# POWER LINEUP

Achieve aluminum welding perfection with the new Aristo® MIG 4004i Pulse and AlcoTec® NT wire.

- Developed with the experts at AlcoTec
- 50 pre-programmed synergic lines specifically designed for aluminum
- Complete control with the ability to customize your own lines

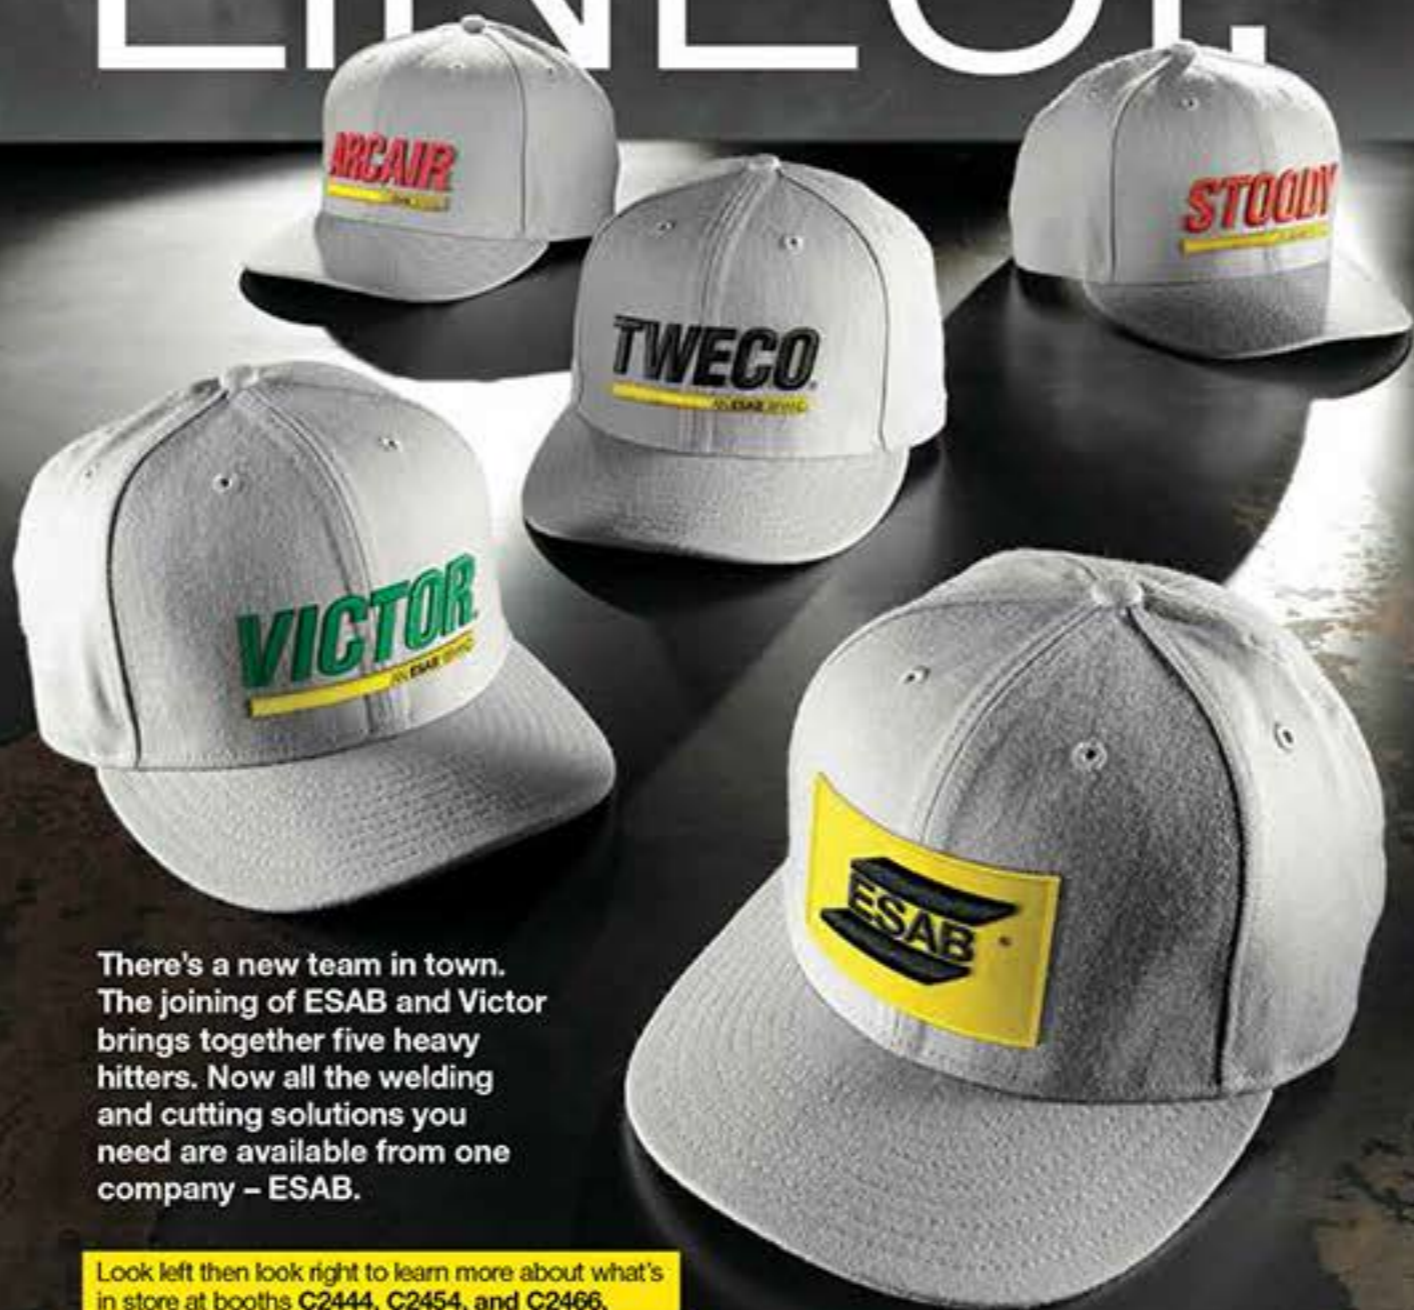

Enlist the WARRIOR™ Multi Voltage unit with the new Mobile Feed and WARRIOR Dual Feed.

- Versatile unit with 230V 3-phase or 460V 3-phase power
- Mobile Feed extends reach moves wire feeding farther away from the power source
- Dual Feed increases productivity through a dual-feed system for multiple processes

Get blown away by SGX – the latest small gantry cutting machine.

- Heavy steel beam, welded and machined construction, and linear rail ensure stability and accuracy
- Fully integrated Vison® T5 CNC has an easy-to-use touchscreen and built-in process database for simple plasma and oxy-fuel setup
- Small footprint requires minimal floor space
- Dual-side, high-speed AC drives and torch lifter deliver faster positioning for higher productivity for quicker cut-to-cut cycle times

There's a new team in town. The joining of ESAB and Victor brings together five heavy hitters. Now all the welding and cutting solutions you need are available from one company – ESAB.

Look left then look right to learn more about what's in store at booths C2444, C2454, and C2466.

The Tweco Spray Master™ meets its match with new, extended-life Velocity™ consumables.

- Velocity tip lasts longer and plays the dual role of tip and diffuser, allowing gas to flow through the tip and cool it by 30 percent
- Superior arc performance thanks to fewer electrical connections, better electrical contact, and a cooler tip
- Higher productivity with less downtime with fewer tip changes, less splatter, and less cleanup

Get ahead of the curve with the Swift Arc Side Load robotic welding cell with innovative, high-speed Tandem Swift Arc Transfer (SAT™).

- A cost-effective option for robotic welding of large heavy parts
- Tandem SAT translates into extreme deposition rates and great penetration in a single pass
- Tandem arc torch has an innovative design and top-notch cleaning system

Innovative Victor EDGE™ Series regulators offer unmatched safety and advanced performance.

- Protected by patented industry-leading SLAM technology, this is the only regulator that is built to withstand a fall and direct impact
- Patented high-contrast gauge face offers the greatest amount of contrast available to allow users to see needle positioning from a distance
- High-strength alloy bonnet offers three times the yield strength as brass for even greater safety assurance

**TRUMPF**

**THE  
POWER  
TO  
PERFORM**

Producing at peak performance takes power and TRUMPF power is legendary, consistently producing at a higher level than any other manufacturer. Our robust laser cutting machines, punching machines and press brakes perform at a level higher than the rest and are backed by the most comprehensive training, technical support and spare parts in the industry. Let TRUMPF provide you with the power to perform.

Stop by **Booth B1903** at FABTECH and witness the highest power, solid-state laser cutting machine in the industry.

# LASER TECHNOLOGY

1

## NEW ZETA-7 FIBER TECHNOLOGY

The OPTIPLEX Fiber incorporates new Zeta-7 features that automate and optimize the Fiber laser process. This ground-breaking technology incorporates a new Mazak-exclusive head design and integrates intelligent automation features with superior cutting speeds to deliver greater throughput.

2

## NEW NEXUS PERFORMANCE & VALUE

Introducing the OPTIPLEX NEXUS 3015 laser-cutting machine that delivers a cost effective solution that includes Mazak's cutting-edge Preview 3 control. This unique laser is available in a two pallet design and can be utilized with Mazak's extensive range of automation solutions.

3

## NEW COMPACT AUTOMATION

Mazak will demonstrate a new vertical automation system on an OPTIPLEX 3015 Fiber laser-cutting machine. Mazak was the first company to patent a Flexible Manufacturing System for laser machines and leads the industry with a wide range of solutions. Over 700 Mazak laser machines are installed in automation systems in North America.

## HOW TO USE THE ON-SITE GUIDE & DIRECTORY

The show directory is divided into several tabbed sections to make it easy for you to find what you need while visiting FABTECH at the Georgia World Congress Center.

### GENERAL INFORMATION

Beginning on page 11, find information on attendee registration and event services such as baggage check, first aid, lost and found, hotel shuttle information and also schedules, descriptions and room locations for special events at this year's show.

### EDUCATIONAL PROGRAMS & PROFESSIONAL EVENTS

Starting on page 20, preview schedules, descriptions and room locations for the FABTECH Education Program including seminars, technical conferences, professional program and association events and meetings for the 2014 event.

### NEW PRODUCTS

The first tabbed section found on page 28, contains details about the new products and technologies introduced at the show. Take the opportunity to review the descriptions provided by the exhibitors prior to visiting their booth to see the products in action.

### EXHIBITOR LIST

The second tabbed section found on page 59, is an alphabetical listing of exhibitors who are showcasing their equipment. This includes important exhibitor contact information that can be used as a resource when you return to your office. Exhibitor List is current as of 9/29/14.

### PRODUCT CATEGORIES

The third tabbed section found on page 183, provides a list of exhibitors by specific technology or type of equipment displayed in their booths. Use this section as a quick index to compare equipment at the show.

### EXHIBIT FLOOR PLAN

The fourth and final tabbed section found between pages 278 and 279, is a visual representation of the exhibitor booth locations, including an alphabetical list of all exhibitors represented in the show. There are two maps, one for exhibitors located in Hall A and B, and one for exhibitors located in Hall C.

# FARLEY LASERLAB

The World's Specialist in Cutting and Welding Technology

Watch Drilling Demo  
at FABTECH

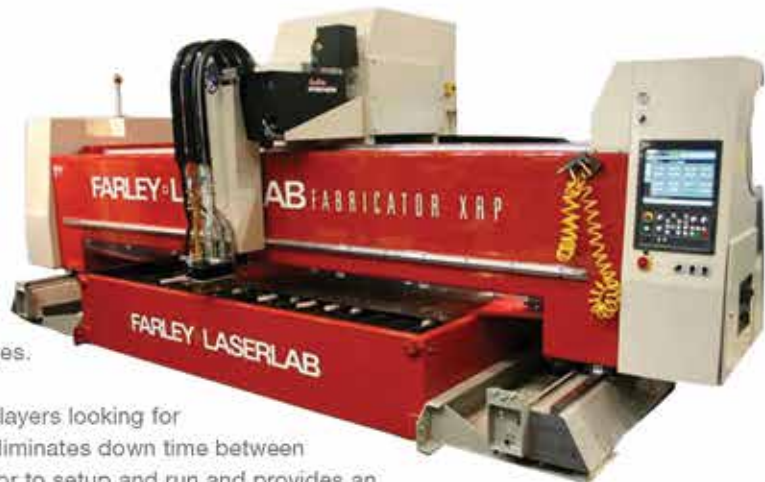

## Trident combines "Drilling and Cutting"

The newest in Farley Laserlab's combination drilling and cutting machine product line. With the addition of a machine tool spindle and eight (8) station tool changer to the already proven "Trident" the machine is more capable than ever. Combining the drilling and cutting processes allow for parts to be produced in a single setup, improving the quality of the finished parts and reducing the cost to manufacture. Farley Laserlab offers a full line of combination machines suited to OEMs, Bridge Builders, Structural, and Job Shops. The Trident is well suited for those customers who require precise holes, and cut profiles.

## XRP

The Fabricator XRP is a complete plate processing system with independent sub-axes drilling technology – designed to produce complex parts, to finished quality, straight off the table. It combines the very best cutting, marking and drilling technologies.

This flexible, user friendly, multi-carriage, multi-torch machine is for the big industry players looking for a fully automated, integrated system that eliminates down time between processes, is simple enough for one operator to setup and run and provides an impressive return on investment. With the Hypertherm HPR400XD HyDefinition plasma system and 5-axis bevel head, oxy-fuel and marking options, parts are cut to finished quality, eliminating the need for further processing – saving time and money.

## WELCOME TO FABTECH 2014!

On behalf of the Fabricators & Manufacturers Association, International®, SME, American Welding Society, Precision Metalforming Association and the Chemical Coaters Association International, welcome to North America's largest metal forming, fabricating, welding and finishing event.

**The future — your future — is on full display at FABTECH** in Atlanta. For the next three days, you have the opportunity to connect with over 1,400 exhibiting companies, preview over 500 new product introductions, network with more than 27,000 industry peers and discover the latest metal forming, fabricating, welding and finishing equipment and services throughout 550,000+ net square feet of floor space on display in Halls A, B and C of the Georgia World Congress Center.

The event provides a wealth of knowledge through the FABTECH Education Program. Each of the co-sponsoring organizations collaborate to provide over 100 educational sessions designed with the industry in mind and focus on key issues and trends impacting business today. Complimentary Special Events round out the show, with this year's lineup including daily Keynotes, a State of the Industry: Executive Outlook and an array of business sessions offering solutions to today's manufacturing challenges.

In addition, the show provides a number of valued added featured events to enhance your FABTECH experience including, the AWS U.S. Invitational Weld Trials, RUN4MFG 5K race, FABTECH Blues, Brews and BBQ tent, and networking opportunities at FABTECH Industry Night held at the new College Football Hall of Fame.

FABTECH is a proud supporter of the metal forming, fabricating, welding and finishing industries and strives to provide you the best show in the industry. Over the next three days, we hope you take the opportunity to experience all the innovation and cutting-edge education FABTECH offers. Thank you for attending FABTECH 2014, and enjoy the show.

Sincerely,

KASIM REED  
MAYOR

November 11, 2014

Greetings:

As Mayor of the City of Atlanta, it is my pleasure to extend a warm welcome to the attendees of *FABTECH 2014*.

*FABTECH 2014* will bring together thousands of attendees from across the globe to take part in the showcase of the latest technologies and products within the metal forming, fabricating, welding and finishing industry. Attendees of the convention will participate in the tradeshow, live demonstrations, and sessions discussing a wide range of industry-related topics. The *FABTECH 2014* features all of the cutting edge technology and products that are developed by the world's premier manufacturers within the respective industries.

While in our city, I encourage attendees to explore the many attractions Atlanta has to offer, including: the Dr. Martin L. King Jr. Center, the Georgia Aquarium, the World of Coca-Cola, CNN Center, Centennial Olympic Park, Woodruff Arts Center, Atlanta Botanical Garden, Children's Museum of Atlanta and many more. We invite you to share in our Southern hospitality, sample cuisine at our many fine restaurants and enjoy the rich and diverse heritage of our city.

On behalf of the people of Atlanta, I offer best wishes for a remarkable event and memorable visit.

Sincerely,

A handwritten signature in black ink, appearing to read "Kasim Reed".

Kasim Reed

STATE OF GEORGIA  
OFFICE OF THE GOVERNOR  
ATLANTA 30334-0900

Nathan Deal  
GOVERNOR

November 11, 2014

To: The Attendees of FABTECH 2014

GREETINGS:

I am pleased to extend my warmest regards to the attendees of FABTECH 2014. On behalf of the State of Georgia, I welcome you to our Capital city and the world's largest metal forming, fabricating, welding, and finishing event.

Please allow me to recognize your distinguished exhibitors, keynote speakers, industry professionals, and other attendees. Staying up-to-date on the latest industry trends and technology in metal forming, fabricating, welding, and finishing is vital to the long-term success of our nation's economy. I hope you take full advantage of this wonderful opportunity to gain access to over 1,400 world class companies, educational sessions, and expert-led presentations. Your efforts help maintain Georgia's ranking as the number one state in which to do business and promote a shared national interest in this important industry.

I commend the Atlanta Convention and Visitors Bureau for organizing FABTECH 2014 and send my best wishes for a successful and enjoyable event.

Sincerely,

A handwritten signature in black ink that reads "Nathan Deal".

Nathan Deal

## ABOUT THE SHOW

FABTECH is the largest metal forming, fabricating, welding, tube & pipe, and finishing event in North America. The event exists to bring buyers and sellers together in a convenient venue that facilitates business relationships, networking, education, and the buying process. This premier industry trade show and conference is cosponsored by the American Welding Society (AWS), the Fabricators and Manufacturers Association, International (FMA), SME, the Precision Metalforming Association (PMA) and the Chemical Coaters Association, International (CCAI).

### SHOW LOCATION

**Georgia World Congress Ctr.**  
285 Andrew Young  
International Blvd NW  
Atlanta, GA 30313  
gwcc.com

### SHOW HOURS

Tuesday, November 11 . . . . . 10:00 a.m. – 6:00 p.m.  
Wednesday, November 12 . . . . . 9:00 a.m. – 5:00 p.m.  
Thursday, November 13 . . . . . 9:00 a.m. – 4:00 p.m.

## SHOW REGISTRATION

On-site registration is located in Hall A/B registration lobby (fourth level) and Hall C lobby. Anyone who will be attending the exposition MUST register to receive a badge to be admitted to the show. Admission to the exposition is FREE for FMA, SME, AWS, PMA, and CCAI members and \$50 for non-members. Student admission is FREE for members and is \$5 for non-members. No one under the age of 16 will be admitted, and proof of age may be required.

### 2014 EVENT REGISTRATION HOURS

	Attendee Registration	Exhibitor Registration
Saturday, Nov. 8		9:00 a.m. – 3:00 p.m.
Sunday, Nov. 9		9:00 a.m. – 3:00 p.m.
Monday, Nov. 10		7:00 a.m. – 5:00 p.m.
Tuesday, Nov. 11	7:00 a.m. – 5:00 p.m.	7:00 a.m. – 5:00 p.m.
Wednesday, Nov. 12	7:00 a.m. – 4:00 p.m.	7:00 a.m. – 4:00 p.m.
Thursday, Nov. 13	7:00 a.m. – 3:00 p.m.	7:00 a.m. – 3:00 p.m.

# HOW TO LOCATE EXHIBITORS ON THE SHOW FLOOR

## Exhibitor Booths

The show encompasses Halls A, B and C at the Georgia World Congress Center. The exhibitor booths are arranged in five (5) technology areas. Overhead signs are displayed throughout the show floor to indicate each technology area, making it convenient for you to find and compare the products and services that you are interested in. In addition, the directory includes a floor plan which is color-coded by these technology areas:

	Forming & Fabricating
	Metal Forming, Tool/Die
	Finishing
	Tube & Pipe
	Welding

## New Products

Each year, hundreds of new products debut at FABTECH. You will find that each exhibitor with a new product on display is noted with a light bulb at their booth. In addition, you can look for this icon  in front of their name in the Exhibitor List section of this directory and on the exhibitor Floor Plan. You can also find new product information in the tabbed New Product section of this directory starting on page xx.

## Exhibitors by Product Listings

You can refer to the Product Categories tabbed section of the directory to find companies listed by the products and services they provide. Here you will find over 450 individual product categories with exhibitor name and booth number listed below each category.

## EVENT SERVICES

### ATMs

ATM's are located in Halls A, B and C.

### Badge Corrections

Anyone who will need changes to an exposition or conference badge can go to any registration location; Hall A/B registration lobby (fourth level) and Hall C lobby.

### Badge Pick Up

Pre-registered attendees can pick up their show badge at the "Already Registered" counter at any of the registration locations; Hall A/B registration lobby (fourth level) and Hall C lobby.

### Baggage Check/Coat Check

Permanently located near the event registration area in Hall C and the Hall A/B lobby near the bus drop-off/pick-up. There is a \$3.00 charge per piece.

### Hours of Operation

Tuesday, Nov. 11..... 7 a.m. - 6 p.m.  
 Wednesday, Nov. 12..... 7 a.m. - 5 p.m.  
 Thursday, Nov. 13..... 7 a.m. - 5 p.m.

### Business Center

Located at the entrance lobbies of Hall B and Hall C; open Monday - Friday; 8:00 a.m. - 5:00 p.m.

### Disability Services

If you require a motorized vehicle or scooter during FABTECH, call **Scotaround Mobility Solutions at 1-888-441-7575**.

### First Aid/Emergency

**Hall B** - Located in Building B, **Room B410**  
**Hall C** - Located in Building C lobby, Show Office C  
**From In-House** or Booth Telephone, Dial 4911  
**From outside**, Dial 404-223-4911

### Lost and Found/Security

Security is in **Room B411**, lost & found items may be turned in here or in the Show Office located in the B/C connector.

### Lost Badges

Lost exposition and conference badges can be reprinted at the designated registration areas.

### Media Center

The Media Center is located in **Room B310**.  
 Hours of operation:  
 Tuesday, Nov. 11..... 8 a.m. - 5 p.m.  
 Wednesday, Nov. 12..... 8 a.m. - 5 p.m.  
 Thursday, Nov. 13..... 8 a.m. - 3 p.m.

### VIP Lounge

The VIP lounge is located in **Room B401** on level 4. It is open to those individuals that have VIP status indicated on their badge.

### Hours of operation:

Tuesday, Nov. 11..... 9 a.m. - 6 p.m.  
 Wednesday, Nov. 12..... 9 a.m. - 5 p.m.  
 Thursday, Nov. 13..... 9 a.m. - 3 p.m.

### Wi-Fi

**BCCLD Networks** now provides wireless internet service in various public areas of the Georgia World Congress Center at no charge to the attendee. These spaces include the following locations:

- Building A lobby** (outside the Sydney Marcus Auditorium)
- The International lobby** (inclusive of Starbucks and the Business Lounge)
- The Building B entrance at the water feature.**
  - Thomas Murphy Ballroom Galleria
  - The Authority Boardroom and lobby area
  - Georgia Ballroom Galleria
  - Food World Restaurant
  - C Building Level 2 entrance
  - Building C entrance concourse
  - Building C Starbucks

## ON-SITE RESTAURANTS

### FABTECH RESTAURANTS

#### FABTECH Bistro

Hours of Operation

Tuesday, Nov. 11.....11 a.m. - 2:30 p.m.

Wednesday, Nov. 12...11 a.m. - 2:30 p.m.

Thursday, Nov. 13.....11 a.m. - 2:30 p.m.

Located in the former FOOD WORKS area in the Hall B lobby area on the 2nd level near Halls 3 / 4. The Bistro is reserved seating for individuals that have pre-paid in advance. Any on-site tickets can be ordered and picked up at the FABTECH Bistro Counter located in the A/B lobby registration area.

#### Blues, Brews and BBQ Tent

Tuesday, Nov. 11.....10:30 a.m. - 4 p.m.

Wednesday, Nov. 12.10:30 a.m. - 4 p.m.

Thursday, Nov. 13.....10:30 a.m. - 4 p.m.

Located in the outdoor connector between halls B & C. The Brews, Blues and BBQ Tent offers a variety of barbeque, food and beer options.

### GWCC RESTAURANTS

Hours of Operation

(unless otherwise noted)

Tuesday, Nov. 11.....7:30 a.m. - 6 p.m.

Wednesday, Nov. 12...7:30 a.m. - 5 p.m.

Thursday, Nov. 13.....7:30 a.m. - 4 p.m.

#### Building A

##### Food Court

##### Crave

##### Outtakes (Level A400)

Hours of Operation

Tuesday, Nov. 11.....8 a.m. - 5 p.m.

Wednesday, Nov. 12.....8 a.m. - 5 p.m.

Thursday, Nov. 13.....8 a.m. - 4 p.m.

#### Building B

##### Park Deli (Level 300)

##### Terraces (Main Lobby)

Hours of Operation

Tuesday, Nov. 11.....11 a.m. - 3 p.m.

Wednesday, Nov. 12.....11 a.m. - 3 p.m.

Thursday, Nov. 13.....11 a.m. - 3 p.m.

##### Outtakes (Level B400)

Hours of Operation

Tuesday, Nov. 11.....11 a.m. - 3 p.m.

Wednesday, Nov. 12.....11 a.m. - 3 p.m.

Thursday, Nov. 13.....11 a.m. - 3 p.m.

##### Cornucopia (Level B400, above B3 Hall)

##### Willow Garden Food Court (Level B200, above B4 Hall)

##### Burger! Burger! (Hall B2)

\* Please Note: An additional drop off will be made at Hall A & B from 7:00 a.m. to 9:30 a.m. for the Keynote Address, and then proceed to drop off at Hall C.

**AWS Annual Meeting & Professional Program** – Monday, November 10: Service will be provided only from the Hilton Atlanta to the GWCC, Hall C from 6:30 a.m. – 10:30 a.m., every 20-30 minutes. Return service will be provided back to the Hilton from the GWCC, Hall C from 12:00 p.m. – 6:30 p.m., every 20-30 minutes.

For hotel shuttle information or ADA transportation, please call 1-877-589-2671. Please request ADA service at least 20 minutes in advance of desired pickup time.

\*Please be advised that pickup times & locations listed above are subject to change.

Please consult the event web site at [fabtechexpo.com/accommodations](http://fabtechexpo.com/accommodations) or signage in your hotel lobby for up-to-date schedule and boarding point information.

## TRANSPORTATION

### Airport

#### Hartsfield-Jackson Atlanta International Airport

Phone: 1-800-897-1910

Web: [www.atlanta-airport.com](http://www.atlanta-airport.com)

### Bus & Rail Service

Atlanta's mass transit system provides a convenient ride for just \$2.50 each way. Fares, schedules and routes are subject to change. For customer information call (404) 848-5000 or visit [www.itsmarta.com](http://www.itsmarta.com).

**MARTA Train:** The Metropolitan Atlanta Rapid Transit Authority (MARTA) is Atlanta's public transportation system comprised of a bus and rail system that connects all parts of Atlanta.

MARTA buses operate weekdays from approximately 5 a.m. to 1:00 a.m. and until 12:30 a.m. weekends and holidays. You will need a Breeze Card to ride. Train Riders may purchase Breeze Cards at Breeze Vending Machines located inside all Rail Stations. Tap Breeze Card on the target on station entry gates to enter station.

**MARTA Buses:** MARTA buses operate weekdays from approximately 5:00 a.m. to 1:30 a.m. weekends and holidays. Bus Riders may drop exact cash (bills or coins) into the fare box near the driver. Or tap your Breeze Card on the target on the farebox.

### Taxi Cabs

Atlanta has more than 1,500 taxis available to take attendees to and from their hotel throughout Atlanta. With preset rates for trips to and from the airport and within Downtown and Midtown, taxis provide an economical mode of transportation.

#### Flat Rate Fees from/to the

**Airport:** Downtown - \$30.00, Midtown - \$32.00, there is a \$2.00 charge for each additional person.

#### Flat Rate Fees Within Downtown and Midtown:

Fares originating from a business and concluding at a business within the zone of Downtown or Midtown have a rate of \$8.00 for one person. There is a \$2.00 charge for each additional person.

### Parking at the GWCC

Standard daily rate for parking is \$10. During major events and game days, parking ranges from \$15 - \$50 on campus. All lots are gated and attendants are on duty during all show/event hours. The GWCC public safety force patrols the lots and decks ensuring the safety of you and your automobile.

#### RED DECK

Access to Hall A & B: Finishing, Forming & Fabricating, and METALFORM Pavilions.

#### YELLOW & GOLD LOT

Access to Hall C: Welding, Tube & Pipe Pavilions.

#### BLUE LOT

Access to Hall C: Welding, Tube & Pipe, and Thermal Spray Pavilions.

# GENERAL INFORMATION

## Solicitation Information

Unauthorized solicitation (suitcasing/outboarding) of or marketing to exhibiting companies is strictly prohibited. Selling activities and distribution of literature, samples and marketing materials are permitted only from within the booth space of officially contracted exhibitors.

## Photography/Filming Restrictions

No videotapes, motion picture film, or other type of cameras are allowed in the exposition area except those belonging to news media and technical press, or approved in advance by FABTECH Public Relations staff. Check-in is required at the Media Center, Room B310. The use of camera phones for the sole purpose of photography at the show is prohibited.

## EXHIBITOR ADVISORY COUNCIL

The FABTECH Exhibitor Advisory Council (EAC) was established to provide show management with industry input and feedback on tradeshow issues. The group meets annually during the show and communicates throughout the year. All exhibitors are encouraged to contact EAC members or show management with ideas, feedback, and concerns. The EAC is comprised of experienced personnel from exhibiting firms representing each of the five show technology areas.

## ABOUT THE SHOW SPONSORS

FABTECH is cosponsored by five leading industry associations; the American Welding Society (AWS), the Fabricators and Manufacturers Association, International® (FMA), SME, the Precision Metalforming Association (PMA) and the Chemical Coaters Association International (CCAI).

Based in Rockford, Ill., the Fabricators & Manufacturers Association

International is a professional organization reaching more than 135,000 industry professionals worldwide focused on improving the metal forming and fabricating industry. Founded in 1970, FMA brings metal fabricators and fabricating equipment manufacturers together through technology councils, educational programs, networking events, award-winning magazines and co-sponsorship of FABTECH. FMA has a technology affiliate, the Tube & Pipe Association, International (TPA), which focuses on the unique needs of companies engaged in tube and pipe producing and fabricating. Nuts, Bolts & Thingamajigs™ is the charitable foundation of FMA. Visit [www.fmanet.org](http://www.fmanet.org) for more information.

SME connects all those who are passionate about making things that improve our world. As a nonprofit organization, SME has served practitioners, companies, educators, government and communities across the manufacturing spectrum for more than 80 years. Through its strategic areas of events, media, membership, training and development, and the SME Education Foundation, SME shares knowledge to advance manufacturing. At SME, we are making the future. Together. To learn more, visit [www.sme.org](http://www.sme.org).

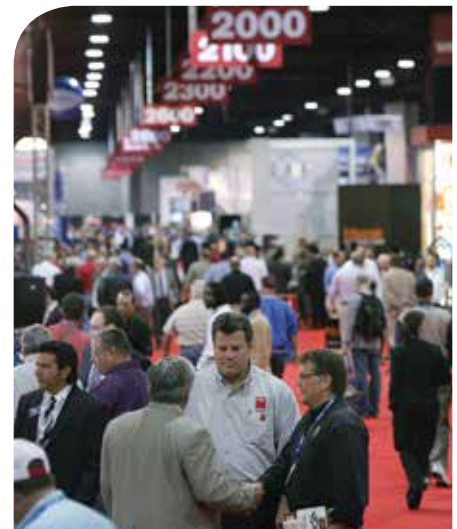

The American Welding Society (AWS) was founded in 1919 as a multifaceted, nonprofit organization with a mission to advance the science, technology and application of welding and allied joining and cutting processes, including brazing, soldering, and thermal spraying. Headquartered in Doral, Florida and led by a volunteer organization of officers and directors, AWS serves more than about 70,000 members worldwide and is composed of 22 Districts with 250 sections and student chapters. For more information, visit [www.aws.org](http://www.aws.org).

The Precision Metalforming Association is the full-service trade association representing the \$113-billion metalforming industry of North America—the industry that creates precision metal products using stamping, fabricating, spinning, slide forming and roll forming technologies, and other value-added processes. Its nearly 1,000 member companies also include suppliers of equipment, materials and services to the industry. PMA leads innovative member companies toward superior competitiveness and profitability through advocacy, networking, statistics, the PMA Educational Foundation, FABTECH and METALFORM tradeshow, and MetalForming magazine. Visit [www.pma.org](http://www.pma.org) to learn more.

The Chemical Coaters Association International is a technical and professional organization that provides information and training on surface coating technologies. CCAI's foundation is its series of active local chapters across the U.S. that conduct technical meetings on all aspects of organic finishing. Chapters serve as an excellent forum to discuss regional concerns while offering outstanding networking opportunities for finishers and suppliers. CCAI works to raise the standards of finishing operations through educational meetings and seminars, training manuals, certification programs, and outreach programs with colleges and universities. Visit CCAI at [www.ccaiweb.com](http://www.ccaiweb.com).

Membership information can be obtained in the booth of the sponsoring association, or by contacting the sponsoring association directly.

# SPECIAL EVENTS

FREE AND OPEN TO ALL ATTENDEES

**TUESDAY, NOVEMBER 11**

## Keynote Presentation

9:00 – 10:00 a.m.

**Location:** Thomas Murphy Ballroom, Building B Level 5

**Speaker:** Cindi Marsiglio, Vice President, U.S. Manufacturing, Walmart

### CREATING U.S. JOBS AND BRINGING MANUFACTURING HOME

Walmart has committed to spending \$250 billion dollars over the next decade on U.S. made products. This effort will create thousands of manufacturing jobs across the United States and will create new business for both existing and new Walmart suppliers. Walmart is currently working to engage hundreds of suppliers and manufacturers with specific states in an effort to overcome the complex challenges of bringing these valuable jobs back to the United States. This presentation will look at why this work is extremely important, both in terms of rebuilding the middle class, and providing customers with the best possible prices and quality.

### Bridging the Manufacturing Skills Gap with Veterans

12:30 – 1:30 p.m.

**Location:** Room C101, Building C Level 1

There is a high demand for people to fill skilled manufacturing jobs in the U.S. and companies are challenged to find the right candidates for their open positions. At the same time, thousands of veterans and National Guard members are exiting military service looking for civilian careers. This session will discuss the gap between available jobs and the highly skilled veterans with desirable leadership qualities seeking employment. Learn about the organizations and resources available to connect both sides and how veterans could be the key to bridging the skills gap.

**Moderator:** Dan Davis, FMA Editor-in-Chief, The FABRICATOR

- Panel:** Michael J. Aroney, Principal Consultant, Allied Reliability Group  
 Joseph C. Barto III, Founder and President, Consulting & Training TMG, Inc.  
 Steve Nowlan, President and CEO, Center for America  
 Hernán Luis y Prado, President, Workshops For Warriors

### Changing the Way American Employers Think About Vets

2:00 – 3:00 p.m.

**Location:** Room C101, Building C Level 1

**Speaker:** Joseph C. Barto III, Founder and President, Consulting & Training TMS, Inc.

Looking to recapitalize your workforce through the hiring and training of American Veterans? Through this workshop, attendees will learn how to apply leadership, training and use of the Lean tool kit to produce engaged teammates transitioning out of the military into the civilian workforce which will result in lower attrition rates, increased engagement, and increased business performance. Move your business forward with new insight and the knowledge on how to design, develop and implement a Vet Talent Pipeline to your specific operation.

## PARTNER WITH FABTECH

to Support Workshops for Warriors

Donations can be made at [fabtechexpo.com/fabtechexpcares](http://fabtechexpo.com/fabtechexpcares).

**FABTECH Cares**, a charitable fundraising campaign in connection with the FABTECH 2014 Expo in Atlanta, works to raise funds in support of Workshops for Warriors, a 501<sup>(c)</sup>(3) non-profit organization dedicated to training, certifying, and placing veterans in manufacturing careers. Join the campaign! Your contribution will benefit U.S. military veterans and assist them in obtaining jobs in the manufacturing sector.

## WEDNESDAY, NOVEMBER 12

### Keynote Presentation

8:30 – 9:30 a.m.

**Location:** Thomas Murphy Ballroom, Building B Level 5

**Speaker:** Rocky Bleier

### BE THE BEST YOU CAN BE

Four-time Super Bowl Champion and Vietnam War veteran, Rocky Bleier motivates audiences to keep on striving for greater accomplishments. Rocky sees parallels between the challenges he faced in the past and the challenges all business people face in today's crowded, competitive marketplace. His dynamic presentation, using real-life stories with a warm, self-reflective humor, will provide attendees with the drive to achieve their goals and improve their business. Don't fumble away the opportunity to hear his inspiring message!

### Big Data Integration for Manufacturing

10:00 - 11:00 a.m.

**Location:** Google Hangout, Building B Lobby Area on 2nd Level

**Speaker:** **Mike Walton**, Head of Manufacturing, Google Enterprise  
Join Google's Mike Walton and the Google Engineering team for an in-depth demo of big data integration for manufacturing. We're all pushing the boundaries of our technological comfort zones, whether it's automation of on-floor machinery, or when our kids force us to adopt the latest productivity app. Let Google guide you through the latest insights from various industry players, and see how real companies are meeting the challenges they face on a daily basis.

### State of the Industry Executive Outlook

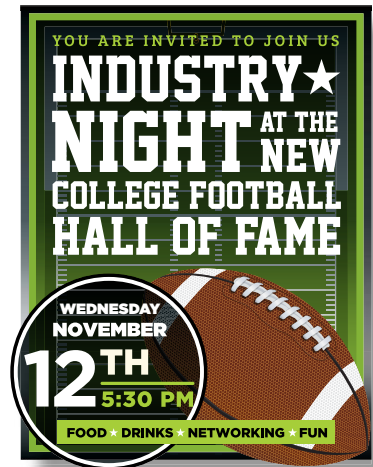

12:30 – 1:30 p.m.

**Location:** Room C101, Building C Level 1

The notable rebound of U.S. manufacturing activity has raised the question of whether the sector might be experiencing a renaissance or just an uptick? Drivers such as healthcare costs, labor, government regulations, energy prices, and exchange rates are just some of the factors impacting many of the businesses that attend FABTECH. Hear manufacturing industry leaders who are faced with the same issues discuss how they navigate these challenges to remain competitive in today's economy. Join an interactive Q & A afterward to ask questions and offer your perspective on the future of the industry. Walk away with new insights that will guide your business decisions for 2015 and beyond.

**Moderator:** **Edwin Stanley**, VP Sales and Finance, GH Metal Solutions

**Panel:** **Todd Henry**, Operations Manager, Caterpillar, Inc.  
**Dave Whelan**, SVP Supply Chain, Bluebird Corp.  
**Wolfgang Rubrecht**, VP of Factory Automation, Siemens

## NETWORKING EVENT

### FABTECH Industry Night

5:30 – 7:30 p.m.

**Location:** College Football Hall of Fame

Join your industry colleagues for a night you won't soon forget! Enjoy food and drinks while connecting with old friends and new peers at the brand new College Football Hall of Fame in Atlanta, within walking distance to the Georgia World Congress Center.

Advance ticket purchase required. On-site tickets are \$75 and includes admission to the College Football Hall of Fame, customized fan experience to your favorite college team, cocktails and hors d'oeuvres. **(Limited availability. Tickets can be purchased at any of the registration locations: Hall A/B registration lobby (fourth level) and Hall C lobby.** Find details at [fabtechexpo.com/industryntight](http://fabtechexpo.com/industryntight).

**Presenting Sponsor:**

# SPECIAL EVENTS

FREE AND OPEN TO ALL ATTENDEES

## THURSDAY, NOVEMBER 13

### Keynote Presentation

8:30 – 9:30 a.m.

**Location:** Thomas Murphy Ballroom, Building B Level 5

**Speaker:** Mike Walton, Head of Manufacturing, Google Enterprise

### Transforming Your Manufacturing Business for the New Digital Age

It's an exciting time to be a manufacturer. Everyday objects like appliances, watches, cars and equipment are increasingly connected in an "Internet of things"—which means the opportunity to create new products is practically unlimited. But if you don't innovate quickly, someone else will beat you to it. In this presentation, you'll learn how to accelerate new product initiatives and time-to-profit using the latest digital technology and tools. You'll find out how to improve collaboration across departments and your entire value chain. And you'll learn how to maximize lean processes and operational efficiency with organization-wide access to consistent and up-to-date information at all times.

## TUESDAY-THURSDAY, NOVEMBER 11, 12, & 13

**Tuesday, November 11**    **Wednesday, November 12**

8:00 a.m. – 6:00 p.m.    8:00 a.m. – 5:00 p.m.

**Thursday, November 13**

8:00 a.m. – 12:00 p.m.

**Location:** Hall A, Booth A3338

### AWS U.S. Invitational Weld Trials

The AWS U.S. Invitational Weld Trials is a part of the AWS selection process to choose the TeamUSA Welding competitor for the 43rd WorldSkills Competition

— São Paulo, Brazil in August 2015. Six of the top USA finalists will compete for the top three positions as the selection process continues after the AWS U.S. Invitational Weld Trials. Medals will be awarded to all of the top finishers as six additional international teams have been invited to join the trials. Only the highest three U.S. competitors will be eligible to become the TeamUSA welder, but the international competitors will be eligible to receive medals from the AWS U.S. Invitational Weld Trials. Come see the future global welding workforce in action all week.

### Additive Manufacturing/3D Printing Resource Center

**Location:** Hall A, Booth A2427

Explore the growing number of Additive Manufacturing/3D Printing applications on display at the Resource Center. There will be a Stratasys 3D printer demonstrating the capabilities of this immensely growing technology. See finished parts representing major technologies including stereo lithography, direct metal laser printing, plastic laser sintering and fused deposition modeling on display. You will also find information on how this technology can lower production expenses, speed product development, enable new designs, and change how and what you manufacture.

**The Resource Center is open during all show hours.**

**Speaker:** Todd Grimm,

President, T.A. Grimm & Associates

Take part in the featured presentations that will increase your understanding of Additive Manufacturing/3D Printing and how this technology can fit into your business. Todd Grimm, an internationally recognized speaker and author on additive manufacturing/3D printing, will present two sessions each day of the show.

**Tuesday, November 11, 11:00 a.m. – 12:00 p.m.**

**3:00 – 4:00 p.m.**

**Wednesday, November 12, 11:00 a.m. – 12:00 p.m.**

**2:00 – 3:00 p.m.**

**Thursday, November 13, 10:00 – 11:00 a.m.**

**1:00 – 2:00 p.m.**

Resource Center Sponsored by:

## EDUCATION PROGRAM

The Fabricators & Manufacturers Association, Int'l (FMA), SME, Precision Metalforming Association (PMA), and Chemical Coaters Association International (CCAI), co-sponsor the sessions on finishing, stamping, lasers & cutting, lean, management, workforce, sustainable manufacturing, job shop solutions, forming & fabricating, tube & pipe, automation. All sessions offer practical knowledge you can use right away. Sessions with Tech Tours combine classroom instruction followed by expert-led guided tours on the show floor to see technology operating in designated booths.

### **FABTECH Headquarters (FMA, SME, PMA, CCAI) Room B206**

The American Welding Society (AWS) presents a comprehensive lineup of welding education. Led by the industry's top professionals, programs focus on best practices and new commercial developments in welding and thermal spray. Events include conferences, seminars, RWMA Resistance Welding School, professional program, and society events.

### **AWS Headquarters, Room C206**

#### **Continuing Education Credits**

Individuals who attend AWS education programs are awarded 1 PDH (Professional Development Hour) for each hour of education program attendance. Individuals seeking FMA

Recertification Credits will be awarded 2 credits for each conference session attended (forming & fabricating, cutting, or finishing tracks) plus an additional 2 credits for attending the show. Individuals who attend SME education programs may be eligible to receive one credit per hour attended toward their SME-managed recertification requirements.

#### **Tax Deduction**

An income tax deduction may be allowed for expenses of education (including registration fees, travel, lodging, and meals) undertaken to maintain and improve professional skills (Treas Reg Sec 1 162-5) Contact your tax consultant for additional details.

### **HOW TO LOCATE SESSIONS**

Use the **Schedule-at-a-Glance** on pages 22-25 to get a quick preview of all the programs offered at the 2014 event. Programs are grouped by twelve tracks: Finishing, Stamping, Lasers & Cutting, Lean, Management, Workforce, Sustainable Manufacturing, Forming & Fabricating, Job Shop Solutions, Tube & Pipe, Automation, and Welding.

### **EXPERIENCE LEVELS**

Use this key along with the **Schedule-at-a-Glance** to find the education that meets your needs.

- B Basic** - Recommended for the attendee who is new to the industry or needs a refresher on the topic.
- I Intermediate** - Designed for the attendee who already has a basic understanding of the subject matter.
- A Advanced** - For the attendee with several years of experience who is seeking more in-depth information.

## ASSOCIATION MEETINGS

MEETING	DATE	START TIME	END TIME	LOCATION*	ASSOCIATION
AWS Education Committee	11/9	8:00 a.m.	5:00 p.m.	Hilton, 206/207	AWS
Prayer Breakfast	11/10	7:00 a.m.	8:30 a.m.	C201	AWS
C6D Subcommittee on Friction Stir Welding	11/10	7:00 a.m.	10:00 a.m.	Hilton, 301	AWS
C2 Committee and Subcommittees on Thermal Spraying	11/10	8:00 a.m.	5:00 p.m.	C109	AWS
AWS Opening Session and Annual Business Meeting	11/10	9:00 a.m.	10:30 a.m.	C202-204	AWS
Comfort A. Adams Lecture	11/10	10:30 a.m.	11:30 a.m.	C202-204	AWS
C7B Subcommittee on Electron Beam Welding & Cutting	11/10	1:00 p.m.	2:15 p.m.	Hilton, 302	AWS
B1A Subcommittee on Nondestructive Examination of Welds	11/10	1:00 p.m.	3:00 p.m.	C106	AWS
C7C Subcommittee on Laser Beam Welding & Cutting	11/10	2:30 p.m.	4:00 p.m.	Hilton, 302	AWS
B1 Committee on Methods of Inspection	11/10	3:30 p.m.	5:30 p.m.	C106	AWS
C7D Subcommittee on Laser Hybrid Welding	11/10	4:15 p.m.	5:15 p.m.	Hilton, 302	AWS
C7 Committee on High Energy Beam Welding & Cutting	11/10	5:30 p.m.	6:30 p.m.	Hilton, 302	AWS
AWS Officers/Presidents/Counterparts Reception	11/10	6:30 p.m.	8:00 p.m.	Hilton, Grand Ballroom West	AWS
Women of FABTECH Breakfast	11/11	8:00 a.m.	9:00 a.m.	Terraces Restaurant	AWS, SME, PMA
Precision Metalforming Association Educational Foundation (PMAEF) Board of Trustees Meeting	11/11	8:00 a.m.	10:00 a.m.	B218	PMA
D17D Subcommittee on Resistance Welding in the Aircraft & Aerospace Industries	11/11	8:00 a.m.	5:00 p.m.	Hilton, 303	AWS
D17J Subcommittee on Friction Stir Welding in the Aircraft & Aerospace Industries	11/11	8:00 a.m.	5:00 p.m.	Hilton, 305	AWS
D15C Subcommittee on Track Welding	11/11	8:00 a.m.	5:00 p.m.	Hilton, 302	AWS
D9 Committee on Sheet Metal Welding	11/11	9:00 a.m.	5:00 p.m.	Hilton, 301	AWS
Plummer Lecture	11/11	10:30 a.m.	11:30 a.m.	C213	AWS
Metalforming Pioneer Panel	11/11	10:30 a.m.	12:00 p.m.	B302	PMA
Precision Metalforming Association Safety Committee Meeting	11/11	11:00 a.m.	2:00 p.m.	B218	PMA
AWS Awards/Foundation Luncheon	11/11	12:00 p.m.	2:00 p.m.	C202-204	AWS
Welding Handbook Committee	11/11	1:30 p.m.	4:30 p.m.	C106	AWS
AWS National Nominating Committee	11/11	2:00 p.m.	3:00 p.m.	C207	AWS
D20 Committee on Additive Manufacturing	11/11	4:45 p.m.	7:00 p.m.	C106	AWS
Meet the Editors	11/11	6:00 p.m.	8:00 p.m.	B314	FMA
D16 Committee on Robotic and Automatic Welding	11/12	7:00 a.m.	8:30 a.m.	C106	AWS
Economic Forecast Breakfast	11/12	8:00 a.m.	9:00 a.m.	B314	FMA
D17K Subcommittee on Fusion Welding in the Aircraft & Aerospace Industries	11/12	8:00 a.m.	5:00 p.m.	Hilton, 302	AWS
AWS Product Development Committee	11/12	9:00 a.m.	10:00 a.m.	C209	AWS
D14I Subcommittee on Hydraulic Cylinders	11/12	9:00 a.m.	1:00 p.m.	C106	AWS
R.D. Thomas, Jr. International Lecture	11/12	10:00 a.m.	10:30 a.m.	C212	AWS
American Council of IIW	11/12	10:30 a.m.	12:00 p.m.	C212	AWS
AWS Section Appreciation/Years of Service/Image of Welding Awards Luncheon	11/12	12:00 p.m.	2:00 p.m.	C202-204	AWS
Precision Metalforming Association Technical Seminar/Conference Committee Meeting	11/12	12:30 p.m.	2:00 p.m.	B217	PMA
D14E Subcommittee on Welding of Presses and Industrial Mill Cranes	11/12	2:00 p.m.	5:00 p.m.	C106	AWS
AWS Technical Papers Committee	11/12	5:30 p.m.	7:00 p.m.	C209	AWS
C6D Committee on Friction Stir Welding	11/13	7:00 a.m.	10:00 a.m.	Hilton, 301	AWS
D14C Committee on Earthmoving and Construction Equipment	11/13	8:00 a.m.	12:00 p.m.	C106	AWS
D17K Subcommittee on Fusion Welding in the Aircraft & Aerospace Industries	11/13	8:00 a.m.	12:00 p.m.	Hilton, 302	AWS
D14 Committee on Machinery and Equipment	11/13	1:00 p.m.	4:00 p.m.	C106	AWS
D17 Committee on Welding in Aerospace Applications	11/13	1:00 p.m.	5:00 p.m.	Hilton, 302	AWS

\* Meetings are located at the Georgia World Congress Center unless otherwise noted. Use map on page 22 for reference.

Hilton Atlanta is located at 255 Courtland Street NE, Atlanta, GA, Tel: (404) 659-2000

**LONGER LIFE  
FASTER CUTTING**

**LARGEST  
SERVICE TEAM  
IN NORTH AMERICA**

**LOWER  
OPERATIONAL COSTS  
GUARANTEED**

**THE NEW LENOX® MAX CT™ CARBIDE BLADE.  
IT CUTS THROUGH EVERYTHING.  
EVEN YOUR COSTS.**

The new **MAX CT** carbide band saw blade delivers longer life and faster cutting\* in difficult to cut materials like stainless steel, titanium, and nickel alloys. And, like all LENOX saw blades, it's backed by the largest sales and service team in North America. So your total cost of operations is cut, guaranteed.

\*vs. prior LENOX model

**VISIT BOOTH #B2532 TO SCHEDULE YOUR GUARANTEED TRIAL ORDER TODAY.**

# How Salvagnini Transformed An Industry

Think back to EuroBlech in 2008 — or FabTech in 2009, when Salvagnini startled the industry with the introduction of the world's first fiber laser. Our competitors tried to tell attendees at those shows that fiber lasers were a fluke, but today, fiber lasers top the bestseller list.

And with its running head start, Salvagnini has more fiber lasers in operation around the world than all competitors combined. That means that Salvagnini has the deepest well of practical experience and expertise to get you up and productive in the shortest possible time.

With a cost per part that humbles any CO2 laser, scalable Salvagnini L3 and L5 fiber lasers can operate in a stand-alone environment or function as an integral part of an automated, system.

**Fiber Laser Cutting. Perfected by Salvagnini.**

For more information,  
visit [www.salvagnini.com](http://www.salvagnini.com)

Visit us at FabTech Booth # B3125.

# THE NEXT GENERATION OF HIGH PRECISION PLASMA CUTTING

Thermal Dynamics® introduces

## ULTRA-CUT® XT INTEGRATED SYSTEMS

Our next generation of high precision plasma cutters works the way you do – intelligently. Ultra-Cut XT systems give you the flexibility to increase cutting power and the assurance of superior quality, higher productivity and lower cutting costs. Ultra-Cut XT systems are available in 100-400 Amp outputs for cutting plate up to 2" (50 mm) thick. And because its Modular Power Technology allows adding 100 Amp modules, the system grows with your business.

Visit us in Booth B5047

*We Bring Intelligence to the Table.™*

## NEW PRODUCTS

### Arc Welding

#### ABICOR BINZEL Booth C1344

##### ABI-Shield Ceramic Protective Spray Anti-Spatter

ABI-Shield Ceramic Protective Spray anti-spatter creates a solid coating on consumables to prohibit the adhesion of spatter build-up.

##### Fume Extraction Systems FES-200, FES-200 W3

The high-vacuum extraction units FES-200 and FES-200 W3 with the RAB GRIP torches constitute the perfect system to extract welding fumes most effectively.

##### Inline Push-Pull MIG PPI

PPI, the inline push-pull MIG torch, makes problem-free and constant wire feed possible, even with longer cable assemblies.

##### RAB Grip Fume Extractin MIG Torch

This latest generation of fume extraction torches is lighter and offers improved ergonomics. Special design solutions guarantee efficient smoke removal directly at its source without affecting the protective gas shield.

#### Above Material Technology Co., Ltd Booth C1052

##### Pre-sharpened Tungsten Electrodes

AMT's pre-sharpened tungsten electrodes are in the longitudinal direction by machine grinders at high consistent quality, which keeps the welding arc easier starting and higher penetration than the tungsten electrodes in the circle direction.

#### Allpro Machinery Inc Booth A2952

##### Welding Machine

Allpro MIG 350/500 is an inverter welding machine which can provide maximum 350A/500A welding current with excellent welding performance.

#### Changzhou Shine Science & Technology Co Ltd Booth C3117

##### 4X5 ADF 2.0

This is the upgraded version of Shine's standard 4X5 ADF, with view window as large as 96 x 86mm. Shade range is 4/5-9/9-13, grinding shade #3, replaceable battery, and low battery warning available.

#### D/F Machine Specialties Inc Booth C2461

##### D/F Water-Cooled MIG Pistol Gun Assembly

The D/F Machine Specialties Water-Cooled Semi-Automatic Pistol Grip Gun is ideal for hand-held welding applications using hard/cored, stainless steel or aluminum wires ranging from .030" through 1/8".

#### ELCo Enterprises Booth C2244

##### PowerBall™ Torch Tips & E-Power™ Torch Liners

ELCo Enterprises, home of the Wire Wizard® line of weld cell support equipment, introduces its patent pending PowerBall™ Torch Tips & Diffusers and E-Power™ Torch Liners, engineered to prevent arc failures, reduce downtime and maximize conductivity.

#### Lincoln Electric Co Booth C2022

##### Techalloy®

##### X nickel-based MIG and TIG

Lincoln Electric introduces Techalloy® X, a nickel-based MIG (GMAW) and TIG (GTAW) welding wire that delivers oxidation and corrosion cracking resistance as well as high-temperature strength for the petrochemical applications and aerospace applications.

##### The Weld Sequencer

A two-dimensional welding blueprint for complex parts with many welds can be difficult to follow. The Weld Sequencer from Lincoln Electric allows welders to pictorially view and automatically log results on each weld in the operational sequence.

#### Miyachi America Booth B3013

##### MAWA-300A Micro TIG Welder

The MAWA-300A pulsed micro TIG welding power supply is ideal for welding coils and terminals, bus bars, and coated wires. Supplying between 30 and 300 amps this unit targets small components in the automotive, medical, battery, and electronics industries.

#### OTC DAIHEN Inc Booth C2722

##### Daihen FD Seven-Axis Robot Arm

This FD Series robot model (FD-B4S) will drastically increase the degree of freedom in the manipulator position. This robot will allow users to save time in teaching due to the minimized interference of the cables with peripheral equipment.

#### PowerWeld Booth C3362

##### Chisholm Lead Reels

Chisholm Lead Reels mount on any flat surface and stay connected to the welder at all times. Each reel is isolated from each other making them "live lead reels". Made in the USA.

#### Praxair Inc Booth C3134

##### ProStar Stainless Weld Heat Tint Remover

Praxair's ProStar™ Stainless Weld Heat Tint Remover is a fully biodegradable treatment for the removal of chromium oxide and heat tint from stainless steel. It contains no free hydrofluoric acid.

#### Realityworks Booth C2541

##### guideWELD LIVE

guideWELD LIVE real welding guidance system is a welding solution to create more effective welders efficiently. It provides immediate in-helmet feedback on core aspects of welding technique—speed, work and travel angle, during live arc welding.

**RealWeld Systems Inc**  
Booth C2236

**RealWeld Trainer**

RealWeld Trainer provides trainees feedback before, during, and after live arc weld trials. The latest improvements allow welding instructors to easily administer and interchange welding curricula, welding procedures, and best practices.

**Sanrex Corp**  
Booth C3358

**Welding Power Supplies**

SANARG 300AP: AC/DC HF TIG, LIFT TIG, STICK Rated Output: 300A at 32V, 25% Duty Cycle ( STICK) TIG Input Power 208-230/460 1/3 Phase. STICK Input Power 208-230/460 1/3 Phase OCV 65V at 230VAC Weight: 52.7 kgs.

**Tip Tig USA LLC**  
Booth C3640

**Suitcase TIP  
TIG Wire Feeder System**

The Suitcase TIP TIG Wire Feeder System comes with 500DC power supply with integrated hot wire power supply. Portable high speed TiP TiG suitcase wire feeder. Feed rate and welding current remote control.

**Hangzhou Gegao Machine Co Ltd**  
Booth C3536

**Cutting & Welding  
& Paint Spray Service**

Hangzhou Gregao Machine Co Ltd offers customized metal parts service for construction machinery, agricultural machinery, mining equipment, ship machinery and light steel structure.

**Rhodes Systems International Inc**  
Booth B138

**Tow Conveyor System**

The Rhodes Tow Conveyor System is the most flexible in the industry for multiple product combinations. Known as the reliable work-horse of the industry, the Rhodes Tow Conveyor is a good choice to for automation needs.

**Assembly**

**Flexarm Inc**  
Booth B1030

**Hydraulic Tapping Machine**

Tap up to 1" off-line with this powerhouse hydraulic tapping system from FlexArm. This production machine comes complete with a power pack, automatic depth control, programmable pitch & depth (no gearbox) and table.

# BUILDING PERFORMANCE IN WELDING AND MACHINING

## Assembly

### Welker Engineered Products Booth C2135

#### Pneumatic Wire Clamp

Featuring an over-center toggle locking design, the Welker Wire Clamp is available for wire diameters 4.0 thru 10.0mm. Ideal for seating, instrument panel, appliance, and exhaust systems manufacturing.

## Bending/Forming

### Amada America Inc Booth B2503

#### EG 6013 AR

The EG 6013 AR is an automated robotic bending cell that's engineered to be the ideal high-speed solution for small, complex parts.

#### HG 1003 ATC

Servo/Hydraulic press brake and Automatic Tool Changer provide the optimal bending solution for prototypes and small batch production.

### Automec Inc Booth B4324

#### AP2 Control Upgrade (2-Axis)

Automec has a cost effective solution for upgrading existing Accurpress backgauges if the AP2 control goes down. Using the CNC 150 or CNC 300 Control, Automec can offer backgauge and ram depth control for existing pressbrakes.

#### Backgauge Control Upgrade

Automec offers a control and electronics upgrade for existing Hurco® backgauge. The mechanical structure and the motor are utilized, while replacing the control and all of electronics.

### Boldrini srl Booth B4515

#### Super High Speed Dishing Press

Boldrini Super High Speed Dishing Press PAO 200 x 3600.

### Boschert Precision Machinery Inc Booth B3413

#### Quick Bend CNC Press Brake

The Quick Bend high speed Press Brake from Boschert combines accuracy, speed, low power consumption and low noise levels to offer a completely new precision bending option. Included are hybrid hydraulics with up to 80% energy savings.

### Bystronic Inc Booth B2225

#### Xpert and Xcite Press Brakes

With unique features like ByVision Bending control, Voice Control, Part ID and Bystronic Tooling and clamping systems, Xpert and Xact press brakes offer unmatched efficiencies and productivity capabilities.

### Carell Corp Booth B4713

#### 4RH CNC Direct Radius Input CNC Controls

Direct radius material setup and programming. Input radius, diameter, or arc length. Select from industry standard shapes. USB ports, SSD slot, Windows XP.

#### IMCAR 3RHT

#### Translating Geometry Plate Roll

3RHT Translating Geometry hydraulic plate roll is the best solution for conical applications, wide range material thickness rolling and pre-bending capability, lower working height, and interchange top rolls.

#### Vertical Tank Production Solutions

Tank Production solutions for forming, shell alignment, prep, welding, and polishing. Systems are designed to minimize material handling, optimize quality and consistency, increase production time, reduce material and labor costs.

### Eagle Bending Machines Inc Booth B4713

#### ATSC Stair MAX

#### Spiral Stair Roll Bending System

Mounts to CP Series roll bending machines, machined steel construction, ATSC support bracket with pivot & fulcrum arm advantage, numerical trust position.

#### BA SERIES CNC

#### Direct Radius Input Roll Benders

The BA Series Full CNC Roll Bending Machines are Hydraulic CNC Roll Benders designed for rapid, one pass production rolling or coiling.

### MDA-TS 145-180 Direct Radius Output Control Panel

Direct Radius Output, touch screen interface, import and read data from the MDA 145-180 Archimeter, precision digital output of forming roll adjustments, USB port to export and save programs to external USB flash drive, multi language.

### J & S Machine Inc Booth C338

#### YLM CNC38AE

J & S Machine Inc introduces its CNC 38 AE electric bender. The 1-1/2" capacity bender has multiple stack tooling mounting for rotary and push roll bending. Utilizing YLM's "TEACH" mode programming makes programming for complicated parts an easy operation.

### JMT USA Booth B4725

#### Angle Rolls

JMT offers 3-roll hydraulic or mechanical machines capable of forming a variety of profiles including square or rectangular solids, I-section, T-section and C-section bars, as well as, square, rectangular and round tubing.

#### Plate Rolls

JMT plate rolls have robust frame bodies, and provide a stable platform, while high-torque hydraulic motors and planetary gear boxes make it possible to bend parts with fewer steps.

### KAAST Machine Tools Inc Booth B4960

#### PBH 80 NC

Ring and Profile Bending Machine.

### MegaFab-Piranha -Whitney-Bertsch

#### Booth B2825

#### Pressbrakes

A complete line of competitively priced bending solutions to complement metal cutting and fabricating processes.

**Ozkoc Hidrolik Makina San Ve Tic A2**  
Booth B1201

**200 Ton Blanking Press**

A hydraulic press doesn't like blanking operations if it is not specifically designed for it. If it is, it can offer lots of advantages over mechanical presses. No bangs, no impacts, longer tool life, and lighter machinery.

**400 TON Aluminum Squeeze Casting Hydraulic Press**

For certain geometries, the squeeze casting method is more efficient than the metal injection. The open die provides an easy use as well as bubble-free superior structure quality. Closed circuit hydraulic system makes things even better.

**600 Ton Hydraulic Deep Drawing Press**

Ozkoc Hidrolik Makina San Ve Tic A2 introduces its generation hydraulic presses with simple and easy to use hydraulics, user friendly screen and control, efficient automation and capabilities, but still PLC.

**RAS Systems LLC**  
Booth B1947

**RAS MiniBendCenter**

The MINIBend Center is an automatic folder for small parts. Part sizes range from 1.97" x 1.57" to 23.6" x 23.6". Material thickness starts at 11-gauge mild. Loading, folding and unloading are automatic. The machine is servo-electric.

**Schwarze-Robitec GmbH**  
Booth B4625

**Machine Controls**

The easy-to-operate machine control from Schwarze-Robitec clocks the individual working steps synchronous for time-optimized production.

**Quick Tool Unlock**

The tube bending machine manufacturer Schwarze Robitec developed the rapid clamping system, Quick Tool Unlock, for its tube bending machines. This allows quick change of the bending formers without tools and therefore reduces set-up time noticeably.

**Toskar Machinery**  
Booth B4461

**VersaFab**

**MultiAxis Hydraulic Press Brake**

Versatile Hydraulic Press Brake that aims to minimize setup time and increase productivity for fabricators.

**Unison LTD**  
Booth C564

**Evbend EB1000**

The Evbend EB1000 is a high precision, CNC controlled manual operated bending machine suitable for bending tubes up to 22mm OD, ideal for low volume production and prototypes in demanding applications.

**Wila USA**  
Booth B2700

**E2M**

Wila's patent pending E2M Easy-To-Move system of incorporating roller bearings in the tool tangs makes it fast and effortless to roll heavy punches and dies in and out of the press brake.

**Xinxiang Tianfeng Machinery Manufacture Co Ltd**  
Booth A2448

**Cold Roll Forming Machine**

The roll forming machine lines are mainly used in steel structure industry for producing C & Z shape purlin, load-bearing plate of buildings, wall and roof protective structure colorful steel plate.

**Zani SPA Metal Forming Machines**  
Booth A2354

**Servo Master**

Servo Master: servo motors in connection with knuckle-joint kinematics.

**Brazing & Soldering**

**Ambrell Precision Induction Heating**  
Booth C951

**EKOHEAT**

**Induction Heating Systems**

Ambrell's modular EKOHEAT induction heating systems are powerful, versatile and scaleable. Available at power over a 1 MW.

**Gasflux Co**  
Booth C3061

**Gasflux AL-1**

**Aluminum Brazing Powder Flux**

Type AL-1 is an all-purpose flux for torch brazing with aluminum alloys. It is especially effective with common aluminum base materials and the filler metals 4047 and 4145.

**Western Enterprises**  
Booth C3204

**3-in-1 Nitrogen Regulator**

Nitrogen Click-Style Purge Regulator.

**Business Services**

**Atlal Software - Sales Resource Planning (SRP) | 3D CPQ + CRM**  
Booth B1841

**3D CPQ + CRM Software**

Sell and produce more complex products in less time at lower cost. Atlal Sales Resource Planning™ (SRP™) Software is the first 3D enterprise solution to leverage human interface design and mobile technologies.

**DOT Quality Services**  
Booth A2953

**ISO 3834 Certification Services**

ISO 3834 — Quality Requirements for Welding — provides a method to demonstrate the capability of a manufacturer or fabricator to meet quality requirements of a specification, a product standard, or a regulatory requirement.

**Fabricators & Manufacturers Association**  
Booth B4933

**Drivers of**

**Business Valuation Conference**

Whether selling, buying, or just staying the course, the Drivers of Business Valuation Conference will equip users with knowledge about its company's most important metric: its worth, and how to manage it.

**Metal Fabrication BASICS Certificate**

This certificate for students enrolled in precision sheet metal fabrication at community colleges and technical schools is designed to be incorporated into a schools' existing curriculum, and will complement the classroom and practical instruction.

## Business Services

### Fabricators & Manufacturers Association Booth B4933

#### Online Member Community

FMA's online community provides the instant, active response features of an email list server plus is a centralized place where members can collaborate, network, and share information — all in a private, secure forum.

#### Sustainable Manufacturer Network e-Magazine

The Sustainable Manufacturer Network (SMN) shares news, expertise, and resources via this free monthly electronic newsletter. It is a guide for putting sustainability to work in a plant and operations.

### Grover Rutter CPA, ABV, CVA, BVAL Mergers, Acquisitions and Valuations” Booth B4531

#### Mergers and Acquisitions Guide

Thinking about selling a business? This helpful guide will provide simple steps to get the best possible price for a business.

### MetalPrices.com Booth C120

#### Web Services

Aggregate the information accessed most frequently on one page: Add data feeds, live or delayed, metal-specific news, create price tables for 600+ metal prices, build custom charts, print tables and charts.

#### Real-Time Data Client

The RTD Client is an application that streams exchange data (real-time or delayed) and open market/over the counter (OTC) prices into Excel spreadsheets.

#### Real-Time Exchange Feeds

As a licensed data distributor, MetalPrices.com provides live and delayed metal prices from the following exchanges: LME (London Metal Exchange) CME Group — COMEX / NYMEX SHFE (Shanghai Futures Exchange).

### Solar Atmospheres Booth B1012

#### Gear Carburizing in Vacuum

Low Pressure Vacuum Carburizing (LPVC) that significantly increases the surface hardness/strength of steel parts for improved friction and wear.

### TCI Powder Coatings Booth B125

#### TruCoater Network

The TruCoater™ Network is an exclusive membership that gives custom coaters the opportunity to be a VIP customer of TCI Powder Coatings or its alliance partners.

### TwinEngines Inc Booth B5211

#### Manufacturing ERP Systems Advisory Service

Targeted for small/mid-market manufacturers and product service companies to be more effective, agile, and connected. Three levels of service to fit a business: 1. ERP System Selection 2. ERP System Evaluation 3. Business Systems and Workflow Analysis.

## Coil Processing

### Chicago Slitter Booth B2133

#### Coil-Fed Fiber Laser Blanking System

Featuring 1, 1.5 or 2 meter widths, RDI's Coil-Fed Fiber Laser Blanking System cuts metal parts five times faster compared to CO2 lasers. With a projected fiber laser life of up to 100,000 hours, this system easily and continuously cuts from coil.

### COE Press Equipment Booth B1624

#### Heavy Duty Straightener Series

COE Press Equipment introduces its design processes AHSS, and other high yield strength steels. Benefits include: improved work roller design, tighter roll spacing, and increased roll depth penetration, increased roll force delivery, stronger gears and bearings, and improved straightener roller backup device.

### Herr Voss Stamco Booth B2431

#### High Strength Slitting Technology (HS2T™)

Herr-Voss Stamco's introduces its innovative technology for slitting Advanced High Strength Steels (AHSS), enabling automotive OEMs to meet the C.A.F.E. requirements through weight reduction. HS2T™ has been tested and accepted for slitting automotive AHSS.

### Philpott Rubber /Lankhorst Mouldings Booth B1040

#### KLP CoilWedge System

The KLP CoilWedge System is made from recycled plastics and can achieve 2 level stacking and it is designed to have the bottom of the coil fully supported which reduces coil damage.

### Seuthe GmbH Booth C608

#### Strip Preparation and Accumulator Equipment

Automated strip preparation and accumulation for easy and fast production processes. Reduced coil handling times. Feed with fast speeds into the accumulator. Mill specific visualization for easy control and reproducible processes.

## Cutting

### Alpha Professional Tools Booth C3606

#### Ultracut ABM Series

The Alpha® Ultracut ABM Series is designed for most popular high-speed pneumatic cut-off tools used in metal industries. The Alpha® Ultracut doesn't change diameter during the cutting operation and provides maximum cutting depth throughout its life.

### American Torch Tip Co Inc Booth C2962

#### PHD X® Series Plasma Torch

The 260 PHDX® Plasma Torch is designed to run cooler and last longer. Our conversion kits make replacing high-amp plasma system easy, and they're covered by a 100% guarantee trial program.

**Waltec S-Series  
Oxy-Fuel Equipment**

S-Series oxy-fuel equipment is a durable solution for most cutting, welding and heating applications.

**Asia Machine Group  
Booth B333**

**CNC Rectangle  
Pipe Cutting Machine**

Expand workshop capabilities without increasing work space. AMG's FP-D200 CNC Machine plasma cuts rectangular and round pipes, while the optional auto-bevel features one-step weld preparation.

**Automec Inc  
Booth B4324**

**TigerStop Stop  
/Gauge and Pusher Systems**

Automec is a Certified TigerStop Dealer that covers the United States & Canada. These stop/gauge and pusher systems are used to increase the productivity of the customer's existing machines.

**Detroit Torch  
and Manufacturing Company  
Booth C3538**

**The Detroiter**

The Detroiter is a heavy-duty straight cutting torch made in the U.S.A. with a lifetime warranty. With the right tip this torch will obliterate 12" of steel.

**E. H. Wachs  
Booth C2632**

**LDSF Tool Slides and Tooling**

E.H. Wachs has developed a system of tool slides and tooling used in conjunction with its Large Diameter Split Frame (LDSF) that offer a complete portable machining solution.

**ESAB Welding & Cutting Products  
Booth C2444, C2466**

**SGX**

ESAB's SGX, a compact, automated cutting machine for plasma and oxy-fuel cutting, carries up to three tool stations, including up to two oxy-fuel torches and one plasma station that can be equipped with ESAB's m3-IGC Precision Plasma System.

**Cutting**

**Flame Technologies Inc  
Booth C1651**

**Scorpion EZ-Cut**

Flame Technologies Inc. introduces its revolutionary Scorpion EZ-Cut™ System. EZ-Cut™ offers hand held oxy-fuel torch operation, with machine-quality precision cutting results, all at an affordable price.

**Jiangyin Xinlian Welding  
Equipment Co., Ltd  
Booth C37**

**P80 Electrode and Nozzle**

Jiangyin Xinlian Welding Equipment Co., offers plasma cutting nozzles, plasma cutting electrodes model no. P80, in copper material and CE & SGS certified.

**JMT USA  
Booth B4725**

**Band Saws**

JMT offers horizontal band saws with automatic, semi-automatic or manual controls. JMT band saws are available in both pivot or dual-column configurations, with straight-cut, single or double miter capabilities.

**Koike Aronson Inc  
Booth C2914**

**Klean Sweep**

An automatic slag removal system. The Klean Sweep is a self-cleaning cutting table that removes slag and scrap automatically during cutting operations, which eliminates production interruptions and reduces labor costs.

**Messer Cutting Systems  
Booth B3911**

**EdgeMax**

The EdgeMax by Messer Cutting Systems is designed as a compact machine with a rugged unitized steel table / frame, full capture bearing assemblies and a low-mass aluminum beam.

**Global Rotator Delta E**

Compound Skew Design Plasma Bevel Unit.

**MetalMaster Plus**

The MetalMaster Plus is a unitized gantry cutting machine that utilizes conventional and precision plasma to produce excellent cut parts.

**MetalMaster Plus with Shuttle Table**

Heavy Performance Gantry Cutting Machine, Heavy-Duty Pallet Shuttle Table, Maximum Productivity, Excellent Cut Quality and Accuracy.

**MPC2000**

Versatility and increased productivity, Messer Cutting Systems introduces the redesigned MPC2000 which features new and enhanced linear ways, long-life band drives, and larger end trucks.

**The PlateMaster**

The PlateMaster is a rugged steel, dual drive box beam gantry with heavy duty floor mounted rail system, provides a platform for Plasma and Oxyfuel cutting.

**Titan III**

Featuring innovative linear ways in the Y-Axis, along with a rack and pinion drives and wider end trucks allow for the electrical cabinets to mount within the truck.

**TMC4500 Dual Beam**

The TMC is heavy-duty dual box-beam constructed gantry cutting machine. The dual beam design is supported by massive 10 foot endtrucks for greater stability, providing support for Messer's largest cutting tools.

**Michigan Pneumatic Tool Inc  
Booth C3267**

**Micro Beveller**

MP-7250C Compact, lightweight tool is ideal for on-site beveling jobs. Small beveller for big jobs, such as speedy pipe beveling. Radius cutters available.

**Pearl Abrasive Co  
Booth C3167**

**SLIMCUT™ SRT™**

Pearl Abrasive Co introduces its Pearl SlimCut SRT, a high performance thin cut-off wheel designed to cut metal and stainless steel. It is ideal for cutting thin & thick gage as well as flat stock, bar stock square tubing and much more.

## Cutting

### Pearl Abrasive Co Booth C3167

**XTREME™ PX-4000™**  
The Pearl XTREME™ PX-4000™ is a revolutionary line of diamond wheels for metal applications. These wheels are designed to cut metal, stainless steel and a variety of ferrous metals with less odor and debris compared to conventional abrasives.

### Rocky Mountain Instrument Co. Booth B4333

**Factory Direct CO2 and Fiber Laser Optics**  
High quality replacement optics for CO2 and Fiber Laser Systems.

### Sahajanand Laser Technology LTD Booth A2455

**Brahmastra Future X**  
Faster, smarter, robust fiber laser cutting machine that enables a multitude of opportunity to the manufacturer. This system could cut 20 mm of steel with 3 kW fiber laser. Offers the finest cut prescribed by international standards.

**Brahmastra Infinity**  
Acknowledge the most compact efficient tool on field, The Infinity, a companion to fabricators.

**Brahmastra Vector**  
The Expeditious Fiber laser cutting machine that trails along SLTL culture of 'Create simple and produce perfect' philosophy. The Vector is equipped with all necessary ergonomic features against its segment.

### The RDI Group Booth B2133

**Coil-Fed Fiber Laser Blanking System**  
Featuring 1, 1.5 or 2 meter widths, RDI's Coil-Fed Fiber Laser Blanking System cuts metal parts five times faster compared to CO2 lasers. With a projected fiber laser life of up to 100,000 hours, this system easily and continuously cuts from coil.

### Tri Tool Inc Booth C1304

**600 Series RBL-G2**  
Tri Tool's next generation RBL-G2 Clamshell Lathe is designed with safety as a top priority. Get faster, better performance and durability from Tri Tool.

### Victory Plasma Systems Booth C3314

**Hypertherm, Integrated Cutting and Gantry Systems**  
Hypertherm plasmas, lifters and software; Integrated pipecutters and beam wells available on cut beds; Gantry systems available up to 20' x 100'.

## Fastening & Joining

### Box On Demand Booth B4153

**ILG-5 Automatic Packaging Gluer**  
The ILG-5 Gluer from Box On Demand is the latest innovation in automated gluing technology.

### Pillar Induction Booth C3222

**Induction Brazing System**  
Breakthroughs in material handling technology allows induction heating & fluxless brazing of assemblies in a single piece flow through an automated work cell rather than batch processing through conventional atmosphere furnace.

### RIDGID Booth C640

**RIDGID RE 6 Electrical Tool**  
Cut, crimp and punch with the world's most versatile electrical tool featuring the patent-pending Quick-Change System.

## Finishing

### AFC Finishing Systems Booth B929

**Airflex Sweeper Abrasive Recovery Floor**  
The Airflex Sweeper Abrasive Recovery Floor is designed for blast rooms and may be used with a wide variety of abrasives. System automatically recovers abrasive from beneath the operators' feet, effectively providing them with an endless supply.

### AM Machinery Sales Inc Booth B2400

**Hand-Operated Grinder**  
AM Machinery Sales Inc. has introduced the Swing Grinder for deburring laser-cut and punched parts. According to the manufacturer, the machine is three to four times faster than manual deburring.

### Anest Iwata USA Inc Booth B300

**LPH300-LV**  
Ideal for industrial applications; the LPH300-LV is flexible, lightweight and compact.

### ARC Abrasives Inc Booth C1322

**PREDATOR AP Flap Disc**  
ARC Abrasives, Inc. introduces its PREDATOR™ AP Flap Disc line. PREDATOR™ AP flap discs utilize cutting-edge technology giving them a new look and feel that offers excellent performance on mild and stainless steel.

### Argon Masking Corp Booth B434

**Cohesive Paper**  
Cohesive paper is a low versatile packaging material with a cohesive coating on the inside.

### Bulk Chemicals Inc Booth B628

**ZIRCA-SIL® MS3**  
Zirconium Cleaner/Coater.

### Calvary Industries Inc Booth B317

**AC-6016**  
AC-6016 is a novel, acidic product, designed to eliminate the use of Hydrofluoric Acid in the treatment of aluminum and stainless steel. AC-6016 is not regulated as corrosive by DOT and is not corrosive to operators.

**ADVANTECH M670**  
ADVANTECH M670 is a zirconium pretreatment designed for manual application through a pressure spray wand. ADVANTECH M670 cleans and coats in one step. It can be dried in place with out flash rusting, eliminating the final rinse.

**ADVANTECH P2131**  
ADVANTECH P2131 is a neutral pH organic zirconium pretreatment that allows users to pretreat substrates without being classified by the EPA as a metal treater per 40CFR433.10.

**CAL CLEAN 944 NP**

CAL CLEAN 944 NP is a non-phosphate, mild-alkaline cleaner for use in spray washers. It removes loose smut and carbon from surfaces and from around welded areas with 70% less alkalinity than traditional cleaners.

**CAL PREP 40R DESCALE**

CAL PREP 40R DESCALE is a detergent acid product designed to clean and remove laser edge and weld scale in one step. Traditional pickles are made from harsh acids and can streak and rust parts, but 40R DESCALE provides a uniform, rust free surface.

**Caplugs**

**Booth B706**

**Rubber Masking Cap-Plug**

Caplugs RMCP series is designed to mask standard-sized copper inlet and outlet tubes on HVAC compressor units. This one-of-a-kind cap-plug eliminates the need for two parts during the masking and pressure testing processes.

**Clemco Industries Corp**

**Booth B455**

**Preassembled Blast Room**

Clemco Industrial blast facilities introduces its preassembled blast room for glass beads, plastic, and starch media.

**DEWALT Power Tools and Accessories**

**Booth C936**

**XP Ceramic Abrasive Grinding Wheels**

The XP Ceramic Performance Abrasives rethink metal grinding, removing more material faster than any other DEWALT bonded abrasive.

**Dynaflux**

**Booth C3202**

**Antox 75E/76E Towel/Wipe**

Antox 75E/76E Towel/Wipes for pickling and passivation of 300 series stainless steel.

**Eisenmann Corp**

**Booth B336**

**E-Cube**

Eisenmann's E-Cube paint separation system uses an intelligent filtration method to remove overspray from the air. It is efficient, simple to use, suitable for systems of all sizes and operates without the need for chemicals, water or other additives.

**EPSI (Engineered Products & Services Inc)**

**Booth B604**

**LTP Liqui-Tite™ Plugs**

Innovative: The best way to seal threaded holes. Benefits include; self sealing, fast and easy, versatile, durable, and offers a perfect fit.

**T-DRILL**

**Our Name Says It All  
Booth C312**

T-DRILL Industries Inc - 1740 Corporate Drive, Norcross, GA 30093  
Tel. 770-925-0520 - Fax. 770-925-3912 - T-DRILL@T-DRILL.COM - WWW.T-DRILL.COM

## Finishing

### Gema USA Inc Booth B641

#### OptiFlex® Automatic Gun

Gema's OptiFlex® Automatic Gun offers high transfer efficiency, reproducible coating results and the control of all gun parameters. Designed to do one thing — the OptiFlex Automatic gun delivers the right powder cloud for any given application.

#### OptiFlex®2 CF Funnel Powder Coating Unit

Gema's OptiFlex 2 CF Funnel Powder Coating Unit is the perfect solution for lab use, coating small quantities and small sized samples. This robust unit performs quick and easy color changes and provides high quality coating results with any powder.

### Hubbard-Hall Inc Booth B555

#### Aquastrip ACB

Remove a wide array of coatings in sheets, making it easy to filter a bath, and save time and money.

### IntelliFinishing, Inc. Booth B733

#### Paint System 3-D Simulation Software

### Kent Corp Booth B1329, C732

#### Burrmaster Deburring Machine

The Burrmaster brush deburring machine automatically deburrs the ends of mitre cut and bent tubes. This machine uses a unique dual action movement to give a high quality, consistent finish around the complete periphery of the tube.

### KMI Systems Inc Booth B803

#### Hoist Systems

Hoist used in pretreatment and E-Coat systems.

### Kremlin Rexson - Excel North America Booth B347, B3128

#### SAMES Lub Electrostatic Lubricating Solution

Excel North America Inc., manufacturers of SAMES brand products announces the release of its SAMES Lub Electrostatic Lubricating Solution.

### NANOGUN MV - Manual Electrostatic Low Pressure

EXEL North America, Inc., manufacturer of SAMES Manual & Automatic Liquid & Powder Coating Equipment & Solutions introduces the NANOGUN MV - Manual Electrostatic Low Pressure Spray gun.

### Mercer Abrasives Booth C2538

#### Ceraflame

High performance ceramic grain abrasives.

### MetalFinish LLC Booth B3437

#### NS Maquinas DM 1100 C

MetalFinish presents the continued development of the most efficient cross belt edge rounding machine on the market. Even smaller parts can now be processed and a machine version to remove laser oxide is now available as well.

### MetalRustGuard Booth A2555

#### MetalRustGuard

Metal Rust Guard is a self-adhesive protective wrap that ensures carbon-based metals are safe in corrosive environments and can also be used as a protective shield against abrasion during shipping.

### MetoKote Corp Booth B911

#### Process Monitoring and Control (PMC)

To continually deliver quality parts, Process Monitor and Control assures its customers that coating processes are monitored 24 hours, 7 days a week from anywhere around the world by MetoKote technicians via viewable dashboards and in-line sensors.

### Midwest Finishing Systems Booth B425

#### Coat-N-Cure Modular Powder Coating Systems

Coat-N-Cure® is an entry-level system designed with a manual coating booth, energy efficient convection cure oven, and a complete conveyor system. This allows users to establish themselves in powder coating quickly and cost effectively.

### Mighty Hook Inc Booth B714

#### Angle Pivot Technology

Angle Pivot™ tooling increases the number of parts that can be finished in the same amount of available conveyor space, on new or existing conveyors with inclines up to 60°. It also reduces the amount of finishing materials lost through over spray.

#### Snap On Load Bars

Snap On Load Bars increase line density on existing conveyors with minimal labor and cost. They snap on to H-Attachments without removing the pins, saving labor. Each load bar provides hanging points every 2".

### Nordson Corp Booth B715

#### Diaphragm Pumps

A complete line of diaphragm pumps for liquid painting applications.

### Norton | Saint-Gobain Booth C1606

#### Gemini RightCut Wheels

Norton | Saint-Gobain introduces a major upgrade to its Norton Gemini RightCut Wheels, for the best aluminum oxide (A/O) option in the market for cutting steel and ferrous metals. Norton RightCut products offer the longest life and fastest cut.

### Osborn Booth B640

#### Crimped Rectangular Filament ATB Line

Osborn announces its crimped rectangular filament in silicon carbide and aluminum oxide on a complete line of ATB brushes. The filament offers an ideal blend of aggression, flexibility and conformability for a variety of finishing applications.

### Parker Ionics Booth B925

#### GX8500 Manual Hand Guns

Parker Ionics introduces the latest in Advanced Corona Charging Technology using its patented Pulse Power II in the GX8500 series of powder coating hand gun units.

**Pearl Abrasive Co**  
Booth C3167

**EXV™ MAXIDISC™**  
The Pearl EXV™ Zirconia Maxidisc™ is designed for grinding, blending and finishing on a wide range of metal and stainless steel applications.

**PPG Industries Inc**  
Booth B907

**Powercron EPIC™**  
Powercron EPIC™ electrocoats are a line of next-generation, cationic-epoxy products formulated with a metal-free catalyst that helps manufacturers cut energy use and comply with emerging environmental regulations.

**Richards-Wilcox Inc**  
Booth B411

**MonoCart Floor Mounted Conveyor**  
Richards-Wilcox MonoCart Floor Mounted Conveyor for medium duty applications features adjustable guidance rails that allow for horizontal and vertical adjustments to increase cart stability.

**Rosler Metal Finishing USA LLC**  
Booth B4131

**RRB**  
Rosler Roller Conveyor Shot Blasting Systems are effective for descaling, removing rust and paint removal, and general cleaning, and sized to handle metal sheets, pipes/tubes, I-beams, channels and angles.

**Therma-Tron-X Inc**  
Booth B400

**Cabinet Washers by TTX®**  
TTX® Cabinet Washers feature small footprint with all the attributes of a traditional pretreatment system. Designing multi-stage pretreatment equipment with customer needs in mind.

**Transmet Corp**  
Booth B536

**ZA4 Cast Zinc Shot Blast Media**

**Walther Pilot North America LLC**  
Booth B603

**PILOT Premium 2K**  
Walther Pilot North America LLC introduces its spray gun for two-component water-based adhesives. Features stainless steel wetted parts/material passageways and a PTFE-coated gun body. Custom air cap can be positioned for horizontal or vertical spray and allows for fan pattern adjustments.

**Gases & Gas Equipment**

**Aquasol Corp**  
Booth C2118

**PRO OX®-100 Programmable Handheld O2 Monitor**  
Designed for high purity welding applications, the Pro OX®-100 measures down to 100 PPM (0.01%) resolution. The self-calibrating monitor with internal pump offers advanced features including a built-in audiovisual alarm and data logging capabilities.

**BTIC America Corporation**  
Booth C3366

**ISO High Pressure Gas Cylinders**  
UN/ISO High Pressure Gas Cylinder available in sizes of 20CF thru to 300CF.

**Chart Inc**  
Booth C3322

**LGD-Series Liquid and Gas Delivery System**  
A versatile and flexible solution for temporary gas applications and small liquid delivery requirements of oxygen, nitrogen and argon for immediate use in a wide range of gas applications such as construction sites, welding jobs, or as a backup system.

**REXARC International**  
Booth C3218

**Dewar Drop**  
The Dewar Drop is a portable gas delivery tool that can be used on-site to deliver gas at 4 or more flow rates simultaneously, for those customers who use dewars.

**Uniweld Products Inc**  
Booth C2504

**FAST-GROW™ CO2 flowmeter with Solenoid**  
FAST-GROW™ CO2 flowmeter with Solenoid and built-in electrical plug and 110V/50Hz solenoid valve to increase the plant growth.

**WITT Gas Controls**  
Booth C1661

**600H and 800ES Non-Return Valves**  
For high-pressure applications, WITT offers two models (one with a max operating overpressure of 300bar/4350 psi) in its current 600H & 800-ES series. Their compact dimensions and position-independent installation enable a broad spectrum of applications.

**Hydroforming**

**Interlaken Technology**  
Booth B1814

**Hydroforming Production Press System**  
Interlaken Technology High-Volume Production Hydroforming Press System increases throughput and reduces cycle time.

**Inspection & Testing**

**Accurex Measurement Inc**  
Booth C609

**Tubelnspect P8 Bent Tube Inspection System**  
The Tubelnspect P8 is the next generation of system in the Tubelnspect line.

**Crippa USA LLC**  
Booth C514

**EasyGauge**  
EasyGauge is an ultra accurate, non-contact dimensional measuring device useful for tube end forms and small machined parts.

**CWI Helper**  
Booth C3419

**CWI Helper**  
CWI Helper is an ideal solution to manage welding certification documents. The smart forms technology with pre-populated selections makes filling out the forms (WPS, PQR, WQTR) quick and easy and is designed to keep customers in compliance.

**DeFelsko Corp**  
Booth B600

**PosiTector Inspection Kit**  
PosiTector body accepts all coating thickness, surface profile, environmental and ultrasonic probes easily converting from a coating thickness gage to a surface profile gage, dew point meter or ultrasonic wall thickness gage with a simple probe change.

## Inspection & Testing

### Dino-Lite Scopes (BigC) Booth B4907

#### Dino-Lite EDGE Series

Dino-Lite USB digital microscopes used for inspection and image and video capture. Magnification ranges include up to 200x, 500x, and 900x. New EDGE series has features such as Extended Depth of Field (EDOF) and Automatic Magnification Reading (AMR).

### GE Measurement & Control Booth C158

#### Mentor EM with Mentor Create

GE Mentor EM allows users to easily access on-device workflow applications that efficiently guide the inspector while capturing electromagnetic (eddy current) inspection data.

### Hexagon Metrology Inc Booth B4002

#### ROMER Absolute Arm

The ROMER Absolute Arm features optimized ergonomics, a wrist design, and greater stability to create a better user experience while further reducing operator fatigue.

### IMPACT Engineering Inc Booth C2234

#### ARClient® Codes & Standards

IMPACT Welding introduces Codes & Standards. A highly integrated and easy to use software interface for recording and annotating welding parameters. Fully document with flexible annotation, the weld parameters of each joint, pass, and segment.

### Interlaken Technology Booth B1814

#### Pressure Testing Systems

Interlaken Increases testing space for standard pressure testing systems for leak testing, burst testing, hydrostatic and impulse testing.

### Measurement Systems Intl A Rice Lake Weighing Systems Co Booth B5005

#### TRANSEND™

TranSend™ is a wireless load cell interface that transforms the signal of one or more load cells and sends the data wirelessly to a receiving unit.

### Modern Manufacturing Technologies Booth B4055

#### Planar LED with Flatness Compensation

InspecVision continues to improve on the best 2D measuring system in the world. Now with LED lights, product lifetime has vastly improved. Users can also measure the flatness of a 2D part or measure multiple of the same part at one time.

### Oasis Scientific Inc Booth C931

#### ViTiny UM08

#### HDMI Digital Microscope

With 60 fps frame rate for 2MP images, ViTiny UM08 is fast to deliver high definition live videos through HDMI cable to monitors. Remote control and autofocus, it is a great tool for quality inspection, research and development, education purpose.

### Olympus Booth C3622

#### OmniScan SX

The OmniScan SX flaw detector represents a breakthrough in making phased array technology more accessible to weld inspectors, thanks to its simplicity of use and competitive price point.

### Polyrix Inc Booth B5445

#### PolyScan XS

The PolyScan XS is a Surround 3D Scanner™ built with accuracy in mind. It is therefore a natural complement to any CMM based inspection, providing most if not all of the needed measurements in a fraction of the time.

### Vitronic Machine Vision Booth C2560

#### VIROwsI - Optical 3D weld seam inspection

The VIROwsI inspection system automatically detects and visualizes deviations from pre-defined standards. 3D visualizations of the inspection results enable targeted reworking of parts. All information is documented and archived in an integrated database.

### Xiris Automation Inc Booth C1667

#### Xiris XVC-G Weld View Camera

The XVC-G Weld View Camera combines 140+ dB High Dynamic Range capability with power via Ethernet. The XVC-G provides incredible image quality of numerous welding and laser processes.

### Zarbeco LLC Booth B5338

#### Video ToolBox Premier Software

Image annotation and measurement software includes advanced measurement tools with edge detection assist, and an option to display CAD file overlays on a live or saved image. Optimized for use on touchscreen tablet computers.

## Job Shop/ Contract Manufacturing

### Faspro Technologies Inc Booth B5068

#### Photochemical Etching

Photochemical Etching is a process in which to fabricate complex metal components quickly and efficiently. Faspro Technologies primarily uses this process to produce blanks for our customers.

### KK Metal Processing Pte Ltd Booth B5206

#### 3DLasercut/LaserWeld/ LaserTubeCut

KK Metal Processing specializes in the flexible manufacturing of precision sheet metal parts since 1974. The services provided are Laser Weld, Laser Tube Cut, 3D Laser Cut, 2D Laser Cut and other sheet metal forming facilities.

## Lasers

### ABICOR BINZEL Booth C1344

#### TH6D - Seam Tracking Sensor

TH6D records welding and brazing components and joints using laser lines and a camera, allowing the course of the welding seam to be corrected in real time.

**Alkras LLC**  
**Booth B4337**

**Innovative CO2 Laser Technology**  
Alkras's technology is based on the novel approach that Subsonic Transverse-flow gas lasers utilize Radio Frequency excitation. This technology is capable of emitting different wave lengths ranging from 4.7 to 10.6 microns.

**Amada America Inc**  
**Booth B2503**

**LCG 3015 AJ Fiber Laser equipped with MPL**  
The LCG 3015 AJ is a high-speed and high-precision fiber laser cutting system that uses approximately a third of the electricity required by the same wattage CO2 laser system.

**ENSIS 3015 AJ**  
Leveraging a highly innovative resonator, the ENSIS 3015 AJ is a 2kW fiber laser cutting system that provides 4kW cutting capabilities.

**LC 2515 C1 AJ**  
The LC 2515 C1 AJ is a revolutionary punch/fiber laser combination machine that's equipped with a Multi-Purpose Tool (MPT) turret to ensure maximum productivity while reducing secondary operations.

**Bystronic Inc**  
**Booth B2225**

**BySprint Fiber Laser with Fiber 6000 Laser Source**  
Bystronic extends the BySprint Fiber portfolio with the addition of a 6 kW Fiber laser source for its 3015 and 4020 machine formats.

**Dimeco Alipresse**  
**Booth B5306**

**Continuous Coil Laser Cutting Line**  
Fully automatic coil laser cutting system with automatic part download and scarp ejection. Non stop process for high level production, no length limit for parts and scrap reduction.

**Dinse Inc**  
**Booth C2037**

**AFD laser push-push laser wire feeding system**  
Dinse Inc. introduces its innovative push-push laser wire feeding system including monitoring. The system utilizes four drive rolls providing for precise feeding and positioning of the wire.

**Durma USA**  
**Booth B3501**

**HD-FL Generation II Linear Fiber Laser**  
Durma's second generation HD-FL Linear fiber laser features high positioning and cut speeds as well as reduced maintenance and operating costs.

**Epilog Laser Corp**  
**Booth A2560**

**Fusion 40 Laser**  
With a 40" x 28" (1016 x 711 mm) engraving table, the Fusion 40 offers laser operators a generous engraving table and wattage configurations up to 120.

**Ermaksan Mak. San ve Tic. AS**  
**Booth B3461**

**FIBERMAK MOMENTUM GEN-2**  
Perfect fast cutting at high speeds with improved CNC control. A game changing thought with modern & ergonomic design. Benefits include; perfect cut, excellent speed and high performance.

**Farley Laser Lab**  
**Booth B3761**

**GF3015 CNC Fiber Laser Cutting Machine**  
The GF3015 CNC Fiber Laser adopts gantry-motion structure, linear guide, screw drive, AC servo motor and drives & vacuum system. This equipment design is advanced, reliable & also all key components are from national & international known brands.

**LSF20 Laser Marking Machine**  
The LSF20 Fiber Laser Marker has a compact, portable structure with no optic-pollution, little energy loss & an air cooling concept, so it has advantages over its competitors. The laser beam quality is perfect for high-precision marking applications.

**Gravograph**  
**Booth B4436**

**TF450 by Technifor**  
The TF450 by Technifor is ideal for deep and fast marking.

**II-VI Infrared**  
**Booth B3114**

**Cover Slides**  
Cover Slide for Fiber and YAG Lasers.

**Innovative Tube Equipment Corp**  
**Booth C745**

**TTM FL170 3D FIBER Laser Tube Cutting Machine**  
The TTM FL 170 3D FIBER Laser tube and profile cutting machine can be used to cut round, square and rectangular tubes as well as wide flange beam and open profiles ranging from 1/2" to 6.6" OD and up to 13 foot in length standard or 16.8 lb/ft.

**JMT USA**  
**Booth B4725**

**Nukon Fiber Laser**  
JMT Nukon fiber lasers can endure the day-to-day rigors of any machine shop. Ranging in power from 1KW to 6KW, our fiber lasers are capable of cutting a variety of materials and thicknesses with speed and efficiency.

**Kern Laser Systems**  
**Booth B4347**

**HSE (High Speed Engraver) Laser System**  
The HSE is the flagship model in Kern's product lineup.

**Laser Mechanisms Inc**  
**Booth B4424**

**FiberCUT™ 2D Processing Head**  
Laser Mechanisms' FiberCUT™ 2D processing head delivers cutting-edge performance for flatbed cutting systems up to 6kW.

**Laserline Inc**  
**Booth C1035**

**Diode Lasers of LDF Series with Beam Converter**  
Laserline Inc introduces its innovative diode laser with integrated beam quality converter. Based on the long established and proven technology of actively cooled laser diodes, the beam parameter product has been optimized using an active fiber — the converter.

**LaserStar Technologies Corp**  
**Booth C1966**

**1900/XL Series Industrial Laser Welder**  
LaserStar's 1900 Series Industrial Laser Welding Systems are ideal for a wide range of metal joining, complex assembly, automation and repair applications for the industrial marketplace.

## Lasers

### LaserStar Technologies Corp Booth C1966

#### 3900 Series -

#### FiberStar Laser Cutting System

FiberStar Laser Cutting Systems offer a significant competitive advantage for today's marketplace while producing high quality, dimensionally accurate laser cuts for a wide range of industrial applications.

#### 7700 Series with Universal Jig

LaserStar 7700 Series with Universal Jig micro welding laser systems are ideal for a wide range of large plastic injection mold, tool & die maintenance and repair applications.

### LVD Strippit

#### Booth B3103

#### Adaptive Laser Cutting

ALC technology automatically optimizes laser cutting results in thicker mild steel materials using a dynamic feedback system to monitor and regulate laser power, speed and assist gas pressure in real time during the cutting process.

### Mazak Optonics Corp

#### Booth B3525

#### OPTIPLEX 3015 Fiber with Zeta-7 Cutting Head

Mazak Optonics Corporation introduces its OPTIPLEX 3015 Fiber laser-cutting system with an Intelligent Multi-Function Torch and Nozzle Changer and Preview 3 Control.

### MC Machinery Systems, Inc / Mitsubishi Laser

#### Booth B1925

#### NX-F 4 KW Fiber Laser

Mitsubishi introduces its NX-F 4000W Fiber laser.

### MegaFab-Piranha -Whitney-Bertsch

#### Booth B2825

#### 1.5g Fiber Laser

Built with reliability and economy in mind, Whitney 1.5g uses the best mechanical components available to ensure precision and reliability. This combination of durability and cost efficiency provides maximum value for steel processors.

#### 3g Fiber Laser

Whitney's 3g line of fiber lasers provides the optimum combination of cutting speed, innovative technology and simplicity to increase the profit margin of manufacturer and contract shops alike.

#### 6g Laser

The world's fastest laser combines a polymer concrete base, carbon fiber bridge, linear drive motors, and 6kw of IPG fiber laser cutting power for unmatched high speed cutting in thin material and powerful, reliable cutting in up to 1" (25 mm) plate.

### Messer Cutting Systems

#### Booth B3911

#### Fiber Laser / Plasma Combination

High precision part cutting capability, the Fiber Laser with Plasma combination machines are 2.5 times more productive over traditional Plasma Oxy-fuel systems a lower operating cost.

### Prima Power North America Inc

#### Booth B2725

#### PLATINO® Fiber 2D Laser

The Prima Power PLATINO® Fiber 2D laser cutting machine combines state-of-the-art efficient and ecological fiber laser technology, with the proven reliability and flexibility of the PLATINO® platform.

### RDI Laser Blanking Systems

#### Booth B2133

#### Coil-Fed

#### Fiber Laser Blanking System

Featuring 1, 1.5 or 2 meter widths, RDI's Coil-Fed Fiber Laser Blanking System cuts metal parts five times faster compared to CO2 lasers. With a projected fiber laser life of up to 100,000 hours, this system easily and continuously cuts from coil.

### Rhino Cutting Systems

#### Booth B5260

#### Rhino Fibre Laser Cutting Machine

The Rhino Fibre Laser Cutting machine is a high performance, low cost, flying optic 2D laser cutting machine.

### Richardson Electronics Ltd

#### Booth B2129

#### CO2 Laser Replacement Bellows

Richardson Electronics is pleased to announce more than a dozen replacement bellows which include round bellow designs. These bellows are suitable for use in CO2 lasers made by Bystronic® and Trumpf®.

#### Fiber Laser Protective Windows and Cleaning Sticks

Richardson Electronics is pleased to announce protective windows and polyester cleaning sticks used in fiber lasers.

#### Water Treatment Kits

Richardson Electronics is pleased to announce its water treatment kits for both for the aluminum & copper cooling circuits used on Trumpf® CO2 laser systems. Each kit contains proportioned amounts of chemicals for a single water change.

### Trotec Laser Inc

#### Booth A2451

#### ProMarker 300

The ProMarker 300 combines all advantages of galvo marking in the smallest footprint. With the innovative laser software DirectMark, working just like a printer driver, users can mark directly from any graphics, CAD or label printing software.

### TYKMA Technologies

#### Booth B4450

#### Zetalase XL

TYKMA Technologies introduces its Zetalase™ XL offering more power, more space and more flexibility.

### Virtek Vision International

#### Booth B4025

#### Latest Release: Virtek IRIS ( SPS)

Iris™ Spatial Positioning System guides workers through the assembly process by locating hardware in 3D space, quickly locking onto CAD datum references and employing lasers to project exact placement positions on the work piece.

#### Latest Release: Virtek LaserQC

Virtek LaserQC system, it's easy to reverse engineer two-dimensional parts. The LaserQC scans the part in seconds, capturing all required data and generates a CAD file.

**Lubrication**

**DuBois Chemicals**  
Booth B741

**Pearl-Z Bactericide-Free Metalworking Fluid**

Run it and relax. DuBois Chemicals Pearl-Z bactericide-free metalworking fluids contain no bactericides, eliminating chemicals with potential health and skin irritation concerns while improving overall performance.

**Fuchs Lubricants Co**  
Booth B1017

**Synthetic Stamping Lube Safe on Zinc Coated Steel**

Eco Draw EG40 is a synthetic stamping lubricant safe on zinc coated steel, compatible with galvanneal and galvanized steel and can be used to form uncoated steel and aluminum. It inhibits galvanic corrosion and black staining.

**Irmco Inc**  
Booth B5235

**IRMCO FLUIDS Synthetic lubricant for Galvanized**

IRMCO FLUIDS® 300 series, the first non-oil lubricant for galvanized metals. This synthetic lubricant is highly dilutable, it improves tool wear, reduces consumption, provides less downtime, and less washer usage without staining or increasing corrosion.

**Tower Oil & Technology Co**  
Booth B1540

**Saf-T-Vanish 133**

Saf-T-Vanish 133 is green fluid technology using ingredients derived from renewable resources. Formulated to replace vanishing oils made with hydrocarbon solvents. Meets SCAQMD Rule 1144 requirements.

**Unist Inc**  
Booth B1006

**Unist TSL System for Ultra-Thin Stock**

Unist, Inc. introduces its TSL™ System designed to provide consistent lubricant application for the ultra-thin stock typically used in the HVAC, container and packaging industries.

**Machining/EDM**

**Dongying Haihe Machinery Co Ltd**  
Booth A2849

**Pump Rotor**

Pump rotor is one important part of a pump to reduce pressure of cavity and keep the part steady.

**Lindquist Steels Inc**  
Booth B1129

**Precision Square Block Milling**

Lindquist Steels, Inc. is now offering Precision Square Block Milling.

**KOCH** George Koch Sons, LLC  
A smarter solution. Worldwide.

George Koch Sons provides turnkey solutions worldwide for **Coating Systems, Environmental, Acoustical, Thermal, and Automated Material Handling** applications.

- E-Coat, Powder, Liquid, Plating & Anodizing Paint Finishing Systems
- Acoustical Barriers, Enclosures & Doors • Sound Absorption Panels • Hoists
- Waste Water Treatment Systems • Shuttles • Drying Systems

**RESISTANCE WELDING**  
MACHINE & ACCESSORY

FABTECH BOOTH A3054

SINCE 1987

**RESISTANCE WELDING MACHINE & ACCESSORY**  
HAS BEEN A FULL SERVICE MANUFACTURER AND DISTRIBUTOR OF QUALITY RESISTANCE WELDING SUPPLIES AND EQUIPMENT. WE ARE INDUSTRY LEADING RESISTANCE WELDING SPECIALISTS, SOLVING WELDING CHALLENGES ACROSS THE GLOBE.

RESWELD.COM

## Machining/EDM

### Quality Machine Protection Inc Booth B4628

#### Way Wipers

Quality Machine Protection Inc. is a supplier of all Moulded, Steelcase, Aluminum & Telescopic Way Wipers.

## Maintenance & Repair

### Elevance Renewable Sciences Booth B229

#### Elevance Clean™ 1200

A superior-performing degreasing and VOC-exempt solvent for industrial degreasing applications targeted toward heavy manufacturing, transportation MRO and industrial food processing.

### Gloves Inc Booth C3409

#### Glove & PPE Refurbishment System

The Gloves, Inc. Glove & PPE Refurbishment System offers solvent technology combined with Gloves, Inc.'s tried and true refurbishment process in order to CLEAN & REPAIR the toughest industrial Gloves and other PPE (Personal Protective Equipment).

### Lianyungang Orientcraft Abrasives Co., Ltd Booth C3410

#### Orient Cart

Orient Cart is an ideal product that can replace the traditional technique of water mill, improve the quality of coating as well as the operating environment.

### Pro Tool Warehouse LLC Booth B4570

#### Advanced Steel CDI Steel Torque Wrench

The line of Electronic Torque Wrenches from CDI Torque Products is truly revolutionary. Pro Tool Warehouse LLC unites torque and angle in a single mode to provide the most accurate and fastest way to achieve torque while applying the right angle tightening sequence.

### Rousseau Metal Inc Booth B5360

#### L50 Electronic Lock

The L50 lock has been designed to make it as functional as possible. The keypad is alphanumeric, which offers a larger variety of options when choosing a code. Icons are simple and universal, making use of pictograms and color rather than words.

## Material Handling/Marking

### Al Huda San Dis Tic Ltd STI Booth B5365

#### Double Girder Overhead Crane

Capacity: up to 200 tons; Span: up to 50 meters; Applications: open coverage area material handling; Characteristics: Comprehensive standard and optional equipment to suit individual application.

### Appleton Manufacturing Div Booth C662

#### Appleton CartMover

Move just about anything on casters or wheels with the battery-powered CartMover, a compact material handler that is perfect for increasing productivity and ensuring worker safety.

### Arro-Mark Co LLC Booth B3435

#### Mighty Marker Metal Marker MM-66/99/94

Our Pump Pen Metal Marker comes in three different sizes. Fine Tip — MM-66 has a 3/64" - 1.19 mm tip. Medium Tip — MM-99 has a 3/32" - 2.38 mm tip. Broad Tip — MM-94 has a 1/8" - 3.18 mm tip. Seven colors available.

### ASMAG GmbH Booth C608

#### Automated Stacking and Bundling

The automated ASMAG stacking and bundling systems are characterized by high flexibility and short set-up times. Finished products are stacked and bundled into ready-to-ship packages. Various stacking shapes possible.

### Baoji Boze Metal Products Co Ltd Booth A2650

#### Titanium Material

Titanium bar/plate/tube/wire /fasteners.

### Buffalo Shrink Wrap Booth C3428

#### 50 Foot Wide Shrink Wrap

Buffalo Shrink Wrap now offers shrink wrap from 10 feet wide all the way up to 50 foot wide for effectively protecting large items during shipping and storage.

### Combilift USA Booth C523

#### Combi-WR4

Combilift introduces its Combi-WR4, the first 4-directional pedestrian reach truck that the company has launched. The Combi-WR4 recently won the UK Fork Lift Truck Association Awards for Excellence in the Ergonomics category.

### Daifuku Webb Booth B509

#### 4" Wide Wing

#### Power & Free Conveyor System

Daifuku Webb Company introduces its 4" Wide Wing Power & Free Conveyor System to enhance the current product offerings. This product will be interchangeable with existing systems, and will be utilized on all new installations.

### DE-STA-CO Booth C3666

#### Robohand

#### G100 Series Pneumatic Grippers

The G100 Series Grippers are designed to provide machine builders and OEMs with higher-quality, low-maintenance grippers for cost-sensitive applications. Built to higher standards to deliver longer-lasting performance with reduced warranty claims.

### Dr Gold & Co Booth C2512

#### Carrymate OXO

The CARRYMATE® Grips' endorsement by both British and German Health & Safety Authorities is well deserved as the grips' design makes them the only manual handling tools that allow the user to work from a safe lifting position.

**Goessling USA Inc**  
Booth A2641

**Laser Cut Side-Wings for Hinged Belt Conveyors**

Laser Cut Side-Wings for use on hinged steel belt conveyors transporting small, sharp, thin stamped scrap.

**Industrial Magnetics Inc**  
Booth B2147

**Low Profile Transporter® BS**

IMI's extended line of Low Profile Transporter® Magnets adds BSPP fittings, Non-Rotating and Double-Acting options.

**InfoSight Corp**  
Booth B3552

**Laser Tag Printer**

A more powerful laser available on InfoSight's popular laser tag printer.

**Intercomp**  
Booth B4529

**TL8500™ Tension Link Scales**

TL8500™ Series Tension Link scales from Intercomp are the industry standard for controlling and monitoring overhead loads and line tension while helping to maintain a safe work environment.

**LA-CO Industries/Markal**  
Booth C1602

**DURA-INK WashAway**

Wash removable ink marker for temporary marking.

**Magic Rack/Production Plus Corp**  
Booth B615

**Heavy-Duty Finishing Racks**

Custom-made in the USA, heavy-duty large parts finishing racks offer 600 pound capacity with removable dolly, handle, crossbars and hooks. Great for off-line loading/unloading, transporting & cleaning. High-temp casters for curing ovens.

**Miyachi America**  
Booth B3013

**LMWS Low-Cost Laser Marker Workstation**

The LMWS Low Cost Laser Marking Workstation is a compact and highly configurable unit designed for lean manufacturing. Standard options include, a rotary stage, to tailor the machine to match the users process.

**O'Brien Installations Ltd**  
Booth B4901

**Jib Cranes**

Discover North America's most extensive Jib Crane product line with lifting capacities up to 80,000 lbs. Each system is engineered with the operator in mind to deliver optimal movement and load positioning.

**RICHTER Marking & Automation Inc**  
Booth A2442

**LSM 700**

The LSM 700 Laser cabin is the ideal entry into professional laser marking — consisting of a laser marking workstation in a compact size with a fiber laser.

**Rocklin Manufacturing Co**  
Booth B3410

**FlyMarker Pro**

The FlyMarker Pro is a portable battery operated dot peen marking system. This self contained dot peen marking system does not have any annoying cables to deal with. The unit only weighs 10 pounds and operates on a 36 volt Lithium Ion battery.

**Sahajanand Laser Technology LTD**  
Booth A2455

**Akshar Fiber Pro**

A Precise and ultra fast laser marking systems with unmatched performance. It is capable of marking on a fairly complex surface on a sufficiently hard material.

**Sheet Stacker**

A versatile way to stake sheets size as big as 3 x 1.5 mtr. Apart from a concise arrangement that it allows, it offers a dust and scratch free storage of raw metal sheets.

**Sakura of America**  
Booth C93

**Solid Marker(R) Low Temperature**

Solid Marker Low Temperature is a solid-paint marker for cold temperature environments. Working temperature range -40 to 212 degrees F (-40 to 100 degrees C). Marks on almost any surface, indoors or outdoors, smooth, rough or wet. Non-toxic.

**Sideros Engineering Srl**  
Booth B4614

**SYNCROLIFT**

Head & Tailstock Positioner for handling and welding operations. It performs a synchronized lifting and lowering of the workpiece as well as a 360° rotation of the weldment. Capacity range from 8800 lb. to 55000 lb.

**Steel King Industries Inc**  
Booth B5214

**Round Corner Corrugated Containers**

Steel King Round Corner Corrugated Containers offer exceptional storage value not only because of their economical price, but also because their superior durability means lower lifetime cost.

**Stor-Loc Corp**  
Booth B5432

**MM50 Machinist Mobile Workstation Storage Center**

168"W MM50 is designed for centralized tool storage.

**Strothmann Machines & Handling GmbH**  
Booth A2661

**High Speed Transfer**

After the successful establishment of the CompactTransfer, this year Strothmann presents the HighSpeed Transfer. This crossbar transfer system was developed for tandem press lines and is based on servo-linear technology.

**Welker Engineered Products**  
Booth C2135

**Part Presentation Slides**

The Welker Part Presentation Slide offers a cost and space saving alternative to feed conveyors. Providing no pinch points or catch points, the part presentation slide is safer for the operator than indexing or accumulating conveyors.

**Rota-Flex Rotary Indexer for Passive Flexible Tool**

The Welker Rota-Flex is a positive lock mechanical indexer for trunnion fixtures, model change-over tooling, and small dial tables. Ideal for palletized systems, the Rota-Flex does not require power, additional controls or sensing.

## Material Handling/Marking

### Zund America Inc Booth B5369

#### Zünd S3 with Robotic Off-Load

Zünd has integrated a robotic off-load arm with its S3 line of multi-functional cutting systems. The S3 is designed for non-stop cutting/ converting a wide range of materials commonly used in many different prototyping & manufacturing applications.

## Metal Suppliers

### Uyar Celik Endustrisi San Tic AS Booth B5269

#### Hot Rolled and Cold Drawn Carbon Steel Bars

Hot rolled and cold drawn round, square, flat (rectangular) and hexagonal carbon steel bars.

## Other Machinery/ Equipment/Parts/Products

### ABICOR BINZEL Booth C1344

#### Water-Circulators CR 1000, CR 1250

The mobile cooling units CR 1000 and CR 1250 are the ideal complement system to equip a power source designed for welding with a liquid-cooled welding torch.

### American Technical Publishers Booth C3240

#### Welding Skills Textbook

Welding Skills is an industry-leading textbook designed to provide the essential knowledge and skill-building exercises necessary to succeed in today's welding industry.

### ASMAG USA, Inc. Booth C608

#### ASCONE Continuous Rotary Extrusion

ASCONE CRE machines have simple and rapid set-up, quick dimensional changes and allow for economical production of small batches.

### Big Ass Fans Booth B1641

#### High Bay LED

Big Ass Fans offers its long-lasting and durable LED fixture. Engineers combined light quality, energy efficiency and cutting-edge technology into a single fixture, the Big Ass High Bay LED.

### China National Abrasives Industry Corp Booth C3661

#### Automatic Flap Disc Machine

This machine produces flap discs automatically, using backing discs, one compound adhesive and abrasive ribbon. All material loading and unloading work can be done with ease and high efficiency.

### Cold Shot Chillers Booth B334

#### Single Phase Voltage Water Chillers

Cold Shot Chillers introduces single phase voltage chillers (up to 10 tons) to provide an alternative to bringing in three phase power to the facility.

### DESCH Canada Ltd Booth B1413

#### Gear Coupling

DESCH Gear Couplings are flexible shaft connections suitable for a positive torque transmission. They ensure to compensate radial, axial and angular shaft misalignments. The gear coupling is made of steel with grease lubrication and O-ring seal.

Sand casting, investment casting.

### Eayuan Metal Industrial Co., Ltd. Booth B5108

#### Investment Casting

Customized casting parts.

### eMaint Enterprises Booth B5405

#### eMaint University (eU)

eMaint Enhances X3 CMMS customer experience with fully-interactive learning management system.

### EnvisionTEC Inc Booth C615

#### Xede® 3SP™

The Xede® 3SP™ large format 3D printer allows for the production of exceptionally large 3D parts (18" x 18" x 18"), built at fast speeds without sacrificing surface quality or part accuracy.

### Filter 1 Booth B947

#### DUSTRON "BOB"

FILTER-1 introduces its BOB Series decontamination booth.

### George Koch Sons LLC Booth B515

#### Rejuvenator Cleaner Ultra Filter

The KOCH Rejuvenator is designed to continuously clean a cleaner bath up to twice as often as a current tank dumping operation for under 25% the operating cost.

### Heck Industries Booth C3422

#### Bench Vise

Heck Industries introduces its forged Steel Bench Vise.

### Lee Yeong Industrial Co. Ltd. Booth B450

#### DM10 Diamond Core Drilling Motors and S500 Stands

AGP is a professional power tool manufacturer with motors produced in-house. We offer a full line of metalworking tools, including mag drills, metal cutting circular saws, bevelers, grinders, polishers.

### Nantong Yutung Industrial Co. Ltd Booth A2652

#### Metal Parts for OEM's

Parts can be produced by drawing for the process casting, forging or stamping with a variety of material.

### Ocean Machinery Inc Booth B4647

#### Ocean Avenger PLUS

The Ocean Avenger PLUS is an innovative way to drill, mill, counter-sink, tap & mark. The Ocean Avenger PLUS is half the floorspace of traditional beam lines, costs half the price but offers two times the versatility.

**Ohio Moulding Corporation**  
Booth B1610

**OmcoSTRUT-XD**

OmcoSTRUT-XD is dimensionally equivalent to other strut channel on the market but it is made from 50 ksi steel. Higher strength steel allows OmcoSTRUT-XD to provide a greater factor of safety, but at a cost comparable to standard strut channel.

**Parker Hannifin SSD Drives**  
Booth B4878

**AC30 Variable Frequency Drive**

Hydraulic power units and pumps account for a large percentage of manufacturing plants' energy consumption. The addition of variable frequency drive (VFD) technology can optimize their performance, while providing additional benefits.

**Patterson Fan Co**  
Booth C515

**High-5 HVLS Ceiling Fan**

Patterson has created the first HVLS ceiling fan with a modular design. This unique design offers ease of maintenance & service, but also the reduction of stress on the gearbox. Energy efficient. Quiet performance.

**Paul Gardner Co**  
Booth B538

**Xtra-Value Digital Microm II**

Gardco's Economy Film Applicator All Microm II Film applicators 3" or greater can now be fitted with the Xtra-Value electronic micrometer heads.

**Pemamek Oy Ltd**  
Booth C1734

**Automated PEMA Welding and Assembly Station**

Automated PEMA Welding and Assembly Station for welding and fabrication of pressure vessels and heavy tanks is an effective solution in serial or project-oriented manufacturing. PEMA station is designed for thick materials welding.

**Radyne Corp**  
Booth C3361

**VersaPower®-Xtreme™**

VersaPower®-Xtreme™ Induction Power Supply with Digital IQ™ Intelligent Controls is the most advanced induction designed for today's modern networked manufacturing environments.

**S & H Industries Inc**  
Booth C3438

**Allsource Monster Abrasive Blast Cabinet**

The Allsource Monster Blast Cabinet is constructed of 14-gauge steel with a powder coated finish for strength and durability. It features a rear mounted dust collector and large 46" x 34"D work area to handle big projects easily.

## Other Machinery/ Equipment/Parts/Products

### Steinel Normalien AG Booth B1215

#### S Former E

The electric S-Former E comprises a tapping unit, servo drive and PLC unit.

### Strothmann Machines & Handling GmbH Booth A2661

#### RoundTrack® 60

Efficient Production-logistics solution for heavy goods: RoundTrack® 60 supports bigger loads per wheel.

### Tapeswitch Corp Booth B1546

#### Machine Guarding Safety Laser Scanner

Tapeswitch Corporation is now offering a programmable (PC-based), miniature, CAT 3 SIL2, PLd, Laser Class 1, Type 3 safety laser scanner for simple through complex machine guarding applications in one unit for machine builders/user applications.

### Tri-Mer Corp Booth B4978

#### Polypropylene Tanks

Specializing in the design, manufacture and installation of polypropylene process tanks for heavy-service use. We engineer and fabricate the widest range of 1 inch solid polypro tanks for industrial and process applications.

### Turck Inc Booth B1325

#### Contactless Inductive Coupler

The NIC contactless inductive coupler offers a wear free alternative to classic connectivity solutions. The NIC series can be used for data & energy transmission and is able to transfer up to 12 Watts and .5 amps of power across an air gap of 7 mm.

### Ultraflex Power Technologies Corp Booth C219

#### UPT-M Air-Cooled

Ultraflex introduces its UPT-M/AIR air-cooled product line of induction heating systems specifically designed for preheating, shrink fitting, and stress relieving applications.

### Voortman Corporation Booth B3701

#### Experience Center

A newly built facility in which the showroom of Voortman Steel Machinery is combined with a high-tech academy for engineers and machine operators, both internally and externally.

### Walter Surface Technologies Booth C3556

#### Xcavator

Extremely aggressive grinding wheel offers ultra high removal rate on steel, stainless steel and hard metals.

### Zerust Corrosion Solutions (Northern Tech Intl Corp) Booth B1234

#### Zerust Outdoor Preservation VCI Shrink Film

High-strength 8-mil VCI shrink film with UV stabilizers for 3-year outdoor protection.

## Plate & Structural Fabricating

### Alfra USA LLC Booth C3237

#### TML Lifting Magnet

Patented technology by Alfred Raith, Hockenheim Germany. Magnets that lift thin and thick materials using the same magnet.

### Bajaj Machines India Pvt. Ltd. Booth B4911

#### Multi Hydraulic Steel Worker

BMI 'E-Series' Twin Hydro Multi Steel Workers size from 95 to 350 Ton Cap. The 'Twin Hydro-Dual Op' Multi Steel Workers are fast in production and can be operated with two operators working together.

### Farley Laser Lab Booth B3761

#### Trident - Combination Drilling & Plasma Cutting

The Trident is a multi-torch cutting machine designed to deliver precision, high definition plasma & oxy-fuel cutting and drilling. The Trident is suited to high volume cutting environments such as shipyards, steel service & distribution centers.

### Hausler AG Booth B4453

#### Plate Roll for Oil Field Storage Tanks

The HAEUSLER development includes a 4-roll plate bending machine and 2 very special inclinable plate charging tables, which allow to support plates up to length of 40 ft and roll sections from min. radius of 25ft up to radius of 150ft.

### Hypertherm Inc Booth B3147

#### HyPerformance HPRXD 3D Profiling Torch

HyPerformance HPRXD Plasma torch that features a shorter assembly for use on 3D profiling equipment.

#### Integrated Cutting Solutions

Hypertherm's Built for Business Integrated Cutting Solutions performance application builds on the capabilities of True Hole and True Bevel by automatically delivering optimum cutting performance.

### JMT USA Booth B4725

#### Structural Drill Line

Drill, mill, tap or scribe along 3 surfaces without repositioning material for faster, more efficient structural fabrication. Line includes a 3-axis drill unit, in-feed conveyor with pushing arm, gravity out-feed conveyor and CNC controller.

### MegaFab-Piranha- Whitney-Bertsch Booth B2825

#### FINELINE

An affordable Precision Plasma Cutting Machine Tool with independent zoned downdraft table, rigid steel frame and bridge, and full Hypertherm suite of components available for optional TrueHole cutting. Ruggedly built in the U.S. for fabricators.

#### PlateLASER

A fiber laser cutting machine tool 3m x 6m (120" x 240") with linear drive motors for high speed positioning. Able to laser cut up to 1" thick, an optional plasma cutting head can be used for high speed plasma contour cutting.

**Permadur Industries Inc**  
Booth C2457

**Magnetic Plate Handling Systems**

Permadur designs and builds magnetic plate handling systems for suspension on both fork truck and single/double hook overhead crane using their patented electrically controlled permanent lifting magnets.

**Prodevco Industries Inc**  
Booth B5247

**ProFitter™**

The ProFitter™ 3D projection fitting system is our structural steel adaptation of Virtek's Iris Spatial Positioning System.

**Rollmeister**  
Booth B4552

**Rollmeister TETRA CNC Control**

The 4-roll plate bending machine Rollmeister TETRA comes with the latest CNC control.

**Welding Alloys USA**  
Booth C2041

**HARDLITE**

Lightest and hardest Chromium carbide wear plate on the market. Optimum solution for severe sliding abrasion applications, where the weight is restricted and hard to reach areas.

**Press Brakes**

**Ermaksan Mak. San ve Tic. AS**  
Booth B3461

**EVOLUTION-2 Hybrid Pressbrake**

The fastest: 0.78"/sec, most accurate: 0.0003", 65% energy saving 95% reduced oil level — no oil change for five years, no oil heat up, highest bending efficiency, easy maintenance, and quietest in its class: 63db.

**JMT USA**  
Booth B4725

**Press Brakes**

JMT offers 5 different styles of hydraulic press brakes, each tailored for different application needs. Each model comes in a variety of lengths and tonnages, from 3 axis to 14+ axis.

**Lazer Safe Pty Ltd**  
Booth B4325

**Sentinel**

**Press Brake Guarding System**

Sentinel is an advanced press brake guarding system designed for retrofit application and provides the highest level of operator protection while maintaining machine productivity and performance.

**Press Brake Safety**  
Booth B2262

**Fiessler Elektronik**  
**Safety Foot Switches**

A sturdy construction and improved contact modules characterize these foot switches. All contact terminals are new screw terminals which supports an easy connection of the wires.

**Pressroom Electronics Inc**  
Booth B1046

**Resolver Based PressCommander**

Exceeds OSHA 1910. 217 & ANSI B11.1-2009, control reliable design, with dual logic power supplies, resolver, system diagnostics & programming in English/Spanish which can control up to 4 sets of operator stations. Made in the USA.

**Sahajanand Laser Technology LTD**  
Booth A2455

**OptiBend Press Brake**

Sahajanand Laser Technology LTD introduces its press brake system equipped with latest technology providing a precise bend with competitive rapidity.

**Salvagnini America Inc**  
Booth B3125

**B3 Hybrid Press Brake Series**

The B3 is Salvagnini's latest technology-driven press brake. Combining direct drive electric motors for speed and innovative hydraulics for power, the B3 significantly reduces cycle times while providing an exemplary, repeatable level of accuracy.

**Punching**

**Trilogy Machinery Inc**  
Booth B4625

**SUNRISE Full CNC Ironworker**

Trilogy Machinery introduces its automatic CNC Punching System. This multi-axis unit can process plates up to 20" x 40" including punching and spotting operations.

**Resistance Welding**

**Dengensha America Corp**  
Booth C2216

**WS-100 Hand Held Weldscope**

Hand Held Weldscope, complete resistance welding process control.

**Sunstone Engineering**  
Booth C99

**UC Linear DC**

Sunstone has designed a completely unique closed-loop feedback resistance welding system. Utilizing the latest technologies, the UC Linear DC welder has the power of a High-Frequency Inverter and the precision of a Linear DC.

**Robotics**

**AGT Robotics**  
Booth C3522

**SelfLearning Technology**

Many parts are similar but never the same. AGT Robotics offers robotic cells built with SelfLearning Technology. This technology allows small production batches to be automated since the robotic cell will automatically learn the job to do.

**ATI Industrial Automation**  
Booth C1650

**Lateral and Pivoting Compliance Devices**

ATI Industrial Automation has developed two series of compensators (patents pending) that allow compliance in multiple directions.

**Crum Manufacturing Inc**  
Booth C561

**UR5 Collaborative Robot- Vision Guidance**

Automate production from capping jars to packing parts or solving ergonomic issues using a low-cost robotic arm. Ability to be installed without shielding. Vision Camera can be integrated for an application needing more robust, consistent results.

## Robotics

### Electron Beam Technologies Inc Booth C2550

#### QCM OTC Connector

Part number A-2095 adapts an OTC 14 mm diameter wire feed inlet to Electron Beam Tech. Quick Connect conduits or Extended Reach conduits.

### Gudel Inc Booth C1356

#### Trackmotion TMO

Güdel introduces next generation overhead tracks for Robots. Trackmotion TMO family delivers increased performance and reliability across the broadest product range.

### igm Robotic Systems Inc Booth C1556

#### Control and Teach Pendant K6

igm Robotic Systems inc introduces its series of teach pendants for igm robots Main features include a 8.4" touch screen and presentation of torch exchange.

### In-House Solutions Inc Booth C3245

#### Octopuz

Octopuz is an intelligent CAD-to-Path and offline robot programming solution.

### Janda Co Inc Booth C3335

#### Fanuc Robotic Integration

Janda takes pride in advancing clients to Robotics production capabilities and now offers Fanuc Robotic Integration and all related services.

### Ningbo Jinfeng Welding & Cutting Machinery Manufacture Co Ltd Booth B4650

#### CNC Robotic Profile Plasma Cutting System

The PRG CNC Robot Profile Cutting System is special designed for cutting on profile like: Bulb Steel, H-beam angle steel, U-steel etc.

### Servo-Robot Inc Booth C1222

#### i-CUBE

Powerful Integrated Robot Sensor Unit designed to be easily installed on articulated robots. Provides 3-D high speed and high precision part measurement, remote HDR color viewing of the work piece and tool area, sound monitoring, feature recognition etc.

### Weldobot Ltd Booth C91

#### WOB-101

Weldobot Ltd introduces its robotic orbital welding device, that will increase throughput and create a field-friendly solution to pipe welding.

### Wolf Robotics LLC Booth C1250

#### SmartPositioners

Wolf Robotics offers a complete line of standardized positioning equipment for manual welders. Capable of positioning parts 500 to 140,000 kgs., SmartPositioners safely and quickly manipulate weldments for optimum welding comfort, access and position.

#### WolfPack 140E Training Cell

WolfPack 140E: a production ready, standardized arc welding solution developed for educational and training facilities. Designed to be cost-effective, compact and robust, the WolfPack Education Cell is the optimal solution for robotic welding training.

#### WolfPack

WolfPack is a standardized arc welding solution delivered ready-to-weld from Wolf Robotics. WolfPack systems are a cost-effective way to automate fabrication operations, improving productivity, efficiency and profitability.

## Safety & Environmental

### AAF International Booth B5428

#### REDClean™

Leading edge media technology from the air filtration pioneers.

### Antec Electronics Co., Ltd Booth C3534

#### Auto Darkening Welding Helmet

Antec Electronics Co., Ltd introduces its line of Auto Darkening Helmets with smart clip technology. The optimal visual clarity and humanized design provides improved work efficiency.

### Bernard Booth C2944

#### Clean Air™ Fume Extraction Gun

Bernard has redesigned its Clean Air™ Fume Extraction Gun to be lighter and smaller than many standard fume extraction guns, providing welding operators with a more comfortable option for reducing weld fume and smoke.

### DiversiTech Booth C1218

#### Monsoon™ Wet Downdraft Tables

The Monsoon™ Series of self-contained wet downdraft tables are used for the safe capture of combustible or explosive dusts.

### Donaldson Torit — Donaldson Company Inc Booth B4265

#### Downflo®

#### Evolution (DFE) Dust Collectors

The Downflo® Evolution cartridge dust collector requires fewer filters and a smaller footprint compared to traditional cartridge collectors. It delivers operational excellence with its MaxPulse™ Cleaning System, airflow design and Ultra-Web® media.

### Fibre-Metal By Honeywell Booth C3306

#### Miller QuickPick™ Rescue Kit

Miller QuickPick™ Rescue Kits deliver peace of mind during unexpected, stressful peer-rescue situations. The rescuer can remotely attach the system to the suspended worker while remaining securely anchored on the walking/working surface.

**Imperial Systems Inc**  
Booth B4447

**CMAXX Dust and Fume Collector**

The CMAXX Cartridge Dust Collector not only provides cleaner plant air, but its filter life is also up to twice as long as the industry standard. The maximized efficiency and lifespan is a standard among Imperial's dust collection systems and supplies.

**Industrial Maid LLC**  
Booth C1039

**Model T3000 EXP**

A packaged air filtration unit designed for combustible dust collection applications.

**John Tillman Co**  
Booth C1622

**1466 Leather Covered Impact Protection Glove**

A leather back with internal impact protection eliminates TPR or exposed foam padding, still offering heat protection.

**Kimberly-Clark Professional**  
Booth C1704

**Jackson Safety W40 INSIGHT ADF Welding Helmet**

The Jackson Safety WH40 Insight Welding Lens offers an ADF with digital and multi-function controls for any welding job. Get the high-level elements of a high-performance welding lens without the high price.

**Lasermet Inc**  
Booth B5202

**Laser Castle - Laser Safety Cabin**

Laser Castle is a modular, rapid-build laser safety cabin manufactured by Lasermet to form a complete integrated laser safety system to protect personnel from laser radiation emitted from high powered laser welding machines.

**Lincoln Electric Co**  
Booth C2022

**VIKING™ Next Generation Auto-Darkening Helmets**

VIKING™ Auto-Darkening Helmets feature a top EN 379-1/1/1/1 optical clarity rating, comfortable pivot-style headgear and an industry-leading three-year warranty.

**Miller Electric Mfg Co**  
Booth C2744, C2944

**FILTAIR® Capture 5 Fume Extraction System**

The FILTAIR Capture 5 system is designed to capture welding fumes up to 5 feet away from the source — over three times farther than conventional technologies.

**Optrel AG**  
Booth C3562

**weldcap**

The Optrel weldcap combines the lightweight wear comfort of a baseball cap with the full protection of an ADF welding helmet.

**RoboVent**  
Booth C1644

**RoboVent ICE**

RoboVent's patent-pending solution — RoboVent ICE (Integrated Cooling Equipment) is a unique air conditioning utility that can be added to any RoboVent fume extraction system.

**SICK Inc**  
Booth B3051

**Flexi Loop Safety Controller Node**

The Flexi Loop safety controller node can cascade up to 32 safety switches and OSSD safety sensors onto one loop. It uses a single cable with an M12 plug to connect e-stops, sensors, switches, lamps, pushbuttons and interlocks.

**West Chester Protective Gear**  
Booth C3236

**IRONCAT Climax™ Aerogel Stick Welding Gloves**

Cow leather with goat leather palms and thumb with Climax™ Aerogel inserts, with 20" padded cuff for comfort and protection on the forearm and elbow. Climax™ Aerogel shields are hydrophobic, breathable, flexible, and environmentally safe.

**Wuhan High-Tech Automatic Control Co Ltd**  
Booth C137

**CE ANSI Auto-Darkening Welding Helmet**

CE ANSI arrovod 16\$ auto darkening welding helmet solar welding helmet both comfortable and affordable.

**Saws & Cut-off Machines**

**ASMA USA, Inc.**  
Booth C608

**Flying Saws and tube Finishing Equipment**

Friction, cold, tungsten carbide saw units — interchangeably mounted on the same saw carriage. Multi-head saws — a cost-effective solution for big ODs. Tube collection and transport systems for tube feed to automated stacking/bundling or finishing units.

**Behringer Saws Inc**  
Booth B3325

**HCS-90E**

The HCS-90E now meets high production demands while minimizing the need for operator attendance. A fully automatic high-performance circular cold saw, the HCS-90E is designed for cutting ferrous material at 90 degrees in maximum yield applications.

**Beka-Mak Makina Sanayi Ve Ticaret AS**  
Booth B4900

**BMSY-560 DG**

**Cosen Saws**  
Booth B4147

**C-510MNC Mitering Programmable Bandsaw**

The C-510MNC comes equipped with an 1-3/4" blade and automatic material feed. The saw can cut at angles up to a 60 degree miter. It has a capacity of 13" x 20" with a massive base, sturdy saw frame, and a 5 HP blade drive.

**Hyd-Mech Group Ltd**  
Booth B2847

**H-14A Band Saw**

Completely redesigned. Rigid cast assembly reduces vibration resulting in the lowest decibel sound in the industry. Designed for high production cutting with a carbide tipped blade. Enclosed design for safety and on demand energy saving hydraulics.

## Saws & Cut-off Machines

### Noritake Co Inc Booth B5408

#### Thin Cut Master – NCS-230

With more than 25 years of engineering and cutting expertise, Noritake Co Inc has set out on a journey to build the Noritake automatic circular sawing machine, the Thin Cut Master. Users can now cut larger than 9" radial bar (over 6" square).

### Scotchman Industries Inc Booth B4361

#### CPO 315 HFA CNC

The Scotchman HFA-CNC is fully programmable & cuts lengths fast & accurately. Cut up to 3-1/2" dia. tubes or pipe & up to 1-3/4" solid material, while maintaining a length tolerance of 3 .006" per index. The first part cut is always accurate.

### Seuthe GmbH Booth C608

#### Flying Saws and Finishing Equipment

Friction, cold, tungsten carbide saw units - interchangeably mounted on the same saw carriage. Multi-head saws — a cost-effective solution for big ODs. Tube collection and transport systems for tube feed to automated stacking/bundling or finishing units.

### TigerStop LLC Booth B4139

#### Optimizing Metal Saw

Metalworking saw system from Tiger-Stop®. Features include Infeed system for stock length up to 30 feet, on the fly part optimization, simple and intuitive control interface, tube, bar stock and profile cutting — straight or miter and material clamping.

## Software & Machine Controls

### 2020 Software Solutions Inc Booth B3412

#### Bending Edge

Bending Edge is a portable 7" touch screen device developed to help set Plate Roll, Press Brake, and Angle Roll machines to obtain the bend angle or radius quickly and accurately.

### Accurate Die Design Inc/ Logopress3 Booth B1339

#### Die Design Software

Logopress3 introduces the latest release of its die design software now with even more user requested features. Kicking off their 25th Anniversary, Logopress3 offers many exciting and time saving enhancements.

### AceCad Software Booth B5060

#### StruM.I.S True BIM Links

StruM.I.S provides True BIM links with 3rd party systems to access real time contract data. By querying the BIM model, users can obtain live purchasing status production status and drawing approval status.

### AMS Controls Inc Booth B5241

#### Pathfinder Edge

Pathfinder Edge is a web-based application that enables users to create, store, and send profiles to a Pathfinder-controlled folding machine.

### CIECO Inc Booth B1541

#### CIECOnet PC Software Package

CIECOnet is a PC software package that automatically logs production data and provides real time status of AutomatorII controls. Data is logged automatically.

### C-spec Booth C2111

#### P-Numbers

P-Numbers mobile app by C-spec for iPhone and Android smart phones and tablets determines base metal weldability grouping.

### Lantek Sheet Metal Solutions Booth B4405

#### Global Release 2014

Lantek specializes in CAD/CAM, Nesting, Manufacturing Execution and Enterprise software. Global Release 2014 offers hundreds of innovative features for material conservation, efficiency and flexibility to increase production and manage business better.

### Metalix CAD/CAM Ltd Booth B2460

#### cncKad V12, MBend

The cncKad version comes with lots of user oriented features. Metalix presents MBend — an offline generation of bend sequences and tooling setups, with 3D press-brake simulation for checking part collisions with tools, fingers & machine components.

### MIE Solutions Inc Booth B4132

#### MIE RFQ

MIE RFQ is a powerful tool from MIE Solutions that facilitates the RFQ process between buyers and suppliers in a simple and highly efficient manner.

### Northrop Grumman Booth B5307

#### Opentrac

OpenTrac™, a Northrop Grumman business unit, offers Enterprise Resource Planning (ERP) software, Supply Chain Management (SCM) software, and EDI Translation (eCommerce) service for steel, aluminum, copper, or specialty metal manufacturers.

### Paper-Less LLC Booth B5070

#### Paper-Less MV2 Version 4.8

MV2 is a holistic manufacturing execution and production management system. Unlike other MES solutions, MV2 offers digital shop packets, deep integration with production workflows, browser-based interface, multi-language support and open ERP integration.

### PEP Technology Booth B4428

#### Automatic Nesting V27.1

PEP ONE CLICK® — Performs all nesting tasks that a programmer does 20 times faster and more effectively. Hot jobs and dynamic nesting are done automatically with the same efficiency an expert would do for a static nest to be cut 100 times.

#### Bullet Quote with Seamless ERP Interface

PEP ONE CLICK® converts PDF and all CAD files (SolidWorks, DXF, DWG, etc.) into a perfect cutter path, then nests the parts and quotes the job using real material costs and machine run times.

**PEP Bullet CAD**

**Converter with 3D CAD Interfaces**

PEP ONE CLICK® Converts 2D PDF and all CAD file types including 3D files into a perfect cutter path, replacing short lines (polyline, ellipse & splines) into arcs and lines.

**PEP Machine**

**Scheduling and Inventory**

PEP ONE CLICK® Scheduling compares the FUTURE UN-CUT REMNANT on the schedule to the real inventory and then nests on the appropriate plate.

**PEP One Click**

The words a company uses to describe their automated software should reflect the truth and not blue sky promises. PEP ONE CLICK® is CAM technology on steroids. The automation personifies what companies require in today's competitive world.

**PEP Shear**

**Genius RAS Programming**

PEP ONE CLICK® Performs all the CAM programming tasks automatically for right angle shear machines (Nests parts, Assigns shear hits, Tools the nest, Repositions, Sequences and Posts).

**Qnect Inc**

**Booth B5210**

**QuickQnect**

Qnect offers software as a service for the automatic engineering and connecting of joints in structural steel projects.

**Schneider Electric**

**Booth B5340**

**Modicon M221**

The Modicon M221 is designed for machines with hardwired controller architectures. In addition to the standard format, it is also available in an extremely compact book format.

**Scientific**

**Forming Technologies Corp**

**Booth A2750**

**DEFORM™ V11.0**

DEFORM V11.0 represents a milestone in the 'state of the art' of process simulation technology. It introduces a wide range of features including innovations in multiple operation automation, design of experiments, optimization and material modeling.

**Shop Data Systems Inc**

**Booth B3554**

**QuickCAM Pro**

Shop Data System Inc provides everything users need for parts cutting. QuickCAM Pro has all the features to design, draw, nest and process parts for CNC cutting.

**Shop Edge Software Inc**

**Booth B1208**

**Enhanced Mobile Suite**

Our mobile application has been redesigned and enhanced to function on Android™ Smartphones and Tablets.

**ShopFloorConnect**

**Booth B1003**

**ShopFloorConnect®**

**Conditional Text Alerts**

Each alert is a custom text or email message that is sent to selected recipients whenever a machine has stopped for too long, e.g., to notify an operator when an unattended machine has stopped running or to alert management when a critical job goes down.

**Striker Systems**

**Booth B2125**

**Striker Sheet**

**Metal CAD/CAM & Nesting**

Comprehensive programming of CNC punching, cutting, and combination machine tools. Based on DWG and DXF formats, Striker also includes integrated support for SolidWorks, Solid Edge, & Inventor.

**TJ Snow Co**

**Booth C1150**

**AC Inverter**

**Control for Resistance Welders**

T. J. SNOW introduces its AC Inverter control for resistance welders.

**Trendex Information Systems Inc**

**Booth C2110**

**Document Imaging Module**

Scan a signed delivery note. Click on the invoice to see the delivery note image and email/fax it directly to a customer for proof of delivery from the Gastrend software.

**Stamping**

**AIDA-America Corp**

**Booth B1601**

**DSF Series Servo Presses**

Direct Drive ServoFormers (DSF Series) Presses — 80-3,000 ton Servo Presses.

**Champion Tools LLC**

**Booth B1215**

**DieMatrix**

**6-Die Estimating Software**

DieMatrix is a powerful and easy to use database software application for estimating the cost of metal stamping dies and production stamped parts.

**Guide Units**

Our high-precision, durable guide units are designed for universal use in the fields of toolmaking, machine engineering, measuring device design and apparatus engineering.

**Steinel Nitrogen Cylinders**

Nitrogen cylinders are often used in punching and bending tools when high initial force, durability and reliability are required. Tested up to 5 million strokes, STEINEL nitrogen cylinders have proven themselves to be extremely durable and reliable.

**FluidForming Americas**

**Booth B1134**

**Hydroforming with Plastic, Composites or 3DP Tools**

The FormBalancer product series can now use Plastic, Composites, or 3D-Printed Tools to manufacture sheet metal prototype and production parts, thus, further reducing time-to-market and entry cost into sheet metal parts.

**Greenerd Press**

**& Machine Company Inc**

**Booth B1355**

**Hydraulic Press Solutions**

With product capabilities to 40,000 tons and bed sizes exceeding 240", Greenerd presses are available in a variety of styles ranging from gap frame and straight-side to die-spotting and forging presses.

## Stamping

### Interlaken Technology Booth B1814

#### Fully Automated Hot Stamping Press

The hot stamping process involves heating a blank or a preformed part in a furnace to approximately 950 C. A controlled press hardening or "quenching" process is then performed to reduce springback.

### JIER North America Booth B1029

**Preventative Maintenance Services**  
Preventative Maintenance evaluation, planning and execution.

### JIT Automation Inc Booth B1530

#### ESY Auto Traveling Die Clamp

The ESY fully automated (Non-touch) quick die change clamp provides the quickest, easiest and safest solution to today's die changes in the metal stamping industry.

### Ross Controls Booth B1107

#### Automatic Counterbalance Control Assembly

Automatic counterbalance control assembly for large straight side and transfer presses. This 1-1/4" counterbalance valve assembly features selectable manual and automatic circuits within one valve package for high flow operation and quick die changes.

### Sander Automation Corp Booth B1151

#### ZGV200 / ZHGV200 High Speed Servo Transfer System

Ideal for high speed presses with stroke rates up to 150 spm and with 2 meter bolsters or less. The Sander servo driven transfer system can maintain the precision and accuracy required for today's production environment in the metal stamping industry.

### Stamtec Inc Booth B1625

#### Servo Press

Stamtec now offers both Direct Drive and Link-Assisted Servo Presses. Servo motors replace the standard motor, flywheel, and clutch / brake in an otherwise traditional crankshaft or link motion mechanical press for a wide variety of stroke profiles.

### Strothmann Machines & Handling GmbH Booth A2661

#### Compact Transfer

Retrofit solution for crossbar presses companies continuously need to adapt according to market requirements. They need to improve product quality and quantity or optimize plant efficiency. Retrofitting an existing facility is an economic alternative.

## Thermal Spraying

### Bay State Surface Technologies Booth C1016

#### Universal Flame Spray System

Spray polymers, metals, and even ceramics on a variety of metallic and non-metallic surfaces with the PG-550 thermal spray system. Highly portable and perfect for field or job shop applications.

### Dai-Ichi High Frequency Co., Ltd Booth C963

#### DHF's Bi-met™

DHF Bi-met™ are boiler tubes/ panels treated with an innovative process incorporating thermal spraying and induction heating technology to form superior coating to protect against corrosive and erosion.

### Polymet Corp Booth C1006

#### Thermal Spray Powder for HVOF

Polymet offers thermal spray powder for High Velocity Oxy-Fuel (HVOF) systems. These HVOF tungsten carbide powder materials offer high density, low porosity, and high bond strength.

## Tool & Die

### Bohler Uddeholm Corp Booth B1314

#### K340 Ecostar

A 8 percent coatable Chromium tool steel.

### Darex LLC Booth B1032

#### XPS-16+

Fully Automated 4-axis CNC Drill Bit Sharpener.

### DAYTON Lamina Corporation Booth B1101

#### LamCam™

#### Universal Cams by Lamina

A catalog line featuring 13 different series of aerial and die mount universal cams.

### Engineering Technology Associates Inc Booth B1506

#### DYNAFORM Version 5.9.2

The DYNAFORM 5.9.2 software release offers solutions for trim line development, rotary tube bending, hot forming and die structure cooling.

### Hutchison Tool Sales Co Booth B1113

#### HTS6300 Horizontal In-Die Tapping Head

The HTS 6300 horizontally taps preformed parts in-press. These units are designed for parts unable to be tapped in the flat due to hole distortion or critical hole location after forming. The HTS 6300s are designed specifically to each application.

### J-Tech Booth B1236

#### In-Die Assembly of Norglide Bushing

Complete system to feed and install Norglide bushings within a progressive / transfer die.

### Logopress3 /Accurate Die Design Inc Booth B1339

#### Die Desgin Software

Logopress3 introduces the latest release of its die design software now with even more user requested features. Kicking off their 25th Anniversary, Logopress3 offers many exciting and time saving enhancements.

### OzmaK Makina San Ye Tic LTD STI Booth B5104

#### Shot Blasing Machines

Hanging Type Shot Blasting Machines for Foundry Sector, Automotive Sector, Tube Manufacturing and Agriculture Machine Manufacturing Sector.

**Pacesetter Systems**

**Booth B1661**

**Air Glide Heavy-Duty Pneumatic Die Lifters**

Pacesetter Systems Introduces Air Glide Heavy-Duty Pneumatic Die Lifters.

**Superior Die Set Corp**

**Booth B1025**

**Type D**

**Ball-Bearing Die Set Components**

Superior Die Set introduces its own offering of Type D Ball-Bearing Die Set Components, which are 100% interchangeable with competing product lines, manufactured solely by Superior, and available to ship from Superior's facility in Oak Creek, WI.

**Yong Da Precision Mould (Dong Guan) Co Ltd**

**Booth A2744**

**Tool & Die**

Automotive tool & die, especially, progressive tool, transfer tool for Body-in-White, seating and Chassis.

**Tooling**

**BESSEY Tools North America**

**Booth C2622**

**Welding Table Clamps**

BESSEY® offers a growing selection of clamps designed for 28 mm matrix welding tables.

**Bystronic Inc**

**Booth B2225**

**Press Brake Tooling**

Bystronic Inc. introduces a line of press brake tooling, with the Bystronic XPT and RF-A tooling series.

**Chicago Pneumatic Tool Co**

**Booth C760**

**CP3850**

The CP3850 series grinders and sanders were engineered for aggressive contouring, deburring, cutting, and sanding in the metalworking, transformation, manufacturing and energy industries.

**Clamptek Enterprise Co. Ltd**

**Booth C3641**

**CLKA Hydraulic Leverage Clamp**

CLKA hydraulic leverage clamp, high power & compact clamp.

**Dongguan Changhong**

**Metal Technology Co LTD**

**Booth A2748**

**Tooling and Die**

Dongguan Changhong Metal Technology Co LTD offers production of automobile die. Particularly progression die, transfer die and casting single die. Main products include; parts around seat, skylight, stiffener, auto bracket, exhaust pipe, and brake systems.

**Latrobe**

**Specialty Steel Distribution**

**Booth B1204**

**CPM 4V High**

**Performance Cold Work Tool Steel**

CPM 4V is Crucible latest high-performance CPM Killer V cold work steel. CPM 4V is engineered to provide very high impact toughness, excellent abrasion/adhesive wear resistance, and high strength while operating in hardness ranging from 58 to 64HRC.

**Lenzkes Clamping Tools Inc**

**Booth B1614**

**Chain Clamp**

The Chain Clamp is the easiest, fastest and safest way to hold round parts. It works great for machining of round or cylindrical work pieces, such as valve bodies, flanges, pump housings and pistons.

**Mate Precision Tooling**

**Booth B3301**

**Mate Press Brake Tooling**

Mate's European Precision and Wila Trumpf Style press brake tooling includes a full array of punches, dies, specials and accessories, available in segmented, full-length and half-length sizes.

**Strong Hand Tools**

**Booth C1132**

**Grinder Rest**

Handy Grinder Rest stores handheld grinders within easy reach.

**Third Hand Modular Clamp**

Use the Third Hand Modular Clamp to hold parts at any angle while welding, cutting, grinding, sanding or painting.

**Wilson Tool International**

**Booth B2525**

**SmartMark and V-Series Black**

SmartMark for thick turret, V-Series Black for press brake and Slug Hugger 4L for the stamping industry.

**Yestool/Aloris USA**

**Booth B4961**

**KRUZ-FSLK Drill Body**

YesTool/Aloris USA introduced the Extended Length Structural KRUZ-FSLK Drill Body. This extended body allows drilling very close to the wall of a beam without using any auxiliary extensions. Inserts are interchangeable with the Stub SLK Body's.

**Tube & Pipe Fabricating or Welding**

**Airgas Inc**

**Booth C1334**

**Automated Can Joining System for Thin-Wall Tanks**

Specially designed for the construction of various diameters of thin-wall tanks, ACJS® is fitted with independently-adjustable vertical-rolls to support, align and compensate for tank non-concentricity when assembling multiple thin-wall sections.

**AltaMAR Inc**

**Booth C245**

**TL2405**

The TL2405 tube laser from AltaMAR. Features tube size to 5 inch diameter round or diagonal, and advanced servo-controlled lifters. Utilizes a fiber laser with standard magazine feed. Bundle feed option is available.

**Aquasol Corp**

**Booth C2118**

**I Purge® Modular Inflatable Bladder System**

The CE approved, USA made patent-pending I-Purge allows users to purge with one interchangeable solution. Comprised of two spark-resistant inflatable bladders connected by a high heart harness, I Purge creates an air-tight seal for specific pipe sizes.

## Tube & Pipe Fabricating or Welding

### Aquasol Corp Booth C2118

#### I-Purge®X Expandable Inflatable Modular Bladders

The CE approved, USA made patent-pending I-Purge X is the most innovative and versatile pipe purging system to date. Comprised of two spark-resistant inflatable bladders connected by a high heat harness, I-Purge X expands to fit multiple pipe sizes.

### Arc Products Booth C2022

#### HELIX® C450 & C663 Orbital TIG Clamp-on Weld Heads

The HELIX C663 clamp-on weld head is designed for pipes and tubes with outside diameters of 1.9 to 6.63 inches, while the HELIX C450 clamp-on weld head is designed for 1.315 to 4.5 inches.

### ESCO Tool Co Booth B4360

#### MILLHOG® Pipe Beveling Maching 8-5/8" I.D. to 36"

The Terminator is an easy to use ID clamping beveling machine capable of performing precision end preps on pipe of all alloys including Super Duplex.

### Exact Pipe Tools Inc Booth C123

#### PipeCut 170E

Powerful, lightweight and handy, the PipeCut 170E can be used for cutting both steel and plastic pipes. Because of its adjustable speed feature and steady torque, it is ideal for cutting stainless steel and cast iron pipe.

### Fontijne Grotnes Inc Booth C714

#### Full Length Pipe Expander

Fontijne Grotnes is constantly improving the full length pipe expander to meet market demands, like higher outputs, increased wall thickness, higher material grades (up to X120), stricter out of roundness, and straightness tolerances.

### Haeusler AG Booth B4453

#### Hausler HYBRIT Technology (HHT)

Roll bending takes press forming. The unique way of combining the forming advantages of roll bending, with the unlimited forces of press forming creates this revolutionary forming system.

### HGG Profiling B.V. Booth B4061

#### Multi-Profile Cutting Machine (MPC)

MPC is a cost-effective and flexible solution for manufacturers that cannot afford dedicated pipe profiling machinery. It can be configured to cut pipes, box sections, angle bars, and flat sheet metal strips. ProCAM Software multiplies user capabilities.

### Hypertherm Inc Booth B3147

#### Combined Plasma/Generator/ Compressor Field Unit

Hypertherm will introduce the industry's first integrated metal cutting, gouging and beveling system designed specifically for use in remote and field-based applications.

### J & S Machine Inc Booth C338

#### MACKMA BM 76

MACKMA non-mandrel bender features right and left bending direction with under head capabilities with maximum capacity of 3" tube/2-1/2" pipe.

### JMT USA Booth B4725

#### Weld Positioning Products

JMT offers welding positioners, welding manipulators and tank turning rolls to allow users to easily and safely position parts for welding.

### Lillbacka USA Booth C744

#### Finn-Power Large-Opening, Side-Feed Machine

The Finn-Power SP5000 is one of the most unique crimpers on the market to date with a crimping force of 500 tons to handle any thick wall, industrial hose, or pipe. Its crimping range is 0-210 mm.

### Manchester Tool & Die Inc Booth C907

#### Servo Roll Former

Manchester Servo Roll Forming machine is an electric servo driven tube end forming machine for rolling or cutting grooves into tubing. This machine features no hydraulics.

### Nissyo Techno Co Ltd Booth C237

#### Pipe Flanging and Roll-Threading in One Machine

Nissyo Techno's JFW Machine combines two effective alternatives to steel pipe weld joints — flanging and roll-threading fabrication.

### Strong Hand Tools Booth C1132

#### BuildPro Adjustable Rests

BuildPro Adjustable Rests allows user to set stock of different sizes at a uniform height in modular fixturing.

### Sumner Manufacturing Co Inc Booth C3145

#### PFAST (Pipe Fitting Alignment System Technique)

PFAST is a revolutionary tool used in the alignment and fit-up of flanges, fittings, reducers, caps and pup joints. PFAST enables users to realize a 300% increase in production and quality of fit-ups.

### TEC Torch Co Inc Booth C1750

#### Rocker

Pipe welding TIG torch.

### Thermatool Corp Booth C722

#### HAZControl™ Technology High Frequency Welder

HAZControl™ Technology is now available up to 1500 kW's. Thermatool's latest technology breakthrough is an industry first 1500kW High Frequency Welder that can weld at frequencies up to 300kHz.

**Tri Tool Inc**  
Booth C1304

**CouponMASTER**

Tri Tool's CouponMASTER is the perfect solution for weld training and certification programs. It will save time and money producing and recycling precision heavy-wall weld coupons.

**SeverMASTER**

Tri Tool's high production 5716AC and 5712AC SeverMaster's offer consistent repeatable performance over and over again, and deliver a weld-ready finish on large tube and thin wall pipe.

**VERNON Tool**  
Booth C2022

**MASTERPIPE® Mini Profiler**

The Lincoln Electric MASTERPIPE Mini Profiler is an economical, entry-level dual-axis CNC pipe-cutting solution that can cut pipe up to 24 feet long with expansion modules.

**Wauseon Machine & Manufacturing Inc**  
Booth C545

**1001EL End Forming Machine**

This one hit electric end former has an extended 8" of stroke, which makes it ideal for shell/bead locking. Our electric machines offer benefits like shorter cycles, a better CPK, & can be equipped with a servo flag stop for quicker, more precise setups.

**Welders Pocket Pal**  
Booth C3657

**Welders Pocket Pal**

Measurement tool for welders.

**YLM USA Inc**  
Booth C338

**CNC38 AE - All Electric Bender**

YLM USA Inc introduces its CNC 38 AE electric bender. The 1-1/2" capacity bender has multiple stack tooling mounting for rotary and push roll bending. Utilizing YLM's "TEACH" mode programming makes programming for complicated parts an easy operation.

**Tube & Pipe Producing**

**ASMAG GmbH**  
Booth C608

**ASMAG Tube Straightner**

The ASMAG 10-roll tube straightener is a technical specialty for precision steel tube production. Tubes are straightened with high speed and precision. Simple machine operation and good visibility of the straightening process are additional benefits.

**Draw Bench**

Efficient drawing machines due to innovative machine concepts: Straight drawing, continuous straight drawing and drawing and stretch-straightening machines.

**ASMAG USA, Inc.**  
Booth C608

**Tube Pointing**

The right pointing system for every product: Internal gripper device, tube pointing press, swaging machine, push pointer. In addition, ASMAG offers roll pointing machines and pull pointers for pointing flat material.

**KB Duct**  
Booth C155

**Clamp Together Duct**

Light weight, flexible, easy to install duct system for most applications.

**Protech Powder Coatings**  
Booth B247

**WATERARMOR™**

Functional thermoplastic coatings for water pipes & fittings.

**Rigidized Metals Corp**  
Booth B5205

**Custom-Cut Industrial Components**

Laser cut machine components, including tail light cutouts out of Rigidized® Metals deep textured metal, offering more highly durable, scratch and dent-resistant parts for equipment and machinery.

**Roll Machining Technologies & Solutions**  
Booth C360

**R.F. WELD BOX & Edge Presentation Stand**

EPU- Edge Presentation Unit holds any seam from overlap and no maintenance on shafts dead-all bearing in rolls.

**Seuthe GmbH**  
Booth C608

**Advanced Tube Mill Technologies**

SEUTHE offers advanced technological solutions and production systems for the manufacture of tubular products. A broad range of tube mills concepts up to OD 16 inches for round, square, rectangular carbon and stainless steel tube products.

**Cage Forming of Round Tubes and Pipes**

Save time and gain flexibility with cage forming technologies. Form ODs from 1.7 up to 16 inches with one centrally adjustable roll set only. Allows for economic production of small batches in standard and intermediate tube sizes.

**Flexible Direct Cage Forming of Square Tubes**

FCF direct cage forming technology saves time and material. Developed for maximum performance of direct forming of square and rectangular tubes ranging from 0.787 x 0.787 to 15.750 x 15.750 inches. No roll change needed.

**Special Mill Design for Stainless Steel Tubes**

Tailor-made to process sensitive stainless steel strip. Vertical accumulator for gentle handling of the strip edge, a specific roller and stand construction, and weld seam treatment, are just a few features of this special mill design.

**T&H Lemont**  
Booth C529

**WU45M Welded Coil Tubing Mill**

Welded Coiled Tubing Mill for the production of high strength welded coiled tubing for API applications.

**Tubing Solutions LLC**  
Booth C118

**Seamless Thin Wall Tubes**

Tubing Solutions LLC offers .004" wall thickness, telescope tubes.

## Waterjet

### Extractor, The Booth B4035

#### Flow Through Filter Basket

The Flow Through Filter Basket was designed specifically for water jet garnet removal used to filter jet brick, plywood backing and plastic debris from garnet before it reaches the pump.

### KMT Waterjet Systems Inc Booth B3347

#### Streamline PRO2® Pumps

KMT Waterjet will feature ultra-high Pressure Streamline PRO2® Pumps.

### OMAX Corp Booth B3361

#### Next Generation MAXIEM® JetMachining® Centers

MAXIEM product redesign delivers best price-to-performance ratio in abrasive waterjet technology.

### TECHNI Waterjet Booth B4639

#### Rotary Axis

TECHNI Waterjet™ is excited to announce we will be showcasing a Rotary Axis on our TJ3000-X3 (5' x 10').

## Welding Consumables

### Above Material Technology Co., Ltd Booth C1052

#### Top Quality

#### Titanium Welding Wires

AMT's top quality Titanium welding wires are very clean and homogeneous shining; it can be full spool and precise weight, stamp beautifully and neat endcut. Titanium welding wires have a very competitive price.

#### Unique Nano Stainless Steel Atomized Powders

The AMT low cost Nano Stainless Steel coatings are nano and amorphous micro-structured after thermal spray. It's also suitable for PTA and laser cladding. The coatings have superior wear resistance, good corrosion resistance & excellent bonding strength.

### Aquasol Corp Booth C2118

#### EZ Purge® Self-Adhesive Water Soluble Purge Dams

EZ Purge® is a pre-formed, self-adhesive water soluble purge dam that expedites purging, while saving on gas consumption. The welder simply removes the adhesive liner, inserts the dam into the pipe and presses it to the pipe wall for the perfect seal.

#### Fiback® Fiberglass Weld Backing Tape

Fiback® is designed to eliminate the need for back purging and create pure welds, while increasing productivity. It is applied to the back of the weld and easily conforms to different shapes and surfaces, making it ideal for plate, sheet and pipe welding.

#### SoluGap, SteelSpace Socket Weld Spacers

Aquasol® offers two socket weld spacer rings: water soluble SoluGap® and 316L stainless steel SteelSpace®. Both provide the 1/16" minimum gap required by ANSI 31.1, Section III, ASME, US Navy & Military Codes, eliminating scribing, measuring and fitting.

### Bestone Group Inc Booth C3113

#### Vacuumed Packing Welding Electrode

Welding Electrode such as E6013, E7018 packed in vacuumed aluminum bags, then put in plastic box.

### COR-MET INC Booth C1205

#### Flux Coated TIG Wire

A 20" TIG wire with a flux coating that allow TIG welding open root passes, and eliminates the need for backing or gas purging. Alloys available in Stainless Steel, Nickel base and most Chrome Moly grades.

### Cuda Tools Inc Booth C153

#### Crushed Tungsten Carbide Grit

Tungsten carbide grit provides long lasting wear protection in areas of high abrasive wear. This material also serves as an efficient means of protecting machinery parts, reducing downtime, and cutting costs by providing unparalleled protection.

### Hobart Brothers Booth C2934

#### Hobart Element™ Wires

Hobart Element™ wires produce manganese emissions well below the levels of other gas-shielded flux-cored wires.

#### MaxalMig 4943 wire and Maxal Tig 4943 Cut-Lengths

The products provide the ability to reduce weld size while still improving weld strength, and are also suitable for elevated temperature applications.

#### MEGAFIL® Seamless Metal-Cored and Flux-Cored Wires

These seamless wires are designed to offer extreme resistance to moisture pickup and minimize this costly defect. The copper coating helps improve current carrying capabilities and with it, provide excellent weld quality.

### JLC Electromet Pvt LLC Booth C2412

#### Nickel Alloys

#### for Electrode Core Wires

JLC is one of the largest sources for Nickel based welding alloys.

### KLINGSPOR Abrasives Inc Booth C259

#### Thin Cutoff Wheels

KLINGSPOR's formulated thin cutoff wheels are market leading in performance and safety.

### National Standard Booth C1634

#### NS Plus™ Premium Copper-Coated Welding Wire Series

National Standard is excited to introduce its NS Plus™ Premium Copper-Coated Welding Wire Series. By combining the very latest in manufacturing equipment with our over 100 years of experience, we have produced a superior copper-coated weld wire.

**Welding Consumables**

**Sandvik Materials Technology  
Booth C1213**

**Stainless Steel**

**Single Layer Overlay Wire**

Sandvik introduces its welding wire for single layer overlay capable of 304/304L, 316/316L, 347 weld deposits for weld cladding of low alloy steels. Cryogenic welding consumable, super duplex strip and nickel based underwater electrode.

**Uni-Spray Systems Inc  
Booth B531**

**13 Deg Twin Nozzle**

A custom component uniquely tailored to penetrate internal areas where a conventional nozzle would not. Nozzle tips are set at 100 degrees apart with a 13 degree fan spray pattern.

**Weldship Corp  
Booth C3253**

**12' ASME**

**Ground Storage Assemblies**

12' ASME Ground Storage Assemblies for compressed gas built to fulfill any gas storage requirement shorter length means a smaller footprint and more storage in a smaller space.

**Welding  
Machines/Equipment**

**American Torch Tip Co Inc  
Booth C2962**

**Lightning® Curve MIG Gun**

The Curve MIG gun features an ergonomic handle, heavy reinforced cable and heat dissipating tapered seat contact tip. Designed for use with 250 AMP to 550 AMP equipment.

**Arc Machines Inc  
Booth C1964**

**M217 WDR Power Supply**

250A fusion welding power supply with enhanced features.

**Bernard  
Booth C2944**

**Bernard Best of the Best (BTB)  
Platform MIG Guns**

Users can build their ultimate MIG gun by choosing from an expanded list of the best features from the legacy Bernard Q-Gun™, S-Gun™ and T-Gun™ MIG Gun lines — all through a single online configurator.

**Bluco Corp  
Booth C1730**

**Modular Fixturing**

Bluco Corporation specializes in modular fixturing for machining, welding, inspection and assembly. Discover the latest fixturing technologies and learn how a company can benefit from modular tooling.

**Bug-O-Systems  
/Weld Tooling Corp  
Booth C2106**

**Zipper Welder**

Bug-O's track system for welding vertical seams on field storage tanks. An easy to use affordable system that easily mounts to the top lip of a tank, increases welding production and incorporates the MDS System, then quickly glides to the next joint.

**Changzhou Longren  
Mechanical & Electrical Co Ltd  
Booth C3119**

**Torch Head**

Changzhou Longren Mechanical & Electrical Co Ltd can print a logo and more on torch head handles.

**Ensitech  
Booth C3067**

**TIG Brush models TBE-160CM,  
TBE-250 and TBE-700**

The TIG Brush® Stainless Steel Weld Cleaning System is an easy-to-use, portable kit which cleans stainless steel welds, restores and marks stainless steel surfaces quickly, safely efficiently and cost-effectively.

**Focus GmbH  
Booth C3214**

**FOCUS Micro Electron Beam  
Welding Machine MEBW-60**

The MEBW is a high precision and fully functional desktop sized welding system with up to 2kW beam power and a min. beam dia. of 30Qm. It can be used in the field of micro technology, medical, automotive and aerospace to create high-quality welds.

**Foerster welding systems GmbH  
Booth C2544**

**Vacufix**

Clamping plates.

**HBS Studwelding Inc  
Booth C3629**

**HBS CDMi 2402 & CDMi 3202**

With the CDMi 2402 and CDMi 3202 automatic stud welding machines, HBS has once again set a milestone through the use of inverter-capacitor charging technology.

**Hebei Kingster  
Machinery Equipment Co Ltd  
Booth C2552**

**WAYOUT Portable Flame Generator**

WAYOUT flame welding machine uses electricity only, continuously generates flame 24 hours up to 9500° and can be used for cutting, welding, brazing, quenching and heating.

**Janda Co Inc  
Booth C3335**

**Janda Model JPPS  
Pinch Pinch Point Safety Device**

Janda Company, Inc., a full-line manufacturer of Resistance Welding, Automatic MFG and TIG Welding, and Integrated Robotic Systems is proud to announce the introduction of the Janda Model JPPS Pinch-Point Safety System Series.

**Laboratory Testing Inc  
Booth C1107**

**Moisture Analysis on  
Welding Flux, Inorganic Sampl**

Laboratory Testing Inc. now offers Moisture Analysis with a Leco RC612 analyzer. This moisture determination system reveals the percentage of moisture in welding fluxes, ores, ferroalloys and chemical samples; procedures conform to industry standards.

**LaserStar Technologies Corp  
Booth C1966**

**7800 Series Laser Welding System**

LaserStar's 7800 Series Manual Welding Systems are ideal for a variety of common spot & seam welding applications for the industrial marketplace. Made in USA.

## Welding Machines/Equipment

### Miller Electric Mfg Co Booth C2744, C2944

#### LiveArc™

#### Reality-Based Training System

The LiveArc™ reality-based training system is designed to recruit, screen, train and manage welding trainee performance — all via a live welding arc.

#### SubArc Digital Series

SubArc Digital Series includes digital control and communication electronics designed to improve weld performance and simplify the integration of the equipment in more advanced applications.

### MTI Power Services Booth C3208

#### The Dragon Weld Head

The Dragon is welding platform which allows customers to purchase an automatic, orbital welder that is easy to use, reliable and expandable. The Dragon was designed with cost efficiency, ease of use and durability in mind.

### OR Lasertechnology Inc Booth C2260

#### Diodline Laser

Low power consumption in comparison to lamp-pumped Nd:YAG lasers. A simple power outlet is sufficient, (230 V / 16 A / 1 phase). Can be operated in pulse and continuous line mode. Small and flexible laser head.

### Orbitalum Booth C2632

#### ORBmax

ORBmax, a 100% digital oxygen analyzer that measures and monitors oxygen particle count.

### Otto Arc Systems Inc Booth C2211

#### Orbital Welding, Beveling and Facing Equipment

Otto Systems Inc offers a wide range of services and equipment.

### Parker domnick hunter Booth C2467

#### Weld Retract Actuator

Parker proudly announces the WRA Water Retract Actuator. The WRA is designed for resistance welding applications both pedestal and robotic applications. Automotive tested to reduce hazardous weld water spillage providing a safe clean work environment.

### Pro Spot International Inc Booth C3618

#### SP-5 Smart MIG

5 Welders-in-One. 3 MIG torches, 3 wire spools, welds Aluminum, Silicon Bronze and Steel. Auto changes weld programs and gas when the trigger is pushed on the desired torch. Pulse or continuous mode. Also comes with TIG and MMA/Stick.

### Shenzhen Canroon Electrical Appliances Co Ltd Booth C2535

#### CR2000 Series Mobile Intelligent Induction Heating

The 40KW induction heating equipment CR2000 can be used as an air-cooled system for temperatures up to 1450° F.

### SMK Co Ltd Booth C134

#### Poor Weld Detection System Robo-navi-Single

The Robo-navi-Single detects with a high accuracy whether or not the nut and the workpiece are set correctly right before welding. It prevents manufacturing defectively welded products.

### Strong Hand Tools Booth C1132

#### Scissor Lift Platforms for BuildPro Welding Tables

Strong Hand tools offers Scissor Lift Platforms for BuildPro Welding Tables. Increase productivity and worker comfort by setting the BuildPro Modular Welding Table at the ideal height for each project.

### TWI North American LLC Booth C3413

#### BeamAssure

Electron Beam Welding Quality Assurance. A quality assurance tool helping to analyze electron beam parameters, giving an effective fingerprint of the beam and an independent monitor of beam characteristics.

### Weld.com Booth C2009

#### Mr. TIG Series TIG Welders

The Mr. TIG Series line of TIG welders are an innovative line of machines that were created to give new and experienced welders a machine that is cost effective, yet comes with premium parts and accessories to allow for best results.

### Weldcoa Booth C1123

#### Welding Balanced B-Boom

Weldcoa's B-Boom™ is one of the smartest time savers a user can put in their welding facility. One welder can do the work of four. Get more done in less time.

### Wuxi Datang Welding & Cutting Mechanical Equipment Co Ltd Booth C31

#### Hydraulic Welding Positioner

This hydraulic lift welding positioner is designed according to customers' requirement, which lifting is by hydraulic device, and can achieve lifting, rotating and tilting.

# Maximize Productivity...

## THROUGH AUTOMATED PROCESSES.

Today, manufacturers are faced with customers' ever-increasing demands for high-variety, low-volume production runs. Compounding these challenges are meeting shorter leadtimes and reducing overall production costs. To resolve these issues, Amada continues to develop new machines and technologies which have resulted in automated processes such as:

- Fiber laser systems that automatically produce optimal beam configuration for a wide range of material thicknesses
- Seamless integration of punch/fiber laser combination technology — tap, form, punch and cut on the same machine
- Auto load/unload systems to match the expanded productivity of fiber laser technology
- Precise, rapid and highly-efficient automated tool changes
- Advanced robotic bending cells for unmatched speed and repeatability

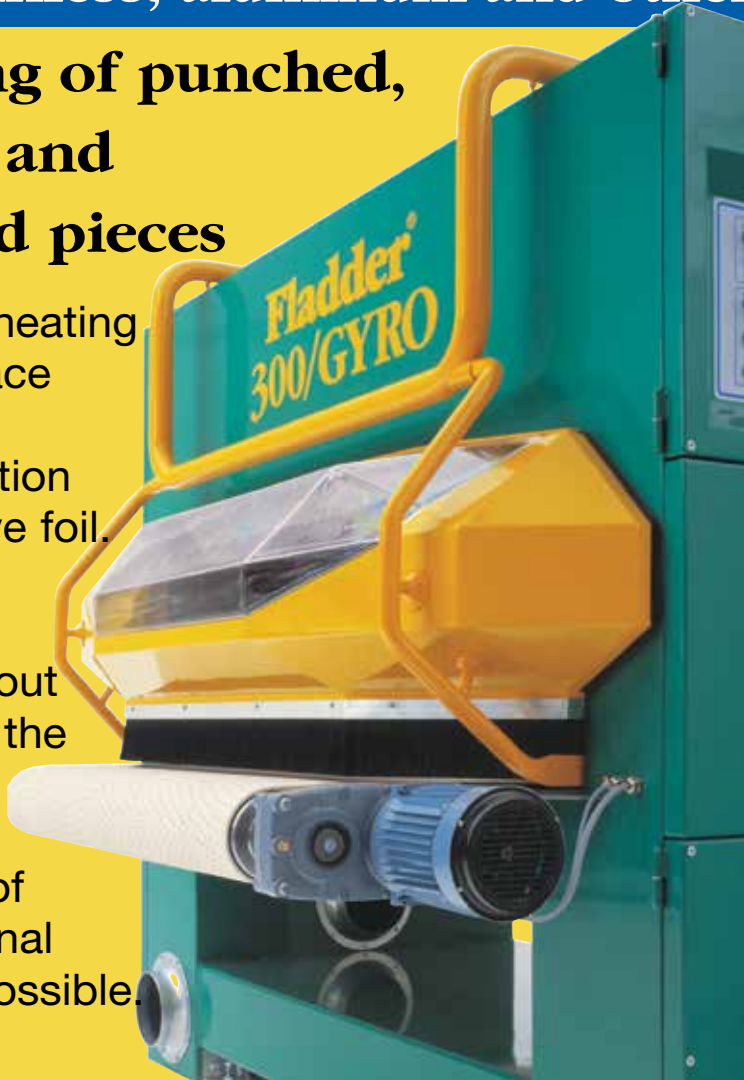

**Booth B2503**

# Fladder®

Flexible, effective, fast  
Automatic, oscillating deburring system  
for stainless, aluminum and other materials.

## Deburring of punched, laser cut and machined pieces

- No critical heating of the surface
- No destruction of protective foil.
- Rounding edges without damage to the surface
- Deburring of 3 dimensional pieces is possible.

**Dry, Oscillating Deburring Technique**

# FABRICATING METALWORKING

**SIGN UP FOR YOUR FREE SUBSCRIPTION!**

See us at FABTECH Booth B5430

Fabricating & Metalworking provides technical information, new products and technology, new literature and industry news. Technical features cover diverse processes within the metal forming, welding and metal cutting industries. Business and editorial reports analyze the critical issues shared across each industry.

*"Oerlikon Metco's  
surface solutions  
are solving industry's  
toughest challenges  
around the globe."*

## A More Efficient Surface

Customers use Oerlikon Metco surface solution technologies on their products and production tooling to extend the life cycle and performance of their equipment. They reduce costs and increase efficiency in their operations through decreased maintenance, less downtime and higher quality products.

Corrosion Resistance ▪ Wear Protection ▪ Thermal Protection ▪ Low Friction ▪  
Electrical Conductivity ▪ Anti Skid ▪ Dimensional Control ▪ Surface Restoration  
...And Much More!

# NO VOCs

Regulatory compliance never looked so clean.

## Introducing Elevance Clean™ 1200.

Now you and your customers can meet the tough environmental requirements you've been up against with a VOC-exempt\* industrial solvent that outperforms even its most volatile competitors. New Elevance Clean™ 1200 brings superior metal degreasing performance to industries, including manufacturing, transportation and food processing. And because it's produced from large renewable plant-based sources, Elevance Clean™ 1200 offers the supply reliability and price stability you need.

**Paint by the numbers.**

Whether you have 1 part or 1,000,  
Nordson has a system to coat it,  
paint it or cure it to your specifications.

No matter what's on your line, turn to Nordson for a complete range of finishing solutions. Our innovative powder coating, liquid painting and UV curing systems provide a complete spectrum of capabilities – from simple, manual systems to sophisticated, automated booth configurations. We can handle any part, any quantity, any color...with speed, efficiency and quality.

And when you buy Nordson, you invest in the best. We back all of our coating, painting and curing products with decades of technical expertise and unrivaled service. Our support team is available to you around the clock, keeping you productive and satisfied every step of the way.

Visit us at [www.nordson.com/ics](http://www.nordson.com/ics) or call 800.433.9319

# ALL SET TO CHANNEL SUCCESS.

## INNOVATIVE TUBE AND PIPE FLUID SOLUTIONS FROM QUAKER

Making tubes and pipes means more than a simple production line. There are lubricants, process fluids and coatings to consider, and that's just the beginning. You've got to constantly monitor and maintain your machinery, processes and workforce. So you need a partner with the products and expertise to get things running and keep them running at their best – front to back, with you at each step. That's why you need Quaker. No challenge is too big for relentless innovation, hard work and a sincere desire to help you maximize your productivity and improve your bottom line. It's our obsession and inside everything we do. Because at the heart of the tube and pipe industry, you'll find us.

**It's what's inside that counts.®**

Visit us at Booth C533

[quakerchem.com](http://quakerchem.com)  
**+1.800.523.7010**

The Quaker logo features a stylized blue and yellow 'Q' icon followed by the word "Quaker" in a blue, sans-serif font. Below the logo is the tagline "It's what's inside that counts.®". The entire logo and tagline are set against a metallic, brushed metal background with four corner screws.

Another New Product From Special Metals

# INCONEL<sup>®</sup> FILLER METAL 625ULTRA<sup>™</sup>

## Specifically designed for Your Critical Welding Applications

- Ideally suited for GTAW and Orbital Welding systems that require a contaminant free weld
- Best in Class Quality
- Clean Defect-Free Weld Deposits
- Improved Operability
- Superior Feed-ability

# NEW PRODUCT LAUNCH

## **RoboVent** *Ice*

RoboVent ICE (Integrated Cooling Equipment) is an innovative air handling solution which is transforming the way fabricators enhance working conditions in their facilities by combining air conditioning and fume control:

- ✓ Attract Top Staff
- ✓ Improve Employee Retention
- ✓ Reduce Maintenance
- ✓ Reduce Energy Costs

...Stay Ahead Of Your Competition...

★ ★ ★ ★ ★ ★ ★ ★  
**SEE IT LIVE**

Visit RoboVent at FABTECH  
November 11th-13th in  
Booth C1644 for the  
unveiling of this patent  
pending technology!

Contact RoboVent at [www.robovent.com](http://www.robovent.com) or call 888.ROBOVENT to have an experienced Applications Specialist review your needs

WELDING AUTOMATION

# American Welding Society

Visit Booth #C2762 for On-The-Spot Assistance

## MEMBERSHIP

Join 70,000+ Members who receive substantial AWS Members'-only discounts and benefits.

## CERTIFICATION

AWS Certification can lead to better pay, more job security and recognition as one of the industry's elite.

## EDUCATION

AWS conferences, seminars and workshops are widely respected throughout the industry.

## WELDING JOURNAL

12 issues dedicated to providing readers the latest news of the welding and metal fabricating industry.

## SHOW SPECIAL

Join AWS onsite as an Individual Member and receive the *AWS Welding Handbook* at an 80% discount + Daily Raffles for \$100 VISA Gift Cards

## Introducing BySprint Fiber 6kW

### The Next Great Innovation in Laser Cutting

BySprint Fiber with the new Fiber 6000 laser source achieves astonishing speeds; up to 400% faster when compared to a 6kW CO2 laser and a 30% reduction in pierce-through times. The new 6kW Fiber is not just for thin materials either, as it also provides superior cutting results in thick plate materials.

See it for yourself at Booth B2225. The results will astonish you!

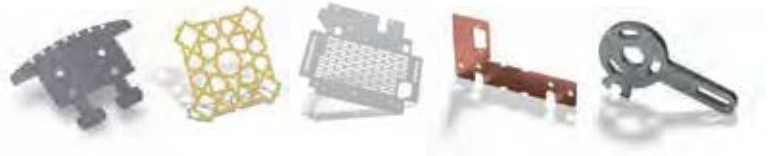

The BySprint Fiber 6kW is just the beginning. See why Bystronic continues to be the leader in the all-important “file to part” process with their leading edge software, automation and bending technologies.

- **ByTrans Extended** – High-speed material automation
- **BySoft 7** – Programming automation and process monitoring
- **ByOptimizer** – Material optimization using patented cluster technology
- **Xpert** – Bending made easy at the touch of a button
- **Xcite** – All electric high-speed bending

**Join us at Fabtech Booth B2225.**

 **MITSUBISHI LASER**

## INTRODUCING FIBER LASER TECHNOLOGY FROM MITSUBISHI LASER

After nearly four decades of industry-leading innovation, our focus on new technology is still laser sharp. The new NX-F fiber laser series is the latest expression of this drive. It features an advanced beam, high-speed controls and preset autofocus processing head for fast, accurate production. It's one more option for your fabrication needs—backed by the industry-leading technology, deep expertise and unparalleled support of Mitsubishi Laser.

# Strategic Relationships Give You an Edge

PROUD SPONSOR OF

VISIT FMA AT BOOTH B4933 TO GET A FREE HAT!

When you become part of FMA not only will you make new business contacts in the industry, but you'll immediately benefit from FMA's established alliances. These endorsed partnerships provide products and services to help your company succeed. Leverage the individual strength and expertise of each participating organization, and enjoy reduced-cost opportunities available exclusively to members.

FMA Partners:

WE ♥ LOGISTICS™

Company and individual memberships are available. Annual dues start as low as **\$150**

**JOIN TODAY!**

Come visit FMA at Booth B4933

#### Member Benefit: Safety Training & Compliance

*"The Safety.BLR.com resource is an excellent tool for our safety committee. We've printed posters to hang in our plant, distributed the safety newsletters to employees, and used their materials for our daily Safety Huddles. It's a great timesaver."*

– Nora Eberl

Co-Owner / CFO, Eberl Iron Works Inc., Buffalo, N.Y.

**FMA's mission:** To advocate for the growth and sustainability of the North American metal processing, forming, and fabricating industries.

Fabricators & Manufacturers Association, International®

833 Featherstone Road, Rockford, IL 61107

**CALL:** 815-399-8700 (Toll Free 888-394-4362) **EMAIL:** membership@fmanet.org **ONLINE:** www.fmanet.org/membership

**PRECISION  
METALFORMING  
ASSOCIATION**

**NETWORK. LEARN. LEAD.**

Middle-market manufacturers of metal parts, assemblies and end products, along with Tier-1 manufacturers and OEMs look to the Precision Metalforming Association (PMA) to help connect them with the right people, information and services to grow their businesses and ultimately, make them more profitable.

There are a wide range of resources available to all PMA member companies. As a member of our community, we will work with you to:

- **Make Connections**
- **Cultivate Career Development**
- **Gain Industry Insight**
- **Provide a Platform for Change**
- **Foster Industry Growth**
- **Build a Strong Manufacturing Sector**

**PMA Works for You**

*Danny Bobowski, E&E Manufacturing Co., Inc.  
PMA Member Since 1996*

***Visit PMA at Booth #B1553, or visit [www.pma.org](http://www.pma.org) to find out how we can work for you!***

**Precision Metalforming Association**

6363 Oak Tree Blvd. | Independence, OH 44131

Phone: 216-901-8800 | Fax: 216-901-9190

Left to right: Giacomo Fornasini of University of Maryland, Roxanne T. Raye of California Polytechnic State University, Kameron Buzdas of San Jose State University, Amanda Nixon of Kettering University, Ahmed Almatooq of Indiana State University, Chad Ornberg of Oregon State University, San Luis Obispo James McCloskey of California State University, Clayton Button of Western Washington University. The students were accompanied by Professor Linda C. Schmidt of the University of Maryland.

The winners of the **Italian Machine Tool Technology Awards (IMTTA)** were recognized at the 2014 Italian Machine Tools Conference Dinner, held during IMTS 2014 in Chicago, September 10, 2014. The students also received a trip to Italy – one of the world's main producers of machine tools and systems – to visit leading Italian manufacturers within the industry.

The aim of the IMTTA program is to enrich engineering education and help develop the next generation of metalworking professionals. It is sponsored by the **Italian Trade Agency, UCIMU-SISTEMI PER PRODURRE** (the Italian Machine Tools, Robots, Automation Systems Manufacturer's Association), and the **SME Education Foundation**.

Dan Davitz  
President  
Magic Rack®/  
Production Plus Corp.

*Experience the Magic Rack® difference.*

**Custom-designed racking solutions engineered to maximize your finishing line.**

That's the Magic Rack® difference. Our personal approach to providing unique solutions that make optimum use of rack space is what has made us the industry leader in custom finishing solutions for over 30 years.

Whether we visit your facility, or you send us your part for analysis, our goal is to provide the best racking solution to **improve your production efficiencies** and **reduce operating costs.**

**Contact us today to discuss how our exclusive Magic Rack® 9-Step Analysis process and unique patented racking technology can solve your most challenging finishing needs.**

**RACKING UP SOLUTIONS.**

A manufacturing cloud born on the plant floor.  
**It's what's next.**

Manufacturing has changed. Shortening production cycles, getting to market faster, and adapting to demand is the new normal. The Plex Manufacturing Cloud is the first and only cloud ERP built to meet the tough requirements of today's manufacturers. Nearly 400 innovative companies rely on Plex to operate and generate profit from every inch of the plant floor. Change is the new competitive advantage with scalable, responsive, and affordable cloud ERP from Plex. **PLEX.COM**

# TAKE THE LEAD

in punching flexibility with Strippit PX

LVD leads the way in value-added punching with the new Strippit PX punch press. Efficiently PUNCH, FORM, BEND and TAP all on a single machine, eliminating secondary operations. This next generation 20-ton punch press can even bend flanges up to 75 mm high, with all tools rotatable to any angle and the capacity to accept up to 200 tools with modular automation options available; the ultimate flexibility and productivity is contained within just one machine.

Learn more about the versatility of the highly capable Strippit PX by visiting [www.lvdgroup.com/strippitpx/us](http://www.lvdgroup.com/strippitpx/us) or calling 800-828-1527.

Take the Lead with LVD

LASER · PUNCH · BEND · INTEGRATE

# STEEL FABRICATORS MAKE MONEY WITH PEDDINGHAUS TECHNOLOGY

**STEELFAB**

*"Many things can be said about adding equipment but facts speak for themselves. In 2005, SteelFab saw a market that seemed to be taking off. In order to capitalize on the increased need for capacity a major increase would have to occur with our equipment capabilities. At the time our annual sales were averaging \$325 million a year fabricating 75,000 tons. Handling increased production meant adding equipment.*

*Having a partner like Peddinghaus makes that task very easy. We invested in Peddinghaus machinery adding new Peddinghaus drill lines, copers, anglemasters and plate machines. We went from annual sales of \$325 million to \$507 million. Our annual tonnage went from 75,000 tons to 102,000 tons. Having those types of increases could have never been achieved without the help of Peddinghaus equipment."*

*Russell Barngrover  
Executive Vice President  
SteelFab, Inc. - Charlotte, NC*

Change in annual sales:

**\$325 million to \$507 million.**

Change in annual tonnage:

**75,000 tons to 102,000 tons.**
