GEOTEC SHOWROOMS

We act with responsibility for our common success!

Austrian environmental label - Since June 2018 our GEO and TZ set squares exclusively produced at the production facility in Wörgl in Tirol, are awarded with the Austrian environmental label for office and school articles.

Being a market-oriented company, we see this as a clear signal to our customers that eco-social aspects are very important for us.

Sustainable quality - Our strategy is always based upon the highest possible quality of material and manufacturing thus guaranteeing an optimized life cycle of the products.

A Geodreieck® is no disposable, but often a "life companion" throughout school, education and profession. Therefore, ARISTO GEO and TZ set squares are made of crystal-clear Plexiglas®. There is no other highly transparent material to offer such a good permanent mechanical quality and UV-stability.

Our new sales displays could be completely realised without plastic, and in this year, we are going to launch a "plastic-free" and consumer-friendly alternative for blister packaging as well.

Short distances - In order to achieve transport routes which are as short as possible, we take care of procuring all production materials in the near environment of the production facility. The production of our packaging by using FSC®-certified materials is climate-neutral. As a result of these features, our products will furthermore be preferred to the cheap articles from Far East!

Inclusion implemented - Our distinctive social responsibility is tangible as for more than 12 years the estimated staff members from the Lebenshilfe Tirol do the packaging of our products in our company on three days a week.

Showrooms - With the new rooms for exhibitions and workshops we are offering in-house great conditions for product training and presentations with immediate effect.

Promise of value - In the 1930s both company's founders Dennert & Pape defined the memorable brand name "ARISTO", originating from the ancient Greek "best" and relating to the high-quality demand.

Following this promise of value, we are working continuously and strongly on the ARISTO quality of service and assortment.

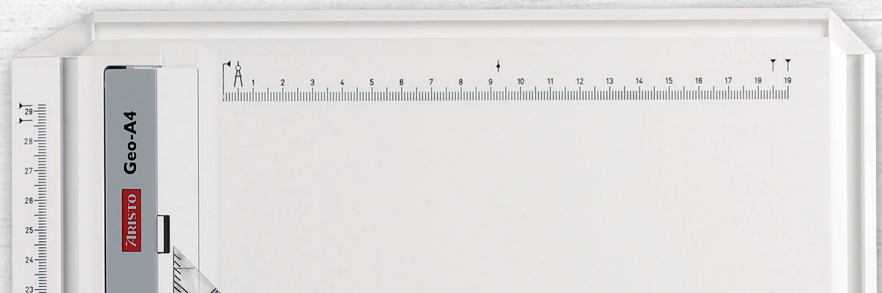

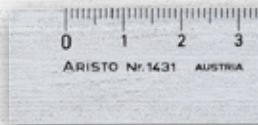

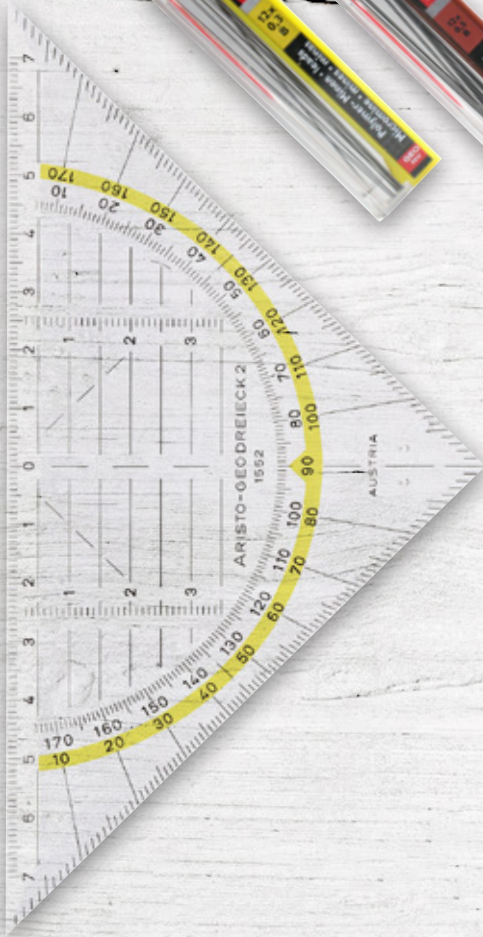

We are looking forward to convincing you thereof also in 2019!

Mag. Michael Schwaiger

Geodreieck®

2018 ARISTO Geo and TZ set squares were awarded with the Austrian environmental label for office and school articles, i.e. they come up to the high Austrian health and environmental criteria. The FSC-certified packaging originates from a climate-neutral Austrian production, staff members of the "Lebenshilfe Tirol" do the packaging based on a cooperation practised since 2006 - Yes, ARISTO acts with responsibility!

The Geodreieck® 1552 with a hypotenuse of 16cm has facets for exact line guidance on all three edges. Bosses form a distance between Geodreieck® and drawing surface to prevent smudging of ink lines and protect the scale lines. The mat-finished label serves for inscription.

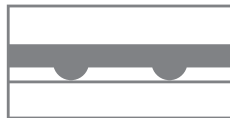

ARISTO developed the original Geodreieck® in the year 1964. It is made of crystal-clear Plexiglas® in Austria. This dimensionally stable material and the abrasion-proof deep embossing guarantee the unique top quality. Scale, protractor, symmetry scale and parallel ruler are combined in one drawing instrument. The angle scale with yellow background is an identity feature of the ARISTO Geo- and TZ-family, graduation and lettering are in accordance with the Ö-Norm.

AR1552, Geodreieck® 16 cm

- Scale, protractor, symmetry scale and parallel ruler in one drawing instrument
- Made of highly transparent Plexiglas® in Austria
- Abrasion-proof deep embossing of graduation, lettering and angle scale with yellow background
- Bosses
- In accordance with the standards ÖNORM A2134 and ÖNORM A2131
- Climate-neutral and FSC-certified carton packaging
- Awarded with the Austrian environmental label

Item No.	Bar Code	Hypotenuse
AR1552	 9 003182 015528	16 cm

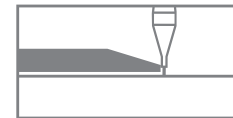

Form a distance between drawing instrument and paper. Protect smudging of inlines and protect the scale lines.

AR1553 Geodreieck® 16cm with Handle

- With fixed handle
- Scale, protractor, symmetry scale and parallel ruler
- Made of highly transparent Plexiglas® in Austria
- Abrasion-proof deep embossing of graduation, lettering and angle scale
- Bosses
- In accordance with the standards ÖNORM A2134 and ÖNORM A2131
- Climate-neutral and FSC-certified carton packaging
- Awarded with the Austrian environmental label

Item No.	Bar Code	Hypotenuse
AR1553	 9 003182 015535	16 cm

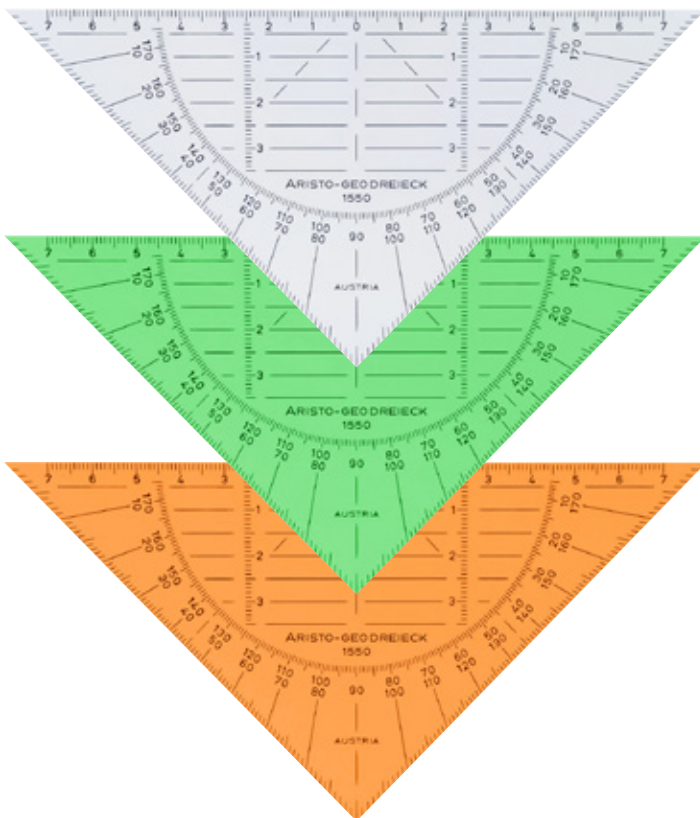

Bevelled edge for exact line guidance.

AR1550, Geodreieck® 16 cm flexible

- Scale, protractor, symmetry scale and parallel ruler
- Made of flexible 0.75mm Vivak® PET-G
- Nearly unbreakable
- High accuracy to measurement
- Abrasion-proof deep embossing of graduation, lettering and angle scale
- In accordance with the standards ÖNORM A2134 and ÖNORM A2131
- Climate-neutral and FSC-certified carton packaging

Item No.	Bar Code	Hypotenuse, Color
AR1550	9 003182 015504	16 cm, transparent
AR1550GR	9 003182 155019	16 cm, green
AR1550OR	9 003182 155002	16 cm, orange

The Geodreieck® 1550GR (green) has a hypotenuse of 16cm. It is made of 0,75mm Vivak® PET-G which is very flexible and hard to burst, nevertheless remaining accurate to measurement. Scale, protractor, symmetry scale and parallel ruler are combined in one drawing instrument.

Packaging Geodreieck® 1550

AR1555/2 Geodreieck® 22.5 cm, with Handle

- With fixed handle
- Scale, protractor, symmetry scale and parallel ruler
- Made of highly transparent Plexiglas® in Austria
- Abrasion-proof deep embossing of graduation, lettering and angle scale
- Bosses
- In accordance with the standards ÖNORM A2134 and ÖNORM A2131
- Climate-neutral and FSC-certified carton packaging
- Awarded with the Austrian environmental label

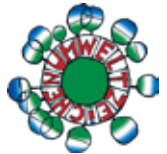

Item No.	Bar Code	Hypotenuse
AR1555/2	 9 003182 155521	22,5 cm

TZ set squares

ARISTO TZ set squares are made of crystal-clear Plexiglas® in Austria. This dimensionally stable material and the abrasion-proof deep embossing guarantee the unique top quality.

The 10mm grid, the vertical millimetre graduations to the hypotenuse, angles marked 7° and 42° for perspective drawing, 75° for italic writing and 45° lines for easy hatching are characteristic for TZ set squares.

The angle scale with yellow background is an identity feature of the ARISTO Geo und TZ family, graduation and lettering are in accordance with the Ö-Norm.

The FSC-certified packaging originates from a climate-neutral Austrian production, and staff members of the "Lebenshilfe Tirol" do the packaging based on a cooperation practised since 2006.

AR1648/2 TZ Set Square 32,5 cm with Wooden Handle, Facet on Hypotenuse, Ink Bosses

- Made of highly transparent Plexiglas® in Austria
- With fixed handle
- Abrasion-proof deep embossing of graduation, lettering and angle scale with yellow background
- Bosses
- Facet at the millimetre scale
- 10mm grid, vertical millimetre graduations to the hypotenuse
- Angles marked 7° and 42° for perspective drawing, 75° for italic writing and 45° lines for easy hatching
- In accordance with the standards ÖNORM A2134 and ÖNORM A2131
- Climate-neutral and FSC-certified carton packaging
- Awarded with the Austrian environmental label

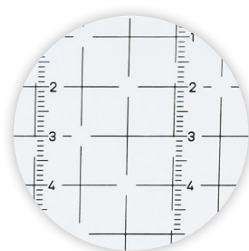

Item No.	Bar Code	Hypotenuse
AR1648/2	 9 003182 164820	32,5 cm

AR1650/1 TZ Set Square 22,5 cm, Bosses

- Made of highly transparent Plexiglas® in Austria
- Without facets
- Abrasion-proof deep embossing of graduation, lettering and angle scale with yellow background
- Bosses
- 10mm grid, vertical millimetre graduations to the hypotenuse
- Angles marked 7° and 42° for perspective drawing, 75° for italic writing and 45° lines for easy hatching
- In accordance with the standards ÖNORM A2134 and ÖNORM A2131
- Climate-neutral and FSC-certified carton packaging
- Awarded with the Austrian environmental label

Item No.	Bar Code	Hypotenuse
AR1650/1	 9 003182 165018	22,5 cm

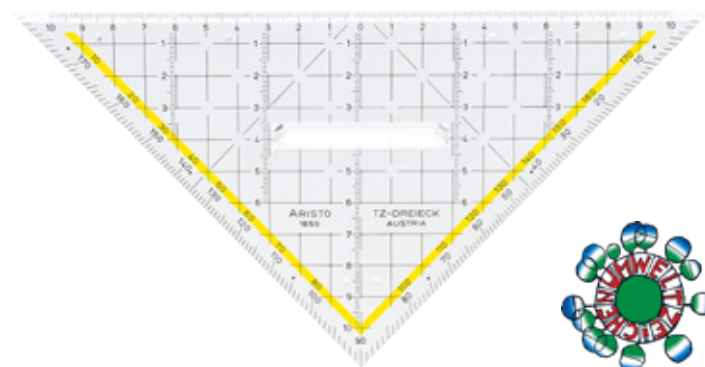

In contrast to the Geodreieck®, the TZ Set Squares have a vertical and horizontal grid with 10 mm.

AR1650/2 TZ Set Square 22.5cm, Facet on Hypotenuse, Ink Bosses

- Made of highly transparent Plexiglas® in Austria
- With fixed handle
- Abrasion-proof deep embossing of graduation, lettering and angle scale with yellow background
- Bosses
- Facet at the millimetre scale
- 10mm grid, vertical millimetre graduations to the hypotenuse
- Marked 7° and 42° angles for perspective drawing, 75° for italic writing and 45° for easy hatching
- In accordance with the standards ÖNORM A2134 and ÖNORM A2131
- Climate-neutral and FSC-certified carton packaging
- Awarded with the Austrian environmental label

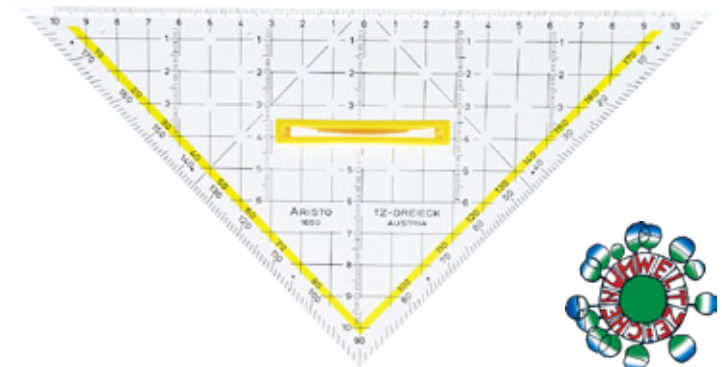

Item No.	Bar Code	Hypotenuse
AR1650/2	 9 003182 165025	22,5 cm

AR1650/3 TZ Set Square 22,5 cm, Handle Removable, Facet on Hypotenuse, Bosses

- Made of highly transparent Plexiglas® in Austria
- With removable handle
- Abrasion-proof deep embossing of graduation, lettering and angle scale with yellow background
- Bosses
- Facet at the millimetre scale
- 10mm grid, vertical millimetre graduations to the hypotenuse
- Marked 7° and 42° angles for perspective drawing, 75° for italic writing and 45° lines for easy hatching
- In accordance with the standards ÖNORM A2134 and ÖNORM A2131
- Climate-neutral and FSC-certified carton packaging
- Awarded with the Austrian environmental label

Item No.	Bar Code	Hypotenuse
AR1650/3	 9 003182 165032	22,5 cm

AR1650/4 TZ Set Square 25 cm, Facet on 3 Edges, Bosses

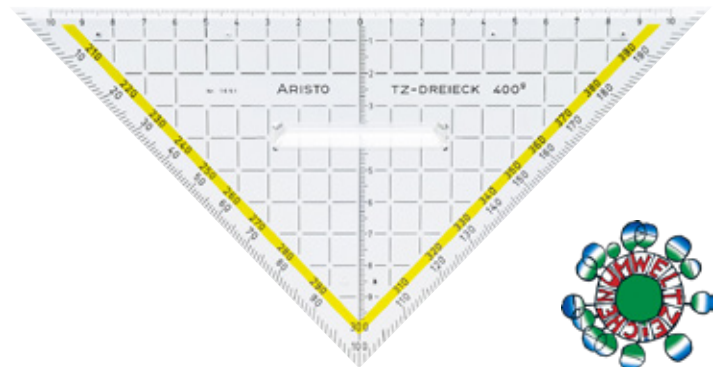

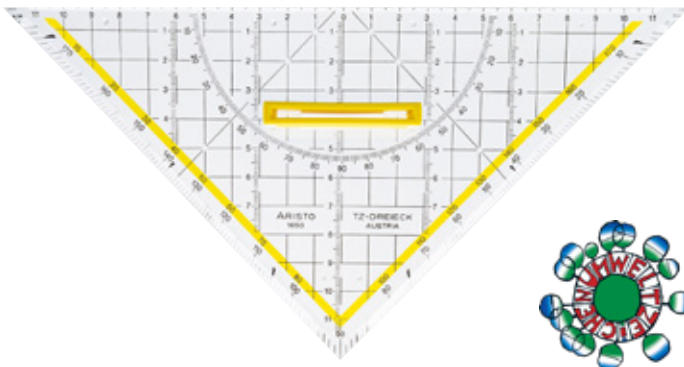

- Made of highly transparent Plexiglas® in Austria
- With removable handle
- Abrasion-proof deep embossing of graduation, lettering and angle scale with yellow background
- Bosses
- Facet at the millimetre scale
- Facets on all three edges
- 10mm grid, vertical millimetre graduations to the hypotenuse
- Angles marked 7° and 42° for perspective drawing, 75° for italic writing and 45° lines for easy hatching
- In accordance with the standards ÖNORM A2134 and ÖNORM A2131
- Climate-neutral and FSC-certified carton packaging
- Awarded with the Austrian environmental label

Item No.	Bar Code	Hypotenuse
AR1650/4	 9 003182 165049	25 cm

AR1651/2 TZ Set Square 22,5 cm with Handle, 400° (Gon), Facet on Hypotenuse, Bosses

- Made of highly transparent Plexiglas® in Austria
- 400° scale division (Gon)
- With fixed handle
- Abrasion-proof deep embossing of graduation, lettering and angle scale with yellow background
- Bosses
- Facet at the millimetre scale
- 10mm grid, vertical millimetre graduations to the hypotenuse
- In accordance with the standards ÖNORM A2134 and ÖNORM A2131
- Climate-neutral and FSC-certified carton packaging
- Awarded with the Austrian environmental label

Item No.	Bar Code	Hypotenuse
AR1651/2	 9 003182 165124	22,5 cm

AR1660/1 TZ Set Square 26 cm, Irregular Axis

- Made of highly transparent Plexiglas® in Austria
- With fixed handle
- Abrasion-proof deep embossing of graduation, lettering and angle-scale with yellow background
- Bosses
- Vertical millimetre graduations to the hypotenuse
- 45° lines for easy hatching
- In accordance with the standards ÖNORM A2134 and ÖNORM A2131
- Climate-neutral and FSC-certified carton packaging
- Awarded with the Austrian environmental label

Item No.	Bar Code	Hypotenuse
AR1660/1	 9 003182 166015	26 cm

AR1648 TZ Set Square 32,5 cm with Wooden Handle, Facet on Hypotenuse

- Made of highly transparent Plexiglas® in Austria
- With wooden handle
- 10mm grid, vertical millimetre graduations to the hypotenuse
- Angles marked 7° and 42° for perspective drawing, 75° for italic writing and 45° lines for easy hatching
- Facet at the millimetre scale
- Abrasion-proof deep embossing of graduation, lettering and angle scale with yellow background
- In accordance with the standards ÖNORM A2134 and ÖNORM A2131
- Climate-neutral and FSC-certified carton packaging

Item No.	Bar Code	Hypotenuse
AR1648	 9 003182 016488	32,5 cm

AR1648T TZ Set Square 32,5 cm with Wooden Handle, Bosses

- Made of highly transparent Plexiglas® in Austria
- With wooden handle
- Abrasion-proof deep embossing of graduation, lettering and angle scale with yellow background
- Bosses
- Facet at the millimetre scale
- 10mm grid, vertical millimetre graduations to the hypotenuse
- Angles marked 7° and 42° for perspective drawing, 75° for italic writing and 45° lines for easy hatching
- In accordance with the standards ÖNORM A2134 and ÖNORM A2131
- Climate-neutral and FSC-certified carton packaging

Item No.	Bar Code	Hypotenuse
AR1648T	 9 003182 164813	32,5 cm

Geocover Wrapper with Geodreieck® and TZ Set Squares

The perfect supplement to our ARISTO Geodreieck® and TZ set squares is the new wrapper Geocover. Made of environment-friendly and FSC-certified materials in Austria, Geocover is available in attractive designs.

The perforation permits filing. Equipped with a magnetic lock, Geocover offers most possible protection of the ARISTO Geodreieck® and TZ set squares.

DStaff members of the "Lebenshilfe Tirol" do the packaging based on a cooperation practised since 2006.

Geocover Wrapper & Geodreieck® 1552

- Geocover wrapper made of FSC-certified materials
- With magnetic lock
- With perforation for filing
- Geodreieck® 1552 with scale, protractor, symmetry scale and parallel ruler in one drawing instrument
- Made of highly transparent Plexiglas® in Austria
- Abrasion-proof deep embossing of graduation, lettering and angle scale with yellow background
- Bosses
- In accordance with the standards ÖNORM A2134 and ÖNORM A2131
- Climate-neutral and FSC-certified carton packaging
- Awarded with the Austrian environmental label
- Geodreieck® 1552 comes in Geocover wrapper

Adjustable Set Square

The ARISTO adjustable set square with a leg of 20 cm and facets at all three edges for drawing of precise lines is made of crystal-clear Plexiglas®, 3.5mm thick. This dimensionally stable material guarantees the unique top quality.

One side of the isosceles set square is adjustable so that with a constant guide edge (0-line) the functionality of a square and a protractor can be combined.

The degree scales 0° to 45° and 90° to 45° (in 1/2° increments) are offset in white, continuously adjustable and fixable with a screw. A red mark enables exact adjustment.

- Made of 3.5 mm thick crystal-clear Plexiglas®
- Continuously adjustable angle from 0° to 90° (1/2° scale 0° to 45°)
- Facets for drawing of precise lines
- Constant guide edge

Item No.	Bar Code	Description

Cutting Ruler, Red Cutting Edge

ARISTO cutting rulers are made of crystal-clear acryl glass. This dimensionally stable material and the abrasion-proof deep embossing guarantee the unique top quality. At one side the rulers have a cutting edge marked red and at the other one a facet at the mm-scale for drawing of precise lines.

Additional scales suitable as symmetry scale (central 0-point) and as parallel ruler (5mm grid) are special features of the cutting rulers.

- Made of crystal-clear acryl glass, 3mm thick
- Also suitable as symmetry and parallel ruler
- Abrasion-proof deep embossing
- With mm-scale (300mm) and facet
- Cutting edge marked red
- Packed in a bag

Item No.	Bar Code	Scale

Geo-Board Drawing Board

- Drawing board made of solid and non-reflecting plastic
- Antislip protection on the lower side
- Magnetic clamping rail with window for controlling the paper margin
- Compass plotting scale for picking off radii quickly
- Straight edge with 2-point guidance
- Ergonomic grip with stop-and-go and free-running mechanism
- Guidance bars on the straight edge for precise use of accessories such as drawing head and rapid set square
- Rapid set square for measuring and drawing
- Product quality "Made in Germany"
- Corresponds to ÖNORM A2133
- Drawing board comes with straight edge and rapid set square in a solid cardboard box

Item No.	Bar Code	Format
AR70442	9 003182 070442	A4
AR70449	9 003182 704491	A4 in Carry Bag

Drafting Machine A1 or A2 complete

The ARISTO drafting machine offers the ideal equipment for engineers of tomorrow as well as for professionals.

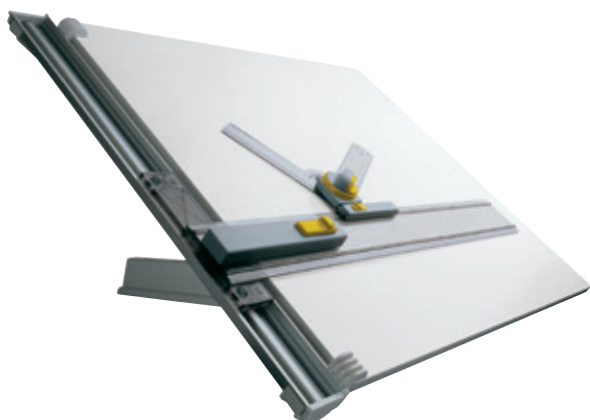

Tilters offer 4 different steps (0° / 15° / 30° / 40°) of inclination of the plastic-coated drafting table, caring for comfortable ergonomic working.

The drafting machine combines a high-precision aluminium guide track, a parallel straight edge and the drawing head AR7094. With two special clamps it can be quickly fixed on tables up to 30mm thickness.

The ball-bearing guidance of the parallel straight edge makes it very smooth. Stop-and-go and free-running mechanism offer the possibility to fix the straight edge while drawing.

- Drafting machine and drafting table for paper size:
A1 (board size 700 x 1.000 mm)
A2 (board size 600 x 700 mm)
- Tilters for 4 steps (0° / 15° / 30° / 40°) with antislip protection
- Ball-bearing parallel straight edge with stop-and-go and free-running mechanism
- Inclusive drawing head

Item No.	Bar Code	Format
AR7011	 9 003182 070114	A1
AR7012	 9 003182 070121	A2

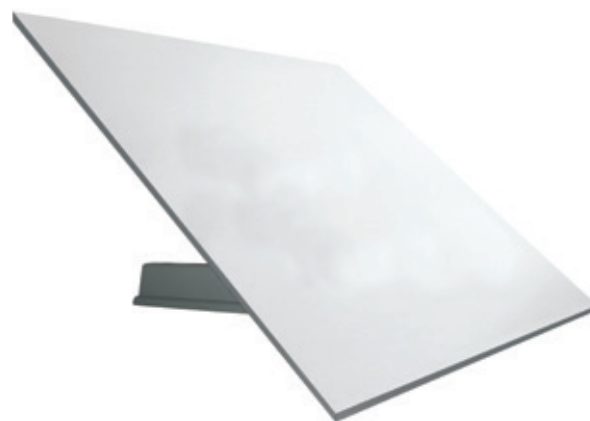

Drafting Table A1 or A2

Tilters offer 4 different steps (0° / 15° / 30° / 40°) of the plastic-coated drafting table, caring for comfortable ergonomic working.

- For paper size:
A1 (board size 700 x 1.000 mm)
A2 (board size 600 x 700 mm)
- Tilters for 4 steps (0° / 15° / 30° / 40°) with antislip protection

Item No.	Bar Code	Format
AR701199	 9 003182 001712	A1 with tilters
AR701299	 9 003182 001743	A2 with tilters

Tilters offer 4 different adjustment possibilities of the drafting tables:

A1:

- Angle: 0° Distance rear edge to the table: 78 mm
- Angle: 15° Distance rear edge to the table: 200 mm
- Angle: 30° Distance rear edge to the table: 320 mm
- Angle: 40° Distance rear edge to the table: 415 mm

A2:

- Angle: 0° Distance rear edge to the table: 78 mm
- Angle: 15° Distance rear edge to the table: 190 mm
- Angle: 30° Distance rear edge to the table: 300 mm
- Angle: 40° Distance rear edge to the table: 380 mm

Guide Track A1 or A2

The precision aluminium guide track is suitable for ARISTO drafting tables A1 or A2. With two special clamps the drafting machine can be quickly fixed on tables up to 30mm thickness.

- For paper size:
A1 (board size 700 x 1.000 mm)
A2 (board size 600 x 700 mm)
- Inclusive 2 special clamps

Item No.	Bar Code	Format
AR7011FP		Guiding Track A1 incl. 2 clamps, without T-Square
AR7012FP		Guiding Track A2 incl. 2 clamps, without T-Square

General Description of our Compasses

We differentiate between:

- **General-purpose compass** - Compass without spindle and middle-wheel adjustment. Available without hinge, with one or two hinges.
- **Rapid adjustment compass** - Compass with spindle and middle-wheel adjustment. Available without hinge, with one or two hinges.
 - **Rapid adjustment compass without push-button**
– Compass with fast- moving spindle. Depending on the model, readjustment of the movement is mostly possible.
 - **Rapid adjustment compass with push-button**
– Compass with smooth spindle. You can activate the rapid adjustment with the push-buttons, afterwards carrying out the fine adjustment by means of the middle-wheel. This ensures that the adjusted measurement will not change when you put the compass aside. Available without hinge, with one or two hinges.
- **Small bow compass** - Compass with smooth spindle. The adjustment of the measurement can only be carried out with the middle-wheel. Available without hinge, with one or two hinges.
- **Divider** - A general-purpose compass without hinges, equipped with two tips, mainly used for taking exact measurements.
- **Beam compass** - Special compass for drawing very big circles (up to 1280mm Ø).

Small College Compass, trendy colours

- Legs made of zinc die-cast, varnished black
- Head with waved grip and needle protection in neon colours (green, pink, blue)
- Max. circle radius: 240 mm
- The compass comes in a transparent case

Rapid Adjustment Compass TopLine

ARISTO rapid adjustment compasses TopLine make math and drawing lessons colourful. High functionality and quality standards are not in contrast to modern design.

The legs made of solid zinc die-cast varnished in trendy colours as well as the ergonomically shaped plastic head and handle applications make the ARISTO TopLine compass the perfect tool.

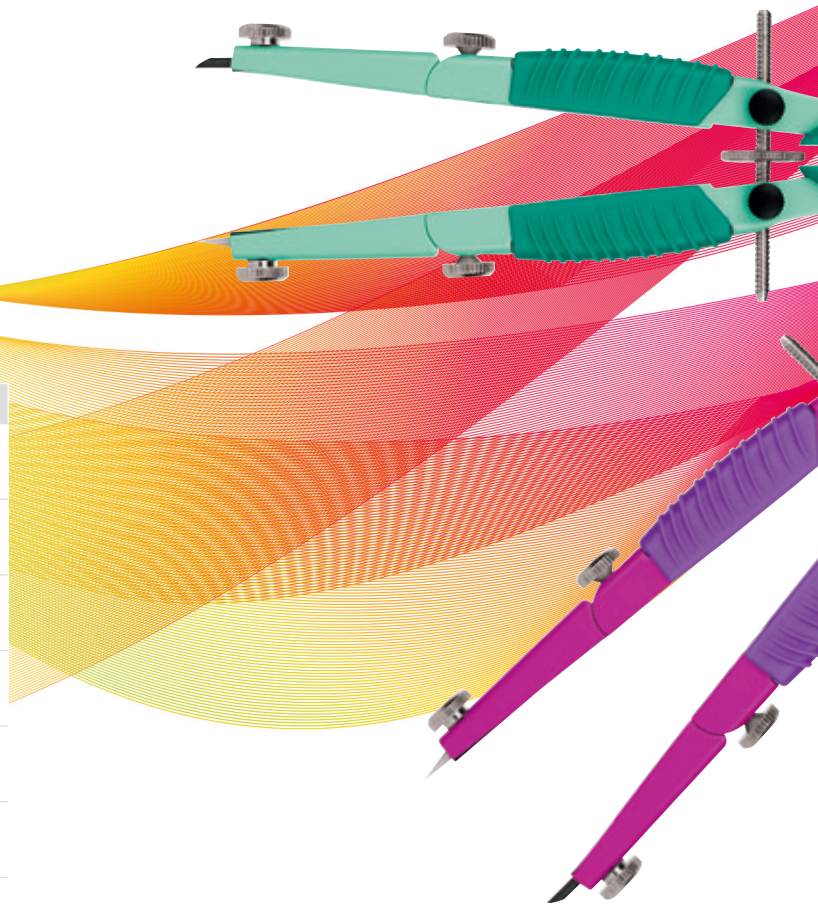

The fast-moving spindle and the middle-wheel for fine adjustment make handling easy. The legs are equipped with two black screws for readjusting the movement of the spindle.

Both patented hinges prevent, if fixed, the leg from shifting. You can use inserts with 4.0 mm Ø, suitable for an extension bar or adapter for drawing pen or pigment liner.

- Legs of zinc die-cast varnished in colour
- Plastic head and handle applications
- Solid fast-moving spindle with middle-wheel for fine adjustment
- 2 screws for adjusting the movement of the spindle
- 2 patented hinges for inserts of 4.0 mm Ø
- Max. circle radius: 370 mm
- The compass comes with a box of 2 spare leads in a transparent plastic case

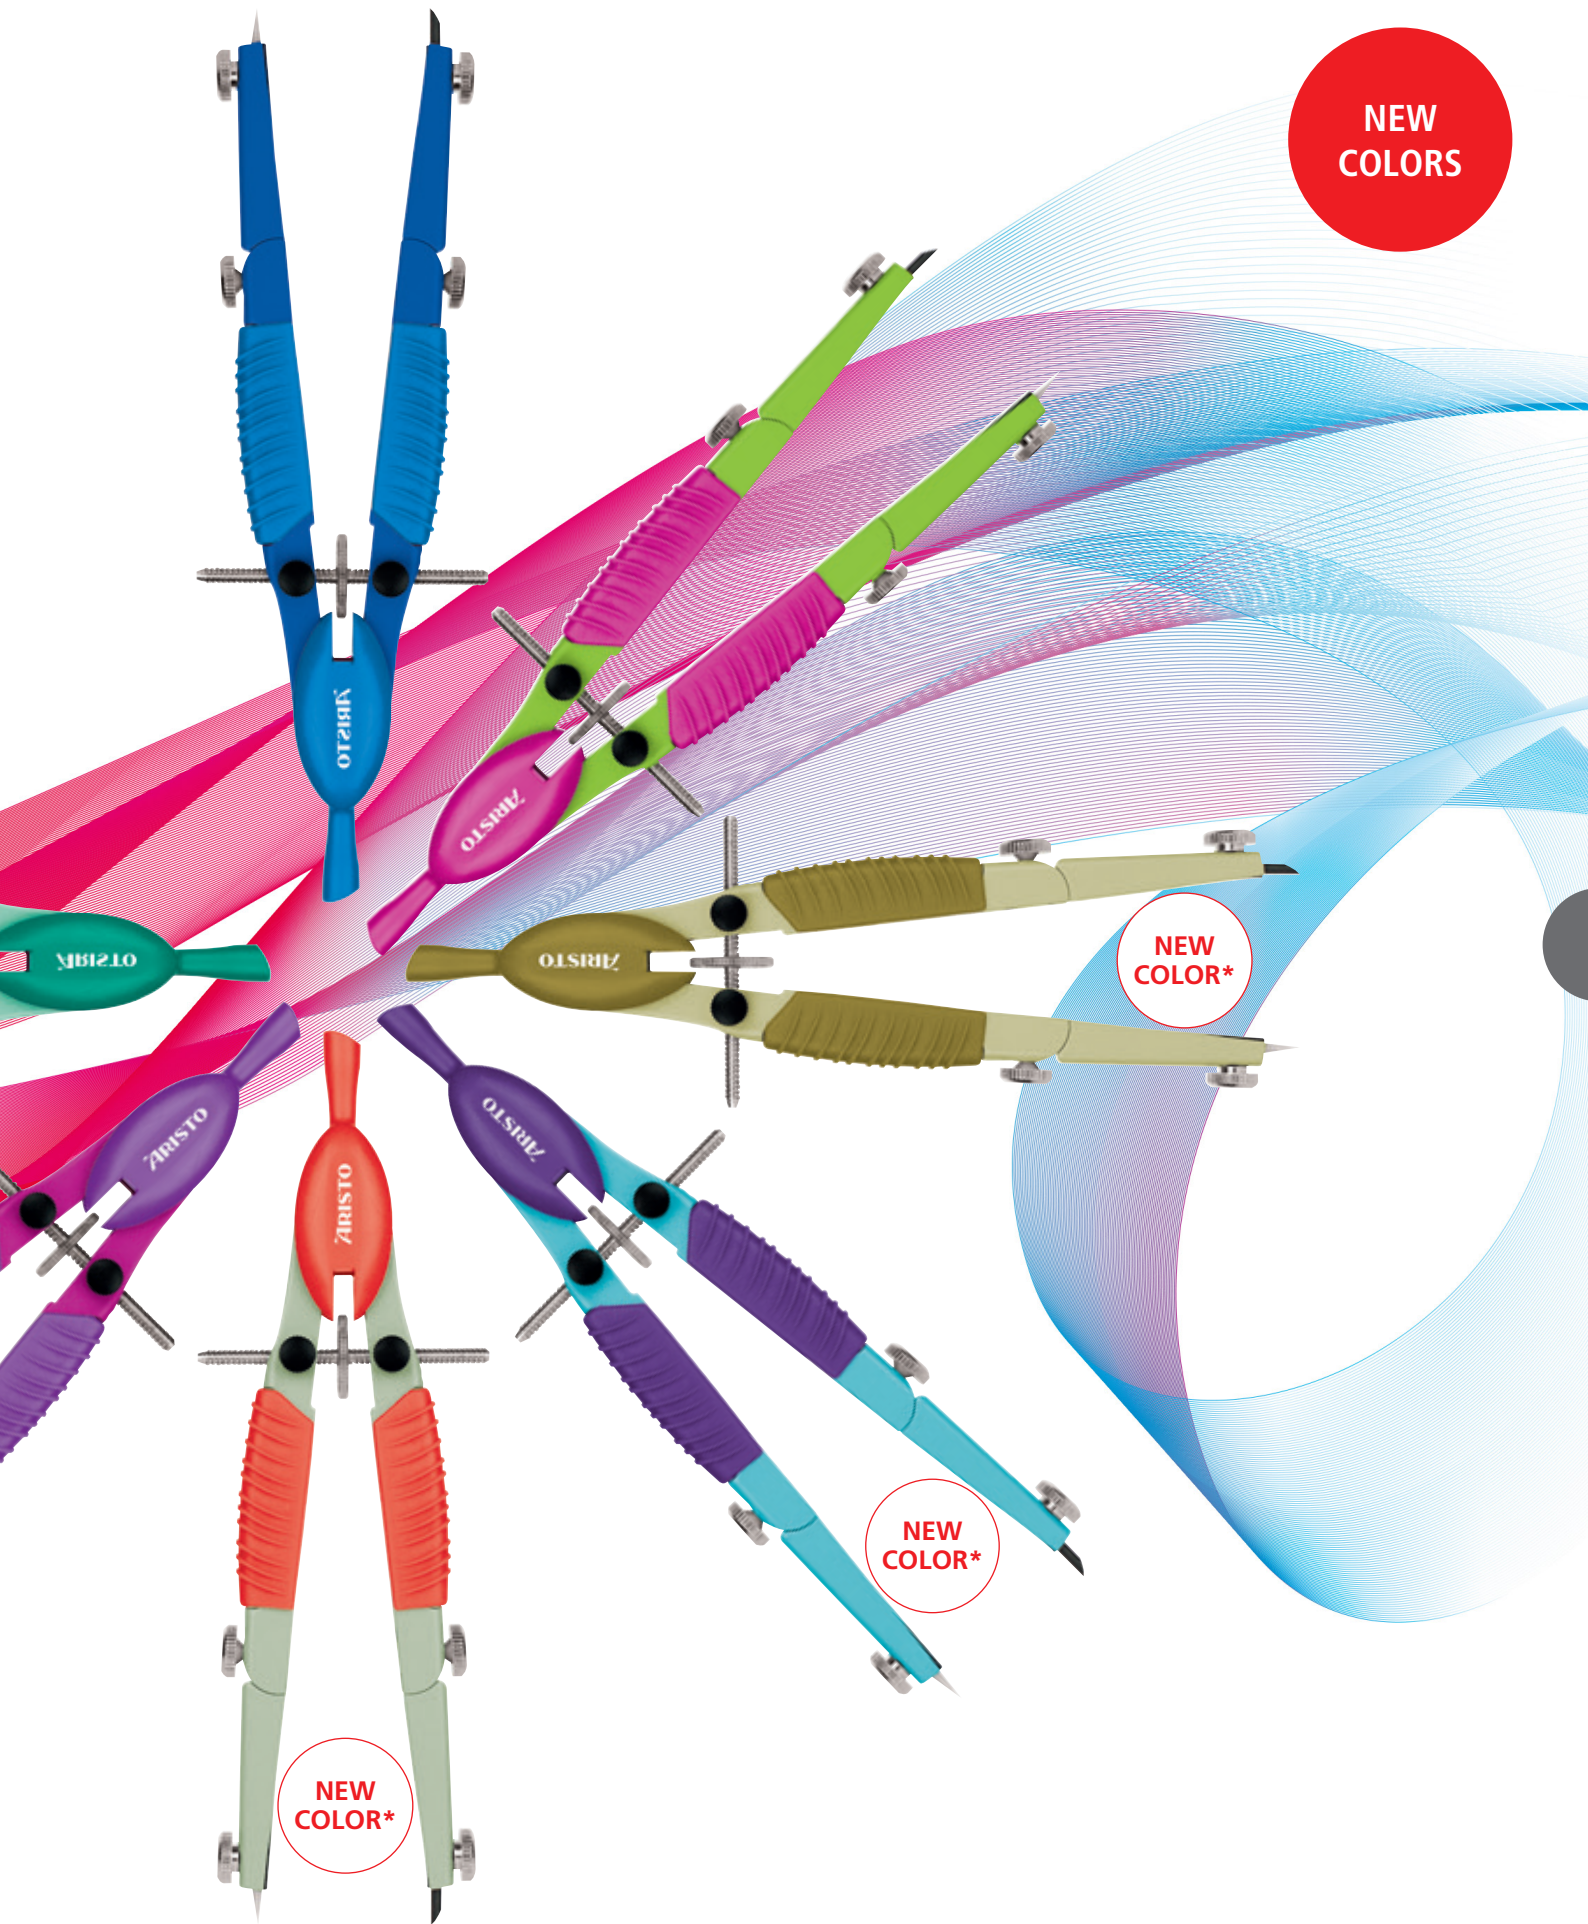

Patented hinge:
The screw (1) and the integrated nut (2) prevent, if fixed, the accidental shift of the hinge.

AR59870		Combi Compass Insert

Universal Compass Insert, Burgundy

- Universal compass insert made of burgundy coloured plastic
- For bore holes of 3.5 mm and 4.0 mm dia. (14 mm minimum depth)
- For drawing instruments with a maximum shank dia. of 11.5 mm

Item No.	Bar Code	
AR59855		Universal Compass Insert

Fine-Lead Insert

- Fine-lead insert made of black plastic and stainless steel
- For fine-leads 0.5 mm
- Perfect in combination with ARISTO combi compass insert

Item No.	Bar Code	
AR59900		Fine-Lead Insert

Extension Bar 150mm for General-Purpose Compasses, Black

- Extension bar for insert compasses with a hole of 4 mm (peg dia.)
- 150 mm
- Matt nickel-plated / connection part made of black plastic

Item No.	Bar Code	Length / Color
AR59950		150 mm / black

Box of Compass Spare Leads 25 mm

- 2 compass spare leads HB, length 25mm, line-width 2 mm
- In a plastic box with mounted cap

Item No.	Bar Code	Length
AR59970		25 mm

Compass Sharpener

- Made of grey plastic with stainless steel blade
- Precise sharpening (tapered conus) of compass leads with a line-width of 2 mm

Item No.	Bar Code	Color
AR55960		grey

Compass Spare Leads

- 5 boxes with 6 compass spare leads HB each, length 25mm, line-width 2mm
- Boxes with mounted cap in a transparent box

Item No.	Bar Code	
AR59973		Spare Leads

Compass Cutter Insert

- 2 cutter inserts 25mm made of stainless steel
- Suitable for all compasses
- Cutting paper up to 160g/m²
- Packed in a box with mounted cap

Item No.	Bar Code	
AR59975		Cutter Insert

mg1 Technical Drawing Pen

The precise and reliable drawing pen mg1 with chromium-plated pen tip is available in 16 line-widths. The cap is quickly removable with one hand.

The modern drawing pen with short barrel offers fast start-up without leakage, constant ink flow and a revolutionary refill system without changing cartridges.

Due to the double-sealed tip the ink does not dry up which allows less cleaning. By means of the transparent barrel the ink level is always visible. The ISO colour-code with imprinted line-width simplifies the choice.

All technical drawing pens mg1 are made in Austria.

Cleaning Fluid for Technical Drawing Pens mg1 /100ml

The ARISTO cleaning fluid is perfectly suitable for cleaning ARISTO mg1 technical drawing pens and ARISTO pen tips, to be used undiluted in a cleaning container. 100ml fluid come in a handy plastic bottle.

Item No.	Bar Code	Content
AR64850	9 003182 648504	100 ml

Eraser Shield

By means of the ARISTO eraser shield made of stainless steel in format 90 x 60 mm and with 15 different eraser guides, you can erase only the undesired areas by covering the remaining ones.

- Made of stainless steel
- With 15 eraser guides

Item No.	Bar Code	Format
AR24840	 9 003182 248407	90 x 60 mm

Drawing Broom

Equipped with a wooden shaft of 225 mm length and 4 rows of genuine horsehair, the ARISTO drawing broom cares for clean work while doing handicrafts, drawing, erasing or sharpening.

- With wooden shaft
- Made of genuine horsehair
- For clean work while doing handicrafts, drawing, erasing or sharpening

Item No.	Bar Code	Length
AR24790	 9 003182 247905	225 mm

Glass Eraser

The pencil-shaped ARISTO glass eraser with a length of 120 mm is suitable for erasing ink, Indian ink, lead pencil and for removing rust and oxidation residues. A white-black plastic barrel contains a glass brush of 40 mm length with a diameter of 4 mm, fixed by a brass tip. The ARISTO glass eraser is even suitable for corrections on pressure plates.

- Pencil-shaped
- For ink, Indian ink and pencil lines
- For removing rust and oxidation residues

Item No.	Bar Code	Format
AR24850	 9 003182 248506	120 mm
AR24855	 9 003182 248551	24 pcs. in a plastic case

Eraser GEO TB020

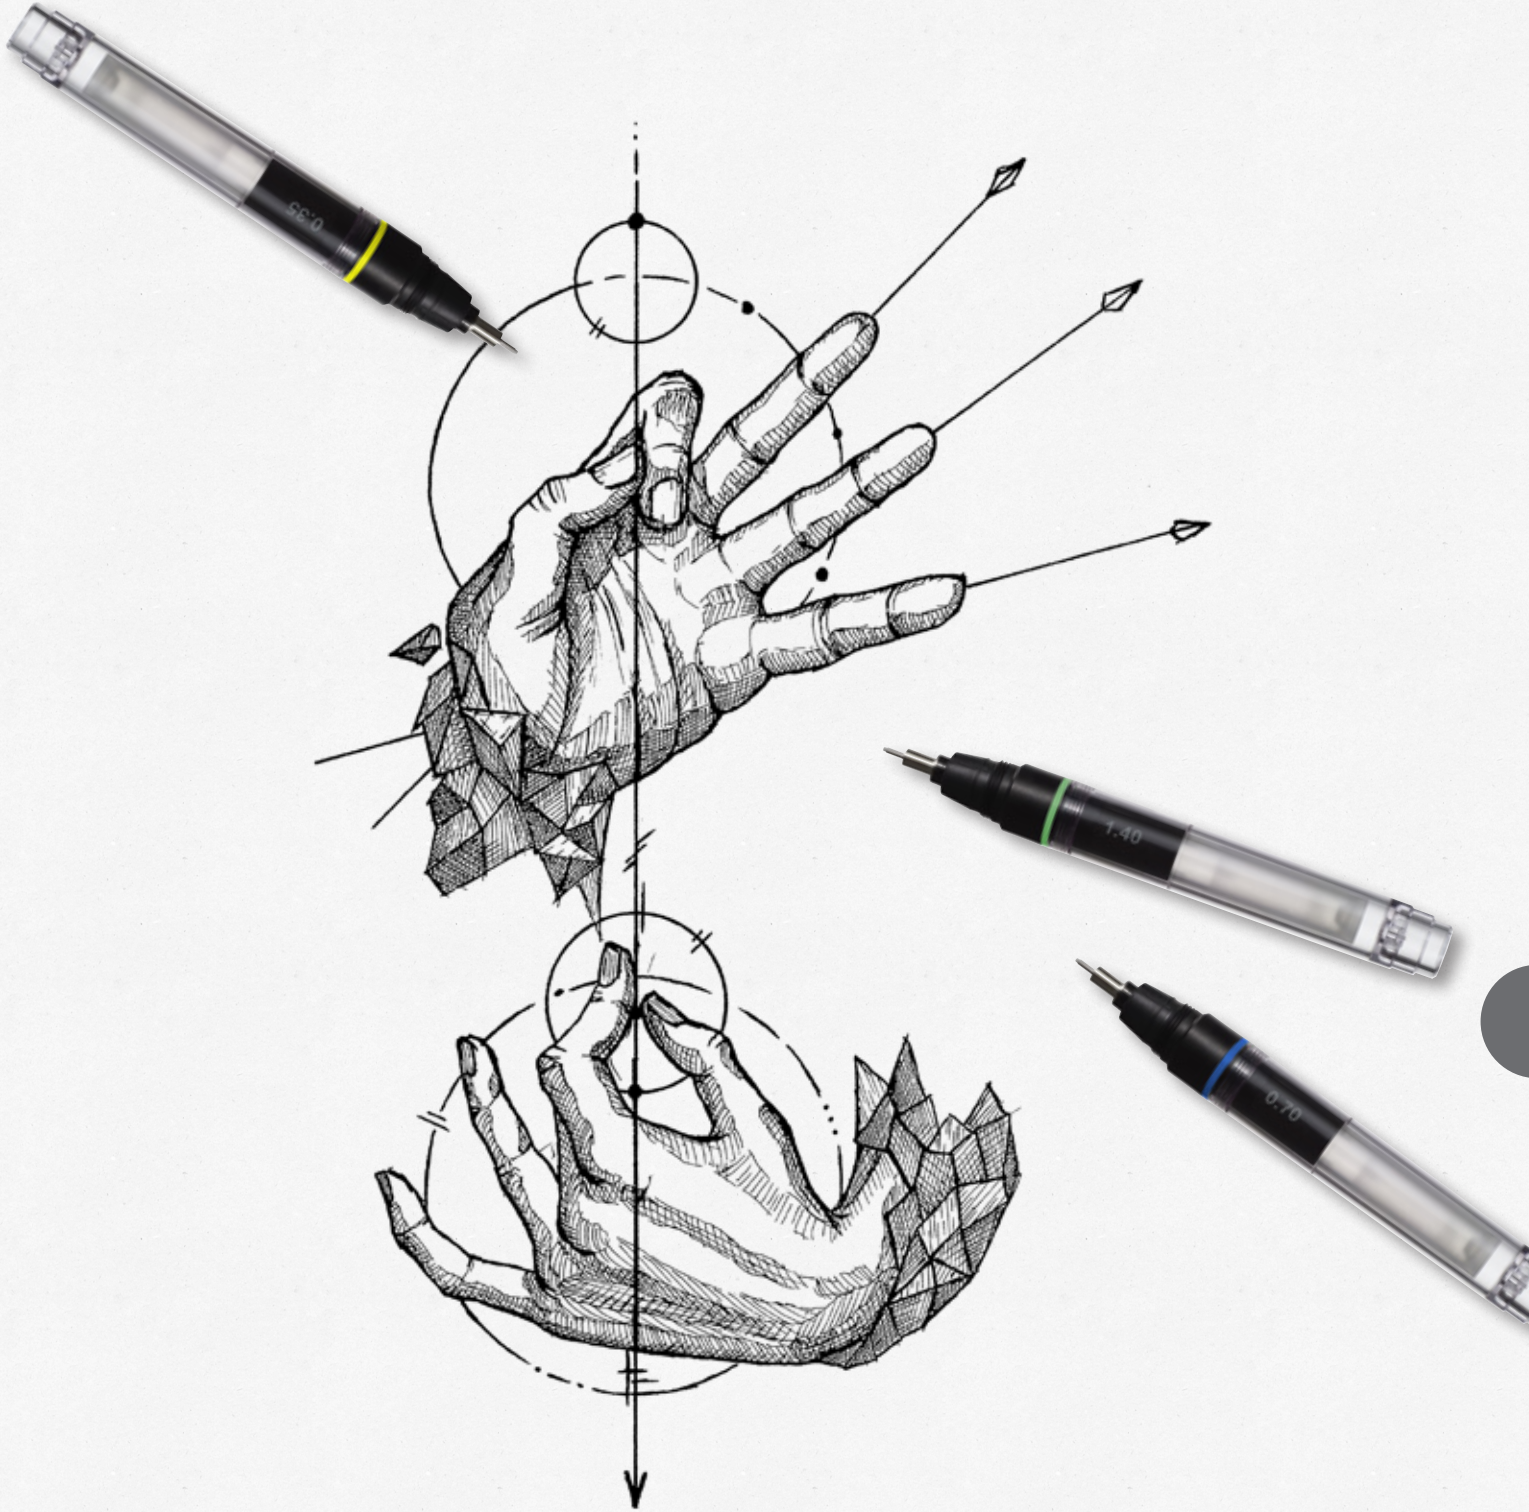

ARISTO eraser GEO TB is a PVC-free eraser in format 63 x 22 x 11 mm, wrapped with a carton sleeve. The combined eraser is suitable for erasing ink and pencil lines (1/3 ink-eraser, 2/3 lead-eraser). It works by rolling up graphite and dirt particles so that the erased surface stays clean.

- PVC-free
- Best suitable for polymer/graphite and ink lines
- No abrasives

Item No.	Bar Code	Format
AR87320	 9 003182 873203	63 x 22 x 11 mm

mg1

Pigment Liner

ARISTO Pigment Liners available in 9 line-widths are quick-drying and therefore ideal for technical drawing with ruler, drawing board and template.

The long metal tip in stainless steel casing cares for precise drawing of fine lines.

Filled with lightfast and waterproof black pigmented ink, ARISTO Pigment Liners are also perfectly suitable for artistic works on paper like sketching, illustrations, outlines and lettering.

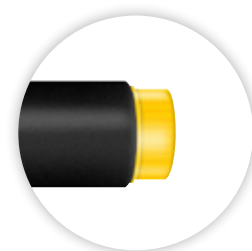

The ISO colour-code on cap and barrel shows the line-width very clearly.

- Lightfast and waterproof pigmented black ink
- Long metal tip in stainless steel casing
- Available in 9 line-widths
- Ideal for drawing with ruler, drawing board and templates
- Line-width marked with ISO colour-code
- Perfectly suitable for artistic works on paper

- Scale 1:50
- Equipped with level and direction symbols
- For drawing symbols for layouts of living rooms, bed rooms, dining rooms, kitchen furnishing as well as for outlines of insulating layers in six different sizes
- With ink-bosses
- In accordance with the standards for microfilming
- Suitable for drawing pens 0.35 mm and fine-lead pencils 0.3 mm

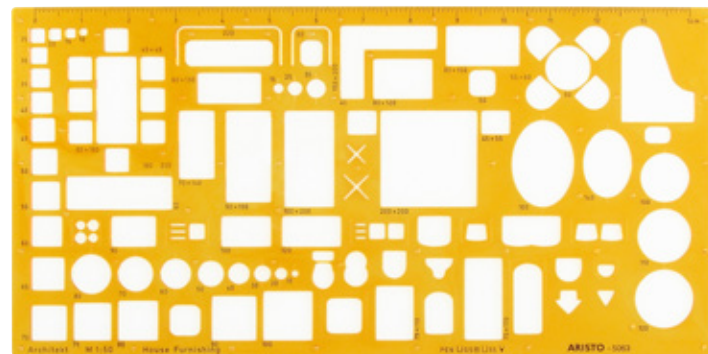

Item No.	Bar Code	Format
AR5062	9 003182 050628	225 x 125 mm

Architecture Furniture Template

- Made of plastic in contrast-enhancing transparent orange
- Scale 1:50
- Equipped with level and direction symbols
- For drawing symbols for furniture layouts of living rooms, bedrooms, kitchens and sanitary fittings
- With ink-bosses
- In accordance with the standards DIN 18011 and for microfilming
- Suitable for drawing pens 0.5 mm and fine-lead pencils 0.5 mm

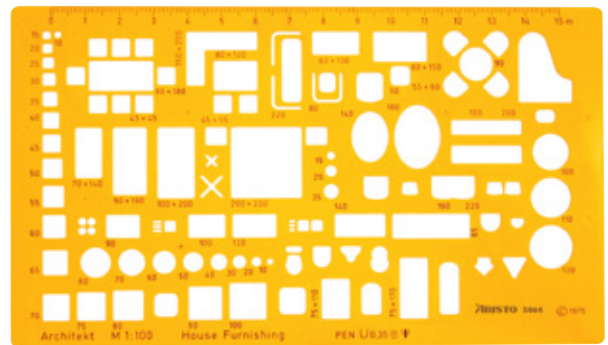

Item No.	Bar Code	Format
AR5063	9 003182 050635	300 x 150 mm

Architect's Furniture Template 1:100

- Made of plastic in contrast-enhancing transparent orange
- Scale 1:100
- Equipped with level and direction symbols
- For drawing symbols for furnishing layouts of living rooms, bedrooms, kitchens and sanitary fittings
- With ink-bosses
- In accordance with the standards for microfilming
- Suitable for drawing pens 0.35 mm and fine-lead pencils 0.3 mm

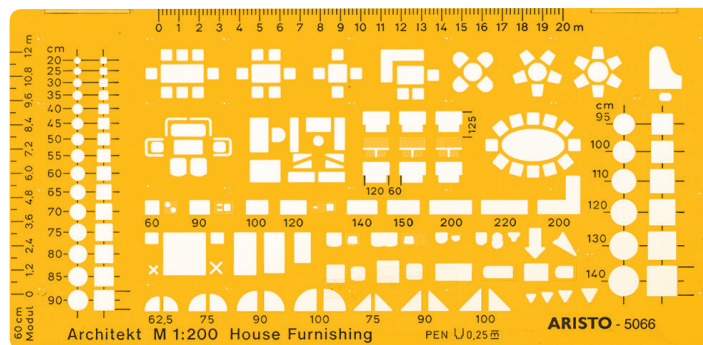

Item No.	Bar Code	Format
AR5064	9 003182 050642	225 x 125 mm

Architect's Furniture Template 1:200

- Made of plastic in contrast-enhancing transparent orange
- Scale 1:200
- Equipped with level and direction symbols
- For drawing symbols for furnishing layouts of living rooms, bedrooms, kitchens and sanitary fittings
- With ink-bosses
- In accordance with the standards for microfilming
- Suitable for drawing pens 0.35 mm and fine-lead pencils 0.3 mm

Item No.	Bar Code	Format
AR5066	9 003182 050666	175 x 85 mm

Axonograph II "Dimetric"

- Made of plastic in contrast-enhancing transparent orange
- For drawing spatial presentations in a dimetric perspective: side ratio: 1:1:0.5. Ellipses 3 to 36 mm space axis, axis ratios: ~ 9:10 und 1:3.
- Several cut-outs in form of an ellipse
- Several cut-outs in form of a semi ellipse
- With ink-bosses
- In accordance with the standards DIN 5 and for microfilming
- Suitable for drawing pens and fine-lead mechanical pencils 0.5 mm

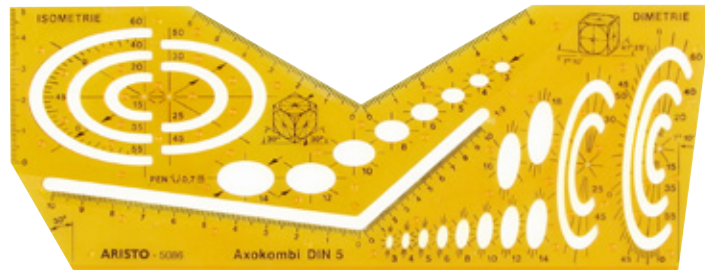

Item No.	Bar Code	Format
AR5085	9 003182 050857	270 x 110 mm

Axokombi I

- Made of plastic in contrast-enhancing transparent orange
- For drawing spatial presentations in dimetric and isometric perspective: ellipses: 3 to 60mm space axis. Axis ratios: 1:1.7 (35°16'), 1:3 (20°)
- Several cut-outs in form of an ellipse
- Several cut-outs in form of a semi ellipse
- With ink-bosses
- In accordance with the standards DIN 5 and for microfilming
- Suitable for drawing pens and fine-lead mechanical pencils 0.7mm

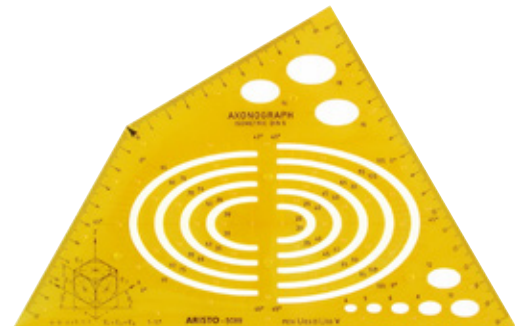

Item No.	Bar Code	Format
AR5086	9 003182 050864	270 x 110 mm

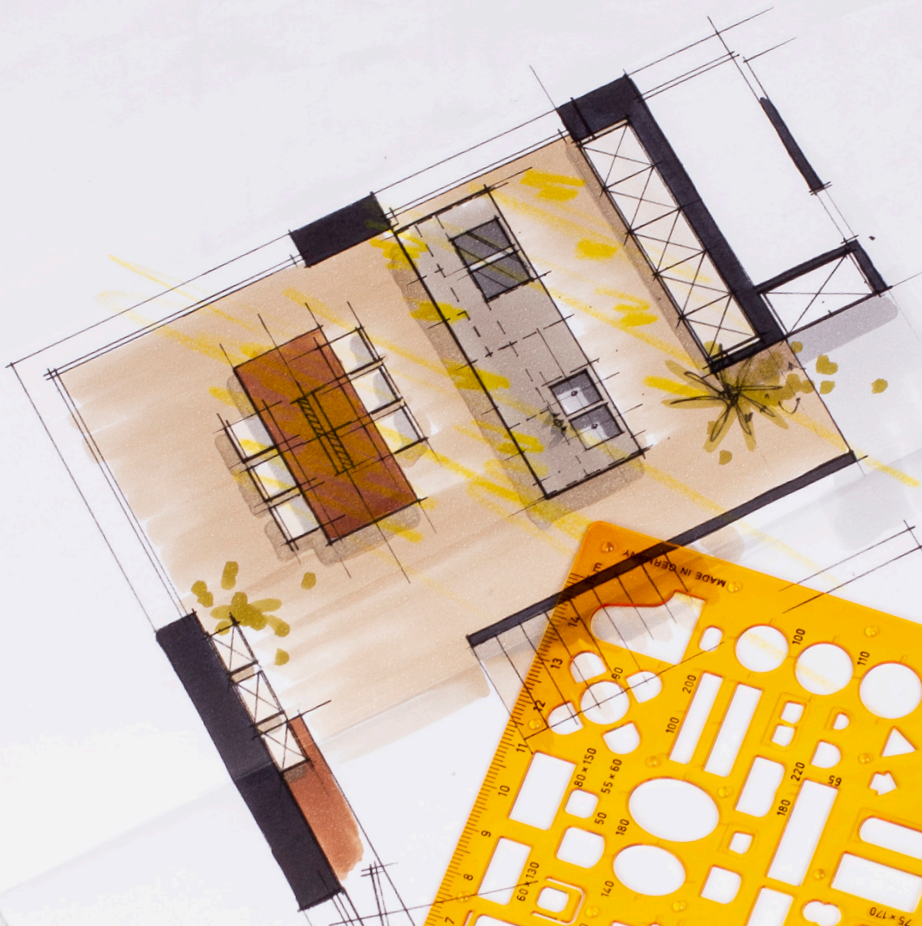

Axonograph "Isometric"

- Made of plastic in contrast-enhancing transparent orange
- For drawing spatial presentations in isometric perspective: side ratio 1:1:1, ellipses 4 to 105mm, angles: 30°, 60°, 90°
- Several cut-outs in form of an ellipse
- Several cut-outs in form of a semi ellipse
- With ink-bosses
- In accordance with the standards DIN 5 and for microfilming
- Suitable for drawing pens and fine-lead mechanical pencils 0.5mm

Item No.	Bar Code	Format
AR5088	9 003182 050888	270 x 110 mm

Duo-Combi Lettering Stencil

- Made of plastic in contrast-enhancing transparent orange
- Sharp-edged letters, figures, punctuations and symbols
- Medium script (upright letters)
- Two font sizes 3.5 and 5mm
- In accordance with the standards ISO 3098/1, DIN 6776 and for microfilming
- Suitable for Pigmentliner and fine-lead mechanical pencils

Item No.	Bar Code	Font size
AR5305	 9 003182 053056	3,5 und 5 mm

Full-circle Protractor

- Made of plastic in contrast-enhancing transparent orange
- Equipped with 120 mm Ø, angle scale 0°- 360°
- Second reverse numbering
- With ink edge, bar and facet

Item No.	Bar Code	
AR22301	 9 003182 223015	Ø 120 mm

College Semi-circle Protractor

- Made of colourless transparent plastic
- With 100 mm Ø, semi-circle angle scale 0°- 180°
- Second reverse numbering
- With ink edge, bar with 10cm scale and facet

Item No.	Bar Code	
AR23301	 9 003182 233014	Ø 100 mm

Full-circle Protractor

- Made of high-value crystal-clear Plexiglas®
- 120 mm Ø
- With reverse numbering 0°- 360°
- With ink edge

Item No.	Bar Code	
AR1512/5	 9 003182 151257	Ø 120 mm

Flexible Curves

The ruler is perfectly suitable for drawing curves. It has a vinyl coated lead core to fix the curve and is equipped with an ink edge.

The outer material of the flexible curves from ARISTO is vinyl which does neither discolour nor dissolve, thus guaranteeing a long life. By means of the four-sided lead core the ruler can be adapted to nearly every curve, fixing the selected curves and maintaining them when taking off the ruler. It is also suitable for displaying curves of a three-dimensional object.

Additionally, the outer material has elevated edges for perfect drawing with different pens, thus preventing smudging of ink or Indian ink lines. Flexible curves are very much suitable for patterns in the tailoring as well as for many other applications.

They are available in 30, 40 and 50 cm length.

- Perfect for drawing curves
- Vinyl coated lead core for perfect fixing
- With ink edge

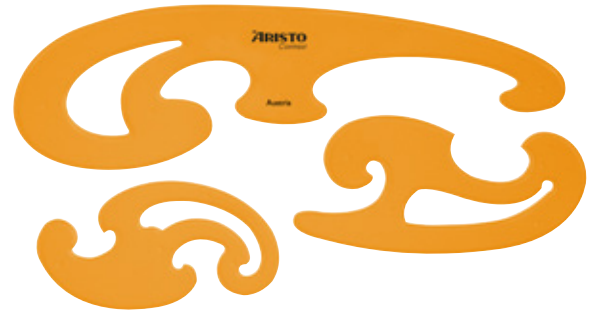

Item No.	Bar Code	Length
AR24351	9 003182 243518	30 cm
AR24361	9 003182 243617	40 cm

CUT-MAT Cutting and Working Pad

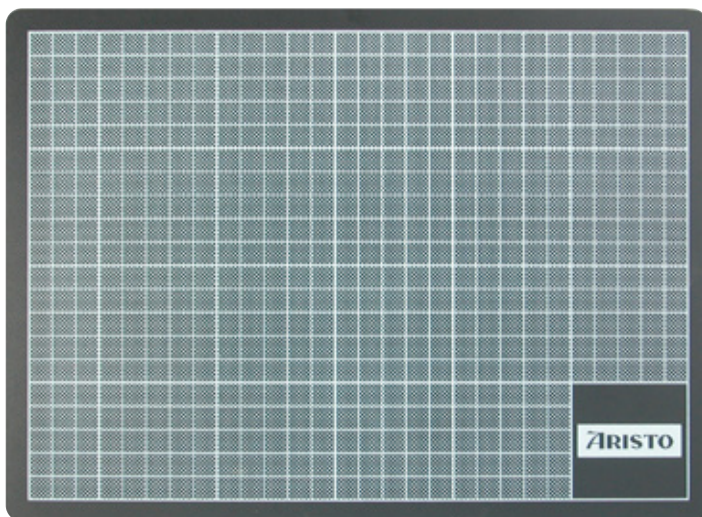

ARISTO CUT-MAT is an indispensable tool for all who want to make precise and traceless cuttings. It protects the table as well as the cutting knife.

The surface is „self-healing“ which means it closes after cutting. Depending on the lighting conditions you can either use the green or black surface.

The white mm-grid printed on both sides, the skid resistance and the 3-layer „sandwich-soft“ build-up with solid interior, underline the perfect quality of this 3mm strong indestructible cutting pad.

- 3mm strong cutting and working pad A4
- Protects the table surface
- „Self-healing“ material
- 3- layer „sandwich-soft“ build-up

Item No.	Bar Code	Format

Blackboard Geodreieck®, Hypotenuse 80cm

The layout of the ARISTO blackboard Geodreieck® AR1552W corresponds exactly to the genuine ARISTO Geodreieck®, combining scale, protractor, symmetry scale and parallel ruler in one drawing instrument.

- Made of high-value plastic
- Scales equivalent to ARISTO Geodreieck®
- Contrasting colour for easy legibility
- Rubber bosses underneath to prevent slipping

Item No.	Bar Code	Hypotenuse
AR1552W	 9 003182 155255	80 cm

Blackboard Set Square, Hypotenuse 80cm

The layout of the ARISTO blackboard set square AR1650W corresponds exactly to the genuine ARISTO set square, i.e. it has a 10mm grid, mm-scales vertical to the hypotenuse, angles marked 7° and 42° for perspective drawing, 75° for italics and 45° lines for easier hatching.

- Made of high-value plastic
- Scales equivalent to ARISTO set square
- Contrasting colour for easy legibility
- Rubber bosses underneath to prevent slipping

Item No.	Bar Code	Hypotenuse
AR1650W	 9 003182 165056	80 cm

Blackboard Ruler

- Made of high-value plastic
- With suspension hole
- Length 100cm, clear dm/cm-division
- With rubber bosses to prevent slipping
- With handle

Item No.	Bar Code	Length
AR1910W	 9 003182 191055	100 cm

Wooden Blackboard Pointer

- Made of untreated birchwood
- Grip with suspension device
- Length 100 cm and weight only 159g
- Red coloured tip for best survey

Item No.	Bar Code	Length
AR1900W	 9 003182 190058	100 cm

Plastic Blackboard Pointer

- Made of high-value plastic
- Grip with suspension hole
- Length 100 cm and weight only 141g
- Red coloured tip for best survey

Item No.	Bar Code	Length
AR1901W	 9 003182 190010	100 cm

Wooden Blackboard Compass

- Made of untreated birchwood
- 50 cm length of the legs
- Maximum circle diameter 900 mm
- Solid tripod protector of the blackboard with retractable tip
- With rubber bosses for perfect adhesion to the blackboard

Item No.	Bar Code	Length
AR1931W	 9 003182 193158	50 cm

Plastic Blackboard Compass

- Made of white plastic
- 50 cm length of the legs
- With degree- and cm-scale
- Maximum circle diameter 900 mm
- Solid tripod protector of the blackboard with retractable tip
- With rubber bosses for perfect adhesion to the blackboard

Item No.	Bar Code	Length
AR1932W	 9 003182 193257	50 cm

Set of Blackboard Instruments

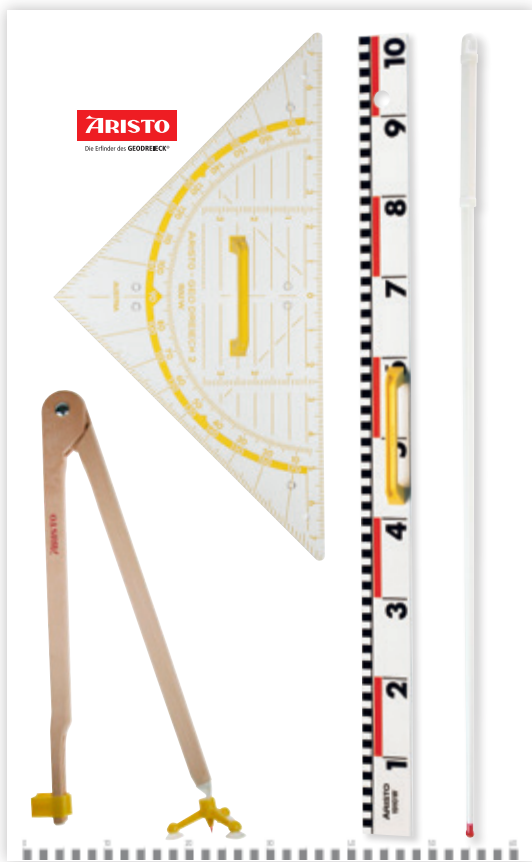

- 100 cm blackboard ruler AR1910W with dm/cm-scale
- Pointer AR1901W with red tip
- Compass AR1931W with solid tripod protector of the blackboard
- With Geodreieck® AR1552W
- Inclusive plastic board AR1950W with material (wall plug and screws) for wall-fastening

Item No.	Bar Code	Set
AR1980W	9 003182 198054	4 pieces, Geodreieck®

Set of Blackboard Instruments

- 100 cm blackboard ruler AR1910W with dm/cm-scale
- Pointer AR1901W with red tip
- Compass AR1931W with solid tripod protector of the blackboard
- With set square AR1650W
- Inclusive plastic board AR1950W with material (wall plug and screws) for wall-fastening

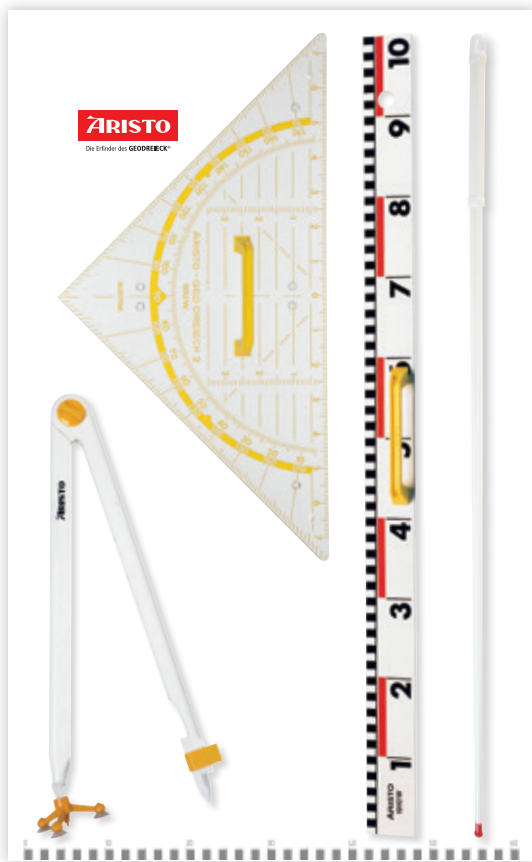

Item No.	Bar Code	Set
AR1981W	9 003182 198153	4 pieces, set square

Set of Blackboard Instruments

- 100 cm blackboard ruler AR1910W with dm/cm-scale
- Pointer AR1901W with red tip
- Compass AR1932W with solid tripod protector of the blackboard
- With Geodreieck® AR1552W
- Inclusive synthetic board AR1950W with material (wall plug and screws) for wall-fastening

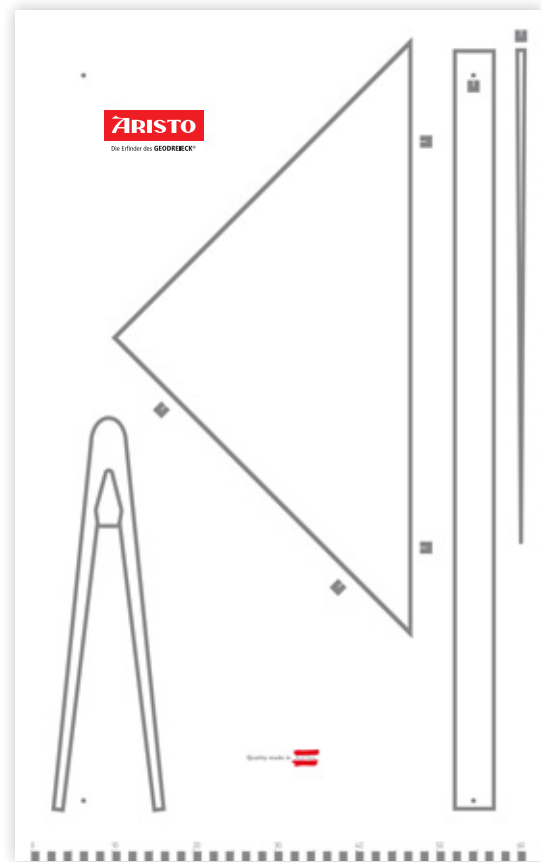

Item No.	Bar Code	Set
AR1985W	9 003182 198559	4 pieces, Geodreieck®

Synthetic Table

- Made of high-value white plastic
- 100 x 60 cm
- Inclusive material (wall plug and screws) for wall-fastening

Item No.	Bar Code	Size
AR1950W	9 003182 195053	100 x 60 cm

Navigation tools

ARISTO is a pioneer among the manufacturers of navigational drawing instruments for sea and aviation.

Crystal-clear Plexiglas® and precise embossing in hot stamp procedure make ARISTO set squares as well as the navigation plotter to your indispensable companion

For years already, their quality has convinced trainers and users worldwide – Made in Austria!

Set Square Sea AR1533

- Quality product made of crystal-clear Plexiglas®
- Without embossing for free sight on the map
- Hypotenuse 32.5 cm
- High-value screwed wooden handle
- Hole for grip and suspension
- Suitable for navigation in air and at sea
- Made in Austria

Item No.	Bar Code	Hypotenuse
AR1533	9 003182 015337	32,5 cm

Set Square Sea AR1537

- Quality product made of crystal-clear Plexiglas®
- Without embossing for free sight on the map
- Hypotenuse 27 cm
- High-value screwed wooden handle
- Suitable for navigation in air and at sea
- Made in Austria

Item No.	Bar Code	Hypotenuse
AR1537	9 003182 015375	27 cm

Set Square Air AR1556/3

- Quality product made of crystal-clear Plexiglas®
- Strong Plexiglas handle
- Embossing in hot stamp procedure for long legibility
- Angle scales 360° / 1°, 0 - 180° black, 180 - 360° red and with white background as well as a scale 20cm with zero-point in the centre (10-0-10) red
- Hypotenuse 22.5 cm
- Suitable for navigation in air and at sea
- Made in Austria

Item No.	Bar Code	Hypotenuse
AR1556/3	9 003182 155637	22,5 cm

Set Square Air AR1556/5

- Quality product made of crystal-clear Plexiglas®
- Strong Plexiglas handle
- Embossing in hot stamp procedure for long legibility
- Angle scales 360° / 1°, one scale 16cm with zero-point in the centre (8-0-8), additional scales in nautical miles 1:1000000 / 1:500000 / 1:250000.
- Hypotenuse 22.5 cm
- Suitable for navigation in air and at sea
- Made in Austria

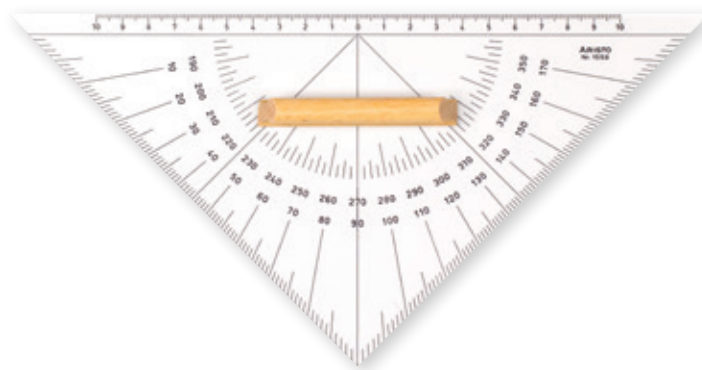

Item No.	Bar Code	Hypotenuse
AR1556/5	9 003182 155651	22,5 cm

Set Square Sea AR1558/2

- Quality product made of crystal-clear Plexiglas®
- High-value screwed wooden handle
- Hole for grip and suspension
- Hot stamp procedure for long legibility
- Angle scales 360° / 1° and compass graduation, scale 20cm with zero-point in the centre (10-0-10)
- Hypotenuse 27 cm
- Suitable for navigation in air and at sea
- Made in Austria

Item No.	Bar Code	Hypotenuse
AR1558/2	9 003182 155828	27 cm

Set Square AR1560

- Quality product made of crystal-clear Plexiglas®
- High-value screwed wooden handle
- Hole for grip and suspension
- Embossing in hot stamp procedure for long legibility
- Angle scales 360 / 1°, one compass graduation each 0 - 180° in green and 180° - 360° in red, scale range with white background, scale 16cm with zero-point in the centre (8-0-8) in red
- Hypotenuse 32.5 cm
- Suitable for navigation in air and at sea
- Made in Austria

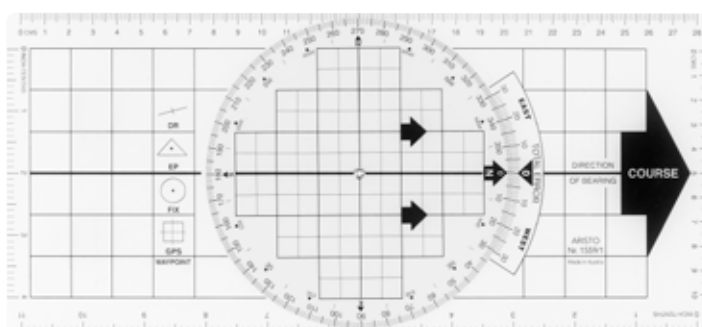

Item No.	Bar Code	Hypotenuse
AR1560	9 003182 015603	32,5 cm

Navi-Plotter AR1559/1

- Quality product made of 1mm transparent PET-G plastic
- Format 290 x 130 mm
- Rotating compass-rose
- Angle scales for course and location determination
- Scales – 28 cm and 11 inches at both longitudinal sides as well as 10 cm and 4 inches at both short sides
- Made in Austria

Item No.	Bar Code	Format
AR1559/1	9 003182 155910	29 x 13 cm

Marine Compass AR9800

- Quality product made of high-gloss chromed brass
- Packed in a leather case
- Length 180mm / 7 inches
- Operating range up to 560 mm
- Made in Germany

Item No.	Bar Code	Length
AR9800	 9 003182 098002	180 mm

One-Hand Marine Compass AR9802

- Quality product made of high-gloss chromed brass
- Packed in a leather case
- Length 185mm / 7.2 inches
- Operating range up to 400mm
- Made in Germany

Item No.	Bar Code	Length
AR9802	 9 003182 098026	185 mm

Navi-Set Small AR1565/1

- High-value navigation set consisting of:
- Navi-Plotter AR1559/1
- One-hand marine compass AR9802
- Clutch pencil 2mm
- Lead-eraser
- Folder out of 168D Polyester, very sturdy, blue colour, hand-sewn piping, Velcro closure, inner part made of 210 D Polyester, black
- Size: 402 x 320 mm opened / 165 x 320 mm closed

Item No.	Bar Code	
AR1565/1		5 pieces

Navi-Set Big AR1565/3

- High-value navigation set consisting of:
- Navi-Plotter AR1559/1
- One-hand marine compass AR9802
- Set square sea AR1533
- Set square AR1558/2
- Clutch pencil 2 mm
- Lead-eraser
- Folder out of 168D Polyester, very sturdy, blue colour, hand-sewn piping, Velcro closure, inner part made of 210 D Polyester, black
- Size: 530 x 320 mm opened / 230 x 320 mm closed

Item No.	Bar Code	
AR1565/3		7 pieces

Small Folder for Navigation Instruments

- Folder out of 168D Polyester, very sturdy, blue colour, hand-sewn piping, Velcro closure, inner part made of 210 D Polyester, black
- Size: 402 x 320 mm opened / 165 x 320 mm closed
- Space for a Navi-Plotter (AR1559/1), a nautical compass (AR9800 or AR9802), pencil and eraser

Item No.	Bar Code	
AR1594	9 003182 015948	Folder empty

Large Folder for Navigation Instruments

- Folder out of 168D Polyester, very sturdy, blue colour, hand-sewn piping, Velcro closure, inner part made of 210 D Polyester, black
- Size: 530 x 320 mm opened / 230 x 320 mm closed
- Space for two set squares sea up to a length of the hypotenuse of 27cm (AR1537, AR1558/2, AR1556/3 and AR1556/5), a Navi-Plotter (AR1559/1), a nautical compass (AR9800, AR9802), pencil and eraser.

Item No.	Bar Code	
AR1595	9 003182 015955	Folder empty

ARISTO SHOP IN SHOP SYSTEM

It's up to you to show exactly what your customers are looking for. An extensive range of specially required products for geometric drawing and mathematics cannot be found at the discounters.

Take advantage of this niche and underline your competence with a special placement. We offer you a sales promotion module for A like ARISTO up to Z like drawing board.

Our ARISTO sales consultant will help you with your individual product combination. Delivery by arrangement. Completely assembling or as individual parts.

Contact: info@geotec.gmbh

Shop System Broad

- 100 (breadth) x 47 (depth) x 221 (height) cm
- Simple assembly without tools
- Powder-coated in original ARISTO red
- LED-illuminated header
- Perforated back board
- Stilt with drawer
- 2 shelves (37 and 20cm)
- Scanning rails for shelves and stilt
- Illumination unit consisting of LED-illuminated header and 2 magnetic LED-substructure lamps for shelves inclusive power supply unit
- Possibility of extension by ARSIS100EXT-A (extension meter)

ARISTO SHOP IN SHOP SYSTEM

Shop System Small

- 50 cm (breadth) x 37 cm (depth) x 210 cm (height)
- Simple assembly without tools
- Powder-coated in original ARISTO red
- LED-illuminated header
- Perforated back board
- Stilt with drawer
- 2 shelves (37 and 20cm)
- Scanning rails for shelves
- Illumination unit consisting of LED-illuminated header and 2 magnetic LED-substructure lamps for shelves inclusive power supply unit

ARISTO FLOOR DISPENSER

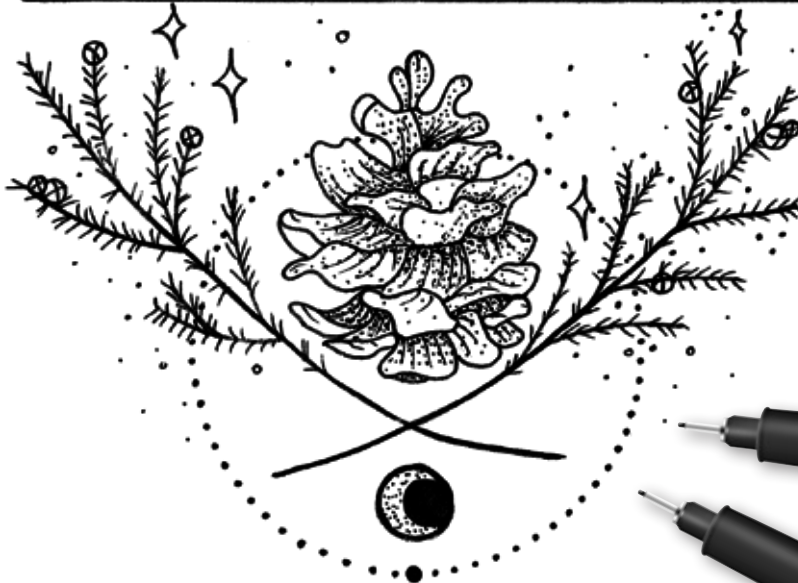

- 60 cm (breadth) x 40 cm (depth) x 180 cm (height)
- Simple assembly without tools
- In original ARISTO red
- Solid performance made of laminated corrugated board
- Perforated back board
- With shelves and socket
