and the Contractor determines the Leased Property or parts can be economically repaired, the Contractor shall repair or cause to be repaired all damages to the Leased Property or their parts. In the event that the any of the Leased Property or their parts are stolen or destroyed, or if in the Contractor's opinion they are rendered irreparable, unusable, or damaged, the affected Leased Property shall be considered a total loss and the Lease shall terminate as to those Leased Property, and the Lessee's obligation to pay rent for the affected Leased Property shall be deemed to have ceased as of the date of the loss.

- C. Assignment. The Lessee shall not assign any Lease, or other interest in the Leased Property, nor shall the Lessee sublease the Leased Property, without the prior written consent of the Contractor or its assignee. The Contractor may assign, and/or grant security interests in whole or in part in, the Lease PO and Leased Property to an Initial Assignee, who in turn may further assign and/or grant a security interest in a Lease or Leased Property to a subsequent assignee without the Lessee's consent. Any other Contractor assignment shall require the Lessee's prior written consent. Upon written notice to the Lessee, the Contractor may assign rental payments under any Lease or Lease/Purchase to a third party.
- D. Purchase Option. If the Lessee is not in default, it shall have the right at the expiration of the Lease term to buy the Leased Property "as is with no additional warranty" by tendering the purchase option amount the parties have established. For any Lease with a Fair Market Value Option, the fair market value of the equipment shall be established by the Contractor/Initial Assignee and shall not exceed the then-current purchase price of the Leased Property as established in the Contract. Upon the Lessee's exercise of a purchase option and payment of the required amount to the Contractor/Initial Assignee, all right, title, and interest in the Leased Property shall pass to the Lessee.
- E. Extension. If the Lessee does not elect to purchase the Leased Property at the expiration of a Lease term, and the Lessee is not in default under the Lease, the Lessee may elect to extend the Lease by written notification to the Contractor/Initial Assignee. The Lessee will make any elective extension under the same Leasing Terms and Conditions, including any rent payable (not less than fair market rental value), and will continue until the earlier of termination by either party upon one month's prior written notice, or five years from the date of installation.
- F. Return of Equipment. At the expiration or termination of a Lease for any Leased Property, or upon Contractor/Initial Assignee demand pursuant to Section J. of this Section, the Lessee shall promptly return the Leased Property, freight prepaid, to any location in the continental United States specified by the Contractor/Initial Assignee. The Lessee shall pay the required rent for the Leased Property until they have been shipped to the Contractor.
1. Since DGS has, as a matter of policy, determined that all hard drives contain information that is confidential or sensitive, the Contractor shall, at its discretion, either remove and destroy any hard drive from the Leased Property or clean the hard drive to Office of Administration/U.S. Department of Defense standards, and the Contractor shall provide written certification to the Lessee that the hard drive has been destroyed or cleaned to Office of Administration/U.S. Department of Defense standards.
  2. Except in the event of a total loss of any or all Leased Property as described in Subsection B. of this Section, and except for any costs associated with the removal, destruction, and cleaning of any hard drives, the Lessee shall pay any costs the Contractor/Initial Assignee incurs to restore the Leased Property to good operating condition in accordance with the Contract specifications. All parts the Contractor/Initial Assignee may remove and replace shall become the Contractor's/Initial Assignee's property.
  3. The Contractor's/Initial Assignee's costs associated with the cleaning of any hard drive to Office of Administration/U.S. Department of Defense standards and the removal and destruction of any hard drive(s) shall be included in the rental amount. The Lessee shall not be required to pay additional charges for the Contractor's/Initial Assignee's cleaning of a hard drive to Office of Administration/U.S. Department of Defense standards nor for the Contractor's/Initial Assignee's removal and destruction of any hard drive(s) upon the return of a Leased item.

G. Warranties

1. The Contractor/Initial Assignee, as applicable, grants to the Lessee the benefit of any and all manufacturer or supplier warranties for the Leased Property during the Lease term.

2. The Contractor/Initial Assignee and any subsequent assignee warrants that neither the Contractor/Initial Assignee or subsequent assignee, nor anyone acting or claiming through these parties by assignment or otherwise, shall interfere with the Lessee's quiet enjoyment of the Leased Property so long as no event of default as defined in Subsection J. of this Section shall have occurred and be continuing.

#### H. Liability

1. The Lessee assumes all risks and liabilities for injury to or death of any person or damage to any property, arising out of the Lessee's possession, use, operation, condition, or storage of any Leased Item, whether such injury or death be of agents or employees of the Lessee or of third parties, and whether such property damage be to the Lessee's property or the property of others; provided, however, that the damage or injury results from the action or inaction of the Lessee, its agents or employees, and provided that judgment has been obtained against the Lessee, its agents or employees. This provision shall not be construed to limit the governmental immunity of any Lessee.
2. The Lessee shall, during the Lease term, either self-insure or purchase insurance to cover the risks it has assumed under Subsection 1. of this Section, including but not limited to risks of public liability and property damage.

#### I. Financing and Prepayment

1. If the Contractor is not the supplier of the Leased Property, the Contractor shall pay the charges for the Leased Property directly to the supplier. In the event the Contractor assigns the Lease to an Initial Assignee, the Contractor shall require the Initial Assignee to pay the charges directly to the Contractor or the supplier, as applicable. If the Contractor has assigned rental payments to an Initial Assignee, the Lessee's obligation to make rental payments for the Leased Property for which the Lessee has executed and delivered acceptance certificates shall not be affected by any discontinuance, return, or destruction of any license or licensed program materials, or by any Lessee dissatisfaction with any Leased Item.
2. The Lessee may terminate the financing for any Leased Item by prepaying its remaining rental payments. The Lessee shall provide notice of the intended prepayment date, which shall be at least one month after the date of the notice. Depending on market conditions at the time, the Contractor/Initial Assignee may reduce the balance of the remaining rental payments to reflect the requested prepayment and shall advise the Lessee of the balance to be paid.
3. If the Lessee purchases any items related to a Leased Item prior to the expiration of the Lease terms, or if the Lease is terminated for any reason except nonappropriation as described in Subsection B. of this Section, and if the Leased Item has been delivered and the Lessee has executed and delivered to the Contractor an acceptance certificate, the Lessee shall prepay such Leased Item.

#### J. Default

1. If the Lessee does not make a required payment within 30 days after its due date and such nonpayment continues for 15 days after receipt of written notice from the Contractor/Initial Assignee that the Lessee is delinquent in payment; if the Lessee breaches any other provision under these Terms and Conditions and such breach continues for 15 days after receipt of written notice of the breach from the Contractor/Initial Assignee; or if the Lessee files any petition or proceeding (or has a petition or proceeding filed against it) under any bankruptcy, insolvency, or similar law, then the Contractor/Initial Assignee may pursue and enforce the following remedies, individually or collectively:

- a. Terminate the Lease.
  - b. Take possession of any or all Leased Property in the Lessee's possession, without any court order or other process of law. For such purpose, upon written notice of its intention to do so, the Contractor or its assignee may enter upon the premises where the Leased Property may be and remove and repossess the Leased Property from the Premises without being liable to the Lessee in any action or legal proceeding. The Contractor/assignee may, at its option, sell the repossessed Leased Property at public or private sale for cash or credit. The Lessee shall be liable for the Contractor's/assignee's expenses of retaking possession, including without limitation the removal of the Leased Property and placing the Leased Property in good operating condition (if not in good operating condition at the time of removal) in accordance with the manufacturer's specifications. Repossessed Leased Property shall include only those items that were leased or lease/purchased under the PO
  - c. Recover from the Lessee all rental payments then due, plus the net present value of the amount of the remaining rental payments. The present value of such remaining rental payments shall be calculated using a discount rate equal to the average of the weekly two- and three-year Treasury Constant Maturities published by the Federal Reserve Board for the last calendar week of the month preceding the contractor's/assignee's termination of the applicable Lease PO. The Treasury Constant Maturities are published in Statistical Release .15 and may be accessed via the Federal Reserve Board's Internet website.
2. In the event of Contractor default, the Lessee may pursue one or more of the following remedies:
- a. If the rental payments under the Lease have been assigned to an Initial Assignee, the Lessee shall continue to make rental payments for those Contract Items which have been delivered and for which the Lessee has provided acceptance certificates to the Contractor/Initial Assignee.
  - b. The Lessee may cancel, without liability for payment, its order for any Contract items which have not been delivered and for which it has not issued acceptance certificates. In this instance, the amount of the rental payments will be recalculated to take into consideration and pay for the actual number of Leased Property which were delivered and accepted. If no Leased Property have been delivered and accepted, the Lessee may terminate the Lease without liability for any payment.
  - c. If payments have not been assigned, the Lessee may set off or counterclaim any and all damages incurred by the Lessee as a result of the Contractor's default against the Lessee's obligation to make rental payments.

#### **V.63 CONTRACT-043.6 Compliance with Internal Revenue Code (Oct 2006)**

- A. Tax Exempt Financing. If it intends to provide tax exempt financing, the Contractor/Initial Assignee must file, in timely fashion, any reports the Internal Revenue Service may require with respect to the order under the Internal Revenue Code (IRC). The Lessee shall cooperate with the Contractor/Initial Assignee in the preparation and execution of these documents. The Lessee shall also keep a copy of each notification of assignment with the Lessee's counterpart of the order and shall not, during the Lease term, permit the Leased Property to be directly or indirectly used for a private business use within the meaning of Section 141 of the IRC.
- B. Governmental status. Eligible Lessees include State entities or political subdivisions of a State for the purpose of Section 103(a) of the IRC as well as tax exempt non-profit corporations and entities under 501(c)(4) of the IRC. Any misrepresentation of a Lessee's status under the IRC shall constitute an event of default by the Lessee. If the Internal Revenue Service rules that the Lessee does not so qualify under either Section 103(a) or 501(c)(4) of the IRC, or if the Lessee fails to cooperate with the Contractor/Initial Assignee in the preparation and execution of

any reports required under Section 124 or 149 of the IRC (including 8038G and 8038GC forms), the Lessee will upon demand pay the Contractor/Initial Assignee a sum the Contractor/ Initial Assignee determines sufficient to return the Contractor/Initial Assignee to the economic status it would otherwise have received.

The Lessee shall keep the Leased Property within the confines of the Commonwealth of Pennsylvania and shall inform the Contractor/Initial Assignee upon request of the location of the Leased Property. The Lessee, at its own cost and expense, shall maintain the Leased Property in good operating condition and will not use or deal with the Leased Property in any manner which is inconsistent with the terms of the Contract or any applicable laws and regulations. The Lessee agrees not to misuse, abuse, or waste the Leased Property and the Lessee will not allow the Leased Property to deteriorate, except for ordinary wear and tear resulting from their intended use. No alterations, changes, or modifications to the Leased Property shall be made without the approval of the Contractor/Initial Assignee.

AS TO THE INITIAL ASSIGNEE AND ANY SUBSEQUENT ASSIGNEE, THE LESSEE TAKES THE EQUIPMENT AND ANY LEASED PROPERTY "AS IS". IN NO EVENT SHALL THE INITIAL ASSIGNEE OR ANY SUBSEQUENT ASSIGNEE HAVE ANY LIABILITY FOR, NOR SHALL THE LESSEE HAVE ANY REMEDY AGAINST, THE INITIAL ASSIGNEE OR ANY SUBSEQUENT ASSIGNEE FOR CONSEQUENTIAL DAMAGES, LOSS OF SAVINGS, OR LOSS OF USE.

LEASING AND INSTALLMENT PURCHASE TERMS AND CONDITIONS**

I. General.

- (A) These Leasing and Installment Purchase Terms and Conditions ("Terms and Conditions") to Contract No. 3610-04, Offset Printing and Binding Equipment, allows bidders to offer equipment and software covered by the contract through leasing and installment purchase options. If offered by a bidder and accepted by the Commonwealth, Commonwealth agencies shall, in addition to the outright purchase of equipment and software as provided by Contract 3610-04, have the option to either lease equipment or purchase equipment through an installment purchase from the contractor, as well as financed software and other items in Contract 3610-04. Leases and installment purchases shall be in accordance with the following terms (in addition to the terms and conditions of Contract No. 3610-04). The ordering Commonwealth Agency shall indicate its election to lease equipment (each such lease transaction hereinafter called a "Lease") or purchase equipment through an installment purchase (each installment purchase transaction hereinafter called an "Installment Purchase") on the applicable field purchase order issued to the contractor. Such Lease or Installment Purchase may also include financed software or other items in Contract 3610-04 that are financed (in either case "Financed Items").
- (B) The contractor may assign such field purchase order and Lease or Installment Purchase to a third party ("Initial Assignee") who will fund the purchase of the equipment and Financed Items (and in the case of a Lease, take title to the equipment) and assume the right to receive all payments thereunder. The consent of the Commonwealth to such assignment by the contractor shall not be required. The contractor shall notify the Commonwealth of its assignment to an Initial Assignee in its acknowledgment to the Commonwealth Agency of the field purchase order and by providing the Commonwealth Agency with a copy of an assignment agreement between the contractor and the Initial Assignee.
- (C) Notwithstanding any provisions to the contrary in Contract 3610-04, in the event of an assignment of a Lease or Installment Purchase to an Initial Assignee, the Initial Assignee shall only be bound to the obligations of the contractor as they are specified in these Terms and Conditions and shall not be responsible for any additional representations, warranties, covenants or obligations of the contractor as provided in the remainder of Contract 3610-04. The Commonwealth waives any claims it may have against the Initial Assignee for any loss, damage or expense caused by the equipment or any Financed Item or any defect therein or use or maintenance thereof. The Commonwealth acknowledges that the Initial Assignee is not the supplier of the equipment or Financed Items and is not responsible for its selection or installation. Once an acceptance certificate in the form attached hereto as Exhibit A is executed by the ordering Commonwealth Agency and is received by Initial Assignee, if

any portion of the equipment or Financed Items is unsatisfactory for any reason, the ordering Commonwealth Agency shall, nevertheless, continue to make payments under the applicable Lease or Installment Purchase and shall make any claim against the contractor or the manufacturer, but not against the Initial Assignee or any subsequent assignee of the Initial Assignee.

(D) The rights of the Initial Assignee and any subsequent assignee to receive payments under a Lease or Installment Purchase are absolute and unconditional and shall not be affected by any right of set-off or defense of any kind whatsoever once an acceptance certificate in the form attached here to as Exhibit A is executed by the ordering Commonwealth Agency and is received by Initial Assignee.

II. Pricing Plans. The contractor agrees to provide the equipment and Financed Items covered by Contract No. 3610-04 through four pricing plans (in addition to outright purchase which is already covered by Contract 3610-04:

- B. Sixty (60) month Lease with Fair Market Value Option
- C. Forty-eight (48) month Installment Purchase
- D. Sixty (60) month Installment Purchase

The pricing plan selected by the ordering Commonwealth agency shall be identified on the purchase order.

III. Term. The term of each Lease or Installment Purchase shall commence on the date the equipment and/or Financed Items are accepted by the ordering Commonwealth agency (as evidenced by an acceptance certificate in the form attached hereto as Exhibit A) and shall continue for the period of time of the pricing plan as designated on the field purchase order.

IV. Payments.

A. Full term intention. The ordering Commonwealth agency shall pay the applicable monthly or annual rent or Installment Purchase payment for the equipment and Financed Items, as shown on the payment schedule (in substantially the forms attached hereto as Exhibit B), which must be signed by the contractor or Initial Assignee (if applicable) and the Commonwealth Agency, and attached to the field purchase order. Payment shall be made by the ordering Commonwealth Agency, for the full term, unless the field purchase order is terminated by the Commonwealth agency for contractor Default under Sections VI(K)(2) or VII(F)(2) herein or nonappropriation of funds.

B. Nonappropriation. The Commonwealth agency's obligation is payable only and solely from funds allotted for the purpose of the Lease or Installment Purchase. If sufficient funds are not appropriated for continuation of performance under any Lease or Installment Purchase for any fiscal year subsequent to the one in which the field purchase order was issued, the Commonwealth agency may return the equipment to the

contractor or Initial Assignee (if applicable) and thereafter be released of all further obligations, provided: (i) The Commonwealth agency delivers unencumbered title to the equipment to the contractor or Initial Assignee (if applicable), (ii) The equipment is returned to the contractor or Initial Assignee (if applicable) in good condition, reasonable wear and tear excepted, and (iii) thirty (30) days written notice is given to the contractor or Initial Assignee (if applicable) stating the failure of appropriations as the reason for return and certifying that the equipment is not being replaced by similar equipment from another vendor. In the event the Commonwealth agency returns the equipment for failure of appropriations, all amounts then due to the contractor or Initial Assignee (if applicable) through the end of the fiscal year for which sufficient funds have been appropriated shall be paid by the Commonwealth agency.

V. Leasing Terms and Conditions. The following terms and conditions shall apply if the ordering Commonwealth agency selects a forty-eight (48) month Lease or a sixty (60) month Lease:

A. Title. Title in or to the equipment shall not pass to the Commonwealth but shall remain in the contractor or Initial Assignee (if applicable). The equipment shall remain personal property and shall not become a fixture or affixed to real property. The Commonwealth will keep the equipment free and clear of all encumbrances except the contractor's or any assignee's security interest. At the request of the contractor or Initial Assignee (if applicable), the Commonwealth will join the contractor or Initial Assignee in executing one or more financing statements, pursuant to the Uniform Commercial Code or other registration law applicable to the location of the equipment. the contractor or Initial Assignee (if applicable) will pay the cost of filing the financing statement(s) in all public offices wherever filing is deemed by the contractor or Initial Assignee to be necessary or desirable.

B. Risk of Loss. The contractor shall assume and bear the risk of loss, damage, or theft to the equipment and all component parts thereof while same is in the Commonwealth's possession, unless it could have been prevented by the Commonwealth's exercise of reasonable care or diligence in the use, protection, or care of the equipment. No loss or damage to the equipment shall impair any obligation of the contractor or of the Commonwealth, except as hereinafter expressly provided. Unless the damage could have been prevented by the Commonwealth's exercise of reasonable care or diligence in the use, protection, or care of the equipment, the contractor shall repair or cause to be repaired all damages to the equipment, if the contractor determines the equipment can be economically repaired. In the event that the equipment is stolen, destroyed or rendered irreparable, unusable, or damaged as determined by the contractor, the Lease shall terminate and the Commonwealth's obligation to pay rent for the equipment shall be deemed to have ceased as of the date of the loss.

- C. Assignment. The Commonwealth shall not assign any Lease hereunder or any interest therein, or sublease the equipment without the prior written consent of the contractor or its assignee. the contractor may assign the field purchase order and the Lease and/or grant security interests therein, in whole or in part to an Initial Assignee and such Initial Assignee may further assign a Lease and/or grant a security interest therein to a subsequent assignee without the consent of the Commonwealth. Any other assignment by the contractor shall require the prior written consent of the Commonwealth. Upon notice to the ordering Commonwealth agency, the contractor may assign payments under any Lease to a third party.
- D. Purchase Option. If the Commonwealth is not in default, it shall have the right to buy the equipment "as is with no additional warranty" at the expiration of the Lease term by tendering the purchase option amount. For Lease with Fair Market Value Option, the fair market value of the equipment shall be as established by the contractor or Initial Assignee (if applicable) which shall not exceed the then purchase price of the equipment as established by Contract No. 3610-04. For Leases with Purchase Option, the purchase option amount shall be determined by applying the credits from the accrual of equity towards the purchase price. Upon the Commonwealth's exercise of this purchase option, all right, title and interest in the equipment shall pass to the Commonwealth upon payment.
- E. Extension. If the Commonwealth has not elected to purchase the equipment at the expiration of a Lease term, and as long as the Commonwealth is not in default under the Lease, the Lease (other than Leases that expire five years from date of installation) may be extended upon receipt by the contractor or Initial Assignee (if applicable) of written notification from the Commonwealth. The extension will be under the same terms and conditions then in effect, including rent (but not less than fair market rental value) and will continue until the earlier of termination by either party upon one month's prior written notice or five years from the date of installation.
- F. Return of Equipment. Upon expiration or termination of a Lease for any item of equipment, or upon demand by the contractor or Initial Assignee (if applicable) pursuant to Section VI (K), Default, the Commonwealth shall promptly return the equipment, freight prepaid, to a location in the continental United States specified by the contractor or Initial Assignee (if applicable). The Commonwealth agency shall pay the applicable rent for the equipment until it has been shipped to the contractor in accordance with this subsection. The Commonwealth agency shall remove all data from the equipment prior to such return. Except in the event of a total loss of the equipment pursuant to paragraph VI (B) herein, the Commonwealth shall pay any costs and expenses incurred by the contractor or Initial Assignee (if applicable) to place the equipment in good operating condition in accordance with the specifications. Any parts removed in connection therewith shall become the contractor's or Initial Assignee's property.

- G. Warranties: Quiet Enjoyment. the contractor or Initial Assignee (if applicable) grants to the Commonwealth the benefit of any and all warranties made by the manufacturer or supplier of the equipment or Financed Items during the term of a Lease. the contractor warrants that neither the contractor nor anyone acting or claiming through the contractor, by assignment or otherwise, will interfere with the Commonwealth's quiet enjoyment of the use of the Equipment so long as no event of default shall have occurred and be continuing. However, in the event of an assignment of a Lease hereunder to an Initial Assignee, such Initial Assignee (and any subsequent assignee) warrants that neither it nor anyone acting or claiming through it by assignment or otherwise, will interfere with the Commonwealth's quiet enjoyment of and use of the Equipment, so long as no event of default shall have occurred and be continuing.
- H. Liability.
1. The Commonwealth assumes all risks and liabilities for injury to or death of any person or damage to any property, in any manner arising out of possession, use, operation, condition, or storage of any piece of equipment or Financed Item by the Commonwealth agency whether such injury or death be with respect to agents or employees of the Commonwealth or of third parties, and whether such property damage be to the Commonwealth's property or the property of others; provided, however, that said damage or injury results from the negligence of Commonwealth, its agents or employees, and provided that judgment has been obtained against the Commonwealth. This provision shall not be construed to limit the sovereign immunity of the Commonwealth, the Department of General Services or any Commonwealth agency.
  2. The Commonwealth shall, during the term of the Lease, self-insure with respect to the risks which it has assumed under subparagraph (l)(1) above, including, but not limited to, risks of public liability and property damage under Act 142 of October 5, 1980, P.L. 693, 42 Pa. C.S. A. Section 8522.
- I. Financing and Prepayment. If a Lease provides for financing of software or other Financed Items, the contractor will pay the charges for such Financed Items directly to the supplier (if such supplier is not the contractor). In the event the Lease is assigned to an Initial Assignee, the Initial Assignee will pay such charges directly to the contractor or the supplier. If the payments under the field purchase order have been assigned to an Initial Assignee, the Commonwealth's obligation to pay rent for those items of software or other Financed Items which have been delivered and for which acceptance certificates have been received shall not be effected by any discontinuance, return or destruction of any license or licensed program materials or any dissatisfaction with any service financed under the Lease. The Commonwealth may terminate any Financed Item (but not an item of equipment) by prepaying its remaining rent. The Commonwealth shall provide the contractor or Initial Assignee (if applicable) with notice of the intended prepayment date

which shall be at least one month after the date of the notice. The contractor or Initial Assignee may, depending on market conditions at the time, reduce the remaining rent to reflect such prepayment and shall advise the Commonwealth of the balance to be paid. If, prior to Lease expiration, the Commonwealth purchases equipment related to a Financed Item or if the Lease for such equipment is terminated, for any reason (except if funds are not appropriated as described in paragraph V (B)), the Commonwealth shall at the same time prepay such Financed Item, if it has been delivered and for which an acceptance certificate has been received.

J. Default

1. If the Commonwealth (1) does not pay a rent payment within thirty (30) days after the due date and such non-payment continues for fifteen (15) days after receipt of written notice from the contractor or Initial Assignee (if applicable) that the Commonwealth Agency is delinquent in payment of any rent; (2) breaches any other provision under these Terms and Conditions and such breach continues for fifteen (15) days after receipt of written notice thereof from the contractor or Initial Assignee (if applicable); or (3) files any petition or proceeding (or has a petition or proceeding filed against it) under any bankruptcy, insolvency or similar law, the contractor or its assignee may pursue and enforce the following remedies:
  - a. Terminate the applicable field purchase order.
  - b. Take possession of any or all items of equipment without any court order or other process of law and for such purpose, the contractor or its assignee may enter upon the premises where the equipment may be and may remove the same therefrom upon written notice of its intention to do same, without being liable to any suit or action or other proceeding by the Commonwealth. The contractor or its assignee may, among its options, sell the equipment at public or private sale for cash or credit. The Commonwealth agency shall be liable for the contractor's or the assignee's expense of retaking possession and the removal of the equipment and placing the equipment in good operating condition (if it is not in good operating condition at the time of removal) in accordance with the manufacturer's specifications. When the equipment is returned to the contractor or its assignee, it shall include only those items that were purchased as per the field purchase order.
  - c. Recover from the Commonwealth agency all rent payments then due and the net present value of the amount of the remaining rent payments. The present value of such remaining rent payments shall be calculated using a discount rate equal to the average of the weekly two and three year Treasury Constant Maturities published by the

Federal Reserve Board for the last calendar week of the month preceding the contractor's or its assignee's termination of the applicable field purchase order. The Treasury Constant Maturities are published in Statistical Release .15 and can be accessed via the Federal Reserve Board internet website.

2. In the event of default by the contractor, the Commonwealth may pursue one or more of the following remedies.
  - a. If the payments under the field purchase order have been assigned to an Initial Assignee, the Commonwealth shall continue to make rent payments for those units of equipment which have been delivered for which acceptance certificates have been received, and cancel its order without liability for payment for those units which have not been delivered and for which acceptance certificates have not been received. The amount of the rent payments shown in the payment schedule will be recalculated, however, to take into consideration and pay for the actual number of units which were delivered and for which acceptance certificates have been received. If no acceptable units of equipment have been delivered and accepted, the Commonwealth agency may terminate the field purchase order without liability to make any payments.
  - b. If the payments under this agreement have not been assigned to an Initial Assignee, the Commonwealth agency may setoff or counterclaim against its obligation to make the payments any and all damages incurred by the Commonwealth as a result of the contractor's default.

VI. Installment Purchase Terms and Conditions. The following terms and conditions shall apply if the ordering Commonwealth agency selects a Sixty (60) month Installment Purchase or a Forty-eight (48) month Installment Purchase:

- A. Title and Security Interest. Title to the equipment passes to the Commonwealth at the time and place of delivery to the Commonwealth of each unit of equipment. the contractor or its duly authorized assignee shall have a purchase money security interest in the equipment, its substitutions, replacements, accessions and modifications, until payment of all installments as set forth in the payment schedule are made. Upon payment of the final installment, or any concluding payment option, the contractor or his duly authorized assignee shall have no further interest in the equipment. The equipment shall remain personal property and shall not become a fixture or affixed to real property. At the request of the contractor or Initial assignee (if applicable) the Commonwealth will join the contractor or Initial Assignee in executing one or more financing statements, pursuant to the Uniform Commercial Code or other registration law applicable to the location of the equipment. the contractor or Initial Assignee (if applicable) will pay the cost of filing the financing statement(s) in all public offices wherever filing is deemed by

the contractor or Initial Assignee to be necessary or desirable. The Commonwealth will keep the equipment free and clear of all encumbrances except the contractor's or any assignee's security interest.

B. Assumption of Risks.

1. The Commonwealth agency shall, after acceptance of the equipment, assume and bear the risk of loss, damage, or theft of the equipment all components parts thereof caused by Act of God and its own employees, agents, or others except the contractor or (if applicable) Initial Assignee. No such loss or damage to the equipment shall impair any obligation of the Commonwealth agency, which shall continue in full force and effect except as hereinafter provided. In the event that all or part of the equipment shall, as a result of the above-mentioned causes, become lost, stolen, destroyed, or rendered irreparably unusable or damaged, as reasonably determined by the Commonwealth agency, then the Commonwealth agency shall provide the contractor or (if applicable) Initial Assignee with written notice in regard thereto and, at its option, either (a) replace the equipment with like equipment, or (b) pay pro rata to the contractor or (if applicable) Initial Assignee all payments then currently due in the amount indicated in payment schedule plus the pro rata principal portion of remaining installments. The pro rata principal portion of remaining installment payments is that percentage of the principal portion of remaining installment payments as of the date of payment that the cost of the units of the equipment lost, stolen, destroyed, or rendered irreparably unusable or damaged bears to the total cost of the equipment determined by the amounts set forth in the field purchase order.

2. The Commonwealth assumes all risks and liabilities for injury to or death of any person or damage to any property, in any manner arising out of possession, use, operation, condition, or storage of any piece of equipment or Financed Item by the Commonwealth agency whether such injury or death be with respect to agents or employees of the Commonwealth or of third parties, and whether such property damage be to the Commonwealth's property or the property of others; provided, however, that said damage or injury results from the negligence of Commonwealth, its agents or employees, and provided that judgment has been obtained against the Commonwealth. This provision shall not be construed to limit the sovereign immunity of the Commonwealth, the Department of General Services or any Commonwealth agency.

C. Insurance. The Commonwealth shall, during the term of the Installment Purchase, self-insure with respect to the risks which it has assumed under Paragraph B above including risks of damage or destruction to the equipment caused by fire, boiler explosion, flood and flood-related hazards, or any other natural disasters and risks of public liability and damage under Act 142 of October 5, 1980, P.L. 693, 42 Pa. C.S.A. Section 8522.

- D. Assignment. The Commonwealth shall not assign any Installment Purchase hereunder or any interest therein without the prior written consent of the contractor or its assignee. the contractor may assign the field purchase order and the Installment Purchase and/or transfer security interests in the equipment to an Initial Assignee and such Initial Assignee may further assign an Installment Purchase and/or grant a security interest therein to a subsequent assignee without the consent of the Commonwealth. Any other assignment by the contractor shall require the prior written consent of the Commonwealth. Upon notice to the ordering Commonwealth agency, the contractor may assign installment payments under the Installment Purchase to a third party.
- E. Early Payment Option. The Commonwealth agency shall have the right, during the term of the Installment Purchase, to exercise its option to purchase the equipment "as is with no additional warranty" early upon payment of an amount equal to the concluding payment option as of such date as set forth on the payment schedule and upon the giving of notice to the contractor or Initial Assignee (if applicable) of such intention of the Commonwealth at least thirty (30) days prior to the date upon which such right will be exercised. After all payments have been made pursuant to the payment schedule including any concluding payment option, the contractor or its assignees shall have no further interest in and to the equipment.
- F. Default.
1. If the Commonwealth (1) does not pay an installment payment within thirty (30) days after the due date and such non-payment continues for fifteen (15) days after receipt of written notice from the contractor or Initial Assignee (if applicable) that the Commonwealth Agency is delinquent in payment of any installment; (2) breaches any other provision under these Terms and Conditions and such breach continues for fifteen (15) days after receipt of written notice thereof from the contractor or Initial Assignee (is applicable); or (3) files any petition or proceeding (or has a petition or proceeding filed against it) under any bankruptcy, insolvency or similar law, the contractor or its assignee may pursue and enforce one of the following remedies:
    - a. Terminate the applicable field purchase order and take possession of any or all items of equipment without any court order or other process of law and for such purpose, the contractor or its assignee may enter upon the premises where the equipment may be and may remove the same therefrom upon written notice of its intention to do same, without being liable to any suit or action or other proceeding by the Commonwealth. the contractor or its assignee may, at its option, sell the equipment at public or private sale for cash or credit and may become the purchaser at such sale. The Commonwealth agency shall be liable for all accrue and unpaid installments, if any, the

expense of retaking possession and the removal of the equipment, in addition to the balance of the payments provided for herein, less the net proceeds of the sale at a fair market value of the equipment after deducting all costs of taking, storage, repair, and sale. When the equipment is returned to the contractor or its assignee, it shall include only those items that were originally purchased as per the contract specifications.

b. Recover from the Commonwealth agency all installment payments then due and all remaining installment payments due under the field purchase order.

2. In the event of default by the contractor, the Commonwealth may pursue one or more of the following remedies.

a. If the installment payments under the field purchase order have been assigned to an Initial Assignee, the Commonwealth shall continue to make installment payments for those units of equipment which have been delivered for which acceptance certificates have been received, and cancel its order without liability for payment for those units which have not been delivered and for which acceptance certificates have not been received. The amount of the installment payments shown in the payment schedule will be recalculated, however, to take into consideration and pay for the actual number of units which were delivered and for which acceptance certificates have been received. If no acceptable units of equipment have been delivered and accepted, the Commonwealth agency may terminate the field purchase order without liability to make any payments.

b. If the payments under this agreement have not been assigned to an Initial Assignee, the Commonwealth agency may setoff or counterclaim against its obligation to make the payments any and all damages incurred by the Commonwealth as a result of the contractor's default.

VII. Compliance with Internal Revenue Code. the contractor or its assignee must, if it intends to provide tax exempt financing, file, in timely fashion, any reports that must be filed with the Internal Revenue Service with respect to the order under Section 148 or 149 of the Internal Revenue Code (IRC). The Commonwealth shall cooperate with the contractor or its assignee in the preparation and execution of these documents. The Commonwealth shall also keep a copy of each notification of assignment with the Commonwealth's counterpart of the order and shall not, during the term of the Installment Purchase or Lease, permit the equipment to be directly or indirectly used for a private business use within the meaning of Section 141 of the IRC. The Commonwealth represents that it and each ordering Commonwealth Agency that enters into a Lease or Installment Purchase hereunder qualifies as a State or political subdivision of a State for the purpose of Section 103(a) of the IRC. If (a) the Internal Revenue Service rules that the Commonwealth or any ordering Commonwealth Agency does not so qualify under Section 103(a) of the IRC, or (b) the Commonwealth fails to cooperate with the contractor or Initial Assignee in the preparation and execution of any reports required under Section 148 or 149 of the IRC (including 8038G and 8038GC forms), the Commonwealth will pay the contractor or Initial Assignee (if applicable) upon demand, a sum to be determined by the contractor or Initial Assignee sufficient to return the contractor or Initial Assignee (if applicable) to the economic results it would otherwise have received.

- VIII. Other Documents. Upon request from the contractor or Initial Assignee the Commonwealth will sign properly completed UCC-1 Forms, 8038G or 8038GC Forms, if applicable, and opinions of counsel (in the form attached hereto as Exhibit C). the contractor or Initial Assignee shall be responsible for completing these forms and filing them with the appropriate offices/parties.
- IX. Use and Location of Equipment and Alterations. The Commonwealth agency shall keep the equipment under a Lease or an Installment Purchase within the confines of the Commonwealth of Pennsylvania. The Commonwealth agency will inform the contractor or the Initial Assignee of the location of the equipment upon request. The Commonwealth agency, at its own cost and expense, shall maintain the equipment in good operating condition and will not use or deal with the equipment in any manner which is inconsistent with the terms of the Contract or any applicable laws and regulations. The equipment will not be misused, abused, wasted or allowed to deteriorate except for ordinary wear and tear resulting from its intended use. No alterations, changes, or modifications to the equipment shall be made without the approval of the contractor or Initial Assignee (if applicable).
- X. Warranty Disclaimer. IN THE EVENT CONTRACTOR ASSIGNS A LEASE OR INSTALLMENT PURCHASE HEREUNDER TO AN INITIAL ASSIGNEE, SUCH INITIAL ASSIGNEE AND ANY SUBSEQUENT ASSIGNEE MAKE NO WARRANTY (OTHER THAN, IN THE CASE OF A LEASE, A WARRANTY OF QUIET ENJOYMENT OF THE EQUIPMENT), EXPRESS OR IMPLIED, AS TO ANY MATTER WHATSOEVER, INCLUDING BUT NOT LIMITED TO, THE IMPLIED WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. AS TO THE INITIAL ASSIGNEE AND ANY SUBSEQUENT ASSIGNEE, THE COMMONWEALTH TAKES THE EQUIPMENT AND ANY FINANCED ITEMS "AS IS." IN NO EVENT SHALL THE INITIAL ASSIGNEE OR ANY SUBSEQUENT ASSIGNEE HAVE ANY LIABILITY FOR, NOR SHALL THE COMMONWEALTH HAVE ANY REMEDY AGAINST THE INITIAL ASSIGNEE OR ANY SUBSEQUENT ASSIGNEE FOR, CONSEQUENTIAL DAMAGES, ANY LOSS OF SAVINGS OR LOSS OF USE.
- XI. Governing Law: Severability. All Leases and Installment Purchases hereunder shall be governed by and construed in accordance with the laws of the Commonwealth of Pennsylvania, however the parties agree that Article 2A of the Uniform Commercial Code shall not apply or govern transactions under these Terms and Conditions. ### Laser Direct™ Universal Fountain Solution

Fountain solution formulated for use with polyester laser plates is also compatible with silver-based and metal plates, which makes it an ideal multi-purpose fountain solution. It should always be diluted (32:1, water to solution) when wetting and running laser plates.

LASER-54103	Gallons - full case	4	Case	39	\$164.57	\$118.49
LASER-54103-B	Gallon - broken case	n/a	Gallon	10	\$49.38	\$35.55

### Laser Direct™ Plate Cleaner

This cleaner is specially formulated for polyester laser plates and is uniquely suited for cleaning plate surfaces and removing toner scatter that can cause tinting on press. Using Laser Direct™ Plate Cleaner is an easy, economical, and efficient way to get the best reproduction from dry toner imaged laser plates. Use full-strength with a soft, low-linting cotton pad or sponge.

### RCL - Reactive Cross Linking Fountain Solution

GATF award winning one step fountain solution dramatically decreases the time needed for ink to setup and dry. RCL does not require alcohol or other additives. U.V. and IR dryers increase RCL's effectiveness but are not necessary.

RCL-503	Gallon	n/a	Each	9	\$59.98	\$43.19
RCL-506	5 Gallon	n/a	Each	45	\$299.89	\$215.92

### Total Release Compound (TRC)

Unique ink additive improves the transfer of ink from the printing blanket to the press sheet, which results in more consistent solids with reduced voids, shading, and ghosting. TRC also reduces ink tack without affecting ink body or the ink's open time. TRC can be used with oil, soy, rubber, acrylic, laser/thermal, U.V., or metallic inks and in overprint varnish.
