SPECIAL CONTRACT TERMS AND CONDITIONS

CONTRACT SCOPE/OVERVIEW: This Contract No. CN00009488 (9985-04) (identified here and in the other documents as the "Contract") will cover the requirements of executive agencies of the Commonwealth of Pennsylvania for state-wide Mailroom Equipment Maintenance and Repair services for the following equipment: Mailing Machines; Sorters; Folders; Label Affixers; Scales; Letter Openers and all other manufacturers equipment used in a mailroom setting.

ORDER OF PRECEDENCE: These Special Contract Terms and Conditions supplement the Standard Contract Terms and Conditions For Statewide Contracts for Supplies. To the extent that these Special Contract Terms and Conditions conflict with the Standard Contract Terms and Conditions For Statewide Contracts for Supplies, these Special Contract Terms and Conditions shall prevail.

TERM OF CONTRACT: The Contract shall commence on **September 29, 2004** and expire on **September 30, 2007**.

OPTION TO RENEW: The contract or any part of the contract may be renewed for two (2) additional one (1) year terms by mutual agreement between the Commonwealth and the Contractor. If the contract is renewed, the same terms and conditions shall apply. Should the Commonwealth decide not to renew the contract for any optional renewal period, the Department of General Services shall notify the contractor of such non-renewal.

OPTION TO EXTEND: The Department of General Services reserves the right, upon notice to the Contractor, to extend the Contract or any part of the Contract for up to three (3) months upon the same terms and conditions. This will be utilized to prevent a lapse in Contract coverage and only for the time necessary, up to three (3) months, to enter into a new contract.

OPTION FOR SEPARATE COMPETITIVE BIDDING PROCEDURE: The Department of General Services reserves the right to purchase supplies covered under this Contract through a separate competitive bidding procedure, whenever the department deems it to be in the best interest of the Commonwealth. The right will generally be exercised only when a specific need for a large quantity of the supply exists or the price offered is significantly lower than the Contract price.

MAINTENANCE AND REPAIRS OF EQUIPMENT:

Each awarded bidder shall offer full service maintenance and repairs to cover all of the specified manufacturer's equipment owned by the agency. Full service maintenance shall include replacement of all parts and furnishing all labor for maintenance necessary to keep the equipment in good operating condition.

All replacement parts, shall be covered by the Contract. Replacement parts will be furnished on an exchange basis. Genuine manufacturer's replacement parts shall be used exclusively, unless a letter of exception is approved by the manufacturer and the agency contact person. All parts removed due to replacement become the property of the Contractor.

A schedule for preventative maintenance for the specific equipment requirements shall be developed by the Contractor and the contact person for the using agency identified on the purchase order.

The Contractor shall have full and free access to the machines to perform service. The Contract does not cover repairs required by neglect, misuse, abuse, or vandalism. In order to ensure parts are available for needed repairs/service, the Contractors may confer with Commonwealth agency contact persons.

If an agency elects to procure maintenance for agency-owned equipment, the vendor should be permitted to inspect the equipment prior to providing maintenance service and to provide the agency with a price to repair/refurbish the equipment or replace parts so that the equipment is operating properly. If the agency declines to have the vendor perform the repair/refurbishment/replacement at the quoted price, the vendor may decline to provide the ordered maintenance service.

MANUFACTURERS LIST PRICE: Price percentages bid shall be firm through the initial three year (3) contract period and any extension, or renewal thereof.

Any terms and conditions that may appear on the price lists/catalogs, including but not limited to, FOB Shipping Point; Prices Subject to Change; and any additional items will not be a part of the Contract and will have no force or effect on the contract. Within ten (10) days after a request from a Commonwealth agency, a Contractor shall furnish the requesting agency with a copy of the price list for the referenced manufacturer's equipment. Contractors may not publish any price list for use by Commonwealth agencies with alternate pricing, additional terms and conditions and additional items.

UPDATE OPTION: The awarded vendor may update the contract price lists/catalogs four (4) times during the contract period to reflect service charges for new manufacturer models, prices for newly-developed parts, price changes and deletion of discontinued products. The first update is allowed after the contract has been in effect for three months. The contractors are required to provide the Department of General Services with current price lists/catalogs. **Individual letters to add or delete products will not be accepted.** If contractor adds parts, those parts must be current in the price lists/catalogs or the purchase orders will be rejected. In the event the contract is renewed for another year, four (4) more updates will be allowed.

E-CATALOG: The Commonwealth may require the awarded bidder(s) to supply its price list/catalog and any updated price lists/catalogs in electronic format. Price lists/catalogs must be provided in one of the following formats: Word document, Excel spreadsheet, or PDF file on "read only" 3.5 inch diskette, "read only compact disk, or e-mail.

BILLINGS: All billings and invoices for equipment maintenance & repairs are the sole responsibility of the contractor. Contractor information on the invoices must match the vendor information on the Purchase Order.
