BEN'S STORY

Lost Ben Ben never knew that he was long-lost Great-Aunt Judy's favorite. When she made him the beneficiary of her life insurance policy in 2003—he had no idea.

Found Ben Last Year, Ben heard about the Massachusetts Unclaimed Property Division. He called the number and found his surprise inheritance from Great-Aunt Judy. New car for Ben! Cha-ching!

Last year the Treasury returned a record \$114 million in cash and securities to over 46,000 rightful owners. In 2017, we're going for more.

Have you ever lost track of an account, security or like Ben, didn't even know that you were the recipient of someone's life insurance policy? This can happen for many reasons; for example, you might overpay a bill, neglect to cash a check, or simply forget about an account. Every year, the Treasury receives these funds when people, like you, lose track of them.

Our goal is to turn Lost You into Found You, by returning these assets as quickly as possible. To find out if the Treasury is holding your lost property, look for your name in this publication. If you find it please contact our office, and file a claim.

If not, don't stop there. This list only represents property owners who have had assets worth \$100 or more turned over to the Unclaimed Property Division in the past 6 months. For a comprehensive listing of the 10,000,000 plus properties that remain unclaimed, please call or visit the Division's website. The faster you file, the faster we get your money back in your hands.

Department of the State Treasurer
Unclaimed Property Division
One Ashburton Place, 12th Floor
Boston, MA 02108

The details:

What is Unclaimed Property?

Unclaimed Property is any financial asset (not including land or real estate) that has gone without customer-generated activity for an extended period of time.

EXAMPLES INCLUDE:

- » Savings and checking accounts
- » Unpaid wages or commissions
- » Uncashed insurance proceeds
- » Stocks, underlying shares or uncashed dividends
- » Customer deposits or overpayments
- » Certificates of deposit
- » Credit balances and refunds
- » Money orders
- » Life insurance policies
- » Uncashed benefit checks
- » Accounts payable checks

Is this going to cost me money?

No, this is a public service provided for FREE by the Office of the State Treasurer. There is no time limit to file a claim, and all funds earn interest until claimed.

Why does the state have my money in the first place?

Property becomes unclaimed when the asset holder is unable to contact the asset owner for three years (or fifteen years for traveler's checks). The law requires business entities and others to review and turn over all unclaimed assets in their possession to the State on an annual basis.

So... What's the catch?

Believe it or not, there isn't one! Returning unclaimed property is a FREE service that every state provides. Helping you recover lost assets is our only goal. For us, money in your pocket is a job well done.

Hey, Lost You.

Wouldn't you rather be Found You? The Massachusetts Unclaimed Property Division could be holding your forgotten funds.

This publication will reunite more than 55,000 people with millions in unclaimed property.

If you see your name, call 888-344-MASS(6277).

The treasury is offering extended call center hours:

Monday through Friday: 8-8, Saturday: 9-4 from March 6 to April 15, 2017.

You should also search these affiliated programs

The **Massachusetts State Employees' Retirement System** and the **Massachusetts Teachers' Retirement System** are looking for the beneficiaries of deceased retirees.

For a listing of deceased members whose survivor benefits have gone unclaimed, please log on to:

The Treasury also administers bonuses for **Massachusetts veterans who served during World War II, Korea, Vietnam, or after September 11, 2001**. All bonus payments are subject to applicants meeting eligibility requirements. If you or someone you know has served during these eras, please contact our Veterans' Bonus Division so we can continue to support the veterans of the Commonwealth. **Please visit mass.gov/treasury or call 617-367-9333 x859 for more information.**
