Summary Report for Public Meetings – July 17, 18, 31, & August 1, 2019

I. OVERVIEW

The San Bernardino County Transportation Authority (SBCTA), in cooperation with the cities of Pomona, Montclair, Ontario, Rancho Cucamonga, and Fontana, proposes construction of the West Valley Connector Project (the WVC Project or the proposed project), a 35-mile-long bus rapid transit (BRT) project that would decrease travel times and improve the existing public transit system within the corridor.

The proposed project includes up to 60 station platforms at 33 locations/major intersections and associated improvements. A new operation and maintenance (O&M) facility for light maintenance activities would be constructed. The proposed project would be constructed in two phases, including: the Phase I/Milliken Alignment, from the Pomona Regional Transit Center to Victoria Gardens in Rancho Cucamonga and Phase II/Haven Alignment, from Ontario International Airport to Kaiser Permanente Medical Center in Fontana. Phase I is scheduled for operation in late 2023. Construction of Phase II/Haven Alignment is scheduled to occur after the completion of Phase I when funding is available. Regardless of phase, Alternative A consists of side running stations spaced 0.5 to 1-mile apart along the alignment. Alternative B proposes approximately 3.5 miles of exclusive BRT lanes instead of side running stations along the same segment. Transit Signal Priority (TSP) and other transportation systems management improvements, such as queue jump lanes, would be included. The BRT system will be operated by Omnitrans.

A. Project Goals

The project goals include:

- Support city/community stakeholder goals and plans
- Respond to population, employment, and travel demand growth
- Implement SBCTA's Long Range Transit Plan for San Bernardino Valley
- Provide premium transit service
- Improve transit amenities and facilities to provide greater passenger comfort and safety.
- Increase transit travel speed and reduce travel time/delay
- Improve mobility and better serve multiple destinations
- Reduce vehicle miles of travel (VMT)
- Minimize negative impacts to traffic operations
- Improve pedestrian and bicycle access to transit
- Facilitate economic development and TOD opportunities.

B. Environmental Phase

The proposed project is subject to state and federal environmental review requirements, because it involves the use of federal funds administered by the Federal Transit Administration (FTA); therefore, the joint documentation has been prepared in compliance with both, the California Environmental Quality Act (CEQA) and the National Environmental Policy Act of 1969 (NEPA). SBCTA is the lead agency under CEQA; FTA is the lead federal agency under NEPA.

SBCTA in cooperation with FTA jointly prepared a Draft Environmental Impact Report (EIR)/Environmental Assessment (EA) to evaluate environmental impacts associated with implementation of the proposed project and address appropriate and feasible mitigation measures and alternatives to the proposed project that would reduce or eliminate potential impacts.

During this phase, the project has had extensive stakeholder and public involvement, which included multiple public meetings as part of the Alternatives Analysis phase in 2014 and multiple scoping meetings for the environmental documentation phase in 2016. As requested by FTA, additional focused outreach efforts were conducted on July 17, 18, 31, and August 1, 2019 for the route cities along the corridor and environmental justice groups, as stipulated by Executive Order 12898.

This outreach summary report details the outreach strategies and tasks conducted during the circulation of the Draft EIA/EA for public review and comments, which occurred between June 24, 2019 and August 8, 2019.

II. MEETING HIGHLIGHTS

A total of four public open house meetings were held in Fontana, Ontario, Pomona, and Rancho Cucamonga on July 17, 18, 31, and August 1, 2019, respectively. The purpose of the public meetings was to keep the public informed about the results of the environmental studies prepared for the proposed project and solicit their input/comments. As noted in Table 1, the four meetings included participation from 74 attendees of which 66 signed-up to be included in future project notifications. Copies of these sign-in sheets can be seen in

Image 1: Fontana Public Meetings

Summary Report for Public Meetings – July 17, 18, 31, & August 1, 2019

Appendix A. Overall, attendees expressed general support for the project with some interest expressed in additional routes and connections.

Table 1: Meeting Details, Attendance, and Participation

No.	Community Coverage Area	Date & Time	Location	Attendees	Sign-ins	Comment Cards
1	Fontana	Wednesday July 17, 2019 6:00 – 8:00 p.m.	City of Fontana City Hall 8353 Sierra Avenue Fontana, CA 92335	15	14	1
2	Ontario	Thursday June 18, 2019 6:00 – 8:00 p.m.	City of Ontario Senior Center Multi-Purpose Room 225 East B Street 3Ontario, CA 91764	26	22	2
3	City of Pomona	Wednesday July 31, 2019 6:00 – 8:00 p.m.	City of Pomona City Council Chambers 505 Garey Avenue Pomona, CA 91766	15	14	4
4	City of Rancho Cucamonga	Thursday August 1, 2019 6:00 – 8:00 p.m.	City of Rancho Cucamonga Central Park Community Center Etiwanda Room 11200 Base Line Road Rancho Cucamonga, CA 91730	18	16	1
Meeting Participation Totals				74	66	8

The following elected representatives and agencies participated in at least one of the public meetings:

Local Elected Office

- John Roberts, Council Member, City of Fontana
- Rubio Gonzalez, Councilmember, City of Pomona

Government Agency or Special District

- City of Fontana
- City of Ontario
- City of Pomona
- City of Rancho Cucamonga

Summary Report for Public Meetings – July 17, 18, 31, & August 1, 2019

III. PUBLIC NOTIFICATION EFFORTS

In preparation for public meetings during the circulation of the Draft EIR/EA for the proposed project, a variety of notification strategies were executed, including: direct mail notice, newspaper advertisements, electronic notifications, and a series of briefings. The following section outlines the methods used to notify the public of the public meetings.

A. Notice of Availability (NOA)

The primary means of notification during this meeting series was the Notice of Availability (NOA). Prepared by the technical team, this notice was released with the Draft EIR/EA on June 24, 2019 for public review and signaled the start of the formal comment period. It outlined the project and defined the Local Public Review Period of 45 days, which ran from release through August 8, 2019. The notice also included information on the project meetings, providing date, time, and location for each of the meetings, with the intent of encouraging meeting attendance and comment participation. A copy of the NOA can be found in Appendix B.

The NOA was a double-sided, one page, 8.5" x 11" notice designed in full color, in English and Spanish, and distributed to agencies, property owners, tenants and miscellaneous stakeholders. The document was sent to a total of 42 Federal, State, Regional, and Local Elected Officials (Appendix C) as well as agencies, Native American groups, Public and Educational Institutions, Utilities, Chambers of Commerce, and Community-Based groups. Interested parties that had attended previous project meetings or requested to be added to the project's notification list were also included in the postal noticing for this round of meetings. A detailed NOA distribution plan can be found in Appendix D.

The NOA was also mailed via USPS First Class to all affected property owners and tenants within the radius of the building alternatives, which included a total of 5,009 individual mailers. A total of 2,281 notices were sent to those along the Phase 1 Miliken Alignment, 936 notices to those along Phase 1 Holt Blvd, 1,695 notices to those along Phase 2 Haven Alignment, and 97 notices to those along the proposed O&M Sites 1, 2, and 3. See Appendix E for copy of this mailing list and Appendix F for a list of non-deliverable addresses.

The NOA release also met the FTA Region 9 Circulation Requirements with copies sent to the FTA Headquarters, Region 9, and USEPA Region 9, and was submitted for CEQA filing to the Los Angeles County Clerk's office and the San Bernardino County Clerk's office. Appendix G includes copies of the official filing. Lastly, the NOA was hand delivered or file shared with 13 repositories, including library's and agency's websites. Table 2 (below) lists the repository locations where the public could read a print version of the Draft EIR/EA.

Summary Report for Public Meetings – July 17, 18, 31, & August 1, 2019

B. Print Advertisements

The public meetings were advertised in four local newspapers, published in English and Spanish. Notice content was shared in both print and online formats. Each notice included the same information, including: a

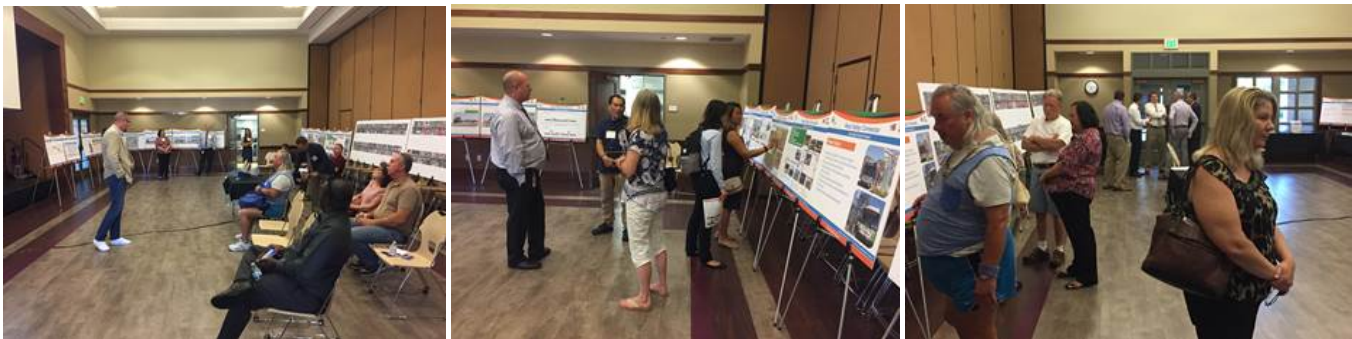

Image 2: Rancho Cucamonga Public Meeting

Summary Report for Public Meetings – July 17, 18, 31, & August 1, 2019

brief project description, meeting details (such as dates, times, location), and solicited public comment. Appendix H includes copies of each ad. Table 3 provides a list of these notices.

C. Email Notifications

An electronic version of the meeting invitation was also prepared and transmitted via email using Constant Contact to agencies and key stakeholders. These meeting e-blasts were sent in English with a hyperlink to a Spanish translated version within the e-blast. Five email notifications (Table 4) were transmitted during the month of July, each encouraging meeting attendance and encouraging public comment. See Appendix I for copies of the emails shared.

Summary Report for Public Meetings – July 17, 18, 31, & August 1, 2019

Table 4: E-blast Notifications

No.	E-Blast	Date Sent	Language

4	Reminder #3 – Prior to second set of meetings	July 24, 2019	English & Spanish
5	Reminder #4 – Prior to last meeting	July 30, 2019	English & Spanish

IV. MEETING PROCESS & MATERIALS

The four public meetings were held from Wednesday, July 17, 2019 to Thursday, August 1, 2019, each during a weekday evening to accommodate the general working public. Meeting locations were selected at four locations along the corridor to provide convenient access for local residents and business owners. All meetings were held in a similar format and shared the same information and materials with the public.

A. Meeting Format

Upon arrival, meeting attendees were guided with directional signage that displayed the best path towards the meeting room, until they were received by greeters at the welcome station. Participants were then asked to sign-in at the registration table and, as part of the registration process and to receive future project updates, were presented with an information packet consisting of an information sheet (Appendix J) and comment card in either English or Spanish, based upon participant preference. Once participants completed the registration process, they were directed to refreshments and the first information station.

Meeting handouts included:

- Project Information Sheet
- Comment Card
- In addition, copies of the NOA and technical summaries were also provided for interested parties to take or review during the meetings.

Meetings featured an open house format that allowed the public to review project exhibit boards on display. Staff were on hand at each station to facilitate questions and guide attendees through the exhibits. All meetings also included a 30-minute presentation (Appendix K), which began roughly 30-minutes after the start of the meeting. Following the presentation, SBCTA and project staff were on hand to answer follow-up questions from the public, to continue sharing information at display boards, and to gather public comments

Summary Report for Public Meetings – July 17, 18, 31, & August 1, 2019

and feedback. Recognizing the potential participation of Spanish speaking, bilingual staff were available at each public meeting.

Comment boxes were placed in the comment station and refreshment areas to encourage comment participation in an anonymous and discreet fashion. Hard copies of the Draft EIR/EA and other technical reports were also placed at the Information & Comments Station. Staff continue to direct and reference active participants to provide their comments and questions throughout the meeting process.

Copies of all meeting materials can be found in Appendix L.

Image 3: Pomona Public Meetings

B. Stations & Exhibit Boards

Project exhibit boards on display at the meetings provided a guided overview of project, including the project alignment, station design elements, and potential right-of-way impacts as well as the environmental process. There were 20 boards on display, including 3 oversized aerial boards that showed potential right-of-way impacts. These exhibits provided a visual reference tool for attendees and SBCTA and project staff to interact and share an open dialogue on specific locations of interest along the project alignment. See Appendix M for a copies of the project exhibit display boards.

Display boards were arranged in 7 stations, as noted below. Attendees were encouraged to talk one-on-one with station staff from SBCTA, Omnitrans, technical consultant team, and the outreach consultant team to provide their comments about the project and areas of interest or concern.

Summary Report for Public Meetings – July 17, 18, 31, & August 1, 2019

Stations and boards were comprised of the following:

Station 1: Welcome and Reception (1 board)

- Welcome

Station 2: Right-of-way (ROW) Impacts (3 boards)

- Aerial ROW Impacts Board 1 (oversized)
- Aerial ROW Impacts Board 2 (oversized)
- Aerial ROW Impacts Board 3 (oversized)

Station 3: Project Overview (3 boards)

- Project Goals
- Project Features
- Alternatives Analyzed

Station 4: Elements & Service (8 boards)

- Premium Transit Service
- Side Running BRT Station Elements
- Typical Cross Sections
- Potential Holt Boulevard Cross Sections
- Potential Holt Boulevard Bus Station Cross Sections
- Holt Blvd Visual Impact Simulations
- Foothill Blvd Visual Impact Simulations
- Alternatives Analyzed Operation & Maintenance Sites

Station 5: Environmental Process (3 boards)

- Environmental Review Process
- Status of Environmental Document
- Summary of Unavoidable Significant Environmental Impacts

Station 6: Next Steps (1 board)

- Project Schedule

Station 7: Comment & Information Station (1 board)

- Where you come in

Summary Report for Public Meetings – July 17, 18, 31, & August 1, 2019

V. COMMENTS RECEIVED

All comments received during the Draft EIR/EA comment period were reviewed and responded to in the Final EIR/EA. An overview of comments and questions received formally via comment cards during public meetings or in written or electronic form outside the public meetings are provided, below. A total of thirty-eight (38) formal written comments were gathered during the 45-day Draft EIR/EA comment period, including eight (8) during public meetings (Appendix N). Of these, twenty-three (23) were received from the general public, nine (9) from local agencies, three (3) from state agencies, two (2) from organizations, and one (1) from a federal agency as exemplified in Figure 1, below.

Figure 1: Comments by Stakeholder Type

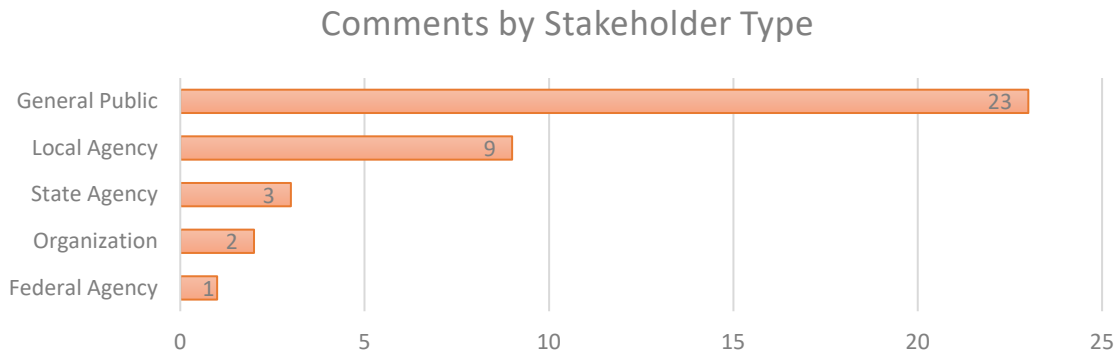

Image 4: Ontario Public Meetings

There were fourteen (14) comment themes raised during the Draft EIR/EA comment period, including:

- General
- Alternatives
- Cultural Resources
- Environmental Impacts
- Funding
- Land Use & Planning
- Noise
- Project Impacts on Businesses
- Project Timeline
- Safety
- Stations
- Support
- Transit Times
- Transportation & Traffic

Summary Report for Public Meetings – July 17, 18, 31, & August 1, 2019

The most popular themes of comment involved Land Use & Planning, Alternatives, Safety, Environmental Impacts, and General comment.

Most comments received from the public were from property owners concerned about business impacts from construction and alternatives. Namely, three main concerns were expressed pertaining to Build Alternative B:

- Addition of raised medians and removal of two-way left-turns in the middle of Holt Boulevard;
- Property acquisition, specifically in relation to:
- Impacts to existing right-of-way/structures,
- Ability to operate business, and
- Compensation for loss of property; and
- Maintenance of driveway access during and after construction regarding the project easement.

In contrast, comments from agencies and special districts centered on themes of construction, operation and maintenance facilities, detours and other project land use and planning impacts. They also expressed concern for transportation and traffic regarding traffic control, signals, crossings, pedestrians, bicyclists, and transit services. The third most popular comment theme was safety with specific concern for the safety of motorists, pedestrians, and bicyclists. The Environmental Protection Agency is the only federal agency that submitted a comment concerning Land Use & Planning, specifically the location for the operations and maintenance facility and the BRT's access to residences and sensitive receptors.

A. Summary of Formal Comments

Formal comments received during the public review period are summarized in Appendix O at the end of this report. The summary table and copies of individual comments can also be found in Appendix H, Public Outreach Activities and Response to Comments, of the Final EIR/EA. The comment table includes all formal comments, including those submitted via email, postal mail, and in-person at the meeting. Appendix O lists each comment by stakeholder type and shows comments tracked by the date received. It further describes each submittal by detailing commenter name, issues raised, and how the comment was received.

Notice of Availability (NOA)

June 24, 2019

Responsible Agencies, Review Agencies,
Trustee Agencies, Property Owners, Stakeholders
and Individuals interested in the West Valley Connector Project

Notice of Availability Draft Environmental Impact Report (EIR)/Environmental Assessment (EA) and Public Meeting for the West Valley Connector Project

The San Bernardino County Transportation Authority (SBCTA) and the Federal Transit Administration (FTA), in coordination with Omnitrans, have completed a Draft Environmental Impact Report (EIR)/Environmental Assessment (EA) for the West Valley Connector (WVC) Project. The project proposes to construct a 35-mile-long bus rapid transit (BRT) corridor that would connect the cities of Pomona, Montclair, Ontario, Rancho Cucamonga, and Fontana. It would include up to 60 station platforms at 33 locations/major intersections and associated improvements. A new operation and maintenance (O&M) facility for light maintenance activities would be constructed.

The proposed project would be constructed in two phases, including Phase I/Milliken Alignment, from the Pomona Regional Transit Center to Victoria Gardens in Rancho Cucamonga and Phase II/Haven Alignment, from Ontario International Airport to Kaiser Permanente Medical Center in Fontana. Phase I is scheduled for operation in late 2023. Construction of Phase II/Haven Alignment is scheduled to occur after the completion of Phase I when funding is available. One of the project alternatives also contemplates an approximately 3.5 miles of exclusive BRT lanes. Transit Signal Priority (TSP) and other transportation systems management improvements, such as queue jump lanes, would be included. The BRT system will be operated by Omnitrans.

The Draft EIR/EA is being circulated for public review beginning June 24, 2019 and ending August 8, 2019. It can be downloaded at the SBCTA website: <http://www.gosbcta.com/sbcta/plans-projects/projects-rail-WestValleyConnector.html>. The document can also be viewed at the following locations:

- Fontana Lewis Library, 8437 Sierra Avenue, Fontana, CA 92335
- Ovitt Family Community Library, 215 E. C Street, Ontario, CA 91764
- Pomona Public Library, 625 S. Garey Avenue, Pomona, CA 91766
- Law Library for San Bernardino County, 8409 Utica Avenue, Rancho Cucamonga, CA 91730
- Rancho Cucamonga Public Library, 12505 Cultural Center Drive, Rancho Cucamonga, CA 91739

Four public meetings will be held at the following dates, times, and locations to inform the public of the proposed project and encourage public input.

Date	Time	Location	Address
July 17, 2019	6-8pm	City of Fontana – Flex Conference Room, City Hall	8353 Sierra Ave Fontana, CA 92335
July 18, 2019	6-8pm	City of Ontario Senior Center MPR	225 East B Street, Ontario, CA 91764
July 31, 2019	6-8pm	City of Pomona City Council Chambers	505 Garey Avenue, Pomona, CA 91766
August 1, 2019	6-8pm	City of Rancho Cucamonga Central Park – Etiwanda Room	11200 Base Line Road Rancho Cucamonga, CA 91730

The meeting will be an open house format with various exhibits and a brief presentation explaining details of the project. Following the presentation, attendees will be encouraged to review the exhibits and consult with members from FTA, SBCTA, Omnitrans, and the consultant team. The Draft EIR/EA examines the potential impacts resulting from the proposed project, and the public is encouraged to review the project to clarify any potential questions.

Comments on the Draft EIR/EA must be submitted by **August 8, 2019** to:

<p>Tim Watkins, Chief of Legislative and Public Affairs San Bernardino County Transportation Authority 1170 West Third Street, 2nd Floor San Bernardino, CA 92410 Tel: (909) 884-8276 x 139 Email: info@gosbcta.com</p>	<p>Candice Hughes, Environmental Protection Specialist Federal Transit Administration, Region 9 Los Angeles Metropolitan Office 888 South Figueroa, Suite 1050 Los Angeles, CA 90017-5467: Tel: (213) 629-8613 Email: candice.hughes@dot.gov</p>

24 de junio de 2019

Agencias Responsables, Agencias de Revisión, Agencias Fiduciarias, Dueños de Propiedades, y Partes e Individuos interesados en el Proyecto del Corredor West Valley

Notificación de Disponibilidad del Borrador del Reporte de Impacto Ambiental/Declaración Ambiental y la Junta Comunitaria para el Proyecto del Corredor West Valley

La Autoridad de Transporte del Condado de San Bernardino (SBCTA, por sus siglas en inglés) y la Administración Federal de Transporte (FTA) completaron un Borrador del Reporte de Impacto Ambiental/Declaración Ambiental para el Proyecto del Corredor West Valley. El proyecto propone la construcción de un corredor para autobús de transporte rápido (BRT) de 35 millas de largo que conectaría a las ciudades de Pomona, Montclair, Ontario, Rancho Cucamonga y Fontana. Incluiría hasta 60 plataformas de estaciones en 33 localidades/intersecciones importantes y mejoramientos asociados. Se construiría una nueva instalación de operación y mantenimiento (O&M) para actividades menores de mantenimiento.

El proyecto propuesto sería construido en dos fases, incluyendo la Fase I/Alineamiento Milliken, desde el Centro de Transporte Regional de Pomona hasta Victoria Gardens en Rancho Cucamonga, y la Fase II/Alineamiento Haven, desde el Aeropuerto Internacional de Ontario hasta el Centro Médico Kaiser Permanente en Fontana. La Fase I está programada para entrar en operaciones a finales de 2023. La construcción de la Fase II/Alineamiento Haven está programada para ser realizada después de completar la Fase I, cuando los fondos estén disponibles. Una de las

alternativas del proyecto también contempla 3.5 millas de carriles exclusivos para el BRT. El sistema de Prioridad de la Señal de Tránsito (TSP) y otras gestiones de mejoras a sistemas de transporte, como “queue jump lanes” (un sistema que ayuda a dar prioridad a los autobuses en intersecciones), serían incluidas. El sistema BRT será operado por Omnitrans.

El Borrador EIR/EA entrará en circulación para revisión pública entre el 24 de junio de 2019 y el 8 de agosto de 2019. Se puede descargar en la página web de SBCTA: <http://www.gosbcta.com/sbcta/plans-projects/projects-rail-WestValleyConnector.html>. El documento también se puede ver en las siguientes ubicaciones:

- Biblioteca Lewis de Fontana, 8437 Sierra Avenue, Fontana, CA 92335
- Biblioteca Comunitaria Ovitt Family, 215 E. C Street, Ontario, CA 91764
- Biblioteca Público de Pomona, 625 S. Garey Avenue, Pomona, CA 91766
- Biblioteca de Leyes del Condado de San Bernardino, 8409 Utica Avenue, Rancho Cucamonga, CA 91730
- Biblioteca Público de Rancho Cucamonga, 12505 Cultural Center Drive, Rancho Cucamonga, CA 91739

Se realizarán cuatro reuniones públicas en las siguientes fechas, horarios y lugares, para informar al público sobre el proyecto propuesto y fomentar la participación pública.

Fecha	Hora	Lugar	Dirección
17 de julio, 2019	6-8pm	City of Fontana – Flex Conference Room, City Hall	8353 Sierra Ave Fontana, CA 92335
18 de julio, 2019	6-8pm	City of Ontario Senior Center MPR	225 East B Street, Ontario, CA 91764
31 de julio, 2019	6-8pm	City of Pomona City Council Chambers	505 Garey Avenue, Pomona, CA 91766
1 de agosto, 2019	6-8pm	City of Rancho Cucamonga Central Park – Etiwanda Room	11200 Base Line Road Rancho Cucamonga, CA 91730

Las reuniones tendrán un formato de casa abierta, con varias exposiciones y una breve presentación en la cual se explicarán los detalles del proyecto. Después de la presentación, se invitará a los asistentes a revisar las exposiciones y consultar con los miembros de FTA, SBCTA, Omnitrans y el equipo de consultores del proyecto. El Borrador EIR/EA examina los impactos potenciales resultantes generados por el proyecto propuesto, y se pide al público que revisen el proyecto para aclarar cualquier duda que puedan tener.

Los comentarios sobre el Borrador EIR/EA tienen que ser enviados antes del **8 de agosto del 2019**, a:

Tim Watkins, Chief of Legislative and Public Affairs San Bernardino County Transportation Authority 1170 West Third Street, 2 nd Floor San Bernardino, CA 92410 Tel: (909) 884-8276 x 139 Email: info@gosbcta.com	Candice Hughes, Environmental Protection Specialist Federal Transit Administration, Region 9 Los Angeles Metropolitan Office 888 South Figueroa, Suite 1050 Los Angeles, CA 90017-5467 Tel: (213) 629-8613 Email: candice.hughes@dot.gov

Honorable Congresswoman Norma Torres
California State Senate, 35th District
3200 Inland Empire Boulevard, Suite 200B
Ontario, CA 91764

Notice of Availability Draft Environmental Impact Report (EIR)/Environmental Assessment (EA) and Public Meeting for the West Valley Connector Project

Honorable Congresswoman Norma Torres,

The San Bernardino County Transportation Authority (SBCTA) and the Federal Transit Administration (FTA), in coordination with Omnitrans, have completed a Draft Environmental Impact Report (EIR)/Environmental Assessment (EA) for the West Valley Connector (WVC) Project. The project proposes to construct a 35-mile-long bus rapid transit (BRT) corridor that would connect the cities of Pomona, Montclair, Ontario, Rancho Cucamonga, and Fontana. It would include up to 60 station platforms at 33 locations/major intersections and associated improvements. A new operation and maintenance (O&M) facility for light maintenance activities would be constructed.

The proposed project would be constructed in two phases, including Phase I/Milliken Alignment, from the Pomona Regional Transit Center to Victoria Gardens in Rancho Cucamonga and Phase II/Haven Alignment, from Ontario International Airport to Kaiser Permanente Medical Center in Fontana. Phase I is scheduled for operation in late 2023. Construction of Phase II/Haven Alignment is scheduled to occur after the completion of Phase I when funding is available. One of the project alternatives also contemplates an approximately 3.5 miles of exclusive BRT lanes. Transit Signal Priority (TSP) and other transportation systems management improvements, such as queue jump lanes, would be included. The BRT system will be operated by Omnitrans.

The Draft EIR/EA is being circulated for public review beginning June 24, 2019 and ending August 8, 2019. It can be downloaded at the SBCTA website: <http://www.gosbcta.com/sbcta/plans-projects/projects-rail-WestValleyConnector.html>

The document can also be viewed at the following locations:

- Fontana Lewis Library, 8437 Sierra Avenue, Fontana, CA 92335
- Ovitt Family Community Library, 215 E. C Street, Ontario, CA 91764
- Pomona Public Library, 625 S. Garey Avenue, Pomona, CA 91766
- Law Library for San Bernardino County, 8409 Utica Avenue, Rancho Cucamonga, CA 91730
- Rancho Cucamonga Public Library, 12505 Cultural Center Drive, Rancho Cucamonga, CA 91739

Four public meetings will be held at the following dates, times, and locations to inform the public of the proposed project and encourage public input.

Date	Time	Location	Address
July 17, 2019	6-8pm	City of Fontana – Flex Conference Room, City Hall	8353 Sierra Ave Fontana, CA 92335
July 18, 2019	6-8pm	City of Ontario Senior Center MPR	225 East B Street, Ontario, CA 91764
July 31, 2019	6-8pm	City of Pomona City Council Chambers	505 Garey Avenue, Pomona, CA 91766
August 1, 2019	6-8pm	City of Rancho Cucamonga Central Park – Etiwanda Room	11200 Base Line Road Rancho Cucamonga, CA 91730

The meeting will be an open house format with various exhibits and a brief presentation explaining details of the project. Following the presentation, attendees will be encouraged to review the exhibits and consult with members from FTA, SBCTA, Omnitrans, and the consultant team. The Draft EIR/EA examines the potential impacts resulting from the proposed project, and the public is encouraged to review the project to clarify any potential questions.

Comments on the Draft EIR/EA must be submitted by August 8, 2019 to:

Notice of Availability Draft Environmental Impact Report (EIR)/Environmental Assessment (EA) and Public Meeting for the West Valley Connector Project

Honorable Hilda L. Solis,

The San Bernardino County Transportation Authority (SBCTA) and the Federal Transit Administration (FTA), in coordination with Omnitrans, have completed a Draft Environmental Impact Report (EIR)/Environmental Assessment (EA) for the West Valley Connector (WVC) Project. The project proposes to construct a 35-mile-long bus rapid transit (BRT) corridor that would connect the cities of Pomona, Montclair, Ontario, Rancho Cucamonga, and Fontana. It would include up to 60 station platforms at 33 locations/major intersections and associated improvements. A new operation and maintenance (O&M) facility for light maintenance activities would be constructed.

The proposed project would be constructed in two phases, including Phase I/Milliken Alignment, from the Pomona Regional Transit Center to Victoria Gardens in Rancho Cucamonga and Phase II/Haven Alignment, from Ontario International Airport to Kaiser Permanente Medical Center in Fontana. Phase I is scheduled for operation in late 2023. Construction of Phase II/Haven Alignment is scheduled to occur after the completion of Phase I when funding is available. One of the project alternatives also contemplates an approximately 3.5 miles of exclusive BRT lanes. Transit Signal Priority (TSP) and other transportation systems management improvements, such as queue jump lanes, would be included. The BRT system will be operated by Omnitrans.

The Draft EIR/EA is being circulated for public review beginning June 24, 2019 and ending August 8, 2019. It can be downloaded at the SBCTA website: <http://www.gosbcta.com/sbcta/plans-projects/projects-rail-WestValleyConnector.html>

The document can also be viewed at the following locations:

- Fontana Lewis Library, 8437 Sierra Avenue, Fontana, CA 92335
- Ovitt Family Community Library, 215 E. C Street, Ontario, CA 91764
- Pomona Public Library, 625 S. Garey Avenue, Pomona, CA 91766
- Law Library for San Bernardino County, 8409 Utica Avenue, Rancho Cucamonga, CA 91730
- Rancho Cucamonga Public Library, 12505 Cultural Center Drive, Rancho Cucamonga, CA 91739

Four public meetings will be held at the following dates, times, and locations to inform the public of the proposed project and encourage public input.

Date	Time	Location	Address
July 17, 2019	6-8pm	City of Fontana – Flex Conference Room, City Hall	8353 Sierra Ave Fontana, CA 92335
July 18, 2019	6-8pm	City of Ontario Senior Center MPR	225 East B Street, Ontario, CA 91764
July 31, 2019	6-8pm	City of Pomona City Council Chambers	505 Garey Avenue, Pomona, CA 91766
August 1, 2019	6-8pm	City of Rancho Cucamonga Central Park – Etiwanda Room	11200 Base Line Road Rancho Cucamonga, CA 91730

The meeting will be an open house format with various exhibits and a brief presentation explaining details of the project. Notice of Availability Draft Environmental Impact Report (EIR)/Environmental Assessment (EA) and Public Meeting for the West Valley Connector Project

Honorable Jesus Sandoval,

The San Bernardino County Transportation Authority (SBCTA) and the Federal Transit Administration (FTA), in coordination with Omnitrans, have completed a Draft Environmental Impact Report (EIR)/Environmental Assessment (EA) for the West Valley Connector (WVC) Project. The project proposes to construct a 35-mile-long bus rapid transit (BRT) corridor that would connect the cities of Pomona, Montclair, Ontario, Rancho Cucamonga, and Fontana. It would include up to 60 station platforms at 33 locations/major intersections and associated improvements. A new operation and maintenance (O&M) facility for light maintenance activities would be constructed.

The proposed project would be constructed in two phases, including Phase I/Milliken Alignment, from the Pomona Regional Transit Center to Victoria Gardens in Rancho Cucamonga and Phase II/Haven Alignment, from Ontario International Airport to Kaiser Permanente Medical Center in Fontana. Phase I is scheduled for operation in late 2023. Construction of Phase II/Haven Alignment is scheduled to occur after the completion of Phase I when funding is available. One of the project alternatives also contemplates an approximately 3.5 miles of exclusive BRT lanes. Transit Signal Priority (TSP) and other transportation systems management improvements, such as queue jump lanes, would be included. The BRT system will be operated by Omnitrans.

The Draft EIR/EA is being circulated for public review beginning June 24, 2019 and ending August 8, 2019. It can be downloaded at the SBCTA website: <http://www.gosbcta.com/sbcta/plans-projects/projects-rail-WestValleyConnector.html>

The document can also be viewed at the following locations:

- Fontana Lewis Library, 8437 Sierra Avenue, Fontana, CA 92335
- Ovitt Family Community Library, 215 E. C Street, Ontario, CA 91764
- Pomona Public Library, 625 S. Garey Avenue, Pomona, CA 91766
- Law Library for San Bernardino County, 8409 Utica Avenue, Rancho Cucamonga, CA 91730
- Rancho Cucamonga Public Library, 12505 Cultural Center Drive, Rancho Cucamonga, CA 91739

Four public meetings will be held at the following dates, times, and locations to inform the public of the proposed project and encourage public input.

Date	Time	Location	Address
July 17, 2019	6-8pm	City of Fontana – Flex Conference Room, City Hall	8353 Sierra Ave Fontana, CA 92335
July 18, 2019	6-8pm	City of Ontario Senior Center MPR	225 East B Street, Ontario, CA 91764
July 31, 2019	6-8pm	City of Pomona City Council Chambers	505 Garey Avenue, Pomona, CA 91766
August 1, 2019	6-8pm	City of Rancho Cucamonga Central Park – Etiwanda Room	11200 Base Line Road Rancho Cucamonga, CA 91730

The meeting will be an open house format with various exhibits and a brief presentation explaining details of the project. Following the presentation, attendees will be encouraged to review the exhibits and consult with members from FTA, SBCTA, Omnitrans, and the consultant team. The Draft EIR/EA examines the potential impacts resulting from the proposed project, and the public is encouraged to review the project to clarify any potential questions.

Comments on the Draft EIR/EA must be submitted by August 8, 2019 to:

Notice of Availability Draft Environmental Impact Report (EIR)/Environmental Assessment (EA) and Public Meeting for the West Valley Connector Project

Honorable Acquanetta Warren,

The San Bernardino County Transportation Authority (SBCTA) and the Federal Transit Administration (FTA), in coordination with Omnitrans, have completed a Draft Environmental Impact Report (EIR)/Environmental Assessment (EA) for the West Valley Connector (WVC) Project. The project proposes to construct a 35-mile-long bus rapid transit (BRT) corridor that would connect the cities of Pomona, Montclair, Ontario, Rancho Cucamonga, and Fontana. It would include up to 60 station platforms at 33 locations/major intersections and associated improvements. A new operation and maintenance (O&M) facility for light maintenance activities would be constructed.

The proposed project would be constructed in two phases, including Phase I/Milliken Alignment, from the Pomona Regional Transit Center to Victoria Gardens in Rancho Cucamonga and Phase II/Haven Alignment, from Ontario International Airport to Kaiser Permanente Medical Center in Fontana. Phase I is scheduled for operation in late 2023. Construction of Phase II/Haven Alignment is scheduled to occur after the completion of Phase I when funding is available. One of the project alternatives also contemplates an approximately 3.5 miles of exclusive BRT lanes. Transit Signal Priority (TSP) and other transportation systems management improvements, such as queue jump lanes, would be included. The BRT system will be operated by Omnitrans.

Notice of Availability Draft Environmental Impact Report (EIR)/Environmental Assessment (EA) and Public Meeting for the West Valley Connector Project

Honorable Ruben Valencia,

The San Bernardino County Transportation Authority (SBCTA) and the Federal Transit Administration (FTA), in coordination with Omnitrans, have completed a Draft Environmental Impact Report (EIR)/Environmental Assessment (EA) for the West Valley Connector (WVC) Project. The project proposes to construct a 35-mile-long bus rapid transit (BRT) corridor that would connect the cities of Pomona, Montclair, Ontario, Rancho Cucamonga, and Fontana. It would include up to 60 station platforms at 33 locations/major intersections and associated improvements. A new operation and maintenance (O&M) facility for light maintenance activities would be constructed.

The proposed project would be constructed in two phases, including Phase I/Milliken Alignment, from the Pomona Regional Transit Center to Victoria Gardens in Rancho Cucamonga and Phase II/Haven Alignment, from Ontario International Airport to Kaiser Permanente Medical Center in Fontana. Phase I is scheduled for operation in late 2023. Construction of Phase II/Haven Alignment is scheduled to occur after the completion of Phase I when funding is available. One of the project alternatives also contemplates an approximately 3.5 miles of exclusive BRT lanes. Transit Signal Priority (TSP) and other transportation systems management improvements, such as queue jump lanes, would be included. The BRT system will be operated by Omnitrans.

The Draft EIR/EA is being circulated for public review beginning June 24, 2019 and ending August 8, 2019. It can be downloaded at the SBCTA website: <http://www.gosbcta.com/sbcta/plans-projects/projects-rail-WestValleyConnector.html>

The document can also be viewed at the following locations:

- Fontana Lewis Library, 8437 Sierra Avenue, Fontana, CA 92335
- Ovitt Family Community Library, 215 E. C Street, Ontario, CA 91764
- Pomona Public Library, 625 S. Garey Avenue, Pomona, CA 91766
- Law Library for San Bernardino County, 8409 Utica Avenue, Rancho Cucamonga, CA 91730
- Rancho Cucamonga Public Library, 12505 Cultural Center Drive, Rancho Cucamonga, CA 91739

Four public meetings will be held at the following dates, times, and locations to inform the public of the proposed project and encourage public input.

Date	Time	Location	Address
July 17, 2019	6-8pm	City of Fontana – Flex Conference Room, City Hall	8353 Sierra Ave Fontana, CA 92335
July 18, 2019	6-8pm	City of Ontario Senior Center MPR	225 East B Street, Ontario, CA 91764
July 31, 2019	6-8pm	City of Pomona City Council Chambers	505 Garey Avenue, Pomona, CA 91766
August 1, 2019	6-8pm	City of Rancho Cucamonga Central Park – Etiwanda Room	11200 Base Line Road Rancho Cucamonga, CA 91730

The meeting will be an open house format with various exhibits and a brief presentation explaining details of the project. Following the presentation, attendees will be encouraged to review the exhibits and consult with members from FTA, SBCTA, Omnitrans, and the consultant team. The Draft EIR/EA examines the potential impacts resulting from the proposed project, and the public is encouraged to review the project to clarify any potential questions.

Comments on the Draft EIR/EA must be submitted by August 8, 2019 to:

- Rancho Cucamonga Public Library, 12505 Cultural Center Drive, Rancho Cucamonga, CA 91739

Four public meetings will be held at the following dates, times, and locations to inform the public of the proposed project and encourage public input.

Date	Time	Location	Address
July 17, 2019	6-8pm	City of Fontana – Flex Conference Room, City Hall	8353 Sierra Ave Fontana, CA 92335
July 18, 2019	6-8pm	City of Ontario Senior Center MPR	225 East B Street, Ontario, CA 91764
July 31, 2019	6-8pm	City of Pomona City Council Chambers	505 Garey Avenue, Pomona, CA 91766
August 1, 2019	6-8pm	City of Rancho Cucamonga Central Park – Etiwanda Room	11200 Base Line Road Rancho Cucamonga, CA 91730

The meeting will be an open house format with various exhibits and a brief presentation explaining details of the project. Following the presentation, attendees will be encouraged to review the exhibits and consult with members from FTA, SBCTA, Omnitrans, and the consultant team. The Draft EIR/EA examines the potential impacts resulting from the proposed project, and the public is encouraged to review the project to clarify any potential questions.

Comments on the Draft EIR/EA must be submitted by August 8, 2019 to:

Notice of Availability Draft Environmental Impact Report (EIR)/Environmental Assessment (EA) and Public Meeting for the West Valley Connector Project

Honorable Nora Garcia,

The San Bernardino County Transportation Authority (SBCTA) and the Federal Transit Administration (FTA), in coordination with Omnitrans, have completed a Draft Environmental Impact Report (EIR)/Environmental Assessment (EA) for the West Valley Connector (WVC) Project. The project proposes to construct a 35-mile-long bus rapid transit (BRT) corridor that would connect the cities of Pomona, Montclair, Ontario, Rancho Cucamonga, and Fontana. It would include up to 60 station platforms at 33 locations/major intersections and associated improvements. A new operation and maintenance (O&M) facility for light maintenance activities would be constructed.

The proposed project would be constructed in two phases, including Phase I/Milliken Alignment, from the Pomona Regional Transit Center to Victoria Gardens in Rancho Cucamonga and Phase II/Haven Alignment, from Ontario International Airport to Kaiser Permanente Medical Center in Fontana. Phase I is scheduled for operation in late 2023. Construction of Phase II/Haven Alignment is scheduled to occur after the completion of Phase I when funding is available. One of the project alternatives also contemplates an approximately 3.5 miles of exclusive BRT lanes. Transit Signal Priority (TSP) and other transportation systems management improvements, such as queue jump lanes, would be included. The BRT system will be operated by Omnitrans.

The Draft EIR/EA is being circulated for public review beginning June 24, 2019 and ending August 8, 2019. It can be downloaded at the SBCTA website: <http://www.gosbcta.com/sbcta/plans-projects/projects-rail-WestValleyConnector.html>

The document can also be viewed at the following locations:

The San Bernardino County Transportation Authority (SBCTA) and the Federal Transit Administration (FTA), in coordination with Omnitrans, have completed a Draft Environmental Impact Report (EIR)/Environmental Assessment (EA) for the West Valley Connector (WVC) Project. The project proposes to construct a 35-mile-long bus rapid transit (BRT) corridor that would connect the cities of Pomona, Montclair, Ontario, Rancho Cucamonga, and Fontana. It would include up to 60 station platforms at 33 locations/major intersections and associated improvements. A new operation and maintenance (O&M) facility for light maintenance activities would be constructed.

The proposed project would be constructed in two phases, including Phase I/Milliken Alignment, from the Pomona Regional Transit Center to Victoria Gardens in Rancho Cucamonga and Phase II/Haven Alignment, from Ontario International Airport to Kaiser Permanente Medical Center in Fontana. Phase I is scheduled for operation in late 2023. Construction of Phase II/Haven Alignment is scheduled to occur after the completion of Phase I when funding is available. One of the project alternatives also contemplates an approximately 3.5 miles of exclusive BRT lanes. Transit Signal Priority (TSP) and other transportation systems management improvements, such as queue jump lanes, would be included. The BRT system will be operated by Omnitrans.

The Draft EIR/EA is being circulated for public review beginning June 24, 2019 and ending August 8, 2019. It can be downloaded at the SBCTA website: <http://www.gosbcta.com/sbcta/plans-projects/projects-rail-WestValleyConnector.html>

The document can also be viewed at the following locations:

- Fontana Lewis Library, 8437 Sierra Avenue, Fontana, CA 92335
- Ovitt Family Community Library, 215 E. C Street, Ontario, CA 91764
- Pomona Public Library, 625 S. Garey Avenue, Pomona, CA 91766
- Law Library for San Bernardino County, 8409 Utica Avenue, Rancho Cucamonga, CA 91730
- Rancho Cucamonga Public Library, 12505 Cultural Center Drive, Rancho Cucamonga, CA 91739

Four public meetings will be held at the following dates, times, and locations to inform the public of the proposed project and encourage public input.

Date	Time	Location	Address
July 17, 2019	6-8pm	City of Fontana – Flex Conference Room, City Hall	8353 Sierra Ave Fontana, CA 92335
July 18, 2019	6-8pm	City of Ontario Senior Center MPR	225 East B Street, Ontario, CA 91764
July 31, 2019	6-8pm	City of Pomona City Council Chambers	505 Garey Avenue, Pomona, CA 91766
August 1, 2019	6-8pm	City of Rancho Cucamonga Central Park – Etiwanda Room	11200 Base Line Road Rancho Cucamonga, CA 91730

The meeting will be an open house format with various exhibits and a brief presentation explaining details of the project. Following the presentation, attendees will be encouraged to review the exhibits and consult with members from FTA, SBCTA, Omnitrans, and the consultant team. The Draft EIR/EA examines the potential impacts resulting from the proposed project, and the public is encouraged to review the project to clarify any potential questions.

Comments on the Draft EIR/EA must be submitted by August 8, 2019 to:

Project Description: *(please use a separate page if necessary)*

The proposed West Valley Connector Project is a 35-mile-long Bus Rapid Transit (BRT) project that would connect the cities of Pomona, Montclair, Ontario, Rancho Cucamonga, and Fontana. The proposed project includes up to 60 station platforms at 33 locations/major intersections and associated improvements. A new operation and maintenance facility for light maintenance activities would also be constructed.

Responsible Agencies, Review Agencies,
Trustee Agencies, Property Owners, Stakeholders
and Individuals interested in the West Valley Connector Project

**Notice of Availability
Draft Environmental Impact Report (EIR)/Environmental Assessment (EA)
and Public Meeting for the West Valley Connector Project**

The San Bernardino County Transportation Authority (SBCTA) and the Federal Transit Administration (FTA), in coordination with OmniTrans, have completed a Draft Environmental Impact Report (EIR)/Environmental Assessment (EA) for the West Valley Connector (WVC) Project. The project proposes to construct a 35-mile-long bus rapid transit (BRT) corridor that would connect the cities of Pomona, Montclair, Ontario, Rancho Cucamonga, and Fontana. It would include up to 60 station platforms at 33 locations/major intersections and associated improvements. A new operation and maintenance (O&M) facility for light maintenance activities would be constructed.

THIS NOTICE WAS POSTED
ON June 21, 2019
UNTIL July 23, 2019
REGISTRAR - RECORDS/COUNTY CLERK

The proposed project would be constructed in two phases, including Phase I/Milliken Alignment, from the Pomona Regional Transit Center to Victoria Gardens in Rancho Cucamonga and Phase II/Haven Alignment, from Ontario International Airport to Kaiser Permanente Medical Center in Fontana. Phase I is scheduled for operation in late 2023. Construction of Phase II/Haven Alignment is scheduled to occur after the completion of Phase I when funding is available. One of the project alternatives also contemplates an approximately 3.5 miles of exclusive BRT lanes. Transit Signal Priority (TSP) and other transportation systems management improvements, such as queue jump lanes, would be included. The BRT system will be operated by Omnitrans.

The Draft EIR/EA is being circulated for public review beginning June 24, 2019 and ending August 8, 2019. It can be downloaded at the SBCTA website: <http://www.gosbcta.com/sbcta/plans-projects/projects-rail-WestValleyConnector.html>. The document can also be viewed at the following locations:

- Fontana Lewis Library, 8437 Sierra Avenue, Fontana, CA 92335
- Oviatt Family Community Library, 215 E. C Street, Ontario, CA 91764
- Pomona Public Library, 625 S. Garey Avenue, Pomona, CA 91766
- Law Library for San Bernardino County, 8409 Utica Avenue, Rancho Cucamonga, CA 91730
- Rancho Cucamonga Public Library, 12505 Cultural Center Drive, Rancho Cucamonga, CA 91739

Four public meetings will be held at the following dates, times, and locations to inform the public of the proposed project and encourage public input.

Date	Time	Location	Address
July 17, 2019	6-8pm	City of Fontana – Plan Conference Room, City Hall	8353 Sierra Ave Fontana, CA 92335
July 18, 2019	8-8pm	City of Ontario Senior Center MPR	225 East B Street, Ontario, CA 91764
July 31, 2019	6-8pm	City of Pomona City Council Chambers	505 Garey Avenue, Pomona, CA 91766
August 1, 2019	6-8pm	City of Rancho Cucamonga, Cultural Park – Fairwinds Room	11200 Base Line Road Rancho Cucamonga, CA 91730

The meeting will be an open house format with various exhibits and a brief presentation explaining details of the project. Following the presentation, attendees will be encouraged to review the exhibits and consult with members from FTA, SBCTA, Omnitrans, and the consultant team. The Draft EIR/EA examines the potential impacts resulting from the proposed project, and the public is encouraged to review the project to clarify any potential questions.

Comments on the Draft EIR/EA must be submitted by **August 8, 2019** to:

Agencias Responsables, Agencias de Revisión, Agencias Fiduciarias, Dueños de Propiedades, y Partes e Individuos interesados en el Proyecto del Corredor West Valley

Notificación de Disponibilidad del Borrador del Reporte de Impacto Ambiental/Declaración Ambiental y la Junta Comunitaria para el Proyecto del Corredor West Valley

La Autoridad de Transporte del Condado de San Bernardino (SBCTA, por sus siglas en inglés) y la Administración Federal de Transporte (FTA) completaron un Borrador del Reporte de Impacto Ambiental/Declaración Ambiental para el Proyecto del Corredor West Valley. El proyecto propone la construcción de un corredor para autobús de transporte rápido (BRT) de 33 millas de largo que conectaría a las ciudades de Pomona, Montclair, Ontario, Rancho Cucamonga y Fontana. Incluiría hasta 60 plataformas de estaciones en 33 localidades/intersecciones importantes y mejoramientos asociados. Se construiría una nueva instalación de operación y mantenimiento (O&M) para actividades menores de mantenimiento.

El proyecto propuesto sería construido en dos fases, incluyendo la Fase I/Alincamiento Milliken, desde el Centro de Transporte Regional de Pomona hasta Victoria Gardens en Rancho Cucamonga, y la Fase II/Alincamiento Haven, desde el Aeropuerto Internacional de Ontario hasta el Centro Médico Kaiser Permanente en Fontana. La Fase I está programada para entrar en operaciones a finales de 2023. La construcción de la Fase II/Alincamiento Haven está programada para ser realizada después de completar la Fase I, cuando los fondos estén disponibles.

 Northridge, California - Administrative Office
 Environmental Impact Statement (EIS) No. 174427

alternativas del proyecto también contempla 3.5 millas de carriles exclusivos para el BRT. El sistema de Prioridad de la Señal de Tránsito (TSP) y otras gestiones de mejoras a sistemas de transporte, como "queue jump lanes" (un sistema que ayuda a dar prioridad a los autobuses en intersecciones), serían incluidas. El sistema BRT será operado por Omnitrans.

El Borrador EIR/EA entrará en circulación para revisión pública entre el 24 de junio de 2019 y el 8 de agosto de 2019. Se puede descargar en la página web de SBCTA: <http://www.gosbcta.com/sbcta/plans-projects/projects-rail-WestValleyConnector.html>. El documento también se pueda ver en las siguientes ubicaciones:

- Biblioteca Lewis de Fontana, 8437 Sierra Avenue, Fontana, CA 92335
- Biblioteca Comunitaria Ovit Family, 215 E. C Street, Ontario, CA 91764
- Biblioteca Público de Pomona, 625 S. Carey Avenue, Pomona, CA 91766
- Biblioteca de Leyes del Condado de San Bernardino, 8409 Utica Avenue, Rancho Cucamonga, CA 91730
- Biblioteca Público de Rancho Cucamonga, 12505 Cultural Center Drive, Rancho Cucamonga, CA 91739

Se realizarán cuatro reuniones públicas en las siguientes fechas, horarios y lugares, para informar al público sobre el proyecto propuesto y fomentar la participación pública.

Fecha	Hora	Lugar	Dirección
17 de julio, 2019	6-8pm	City of Fontana – Flex Conference Room, City Hall	8353 Sierra Ave Fontana, CA 92335
18 de julio, 2019	6-8pm	City of Ontario Senior Center, NPR	225 East B Street, Ontario, CA 91764
31 de julio, 2019	6-8pm	City of Pomona City Council Chambers	505 Carey Avenue, Pomona, CA 91766
1 de agosto, 2019	6-8pm	City of Rancho Cucamonga Central Park – Erlwanda Room	11200 Base Line Road Rancho Cucamonga, CA 91730

Las reuniones tendrán un formato de caso abierto, con varias exposiciones y una breve presentación en la cual se explicarán los detalles del proyecto. Después de la presentación, se invitara a los asistentes a revisar las exposiciones y consultar con los miembros de FTA, SBCTA, Omnitrans y al equipo de consultores del proyecto. El Borrador EIR/EA examina los impactos potenciales resultantes generados por el proyecto propuesto, y se pide al público que revise el proyecto para aclarar cualquier duda que puedan tener.

Los comentarios sobre el Borrador EIR/EA tienen que ser enviados antes del 8 de agosto del 2019, a:

Notice of Availability
Draft Environmental Impact Report (EIR)/Environmental Assessment (EA)
and Public Meeting for the West Valley Connector Project

The San Bernardino County Transportation Authority (SBCTA) and the Federal Transit Administration (FTA), in coordination with Omnitrans, have completed a Draft Environmental Impact Report (EIR)/Environmental Assessment (EA) for the West Valley Connector (WVC) Project. The project proposes to construct a 35-mile-long bus rapid transit (BRT) corridor that would connect the cities of Pomona, Montclair, Ontario, Rancho Cucamonga, and Fontana. It would include up to 60 station platforms at 33 locations/major intersections and associated improvements. A new operation and maintenance (O&M) facility for light maintenance activities would be constructed.

The proposed project would be constructed in two phases, including Phase I/Milliken Alignment, from the Pomona Regional Transit Center to Victoria Gardens in Rancho Cucamonga and Phase II/Haven Alignment, from Ontario International Airport to Kaiser Permanente Medical Center in Fontana. Phase I is scheduled for operation in late 2023. Construction of Phase II/Haven Alignment is scheduled to occur after the completion of Phase I when funding is available. One of the project alternatives also contemplates an approximately 3.5 miles of exclusive BRT lanes. Transit Signal Priority (TSP) and other transportation systems management improvements, such as queue jump lanes, would be included. The BRT system will be operated by Omnitrans.

The Draft EIR/EA is being circulated for public review beginning June 24, 2019 and ending August 8, 2019. It can be downloaded at the SBCTA website: <http://www.gosbcta.com/sbcta/plans-projects/projects-rail-WestValleyConnector.html>. The document can also be viewed at the following locations:

- Fontana Lewis Library, 8437 Sierra Avenue, Fontana, CA 92335
- Ovitt Family Community Library, 215 E. C Street, Ontario, CA 91764
- Pomona Public Library, 625 S. Garey Avenue, Pomona, CA 91766
- Law Library for San Bernardino County, 8409 Utica Avenue, Rancho Cucamonga, CA 91730
- Rancho Cucamonga Public Library, 12505 Cultural Center Drive, Rancho Cucamonga, CA 91739

Four public meetings will be held at the following dates, times, and locations to inform the public of the proposed project and encourage public input.

Date	Time	Location	Address
July 17, 2019	6-8pm	City of Fontana – Flex Conference Room, City Hall	8353 Sierra Ave Fontana, CA 92335
July 18, 2019	6-8pm	City of Ontario Senior Center MPR	225 East B Street, Ontario, CA 91764
July 31, 2019	6-8pm	City of Pomona City Council Chambers	505 Garey Avenue, Pomona, CA 91766
August 1, 2019	6-8pm	City of Rancho Cucamonga Central Park – Etiwanda Room	11200 Base Line Road Rancho Cucamonga, CA 91730

The meeting will be an open house format with various exhibits and a brief presentation explaining details of the project. Following the presentation, attendees will be encouraged to review the exhibits and consult with members from FTA, SBCTA, Omnitrans, and the consultant team. The Draft EIR/EA examines the potential impacts resulting from the proposed project, and the public is encouraged to review the project to clarify any potential questions.

Comments on the Draft EIR/EA must be submitted by **August 8, 2019** to:

<p>Tim Watkins, Chief of Legislative and Public Affairs San Bernardino County Transportation Authority 1170 West Third Street, 2nd Floor San Bernardino, CA 92410 Tel: (909) 884-8276 x 139 Email: info@gosbcta.com</p>	<p>Candice Hughes, Environmental Protection Specialist Federal Transit Administration, Region 9 Los Angeles Metropolitan Office 888 South Figueroa, Suite 1050 Los Angeles, CA 90017-5467: Tel: (213) 629-8613 Email: candice.hughes@dot.gov</p>

The San Bernardino County Transportation Authority (SBCTA) and the Federal Transit Administration (FTA), in coordination with Omnitrans, have completed a Draft Environmental Impact Report/Environmental Assessment (EIR/EA) for the West Valley Connector Project (WVC), which proposes to construct a 35-mile-long bus rapid transit (BRT) corridor that would connect the cities of Pomona, Montclair, Ontario, Rancho Cucamonga, and Fontana. Once complete, the corridor will include up to 60 station platforms at 33 locations/major intersections along with associated improvements. The project will also construct a new operation and maintenance (O&M) facility for light maintenance activities.

Beginning on June 24, 2019, the WVC Draft EIR/EA began circulation for public review. You are invited to provide comment on the proposed BRT corridor project.

INFOGRÁFICOS DE **EXCÉLSIOR**

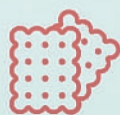

Cuide la piel... y la panza

Raúl Martínez-Sandoval
rmsandoval@scng.com

El secreto para lucir una piel radiante no son las cremas ni las inyecciones; **es el intestino**, según Whitney Bowe, dermatóloga, microbióloga e investigadora internacionalmente reconocida, con sede en Nueva York. Ella propone en su libro **'Piel radiante, intestino sano'**, un programa de tres semanas basado en la alimentación y el control del estrés, y considera al intestino como el camino más directo para lucir una piel fantástica y transformar al cuerpo, por dentro y por fuera.

Depurando la alacena

Bowe recomienda "desalojar" de nuestra alimentación:

- Todas las formas de carbohidratos refinados y procesados, azúcares y alimentos envasados (patatas, galletas, tortitas de arroz, pastelería, mermeladas, tentempiés azucarados, conservas, kétchup, zumos vegetales, refrescos, siropes, fritos y barritas energéticas)

- Suprimir los edulcorantes artificiales (aderezos, pan de dulce, confitería, tentempiés procesados, alimentos dietéticos sin azúcar, tés y refrescos 'light')

- Dejar la leche de origen animal y los helados.

- No tomar grasas procesadas, incluyendo la margarina, la manteca vegetal y algunos aceites vegetales (soja, maíz, algodón, colza, cacahuetes, cártamo, semilla de uva y de girasol)

¿Qué comer?

- Comer frutas y verduras
- Incorporar las proteínas animales (pescado, aves, res, mariscos) y vegetales (legumbres)

- Consumir las grasas saludables (omega3, aceite de oliva, aceite de coco, etc.)

- No olvidar granos como cereales
- Ingredientes sanos de panadería (harina de almendras, polvo de coco sin edulcorantes, extracto de vainilla, canela, pepitas de cacao y gotas de estevia, etc.)

- Usar endulzantes naturales: jarabe de arce, miel, estevia, azúcar de coco, azúcar morena y sin refinar

- Consumir probióticos y prebióticos

- Tomar bebidas naturales sin edulcorar, té, kombucha y vino tinto

WEST VALLEY CONNECTOR PROJECT

Pomona | Montclair | Ontario | Rancho Cucamonga | Fontana

Comparte Tus Pensamientos

La Autoridad de Transporte del Condado de San Bernardino (SBCTA, por sus siglas en inglés) y la Administración Federal de Transporte (FTA) completaron un Borrador del Reporte de Impacto Ambiental/Declaración Ambiental para el Proyecto del Corredor West Valley que propone construir un corredor para autobús de transporte rápido (BRT) de 35 millas de largo que conectaría a las ciudades de Pomona, Montclair, Ontario, Rancho Cucamonga y Fontana. Una vez completado, el corredor incluirá hasta 60 plataformas de estaciones en 33 localidades/intersecciones importantes y mejoramientos asociados. Se construiría una nueva instalación de operación y mantenimiento (O&M) para actividades menores de mantenimiento.

A partir del 24 de junio de 2019, el borrador EIR/EA de WVC comenzó a distribuirse para revisión pública. Le invitamos a proporcionar comentarios sobre el proyecto de corredor BRT propuesto.

How they Voted

From staff reports

Here's how area members of Congress voted on major issues during the legislative week ending Friday.

HOUSE NEW RULES FOR ALLOCATING GREEN CARDS: Voting 365 for and 65 against, the House on Wednesday passed a bill (HR 1044) that would change how "green cards" granting permanent legal status are allocated by U.S. Citizen and Immigration Services to immigrants living in the United States on temporary, employment-based H1-B visas. Those visas are used primarily to bring highly skilled, well-educated foreigners into the U.S. workforce for periods generally ranging from three to six years, after which they are usually required to leave the country if they have not received a green card. The bill would

remove per-country caps on the number of employment-based green cards issued each year, and instead award them first-come, first served. The current caps prohibit natives of any country from receiving more than 7% of the annual number of permanent, employment-based visas. That disadvantages workers from populous countries supplying large numbers of H1-B recipients. Those from smaller countries do not wait nearly as long.

A yes vote was to send the bill to the Senate.

Voting yes: Ken Calvert, R-Corona; Paul Cook, R-Yucca Valley; Pete Aguilar, D-Redlands; Norma Torres, D-Pomona; Raul Ruiz, D-La Quinta; Mark Takano, D-Riverside

Voting no: Duncan Hunter, R-Alpine

INVENTORY OF U.S. BASES OVERSEAS: Voting 219 for and 210 against,

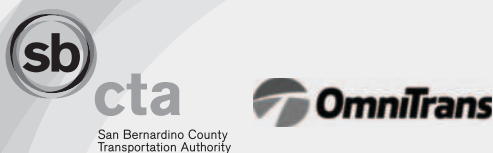

the House on Thursday required the Department of Defense to provide Congress with an inventory of U.S. military installations on foreign territory along with the cost of operating each one and an explanation of how each serves national security. The amendment was added to the fiscal 2020 military policy bill (HR 2500). The department reportedly owns several hundred permanent bases and short-term military facilities abroad, and the first-ever audit of Pentagon operations, released last November, was unable to pinpoint some of them.

A yes vote was to require an inventory of U.S. military holdings abroad.

Voting yes: Aguilar, Torres, Ruiz, Takano.

Voting no: Calvert, Cook, Hunter

WEST VALLEY CONNECTOR PROJECT

Pomona | Montclair | Ontario | Rancho Cucamonga | Fontana

Share Your Thoughts

The San Bernardino County Transportation Authority (SBCTA) and the Federal Transit Administration (FTA), in coordination with Omnitrans, have completed a Draft Environmental Impact Report/Environmental Assessment (EIR/EA) for the West Valley Connector Project (WVC), which proposes to construct a 35-mile-long bus rapid transit (BRT) corridor that would connect the cities of Pomona, Montclair, Ontario, Rancho Cucamonga, and Fontana. Once complete, the corridor will include up to 60 station platforms at 33 locations/major intersections along with associated improvements. The project will also construct a new operation and maintenance (O&M) facility for light maintenance activities.

Beginning on June 24, 2019, the WVC Draft EIR/EA began circulation for public review. You are invited to provide comment on the proposed BRT corridor project.

Public Meetings

Join SBCTA and FTA at any of four, upcoming public meetings to learn about the progress on this local transit project and share your opinions. Choose the open house meeting that fits your schedule. All meetings will offer the same information and presentation.

Wednesday, July 17, 2019
6:00 - 8:00 PM

Comparte Tus Pensamientos

La Autoridad de Transporte del Condado de San Bernardino (SBCTA, por sus siglas en inglés) y la Administración Federal de Transporte (FTA) completaron un Borrador del Reporte de Impacto Ambiental/Declaración Ambiental para el Proyecto del Corredor West Valley que propone construir un corredor para autobús de transporte rápido (BRT) de 35 millas de largo que conectaría a las ciudades de Pomona, Montclair, Ontario, Rancho Cucamonga y Fontana. Una vez completado, el corredor incluirá hasta 60 plataformas de estaciones en 33 localidades/intersecciones importantes y mejoramientos asociados. Se construiría una nueva instalación de operación y mantenimiento (O&M) para actividades menores de mantenimiento.

A partir del 24 de junio de 2019, el borrador EIR/EA de WVC comenzó a distribuirse para revisión pública. Le invitamos a proporcionar comentarios sobre el proyecto de corredor BRT propuesto.

Reminder! Share Your Thoughts

Haga clic aquí para español.

The San Bernardino County Transportation Authority (SBCTA) and the Federal Transit Administration (FTA), in coordination with Omnitrans, have completed a Draft Environmental Impact Report/Environmental Assessment (EIR/EA) for the West Valley Connector Project (WVC), which proposes to construct a 35-mile-long bus rapid transit (BRT) corridor that would connect the cities of Pomona, Montclair, Ontario, Rancho Cucamonga, and Fontana. Once complete, the corridor will include up to 60 station platforms at 33 locations/major intersections along with associated improvements. The project will also construct a new operation and maintenance (O&M) facility for light maintenance activities.

Beginning on June 24, 2019, the WVC Draft EIR/EA began circulation for public review. You are invited to provide comment on the proposed BRT corridor project.

Public Meetings

Join SBCTA and FTA at any of four, upcoming public meetings to learn about the progress on this local transit project and share your opinions. Choose the open house meeting that fits your schedule. All meetings will offer the same information and presentation.

West Valley Connector Bus Rapid Transit Project

PROJECT DESCRIPTION

The San Bernardino County Transportation Authority (SBCTA), in cooperation with the cities of Pomona, Montclair, Ontario, Rancho Cucamonga, and Fontana, proposes construction of the West Valley Connector Project (the WVC Project or the proposed project), a 35-mile-long bus rapid transit (BRT) project that would decrease travel times and improve the existing public transit system within the corridor.

The proposed project includes up to 60 station platforms at 33 locations/major intersections and associated improvements. A new operation and maintenance (O&M) facility for light maintenance activities would be constructed. The proposed project would be constructed in two phases, including the Phase I/Milliken Alignment, from the Pomona Regional Transit Center to Victoria Gardens in Rancho Cucamonga and Phase II/Haven Alignment, from Ontario International Airport to Kaiser Permanente Medical Center in Fontana. Phase I is scheduled for operation in late 2023. Construction of Phase II/Haven Alignment is scheduled to occur after the completion of Phase I when funding is available. Regardless of Phase, Alternative A consists of side running stations spaced .5 to 1-mile apart along the alignment. Alternative B proposes approximately 3.5 miles of exclusive BRT lanes instead of side running stations along the same segment. Transit Signal Priority (TSP) and other transportation systems management improvements, such as queue jump lanes, would be included. The BRT system will be operated by Omnitrans.

PURPOSE

- Improve transit service by better accommodating existing high bus ridership.
- Improve ridership by providing a viable and competitive transit alternative to the automobile.
- Improve efficiency of transit service delivery while lowering Omnitrans' operating costs per rider.
- Support local and regional planning goals to organize development along transit corridors and around transit stations.

POTENTIAL IMPACT

- Alternatives A and B of the project would have no effect on agriculture and forestry resources, greenhouse gas emissions, land use and planning, mineral resources, and recreation.
- With minimization and mitigation measures incorporated, the project would have no significant effect on most resources except for the following:
 - air quality emission during construction for both alternatives
 - future year traffic operations at four intersections for Alternative A and five intersections for Alternative B
 - partial acquisition of 4 nationally listed cultural resources and 11 locally designated cultural resources in Ontario
 - full acquisition of 7 locally designated cultural resources in Ontario

PROJECT SCHEDULE

Preliminary Design	January 2020
Environmental Clearance	January 2020
Final Design	June 2021
Right-Of-Way Acquisition	2020-2021
Construction of Phase I	Early 2021 to January 2023
System Operation	February 2023

COMMUNITY INVOLVEMENT

Public participation is a vital part of this study. Please plan on attending the public hearing to be held as part of the environmental review process at the following locations:

Date	Time	Location	Address
July 17, 2019	6-8pm	City of Fontana - Flex Conference Room, City Hall	8353 Sierra Ave Fontana, CA 92335
July 18, 2019	6-8pm	City of Ontario Senior Center MPR	225 East B Street, Ontario, CA 91764
July 31, 2019	6-8pm	City of Pomona City Council Chambers	505 Garey Avenue, Pomona, CA 91766
August 1, 2019	6-8pm	City of Rancho Cucamonga Central Park - Etiwanda Room	11200 Base Line Road Rancho Cucamonga, CA 91730

A draft environmental document has been prepared to report the potential impacts this proposed project will have on the environment and is being circulated for public review beginning June 24, 2019 and ending August 8, 2019. Federal Transit Administration is a National Environmental Policy Act Lead Agency and SBCTA is the California Environmental Quality Act Lead Agency. It can be downloaded at the SBCTA website: <http://www.gosbcta.com/sbcta/plans-projects/projects-rail-WestValleyConnector.html>. If you cannot attend the public hearing but would like submit comments, please send them to Tim Watkins, Chief of Legislative and Public Affairs, SBCTA, by August 8, 2019.

Proyecto del Autobús de Transporte Rápido del Conector West Valley

DESCRIPCIÓN DEL PROYECTO

La Autoridad de Transporte del Condado de San Bernardino (SBCTA, por sus siglas en inglés), en cooperación con las ciudades de Pomona, Montclair, Ontario, Rancho Cucamonga y Fontana, propone la construcción del Proyecto del Conector West Valley (el Proyecto WVC o el proyecto propuesto), un proyecto de autobús de transporte rápido (BRT por sus siglas en inglés) de 35 millas de largo que reduciría los tiempos de viaje y mejoraría el sistema actual de transporte público dentro del corredor.

El proyecto propuesto incluye hasta 60 plataformas de estaciones en 33 localidades/intersecciones importantes y mejoramientos asociados. Se construirían nuevas instalaciones de operación y mantenimiento (O&M) para actividades ligeras de mantenimiento. El proyecto propuesto sería construido en dos fases, incluyendo la Fase I/Alineamiento Milliken, desde el centro de transporte Pomona Regional hasta Victoria Gardens en Rancho Cucamonga, y la Fase II/Alineamiento Haven, desde el Aeropuerto Internacional de Ontario hasta el centro médico Kaiser Permanente en Fontana. La Fase I está programada para entrar en operaciones a comienzos de 2023. La construcción de la Fase II/Alineamiento Haven está programada para ser realizada después de completar de la Fase I, cuando los fondos estén disponibles. Independientemente de la Fase, la Alternativa A consiste de estaciones a lo largo de la vía, a una distancia entre .5 y 1 millas entre cada estación. La Alternativa B considera la construcción de aproximadamente 3.5 millas de carriles BRT exclusivos en lugar de estaciones de funcionamiento laterales a lo largo del mismo segmento. El sistema de Prioridad de la Señal de Tránsito (TSP por sus siglas en inglés) y otras mejoras de administración de sistemas de transporte, como carriles “queue jump lanes” (un sistema que ayuda a dar prioridad a los autobuses en intersecciones), serían incluidas. El sistema BRT será operado por Omnitrans.

PURPOSE

- Mejorar el servicio de transporte público existente, acomodando mejor el alto volumen de pasajeros en autobús.
- Mejorar el volumen de pasajeros proporcionando una alternativa de tránsito viable y competitiva al automóvil.
- Mejorar la eficiencia del servicio de transporte público y al mismo tiempo reducir los costos operativos por pasajero de Omnitrans.

- Apoyar las metas planeadas a nivel local y regional para organizar el desarrollo a lo largo de los corredores y alrededor de las estaciones de transporte público.

IMPACTOS POTENCIALES

- Las alternativas A y B del proyecto no tendrían ningún efecto en los recursos agrícolas y forestales, las emisiones de gases de efecto invernadero, el uso y la planificación de la tierra, los recursos minerales y la recreación.
- Con la incorporación de medidas de minimización y mitigación, el proyecto no tendría efectos significativos en la mayoría de los recursos, excepto lo siguiente:
 - emisiones que afectan la calidad del aire durante la construcción, en las dos alternativas
 - operaciones de tráfico el próximo año en cuatro intersecciones para la Alternativa A y cinco intersecciones para la Alternativa B
 - adquisición parcial de 4 recursos culturales listados a nivel nacional y 11 recursos culturales designados a nivel local en Ontario
 - Adquisición total de 7 recursos culturales designados a nivel en Ontario

PROGRAMACIÓN DEL PROYECTO

Diseño Preliminar	Enero de 2020
Autorización Ambiental	Enero de 2020
Diseño Final	Junio de 2021
Adquisición del Derecho de Vía	2020 a 2021
Construcción de la Fase I/Alineamiento Milliken	Comienzos de 2021 a enero de 2023
Inicio de Operaciones del Sistema	Febrero de 2023

PARTICIPACIÓN DE LA COMUNIDAD

La participación del público es una parte importante de este estudio. Por favor planee de asistir en una reunión pública que se realizarán como parte del proceso de estudio ambiental en los siguientes lugares y fechas:

Fecha	Hora	Lugar	Dirección
17 de julio de 2019	6-8pm	Ciudad de Fontana Flex Conference Room, City Hall	8353 Sierra Ave Fontana, CA 92335
18 de julio de 2019	6-8pm	Ciudad de Ontario Senior Center MPR	225 East B Street, Ontario, CA 91764
31 de julio 2019	6-8pm	Ciudad de Pomona City Council Chambers	505 Garey Avenue, Pomona, CA 91766
1 de agosto de 2019	6-8pm	Ciudad de Rancho Cucamonga Central Park - Etiwanda Room	11200 Base Line Road Rancho Cucamonga, CA 91730

Se preparó un borrador del documento ambiental para reportar los posibles impactos que tendrá el proyecto al medio ambiente y estará en circulación para revisión pública entre el 24 de junio de 2019 y el 8 de agosto de 2019. La Administración Federal de Transporte es la Agencia encargada de liderar el Acta de Política Ambiental Nacional y SBCTA es la Agencia encargada de liderar el Acta de Calidad Ambiental de California. El borrador puede ser descargado de la página web de SBCTA: www.gosbcta.com/westvalleyconnector@gosbcta.com. Si no puede asistir a las reuniones públicas pero le gustaría enviar sus comentarios, por favor envíelos a Tim Watkins, Chief of Legislative and Public Affairs de SBCTA, antes del 8 de agosto de 2019.

West Valley Connector

Bus Rapid Transit Project

Project Goals:

- Respond to growth in Fontana, Rancho Cucamonga, Ontario, Montclair and Pomona
- Improve customer travel time
- Provide faster, more frequent, and direct transit service
- Provide connectivity with Metrolink
- Provide direct service to key destinations in the county
- Support transit-oriented development

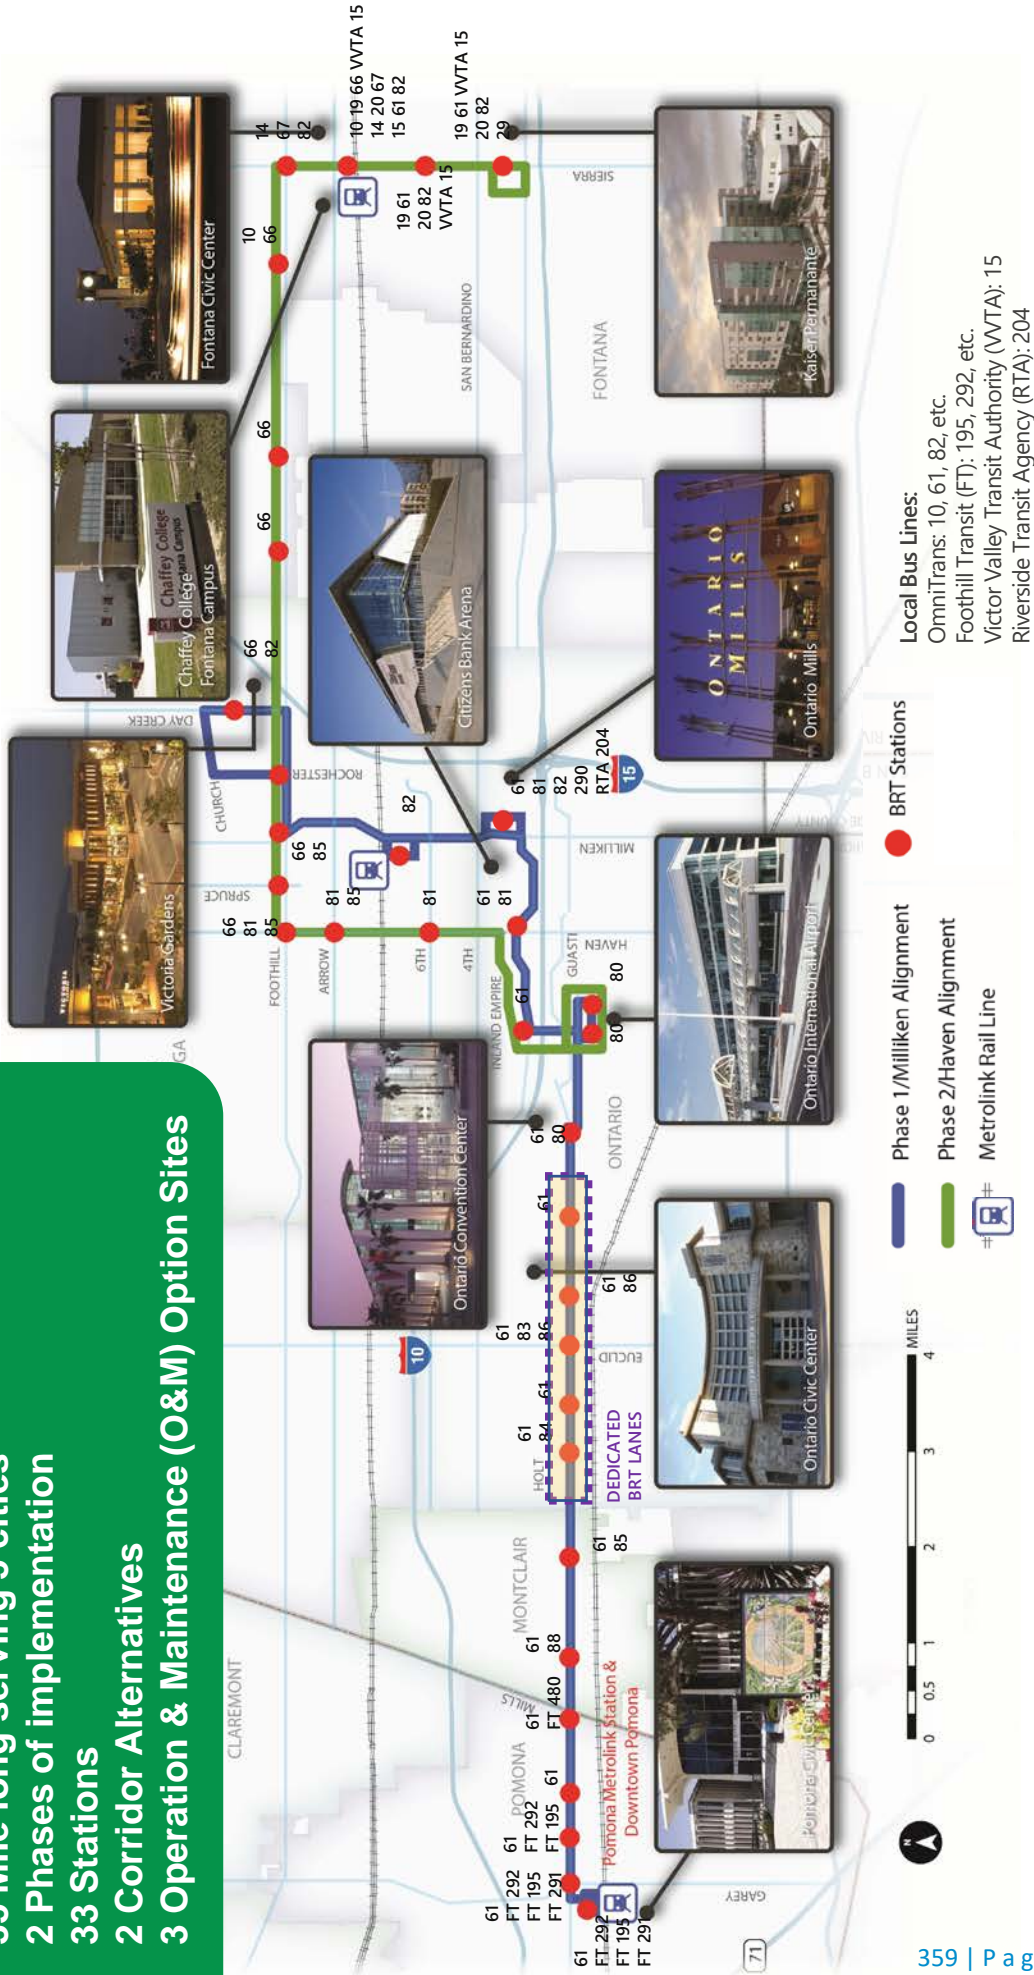

West Valley Connector

Bus Rapid Transit Project

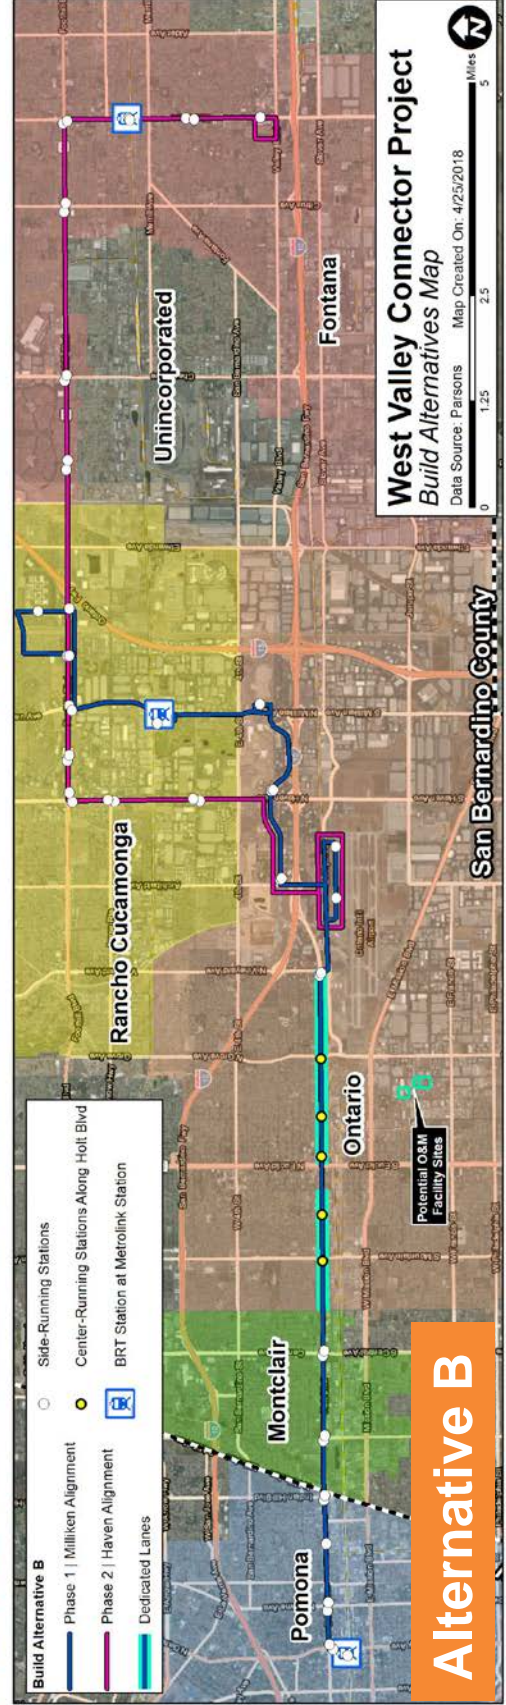

Project Features:

- 35 Mile long serving 5 cities
- 2 Phases of implementation
- 33 Stations
- 2 Corridor Alternatives
- 3 Operation & Maintenance (O&M) Option Sites

Bus Rapid Transit Project

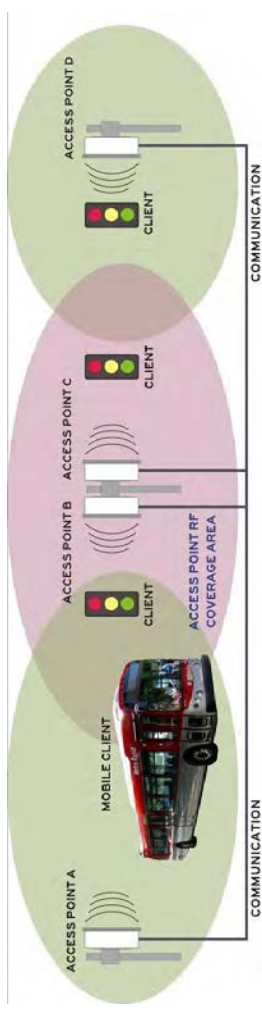

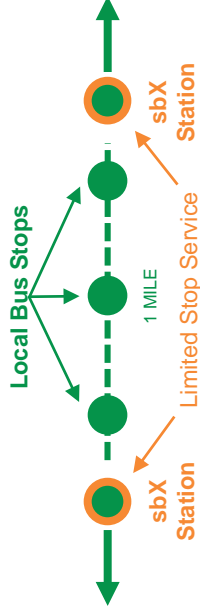

Alternatives Analyzed: 2 Corridor Build Alternatives and No Build

West Valley Connector

Bus Rapid Transit Project

Premium Transit Service

sbX BRT Highlights:

- Limited stop service
- Frequent headways
- Transit Signal Priority (TSP)
- Distinct sbX image/branding
- Dedicated transit lanes on a portion of the corridor
- Integrated with local service
- Enhanced stations

Station Elements:

- Shelter/canopy
- Security camera
- Bench
- Lighting
- Variable message sign
- Bike rack
- sbX branded pylon

Options:

- Solar panels
- Map case/ad panels
- Emergency phone
- Ticket vending machine at select stations

Environmental Review Process

Key Environmental Resources Analyzed

Aesthetic and Visual Resources	Hazardous Waste and Materials	Acquisition and Displacement
Air Quality, Energy, Climate Change	Hydrology, Water Quality, Floodplains	Public Services and Utilities
Biological Resources	Land Use and Planning	Traffic and Transportation
Cultural and Paleontological Resources	Noise and Vibration	Safety and Security
Geology, Soils, and Seismicity	Community Impacts	Section 4(f) Resources

Status of Environmental Document

- A joint Draft Environmental Document has been prepared
- FTA is Federal Lead Agency
- SBCTA is Local Lead Agency

Summary of Potentially Significant Environmental Impacts that can be mitigated to the level of Less than Significant

Resource	Impacts
Aesthetics and Visual Resources	Short-term visual effect from construction site
Biological Resources	Short-term effect to nesting birds as a result of some tree removal
Hazardous Waste and Hazardous Materials	Potential to encounter hazardous material during construction
Hydrology, Water Quality, Floodplains	Alternative B would increase some impervious area due to roadway widening Short-term effect to water quality during construction
Noise and Vibration	Short-term noise effect from construction site
Acquisition and Displacement	Alternative B would require full acquisition of 37 parcels (including 14 residential, 53 commercial, and 8 industrial/manufacturing business properties) and partial acquisition of 168 parcels
Community Impacts	Short-term traffic and circulation inconvenience during construction Temporary effect on public services and utilities during construction
Cultural Resources	Alternative B would require partial acquisition of 4 National Register of Historic Property eligible or listed properties

Summary of Unavoidable Significant Environmental Impacts

Resource	Impacts
Air Quality	Short-term, localized air pollutant emission during construction for Alternative B
Traffic and Circulation	<p>Similar traffic conditions under both build and no-build conditions along the corridor</p> <p><u>Alternative A</u></p> <ul style="list-style-type: none"> No mitigation is available to mitigate 4 out of 11 affected intersections along the corridor and 2 intersections near Operation and Maintenance (O&M) site <p><u>Alternative B</u></p> <ul style="list-style-type: none"> No mitigation is available to mitigate 5 out of 12 affected intersections along the corridor and 2 intersections near O&M site
Cultural Resources	<p><u>Alternative B Only</u></p> <ul style="list-style-type: none"> Full acquisition of 7 properties locally designated as historical resources by the City of Ontario

Project Schedule

Comment Cards Received at Meetings

July 17, 2019

OMNITRANS
1700 WEST FIFTH STREET,
SAN BERNARDINO, CA 92411

RE: WEST VALLEY CONNECTOR BUS RAPID TRANSIT PROJECT -
DRAFT EIR/ETS

ATTN: OMNITRANS:

BELOW ARE COMMENTS PROVIDED FOR THE WEST VALLEY
CONNECTOR BUS RAPID TRANSIT ^(WVC-BRT) PROJECT DRAFT EIR/ETS.
NOTE, THIS INFORMATION WAS ALSO PROVIDED
DURING THE PUBLIC SCOPING MEETINGS (IN 2016).

1. FIRST, OMNITRANS WAS INFORMED TO EVALUATE A
PROPOSED ALTERNATIVE ^{WVC} BRT ROUTE ALIGNMENT THAT
DOES NOT INCLUDE SIERRA AVE. (BETWEEN FOOTHILL BLVD.
AND SAN BERNARDINO AVE.). IF THE ENVIRONMENTAL
IMPACT REPORT/ENVIRONMENTAL IMPACT STATEMENT (EIR/ETS)
DOES NOT INCLUDE A PROPOSED ^{WVC} BRT ALTERNATIVE
ROUTE/ALIGNMENT THAT EXCLUDES (I.E., DOES NOT INCLUDE)
SIERRA AVE. (BETWEEN FOOTHILL BLVD., AND SAN BERNARDINO AVE.),
THEN THE EIR/ETS IS INADEQUATE.

NOTE: PROPOSED ^{WVC} BRT ALTERNATIVE ROUTES/ALIGNMENTS
(EXCLUDING SIERRA AVE) WERE PROVIDED TO OMNITRANS
DURING THE SCOPING-STAGE MEETINGS (IN 2016);
AND, AN ADDITIONAL COPY(IES) OF THE ^{WVC} BRT ALTERNATIVE
ROUTES/ALIGNMENTS ARE ATTACHED (HEREIN) TO
THIS CORRESPONDENCE [SEE ATTACHMENT]. 401 | Page

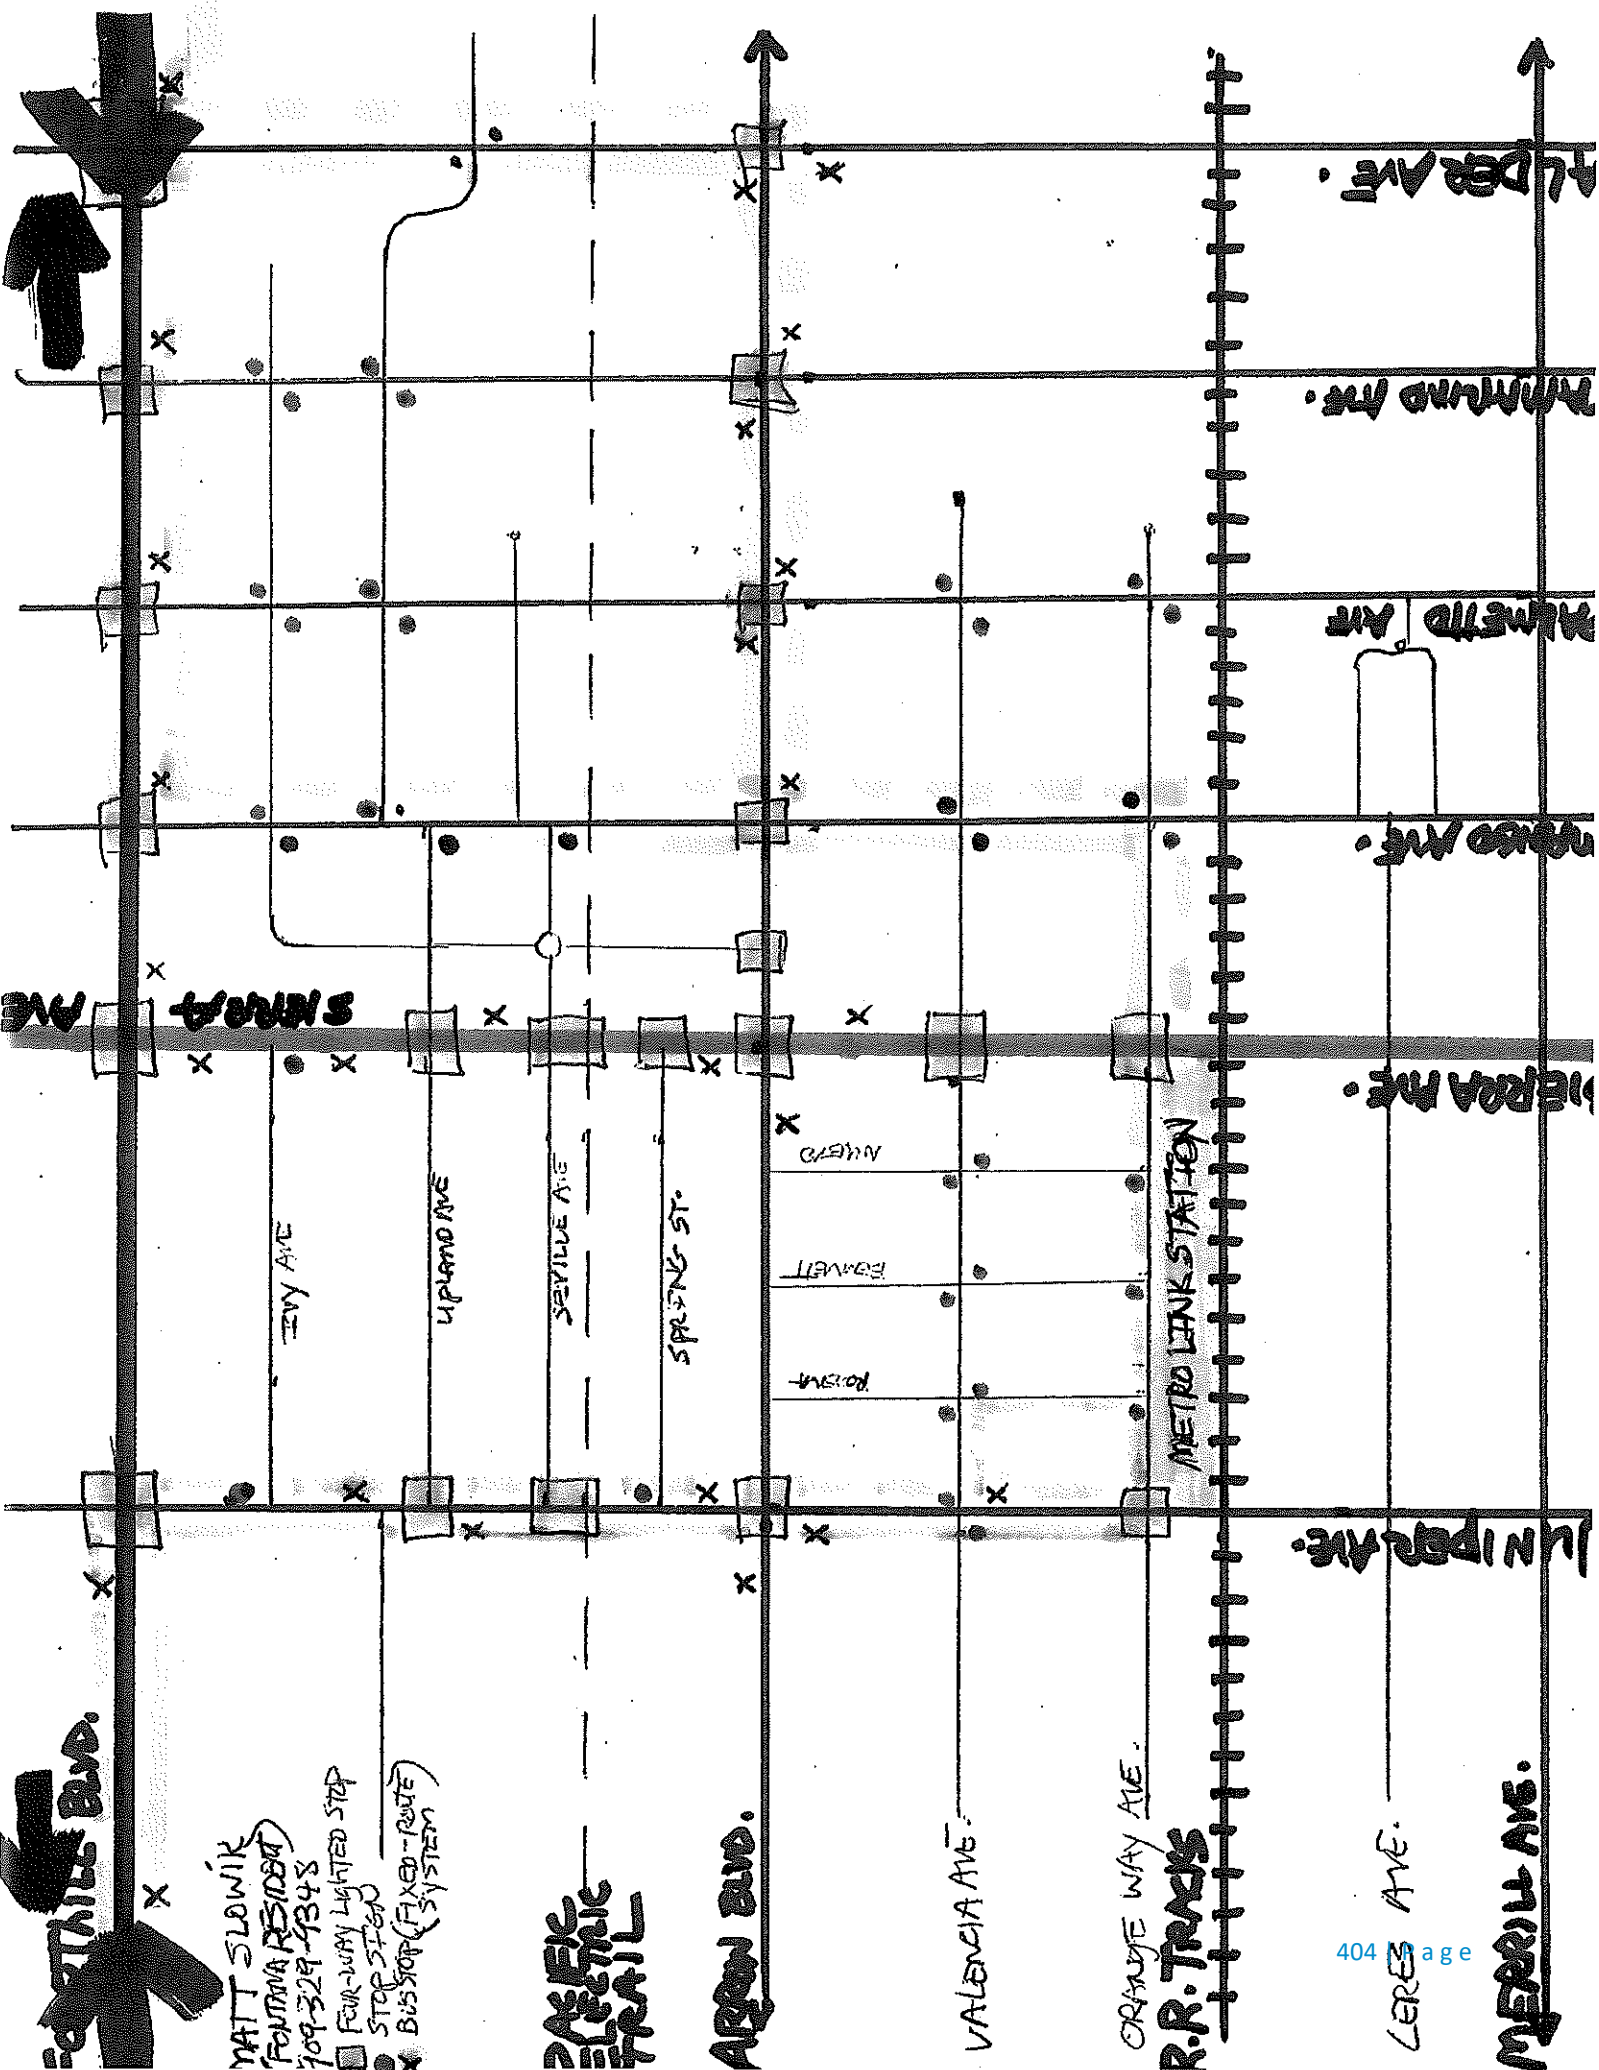

(145)

THE ETR/ETS MUST INCLUDE A ^{WV}BRT PROJECT ALTERNATIVE WITH A PROPOSED ALTERNATIVE ROUTE/ALIGNMENT THAT EXCLUDES (I.E. DOES NOT INCLUDE) SIERRA AVE. (BETWEEN FOOTHILL BLVD. AND SAN BERNARDINO AVE).

2. SECOND, PROPOSED ^{WV}BRT ALTERNATIVE ROUTES/ALIGNMENTS TO THE FONTANA METROLINK STATION, AND FONTANA KAISER HOSPITAL, MUST ACCESS AND EGRESS THESE LOCATIONS FROM ROADWAYS THAT ARE EASTERLY - WESTERLY (WESTERLY - EASTERLY) IN DIRECTION, ONLY (SEE PROPOSED ^{WV}BRT ALTERNATIVE ROUTES/ALIGNMENTS, ATTACHED). SIERRA AVE. (BETWEEN FOOTHILL BLVD. AND SAN BERNARDINO AVE) IS NOT TO BE UTILIZED FOR ANY BUS RAPID TRANSIT PROJECT. THE ATTACHED PROPOSED ALTERNATIVE ^{WV}BRT ROUTES/ALIGNMENTS (EXCLUDING ROUTING/ALIGNMENT ALONG SIERRA AVE) WILL RESULT IN FASTER (MORE EFFICIENT) SERVICE, AND, WILL RESULT IN SIMILAR-TO-REDUCED POTENTIAL ENVIRONMENTAL IMPACTS, AS COMPARED TO THE PROPOSED ^{WV}BRT ROUTE/ALIGNMENT (ALONG SIERRA AVE, BETWEEN FOOTHILL BLVD. AND SAN BERNARDINO, AVE). AS SUCH, A PROPOSED ^{WV}BRT ALTERNATIVE ROUTE/ALIGNMENT THAT DOES NOT INCLUDE SIERRA AVE. (BETWEEN FOOTHILL BLVD. AND SAN BERNARDINO AVE), IS THE "PREFERRED ALTERNATIVE" (I.E., BEST OPTION).

3. AS PROPOSED, THE ^{WVC}BRT ROUTE/ALIGNMENT ALONG SIERRA AVE. (BETWEEN FOOTHILL BLVD. AND SAN BERNARDINO AVE.), IS "INCONSISTENT" WITH THE CITY OF FONTANA ADOPTED GENERAL PLAN (INCLUDING THE DOWNTOWN AREA PLAN). AS SUCH, ANY REFERENCE, INTERFERENCE, OR ASSERTION IN THE DRAFT ETS/ETS THAT THE PROPOSED ^{WVC}BRT PROJECT (INCLUSIVE OF A ROUTE/ALIGNMENT ALONG SIERRA AVE., BETWEEN FOOTHILL BLVD. AND SAN BERNARDINO AVE.) IS CONSISTENT WITH THE FONTANA GENERAL PLAN, IS FACTUALLY INCORRECT. ONLY ^{WVC}BRT ROUTES/ALIGNMENTS TO THE FONTANA METROLINK STATION AND FONTANA KAISER HOSPITAL ACCESSING AND EGRESSING THESE LOCATIONS TO/FROM ROADWAYS THAT ARE EASTERLY-WESTERLY (WESTERLY-EASTERLY); AND, NOT ALIGNING SIERRA AVE. (BETWEEN FOOTHILL BLVD. AND SAN BERNARDINO AVE.), ARE ACCEPTABLE.

4. AS PROPOSED, THE ^{WVC}BRT ROUTE/ALIGNMENT ALONG SIERRA AVE. (BETWEEN FOOTHILL BLVD. AND SAN BERNARDINO AVE.) WOULD:
 1) DIVIDE THE COMMUNITY, 2) LACK COMPLIANCE WITH THE CITY OF FONTANA GENERAL PLAN, AREA PLANS, AND LAND USE PLANS, AND 3) CREATE TRAFFIC AND ENVIRONMENTAL IMPACTS THAT CAN OTHERWISE BE AVOIDED/LESSEMED (i.e. THROUGH ALTERNATIVE ROUTES/ALIGNMENTS OTHER THAN SIERRA AVE., BETWEEN FOOTHILL BLVD. AND SAN BERNARDINO AVE.).

Your Comments/Questions About the West Valley Connector Project.

Dear Mr. Watkins and Mr. Hughes:

Speaking as a Rancho Cucamonga native, I wholeheartedly support the West Valley Connector Project. Granted, I cannot say I've used transit within the Inland Empire since I didn't discover my passion for transit until I "left" for college in CA. Even still, I genuinely appreciate this project's potential as it provides a ~~more~~ car-free alternative to getting around the West Valley Corridor. The West Valley is a perfect embodiment of SoCal's car culture but we can help to gradually offset people's reliance on single occupancy vehicles (and help those who are transit-dependent) by finding feasible and reliable alternatives. Especially crucial to

Please use reverse side for additional input.

West Valley Connector Bus Rapid Transit Project

Draft Environmental Impact Report/Environmental Assessment Comment Card

this project is the emphasis on connectivity. Again, speaking as a student (and not on behalf of Metrolink/SCRRA), native Inland Empire resident, and transit-~~afficionado~~ aficionado, this project is crucial to connecting riders to other transit services - including Metrolink, other Omnitrans buses, Foothill Transit, and so on. I would like to request that extra effort be put in to ensure that headways align appropriately with other transit service arrival and departure times, particularly Metrolink train to and from ZAS since they are relatively infrequent. I also firmly believe that shade partitions and benches should be the bare minimum for all bus stops and stations - please at least consider installing these features at every station for passenger safety and comfort. Metro "Next Stop" speakers at select ~~MM~~ stations are really helpful and I'd love if SBX could install these at major stops, along with screens displaying headways. Thanks for the effort on this project! Contact me with any questions.

Thank you,
Danielle Pirksen

Add'l thought: Please coordinate Phase 1 stop times and headways with the overlaps on Phase 2 route (whenever funding is discovered...)
