### Flowers are forever

Legislators come and go. Political fortunes ebb and flow. Tides of change sweep to and fro. Some bills pass, others die. It seems that all things are transitory in the Florida Legislature. Nevertheless, one long-standing tradition threatens to go on forever — the custom of blanketing the chambers with flowers on opening day. It's all camouflage, of course. Verbal brickbats and heated hyperbole will fly in the bye and bye, but for this one day any display of rancor is out of order. Opening day is a festive time enjoyed by friend and foe — and especially by Tallahassee florists. (We are indebted to the Florida Department of Commerce/Tourism Division for our cover photo of opening day (1988) in the Florida House of Representatives.)

## Don't let the task force become a task farce

By R.T. "Tim" Dobeck, President  
Florida Sheriffs Association

The Florida Sheriffs Association is assuming a leading role in the attack on "crack" cocaine by creating a sophisticated team of narcotics investigators from various Sheriffs' Offices. This task force will operate statewide, hitting areas where manufacturers and sellers of "crack" are creating the most severe problems. Mutual aid agreements will provide broad jurisdictional authority.

This is a bold concept that can have a dramatic impact on Florida's current "crack" crisis, but it is only one phase of a broad battle plan involving the entire criminal justice system, and, in the final analysis, its success will depend upon the teamwork and commitment demonstrated by many branches of government.

The Sheriffs' task force project was announced on February 14, and Commissioner Tim Moore promptly pledged the support of the Florida Department of Law Enforcement. Initial reactions indicate that cooperation will be received from all levels of law enforcement, but the "crack" crisis cannot be dealt with by law enforcement tactics alone.

Law enforcement can provide the front line troops. However, these troops will be ineffective without the fully committed support of the Florida Legislature, the Governor's Office, the Department of Corrections, the judiciary and other government entities.

A team effort is absolutely essential, and it has been gratifying to see a pattern of teamwork emerging. Recently, there have been several strategy sessions involving a representative group of criminal justice officials. The results have been most encour-

*Florida Sheriffs Association President R.T. "Tim" Dobeck (at podium) held a February 14 press conference to announce plans for a "crack" cocaine task force. Sheriff Nick Navarro (on Dobeck's right) also participated. He is the chairman of the task force committee.*

aging. Department of Corrections officials attending these conferences have offered full cooperation, but have also warned that, unless new prisons are built, a concerted "crack" attack will intensify prison overcrowding and force them to grant early releases to inmates presently serving time for serious crimes. Overcrowded jails increase the severity of this dilemma.

Governor Bob Martinez is aware of the situation and has joined the "crack" attack by submitting to the legislature a 1989-90 budget that will provide over 8,800 new prison beds and increase incarceration alternatives such as electronic house arrest. He is also asking the lawmakers to appropriate funds for more judges, prosecutors and parole and probation officers to handle drug related cases.

Consequently, Florida's legislators have become key participants in "crack" attack strategy. If they demonstrate a spirit of teamwork by passing the tough laws Sheriffs are endorsing, and by giving an acceptable response to the Governor's budget proposals, current plans for an all out assault on "crack" dealers and manufacturers can be singularly successful.

Their full cooperation is indispensable. Without it the Sheriffs' "crack" cocaine task force is likely to become a task farce!

## BOARD OF DIRECTORS DISTRICT MAP

Members of the Board of Directors serve two-year terms. They can succeed themselves only one time, and are thus limited to four continuous years. Terms are staggered so that six Board members are elected in even numbered years and six in odd numbered years. The Chairman and Vice-Chairman are elected by the Board for one-year terms, and cannot be reelected to succeed themselves.

# EXECUTIVE BRANCH

## GOVERNOR BOB MARTINEZ (R)

When Bob Martinez was inaugurated as Florida's 40th Governor on January 6, 1987, it marked the second time in 113 years that the powers of the state's highest office had been handed to a Republican.

Prior to that time only Republican Claude R. Kirk, Jr. (1967-71) and Prohibition Party Candidate Sidney J. Catts (1917-21) had been able to break a pattern of Democratic Party domination that began after the reconstruction era.

A lifelong resident of Tampa, Governor Martinez was born on December 25, 1934. He attained political prominence in 1979 when he was elected Mayor of his native city. He topped a field of five candidates without a runoff in that election, and was reelected in 1983 by capturing 81 percent of the vote.

During his terms as Mayor he was credited with a conservative approach to government that lowered property taxes, decreased the number of city employees and improved the quality of life.

His official biography points out that Tampa was chosen as one of ten "megatrend" cities of the future by author John Naisbett during the Martinez administration, and "its robust diversified economy has become a model for growth."

Governor Martinez is a Past President of the Florida League of Cities, and he served on the Board of Directors of the National League of Cities.

President Ronald Reagan appointed him to the Advisory Commission on Intergovernmental Relations. He also served on the Commission on Accreditation of Law Enforcement Agencies, and as Vice Chairman of the Southwest Florida Water Management District.

Governor Martinez holds a Bachelor of Science Degree from the University of Tampa, and a Master's Degree in Labor and Industrial Relations from the University of Illinois. He spent 12 years in the field of education, including seven years as a classroom teacher. He also operated a private business that was sold in 1983.

He and his wife, Mary Jane, have been married for 34 years. They have a daughter, Sharon Martinez Keen, a son, Alan, and twin granddaughters, Lydia and Emily Keen.

## Governors hold "Supreme Executive Power"

In strong language, Article IV, Section 1, of Florida's Constitution decrees that "the supreme executive power shall be vested in a governor."

Then it adds: He shall be commander-in-chief of all military forces of the state. . . He shall take care that the laws be faithfully executed, commission all officers of the state and counties, and transact all necessary business with the officers of government. He may require information in writing from all executive or administrative state, county

or municipal officers upon any subject relating to the duties of their respective offices.

Other constitutional powers permit the Governor to: initiate judicial proceedings requiring public officials to do their duty, or refrain from unauthorized actions; request Supreme Court interpretations of his constitutional powers and duties; call out the militia to preserve the public peace; make appointments to fill vacancies in state and county offices.

# STATE CABINET

The Executive Branch of state government administers and enforces laws. Top officials are the Governor, Lieutenant Governor and six cabinet officials — Treasurer, Commissioner of Agriculture, Attorney General, Comptroller, Secretary of State and Commissioner of Education. Each cabinet member is elected statewide and given specific duties.

### 13,000 Career Criminals

*TALLAHASSEE — The Florida Department of Law Enforcement (FDLE) anticipates no shortage of material for the "Most Wanted Fugitives" bulletins which it began publishing on a periodical basis in January. FDLE Commissioner James T. "Tim" Moore said a recent statistical study identified nearly 13,000 individuals fitting the definition of "career criminal."*

*"These individuals were responsible for nearly 100,000 felony arrests in Florida," he added.*

# HOUSE OF REPRESENTATIVES

## Representatives in alphabetical order

Members of the Florida House of Representatives are listed in two ways — first in alphabetical order by name and then in numerical order by districts. If you are looking for a House member and you don't know the member's name or district, perhaps you can identify the district by consulting the map on page 19.

*(Please note: Last phone number under each name is the Tallahassee office number.)*

### "Teddy Bear Patrol"

DADE CITY — Pasco County Sheriff Jim Gillum (second from left) launched a "Teddy Bear Patrol" after accepting 140 of the cuddly creatures from the Holiday Lioness Club. The bears were issued to deputies to be used in comforting injured or traumatized children. "Our deputies handle situations involving children every day," said Gillum, "and whether a child is a victim or merely a bystander, it can be stressful, even terrifying for them. Giving a child a cuddly bear to hold and to keep can go a long way toward calming the child." The bears were wrapped in plastic bags and placed in the trunks of patrol cars until needed.

**Number one "weed eater"**

BRADENTON — A newspaper headline described the Manatee County Sheriff's Office as Florida's "number one weed eater." The title was based on a Florida Department of Law Enforcement report crediting Sheriff Charlie Wells' outfit with finding and destroying 14,982 marijuana plants during 1988, a record for the year. "We just kind of declared a war and had an all-out effort," said Wells.

## Mid-Winter Conference Highlights — Part II

“My first priority is to add more than 8,800 beds to Florida’s Prison System.”

*An address presented by  
Governor Bob Martinez during the  
Annual Mid-Winter Conference  
of the Florida Sheriffs Association*

I appreciate this opportunity to join you for your Mid-Winter Conference. I want you to know how much I appreciate the cooperation of your organization and how important the assistance of the Sheriffs Association has been in helping my office to identify key issues. We are making important progress in law enforcement in Florida.

Last week I announced two important areas of my budget recommendations that will go a long way toward improving the quality of life in Florida. They directly affect you and their success depends on you.

Government’s first duty is to protect our citizens and we simply can’t do that if we don’t have anywhere to put those that break the law. That’s why my first priority is to add more than 8,800 prison beds to Florida’s prison system. We’ve increased Florida’s prison system by more than 9,000 beds in the past two years and again we’re looking at another 9,000 for this one year. We believe it can be done and it must be done.

What more prison space means to you and to every law abiding citizen in Florida is clear. Fifty-four hundred fewer inmates will get early release next year, we can prevent crime by locking up our career criminals and the worst predators. The bulk of my correctional budget, 152.4 million dollars, is for prison construction, because we’ve got to make up for lost time and lack of space.

But my plan is not simply a lock up system for criminals. I am recommending a comprehensive correctional plan that will maximize our corrections program by expanding alternatives to prisons. Another 14.7 million will go to fund cost effective and reliable alternatives like house arrest and community control, but not for violent offenders.

We can toughen Florida’s early release program so that suspects or convicted criminals who assault law enforcement or correctional officers are not eligible for credits toward early release required due to overcrowding. I am recommending that we develop a five-year master plan for our correctional system to project where our needs are, and where our money and our attention should be directed. As far as we know, Flor-

*Smiles and applause greeted Governor Bob Martinez when he revealed the criminal justice priority items in his proposed 1989-90 budget. Seated at his right is Florida Sheriffs Association President Tim Dobeck.*

ida will be the first state to develop and use a master plan for corrections. Florida can and should be a leader in the area of criminal justice. We are the fastest growing state with one of the highest crime rates. Both of these dictate that we take the lead in fighting crime.

As you know, much of our crime problem is fueled by drugs. Last week I announced that my budget would include 15 million dollars to implement a series of programs to fight this problem. My plan targets both sides of the drug trade, the user and the seller, because they feed off each other and their combined efforts result in so much crime. I am recommending more than half of the 15 million dollars go for criminal justice efforts because we can fight this monster, we can prevent future drug abuse, the need for treatment and future crime.

I’m also recommending increases in personnel for state agencies that target drug activity, as well as, more judges, prosecutors, parole and probation officers, and corrections officers to handle drug related cases.

We could boost crime fighting in Florida with one important change in public policy, repealing our discovery deposition rules. Florida’s discovery rule is detrimental to law enforcement. In fact, a DEA Administrator said last week that they prefer not to prosecute drug cases in Florida because our discovery rules compromise our cases. When that happens we in Florida pay the cost of crime but the recovery of money

takes place in another state. We take the loss, they take the gain.

It's time that public policy makers make a determination on the discovery rule and not leave it solely to the legal profession. It is time that we go on the record to say that the discovery rule as it is applied in Florida is no longer acceptable public policy. A change in our discovery rule would eliminate abuses of the system and would immediately relieve some 35 million dollars in overtime and work load associated with the current discovery rule. That would enable us to direct that money into legitimate actions to fight crime.

We need the cooperation and support of all areas of the criminal justice system to effectively fight drug related crime. I am proposing legislation that would prevent courts from withholding adjudication on those convicted of drug related crimes so that they get full credit for their crime. We can make drug users and illegal drug traffickers pay for the cost of their crimes.

Law enforcement has taken the lead with drug test-

ing to encourage a drug-free work place. The State of Florida is right behind you. We are implementing policies to make State Government drug free and to send a message to vendors and companies that do business with the state that we expect them to be drug free as well.

Convicted drug felons would also be prohibited from receiving a driver's license and would be ineligible for loans and other assistance awarded by the state unless they complete a drug rehabilitation program.

And, I support more military support in fighting drugs. You will be hearing more about a summit meeting to bring together law enforcement and the military to fight our drug problem. We've got a lot of work ahead of us. This is one of the most important efforts we can make for Florida. I look forward to working with you this year on these important issues. Again, I appreciate the cooperation of the Sheriff's Association and I appreciate the great service each of you provides to your community.

*Sheriffs Don Moreland (left) and Neil Perry (right) discuss legislative issues with Florida Representative Ron Silver, Chairman of the House Criminal Justice Committee. Perry was the conference host. Moreland was elected Chairman of the Sheriffs Association's Board of Directors. In a luncheon address, Silver proposed adding a front license tag to motor vehicles registered in Florida. He said increased license fees would produce approximately \$150 million which could be used to build new prisons. Front tags would also enable law enforcement officers and crime witnesses to identify lawbreakers' cars more readily, he added.*

ST. AUGUSTINE — The Annual Mid-Winter Conference of the Florida Sheriffs Association, which was held at the Ponce de Leon Resort, St. Augustine, February 12-14, produced so many articles and photographs that they had to be divided into two parts. Part I appeared in the February issue, and Part II was held over for this issue. Fifty-six Sheriffs, a higher than average number, answered the roll call and worked their way through a long agenda of critical issues. During business session breaks they visited displays of law enforcement supplies and equipment prepared by 47 exhibitors. This was said to be one of the most productive and constructive conferences in the 79-year history of the Sheriffs Association.

## Mid-Winter Conference Highlights — Part II

Representative David Flagg, from Gainesville, told Sheriffs he plans to propose legislation banning the sale of assault weapons, including the AK-47, Uzi and sawed-off shotguns. Sheriffs voted to support his proposal.

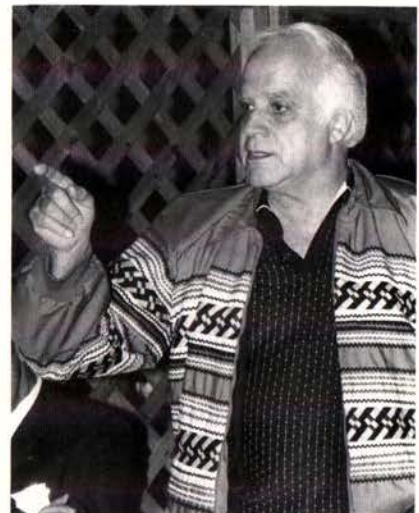

The Conference line-up of speakers included Statewide Prosecutor Pete Antonacci (at podium) and Attorney General Robert A. Butterworth. The Attorney General urged Sheriffs to support U.S. Senator Bob Graham's bill to limit death sentence appeals. He said he was also in favor of banning over the counter sale of assault weapons. "It is insanity that any nut off the street can walk in and buy an assault weapon."

### *There goes the old stereotype!!*

Fiction writers have characterized Sheriffs as strong, silent men of action. They got the strong men of action part right, but the "silent" part is a myth. These Mid-Winter Conference pictures help to prove that in reality Sheriffs are strong, outspoken men of action who do not hesitate to stand up in meetings and air their views.

## Mid-Winter Conference Highlights — Part II

Florida Department of Law Enforcement Commissioner James T. "Tim" Moore announced that full DNA services will be available at the Department's Jacksonville lab in 1989, and will be offered at other FDLE labs subsequently. DNA is a scientific breakthrough that uses the genetic material found in human cells for identification purposes.

Charles Felton, Director of the Pinellas County Detention Facility, presented a report on the recent Jail Administrators Conference.

Madison County Sheriff Joe Peavy, the chairman of the nominating committee, presents a slate of officers and directors for 1989. In subsequent voting, Indian River County Sheriff R.T. "Tim" Dobeck (left) was advanced from Acting President to Newly-Elected President.

Citrus County Sheriff Charles S. Dean presented an award to Forensic Artist Linda Galeener to express appreciation for her efforts in developing a forensic artists' task force under the auspices of the Sheriffs Association.

Attorney Iven Lamb (center), the Sheriffs Association's Civil Process Consultant, was awarded a Lifetime Honorary Membership in the Association in recognition of his services. The award was presented by Executive Director J.M. "Buddy" Phillips, Jr., (left) and President R.T. "Tim" Dobeck.

## Mid-Winter Conference Highlights — Part II

## Here we go again — but bigger and better

Summer sessions at the Florida Sheriffs Youth Camp, near Barberville, will be bigger and better this year — bigger, because the enrollment will be increased from 320 to 450 — better, because the facilities have been improved and refurbished. There will be five camping sessions of ten days each, starting on June 14 and ending on August 18. The camp staff will include deputy sheriffs in addition to experienced counselors from the ranks of college students and school teachers. Last year 42 deputies from 20 counties reported for duty, giving credibility to the camp slogan: "Law enforcement officers are your friends." Sheriffs provided demonstrations by a bomb squad, a scuba rescue unit, SWAT and K-9 teams and helicopters. The photos displayed here show what's in store for boys and girls who normally do not have an opportunity to attend summer camp.
