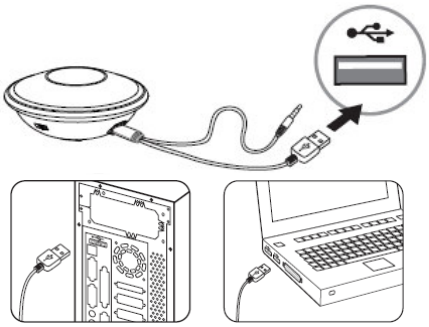
SP-i150
Portable Speaker to Go

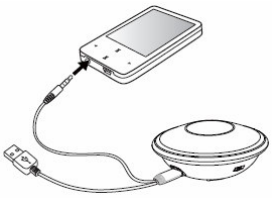
Genius has a new flying saucer speaker design that makes an impressionable appearance, SP-i150. You can enjoy music freely without using a power adapter. SP-i150 uses a 1.25” metal driver for louder sound, and is far better to use than a notebook’s speaker. A built-in battery provides up to eight hours of music, and you can always take SP-i150 with you. Charging is easy; just plug it into the USB port of a PC/Notebook. Use SP-i150 with a notebook, Netbook, iPod, MP3/MP4 player, and CD with its 3.5mm audio plug. Two colors are available: polished black and white. Features include a LED power/charging indicator, a quick charge cable and a pouch. It’s great to use the SP-i150 either at home or outdoors.
For more information, contact your local sales representative.

***Available:* Jan., 2010**

Enjoy music anywhere



Easy charging by USB port



Easy to connect

Pouch
