# VEHICLE CAST FILMS

## Avery Dennison MPI 1105 Supercast Easy Apply RS™ Gloss

### High Gloss White Film

Avery Dennison MPI 1105 Easy Apply RS™ is a 53 micron premium quality high gloss Supercast film with grey long term removable acrylic adhesive. Supercast technology ensures superior conformability to irregular surfaces, including deep channels and recesses, rivets and corrugations. The Easy Apply RS™ adhesive system with air-egress channels easily eliminates bubbles and wrinkles during application. The film slides smoothly on surface for exact positioning. MPI 1105 EA RS™ offers excellent printability on solvent, eco-solvent, latex and UV inks. Up to 10 years outdoor durability (unprinted).

**Available as bundles with the following overlaminates:**

## Avery Dennison DOL 6460 Extreme Gloss

### Gloss Polyurethane Overlaminate

Avery Dennison's DOL 6460 is a 38 micron premium quality extreme gloss polyurethane overlaminate. DOL 6460 offers increased scratch, abrasion and stone chip resistance as well as superior conformability to irregular surfaces, outstanding durability and outdoor performance including a 3 year horizontal warranty.

## Arlon SLX®+

### Permanent Repositionable Cast Film with FLITE Technology™

SLX®+ is a 50 micron premium gloss white cast film with FLITE Technology®. Designed for full and partial vehicle wraps and fleet applications, SLX+ features an optimal initial tack to ensure high repositionability with quick anchoring and build a strong bond while removing clean at the end of the wrap life. The optimized performance of SLX+ improves all-weather application performance and cutting & weeding, while maintaining a high conformability in complex areas such as rivets, curves, and deep channels. SLX+ has a tinted, permanent pressure-sensitive adhesive that provides excellent opacity and a low profile air egress liner that aids in easy installation and provides a smooth finish. SLX+ is rated for outdoor durability up to 10 years (unprinted).

**Available as bundles with the following overlaminates:**

## Arlon AL 3310 Gloss

### Gloss Polyurethane Overlaminate

Arlon AL 3310 series is a 38 micron, gloss polyurethane film with a clear, permanent pressure-sensitive adhesive. Series 3310 is designed as a multi-purpose extended life laminate, recommended for fleet and vehicle applications. You can expect up to 10 years vertical exposure and up to 4 years horizontal exposure.

## Arlon DPF 4200 Matte/Canvas

Permanent Interior Wall Decoration Vinyl Film

Arlon DPF 4200 Matte/Canvas is a 150 micron white vinyl film with a clear permanent pressure-sensitive adhesive. The film is intended for interior wall applications, available in both matte and canvas finishes. The adhesive is specially designed to have initial repositionability to substrates such as smooth to slightly textured painted walls without compromising the ultimate bond. The thickness of the film enables ease of application without the need for an overlaminate. DPF 4200 has a premium moisture stable polycoated lay-flat liner that is optimal for printing on a variety of print systems. Indoor durability up to 7 years (unprinted).

### Gloss White Reflective Film with Pressure Sensitive Adhesive

Arlon's IllumiNITE Wrap™ is a 125 micron printable reflective vinyl film featuring FLITE Technology™. With its lite contact system, the film allows for a fast, repositionable install while maintaining the reflective quality of the film. Using Arlon's recommended installation techniques, the film easily conforms to irregular surfaces and glides over smooth surfaces, enabling graphics to be brightly displayed day and night. IllumiNITE Wrap meets or exceeds the following standards for motor vehicles: ISO 7591-1982, DOT FP-85 - Section 718, and ASTM-D 4956, Spec. Type 1, Class 3. It is rated for outdoor durability up to 7 years (unprinted) for flat surfaces and up to 5 years (unprinted) for irregular surfaces. Printed durability is dependent on the ink system used.

# CANVAS

## Sihl 3609 Picasso Canvas

370gsm Canvas Media

Sihl 3609 Picasso Canvas is a 370gsm satin single side coated artistic canvas for highest quality graphic arts applications. Due to the special coating, this high-end canvas is suitable for heavy ink-loads and uniform area-prints also in critical colour-tones. The drying time is excellent and the ink-fixation on the surface is optimised in the coating. The coated surface is water-repellent and the light stability with common eco-solvent and solvent inks is excellent. The fixation of the ink to the surface is very strong and the UV-lamps can be run on reduced performance (low) to avoid high temperatures and a possible cracking of the inks. Main applications are for indoor only. Compatible with eco-solvent, solvent and UV curable inks.

| | Roll Size | Roll Price |

# SIGNAGE FILM

## Avery Dennison Supreme Wrapping Film

### High Performance Supercast Film

Avery Dennison Supreme Wrapping Film is an 80 micron supercast vinyl with permanent adhesive with Easy Apply RS™ and LTR (Long Term Removability). The adhesive system has air-egress channels for fast and easy removal of entrapped air bubbles as well as RS technology, allowing the film to stand off the surface until pressure is applied. Available in a strong choice of colours; including Pantone matches with the option of custom colour matching. Up to 10 years outdoor durability (vertical exposure only), depending on the finish.

## Avery Dennison Supreme Wrap™ Care

### Keep Avery Dennison Vehicle Graphic Films in Peak Condition

The premium finish made possible by Avery Dennison vehicle graphic films deserves the very best in after care - if it looks great, it should stay great. The Avery Dennison Dennison Wrap™ Care range includes a Cleaner, Power Cleaner and Sealant. These are professional grade products that are simple for anyone to use. They help matte, satin and gloss vehicle wraps cope with all the challenges of the road after leaving the workshop.

- Protects and cleans vehicle graphics
- Suitable for all car wrap finishes*
- Tested with all Avery Dennison vehicle films
- Easy to use water based products
- An alternative to traditional car wash
- No additional water required

* For matte finishes, it is advised to test the Sealant on a small area first (buff thoroughly into the film to avoid streaking)

### Cleaner

General cleaning product for regular use – eliminates dust, light dirt, fingerprints and other marks.

### Power Cleaner

Extra power to deal with difficult localised stains such as bird droppings, road grime, tree sap and much more.

### Sealant

Provides a protective layer on the wrap, making it easier to clean off everyday challenges like dirt, bird droppings and tree sap.

Optimum results when used in combination, but can also be used separately.

# SQUEEGEES & APPLICATORS

## ImageOne Impact WetEdge™ Squeegee

Ultra Suede Teflon Squeegee

The WetEdge™ Squeegee is a Teflon squeegee with a unique microfibre edge technology bonded to it which means wrapping your vehicles faster and more efficiently with the only squeegee applicator made to be used wet or dry. No scratches, no marks, just smooth motions that easily glides across vinyl films and painted surfaces without worry of mistakes or damage.

| | Price |
|---|---|
| **ImageOne Impact WetEdge™ Squeegee**<br>WEBCODE: WETEDGE | $31.42 |

## Avery Dennison Squeegee Pro

Blue Rigid PVC Felt Squeegee

The Avery Dennison Squeegee Pro is a blue rigid PVC squeegee featuring a double sided felt edge for scratch free application.

| | Price |
|---|---|
| **Avery Dennison Squeegee Pro**<br>WEBCODE: AVSP | $6.46 |
| **Avery Dennison Squeegee Pro XL**<br>WEBCODE: AVSP | $9.06 |

## Avery Dennison Squeegee Pro Flexible

Red Flexible PVC Felt Squeegee

The Avery Dennison Squeegee Pro Red has a double sided felt edge and is softer and more flexible than previous squeegees, improving its effectiveness for 3D applications and deep corrugations. The squeegee is easily recognisable by its red colour.

| | Price |
|---|---|
| **Avery Dennison Squeegee Pro Flexible**<br>WEBCODE: AVSPF | $6.46 |

## Avery Dennison Squeegee Yellow (Rigid)

Yellow Rigid Non Felt PPF Squeegee

The Squeegee Yellow (Rigid) is a non-felt squeegee. Due to the form and flexibility, this squeegee is an essential tool in the application of our window film and paint protection Ffilm products. The squeegee yellow is more rigid than the squeegee orange but still flexible.

| | Price |
|---|---|
| **Avery Dennison Squeegee Yellow (Rigid)**<br>WEBCODE: AVSRY | $19.84 |

| **Avery Dennison Squeegee Orange (Flexible)**<br>WEBCODE: AVSFO | $19.84 |

## Avery Dennison Squeegee Pro Rigid (Teflon)

White Rigid PVC Squeegee

The Avery Dennison Squeegee Pro Rigid (Teflon) is a white squeegee designed to provide optimal smoothness and pressure for most jobs. Features an unmatched rigid strength for maximum pressure. Also available with a felt strip finish to protect the surface.

| | Size | Price |
|---|---|---|
| **Avery Dennison Squeegee Pro Rigid (Teflon)**<br>WEBCODE: AVSPT | 100mm x 73mm | $6.46 |

## Avery Dennison FleXtreme Squeegee Set - Red and Blue

Blue (Rigid) and Red (Flexible) PVC Micro-Squeegees

The Avery Dennison FleXtreme Squeegee set is a micro-squeegee pair specifically designed for vinyl graphic applications. The RED FleXtreme is ideal for applying film over narrow or concave parts on a vehicle. The BLUE FleXtreme enables you to apply film in difficult to access areas of narrow curves and over the edge of car panels.

| | Price |
|---|---|
| **Avery Dennison FleXtreme Squeegee Set - Red and Blue**<br>WEBCODE: AVFLX | $34.42 |

## GForce RollePro

Designed for the Application of Rivets and Contours

The GForce RollePro is a hand roller that makes applying vinyl over rivets, contours and uneven surfaces fast and easy. The ergonomically designed and specially formulated heat-resistant wheel brings speed and comfort to a once time consuming application process. Simply leave an open un-squeegeed air channel over a rivet, heat the area with a heat gun and roll down the vinyl in one smooth motion. Perfect for truck, panel, wall and floor graphics.

| | Price |
|---|---|
| **GForce RollePro**<br>WEBCODE: ROLLEPROW | $174.42 |

## Hard Rubber Roller

Smooth Out Vinyl Graphics Faster and Easier

The Hard Rubber Roller has a comfortable red plastic handle and features heavy duty plated frames. The roller is made from a rubber compound and heat moulded which gives a hard wearing smooth finish.

**Sizes Available** - 100mm and 150mm

| **Yellotools Prowrap Bio**<br>WEBCODE: YTPROWRAP | 62 | $8.45 |

## Yellotools Allstar Squeegee

### Round ended Squeegee Range

The AllStar squeegee is perfect for installers that like to hold their squeegee at an angle while applying. The rounded end allows for smoother comfort in motion and the longer length gives more torque for application. Available in 5 different styles to suit many different types of jobs and materials. Each colour has a different 'Shore' rating or hardness measure.

| | Shore Strength | Price |
|---|---|---|
| **Yellotools Allstar Gold**<br>WEBCODE: YTALLSTAR | 72 | $8.45 |
| **Yellotools Allstar Green**<br>WEBCODE: YTALLSTAR | 40 | $11.20 |

## Yellotools Tonnymag Squeegee

### Magnetic Squeegee Range

The TonnyMag Squeegee is a fantastic two-in-one squeegee magnet. The two, laterally integrated magnets "park" the squeegee on all magnetic surfaces. Thanks to the enormous holding power, the TonnyMag can also help position and align digital prints and plotted graphics too.

| | Shore Strength | Price |
|---|---|---|
| **Yellotools Tonnymag Basic Green**<br>WEBCODE: YTTONNYMAG | 40 | $22.65 |
| **Yellotools Tonnymag Basic Teflon**<br>WEBCODE: YTTONNYMAG | 93 | $22.65 |

## Yellotools Yelloflex Squeegee

### Flat Flexible Squeegee

The YelloFlex Squeegee is an extremly flat, flexible vinyl squeegee with a rubber lip. It's perfect for car-wraps and window application. It was designed originally for window films, because it doesn't scratch the material, but it's especially good for wiping away water when doing wet applications.

| | Price |
|---|---|
| **Yellotools Yelloflex Squeegee**<br>WEBCODE: YTYELLOFLEX | $5.75 |

## Yellotools Yellomini Hang-Loose Squeegee

### Plastic Squeegee

The YelloTools YelloMini Hang-Loose is perfect for fine tuning details and hard to reach places of cars, trucks and bikes. Available with a 90° angle.

| | Price |
|---|---|
| **Yellotools Yellomini Hang-Loose Squeegee**<br>WEBCODE: YTYELLOMINI | $8.25 |

## Yellotools Wrapstick Betty

### Mini Squeegee

The WrapStick Betty is a unique twin tool where the thinner end is ideal for hard to reach pesky inlays and the rounded edge gives a perfect approach when applying vinyl in difficult to reach deep recesses and concave curves.

| | Price |
|---|---|
| **Yellotools Wrapstick Betty Gold**<br>WEBCODE: YTWRAPSTICK | $40.30 |

## Yellotools Wrapstick Sloan

### Mini Squeegee

The WrapStick Sloan has a hard angle scalpel shaped end ideal for reaching deep corners and the smaller rounded point end has both a curved profile and flat profile to lift seals or glide along trim lines.

| | Price |
|---|---|
| **Yellotools Wrapstick Sloan Gold**<br>WEBCODE: YTWRAPSTICK | $40.30 |
| **Yellotools Wrapstick Sloan Teflon**<br>WEBCODE: YTWRAPSTICK | $40.30 |

## Yellotools Wrapstick Flex

### Mini Squeegee

The WrapStick Flex has an elongated flexible profile which makes it perfect for tucking in vinyl while gliding accross trim lines or under seals and the shorter end is perfect for those smaller rounded areas that are too small for your finger.

| | Price |
|---|---|
| **Yellotools Wrapstick Flex Teflon**<br>WEBCODE: YTWRAPSTICK | $40.30 |

Prices are exclusive of 10% GST. Prices are accurate at time of printing and are subject to change without notice - E&OE. Refer to gamart.com.au for current pricing.

| **Spare Blades 30 Degree Multi-Cartridge Knife**<br>WEBCODE: KNNTA553 | $9.06 |

# APPLICATION TOOLS

## ImageOne Impact WrapGlove™

### Lint Free Application Gloves Designed for Vehicle Wrapping

The WrapGlove is specifically made for the wrap/decal installer. Designed and constructed with the following in mind: conformability, weave construction to limit the amount of fabric coming in contact with the adhesive, durability, non static properties and finally lint free so they do not shed when touching the adhesive side of print and colour change films. Available in small, medium, large or x-large sizes.

| | Size | Price |
|---|---|---|
| **ImageOne Impact Wrap Glove™**<br>WEBCODE: WRAPGLOVE | S, M, L, XL | $39.44 (pair) |

## Avery Dennison Application Glove Pro

### Friction Free Gloves for Detailed Applications

These high-quality gloves are engineered for breathability, heat resistance, and maintain the sensitivity needed for delicate executions. Best of all, they're touch-screen friendly so you can still access your devices conveniently.

| | Price |
|---|---|
| **Avery Dennison Application GlovePro**<br>WEBCODE: AVGLOVEPRO | $35.81 (pair) |

## Yellotools YelloGloves

### Nylon Gloves for Sign Makers and Car Wrappers

The YelloGloves are specially designed nylon gloves for sign makers and car wrappers have a sturdy wrist band and are of seamless. The fingertips glide optimally over vinyls and coatings, so that car wrapping becomes a real pleasure.

| | Size | Price |
|---|---|---|

# CLASS 1 AND 1W REFLECTIVE FILMS

## 3M 4000 DG3 Series

### Class 1W Diamond Grade Reflective Films

3M 4000 DG3 Series is a 558 micron diamond grade full cube prismatic reflective sheeting. Features full cube retro-reflective sheeting designed for the production of traffic control signs and delineators that are exposed vertically and also delivers optimal reflective performance at all sight distances 24 hours a day. Its optical elements return almost 50% of available light to drivers - nearly twice the reflectivity when compared to conventional prismatic sheeting. Up to 12 years outdoor durability.

## Avery Dennison T-11500 OmniCube™ Series

### Class 1W OmniCube™ Prismatic Reflective Films

Avery Dennison T-11500 OmniCube™ Series are microprismatic retroreflective films that take full-cube reflective sheeting to a new level. OmniCube full-cube prisms are 100% efficient – returning approximately 60% of the available light back to the driver compared to only 40% with other prismatic reflective sheetings. OmniCube's Intelligent Cube Technology incorporates the needs of all vehicle types; trucks, SUVs, automobiles and motorcycles into one reflective sheeting. OmniCube is an OmniDirectional microprismatic film that incorporates tiles of full-cube microprisms arranged in multiple orientations. This feature – "Smart at Every Angle" benefits agencies by providing confidence that all signs will perform with uniform visual reflectivity at all sign face orientations. Up to 12 years outdoor durability.

## 3M 7300 Series

### Advanced Flexible Engineer Grade Reflective Sheeting

3M 7300 Series Advanced Flexible Engineer Grade Reflective Sheeting is a non-metallized (corrosion resistant), non-conductive, prinatble microprismatic reflective sheeting. As manufactured by 3M, Sheeting meets the performance requirements of ASNZS 1906.1 for Class 100 sheeting. It has been specially designed to have high scratch resistance and is flexible and durable. The adhesive on the Sheeting has been designed for application to a variety of signing substrates including plywood, metal, and both flat and curved reboundable plastic substrates. Sheeting has been designed for use in the production of retroreflective commercial signs, non-regulated traffic control signs that are exposed vertically in service and pressure sensitive stickers.

## Arlon Illuminite Wrap

### Gloss White Reflective Film

Arlon's IllumiNITE Wrap™ is a 125 micron printable reflective vinyl film featuring FLITE Technology™. With its lite contact system, the film allows for a fast, repositionable install while maintaining the reflective quality of the film. Using Arlon's recommended installation techniques, the film easily conforms to irregular and glides over smooth surfaces, enabling graphics to be brightly displayed day and night. IllumiNITE Wrap meets or exceeds the following standards for motor vehicles: ISO 7591-1982, DOT FP-85 - Section 718, and ASTM-D 4956, Spec. Type 1, Class 3. It is rated for outdoor durability up to 7 years (unprinted) for flat surfaces and up to 5 years (unprinted) for irregular surfaces. Printed durability is dependent on the ink system used.

# REFLECTIVE OVERLAY FILMS

## 3M 1150 Protective Overlay Film

### Clear Reflective Anti Graffiti Overlay Film

3M Protective Overlay Film 1150 is a clear, colourless film that acts as a barrier to some types of staining and can be cleaned using selected solvent wipes. Used as an overlay, it is ideal for protecting sign faces against damage and deterioraton due to natural and man-made causes. The film also reduces retro-reflectivity of the sign by approximately 10%.

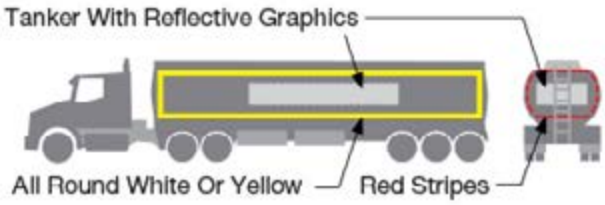
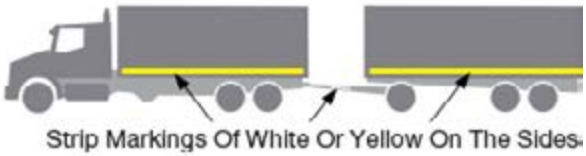
### Full Contour Markings

### Partial Contour Markings

### Tanker Strip Markings

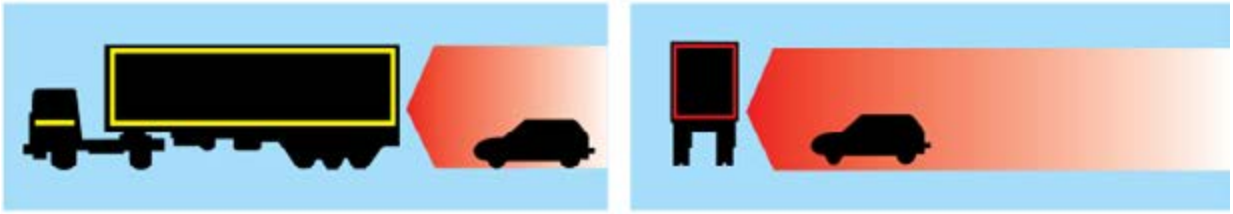


### Dog And Trailer Strip Markings



| Location On Vehicle | Colour(s) Permitted |
|---|---|
| Front | White |
| Sides | Yellow, White Or Fluorescent Yellow |
| Rear | Red Or Yellow |

## Potential results with improved truck visibility



**41%**

Rear outline visibility markings can reduce rear end collisions by up to 41%

**37%**

Side outline visibility markings can reduce side collisions by up to 37%

## Avery Dennison T-11513 Fluoro Yellow / Green OmniCube™ Prismatic

### Permanent Edge Sealed Fluorescent Reflective Conspicuity Tape

Avery Dennison T-11513 Fluoro Yellow / Green Omnicube is a microprismatic retroreflective edge sealed tape that takes full-cube reflective sheeting to a new level. OmniCube full-cube prisms are 100% efficient – returning approximately 60% of the available light back to the driver compared to only 40% with other prismatic reflective sheetings. OmniCube's Intelligent Cube Technology incorporates the needs of all vehicle types; trucks, SUVs, automobiles and motorcycles into one reflective sheeting. OmniCube is an OmniDirectional microprismatic film that incorporates tiles of full-cube microprisms arranged in multiple orientations. This feature – "Smart at Every Angle" benefits agencies by providing confidence that all signs will perform with uniform visual reflectivity at all sign face orientations. Up to 12 years outdoor durability.

# DISPLAY MEDIA

## Sihl 3747 Vivalux PET

200 Micron Non-Adhesive Heavy Backlit Film

Sihl 3747 Vivalux PET is a 200 micron matte coated polyester backlit film specifically developed for use with latex inks. In combination with these inks the film allows a very high colour density and brilliance, quick drying and long durability. Prints are waterproof and suitable for outdoor use. Please note this product is only latex and UV ink compatible. HP Certified.

## Sihl 3515 PolySOL Film

180 Micron Polyester Film

Sihl 3515 PolySOL is a 180 micron polyester display film with a satin finish and an instant dry, water resistant coating. Designed to be used unlaminated to create a retractable banner. It can also be overlaminated with both pressure sensitive and hot laminates to create a durable trade show panel engineered to withstand repeated rolling in portable display units without cupping, warping or scratching. Suitable for printing with eco-solvent, solvent UV and latex inks.

## Sihl 3560 Backlit Plus 220 PET

180 Micron PET Backlit Film

Sihl 3560 Backlit Plus 220 PET is a 180 micron, satin finish, stable backlit film for high-contrast lightbox advertising. The backlit film is suitable for indoor and outdoor use. Its particularly high resistance allows use in environments with high humidity and condensation. Its high ink absorption capacity produces impressively vibrant colours and rich black surfaces in both reflected and transmitted light. The film has a thickness of 220µm, providing scratch-resistant surface and crease simply can be inserted crease free. Suitable for printing with eco-solvent, solvent, latex and UV inks.

| | Roll Size | Roll Price |

# CANVAS & PHOTO PAPER

## Sihl 3609 Picasso Canvas

370gsm Canvas Media

Sihl 3609 Picasso Canvas is a 370gsm satin single side coated artistic canvas for highest quality graphic arts applications. Compatible with eco-solvent, solvent and UV curable inks. Due to the special coating, this high-end canvas is suitable for heavy ink-loads and uniform area-prints also in critical colour-tones. The drying time is excellent and the ink-fixation on the surface is optimised in the coating. The coated surface is water-repellent and the light stability with common eco-solvent and solvent inks is excellent. The fixation of the ink to the surface is very strong and the UV-lamps can be run on reduced performance (low) to avoid high temperatures and a possible cracking of the inks. Main applications are for indoor only.

| | Roll Size | Roll Price |
|---|---|---|

# SURFACE CLEANING, PREPARATION & APPLICATION FLUIDS

## GAMART Isopropyl Alcohol (IPA)

Clean and Dry Surfaces Before Applications

GAMART IPA is a high quality hard surface cleaner with a high evaporation rate making it the best way to clean and dry surfaces prior to the application of self adhesive vinyl.

| | Size | Price |
|---|---|---|
| **GAMART Isopropyl Alcohol (IPA)**<br>WEBCODE: GAMIPA | 1 Litre<br>4 Litres<br>20 Litres | $19.34<br>$50.16<br>$176.42 |

## ADCOAT Remove-It

Organic Surface Cleaner

ADCOAT Remove-it is an organic, environmentally friendly, biodegradable, non caustic cleaner for the removal of most spray enamels, acrylics, permanent markers and lipstick off surfaces such as metal, stainless steel, ceramic tiles, porcelain, formica, timber, brick, concrete, natural stone and most surfaces treated with graffiti resistant coatings.

| | Size | Price |
|---|---|---|
| **ADCOAT Remove-It**<br>WEBCODE: TUFFG1 | 1 Litre | $101.49 |

## Avery Dennison Surface Cleaner

Powerful Cleaning and Degreasing Spray for Use Before Application

Avery Dennison Surface Cleaner is a very powerful product for cleaning and degreasing. Remove all kinds of residue in one action - dirt, wax, silicone and more. Ideal for surfaces that need to be prepared prior to application of self adhesive materials. Combines both the characteristics of a detergent on the basis of alcohol and of a detergent on solvent basis in one single product.

| | Size | Price |
|---|---|---|
| **Avery Dennison Surface Cleaner**<br>WEBCODE: AVSC | 1 Litre | $20.98 |

## Avery Dennison Adhesive Remover

Removes Adhesive Residue Left After Vinyl Removal

Avery Dennison Adhesive Remover is a specially formulated professional cleaner designed for the removal of adhesive residue following the removal of graphics. Easily removes solvent, acrylic and waterbased adhesives using a small amount of spray on a cloth.

| | Size | Price |
|---|---|---|
| **Avery Dennison Adhesive Remover**<br>WEBCODE: AVAR | 500ml | $37.36 |

## Avery Dennison Supreme Wrap™ Care

### Keep Avery Dennison Vehicle Graphic Films in Peak Condition

The premium finish made possible by Avery Dennison vehicle graphic films deserves the very best in after care - if it looks great, it should stay great. The Avery Dennison Supreme Wrap™ Care range includes a Cleaner, Power Cleaner and Sealant. These are professional grade products that are simple for anyone to use. They help matte, satin and gloss vehicle wraps cope with all the challenges of the road after leaving the workshop.

- Protects & cleans vehicle graphics
- Suitable for all car wrap finishes*
- Tested with all Avery Dennison vehicle films
- Easy to use water based products
- An alternative to traditional car wash
- No additional water required

* For matte finishes, it is advised to test the Sealant on a small area first (buff thoroughly into the film to avoid streaking)

### Cleaner

General cleaning product for regular use – eliminates dust, light dirt, fingerprints and other marks.

### Power Cleaner

Extra power to deal with difficult localised stains such as bird droppings, road grime, tree sap and much more.

### Sealant

Provides a protective layer on the wrap, making it easier to clean off everyday challenges like dirt, bird droppings and tree sap.

Optimum results when used in combination, but can also be used separately.

## EZI-FIX Clear Adhesive Primer

### Promotes Vinyl Adhesion

EZI-FIX is an adhesive primer in a handy aerosol can. It can be used to increase bonding of vinyl to synthetic material. The primer is fast drying, transparent and won't discolour surfaces. Apply directly to surface.

| | Size | Sell Unit | Price |
|---|---|---|---|
| **EZI-FIX Clear Adhesive Primer - 150ml**<br>WEBCODE: EZIFIX | 150ml | Each | $54.47 |

# SQUEEGEES & APPLICATORS

## ImageOne Impact WetEdge™ Squeegee

### Microfibre Teflon Squeegee

The WetEdge™ Squeegee is a Teflon squeegee with a unique microfibre edge technology bonded to it which means wrapping your vehicles faster and more efficiently with the only squeegee applicator made to be used wet or dry. No scratches, no marks, just smooth motions that easily glides across vinyl films and painted surfaces without worry of mistakes or damage.

| | Price |
|---|---|
| **ImageOne Impact WetEdge™ Squeegee**<br>WEBCODE: WETEDGE | $31.42 |

## Avery Dennison Squeegee Pro

### Blue Rigid PVC Felt Squeegee

The Avery Dennison Squeegee Pro is a blue rigid PVC squeegee featuring a double sided felt edge for scratch free application. The Pro is the perfect size for standard applications providing enough flexibility and pressure for most application jobs.

| | Price |
|---|---|
| **Avery Dennison Squeegee Pro**<br>WEBCODE: AVSP | $6.46 |
| **Avery Dennison Squeegee Pro XL**<br>WEBCODE: AVSP | $9.06 |

## Avery Dennison Squeegee Pro Flexible

### Red Flexible PVC Felt Squeegee

The Avery Dennison Squeegee Pro Red has a double sided felt edge and is softer and more flexible than previous squeegees, improving its effectiveness for 3D applications and deep corrugations. The squeegee is easily recognisable by its red colour.

| | Price |
|---|---|
| **Avery Dennison Squeegee Pro Flexible**<br>WEBCODE: AVSPF | $6.46 |

## Avery Dennison Squeegee Pro Rigid (Teflon)

### White Rigid PVC Squeegee

The Avery Dennison Squeegee Pro Rigid (Teflon) is a white squeegee designed to provide optimal smoothness and pressure for most jobs. Features an unmatched rigid strength for maximum pressure. Also available with a felt strip finish to protect the surface.

| | Size | Price |
|---|---|---|
| **Avery Dennison Squeegee Pro Rigid (Teflon)**<br>WEBCODE: AVSPT | 100mm x 73mm | $6.46 |

## Avery Dennison FleXtreme Squeegee Set - Red and Blue

Blue (Rigid) and Red (Flexible) PVC Micro-Squeegees

The Avery Dennison FleXtreme Squeegee set is a micro-squeegee pair specifically designed for vinyl graphic applications. The RED FleXtreme is ideal for applying film over narrow or concave parts on a vehicle. The BLUE FleXtreme enables you to apply film in difficult to access areas of narrow curves and over the edge of car panels.

| | Price |
|---|---|
| **Avery Dennison FleXtreme Squeegee Set - Red and Blue**<br>WEBCODE: AVFLX | $34.42 |

## GForce RollePro

Designed for the Application of vinyl over Rivets and Contours

The GForce RollePro is a hand roller that makes applying vinyl over rivets, contours and uneven surfaces fast and easy. The ergonomically designed and specially formulated heat-resistant wheel brings speed and comfort to a once time consuming application process. Simply leave an open un-squeegeed air channel over a rivet, heat the area with a heat gun and roll down the vinyl in one smooth motion. Perfect for truck, panel, wall and floor graphics.

| | Price |
|---|---|
| **GForce RollePro**<br>WEBCODE: ROLLEPROW | $174.42 |

## Hard Rubber Roller

Smooth Out Vinyl Graphics Faster and Easier

The Hard Rubber Roller has a comfortable red plastic handle and features heavy duty plated frames. The roller is made from a rubber compound and heat moulded which gives a hard wearing smooth finish.

**Sizes Available:** 100mm and 150mm

## Yellotools Allstar Squeegee

### Round ended Squeegee Range

The AllStar squeegee is perfect for installers that like to hold their squeegee at an angle while applying. The rounded end allows for smoother comfort in motion and the longer length gives more torque for application. Available in 5 different styles to suit many different types of jobs and materials. Each colour has a different 'Shore' rating or hardness measure.

| | Shore Strength | Price |
|---|---|---|
| **Yellotools Allstar Gold**<br>WEBCODE: YTALLSTAR | 72 | $8.45 |
| **Yellotools Allstar Green**<br>WEBCODE: YTALLSTAR | 40 | $11.20 |

| **Yellotools Allstar Peekaboo**<br>WEBCODE: YTALLSTAR | 89 | $13.05 |

## Yellotools Tonnymag Squeegee

### Magnetic Squeegee Range

The TonnyMag Squeegee is a fantastic two-in-one squeegee magnet. The two, laterally integrated magnets "park" the squeegee on all magnetic surfaces. Thanks to the enormous holding power, the TonnyMag can also help position and align digital prints and plotted graphics too.

| | Shore Strength | Price |
|---|---|---|
| **Yellotools Tonnymag Basic Green**<br>WEBCODE: YTTONNYMAG | 40 | $22.65 |
| **Yellotools Tonnymag Basic Teflon**<br>WEBCODE: YTTONNYMAG | 93 | $22.65 |

## Yellotools Yelloflex Squeegee

### Flat Flexible Squeegee

The YelloFlex Squeegee is an extremly flat, flexible vinyl squeegee with a rubber lip. It's perfect for car-wraps and window application. It was designed originally for window films, because it doesn't scratch the material, but it's especially good for wiping away water when doing wet applications.

| | Price |
|---|---|
| **Yellotools Yelloflex Squeegee**<br>WEBCODE: YTYELLOFLEX | $5.75 |

|---|---|
| **Yellotools Timbermaxx Squeegee 50cm**<br>WEBCODE: YTYELLOMINI | $8.25 |

## Yellotools Wrapstick Betty

### Mini Squeegee

The WrapStick Betty is a unique twin tool where the thinner end is ideal for hard to reach pesky inlays and the rounded edge gives a perfect approach when applying vinyl in difficult to reach deep recesses and concave curves.

| | Price |
|---|---|
| **Yellotools Wrapstick Betty Gold**<br>WEBCODE: YTWRAPSTICK | $40.30 |

## Yellotools Wrapstick Sloan

### Mini Squeegee

The WrapStick Sloan has a hard angle scalpel shaped end ideal for reaching deep corners and the smaller rounded point end has both a curved profile and flat profile to lift seals or glide along trim lines.

| | Price |
|---|---|
| **Yellotools Wrapstick Sloan Gold**<br>WEBCODE: YTWRAPSTICK | $40.30 |
| **Yellotools Wrapstick Sloan Teflon**<br>WEBCODE: YTWRAPSTICK | $40.30 |

## Yellotools Wrapstick Flex

### Mini Squeegee

The WrapStick Flex has an elongated flexible profile which makes it perfect for tucking in vinyl while gliding accross trim lines or under seals and the shorter end is perfect for those smaller rounded areas that are too small for your finger

| | Price |
|---|---|
| **Yellotools Wrapstick Flex Teflon**<br>WEBCODE: YTWRAPSTICK | $40.30 |

## Yellotools Yellofelt Grip

### Reuseable Felt Grip

The YelloFelt Grip is a reuseable middle grip, which holds one of our YelloFelt Lips on each side. Simply turn the small lip around if worn out and you have a brand new one.

| | Price |
|---|---|
| **Yellotools Yellofelt Grip**<br>WEBCODE: YTYELLOFELT | $38.05 |

## Justin Pate Banana Buffers

Felt Application Buffers

Banana Buffers are replaceable wet application buffers that make wrapping PPF to chrome a breeze. Made to fit standard 4" squeegees, measures 28.5mm x 101.5mm long. The buffer can be easily replaced with a clean one at anytime so you can turn your squeegee into a slippery wet application squeegee simply by peeling the Banana Buffer.

| | Price |
|---|---|
| **Banana Buffers**<br>WEBCODE: BANANABUFFERS | $2.76 |

## Justin Pate Monkey Strips

Felt Replacement Strips

Cover your favourite squeegee with Monkey Strips and use the squeegee you want to use, not one that's too soft or too stiff just because it's pre-covered with felt or microfibre. Pre-cut 25mm x 101.5mm adhesive backed specialised material designed to improve speed and protect the vinyl. Monkey Strips remove cleanly leaving very little adhesive. Not recommended for wet applications.

| | Price |
|---|---|
| **Monkey Strips**<br>WEBCODE: MONKEYSTRIPS | $2.3 (each) |

## Justin Pate Monkey Tails

Felt Replacement Roll

Monkey Tails are made out of the same thin, soft, durable felt as Monkey Strips but in a convenient 75mm x 100mm roll that allows installers to make a custom buffer for any sized squeegee. Semi-transparent box allows you to see when to order another box of Monkey Tails so you never run out. Not recommended for wet installations.

| | Price |

## Roland VersaUV LEF 12i

### 12” Desktop UV Flatbed Printers

With Roland’s LEF printers you can print finely detailed CMYK and White ink, plus Clear ink effects directly on virtually any substrate or dimensional object up to 100mm thick. Print a single item or a short production run without costly and time consuming setup.

- Patent-pending Automatic Ink Circulation System minimises wasted ink
- Advanced ECO-UV inks are instant-drying and flexible so they won’t crack
- Long-lasting UV LED lamps are safe, energy efficient and generate minimum heat

| | Type | Price |
|---|---|---|
| **Roland VersaUV LEF Series**<br>LEF-12i Eco-UV 12” Desktop Printer - Includes Ink Recirculation Unit<br>- Filtration Cabinet and Unit For LEF-12 / BL1442A001 | Printer<br>Optional | Available On Request |

## Roland Versa LEF2-200

### 20” Desktop UV Flatbed Printers

VersaUV LEF series flatbed printers produce brilliant colours and superb images directly on a vast array of materials including three-dimensional items up to 100mm thick.
The new LEF2-200, with optimised ease and efficiency, you can print onto accessories, giftware, ceramics and countless other products. Create unique, desirable and highly-profitable custom items with the VersaUV LEF2-200 flatbed UV printer that offers brilliant colour results, realistic textures and stylish 2D or 3D embossed effects.

- Advanced ECO-UV inks in CMYK, white and Gloss ECO-UV (EUV4) inks
- An automated ink circulation system prevents ink pigments settling in the ink lines for smooth consistency and density
- New machine panel options, includes media height display, custom setting the origin point and custom preset naming
- A new LED pointer, ensuring precise pinpoints for your print jobs
- VersaWorks 6 RIP software, the latest edition includes an abundance of brillant features

## Roland Texart RT-640

### 1625mm Wide Format Dye Sublimation Transfer Printer

The Roland Texart RT-640 sublimation transfer printer was designed to provide superb quality, productivity and value with ease of operation that will please both experienced operators and beginners. It boasts the new Texart dye sublimation ink, Roland's 3rd generation SBL3 ink, plus advanced, state-of-the-art print control technology for quality imaging and colour consistency at a top speed of 22m$^2$/hr. Choice of RIP-Ergosoft Roland Edition or VersaWorks.

To best leverage the new ink system and customer workflows, we've included the premier RIP for sublimation – ErgoSoft Roland Edition Textile RIP and a choice of either four-colour (CMYK) or eight-colour (CMYKLcLmOrVi) printing. A new feed adjuster and the optional take up system provide stability during high-speed printing. For trouble-free continuous printing and increased production capability, the RT-640 is equipped with the Roland Ink Switching System. In four-colour configuration, this innovative system allows the printer to automatically switch to a new ink pouch when the original runs out, providing up to 2000ml of ink per colour (CMYK only) for unattended printing.

## Mimaki UCJV150-160 LED UV Printer/Cutter

### 1370mm and1620mm Wide Format LED UV Printer/Cutter

The Mimaki UCJV150-160 Series is a 1610mm wide high-speed LED-UV printer with productivity and high weatherability UV Inkjet technology. Features a combination of high speed and quality printing. Since UV inks dry immediately when exposed to UV light, no drying time is required. This dramatically improves work efficiency for the user and shortens
delivery times.

Mimaki LUS-150 (Flexible)

Even when using white ink, high speed printing of 24 $m^2/h$ is possible with Mimaki LUS-150 inks. White ink is ideal for use in window graphics and with other clear substrates. with a power-saving and long-lasting LED UV lamp.

Mimaki LUS-170
LUS-170 ink is a highly flexible UV Curable ink that is ideal for printing on rolled-goods such as vinyl banners, polyester film, adhesive vinyl, paper and even some fabrics. Provided in 2 Litre Bulk bottles, running costs are greatly reduced over cartridge-based inks.

Mimaki LUS-200 (Flexible)
The LUS-200 UV product is a premium performance ink with a strong, "flexible" touch - meaning it still provides all the expected capabilities of UV printer ink, but is optimised to meet demands for soft/flexible media and substrates. It is more flexible than the LUS-150 Flexible UV Ink.

Available in 2 colour setups - 4 Colour (CMYK) or 6 Colour (CMYKLcLm)

| **Mimaki JFX500-2131 LED UV Flatbed**<br>Wide Format LED UV Curable Flatbed / Available Ink Systems - LUS-150 (Flexible) Ink or LH-100 Ink (Hard) | UV Flatbed | Available On Request |

## Mimaki UJF3042 MKIIEX DESKTOP FLATBED LED UV

### Desktop Flatbed LED UV Printer

The Mimaki UJF3042 MKII/MKIIEX Series are 300 x 420mm x 153mm (A3) LED-UV printers with productivity and high weatherability UV Inkjet technology. Since UV inks dry immediately when exposed to UV light, no drying time is required. This dramatically improves work efficiency for the user and shortens delivery times. Available with 3 ink type configurations - 8 colour configurations. Delivers photo quality printing 1200 x 1200 DPI

Mimaki LH-100
Mimaki LH-100 Hard UV replaceable ink is designed for the JFX200 and JFX 500 Mimaki printers. This "hard" ink is optimised for rigid substrates.

Mimaki LUS-120
The high-performance LUS-120 UV curing ink possesses superior durability and flexibility. These two opposite properties provide beautiful and durable printing on flexible banner materials that cannot be laminated.

Mimaki LUS-150 (Flexible)
Even when using white ink, high speed printing of 24 m²/h is possible with Mimaki LUS-150 inks. White ink is ideal for use in window graphics and with other clear substrates. with a power-saving and long-lasting LED UV lamp.

# EMSEAL LAMINATOR

## Emseal EmTak 1650 2R Wide Format Laminator

1650mm Heat Assist Automatic Laminator

The Emseal EmTak 1650 2R is a wide format heat assist laminator. With two opening rollers, it allows processes such as block mounting, lamination of thick items with simultaneous double sided lamination of items. Ideal for applying pressure sensitive films and double sided adhesives to inkjet media as used widely in the signage industry. Perfectly suited to laminating cardboard, foamcore and rigid substrates.

- Heat assist in top roller as standard
- Powerful variable speed reversible motor
- New and improved rewind system
- Opening rollers to 10mm
- New sliding feed table design
- Lower print holder
- Made in Australia with 5 year parts warranty

## Roland Texart Sublimation Inks

8 Colour 1000mL Pouches

Developed specifically to work with the Texart RT-640 dye-sublimation printer, the Texart ink delivers vivid colours with superb quality and works with the Texart RT-640 to provide highly stable performance. Ideal for use on a wide range of applications including apparel, signs, interior décor, fashion and original goods. Bring in the Texart CS-64 Calender unit to perfectly finish the products created with the Texart RT-640 sublimation printer and inks - the combined Texart solution will provide you with the dye-sublimation package your business has been racing to find.

Texart inks are available in both four (CMYK) and eight colour versions (CMYK plus Light Cyan, Light Magenta, Orange and Violet) - and the outstanding colour quality means that previously colours which were printed on sublimated fabrics looked faded with dulled blacks, missing grays and fuzzy details are replaced with the Texart inks bold, vibrant colours and rich velvety blacks, as well as subtle gradations and fine details.

## Mimaki UV Inks

LH-100 (Hard), LUS120 (Flexible), LUS-150 (Flexible), LUS170 (Flexible) and LUS-200 (Flexible) LED Inks

Mimaki LH-100 (Hard) Inks are hard UV inks that are impervious to scratching when cured. These advanced UV curable inks produce a hard ink film that is highly resistant to scratches and chemicals while providing excellent colour reproducibility. Perfect for applications that require no secondary processing such as bending, twisting, etc.

Mimaki LUS-120 (Flexible) inks are flexible LED UV inks that are resistant to post-curing cracking. These inks are flexible up to 170%* resulting in increased elasticity and bending performance on wide variety of media and substrates without cracking and fracturing. The cured ink film is less tacky yet still resistant to cracking even with secondary processing.

Mimaki LUS-150 (Flexible) inks are flexible LED UV inks that are resistant to post-curing cracking. These inks are flexible up to 150%* resulting in increased elasticity and bending performance on wide variety of media and substrates without cracking and fracturing. The cured ink film is less tacky yet still resistant to cracking even with secondary processing.

Mimaki LUS-170 (Flexible) inks are flexible LED UV inks that are resistant to post-curing cracking. Features superior flexibility* resulting in increased elasticity and bending performance on wide variety of media and substrates without cracking and fracturing. The cured ink film is less tacky yet still resistant to cracking even with secondary processing.

Mimaki LUS-200 (Flexible) inks are an extremely flexible* LED UV inks that are resistant to post-curing cracking. Features superior flexibility* and are ideal for applications with curved surfaces, such as vehicle wraps and fleet graphics, where stretching can result in breaking with other UV inks.

*Ink flexibility of LUS-150 and LUS-200 may vary according to the substrate, please verify your substrate in advance.

## STANDARD TERMS AND CONDITIONS OF SALE
## GRAPHIC ART MART PTY LIMITED

**1. Application of Terms**

1.1 These Standard Terms of Sale ("Terms") apply to all Goods sold by the Company to each entity ("the Customer").

1.2 These Terms, together with the Credit Application, any Trading Agreement, as well as any Quote, Order and tax invoice in relation to the supply of Goods by the Company to the Customer, constitute the entire agreement between the Company and the Customer ("the Agreement"). There are no other terms and, to the extent permitted, all other terms including warranties that may be implied,
including statutory terms, are excluded.

1.3 In relation to inconsistency:

a) to the extent of any inconsistency between these Terms and the terms of the Credit Application, the terms of the Credit Application shall prevail;

b) to the extent of any inconsistency between these Terms and the terms of any Trading Agreement, these Terms shall prevail unless otherwise expressly stated in the Trading Agreement; and

c) to the extent of any inconsistency between these Terms and a Quote, Order or tax invoice in relation to the supply of Goods by the Company to the Customer, these Terms shall prevail.

1.4 These Terms may be varied at any time by the Company. The terms at the time of delivery of Goods will prevail if there is any conflict.

1.5 Any modification to these Terms discussed between the Company and the Customer orally will be effective only after confirmation by the Company in writing.

**2. Definitions**

2.1 In these Terms:

a) "Collection Notice" has the meaning given to it in clause 6.2.

b) "Credit Application" means an application made by the Customer (and any guarantor) to the Company for the Company to supply Goods to the Customer on credit (including the Credit Facility Terms and Conditions attached to a Credit Application).

c) "Credit Limit" has the meaning given to it in the Credit Application.

d) "Delivery Date" means:

(i) if the ordered Goods are to be collected from the Company's premises, the earlier of:

(A) the date on which the Goods are collected; and

(B) the date fifteen (15) days after the date of the Collection Notice;

(ii) if the ordered Goods are to be delivered to the Customer:

(A) by the Company or an agent or contractor of the Company, the date that the Goods are offloaded at the Customer's premises;

(B) by an agent or contractor of the Customer, the date that the Goods are preloaded at the Company's premises;

(C) directly by a manufacturer in Australia, the date that the Goods are offloaded at the Customer's premises; and

(D) directly from outside of Australia, the date that the Goods are offloaded at the Customer's premises.

e) "Due Date" has the meaning given to it in clause 6.3.

f) "Goods" means the Goods that the Company supplies in the course of its business.

g) "GST Law" includes the Act entitled A New Tax System (Goods and Services Tax) Act 1999.

h) "Invoiced Amount" means the amount set out in a tax invoice issued by the Company to the Customer for the relevant Goods, including any charges set out in clause 6.1;

i) "Order" means an order from the Customer to the Company for the supply of Goods.

j) "PPSA" means the Personal Property Securities Act 2009 (Cth).

k) "Payment Term" has the meaning given to it in the Credit Application.

l) "Quote" means a price quotation given by the Company to the Customer for the supply of Goods either orally, in writing or via its website.

m) "Quoted Price" means the price quoted by the Company in a Quote, as varied in accordance with this Agreement.

n) "Trading Agreement" means any agreement between the Customer and the Company in relation to the supply of Goods to
the Customer (including special conditions of order) that is in writing and signed by an authorised representative of theCompany and the Customer.

**3. Quoting and Pricing**

3.1 Subject to the balance of these Terms, a Quote given by the Company to the Customer will remain valid for the period stated in the Quote, or if no such period is stated, for a period of thirty (30) days.

3.2 Without limiti ng any other right of the Company, the Company may vary the Quoted Price in the following circumstances:

a) if the Customer requests any change to the number of Goods to be supplied or the delivery address;

b) if the Customer requests any change to the Quoted Price and the Company agrees to the request;

c) if the Customer requests to make any change the Quote at a time when new standard prices apply to the Goods as set by the Company; or

d) if the wholesale price of a Good referred to in a Quote, or the freight or delivery cost in relation to that Good, increases prior to the date of issue of the tax invoice for that Good;

e) if the Customer has not yet ordered the Goods the subject of the Quoted Price;

f) in accordance with clause 11.1.

3.3 All prices quoted or advised are strictly based on the quantity and the pack sizes at the date of quotation or order. Prices may be varied to those at the date of delivery and will be adjusted accordingly to any change in any costs to the Company or variation in quantity or pack sizes. Prices are exclusive of GST unless otherwise stated.

3.4 No other promotion, special offer, discount or bonus shall be applicable to a Quoted Price where a discount has already been applied.

3.5 In the event that the Quote is amended in accordance with these Terms, the Company may in its discretion amend any discount applied in a Quote.

3.6 Without limiting the rights of the Company, the Customer acknowledges that the price payable by the Customer for all Goods to which a base metal (including but not limited to) copper fluctuating price applies shall depend on the price of the respective base metal at the time that the Company accepts a purchase order for those Goods.

**4. Customer Orders**

4.1 Orders once received from a Customer are irrevocable unless otherwise agreed to by the Company in writing on a case-by-case basis or cancelled by the Company in its absolute discretion. The Company may withdraw from the supply of Goods ordered or unilaterally cancel any Quote or Order at any time up to delivery without any liability to the Customer (other than to refund any deposit paid by the Customer in respect of that Quote or Order).

4.2 Orders once received cannot be deferred or suspended unless otherwise agreed to in writing by the Company and the Customer indemnifies the Company for any loss associated with the deferral. Confirmation of order documents must be clearly marked, otherwise they will be treated as original Orders.

4.3 If, after the placement of an Order, the Customer directs that delivery be spread over additional lots to different addresses from those specified in the Order, then each such delivery will be deemed to be a separate quantity and a novation of the original contract and may be priced accordingly. The Customer will be liable for any additional costs incurred in that regard by the Company.

4.4 If for any reason the Goods ordered are unavailable, the Company has the right to substitute alternative Goods provided they are reasonably equivalent in all respects (unless the Order specified otherwise). If quantity and pack sizes vary from the date of Quotation or Order the Company may substitute alternative sizes but not so that the Customer is required to purchase in aggregate more Goods than ordered.

4.5 If the Company agrees to make available any Goods for the carrying out of any tests or certification processes then those tests or processes will be carried out by the Customer at the Customer's cost and risk. By providing Goods for the undertaking of testing or certification processes pursuant to this clause, the Company expressly does not assume any responsibility for the Goods whatsoever including any liability if the results of the tests or certification processes carried out are wrong.

4.6 Where the Agreement is entered into conditional on the Customer's approval of a sample provided by the Company, the Company gives no undertaking, express or implied, that the Goods supplied will be exactly the same as the sample, although reasonable endeavours will be made to supply Goods as close to the sample as possible. The Customer is not discharged from its obligations under these Terms if the Goods are found not to be identical.
4.7 The Customer must specify the details of the standard that Orders for Goods must comply with if that standard is different or additional to the applicable Australian or International Standards.

**5. Packaging and Delivery**

5.1 Delivery will take place at the Company's premises where the Order is accepted unless the Company agrees to effect delivery or arrange freight to an address specified by the Customer, in which case delivery will take place at such address.
5.2 If the Goods are being delivered to an address nominated by the Customer, the Customer shall be responsible for the offloading of Goods from the delivery vehicle and the Customer will provide all necessary labour and equipment to safely offload the Goods at a reasonable access point at any nominated delivery address. The Customer must ensure that it meets all applicable workplacehealth and safety requirements and have all necessary licences and approvals in relation to the offloading of the Goods.
5.3 Upon request of the Company, the Customer must return any pallets or cable drums used for the delivery of the Goods to any of the Company's or its agent's warehouses, stores, factories or offices at the Customer's expense. Any pallets or cable drums not returned within 14 days after request are to be paid in full by the Customer to the Company on demand at a valuation determinedby the Company. Such valuation shall be final and binding as between the parties.
5.4 The Company reserves the right to supply or deliver by instalments, and each instalment will be deemed to be sold under a separate contract. Failure to supply or deliver any instalment will not entitle the Customer to repudiate any order.
5.5 The Company shall use its reasonable endeavours to make the ordered Goods available for collection, or to deliver the ordered Goods to the Customer, on the anticipated delivery date. The Company makes no warranty that it will make the ordered Goods available for collection, or deliver the ordered Goods to the Customer, by the anticipated delivery date, and the Company shall is not liable in relation to same.
5.6 The Company's delivery note or tax invoice is prima facie evidence of delivery of the Goods identified in that document.

**6. Invoicing and Payment**

6.1 In consideration for the supply of the Goods, the Customer shall pay to the Company the Invoiced Amount which may include charges for the following (regardless of whether or not they formed part of any Quote):
a) altering items to non standard package sizes;
b) drums, cases, packages and reels;
c) special packaging or tooling requirements;
d) insurance for Goods in transit from the Company's premises;
e) handling, packaging and processing in the event that the value of an Order is less than any minimum order value or quantity that has been previously stipulated by the Company or agreed to by the parties.;
f) service fee or charge determined by the Company from time to time;
g) any charge, duty or impost of any kind in connection with the Goods;
h) delivery and freight costs, including but not limited to expenses incurred by the Company due to deferral of delivery at the Customer's request beyond the delivery date specified or cancellation of the Customer's invoice (subject to any free freight agreement offered by the Company from time to time); and
i) GST and all other statutory taxes and charges.
6.2 If the ordered Goods are to be collected, the Company shall notify the Customer in writing or orally once the ordered Goods are available for collection from the Company's Premises ("Collection Notice").
6.3 The Customer must pay to the Company the Invoiced Amount on the due date as follows:
a) if the Goods are to be supplied on credit in accordance with an approved Credit Application, by the last day of the Payment Term; or
b) otherwise, by the date of the tax invoice for the relevant Goods.
6.4 In the event that the Customer:
a) has not collected the relevant Goods within fourteen (14) days of the date of the Collection Notice, the Customer must indemnify the Company for all costs (including any storage costs) incurred by the Company in storing the Goods from the Due Date;
b) has not collected the relevant Goods within three (3) months of the date of the Collection Notice:
(i) the Company may dispose of or otherwise deal with the Goods in any way it sees fit in its absolute discretion without any liability to the Customer for any loss, and the Customer must indemnify the Company for all costs incurred by the Company in disposing or otherwise dealing with the Goods; and
(ii) the Customer is deemed to have forfeited, and the Company shall be entitled to retain, any deposit paid to the Company in respect of the Goods.
6.5 Notwithstanding any credit arrangement between the Company and the Customer or any other provision in these Terms, if required by the Company, the Customer may be required to pay to the Company a deposit on the Goods upon the order of any Goods that will be made-to-order.
6 .6 Payment by the Customer under these Terms must be made in cleared funds using the method directed by the Company.
6.7 In the event that:
a) the Customer does not pay the Invoiced Amount by the Due Date; or
b) the aggregate of the Invoiced Amount for all Goods, together with the any other costs payable by the Customer to the Company under these Terms, exceeds the Credit Limit,
then without limiting any other right the Company may have:
c) the Company may suspend or cancel undelivered Orders; and
d) the Customer must indemnify the Company in respect of any such cancelled Orders.
6.8 The Customer must pay interest equal to 1.5% per month for each month or part thereof on overdue amounts payable under these Terms from the Due Date until paid.
6.9 The Customer shall pay to the Company all expenses incurred by the Company in collecting or attempting to collect any moneys due and payable by the Customer to the Company as well as preserving the Company's rights under these Terms and the terms of the Credit Application, including the cost of debt collectors and legal fees on a full indemnity basis, commercial agents' commission, bank fees, freight, insurance, registration costs, enforcement costs and loss of profit.
6.10 All payments are to be made to the Company without deduction or equitable or other set off whatsoever.
6.11 The Company may apply and allocate payments received by, or on behalf of, the Customer in a manner in the Company's absolute discretion, including so as to attribute the payments to satisfy obligations which are or are not secured by a purchase money security interest or otherwise.

**7. Online purchases and display and description of Goods**

7.1 The Customer acknowledges that, while the Company has endeavoured to properly describe Goods on its website, in its catalogues, in its stores and on any other material including textures, appearances, colours, weights and measures of the Goods, such description may vary from the actual Good.
7.2 The Company does not guarantee or warrant that the product images are an exact representation of the actual Goods.
7.3 The Company may reject an Order placed either through the Company's website or via other means for any reason including without limitation unavailability of a Good, an error in the price, an error in the image or the Good description or error in the Order itself, in which case the Company shall refund to the Customer any amount paid in respect of the rejected Order.
7.4 The Customer acknowledges that the prices for the Goods set out on the Company's website may vary between the Company's stores and those set out on its website.

**8. Risk**

8.1 Risk

a) Notwithstanding delivery or freight arrangements or the date on which title passes, risk (including deterioration, loss or damage) in the Goods ordered by the Customer passes to the Customer as follows:

(i) if the Goods are to be collected, on the date of the Collection Notice;

(ii) if the Goods are to be delivered by the Company, or an agent or contractor of the Company, at the time immediately prior to the offloading of the Goods at the premises nominated by the Customer;

(iii) if the Goods are to be delivered by a contractor or agent of the Customer, at the time of preloading of the Goods at the Company's premises;

(iv) if the Goods are to be shipped directly from the manufacturer in Australia, at the time immediately prior to the offloading of the Goods at the Customer's premises;

(v) if the Goods are to be shipped directly from outside Australia, at the time immediately prior to the offloading at the Customer's premises.

b) The Customer is responsible for all insurance of and relating to the Goods from the point when risk passes.

**9. Title and Security Interests**

9.1 Ownership of, and title in, the Goods will not pass to the Customer until the Customer has paid to the Company the Invoiced Amount payable in respect of those Goods.

9.2 Until title in the Goods passes to the Customer in accordance with 9.1:

a) the Company has the right to call for or recover the Goods at its option and the Customer must deliver up the Goods if so directed by the Company;

b) the Customer must hold the Goods as bailee for the Company and must store the Goods on its premises separately from other Goods held by the Customer;

c) the Customer must maintain proper records of any sale or disposal of the Goods;

d) the Customer must keep the Goods fully insured;

e) the Customer must hold the Goods in a fiduciary capacity for the Company;

f) the Customer must not sell or dispose of the Goods except in the ordinary course of business;

g) the Customer will hold the proceeds of any sale or disposal of the Goods (whether tangible or intangible, direct or indirect) to the extent of the amount due to the Company in respect of the Goods on trust for the Company, and will hold such proceeds in a separate account for the Company's benefit and promptly pay that amount to the Company.

h) the Company retains a purchase money security interest in the Goods ("PMSI") and the proceeds of sale of the Goods (including any accounts and accessions by virtue of these Terms) under the PPSA;

i) the Customer consents to the Company registering a security interest under the PPSA and agrees to do all things reasonably required by the Company to effect such registration;

j) the Customer waives any right the Customer has under PPSA to receive notice in relation to registration of the Company's interest in the Goods under the PPSA; and

k) the Customer will immediately advise the Company of any changes which may affect the Company's security interest.

9.3 At all times the Customer will allow the Company (including its officers, employees, contractors and agents) access to the Customer's premises, to any other premises where the Goods are stored during normal business hours and to the Goods themselves in order to inspect the Goods and retake possession of the Goods under clause 9.2(a), and the Customer grants to the Company an irrevocable licence to enter the aforementioned premises for this purpose. The Customer acknowledges that this access shall be full, free and unhindered and shall not be or constitute trespass by the Company. The Customer indemnifies the Company for any liability or loss it suffers seeking to exercise its rights of access and retaking possession of the Goods.

9.4 The Customer acknowledges and agrees that the PMSI has attached or will attach to all Goods supplied to the Customer by the Company now or in the future at the time when the Customer takes possession of the Goods. The Customer shall do all things necessary, including providing all information required, to register a financing statement or financing change statement on the Personal Property Securities Register ("PPSR") as a security interest and a purchase money security interest pursuant to the PPSA. The Customer must not change its name, ACN or ABN or other details required on the PPSR without first notifying the Company. The Customer agrees that the Company's security interest over the Customer's future or acquired property has the same priority as present property and is not subordinated in any way. The Customer shall pay the Company's costs of any discharge or necessary amendment of any financing statement or financing change statement. The Customer must immediately notify the Company in writing of any change which may affect the security interests granted by the Customer to the Company.

9.5 The Customer waives its right to receive any notice under the PPSA including a verification statement in respect of any financing statement or financing change statement in respect of the security interests created pursuant to these Terms. To the maximum extent permitted by law, the Customer agrees that the sections 118, 121(4), 125, 130, 142, and 143 of the PPSA will not apply. To the maximum extent permitted by law, the Customer. waives any rights it may have pursuant to, and hereby contracts out of sections 95, 118, 121(4), 123, 129(2), 130, 132, 134(2), 135 157 and Part 4.3 of the PPSA.

9.6 If the Customer becomes bankrupt or enters into external administration or has a receiver appointed to it, the Customer's right to sell the Goods in the ordinary course of business and any other rights of the Customer in respect of the Goods immediately cease (to the extent permitted by law) and the Customer must immediately return to the Company the Goods in which title has not passed.

9.7 Clauses 9.1 to 9.6 apply, mutatis mutandis, to Goods that have been created, reconstituted or manufactured by using or processing the Goods by replacing the word "Goods"" with "Reconstituted Products".

9.8 The Customer hereby grants to the Company a security interest over all of its present and after acquired property as security for payment of all moneys owing by the Customer to the Company at any time, and as security for the performance of the Customer's obligations under the Agreement.

9.9 In addition to the security interests referred to in this clause 9, the Customer, or where the Customer is a partnership, each partner of the partnership, both jointly and severally, hereby charges as beneficial owner all of its freehold and leasehold interest in real property (including land acquired in future) in favour of the Company as security for payment of all moneys owing by the Customer to the Company at any time, and as security for the performance of the Customer's obligations under the Agreement.

**10. Intellectual Property**

10.1 As between the Company and Customer, the Company shall at all times retain ownership of and all interest in all intellectual property relating to the Goods, including copyright in all documents, drawings and specifications produced by the Company or on the Company's behalf in connection with the Goods.

10.2 The Customer must not reproduce, modify, amend or publish, or allow to be reproduced, modified, amended or published, the Company's registered or unregistered trademarks, names or logos without first obtaining the prior written consent of the Company.

**11. Warranty and Indemnity**

11.1 Errors and misprints in computation, typing or otherwise in the Company's documents including catalogues, price lists, delivery docket, tax invoice, Quote or statement or credit note shall be subject to correction by the Company by means of reissue of the document or by adjusting dockets with reference to the original transaction.

11.2 The Customer acknowledges that where the Company is a wholesaler or reseller of the Goods, it does not hold sufficient technical expertise or skills to evaluate a Customer's requirement or orders.

11.3 Where the Company is the manufacturer or fabricator of the Goods, the Company gives the warranties (subject to the limitations set out therein) as set out on the following webpage amended from time to time – https://www.gamart.com.au.

11.4 Warranties and provisions that may be implied by the Competition and Consumer Act 2010 and any other legislation are expressly excluded except to the extent that exclusion is prohibited by the legislation and this overrides these terms.

11.5 To the extent permitted by law, unless otherwise set out in these Terms, the Company gives no warranty whatsoever in relation to the Goods sold to the Customer, whether in regard to the quality of the Goods, fitness of the Goods for any purpose or the compliance of the Goods sold with any description or sample produced by either party to the other at any time, whether prior to, at the time of or subsequent to the Customer placing an order for the Goods with the Company, or otherwise. The Customer warrants that the Goods will be installed and used:

a) only in applications for which the Goods were manufactured and are able to be satisfied by the Goods specifications; and

b) in accordance with all manufacturer's instructions and industry standards including being fully tested as safe prior to use. 1 1.6 To the extent permitted by law, unless otherwise set out in these Terms, the Company's liability under:
a) any claim that the Customer has or may have against the Company in relation to a Good supplied by the Company, whether that claim is based in contract, common law or statute or otherwise, including law relating to negligence by the Company; or
b) any implied term, condition or warranty which has not been excluded, is limited, at the option of the Company, to the repair by the Company of the Good, the re-supply by the Company of the Good or the refund of the price paid by the Customer for the Good giving rise to liability.
11.7 The Company shall not be liable for:
a) any economic loss, including loss of profits or wasted expenditure, or any loss of goodwill, Customers or any incidental, special or consequential loss arising out of or connected to the supply (or non-supply) of Goods by the Company;
b) damage suffered by the Customer, including damage to property or personal injury, arising from the supply of Goods. 11.8 In no case will the Company incur liability for any loss or damage exceeding the sale price of the Goods paid by the Customer for the Goods nor on account of losses or damages suffered by the Customer including loss of profit, damage to property or personal injury arising from that supply or that agreement, whether arising directly, incidentally or consequently.
11.9 All information contained in any documents, catalogues, price lists, photographs, brochures and other illustrations or advertising material and drawings represent generally the subject matter of the Goods and will not be taken as necessarily representing the Goods the subject of any quotation or order and will not form part of any contract or agreement for supply.
11.10 Except as otherwise expressly provided in these Terms, the Customer releases the Company from all actions, claims, demands, losses, liability, damages and expenses arising from or in relation to the supply of the Goods and indemnifies the Company for any loss or liability that the Company may suffer (including the legal costs on an indemnity basis in defending or prosecuting any claim) arising from the use by the Customer of the Goods or a breach of these Terms including warranties by the Customer.
11.11 Any advice, recommendation, information, assistance or service provided by the Company in relation to Goods sold by it or their use or application, is given in good faith. However, any advice, recommendation, information, assistance or service provided by the Company in relation to any Goods is provided without liability or responsibility on the part of the Company.

**12. Return of Goods**

12.1 Except for defective Goods supplied by the Company, the Company may determine whether or not to accept a return of theGoods in its absolute discretion.
12.2 The Company may accept the return of Goods which were incorrectly delivered, damaged prior to risk passing or which are defective and the manufacturer's warranty covers the defect and the manufacturer agrees to replace or re-supply the Goods. Any acceptance of delivery back from the Customer by the Company prior to the Company accepting responsibility for incorrect delivery or damage pre risk passing or the manufacturer accepting responsibility for the defective Goods will be by the Company as agents for the Customer and is not to be taken as any acceptance of any liability by the Company or on behalf of the manufacturer.
12.3 Where the Company is not the manufacturer or fabricator of the Goods, to the extent permitted by law:
a) claims for damaged Goods or incorrect delivery must be made in writing with full supporting explanation and documentation within three (3) business days of collection or delivery .
b) if the Customer does not make such a claim within three (3) business days of collection or delivery:
(i) the Customer shall be deemed to have accepted the condition and correctness of the Goods; and
(ii) the Customer is barred for disputing the delivery or condition of the Goods and is deemed to have accepted liability for those Goods in accordance with these Terms.
12.4 The Customer must return any Goods to the Company's nominated premises at the Customer's cost unless otherwise agreed by the Company. The risk in such Goods remains with the Customer until such time as they are accepted for return by the Company.
12.5 Where any Goods are returned to the manufacturer or supplier they remain at the Customer's risk pending acceptance of liability by the manufacturer. The Customer is to pay the freight and other cost of returning the Goods unless the reason for return is directly and wholly caused by an error of the Company or the manufacturer in which case only the freight for the return will be paid for by the Company or manufacturer.
12.6 Except for defective Goods supplied by the Company, Goods returned for credit will only be considered for acceptance subject to the following conditions:-
a) Goods returned must have been incorrectly supplied or damaged prior to risk passing;
b) Goods returned must not be obsolete, incomplete, damaged or otherwise imperfect;
c) Goods must not be returned unless purchase invoice numbers are advised and return freight charges are paid by the
Customer and prior arrangement in writing is given by the Company;
d) Goods accepted for return must be in the original packing or as supplied and remain in good condition;
e) the amount of credit allowed in respect of Goods returned, if any, may be subject to a service or restocking charge at the Company's rate currently in effect, unless the agreement specifically states otherwise; and
f) the Customer is responsible for Goods lost or damaged in transit during return to the Company or manufacturer.
12.7 Non-stocked and specially made Goods, or Goods otherwise stated by the Company to be non-returnable, cannot be returned tothe Company.

**13. Company Connection**

13.1 The Customer must not advertise or publish that the Customer and the Company have a contract for the supply of Goods or to refer to the Company in any advertising and/or merchandising material without first obtaining the prior written consent of the Company.

**14. Force Majeure**

14.1 The Company is not liable for the cancellation or partial delivery of any Order or part Order if performance by the Company is prevented or delayed directly or indirectly by any cause beyond the reasonable control of the Company whether such cause existed or was foreseeable at the date of acceptance of the Order by the Company or not.

**15. Breach and Termination**

15.1 In the event that:
a) the Customer breaches these Terms or the terms of any Credit Application (including any warranty) and has not remedied that breach; or
b) the Customer commits an act of bankruptcy or insolvency or enters into external administration or has a receiver appointed (to the extent permitted by law); or
c) the credit facility provided under any Credit Application is terminated or suspended, then, without limiting any other rights of the Company:
d) any amounts owing to the Company by the Applicant then unpaid whether or not due under these Terms or the terms of any Credit Application shall become immediately due and payable; and
e) the Company may immediately terminate or suspend the Agreement or any Quote or Order by written notice to the Customer.
15.2 This clause 15 survives termination of the Agreement.

**16. Privacy Policy**

16.1 The Customer hereby agrees to the terms of the Company's privacy policy, which are available on https://www.gamart.com.au/Privacy

**17. Trust**

17.1 If the Customer is the trustee of a trust (whether disclosed to the Company or not), the Customer warrants to the Company that:
a) the Customer enters into the Agreement in both its capacity as trustee and in its personal capacity;
b) the Customer has the right to be indemnified out of trust assets;
c) the Customer has the power under the trust deed to enter into the Agreement; and
d) the Customer will not retire as trustee of the trust or appoint any new or additional trustee without advising the Company.
17.2 The Customer must give the Company a copy of the trust deed upon request.

**18. GST**

18.1 Any consideration or payment obligation in these Terms, any Quote or tax invoice is exclusive of GST unless expressly stated otherwise.

18.2 If a Supply made under or in connection with these Terms is a Taxable Supply for which the consideration is a payment of money:

a) the consideration for the Supply is increased by an additional amount equal to the amount of that consideration multiplied by the relevant GST rate; and

b) the additional amount under subclause (a) is payable upon receipt of a tax invoice in a form which complies with the GST Law at the time of payment.

18.3 The Customer must be registered for GST, unless otherwise agreed.

**19. General**

19.1 If any dispute arises in relation to Goods supplied by the Company to the Customer the Company may by notice to the Customer at any time prior to determination by a court require that such dispute or part thereof be determined by arbitration according to law. The arbitration is to be conducted in accordance with the relevant Commercial Arbitration Act (of whatever name) of the State or Territory nominated as being the governing law and in the capital city of that State or Territory. The Company may give notice that any dispute with the Customer is arbitrated with any other dispute relating to the same Goods or issues. There is to be a single arbitrator appointed by agreement or failing agreement by the president of the law society of that State or Territory. The arbitrator's decision is final and binding subject to any right of appeal under the relevant Commercial Arbitration Act.

19.2 The reference of a dispute to arbitration does not affect the Customer's obligation to pay the price of Goods when due which must be paid without deduction or equitable or other set off pending the resolution of any dispute whether referred to arbitration or otherwise.

19.3 All prices provided or advertised by the Company are in Australian dollars unless otherwise expressly stated.

19.4 These terms will be governed by and construed in accordance with the laws of New South Wales or such other State or Territory of Australia as the Company directs and the Customer irrevocably submits to the exclusive jurisdiction of the courts of New South Wales or, if directed the Company, a competent court in the capital city of the State or Territory nominated by the Company.

19.5 Expressions defined in brackets in these Terms will be given the meaning where defined throughout these Terms whether or not the definition is used again before or after where the expression is defined.

19.6 The Company does not waive a right, power or remedy if it fails to exercise or delays in exercising the right, power or remedy. A single or partial exercise of a right, power or remedy does not prevent another or further exercise of that or another right, power or remedy. A waiver of a right, power or remedy must be in writing and signed by the party giving the waiver.

19.7 If any of these terms are or later become illegal or unenforceable, the illegal or unenforceable part of those terms are taken to be severed from these terms, but all other terms remain in place.

19.8 In these Terms: (a) a word denoting the singular includes the plural and vice versa; (b) a word denoting a gender includes each other gender; (c) a word denoting a natural person includes an entity and vice versa; and (d) a reference to a clause is a reference to a clause in this form. Headings are for ease of reference only and shall be ignored in construing these Terms.
