Overview

HP SC11Xe Host Bus Adapter

The HP SC11Xe Host Bus Adapter provides customers with the flexibility and speed they have come to expect from HP. This HBA is ideal for HP tape customers needing to attach Ultra320 tape backup devices on servers using the PCI-Express interface, and provides support for Ultra320 SCSI, Wide Ultra3 SCSI, and Wide Ultra2 SCSI protocols. It is the primary building block for SCSI backup solutions that provide the maximum of 320 MB/second bandwidth, twice the speed of previous-generation SCSI adapters.

Standard Features

Performance

The HP SC11Xe Host Bus Adapter provides support for tape drives while only taking up a single PCI Express slot. The adapter delivers exceptional system performance, utilizing a single Ultra320 SCSI channel that provides x4 PCI-e capabilities, transferring data up to 320 MB/s between the storage subsystem and system memory.

data up to 320 MB/s bet HP Integration	a up to 320 MB/s between the storage subsystem and system memory. Integration Fully integrated and tested with ProLiant servers, HP Integrity rx2800 i2 servers, HP DAT tape dr Ultrium tape drives, SDLT tape drives, VS tape drives, DAT autoloaders and MSL Libraries		
Tagged Command Queuing	Improves performance by accepting commands simultaneously, sorting efficiently and minimizing response time.		
Suggested Solutions	The HP SC11Xe Host Bus Adapter is a cost effective solution and ideal for HP tape drives on ProLiant servers and HP Integrity rx2800 i2 server.		
Warranty	Maximum: The remaining warranty of the HP product in which it is installed (to a maximum one-year limited warranty, parts only) Minimum: One-year parts only warranty. NOTE: Certain restrictions and exclusions apply. Consult the Customer Support Center at 1-800-345-1518 for details.		

Service and Support

Service and Support

HP Care Pack Services: Packaged server and storage services for increased uptime, productivity and ROI

When you buy HP server and storage products and solutions, it's also a good time to think about what levels of support you may need. Our portfolio of service options reduce deployment and management worries while helping you get the most out of your server and storage investments. We take a holistic approach to your environment, bridging servers, blades, storage, software and network infrastructures with our packaged HP Care Pack Services for servers and storage.

Protect your business beyond warranty

When it comes to robustness and reliability, standard computing equipment warranties have matured along with technology. Good news that can also create problems stemming from depending on standard warranties designed to only protect against product defects and some downtime causes. Using a standard approach to warranty uplifts, such as HP Care Pack Services, helps reduce downtime risks and provides operational consistency for mission-critical and standard business computing.

HP Care Pack Services: Upgrading or extending standard server and storage warranties cost effectively

HP Care Pack Services offer a standard reactive hardware and software support services suite sold separately, or combined with our Support Plus and Support Plus 24 services. The portfolio also provides a combination of integrated proactive and reactive services, such as Proactive 24 Service and Critical Service. In addition with HP Proactive Select, you can acquire the specific proactive constancy and technical services. HP Proactive Select menu offers a broad set of service options that you can mix and match depending on your specific requirements. Proactive service options include offers for server, storage, network, SAN device, software, environment and education services.

HP server and storage lifecycle support services offers a full spectrum of customer care-from technology support to complex migrations to complete managed services. HP Factory Express provides customization, integration and deployment services for turnkey solutions. HP Education Services offer flexible, comprehensive training on to help your IT staff get the most out of your server and storage investments. HP Financial solutions extend innovative financing and cost-effective asset management programs-from purchase to equipment retirement.

NOTE: Care Pack Services availability may vary by product and country.

HP Care Pack Services are sold by HP and HP Authorized Service Partners:

- Services for customers purchasing from HP or an enterprise reseller are quoted using HP order configuration tools.
- Customers purchasing from a commercial reseller can find HP Care Pack Services at http://www.hp.com/go/lookuptool

Recommended HP Care Pack Services for optimal satisfaction with your HP product

Recommended Services

Hardware Options Support

HP Care Packs provide support for all HP-branded hardware options qualified for inclusion in your server or storage solution. Any additional HP-qualified options installed within the server are covered at the same service level and for the same period as the server and no additional cost.

- Help improve or maintain system uptime
- Convenient onsite support

Service and Support

Committed response time

http://h20195.www2.hp.com/V2/GetPDF.aspx/5982-6547EEE

3-Year HP Hardware Support Onsite Service, 4-hour response, 24x7

Provides you with rapid remote support and if required an HP authorized representative who will arrive on site any time and day of the year to begin hardware maintenance service within 4 hours of the service request being logged.

This service provides a trained HP service specialist to perform an installation that meets HP quality standards, for:

- Help improve or maintain system uptime
- Convenient onsite support
- Committed response time

eSupport

HP eSupport is a portfolio of technology-based services that assist you with managing your business environment - from the desktop to the data center.

Support Portal

The HP support portal provides one-stop access to the information, tools and services you need to manage the daily operations of your IT environment.

Features include:

- Access to self-solve tools (including search technical knowledge base)
- Efficient logging and tracking of support cases
- Collaboration with other business and IT professionals
- Download of patches and drivers
- · Access to diagnostic tools
- · Proactive notification of relevant information

Access to certain features of the support portal requires an HP service agreement. To access the support portal, visit: http://www.hp.com/support

HP Insight Remote Support software delivers secure remote support for your HP Servers and Storage, 24 X 7, so you can spend less time solving problems and more time focused on your business. You can have your systems remotely monitored for hardware failure using secure technology that's been proven at thousands of companies around the world. In many cases, you can avoid problems before they occur.

Customer Technical Training

In today's cost-conscious business environment, IT professionals, developers, consultants and users face an interesting challenge: how to keep up with the latest technologies and expand important skills while delivering profitable results on current projects. To help address this challenge, HP offers innovative training solutions that help keep you up-to-date on virtualization, server, storage, Insight Control, Citrix, Microsoft® and open source/Linux-related topics-while spending less time away from business-critical activities.

HP Services Awards

HP Technology Services continues to be recognized for service and support excellence by customers, partners, industry organizations and publications around the world. Recent honors and award reflect our services team's dedications, technical expertise, professionalism and uncompromising commitment to customer satisfaction.

Additional Services Information

Environment-friendly Products and Approach and Recycling

End-of-life Management Hewlett-Packard offers end-of-life HP product return, trade-in, and recycling programs in many geographic areas. For trade-in information, please go to http://www.hp.com/go/green. To recycle your product, please go to: http://www.hp.com/go/green or contact your nearest HP sales office. Products returned to HP will be recycled, recovered or disposed of in a responsible manner.

> The EU WEEE directive (2002/95/EC) requires manufacturers to provide treatment information for each product type for use by treatment facilities. This information (product disassembly instructions) is posted on the Hewlett Packard web site at: http://www.hp.com/go/green. These instructions may be used by recyclers and other WEEE treatment facilities as well as HP OEM customers who integrate and re-sell HP equipment.

Summary of Changes

Date	Version History	Action	Description of Change:
10-June-2014	From Version 26 to 27	Added	Operating System Support for Microsoft Windows 2012 in Technical Specifications.
		Changed	Related Options section was revised.
31-Mar-2014	From Version 25 to 26	Changed	Change was made throughout.
04-Dec-2012	From Version 24 to 25	Changed	Change was made in Overview section.
05-0ct-2012	From Version 23 to 24	Changed	Change was made to URL in Service and Support section.
28-Mar-2012	From Version 22 to 23	Added	Added a note to the Technical Specifications.
	From Version 21 to 22	Changed	Changes were made throughout the QuickSpec.
23-Jun-2011	From Version 20 to 21	Changed	Link was corrected in Service and Support.
05-0ct-2010	From Version 19 to 20	Changed	Kit Contents and Compatibility were moved into the Overview and Service and Support were added.
17-Aug-2010	From Version 18 to 19	Changed	Only PDF formatting changes were made.
25-Jun-2010	From Version 17 to 18	Added	HP ProLiant DL160 G6, DL160se G6, DL165 G6, DL180 G6, DL320 G6, DL360 G6, DL380 G6, DL385 G6 and DL785 G5 and G6 were added to Server Compatibility.
21-Jun-2010	From Version 16 to 17	Added	HP ProLiant DL170h G6, DL580 G7, DL585 G6 and G7, ML110 G6, ML150 G6, ML310 G5p, ML330 G6 and ML350 G6 were added to Server Compatibility and HP Internal Wide Ultra3 NHP Cable was added to Internal Cables.
27-Apr-2010	From Version 15 to 16	Added	HP ProLiant DL360 G7, DL380 G7 and DL385 G7 were added to Server Compatibility.
05-Apr-2010	From Version 14 to 15	Added	HP ProLiant DL165 G7 and ProLiant SL (scalable line) were added to Server Compatibility.
02-0ct-2009	From Version 13 to 14	Added	Added a NOTE to the beginning of Tape Drives.
07-Apr-2009	From Version 12 to 13	Changed	Corrected the invalid link in the Technical Specifications sections.
31-Mar-2008	From Version 11 to 12	Changed	Changes were made to Compatibility in the Standard Features section.
		Removed	External Cables were removed from the Options section.
11-Feb-2008	From Version 10 to 11	Added	Several options were added to the Standard Features/Compatibility section.
14-Nov-2007	From Version 9 to 10	Changed	Changes made to the Standard Features/Compatibility,Options/Tape Drives, Options/Tape Autoloaders, and Options/Tape Libraries sections.
05-Sep-2007	From Version 8 to 9	Added	Added the Environment-friendly Products and Approach object to the Technical Specifications section.
