

SHRUBS OVER 1M

***ABELIA GRANDIFLORA* GLOSSY ABELIA**

A medium shrub with rounded, gracefully arching branches. Clusters of bell-shaped white, tinged pink, flowers cover the shrub from late summer to autumn.

Height: 1.8m Width: 1.5m

***ANISODONTEA CAPENSIS* PINK MALLOW**

Great waterwise & frost resistant shrub with soft pink flowers all year round. Prune regularly for compact growth.

Height: 1 m Width: 1 m

***BUDDLEIA 'BLACK KNIGHT'* BUTTERFLY BUSH**

'Black Knight' is a vigorous semi-deciduous shrub to 3m, with arching branches. Flowers are scented and deep purple.

Height: 3m Width: 2.5m

***BUDDLEIA 'ROYAL RED'* BUTTERFLY BUSH**

'Royal Red' is a vigorous semi-deciduous shrub to 3m, with arching branches. Flowers are scented and deep red.

Height: 3m Width: 2.5m

***BUDDLEIA DAVIDII YELLOW* BUTTERFLY BUSH**

Buddleia is a vigorous semi-deciduous shrub to 3m, with arching branches. Flowers are scented and gorgeous yellow and attract butterflies.

Height: 3m Width: 2.5m

***COPROSMA SPECIES* MIRROR BUSH**

Rounded shrub with handsome bright coloured glossy leaves. Very hardy.

Height: 1.5m Width: 1.5m

***HIBISCUS SYRIACUS* ROSE OF SHARON**

Tropical beauty for temperate climates. Grows in semi-shade to full sun and has gorgeous pink blooms in spring and summer. Semi-deciduous in cold climates.

Height: 3m Width: 2m

***SAMBUCUS NIGRA 'MARGINATA'* VARIEGATED ELDERBERRY**

Multi-stemmed deciduous shrub with pretty golden variegated foliage. Produces scented white flowers in spring which later form black berries that can be used in wines and cordials.

Height: 3m Width: 2m

PHLOMIS FRUTICOSA
JERUSALEM SAGE

Ball-shaped whorls of golden yellow flowers spring through summer. Tolerant of sun, light shade, drought and heavy soils.

Height: 1 m Width: 1 m

ARTEMISIA 'POWIS CASTLE'

Drought tolerant shrub grown for stunning feathery silver foliage. Will tolerate most soils but needs good drainage. Great for chooks.

Height: 1 m Width: 1 m

CONVOLVULUS CNEORUM
SILVER BUSH

An attractive small shrub with silky silver-grey foliage and masses of white flowers from summer to autumn.

Height: 30m Width: 50m

FELICIA AMELLOIDES 'SANTA ANITA'

BLUE MARGUERITE 'SANTA ANITA'
Small tough shrub that can be grown as a groundcover. Gorgeous bright blue daisy in winter and spring.

Height: 60cm Width: 60cm

SHRUBS UNDER 1M

AGERATUM HOUSTONIANUM
PERENNIAL AGERATUM

A small shrub that flowers freely with gorgeous mauve-blue flowers from spring to autumn. Easy to grow in a sunny or shady well-drained spot. Cut back to keep compact in prolong flowering. Frost tender.

Height: 80cm Width: 80cm

CERATOSTIGMA WILLMOTTIANUM
HARDY PLUMBAGO

A semi-deciduous shrub that provides great interest in early autumn when its slender stems bear pale blue flowers amongst the foliage that gradually turns red as the autumn season develops. This shrub is easy to grow in a sunny, well-drained spot and can be cut hard back in the spring.

Height: 80cm Width: 80cm

ERYSIMUM LINIFOLIUM
FAIRY WALLFLOWER

Small shrub with beautiful light mauve flowers in autumn and winter. Hardy and waterwise and tolerates both sun and shade. Prune hard after flowering.

Height: to 80cm Width: to 80cm

FUCHSIA 'LOTTIE HOBBIE'

This is a sweet little Fuchsia with tiny pink flowers. It is long flowering from spring through to autumn.

Height: 80cm Width: 60cm

FUCHSIA "MAGELLANICA"

This is a tough hardy Fuchsia with sweet little tiny red flowers. It is long flowering from spring through to autumn. Attracts birds and can be hedged.

Height 1m x 80cm

HELICHRYSUM PETIOLATUM

Australian native small low shrub with white/cream flowers in summer. Tolerant of sun, light shade, drought and heavy soils. Cut back hard to keep shape and form.

Height: 50cm Width: 1m

**LAVANDULA DENTATA
FRENCH LAVENDER**

Fantastic waterwise shrub with prolific scented flowers all year round. Grow in full sun. Prune in spring & autumn for summer & winter colour.

Height: 70cm Width: 80cm

**MIMULUS AURANTIACUS - LIGHT
STICKY MONKEY FLOWER**

Tough waterwise shrub that grows to 1m. Lovely salmon tubular flowers from spring to summer. Will grow in sun or shade. Cut back to keep shape.

Height: 1m Width: 80cm

HEBE 'PURPLE QUEEN'

A rounded evergreen shrub with dark green leaves, bronze-purple when young. Produces spikes of violet-purple colored flowers in autumn and summer.

Height: 1m Width: 80cm

**LAVANDULA ANGUSTIFOLIA
ENGLISH LAVENDER**

Waterwise small shrub bearing spike of scented purple flowers in late spring and summer. Great for picking and hedges.

Height: 80cm Width: 60cm

**MIMULUS AURANTIACUS (DARK)
STICKY MONKEY FLOWER**

Tough waterwise shrub that grows to 1m. Lovely dark salmon tubular flowers from spring to summer. Will grow in sun or shade. Cut back to keep shape.

Height: 1m Width: 80cm

MYLOR ROSE

A shrub rose found in Mylor. Has beautiful pink buds that open to semi-double old world blooms through spring and summer.

Height: to 1.5m Width: to 1m

PELARGONIUM DARK MAROON

Old favorite with gorgeous dark maroon flowers in spring. Best in full sun. Cut back to keep compact growth.

Height:60cm Width:60cm

ROSMARINUS OFFICINALIS

'ROSEA'

PINK ROSEMARY

An upright form of rosemary with pink or mauve flowers in spring and autumn. Great as a hedge. Prune regularly for compact growth.

Height: 1 m Width: 1 m

SALVIA 'AFRICAN SKY'

This salvia blooms with a profuse display of sky blue flowers from spring to autumn. Keep trimmed for a good shape. Full sun to semi shade.

Height:80cm Width:80cm

SALVIA MUIRII

This salvia has intense blue and white tubular flowers on a small compact shrub. Very hardy. It is long flowering from spring through to autumn.

Height:60cm Width:60cm

ROSMARINUS 'BLUE LAGOON'

BLUE LAGOON ROSEMARY

Groundcover rosemary with fragrant foliage and dark blue flowers in winter/spring. Can be used as a herb. Prune hard to encourage bushy growth.

ROSMARINUS 'TUSCAN BLUE'

TUSCAN BLUE ROSEMARY

An upright form of rosemary with bright blue flowers in spring. Great as a hedge. Prune regularly for compact growth.

Height: 1 m Width: 1 m

SALVIA 'CHRISTINE YEO'

This salvia has small bright purple tubular flowers on a small compact shrub. Very hardy. It is long flowering from spring through to autumn. Great for borders or under roses.

Height:60cm Width:60cm

SALVIA SCLAREA

CLARY SAGE

A tall, short-lived perennial with large hairy leaves and flower bracts in shades of pale blue, lilac, pink and white. It grows well in full sun to partial shade & is drought tolerant. It is tall, evergreen and long flowering.

Height:1.5m Width:1.5m

SALVIA SOMALENSIS
SOMALIAN MOUNTAIN SAGE

This salvia has large powder-blue flowers with lime-green leaves. From the mountains of Somalia, it grows well in full sun to partial shade & is drought tolerant. It is long flowering.

Height: 1m Width: 1m

TAGETES LEMMONII
COPPER CANYON DAISY

Tough aromatic shrub that grows to 1m. Bright yellow daisy flowers cover the plant through summer. Cut back to keep shape.

Height: 1m Width: 80cm

GROUNDCOVERS & PERENNIALS

ACHILLEA FILIPENDULINA
'PARKER'S VARIETY'

Herbaceous perennial that forms a clump of feathery foliage, sending up tall golden yellow flowers in summer. Cut back after flowering.

Height: 60cm Width: 60cm

AGAPANTHUS DWARF 'BABY BLUE'
DWARF AGAPANTHUS

This variety of agapanthus is small and compact with a truly dwarf habit. It produces blue flowers on 20cm spikes from November to December. Prefers full sun to semi-shade and is very hardy. Cut back after flowering.

Height: 20cm Width 40cm

WESTRINGIA FRUTICOSA 'JERVIS GEM'

NATIVE ROSEMARY

Great waterwise shrub with lavender flowers in winter & spring. Good for hedging.

Height: 1 m Width: 1 m

TEUCRIUM BETONICUM
MADEIRA SAGE GERMANDER

An evergreen shrub with large, soft sage green leaves and showy purple flowers during spring and early summer. Enjoys sun or light shade and is very waterwise.

Height: 1 m Width: 1 m

ACHILLEA MILLEFOLIUM
'SUMMERWINE'

YARROW

Herbaceous perennial that forms a clump, sending up tall red flowers in summer. Cut back after flowering.

Height: 60cm Width: 60cm

AGAPANTHUS DWARF WHITE

This variety of agapanthus is small and compact with a truly dwarf habit. It produces white flowers on 30cm spikes from November to December. Prefers full sun to semi-shade and is very hardy. Cut back after flowering.

Height: 30cm Width 40cm

ALCEA ROSEA 'BLACK'

Black Hollyhock

This delightful perennial bears an abundance of 2m tall spikes covered in single black flowers. Prefers good soil, plenty of sun and a protected position.

Height: 1m Width: 60cm

ALCEA 'CHATER'S WHITE ICICLE'

DOUBLE WHITE HOLLYHOCK

This variety of hollyhock produces large, fully double pure white flowers that are nearly pom-pom in appearance. Prefers good soil, plenty of sun and a protected position.

Height: 1m Width: 60cm

ALCEA 'CHATER'S DOUBLE'

HOLLYHOCK

This variety of hollyhock gives a wonderful mixed color range of large, fully double flowers that are nearly pom-pom in appearance. Prefers good soil, plenty of sun and a protected position.

Height: 1m Width: 60cm

AQUILEGIA 'BLACK BARLOW'

GRANNY'S BONNET

Black Barlow has attractive double deep purple blooms and grey-green foliage. Flowering in spring, it is frost tolerant. A good choice for shade and rock gardens and also pots.

Height: 80cm Width: 50cm

ARCTOTIS 'BRONZE RAMBLER'

Small tough perennial with grey leaves and bright dark bronze flowers spring, summer and autumn. Cut back at end of autumn.

Height: 50cm Width: 1m

ARCTOTIS 'RUBY CREEPER'

Small tough perennial with grey leaves and bright dark pink flowers spring, summer and autumn. Cut back at end of autumn.

Height: 50cm Width: 60cm

BRACHYCOME 'BREAK OF DAY'

SWAN RIVER DAISY

Tough and compact native perennial with dark green foliage and bright blue flowers most of the year. Cut back to 10 cm at end of autumn.

Height: 40cm Width: 60cm

COREOPSIS LANCELOLATA

'SUNRISE'

Small tough perennial with bright yellow flowers spring, summer and autumn. Cut back to 10 cm at end of autumn.

Height: 60cm Width: 80cm

COREOPSIS 'LIMEROCK RUBY'

Small tough perennial with bright ruby red flowers from mid spring until autumn. Compact plant with fine foliage. Cut back to 10 cm at end of autumn.

Height: 40cm Width: 60cm

DIASCIA BARBERAE APRICOT BEAR'S BREECHES

Small tough groundcover perennial with bright apricot flowers in spring, summer and autumn. Cut back at end of autumn.

Height: 40cm Width: 60cm

COREOPSIS 'RUM PUNCH'

Small tough perennial with bright orange-red flowers from mid spring until autumn. Compact plant with fine foliage. Cut back to 10 cm at end of autumn.

Height: 40cm Width: 60cm

DIGITALIS MERTONENSIS STRAWBERRY FOXGLOVE

A compact variety which forms a low rosette of green leaves and large, strawberry-rose flowers in summer. A vigorous grower, it is a perennial if cared for through summer. Grow in shade or semi-shade.

Height: to 80cm Width: 80cm

ECHINACEA PURPUREA PURPLE CONEFLOWER

Herbaceous perennial that forms a clump, sending up tall purple daisy flowers in summer. Cut back to the ground after flowering.

Height: 60cm Width: 60cm

ERIGERON 'AZURE FAIRY'

Low growing groundcover, producing beautiful pink daisy flowers from spring to autumn. Waterwise and grows in full sun to light shade.

Height: 30cm Width: 30cm

ERIGERON KARVINSKIANUS 'LA PINK'

SEASIDE DAISY

A small groundcover perennial that thrives in full sun or part shade. Pink daisy flowers cover the plant through spring and summer. Prune hard when finished flowering.

Height: to 30cm Width: to 50cm

ERYSIMUM LINIFOLIUM FAIRY WALLFLOWER

Small shrub with beautiful light mauve flowers in autumn and winter. Hardy and waterwise and tolerates both sun and shade. Prune hard after flowering.

Height: to 80cm Width: to 80cm

ERYNGIUM PLANUM 'BLAUKAPPE'
SEA HOLLY

An evergreen, salt-tolerant perennial that is covered in dozens of small, spiny, steel-blue flowers in summer and autumn. Over the cooler months, the flower bracts have a green, silvery sheen. Grows easily in well-drained, soil with extra lime and full sun. Beautiful, long lasting cut flower.

Height: to 90cm Width: to 50cm

EUONYMUS FORTUNEI 'EMERALD GAIETY'

This tough, variegated mounding shrub can be grown as a trailing groundcover. It has attractive green foliage with white margins that tinge pink in winter.

Height: 60cm Width: 1m

GEUM 'MRS BRADSHAW'
AVENS

Geum plants form a low clump of coarse green leaves, then produce tall stems bearing scarlet orange, semi-double flowers in summer. Plants may be pruned back hard after. Grow in full sun to semi-shade.

Height: 30cm Width: 30cm

HELIANTHEMUM 'WISLEY PRIMROSE'

YELLOW SUNROSE

Small groundcover that blooms most heavily in spring then sporadically over summer. Flowers open with the sun and close at night. Grow in full sun.

Height: 30cm Width: 50cm

LEUCANTHEMUM X SUPERBUM
SHASTA DAISY

Herbaceous perennial that forms a clump, sending up white daisy flowers in summer. Cut back to the ground after flowering.

Height: 80cm Width: 60cm

LEUCANTHEMUM X SUPERBUM
'CRAZY DAISY'

A fun daisy with long lasting double and semi-double white flowers. A hardy perennial that makes a great border plant with healthy growth of toothed oblong leaves. Makes an outstanding cut flower due to good vase life and medium stems. Handles most soils in full sun or part shade.

Height: 80cm Width: 60cm

MYOPORUM PARVIFOLIUM
PURPUREA

A hardy and attractive native groundcover with small purple leaves and pale lilac flowers. Grows in full sun.

Height: 30cm Width: 1m

NEPETA FAASSENII 'WALKER'S BLUE'

CATMINT

Herbaceous perennial that forms a small clump, sending up spikes of mauve flowers from spring to autumn. Cut back after flowering to promote further flowers. Grows in full sun.

Height: 40cm Width: 40cm

**OSTEOSPERMUM ORANGE
GROUNDCOVER DAISY**

A small groundcover perennial that thrives in full sun or part shade. Gorgeous orange daisy flowers cover the plant through spring and summer. Prune hard when finished flowering.
Height: 30cm Width 50cm

**PELARGONIUM 'PINK VELVET'
FAIRY PELARGONIUM**

Small tough perennial with bright pink flowers in spring, summer and autumn. It has soft grey green leaves.
Height: 40cm Width: 60cm

**PELARGONIUM TOMENTOSUM
PEPPERMINT PELARGONIUM**

Soft grey velvety leaves give rise to clusters of tiny white flowers in spring. Intense minty fragrance. Full sun to partial shade but not frost hardy.
Height: 50cm Width: 1m

**PENSTEMON HETEROPHYLLUS
BLUE PENSTEMON**

Small tough perennial shrub. Gorgeous blue/purple flowers spring, summer & autumn. Cut back to 10 cm at end of flowering.
Height: 40cm Width: 60cm

OSTEOSPERMUM PINK

A small groundcover perennial that thrives in full sun or part shade. Gorgeous pink daisy flowers cover the plant through spring and summer. Prune hard when finished flowering.
Height: 30cm Width 50cm

**PELARGONIUM SIDOIDES
FAIRY PELARGONIUM**

Small tough perennial with deep purple flowers in spring, summer and autumn. It has soft grey green leaves.
Height: 40cm Width: 60cm

PENSTEMON 'ALICE HINDLEY'

Fantastic waterwise shrub with prolific mauve and white flowers from spring to autumn. Grow in full sun. Cut back hard at the end of autumn. Branches will form roots if they are covered with some soil.
Height: 80cm Width: 80cm

PENSTEMON 'LILAC DREAM'

Fantastic waterwise shrub with prolific pale lilac flowers from spring to autumn. Grow in full sun. Cut back hard at the end of autumn. Branches will form roots if they are covered with some soil.
Height: 80cm Width: 80cm

PENSTEMON 'MIDNIGHT'

Fantastic waterwise shrub with prolific dark purple flowers from spring to autumn. Grow in full sun. Cut back hard at the end of autumn. Branches will form roots if they are covered with some soil.

Height: 80cm Width: 80cm

RUDBECKIA HIRTA 'MARMALADE'
BLACK EYED SUSAN

A long blooming border plant with large, single, golden flowers with black centres over summer and early autumn. It grows well in good, fertile garden soil in full sun. A short-lived perennial with good drought tolerance.

Height: 40cm Width: 40cm

SCABIOSA CAUCASICA
PIN CUSHION PLANT

Perennial groundcover with a profusion of beautiful rounded pink/mauve blooms through the warmer months. Prefers a loose rich soil with average water requirements and grows best in sun to part shade.

Height: to 30cm Width: to 50cm

SEDUM 'FROSTY MORN'
STONECROP

A lovely variegated sedum with apple-green leaves edged in creamy white. Green buds change to large pale pink flower heads in autumn.

Height: 50cm Width: 50cm

PENSTEMON 'SWAN LAKE'

Tough perennial shrub with glossy green leaves. Graceful stems of gorgeous pure white flowers are produced from spring until autumn. Cut back at end of autumn to encourage spring growth.

Height: 1m Width: 1m

SALVIA GUARANITICA
'COSTA RICA'

BLUE ANISE SAGE

Tall deep blue salvia, that flowers much of the year. Prune back hard when it's finished flowering.

Height: 1m Width: 80cm

SEDUM 'AUTUMN JOY'
STONECROP

Succulent grey green leaves give rise to clusters of soft pink flowers in late summer, when most flowers have finished. Hardy.

Height: 50cm Width: 50cm

SEDUM 'MATRONA'
STONECROP

Succulent leaves flushed bronze with purple stems and clusters of soft pink flowers in late summer, when most flowers have finished.

Height: 50cm Width: 50cm

SEDUM 'MUNSTEAD DARK RED'
STONECROP

Succulent blue-green leaves on upright stems give rise to clusters of dark red starry flowers in late summer. Great for cut flowers and attract bees and butterflies.

Height:70cm Width:50cm

SEDUM SPECTABILE 'NEON'

A small compact sedum with an upright habit. Succulent blue-green leaves on upright stems give rise to clusters of vibrant pink starry flowers in late summer. Attracts bees and butterflies.

Height:30cm Width:40cm

TWEEDIA CAERULEA
BLUE FLOWERED MILKWEED

A twining plant from Brazil growing up to a metre, or as a small shrub if cut back. Pure blue flowers in summer give way to long pods of fluffy seed. Grow in full sun.

Height: 50cm-1m Width: 50cm-1m

SEDUM 'PURPLE EMPEROR'
STONECROP

Succulent rich purple-black leaves on small upright stems give rise to clusters of rose-pink starry flowers in late summer. Great for cut flowers and attract bees and butterflies.

Height:50cm Width:50cm

TULBAGHIA VIOLACEA
SOCIETY GARLIC

Herbaceous perennial that forms a clump, sending up tall purple flowers in spring & summer. Named society garlic because it has the taste of garlic, but not the 'anti-social' effect. Grow in full sun.

Height: 50cm Width: 50cm

VERONICA SPICATA BLUE
'SPIKED SPEEDWELL'

Spikes of violet blue flowers cover low growing, dense foliage from early summer.

Good hardy groundcover. **Height: 30cm Width: 50cm**

HERBS & OTHER EDIBLES

ALLIUM SCHOENOPRASUM **CHIVES**

Very light onion flavoured herb – great in salads, stir-fry and sandwiches. Grows in most soil in full sun.

Height: 30 cm Width: 30 cm

ARTICHOKE 'GREEN GLOBE' **GLOBE ARTICHOKE**

Perennial plants that produce edible flower heads during spring and summer. Stunning grey foliage make a bold garden statement.

Height: 1m Width: 80cm

CHAMAEMELUM NOBILE **ROMAN CHAMOMILE**

This perennial herb is a small, attractive groundcover with daisy-like flowers and aromatic, feathery, grey-green leaves. It makes an excellent lawn substitute or in between pavers. Can be used for making tea.

JAPANESE MUSTARD

A tasty annual that has green/purple leaves. Leaves have a mustard flavor and can be steamed, eaten young & fresh or cooked in stir-fry. Attracts good bugs to the garden when flowering. To be grown in full sun.

Height: 80cm Width: 60cm

ORIGANUM MARJORANA
SWEET MARJORAM

A highly aromatic herb, used in Italian cooking, salads and on new potatoes. Grow in full sun.

Height: 30cm Width: 50cm

ORIGANUM VULGARE
GREEK OREGANO

This Greek variety of oregano has the fullest flavour for pizzas, pastas and other Mediterranean dishes. Dark green leaves and pretty white flowers make this perennial herb great for pots. Grow in full sun.

Height: 30cm Width: 50cm

MELISSA OFFICINALIS
LEMON BALM

Lemon flavoured herb, used in salads and stir-fry and great with chicken & fish. Also makes a very refreshing tea.

Height: 50cm Width: 1m

PETROSELINUM CRISPUM
TRIPLE CURLED PARSLEY

One of the most useful herbs in the garden. Grows in part shade to full sun. Is a biennial, so will grow for two years then set seed.

Height: 50cm Width: 50cm

SALVIA OFFICINALIS
COMMON SAGE

A tasty herb used for a great variety of dishes. A small shrub to be grown in full sun. Cut back often to encourage bushy growth. Beautiful purple/blue flowers cover the bush in spring.
Height: 50cm Width: 50cm

THYMUS CITRIODORUS
LEMON THYME

Tasty lemon-scented leaves and tiny lilac flowers loved by bees. Grow in full sun and cut back often to encourage bushy growth.
Height: 30cm Width: 50cm

SYMPHYTUM OFFICINALE
COMFREY

Comfrey is an herbaceous perennial herb with large hairy leaves and mauve flowers. Grows in most soils in full sun to semi shade.
Height: 1m Width: 80 cm

THYMUS 'WESTMORELAND'
WESTMORELAND THYME

One of Edna Wallings favorite groundcovers. Grow in full sun and cut back often to encourage bushy growth. Pretty pink flowers in spring and can be used as a tasty herb for a great variety of dishes.
Height: 30cm Width: 50cm

ANNUALS

AMMI MAJUS
QUEEN ANNE'S LACE

Hardy biennial that develops tall umbels of lacy white flowers from early summer to autumn. A favorite for beneficial insects. Grows in full sun to semi-shade. Collect seed after flowering or allow to self seed.
Height: 150cm Width: 60cm

CENTAUREA CYANUS
DWARF BLUE CORNFLOWER

Hardy annual with silvery foliage and rich deep blue double flowers from spring to autumn. Grows in full sun. Collect seed after flowering or allow to self seed.
Height: 40cm Width: 40cm

CENTRANTHUS RUBER
RED VALERIAN

This delightful perennial bears an abundance of gorgeous pink flowers in spring & summer. Hardy, waterwise and self seeds readily.
Height: 80cm Width: 60cm

CERINTHE MAJOR 'PURPURASCENS'
HONEYWORT

An unusual plant with blue-green foliage. Very attractive purple and yellow flowers appear in spring and summer and are loved by bees. A hardy annual for sun to light shade.
Height: 50cm Width: 40cm

CHEIRANTHUS CHEIRI 'CLOTH OF GOLD'

WALLFLOWER

A beautiful short-lived evergreen perennial with sweetly scented bright, golden yellow flowers, blooming over late winter and spring. They prefer slightly alkaline soil and good drainage and will thrive in full sun or semi shade.

Height: 60cm Width: 60cm

LUNARIA ANNUA HONESTY

Hardy biennial that flowers in a variety of pinks and white through spring to autumn. Produces papery translucent seed heads that can be dried. Grows in full sun. Collect seed after flowering or allow to self seed.

Height: 60cm Width: 60cm

MOLUCELLA LAEVIS BELLS OF IRELAND

Hardy annual that develops tall spikes of green 'flowers' in spring. Grows in full sun. Great for floral arrangements.

Height: 1m Width: 40cm

NIGELLA SATIVA LOVE-IN-THE-MIST

Hardy annual that has gorgeous blue flowers in spring. Grows in full sun. Collect seed or allow to self seed.

Height: 60cm Width: 60cm

NIGELLA SATIVA ALBA 'MISS JEKYLL' WHITE LOVE-IN-THE-MIST

Hardy annual that has gorgeous white flowers in spring. Grows in full sun. Collect seed or allow to self seed.

Height: 60cm Width: 60cm

TROPAEOLUM MINUS 'EMPRESS OF INDIA'

This non-trailing old variety has scarlet-red, single flowers with dark blue-green foliage. Flowers, leaves and young seed pods are a spicy addition to fresh salads. A frost tender annual. Great in pots.

Height: 40cm Width: 30cm

DELPHINIUM SPECIES DWARF DELPHINIUM

Hardy annual that develops delicate spikes of pink/lilac flowers in spring. Grows in full sun.

Height: 60cm Width: 60cm
