SPIRIT BRAND / DISTILLER OF THE YEAR 2019
BY WINE ENTHUSIAST

1973_2023
THE GRAPPA
REVOLUTION:
MONOVITIGNO®
NONINO CELEBRATES
50 YEARS

Monovittigno® [registered trade mark of the Nonino distilleries, composed by *mono-* and *vittigno* (*mono/single* and *vittigno/vine*), 1977 n. Single vine variety | Grappa of, from m., obtained from the pomace of a single vine variety, (from Zanichelli Italian Dictionary and Treccani Dictionary)

‘Best Distillery in the World’

♂ NONINO

SPIRIT BRAND / DISTILLER OF THE YEAR 2019

BY WINE ENTHUSIAST

“...Through uncounted decades, grappa was little more than a cheap, portable form of central heating for peasants in northern Italy... Fancier Italians, and most foreigners, disdained it. But that was before the Noninos of Percoto came to prominence...”

R.W. APPLE JR., *The New York Times* DECEMBER 31, 1997

1897 Orazio Nonino, the family founder, establishes in Ronchi di Percoto the premises of his distillery which, until then, had existed only as an itinerant still assembled on wheels.

DECEMBER 1, 1973 Benito and Giannola Nonino, respecting the tradition, revolutionize the way of producing and introducing Grappa in Italy and throughout the world. They create the single varietal grappa, Monovittigno® Nonino, distilling the pomace of Picolit grapes separately, and so turn Grappa from Cinderella into a Queen of distillates!

NOVEMBER 29, 1975 they establish the Nonino Risit d’Aur Prize (gold vine shoot) with the aim of stimulating, awarding and having officially recognized the ancient autochthonous Friulian vine varieties that are dying out and obtaining the authorization of the European Community to replant Schioppettino, Pignolo and Tazzelenghe, later joined by Ribolla Gialla, in order to preserve the biodiversity of the territory. In 1977 it is joined by the Nonino Literary Prize and it will be completed since 1984 with the International Section. The Nonino Prize has anticipated the Nobel choices six times.

NOVEMBER 27, 1984 The Noninos mark a new turning point, they distil the whole grapes and create UE®, Grape Distillate. The Ministerial Authorization for the production of the Grape Distillate (D.M. 20.10.84) is granted following a specific request by the Noninos.

DECEMBER 4, 2003 The President of the Italian Republic Carlo Azeglio Ciampi awards Giannola and Benito Nonino the prestigious Leonardo Prize for Italian Quality for “the absolute Quality, Research and Innovation”.

JANUARY 12, 2017 The Nonino Revolution ‘from Cinderella to a market Queen’ is selected as a case study by one of the most influential academic magazines in the world: the London School of Economics (LSE) Business Review.

JANUARY 27, 2020 San Francisco Nonino ‘Best Distillery in the World’ elected Spirit Brand/Distiller of the Year 2019 by Wine Enthusiast, the first Italian distillery and the only Grappa to receive the prestigious prize in Twenty years of Editions, the most important international prize in the world in the sector of wine and spirits.

2021-2022-2023 The Noninos carry on the evolution of Grappa – Italian Cocktail Spirit, protagonist of fabulous Cocktails, Ling Drinks and Aperitifs. In June 2021 L’Aperitivo Nonino *BotanicalDrink* is elected *Aperitif of the Year international* at the International Spirits Award, prize reconfirmed also in the 2022 and 2023 editions.

“The wide collection of Nonino cocktails is (...) a perfect example of how a company so rooted in a tradition of purity can preserve its identity making experiments with its products”

The **NONINO DISTILLERIES**, unique in the world, consist of five Artisanal Distilleries, each with 12 copper batch steam stills for the production of the inimitable Nonino Distillates, respecting the tradition and the rhythms of craftsmanship. Pomace and grapes are destalked and fermented under vacuum at controlled temperature in stainless steel tanks and distilled immediately after fermentation, at the same time of the harvest.

BATCH DISTILLATION takes place very slowly, with head and tail cutting, to allow volatile components, responsible for the fragrances, a proper evaporation and consequent condensation preserving the precious organoleptic characteristics of the vine variety chosen.

AGEING CELLARS The 7 Ageing Warehouses (M.I.G.) of the Nonino Distilleries, under seal and permanent surveillance by the Customs and Monopoly Agency, house small casks made of different kinds of wood. Today they boast 2620 in Nevers, Limousin, Grésigne, ex-Sherry oak, Acacia, Wild Cherry, Pear and Ash wood, which preserve the precious Nonino Distillates, Grappa and ÜE®, and Amaro Nonino.

NONINO DISTILLATES

GRAPPA

It is the most ancient and traditional distillate in Northern Italy; it is obtained distilling the solid part of grapes: pomace.

BORGO NONINO

IN SEARCH OF THE “SPIRIT”

Come to discover the Nonino Art of distillation, 100% with artisanal method!

Borgo Nonino, immersed in the Friulian countryside, in Persereano, is a complex consisting of 7 rural buildings, the oldest of which date back to the age of Napoleon and are used as aging cellars for Grappa and Amaro under seal. It is situated 500 meters far from the Nonino distilleries, on the edge of 10 hectares of wood realized by Benito with the essences of the Friulian wood and runs along the Alpe Adria Cycle Route which reaches the sea.

We are waiting for you! *Faniglia Nonino*
