HOTTER, FASTER, DELICIOUS.

THE ENDERS TURBO BURNER

The TURBO ZONE allows you to grill using infrared heat like a true professional. Top temperatures of over 400°C on the grill help you achieve just the right barbecue aromas and flavour for a great steak.

**TURBO
ZONE**®

- Freely adjustable – from zero to maximum temperature in seconds
- Simply turn the red knob, and the TURBO ZONE™ delivers max performance right away
- Clearly recognisable by the visible red glowing stainless steel mesh of the flame tamer
- Hot frying at maximum temperature produces delicious smoky flavours on the meat
- The maximum temperature setting releases the rich, smoky notes of roast meat while preserving the tenderness and full-bodied flavour of the steak

**300°C
IN THE COOKING
CHAMBER**

**400°C
ON THE GRILL**

**800°C
TURBO ZONE™**

TURBO CONTROL

BBQ TECHNOLOGIES

TEMPERATURE CONTROL

HEAT RANGE
BRENNERSYSTEM

Remember the days when many years of barbecuing experience just about taught you to produce an okay piece of meat? Nowadays, Enders HEAT RANGE technology and its professional heat control and distribution features guarantee an all-round successful BBQ experience. From the stainless steel burner to the flame tamer, all components of the barbecue set are perfectly matched. This provides you with the necessary temperature control across the entire temperature range. You get to cook your food at a consistently low temperature of 80°C or turn the heat on the grill up to 400°C to sear your steak to perfection.

- Constant temperatures from 80°C to 300°C in the cooking chamber, up to 400°C on the grate
- Reaches the maximum temperature considerably faster
- Even distribution of heat across the entire barbecue surface including the front section
- The new flame tamers minimise flare-ups
- The KANSAS PRO, MONROE PRO and BOSTON BLACK ranges are all equipped with our HEAT RANGE technology

Grill using the precision temperature control from 80°C to 400°C.

EFFORTLESS CLEANING

With Enders' innovative, fast and easy cleaning system – you can clean your barbecue with a few simple moves:

- The entire combustion chamber and the fat trays have smooth surfaces without any angles and can be removed manually without tools
- All components are made of stainless steel and are dishwasher-proof or are easy to clean by hand
- Tedious cleaning of the hard-to-reach corners in your gas barbecue is now a thing of the past
- The KANSAS PRO and MONROE PRO ranges are equipped with the SIMPLE CLEAN system

KANSAS PRO

THE UNBRIDLED JOY OF A GOOD BARBECUE

Welcome to our premium range: The KANSAS PRO range seriously turns up the heat. Its HEAT RANGE™ stainless steel burner architecture ensures that the heat is distributed evenly throughout the barbecue right up to the edges, so your food can cook at a steady low or high temperature of 80–300°C in the cooking chamber. And there is a lot more to our KANSAS PRO gas barbecue range: Underneath the sturdy lid, the SWITCH GRID™ grate system lets you pick your preferred cooking method for your barbecue creations. Once you are done with the Enders TURBO ZONE™, the SIMPLE CLEAN™ system allows you to clean your barbecue effortlessly and in no time at all.

MONROE PRO

READY FOR ALL BARBECUE ADVENTURES

If you love a good barbecue, you can't go wrong with a MONROE PRO series model. Everything about these gas barbecues is well designed and optimised down to the smallest detail. The end caps of the Lids are made from solid cast aluminium for perfect stability and a long service life. Its combustion chambers are made from cast aluminium and highly resilient stainless steel. With the TURBO ZONE™ function, you'll be an instant master at the ultimate barbecue challenge of grilling steaks to perfection. The HEAT RANGE™ burner system can maintain any set temperature, from slow-cooking to searing heat. And there's more: our extensive range of accessories caters to any need. Cleaning? You can leave that to the pros too. The SIMPLE CLEAN™ system lets you clean your MONROE PRO effortlessly. A superstar among barbecues.

CHICAGO

ALL THERE, ALL IN, EVERYTHING UNDER CONTROL.

Don't worry – you won't need a barbecue course to be make the most of this all-rounder. But terms like TURBO ZONE™ and SWITCH GRID™ will burn deep into your memory the first time your food touches the cast-iron grill surface of the CHICAGO 3 R TURBO. Thanks to TURBO ZONE™, you'll reach maximum temperatures on the grill and your steak will be heated up perfectly in no time at all. And the SWITCH GRID™ keeps you in control: with options like a sear grate, pizza stone, pan, chicken roaster or Dutch oven, you're ready for even the most complex tasks.

BROOKLYN NEXT

THE URBAN-GARDENING BARBECUE

Our BROOKLYN NEXT range will turn your balcony into a barbecue hotspot. With either two or three stainless steel burners, it offers unbridled barbecue power and a compact design. Combine it with high-quality accessories, like the SWITCH GRID™ with various inserts, the stainless steel Grill pan or the skewers, and the whole city will look up to your balcony in admiration. Not least because of the brilliant design of our BROOKLYN NEXT.

SAN DIEGO

MAJOR BARBECUE FUN — EVEN IN SMALL SPACES

Are you barbecuing on a small patio, a tiny balcony or just for two people? Our entry-level SAN DIEGO barbecues feature spacious grilling and storage surfaces without taking up a lot of space. Their sturdy frames come with a large shelf for plates and food and two additional shelves on the sides to store spices, sauces and everything else you want to keep within reach. A stainless steel warming grate opens and closes along with the lid and keeps your food hot at all times. The grill grate itself is made from stainless steel and is extremely easy to clean. And it looks good too! The matte black design of this stainless steel gas barbecue blends smoothly into any outdoor scenery.

URBAN

TRIPLE GENIUS: GRILLING, COOKING, BAKING

These models are created for urban spaces. The compact barbecues combine more than just their three functions of grilling, cooking and baking. They also merge attractive designs with smart technology and can, for instance, be operated with a gas bottle or a threaded gas cartridge. Our tabletop barbecue can get any party started: regardless of whether it's on the balcony, on the patio, in the park. You choose. The Pro version additionally comes with a stable, durable and lightweight cast aluminium lid.

We also offer a trolley to go with our URBAN range – so you can take the party anywhere you want. The mobile base frame lets you move these gas barbecues around conveniently and safely. The frame even has space to store a 5 kg gas bottle. You can work your barbecuing magic at a comfortable working height of 86 cm. And thanks to the handy, side storage shelves, you have your hands free when it matters most.

MAGNETIC MOUNTS FOR BARBECUE ACCESSORIES

GRILL MAGS®

Sometimes you can get a bit hot under the collar when you're barbecuing. To prevent this from happening, Enders has a solution for you that's as exclusive as it is simple. Our GRILL MAGS® are practical holders that keep everything sorted and within easy reach, so you can keep everything in order. Thanks to their strong, silicone-coated magnets, you can quickly attach them to your barbecue and they don't damage the surfaces.

EXCLUSIVE DESIGN
covers up unattractive, dented gas bottles

ANTI-RUST SILICONE FEET
for flexible attachment to the edge of the gas cylinder, prevent rust marks on your patio

SOFT TOP MATERIAL
with drawstring to completely enclose the gas bottle

LONG-LASTING MATERIALS
water repellent, fireproof, UV protection

PREMIUM WEATHER COVERS

Enders PREMIUM weather protection covers provide lasting protection from all outdoor influences such as rain, sun, snow and dirt. They are made from a UV-resistant, special fibre that is fade-proof and does not tear. The breathable PU coating is water-proof but lets water vapour out to prevent condensation. Enders PREMIUM weather covers are lightweight, odourless and impress with their easy handling and clever details.

ECO BURNER TECHNOLOGY

MAXIMUM EFFICIENCY: STATUS GREEN!

Efficiency starts here! Enders patio heaters not only heat up the ambient air, but also deliver their heat directly to you and your friends by using infrared rays. But Enders wouldn't be a global pioneer in the development of efficient patio heaters if we left it at that: For example, we've managed to reduce gas consumption by up to 83% compared to a conventional 12 kW burner, while generating the same amount of heat.

Just imagine: 83% fewer emissions, 83% lower costs and 83% more enjoyment of the outdoors.

But see for yourself what's in it for you with our innovative technology solutions!

- 
83% SAVING in CO₂ emissions and costs*
- 
50% SAVING in CO₂ emissions and costs*
- 
30% SAVING in CO₂ emissions and costs*

*compared to standard 12 kW heaters

SUMMER WHEN—EVER YOU WANT

ENDERS ECO PATIO HEATERS

Just imagine: you're finally sitting together with your friends again. In the fresh air on the terrace or balcony, of course, and everyone's in a great mood. Who wants to let the weather throw a spanner in the works and sacrifice a beautiful evening to a low-pressure zone or a cold front? TIME for Enders ECO patio heaters. Why Enders? It's obvious! Because Enders patio heaters use intelligent technology to squeeze even more radiant heat out of every kilowatt. Because Enders delivers the heat just where you want it.

Enders NOVA® LED fireplaces also feature ECO GREEN technology in addition to their excellent design. The NOVA LED M with its burning time of 111 hours (8 kg gas cylinder) and the NOVA LED L with its impressive 152 hours (11 kg gas cylinder) are real energy savers.

NOVA® LED

YOU CAN'T HELP BUT STARE.

Fire captivates us. Our NOVA® range recaptures the spirit of fire and produces relaxing, fascinating flames for you to enjoy. The slender cases of the two fireplaces are available in black, brown, grey and taupe with matching gas cylinders and reflectors. A round red LED light emphasises the playfully flickering fire in the middle, while the base of the elegant pillar is illuminated by an indirect light. NOVA® is modern, aesthetically pleasing and so compact that you can set up the fireplaces virtually anywhere. The most beautiful fire you could light.

NOVA® LED M GREY/BLACK TOP FEATURES

THE MIRROR REFLECTOR AND FLAME
form a harmonious unit

THE FLAME HEIGHT IS
infinitely variable

FIREPROOF GLASS CYLINDER
protects the flames from wind

OPTIMALLY PROTECTED CONTROLS
within the casing

EASY TO MOVE
thanks to compact design

IGNITION SAFETY DEVICE AND TIP-OVER PROTECTION
for optimum safety

INFINITELY ADJUSTABLE ECO BURNER
(2.5 kW) for an extra-long burn time

LED MOOD LIGHTS IN THE UPPER PART
can be switched on and off independently

INDIRECT MOOD LIGHT IN THE BASE
can be switched on and off independently

MIRROR REFLECTOR WITH COLOUR-COORDINATED GLASS CYLINDER

SPACE FOR 5 AND 8 KG GAS BOTTLE

TABLETOP ELEMENTS (Set of 3)
available as accessories

PREMIUM weather cover	5678

Enders PREMIUM weather covers provide lasting protection against all outdoor influences such as rain, sun, snow and dirt. They are made from a UV-resistant, special fibre that is fade-proof and does not tear. The breathable PU coating is waterproof but lets water vapour out to prevent condensation.

ENDERS PREMIUM weather covers are lightweight, odourless and highly convenient to handle. They boast clever details, such as a wind-proof fastening mechanism using magnets that are integrated into the seam.

EXPLORER NEXT

GRILLING, COOKING AND BAKING... WHEREVER YOU WANT.

To make sure you don't get homesick for your barbecue when you're on the road, we've come up with the EXPLORER NEXT PRO. It impresses with its compact exterior and inspires with features such as the extremely stable leg construction, the stainless steel grate, the cast aluminium Lid and a useful shelf. So you'll have even more fun at the campsite or your next trip to the lake. And in addition to mobility, the EXPLORER NEXT PRO also focuses on flexibility. The grill grates above the practical gas hobs are individually removable. That way, even fillet steak and pea soup don't get in each other's way.

Puncture cartridge 190 g	6320
--------------------------	------

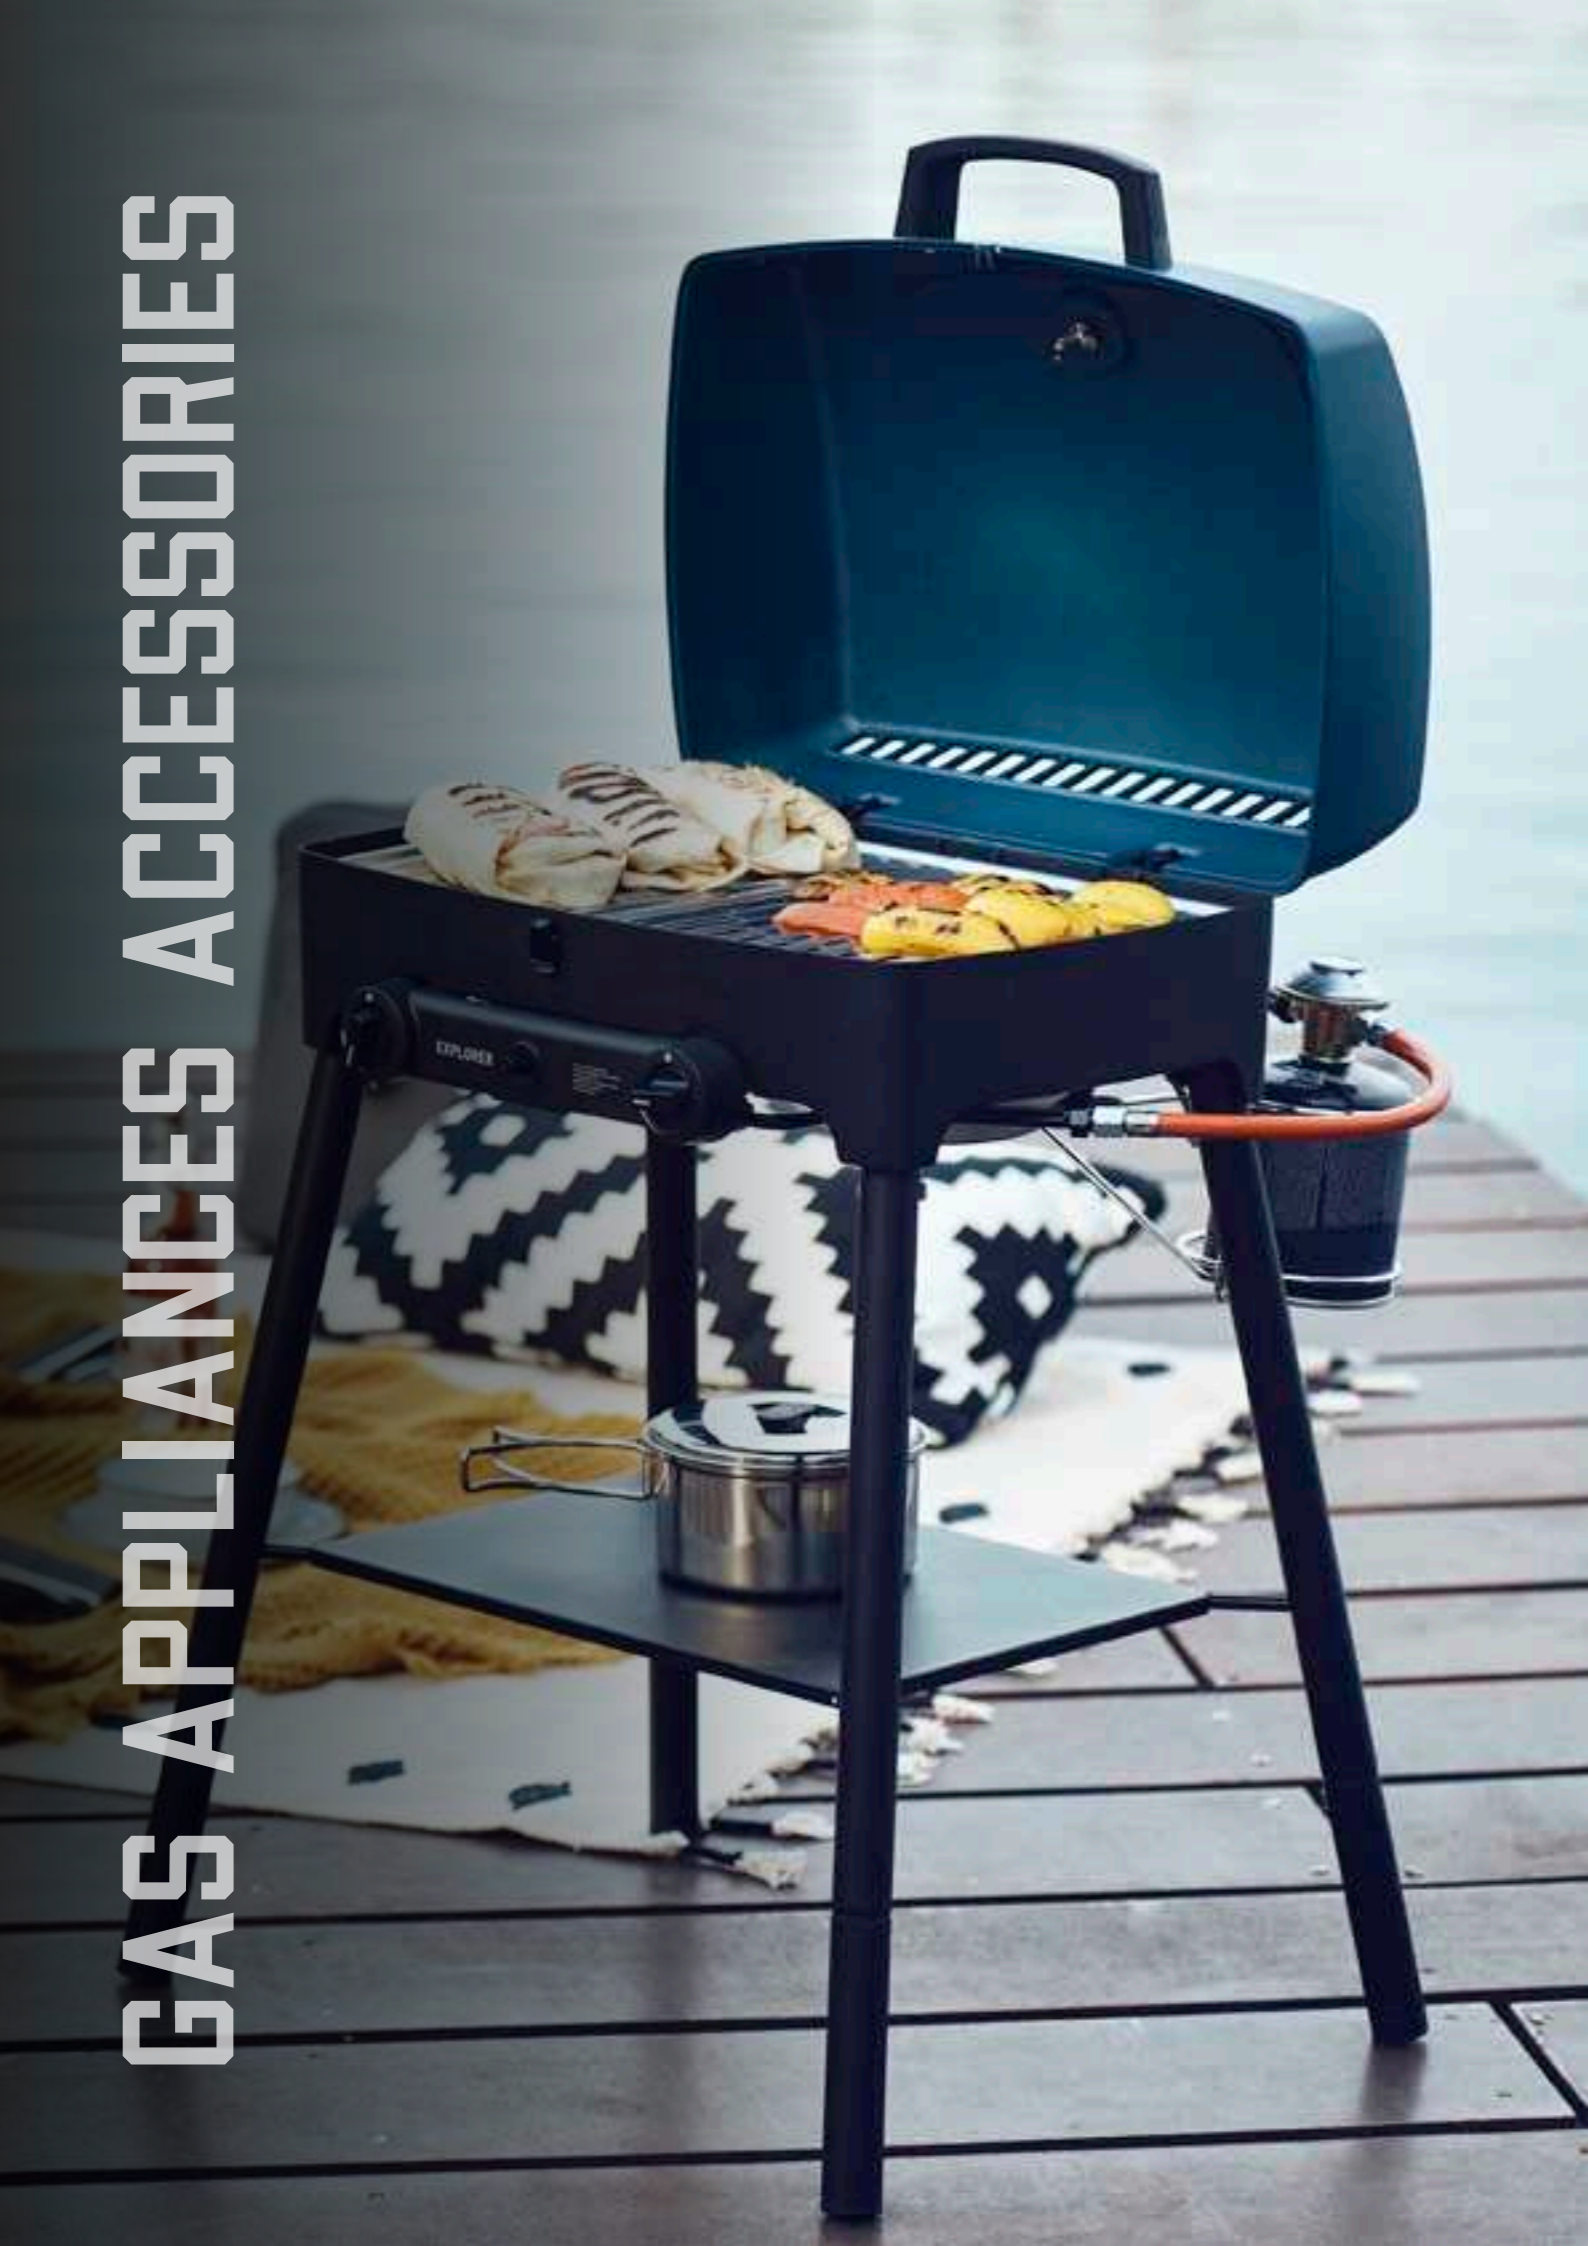

VALVE CARTRIDGE 227 G

ITEM NO. 1881

- Ideal for the NELSON gas cooker (item no. 1880)
- Butane
- Complies with the EN 417:2012 standard

PRODUCT OVERVIEW

GAS KIT SI, SK, CZ, RO

ITEM NO. 1201

Gas pressure regulator

- Output pressure: 29mbar
- Flow: 1.5kg/h

Gas hose

- Length: 80cm
- Inner Ø: 8mm
- Open on both sides with hose clamps
- Winterproof up to -20°C

GAS KIT HU

ITEM NO. 1202

Gas pressure regulator

- Output pressure: 29mbar
- Flow: 1.5kg/h

Gas hose

- Length: 80cm
- Inner Ø: 10mm
- Open on both sides with hose clamps
- Winterproof up to -20°C

GAS KIT PL

ITEM NO. 1203

Gas pressure regulator

- Output pressure: 37mbar
- Flow: 1.5kg/h

Gas hose

- Length: 80cm
- Inner Ø: 10mm
- Open on both sides with hose clamps
- Winterproof up to -20°C

GAS KIT SE

ITEM NO. 1204

Gas pressure regulator

- Output pressure: 29mbar
- Flow: 1.5kg/h

Gas hose

- Length: 80cm
- Inner Ø: 8mm
- Open on both sides with hose clamps
- Winterproof up to -20°C

GAS KIT CH

ITEM NO. 1205

Gas pressure regulator

- With integrated excess flow valve
- Output pressure: 29mbar
- Flow: 1.5kg/h

Gas hose

- Length: 80cm
- Inner Ø: 6.3mm
- Connection: G 1/4" on both sides
- Winterproof up to -20°C

GAS KIT ES, PT, DK, NO, FI

ITEM NO. 1206

Gas pressure regulator

- With integrated excess flow valve
- Output pressure: 29mbar
- Flow: 1.5kg/h

Gas hose

- Length: 80cm
- Inner Ø: 10mm
- Open on both sides with hose clamps
- Winterproof up to -20°C

CULINA

Our CULINA set of pans is made of sturdy, durable stainless steel. They're perfect for outdoor trips for up to three people. The set can be stored conveniently in its carrier bag.

PRODUCT OVERVIEW

CULINA

ITEM NO. 6832

- Stainless steel saucepan set
- Saucepan 1: Ø 18 cm, H 9 cm (approx. 1.5 litre) & lid
- Saucepan 2: Ø 16 cm, H 8 cm (approx. 1 litre) & lid
- Frying pan: Ø 17,5 cm, H 4 cm
- Includes a nylon carrier bag
- Weight: 1 kg

Handy bag for storing and transporting your pans

Stackable to save space

SHINE LED

ITEM NO. 6487

- Casing made of sturdy, impact-resistant plastic for excellent durability
- 24 white LEDs deliver high luminosity
- Foldable bracket for carrying the unit
- Including a hook for hanging the unit up
- Battery operated (batteries not supplied)
- Dimensions: 20 x Ø 9.5 cm
- Weight: 350 g

SOLAR SHOWER

ITEM NO. 7497

- Volume: 20 l
- Adjustable flow rate
- Sturdy fabric for a long service life
- Ideal for the campsite or garden
- The sun's rays heat the water
- 2 m cord for fastening
- Empty weight: 310 g

WATER CONTAINER

ITEM NO. 7452/7453

- Water container with drain valve and outlet pipe
- Integrated ventilation system in the drain valve and outlet pipe
- The outlet pipe is stored inside the container to prevent contamination and loss
- Food-safe
- A solid handle allows you to carry the unit easily
- Sturdy and impact-resistant
- Cap with a fastening strap to prevent loss
- Large base ensures great stability
- Stackable to save space
- 10 l canister: W 35.5 x D 16.5 x H 36.5 cm Weight: 610 g
- 20 l canister: W 39 x D 19 x H 50.5 cm Weight: 1 kg

FOLDABLE WATER CONTAINER

ITEM NO. 7599

- Volume: 15 l
- With drain valve
- Sturdy handle
- Food-safe
- Empty weight: 270 g

PRODUCT OVERVIEW

SUPREME

ITEM NO. 4999

- Comfortable seat height of 44 cm – just like home!
- Integrated toilet paper holder
- The toilet lid and seat can be removed without tools to clean and refill the water tank quickly and effortlessly
- Flush via piston pump
- Rapid separation of the flush water and wastewater tanks
- 1 ergonomic handle each on the flush water and wastewater tank
- Transport roller for easy transportation while the tank is full
- Fill level indicator on the wastewater tank
- Swivelling pipe to empty the wastewater tank without spillage
- With a ventilation button
- Especially smooth and hygienic surface

BE AT HOME WHEN YOU'RE ON THE ROAD

Most people who love travelling agree on one thing: they prefer using their own toilet to all others. The Enders SUPREME camping toilet lets you take that very special home comfort with you anywhere you go. With a comfortable seat height of around 44 cm, it is the same height as a conventional home toilet. It also comes with a pleasant and ergonomic seat and a convenient toilet roll holder on the outside. Thanks to its smooth surface, it is easy to keep clean. Maintenance is simple and requires no tools: Both the lid and seat are easily detachable, and the large water tank can be refilled effortlessly. It's going to be a great trip!

SUPREME

Item number	4999
Flush water tank	21 l
Wastewater tank	22 l
Load capacity	130 kg
Weight	4.7 kg
Dimensions (W x D x H)	38 x 44.5 x 44 cm

Comfortably shaped seat

Integrated toilet roll holder

Tool-free removal of lid and seat

Ergonomic handles

Fill level indicator

Swivelling drainage pipe

Ventilation button

DELUXE

ITEM NO. 4950

- Seat height: 35 cm
- The flush uses a piston pump
- Rapid separation of the flush water and wastewater tanks
- Ergonomic carrying handle for the wastewater tank
- Transport roller for easy transportation while the tank is full
- Fill level indicator on the wastewater tank
- Swivelling pipe to empty the wastewater tank without spillage
- With a ventilation button
- Especially smooth and hygienic surface

DELUXE STARTER SET

ITEM NO. 4940

Package contents:

- 1 x Mobile WC DELUXE
- 1 x ENSAN BLUE 250 ml
- 1 x ENSAN RINSE 250 ml
- 1 roll of soft toilet paper

DELUXE

Item number	4950
Flush water tank	15 l
Wastewater tank	17 l
Load capacity	130 kg
Weight	3.7 kg
Dimensions (W x D x H)	38 x 44.5 x 36.5 cm

COMFORT

ITEM NO. 49429

- Seat height: 32 cm
- The flush uses a piston pump
- Rapid separation of the flush water and wastewater tanks
- Ergonomic carrying handle for the wastewater tank
- Fill level indicator on the transparent screw plug of the wastewater tank
- Especially smooth and hygienic surface

COMFORT

Item number	49429
Flush water tank	15 l
Wastewater tank	14 l
Load capacity	130 kg
Weight	3.4 kg
Dimensions (W x D x H)	38 x 44.5 x 33.5 cm

GOOD FOR ME. GOOD FOR THE ENVIRONMENT.

The microbiological sanitary additives **ENSAN BLUE+** and **ENSAN RINSE+** effectively clean mobile toilet systems. They are environmentally friendly and sustainable, yet highly effective. As ecological, powerful alternatives to conventional cleaning chemicals, they take advantage of the natural recycling process. Microorganisms reliably prevent unpleasant odours, keep the camping toilet hygienic and efficiently break down organic waste and toilet paper. These sanitary additives are biodegradable, non-hazardous and compatible with sewage treatment plants. That's why **ENSAN BLUE+** has already been awarded the **Blauer Engel eco-label**. Not only that, **ENSAN BLUE+** is **twice as efficient** as conventional chemical additives for wastewater tanks.

PRODUCT OVERVIEW

MICROBIOLOGICAL SANITARY ADDITIVES

ENSAN BLUE+
1 L / 2.5 L

ITEM NO. 497698/497798

FOR THE WASTEWATER TANK

- Powerful sanitation using microorganisms
- Carries the BLAUER ENGEL eco label
- Easily biodegradable
- Non-hazardous and compatible with sewage treatment plants
- Promotes the decomposition of organic waste and toilet paper
- Keeps the wastewater tank hygienically clean
- Gives the air a pleasantly fresh scent
- For around 200 l of wastewater per 1 l of sanitary liquid
- For around 500 l of wastewater per 2.5 l of sanitary liquid

ENSANBLUE+ is twice as efficient as conventional sanitary additives for wastewater tanks.

ENSAN RINSE+
1 L

ITEM NO. 497898

FOR THE FLUSH WATER TANK

- Powerful sanitation using microorganisms
- Easily biodegradable
- Non-hazardous and compatible with sewage treatment plants
- Cleans the bowl and slide valve during flushing
- Removes deposits, prevents limescale and keeps the toilet clean and hygienic
- The water stays clean and fresh in temperatures of up to 40°C
- Gives the air a pleasantly fresh scent
- For around 200 l of fresh water per litre of sanitary liquid

PRODUCT OVERVIEW

CONVENTIONAL SANITARY ADDITIVES

ENSAN BLUE
2.5 L / 5 L

ITEM NO. 501798/501898

FOR THE WASTEWATER TANK

- Promotes the decomposition of organic waste and toilet paper
- Prevents unpleasant odours and reduces the build-up of gas
- For around 250 l of wastewater per 2.5 l of sanitary liquid
- For around 500 l of wastewater per 5 l of sanitary liquid

ENSAN GREEN
1 L

ITEM NO. 498098

FOR THE WASTEWATER TANK

- Promotes the decomposition of organic waste and toilet paper
- Prevents the build-up of unpleasant odours
- For around 130 l of wastewater per 1 l of sanitary liquid

ENSAN RINSE 1 L

ITEM NO. 498498

FOR THE FLUSH WATER TANK

- Cleans the bowl and slide valve every time you flush
- Removes phosphorus deposits, prevents limescale and ensures the flawless operation of the stop valve
- Protects all rubber seals and keeps the toilet hygienically clean
- Lasting and pleasantly fresh citrus scent
- For around 150 l of fresh water per litre of sanitary liquid

ENSAN TABS BLUE

ITEM NO. 501398

FOR THE WASTEWATER TANK

- Handy tabs – for simple, safe and exact dosage
- Promotes the decomposition of organic waste and toilet paper
- Prevents unpleasant odours and reduces the build-up of gas
- Essential oils produce a pleasant scent (pine)
- 15 tablets per tin

SOFT TOILET PAPER

ITEM NO. 5005

- Easily degradable, special toilet paper
- 4 rolls per bag (2-ply)
- Extremely soft and tear-resistant
- 300 sheets per roll
- 9 x 11.5 cm

VANCOUVER

The VANCOUVER Industry Pro box is our universal storage and transport container. It is extremely durable and has an unmatched stacking load and payload thanks to the excellent workmanship with which it is made. Sturdy, die-cast stacking edges and solid edge, base and lid profiles give this box its unparalleled stability. Its base has two corrugations for added structural integrity. With the hangtag, the boxes can be easily labelled and the contents of the boxes can be read from the outside.

PRODUCT OVERVIEW

VANCOUVER	S	M	L
Item number	1352	1351	1350
Volume l	123	170	236
Weight in kg	6.5	8.1	9.2
Material thickness in mm	1	1	1
External dimensions in cm	W 65.8 × D 44.5 × H 51	W 78.8 × D 58.5 × H 43.9	W 78.8 × D 58.5 × H 60

TOP FEATURES

ALL-ROUND RUBBER PROFILE protects from dust and splashes

STAINLESS STEEL HINGES AND PLASTIC-COATED, SPRING-LOADED HANDLES make the box easy to transport

STURDY INDUSTRY PRO BOX made of aluminium with a thickness of 1 mm

STURDY STACKING CORNERS MADE from cast aluminium

STAINLESS STEEL HANG TAG for labelling the box content

2 CORRUGATIONS for extra stability

STURDY, HINGED FASTENERS made of stainless steel

HIGH STABILITY thanks to solid lid, edge and base profiles

2 ROBUST LID STRAPS keep the lid open

TORONTO

Every aluminium box in the TORONTO range is made to the same high quality standards, regardless of its size or purpose. Thanks to the structural integrity and solid workmanship of these boxes, the TORONTO aluminium box is suitable for transporting practically anything. With the hangtag, the boxes can be easily labelled and the contents of the boxes can be read from the outside. Convenient, unbreakable plastic handles make the boxes easy to transport. Not only that, the boxes are stackable and attractively designed. Accessories such as castors and padlocks are also available.

TOP FEATURES

EXTREMELY STABLE FRAME for outstanding structural integrity

FOAM RUBBER SEAL IN THE LID to keep out dust and splashes

2 SIDE SAFETY HANDLES ensure ergonomic handling and high durability

SELF-RETAINING LID

FRONT PLASTIC HANDLE for use as an additional, suitcase-style handle

SEALABLE LEVER CLAMP LOCKS

PRODUCT OVERVIEW

ELECTRIC PATIO HEATERS & CAMPING STOVES

ELECTRIC PATIO HEATERS	BARCELONA	MARBELLA	MADEIRA	FLORENZ
Item number	4906	4925	4922	4923
Stock goods	•	•	•	•
Total output in kW	2.1	2	2	0.9
Heating element	Halogen	Halogen	Halogen	Carbon
Material	Stainless steel	Powder-coated steel	Aluminium	Plastic
Protection type	IP 44	IP 45	IP 65	IP 24
Remote control	-	•	•	-
LED lamp	-	•	-	-
Height-adjustable	•	•	-	-
Oscillation	-	-	-	•
Horizontal or vertical set-up	-	-	-	•
Dimensions in cm	H 210, Ø 60	H 10, Ø 45.5	W 63 x D 8 x H 10.5	H 77.5, Ø 32

LEGEND

ACRONYM	MEANING
I	with infrared back burner
IE	with infrared back burner and side cooker
K	with side cooker
KR	with side cooker and SWITCH GRID grate
S	with viewing window
SIK	with viewing window, infrared backburner and side cooker
Z	with ignition safety device

	TURBO ZONE A high-heat barbecuing zone for searing food.
	HEAT RANGE Precision cooking with a temperature control ranging from 80°C to 400°C.
	SWITCH GRID This smart grill grate system lets you choose the right option for any dish.
	SIMPLE CLEAN Effortlessly remove the individual components of your combustion chamber and clean them in the dishwasher.
	ECO ULTRA burner technology 83% lower CO ₂ emissions and costs than a conventional 12-kW burner.
	ECO Green burner technology 50% lower CO ₂ emissions and costs than a conventional 12-kW burner.
	ECO PLUS burner technology 30% lower CO ₂ emissions and costs than a conventional 12-kW burner.
	ENDUR reflection system Infrared heat is radiated highly efficiently over a large area.
	The Deutscher Verein des Gas- und Wasserfaches is an independent, neutral industry certification body within the European Single Market. All audits focus on technical, hygienic and environmental safety. They are based on the DVGW regulations and on nationally and internationally recognised guidelines, standards and certification programmes.
	The CE label certifies that the product meets the requirements of all EC guidelines that apply to it.

We reserve the right to make minor deviations from the text and illustrations in this catalogue for reasons of technical progress. The product weights listed are approximate. The publication of this catalogue invalidates all older editions.
