This base prospectus (the "**Base Prospectus**") has been approved by the Central Bank of Ireland (the "**Central Bank**"), as competent authority under Directive 2003/71/EC (the "**Prospectus Directive**"). The Central Bank only approves this Base Prospectus as meeting the requirements imposed under Irish and EU law pursuant to the Prospectus Directive.

Application has been made to the Irish Stock Exchange for the notes ("**Notes**") issued under the Euro Medium Term Note Programme (the "**Programme**") described in this Base Prospectus by ACS, Actividades de Construcción y Servicios, S.A. (the "**Issuer**") to be admitted to the official list (the "**Official List**") and trading on its regulated market.

Such approval relates only to the issue of Notes under the Programme during the period of twelve months after the date hereof which are to be admitted to trading on a regulated market for the purposes of Directive 2004/39/EC, as amended, and/or which are to be offered to the public in any Member State of the European Economic Area.

The Programme also permits Notes to be issued on the basis that they will be admitted to listing, trading and/or quotation by such other or further competent authorities, stock exchanges and/or quotation systems as may be agreed with the Issuer.

References in the Base Prospectus to the "Irish Stock Exchange" (and all related references) shall mean the regulated market of the Irish Stock Exchange. In addition, references in the Base Prospectus to the Notes being "listed" (and all related references) shall mean that such Notes have been admitted to listing on the Official List of the Irish Stock Exchange and admitted to trading on its regulated market or, as the case may be, a MiFID Regulated Market (as defined below). The regulated market of the Irish Stock Exchange is a regulated market for the purposes of Directive 2004/39/EC, as amended. This document may be used to list Notes on the regulated market of the Irish Stock Exchange pursuant to the Programme. The Programme provides for Notes to be listed on such other or further stock exchange(s) as may be agreed between the relevant Issuer and the relevant Dealer(s). The maximum aggregate nominal amount of all Notes from time to time outstanding under the Programme will not exceed €1,500,000,000 (or its equivalent in other currencies, subject to increase as provided herein). The Notes will be issued in such denominations as may be agreed between the Issuer and the relevant Dealer(s) and as specified in the applicable Final Terms, save that the minimum denomination of each Note will be such amount as may be allowed or required from time to time by the relevant central bank (or equivalent body) or any laws or regulations applicable to the relevant specified currency indicated in the applicable Final Terms (as defined below) and save that the minimum denomination of each Note admitted to trading on a regulated market situated or operating within the European Economic Area (the "**EEA**") and/or offered to the public in an EEA state in circumstances which require the publication of a prospectus under the Prospectus Directive will be €100,000 (or, if the Notes are denominated in a currency other than euro, the equivalent amount in such currency).

Notice of the aggregate nominal amount of Notes, interest payable in respect of Notes, the issue price of Notes and any other terms and conditions not contained herein which are applicable to each Tranche (as defined under "Terms and Conditions of the Notes") of Notes will be set out in the Final Terms (as defined herein) which, with respect to Notes to be listed on the Irish Stock Exchange, will be delivered to the Central Bank on or before the date of issue of the Notes of such Tranche. Copies of the Final Terms relating to Notes which are listed on the Irish Stock Exchange or offered in circumstances which require a prospectus to be published under the Prospectus

Directive will be available free of charge, at the registered office of the Issuer and at the specified office of each of the Paying Agents (as defined under "Terms and Conditions of the Notes").

The Issuer has been assigned a long-term credit rating of BBB (stable outlook) by Standard & Poor's Credit Market Services Europe Limited. Standard & Poor's Credit Market Services Europe Limited is established in the EEA and registered under Regulation (EU) No 1060/2009, as amended (the "**CRA Regulation**").

A security rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, reduction or withdrawal at any time by the assigning rating agency.

Investing in Notes issued under the Programme involves certain risks. The principal risk factors that may affect the abilities of the Issuer to fulfil its obligations under the Notes are discussed under "Risk Factors" below.

Potential investors should note the risks describes in summary form regarding certain Spanish tax implications and procedures in connection with an investment in the Notes (see "Risk Factors – Risks Relating to the Notes – Risks in relation to Spanish Taxation" and "Taxation – Taxation in Spain"). The distribution of this Base Prospectus and any Final Terms or Drawdown Prospectus, as the case may be, and the offering, sale and delivery of the Notes in certain jurisdictions may be restricted by law. Persons into whose possession this Base Prospectus or any Final Terms or Drawdown Prospectus, as the case may be, comes are required by the Issuer and the Dealers to inform themselves about and to observe any such restrictions. In particular, Notes have not been and will not be registered under the United States Securities Act of 1933 (as amended) (the "**Securities Act**") and are subject to U.S. tax law

requirements. Subject to certain exceptions, Notes may not be offered, sold or delivered within the United States or to U.S. persons.

Neither this Base Prospectus nor any Final Terms or Drawdown Prospectus, as the case may be, constitutes an offer or an invitation to subscribe for or purchase any Notes and should not be considered as a recommendation by the Issuer, the Dealers or any of them that any recipient of this Base Prospectus or any Final Terms or Drawdown Prospectus, as the case may be, should subscribe for or purchase any Notes. Programme limit

The maximum aggregate principal amount of Notes outstanding at any one time under the Programme will not exceed €1,500,000,000 and for this purpose, any Notes denominated in another currency shall be translated into euro at the date of the agreement to issue such Notes (calculated in accordance with the provisions of the Dealer Agreement). The maximum aggregate principal amount of Notes which may be outstanding at any one time under the Programme may be increased from time to time, subject to compliance with the relevant provisions of the Dealer Agreement as defined under "*Subscription and Sale*".

Certain definitions

In this Base Prospectus, unless otherwise specified, references to a "**Member State**" are references to a Member State of the European Economic Area, references to "**U.S. \$**", "**U.S. dollars**" or "**dollars**" are to United States dollars, references to "**AUS\$**" are to Australian dollars and references to "**€**", "**EUR**" or "**euro**" are to the currency introduced at the start of the third stage of European economic and monetary union, and as defined in Article 2 of Council Regulation (EC) No 974/98 of 3 May 1998 on the introduction of the euro as amended.

Certain figures included in this Base Prospectus have been subject to rounding adjustments; accordingly, figures shown for the same category presented in different tables may vary slightly and figures shown as totals in certain tables may not be an arithmetic aggregation of the figures which precede them.

Language

The language of the prospectus is English. Certain legislative references and technical terms have been cited in their original language in order that the correct technical meaning may be ascribed to them under applicable law.

Prohibition of Sale to EEA Retail Investors

The Notes are not intended, from 1 January 2018, to be offered, sold or otherwise made available to and, with effect from such date, should not be offered, sold or otherwise made available to any retail investor in the European Economic Area ("EEA"). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU ("MiFID II") or (ii) a customer within the meaning of Directive 2002/92/EC (as amended, the "Insurance Mediation Directive"), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II. Consequently no key information document required by Regulation (EU) No 1286/2014 (the "PRIIPs Regulation") for offering or selling the Notes or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation.

Ratings

Tranches of Notes issued under the Programme will be rated or unrated. Where a Tranche of Notes is rated, such rating will not necessarily be the same as the rating(s) described above or the rating(s) assigned to Notes already issued. Where a Tranche of Notes is rated, the applicable rating(s) will be specified in the relevant Final Terms. Whether or not each credit rating applied for in relation to a relevant Tranche of Notes will be (1) issued by a credit rating agency established in the EEA and registered under the CRA Regulation, or (2) issued by a credit rating agency which is not established in the EEA but will be endorsed by a CRA which is established in the EEA and registered under the CRA Regulation or (3) issued by a credit rating agency which is not established in the EEA but which is certified under the CRA Regulation will be disclosed in the Final Terms. In general, European regulated investors are restricted from using a rating for regulatory purposes if such rating is not issued by a credit rating agency established in the EEA and registered under the CRA Regulation or (1) the rating is provided by a credit rating agency not established in the EEA but is endorsed by a credit rating agency established in the EEA

and registered under the CRA Regulation or (2) the rating is provided by a credit rating agency not established in the EEA which is certified under the CRA Regulation.

Stabilisation

In connection with the issue of any Tranche of Notes, the Dealer or Dealers (if any) named as the Stabilising Manager(s) (or persons acting on behalf of any Stabilising Manager(s)) in the applicable Final Terms may over allot Notes or effect transactions with a view to supporting the market price of the Notes at a level higher than that which might otherwise prevail. However stabilisation may not occur. Any stabilisation action may begin on or after the date on which adequate public disclosure of the terms of the offer of the relevant Tranche of Notes is made and, if begun, may cease at any time, but it must end no later than the earlier of 30 days after the issue date of the relevant Tranche of Notes and 60 days after the date of the allotment of the relevant Tranche of Notes. Any stabilisation action or over-allotment must be conducted by the relevant Stabilising Manager(s) (or person(s) acting on behalf of any Stabilising Manager(s)) in accordance with all applicable laws and rules.

RISK FACTORS

Prospective investors should read the entire Base Prospectus. Words and expressions defined in the "Terms and Conditions of the Notes" below or elsewhere in this Base Prospectus have the same meanings in this section.

The Issuer believes that the following factors may affect their ability to fulfil its obligations under Notes issued under the Programme. Most of these factors are contingencies which may or may not occur and the Issuer is not in a position to express a view on the likelihood of any such contingency occurring.

In addition, factors which are material for the purpose of assessing the market risks associated with Notes issued under the Programme are also described below. The Issuer believes that the factors described below represent the principal risks inherent in investing in Notes issued under the Programme as at the date of this Base Prospectus, but the inability of the Issuer to pay any amounts due on or in connection with any Notes or the Deed of Covenant, may occur for other reasons and the Issuer does not represent that the statements below regarding the risks of holding any Notes are exhaustive. Prospective investors should also read the information set out elsewhere in this Base Prospectus and reach their own view prior to making any investment decision.

Investing in Notes issued under the Programme involves certain risks. Prospective investors should consider, among other things, the following:

Risks Relating to the Issuer or its Industrial Sector

Current state of the global economy

The risks and points raised in this section have been assessed and included on the basis of the following sources:

- European Commission, "European Economic Forecast Winter 2016" which can be found at: https://ec.europa.eu/info/publications/economy-finance/european-winter-economic-forecast-2016_en; and
- IMF, "World Economic Outlook (WEO)" dated October 2016 and Update January 2017 which can be found at: <http://www.imf.org/en/Publications/WEO/Issues/2016/12/27/A-Shifting-Global-Economic-Landscape>.

The business performance of the Group is closely connected with the economic development of the countries and regions in which the Group carries out its activities. The business operations, as well as the financial condition and the results of operations of the Group, may be adversely affected if the global economic environment, and in particular the economic environment in those zones where there is a greater concentration of the Group's business (Asia-Pacific, North America (the United States and Canada) and Europe), deteriorates.

As at the date of this Base Prospectus, the global economy is still struggling to gain momentum as many high-income countries continue to grapple with the legacies of the global financial crisis, and emerging economies are less dynamic than in the past. After a slow start in 2016, economic activity is projected to pick up pace, especially in emerging markets and developing economies. However, there is a wide disparity of possible outcomes around the projections, given uncertainty surrounding the current policy stance of the current U.S. administration and its global ramifications. Near-term growth prospects have been revised upwards for China, due to expected policy stimulus, but were revised down for a number of other large economies—most notably India, Brazil, and Mexico.

A number of factors may negatively influence the economic outlook in different continents. Economic prospects are particularly uncertain in light of potential changes in the policy stance of the United States under the Trump administration. Notable negative risks to activity include a possible shift toward inward-looking policy platforms and protectionism, a sharper than expected tightening in global financial conditions that could impact balance sheets in parts of the euro area and in some emerging market economies, increased geopolitical tensions, and a more severe slowdown in China. In addition, recent political developments highlight a fraying consensus about the benefits of cross-border economic integration. Moreover, geopolitical risks and a range of other noneconomic factors continue to weigh on the outlook in various regions—civil war and domestic conflict in parts of the Middle East and Africa, the

tragic plight of refugees and migrants in neighbouring countries and in Europe, acts of terror worldwide, the protracted effects of a drought in eastern and southern Africa. If these factors intensify, they would deepen the hardship in directly affected countries. Increased geopolitical tensions and terrorism could also take a large toll on global market sentiment and economic confidence.

By regions, among major advanced economies, growth in the United States rebounded ahead of expectations, and unemployment levels decreased further, but inflationary pressures appear on the horizon and a subsequent rise in interest rates could damage productive investments and the recent dollar appreciation reduce net exports.

In the Euro area output remains below potential. While certain European Union ("EU") Member States are expected to have positive growth rates with signs that the recovery is broadening across the EU in recent times, notable divergences in economic performances across EU Member States is likely to continue. Due to the continuing implementation of various reforms and deleveraging of banks, the public and private sectors differ across Member States. In Spain, the labour market reforms undertaken in recent years are expected to continue to deliver positive results, although the rate of decrease in unemployment levels remains slow. Moreover, financial fragmentation, structural rigidities, and unresolved fiscal challenges are likely to dampen the recovery partially. In the United Kingdom, economic activity has been resilient in the aftermath of the referendum on EU membership but economic activity is expected to slow down over the course of 2017. The exchange-rate driven increase in consumer prices is expected to curtail private consumption, while firms' investment decisions are likely to be affected by the uncertainty surrounding "Brexit".

In particular, a UK exit ("**Brexit**") could produce a negative shock to the UK economy, with economic fallout in the rest of the OECD, particularly other European countries. Market reactions to the effects of Brexit, future changes in relations between the United Kingdom and the European Union, the results of elections in several European countries and the expected "tapering" by the ECB could create possible financial market volatility and incomplete implementation of structural reforms remain outstanding.

The economic outlook for emerging markets and developing economies remains diverse. The growth rate in China has been stronger than expected, supported by continued policy stimulus. But activity was weaker than expected in some Latin American countries currently in recession (such as Argentina and Brazil), as well as in Turkey, which faced a sharp contraction in tourism revenues.

In much of Central, Eastern, and Southeastern Europe, economic growth remains consistent. However, given subdued productivity growth and adverse demographics, these countries may not be able to maintain the current levels of growth without accepting a widening of external imbalances. Some risks, such as the pace of monetary policy normalisation in key advanced economies and the refugee crisis in Europe, appear less prominent than they did six months ago. However, other risks, such as those associated with rising political discord, have become more pronounced. In addition, fiscal policy appears to be neutral or expansionary in this area, although this is not appropriate in economies where growth has been running above potential, since times of relative economic stability should be used to rebuild fiscal buffers by following growth-friendly fiscal consolidation to help reduce still high external debt levels.

In Russia, the economy is under severe pressure due to the combined effect of low oil prices, economic sanctions, geopolitical tensions and structural weaknesses of the Russian growth model. Other economies of the Commonwealth of Independent States are caught in the slipstream of Russia's recession and geopolitical tensions, and in some cases this is further exacerbated by domestic structural weaknesses.

In Japan, GDP growth slowed in the last quarter of 2016, as domestic demand weakened. Net exports supported by a weaker yen and recovering activity abroad contributed more to GDP growth than domestic demand. In the short-term, growth may be supported by significant fiscal and monetary policy stimuli as well as foreign demand. Looking further ahead, as support from last year's fiscal stimulus package gradually ceases, economic activity is expected to decelerate over time towards the potential output growth rate.

With respect to the rest of the Asia-Pacific region, the impact of low GDP levels globally and productivity levels in advanced economies on global trade and growth could have far-reaching implications for Asia's economic outlook, negatively affecting the Australian economy, in particular. A turbulent transition in China toward a more consumption and service sector oriented economy could also negatively affect Australia's economy. More broadly, strong growth masks a number of fault lines. In the medium term,

China's economic growth is expected to remain on a gradual downward trend. In particular, investment growth will continue as overcapacity is gradually cut back. The Chinese economy is in the midst of transitioning its sector focuses. Growth has been slowing since 2012 as the economy has been rebalancing to a more sustainable growth model. This process of rebalancing involves not only lower growth but also a shift from heavy industry and construction to more advanced manufacturing and services in production, and from investment and export to consumption. China's trade patterns are also being affected by its evolving comparative advantage, driven by growing human capital and diminishing labour supplies.

In the Latin America and the Caribbean countries, economic activity plateaued in 2016, before making a modest recovery this year. Whilst weak external demand and persistently low commodity prices continue to weigh on the regional outlook, domestic developments have been the key driver of growth outcomes in some stressed economies. Uncertainty concerning the duration of positive global financial conditions poses risks for the region and vulnerabilities in the financial and corporate sector.

In the Middle East and North Africa, economies continue to face an exceptionally challenging environment as low oil prices and conflicts continue to impact economic activity, fiscal and external balances, and the financial sector. Economic growth in sub-Saharan Africa is set to drop this year to its lowest level in more than 20 years, reflecting the adverse external environment, and the policy response in many countries. Plans to diversify economies away from oil and create jobs for the rapidly-growing populations have also been announced but such economic transformation will take time.

Finally, a number of medium-term problems that predate the crisis, such as the impact of an ageing population on the labour force and weak growth in total factor productivity, remain relevant as at the date of this Base Prospectus. These problems contribute to low potential growth in advanced economies—which may be affecting the pace of recovery—and a decline in potential growth in emerging markets.

Economic growth in countries where the Group (as defined in the section below titled "*Description of the Issuer*") operates remains dependent on a number of factors that are not within the control of the Group. In this regard, in a number of economies, an increase in public infrastructure investment could support demand in the short term and help boost potential output in the medium term. However, the use of fiscal policy as a countercyclical policy tool may be constrained by a lack of fiscal space that limits the ability to use fiscal stimulus and its effectiveness. Deterioration of the economy of continental Europe, or other regions where the Group has a greater concentration of business (Asia-Pacific, North America), could have a material adverse effect on the financial condition and the results of operations of the Group.

Risks related to unexpected adjustments and cancellations of projects

The Group's project portfolio is exposed to unexpected adjustments and cancellations. The agreements entered into by the Group's companies to carry out their projects are usually entered into for periods of more than two years. This increases the risk of early cancellation of these agreements. Furthermore, in certain circumstances the Group's companies may not be entitled to compensation for early termination. In addition, the scope of the agreed work as part of a project may change. This may lead to an increase in costs in connection with the project as well as to reduced profits or to losses.

Any cancellations of or changes in projects as well as changes in the corporate strategy of the clients of the Group may affect negatively its project portfolio, which may have a material adverse effect on the results of operations and the profit of the Group.

Risk of a declining customer base

The Group's activities in the environment business unit depend to a large extent on the continuation of the current trends in the public and private sectors to outsource services that are not the focus or core of the relevant entity's activity or business. Should this tendency decline or reverse, this could have a material adverse effect on the business and the results of operations of the Group.

Risks in Relation to the Construction Business Sub-Unit

Cyclicality of the construction industry

In general, the construction industry is of a cyclical nature, and depends on investments carried out by the public sector as well as the private sector. Until 2007, the general conditions for construction activities were favourable in most countries in which the Group carried out its activities. Since 2008, however, the

general economic conditions have deteriorated, in particular in Spain and, in general, economic uncertainty exacerbates negative trends in construction activity leading to, for example, the postponement of orders. There can be no assurances as to when or if economic conditions favourable to the construction industry may return.

As at the date of this Base Prospectus, non-residential construction remains relatively weak in Spain. The outlook for the residential construction sector is, in any event, one of moderate recovery and still subject to some uncertainties.

Should the current unfavourable environment for investment in global construction projects in the public as well as the private sector continue, or should the current economic environment persist, this would have a material adverse effect on the business operations, the financial condition and the results of operations of the Group.

Risks in relation to private sector construction projects

The level of new orders for construction projects in the private sector globally has been negatively affected by the economic conditions. In some cases, projects in progress have been suspended pending improved general economic conditions, and potential projects have been abandoned. Should this trend persist or become more widespread, this could have material adverse effects on the business, the financial condition and the results of operations of the Group.

Risks resulting from delays and cost increases in the construction industry

Large construction projects carried out by the Group are exposed to specific risks such as claims relating to building defects, or cost increases with regard to materials, machinery and labour, as well as factors generally influenced by the economic environment. Even though some agreements include price adjustment clauses, it is not always possible to eliminate or reduce these risks.

If sub-contractors of the Group fail to meet project deadlines or the agreed budget, this may lead to delays and additional costs in the construction which may lead not only to a delay in payment receipts, but also to fines or a cancellation of the agreement by the Group's customers. Furthermore, the Group's reputation as a construction company could be damaged. Such increases in costs, decreases in earnings and potential reputational damage to the Group could have a material adverse effect on the business, the financial condition and the results of operations of the Group.

Risks in relation to public sector infrastructure projects and civil works

Despite the gradual increase in the usage of public private partnerships (PPPs) as a way of procuring public services and infrastructure assets, in those regions in which the Group is active general conditions for infrastructure development have been affected by public budget restrictions. The Spanish market has been an example where fiscal imbalances and the growth of public debt since 2008 have affected public investment, and therefore the level of infrastructure development.

The Group's activities in Spain depend on investments in infrastructure projects determined by and approved under the Spanish national budget as well as under the budgets of the different Autonomous Communities as well as Spanish municipalities. The overall economic decline in Spain has led to a decline in infrastructure projects being approved in the relevant public authorities' budgets, with the result that invitations to tender have also declined. Moreover, at the date of this Base Prospectus, the governmental budget for 2017 has not yet been approved in Spain, the delay in the formation of the government could affect the schedule of budget execution when it comes to public investments in infrastructures.

Should the Spanish public sector budget allocations for infrastructure projects be further reduced, or not be increased, or should new decisions be made leading to a delay in, or cessation of, public infrastructure projects already awarded to the Group, this could have a material adverse effect on the business, the financial condition and the results of operations of the Group.

Risks in Relation to the Concessions Business Sub-Unit

Concessions disinvestment risk

The concessions business strategy of the Group is to sell concessions as soon as they mature. Therefore, a suitable investor for the relevant concession has to be found and the relevant sales process has to be successfully completed. Should the Group's strategy of selling concessions fail, this could have a material adverse effect on the financial condition and the results of operations of the Group.

As at the date of this Base Prospectus, ACS has capital holdings in some motorway and railway infrastructure concessionaires which are experiencing financial difficulties due to the impact of financial crisis on the use of these infrastructures. The solutions found for the financial rebalancing processes will condition both the divestment calendar and the sale price of these assets. In particular, in the case of TP Ferro Concesionaria, S.A. ("**TP Ferro**"), and after not having agreed a rebalance of the project with the Spanish and French authorities and the financing banks, a bankruptcy procedure was filed, and a judge adopted a liquidation resolution for that company on 15 September 2016. Afterwards, both the Spanish and French authorities declared the administrative termination of the concession, and on 20 December 2016 the reversion of the concession to both countries was signed. As the equity participation was already valued at zero and since there were no guarantees or financial commitments regarding the project, there is no impact in the financial statements of ACS.

If the Group is required to continue operating the concessions it was not able to dispose of this would generate a higher ordinary income from the operation of the concessions, however it would in turn increase the risks related to the operation of these concessions, which are described in more detail under "*Risks related to revenues from the operation of concessions*", below.

Risks resulting from the need to review the portfolio of concessions

The Group aims to renew its portfolio of concessions on an ongoing basis. Should the Group not be awarded new concessions with which to replace the concessions previously sold, or concessions remaining in the portfolio which will expire or will terminate or be withdrawn, the extraordinary income from the sale as well as the ordinary income from the operation of concessions could decline. This could have a material adverse effect on the business, the financial condition and the results of operations of the Group.

Risks related to revenues from the operation of concessions

The ordinary income realised by the Group from the operation of infrastructure concessions depends in part on the fee revenue from the relevant concession. Any option to increase such revenue above the agreed amount may be restricted or limited and the fees may be reduced by the relevant public authority during the term of the concession. The income from the operation of infrastructure concessions carried out by the Group may depend on the number of users of the infrastructure underlying the concession – in addition to the fee rates – which in turn depends on demand. If the number of users of the infrastructure operated by the Group or its availability for use, respectively, is lower than the number of users or the availability for use initially provided for in the economic plans and financial budgets, or if the fees initially used as a basis in the economic plans and financial budgets are reduced, this could have material adverse effects on the business, the financial condition and the results of operations of the Group.

Risks associated with the enforcement of given guarantees in the concessions unit

Regarding the guarantees granted by the Issuer in relation to Alazor Inversiones, S.A., in March 2015, a notification related to the enforcement of the payment to the banks was received. The Issuer has filed claims related thereto. Should the Group not succeed in such claims, it could adversely affect its financial results.

Risks in the Services Business Unit

Limited term of the concessions and service agreements

A large part of the income of the services business unit is generated through concessions regarding the provision of services as well as service agreements entered into with private companies and public authorities. At the end of financial year 2016, the backlog (namely the number of agreed orders and contracts which have not yet been completed) for both types of services was fifteen months. Once a concession expires, the Group must participate in another tender procedure in order to renew the relevant

concession. Similarly, the Group frequently has to compete with other companies to renew private agreements after their expiry. Furthermore, concessions and agreements with private entities are subject to numerous conditions and obligations, with the failure to fulfil such conditions or obligations potentially leading to a termination of the concessions or cancellation of the agreements.

Regarding concessions for public services, the public authorities in specific countries are entitled to unilaterally amend or cancel concession agreements. Please see "*Risk of termination or early withdrawal of the concessions by public authorities*" above for more information on the risk of a termination or early withdrawal of concessions.

Should the Group be unable to maintain or renew the concessions and the service agreements it currently has been awarded, or should the Group not be awarded new concessions or service agreements, this could have a material adverse effect on the business, the financial condition and the results of operations of the Group.

Risks in the Industrial Services Business Unit

Risks relating to the awarding of new projects

A significant part of the income of the Group in the industrial services business unit is generated directly or indirectly through turnkey projects (namely, projects developed from inception to delivery). These projects have increasingly become technologically complex. Typically, the contract for the entire project is awarded to a general contractor in a tendering competition, considering not only the price but also the quality of the service, technological capacity, efficiency, personnel as well as reputation and experience.

Should the price competition intensify and fewer business opportunities considered by the Group as profitable arise, there could be less orders available to the Group. Should the Group be unable to enter into new project agreements, or to do so profitably, this could have a material adverse effect on the financial condition and the results of operations of the Group.

Risks related to the estimate of construction costs and deadlines for completion

In part, the Group offers its services in the industrial services business unit at fixed prices or as a lump-sum offer, among other things, in connection with engineering, procurement and construction ("**EPC**") agreements. In these kinds of agreements, additional costs, incurred as a consequence of an inaccurate cost estimates or as a consequence of the budgeted costs being exceeded during the implementation of the project (for example, due to fluctuations in the price of raw materials or to changes in the execution calendar or to design or procurement deficiencies), may lead to the project being less profitable than expected or to losses arising to the Group.

Some of the circumstances described above are beyond the Group's control and may lead to its inability to complete the project at the budgeted costs or according to schedule (which may, in turn, lead to the imposition of an agreed contractual penalty). This could have a material adverse effect on the financial condition and the results of operations of the Group.

Risks related to national and international political measures to promote renewable energies

The implementation and profitability of projects of the Group in the zone of renewable energies depend materially on the political and legal conditions for the promotion of such projects. Although in recent years renewable energy initiatives have been generally supported by the public authorities in those jurisdictions in which the Group is active, the Group believes that the renewable energy industry will need to be able to compete on a non-subsidised basis with both conventional and other alternative energy sources going forward. As public sector subsidies and other incentives are progressively withdrawn in those jurisdictions in which the Group implements renewable energy projects, this could result in the costs to the Group of implementing those projects increasing and there can be no assurances that the Group will be able to recover those costs from end-users of renewable energy. As result, the withdrawal of subsidies and incentives to renewable energy production, or any public statement by a relevant public authority to do so, could have a material adverse effect on the business, the financial condition and the results of operation of the Group.

The activity of the Group could be jeopardised in two ways if the regulators in the countries where it operates modify the economic incentives for promoting sustainable energy sources. On the one hand, its activity could be jeopardised as a result of potentially reduced activity in the services provided by the public

sector for installing new plants which generate renewable energy, in addition to a reduction in the number of new projects in this sector. On the other hand, it could be subject to possible negative effects to the term and/or in the sale price of shares for projects previously undertaken by the Group. Any negative impact on the renewable energy markets in which the Group is active could have a material adverse effect on the financial condition and the results of operations of the Group.

Regulatory changes

On 16 February 2015, Saeta Yield, S.A. ("**Saeta Yield**"), a subsidiary of the Group, was listed on the Spanish Stock Exchanges, but the Group still holds a 24.6% interest in this company. Saeta Yield's assets consist of wind farms and solar thermal plants. Any new regulatory changes in the renewable energy sector may negatively impact Saeta Yield's stock market quote and have a material adverse effect on the value of the Group's stake in Saeta Yield.

Risks in Relation to Derivative Transactions

The Group has entered into derivative transactions, including transactions on interest rate, currency and equity. Derivative markets are in the process of being reformed. In Europe, this reform has led to the adoption of Regulation 648/2012, known as the European Market Infrastructure Regulation ("**EMIR**"). EMIR introduces new requirements to improve transparency and reduce risks associated with the derivatives market. EMIR came into force on 16 August 2012, although the main requirements are being progressively implemented from 2013 to 2017. As at the date of this Base Prospectus, EMIR requires, *inter alia*, all EU derivatives market participants who enter into any form of derivative transaction, including (amongst others) derivative transactions on interest rate, currency and equity, to report all derivative transactions to a trade repository and implement new risk mitigation techniques (including timely confirmation of transactions, portfolio reconciliation, dispute resolution and daily valuation). In addition, EMIR requires, with respect to certain entities, the clearing through a central counterparty of over-the-counter derivatives that are subject to a mandatory clearing obligation, and the exchange of collateral for all non-cleared over-the-counter derivative transactions.

Compliance with the requirements imposed by EMIR which apply to the Group and with the requirements arising from any other derivatives regulations to which it could be subject could be burdensome, giving rise to additional expenses that may have an impact on the Group's financial condition. Additionally, such regulations could increase the cost of conducting hedging activities. Non-compliance with such requirements applicable under EMIR or under any other derivatives regulations to which the Group could be subject could constitute an offence under the Spanish Securities Markets Act which could result in the imposition of fines by the relevant supervisory authority.

Additionally, although the corporate management of the Group establishes counterparty selection criteria based on the quality of credit of the financial institutions which translates into a portfolio of entities of high quality and solvency, the Group is exposed to the risk of breach by its counterparties in transactions involving derivative transactions.

Risks Related to the Overall Business of the Group

Risk of competition

All of the Group's business units operate in highly competitive sectors which require considerable use of human, material, technical and financial resources. The companies competing with the various subsidiaries and business units of the Group may have greater technical and financial resources available than those available to the Group or may be more experienced or have better knowledge of the markets in which the Group operates or in which it intends to expand. Other companies may also be willing to accept lower margins and would therefore be able to submit a technologically better offer at the same price or a similar offer at a lower price than the Group.

For these reasons, it could become more difficult for the Group to be awarded new projects, concessions and agreements. Likewise, the Group could find itself compelled to accept construction and other projects, concessions and agreements or providing services at lower margins than in the past. This could have a material adverse effect on its business, financial condition and results of operations.

Legal risks related to licensing and approvals

In order to be able to carry out specific projects, the Group may have to obtain approvals, licences, certificates and other permits from the competent authorities in specific project phases. There can be no assurances that the Group will be able to obtain the relevant approvals at all, or on a timely basis, or that it will be able to fulfil the requirements for such approvals in all cases. This could lead to delays, which could have a material adverse effect on the business, the financial condition and the results of operations of the Group.

Dependency on various provisions under environmental law

The Group operates in different businesses and jurisdictions with increasing environmental law and regulation requirements which have in turn become increasingly complex and strict. The applicable regulations may provide for liability regardless of fault for any damage caused to natural resources or for a mere threat to public safety and health without having caused any actual environmental damage. Such liability regardless of fault may lead to liability for environmental damage irrespective of whether it was caused negligently or whether several persons are jointly responsible for the damage. Irrespective of who is personally liable under civil law or, if applicable, criminal law, entities of the Group may also be considered liable.

A stricter application of the environmental laws or regulations, the entry into force of new laws, the discovery of currently unknown environmental contamination or the introduction of new or stricter requirements for obtaining licences and approvals could have a material adverse effect on the business, the financial condition or the results of operations of the Group.

Risks due to legal claims

Claims may be asserted against the Group based on accidents occurring or mistakes made during the implementation of construction works and projects, the operation of concessions by the Group or during the provision of services. Such claims may relate to the injury or death of human beings, damage to facilities and accessories or environmental damage. They may be based on alleged acts or omissions of the Group and/or of its sub-contractors.

Additionally, the Group is required to provide commercial guarantees to clients in respect of the proper functioning of construction works carried out by it. A failure of any such works to perform as specified could result in claims being made against the Group under the relevant guarantee(s). Any such claim could materially adversely affect the business, financial condition or results of operations of the Group, and could furthermore have a materially adverse effect on the Group's reputation.

The Group typically takes out insurance policies and tries to stipulate limits on liability in the contracts to which it is a party, with a view in each case to mitigate the risk of a claim under any such guarantee. However, the insurance taken out by the Group and contractual liability limits may not provide sufficient coverage to the Group with regard to the consequences of the circumstances described above and the corresponding liability claims. Furthermore, indemnifications granted to the Group by sub-contractors may be ineffective to the extent that the relevant sub-contractors do not have sufficient insurance cover of their own, or necessary resources to satisfy the claims made against them by the Group. On the other hand, the Group may decide that no insurance covering the above risks will be taken, may not be able to take out the insurance on a reasonable basis or ensure that each agreement will include appropriate indemnifications. Even if any insurance cover exists, the liability claims could exceed the amount insured or lead to an increase in insurance premiums. All of the above could have a material adverse effect on the business, the financial condition or the results of operations of the Group.

Risks due to tax disputes

There are at least two sources of tax risks. On the one hand, the risk arising from changes in tax legislations that could not be foreseen at the time when investment decisions were adopted. This could affect the achievement of the investment return objectives if the tax factor was relevant. Moreover, changes in tax laws could jeopardise the effective use of tax credits, generating a deviation in the cash flow for the payment of taxes. On the other hand, the Issuer is established in Spain, but the Group also operates in almost 65 countries through a number of subsidiaries which must operate in compliance with applicable tax regulations in their jurisdictions. In this regard, although the corporate tax policy of ACS determines that a

prudent tax practice must be followed, the interpretation of the tax laws in different tax jurisdictions could trigger material tax disputes or legal proceedings, such that claims could materially adversely affect the business, financial condition or results of operations of the Group

Risks arising from supplier agreements and the sub-contracting of services

In carrying out construction works and projects, operating concessions and in regard to the services it offers, the Group relies on external manufacturers of equipment and sub-contractors. To the extent it is impossible for the Group to sub-contract specific services or to acquire equipment and materials complying with the relevant plans, quality standards, specifications and cost objectives, this may affect the scheduled commissioning of concessions or a satisfactory provision of services to clients. In connection therewith, there is a risk of contractual penalties, cancellations of agreements and liability claims, which could have a material adverse effect on the financial condition and the results of operations of the Group.

Risks related to the Group's presence in emerging markets

In 2016, 15.7 per cent. of sales were generated in emerging markets: in Latin-America, 9.9 per cent.; in Africa, 0.9 per cent.; and in Asia ex-Oceania, Hong-Kong and Japan 4.9 per cent. These emerging markets are exposed to political and legal risks which are present to a greater degree than in Europe, North America (excluding Mexico) and Australia. These risks include the risk of nationalisation and expropriation of private assets, political and social instability, frequent changes in the general legal conditions and government policy as well as changes in tax policy and price control. These markets also face a higher risk of macro-economic instability and volatility than the markets in the industrialised nations, which may lead to restrictions in foreign currency transactions, in repatriating profits and importing of investment goods. These risks could have a material adverse effect on the business, the financial condition and the results of operations of the Group.

Risks derived from Hochtief ring-fencing agreement

As at the date of this Base Prospectus, there are still some outstanding financial instruments issued by Hochtief A.G. ("**Hochtief**") subject to a policy of ring-fencing (or asset protection) established in 2012. In accordance with such policy, when arranging the refinancing of its syndicated and credit facilities with syndicates of international banks and through bond issuances, Hochtief enters into agreements which include comprehensive ring-fencing clauses for dealings and transactions with the Group. Such clauses restrict Hochtief from entering into any contractual agreement with the Group that would weaken its credit standing, in accordance with which lenders and investors have special termination rights in the event that any such contracts are entered into, contrary to such clauses.

Should an adverse financial situation arise in which the Group were requested to cancel short term debt using cash and short term investments, the ring-fencing policy would make it difficult to gain access to cash and equivalent financial resources from Hochtief.

Risks due to the further geographical expansion of the business

The Group plans a further functional and geographic expansion of its business activities into new countries and markets. This expansion involves, in particular, the risk that the Group will not generate sufficient or any profits in the new business units and countries. There can be no assurances as to when such expansions may become profitable, if at all. Losses and even a smaller level of profits would have a material adverse effect on the financial condition and the results of operations of the Group.

Risks related to technological changes

The technologies used in the different sectors in which the Group operates are subject to fast and continued development. Increasingly complex technological solutions, which are continuously evolving, are used in these sectors. Should the Group be unable to react appropriately to the current and future technological developments in the sectors in which it carries out its activities, this could have material adverse effects on the business, the financial condition and the results of operations of the Group.

Risk related to the cancellation of projects, termination or early withdrawal of the concessions by public authorities

The Group performs its concessional activities worldwide through projects such as, for example, highway transport concessions, bus and train transfer stations, bridges, tunnels, energy concessions and storage projects, hospitals and other public-private partnerships and contract mining. The conduct by the Group of those concessional activities, including their commercial operation, depends on public authorities' decisions and authorisations. The public authorities in those countries in which the Group has been awarded concessions may unilaterally cancel, suspend or terminate or withdraw such concessions on public interest grounds or due to the existence of material changes in economic conditions or due to environmental concerns.

The Group generally aims to carry out its activities in industrialised countries in which this risk is typically lower. However, there can be no assurances that the public authorities in those jurisdictions in which the Group operates will not make decisions that adversely affect the business of the Group, by not authorising the exploitation of a particular project for any reason, or by changing adversely the legislative and/or regulatory framework in which the Group operates.

If a public authority cancels a project of the Group prior to or after the start-up of its exploitation, or if it terminates or withdraws provisionally or definitively a concession awarded to the Group, the Group may have a claim for compensation against that public authority. However, such compensation ultimately awarded to the Group may be insufficient and, should this be the case, it would have a material adverse effect on the business, financial condition and results of operations of the Group.

Damage to the Group's reputation could cause harm to the Group's business prospects

Maintaining a positive reputation is critical to the Group attracting and maintaining customers, investors and employees. Damage to the Group's reputation can therefore cause significant harm to its business and prospects. Harm to the Group's reputation can arise from numerous sources, including, among others, employee misconduct, litigation or regulatory, failure to deliver standards of service, compliance failures, unethical behaviour, and the activities of customers and counterparties. Further, negative publicity regarding the Group, whether or not true, may result in harm to its prospects.

Risks Related to Shareholdings of the Group

Risks related to sectors, geographical markets, indebtedness and litigation

Material amendments to the legal provisions applicable to the sectors in which the companies in which the Group holds shares operate, operating risks of these companies as well as the specific risks related to the countries and regions in which these companies operate could affect their market value and have a material adverse effect on the future financial condition and the results of operations of the Group.

Any failure of the companies in which the Issuer holds shares to fulfil payment obligations, an increase of the borrowing costs of these companies as a consequence of higher liabilities or material fluctuations in interest rates, respectively, or clear cost increases as a consequence of any litigation in connection with the operation of their business activities as well as corporate actions could have a material adverse effect on the financial condition and the results of operations and the distribution of dividends of these companies. This could also have a material adverse effect on the financial condition and the results of operations and the profitability of the Group.

Strategy of growth by acquisitions

The acquisition of companies with a strong presence in markets which are strategically important for the Group as well as the acquisition of shareholdings in listed companies, which operate in sectors that are also strategically important for the Group have been a decisive factor in the Group's growth strategy.

In case of an economic slowdown, the growth opportunities through acquisitions depend essentially on whether the Group is able to recognise strategic investment opportunities and whether it has its own funds and the external funds required to carry out an intended investment, in particular considering the currently restrained lending environment in the jurisdictions in which the Group is active. If this were not the case, this could have material adverse effects on the business, the financial condition and the results of operations of the Group.

Risk of dependency on key personnel

The Group employs highly qualified technical and managerial staff, both at Group level as well as at the level of the relevant divisions and areas of activity. The exit of key employees may have a material adverse effect on the business of the Group. Should the Group not be able to hire or retain sufficiently qualified technical and managerial staff, this could limit or delay the business performance of the Group.

Risks resulting from judicial proceedings and other legal disputes

The Issuer and its subsidiaries are parties to a series of judicial and other legal proceedings and disputes. In most cases, the pending judicial proceedings and other legal disputes of the Group have their origin in the ordinary business activities of the Group. These judicial proceedings result from the Group's relations towards clients, suppliers, employees or authorities, or activities carried out by the Group entities. The outcome of these judicial proceedings and disputes is uncertain and cannot be predicted with reasonable certainty.

Even though the Group creates provisions in its accounts in accordance with the best possible estimates based on available information, any pending and future judicial proceedings or other legal disputes may have a material adverse effect on the business, the financial condition and the results of operations of the Group.

The Group's financial condition and results of operations may be adversely affected if it does not effectively manage its exposure to interest rate and foreign currency exchange risk

Interest rate risk

Variations in interest rates modify the reasonable value of those assets and liabilities that accrue a fixed interest rate as well as the future flows of assets and liabilities referenced against a variable interest rate. The objective of the management of interest rate risk is to achieve equilibrium in the structure of debt in order to reduce subsequent volatility on the Group's income statement. The Group hedges its transactions through derivative transactions that mitigate part of these risks, however, there is no assurance as to the effectiveness of such measures.

Exchange rate risks

Exchange rate risks are inherent in, inter alia, the following transactions:

- debt denominated in foreign currency contracted by the Group;
- collections and payments for supplies, services or equipment in foreign currencies;
- income and expenses of the Group in foreign currencies; and
- profit or loss on consolidation of the financial statements of the Group's foreign subsidiaries.

The global nature of the Group's operations means that it is exposed to exchange rate risks. The Group uses currency swaps and exchange rate insurance in order to mitigate part of these risks; however, there is no assurance as to the effectiveness of such measures.

Refinancing risk

As a result of the application of new international financial regulations ("**Basel III**"), and in order to recover investor confidence, major banks are immersed in a process to strengthen their balance sheets by means of reducing assets and increasing capital, a process known as deleveraging.

Basel III's rules respond to the need to strengthen regulation, supervision and management of risks in the banking sector and constitute a set of measures meant to improve the banking sector's ability to absorb shocks deriving from economic and financial stress, so as to improve the risk management and governance of financial institutions. However, in the event that financial tensions and synchronised deleveraging arise on a large scale with relation to international banks, this could lead to a global credit crunch which would affect the liquidity of governments, businesses and families, undermining economic growth and global recovery.

Dependence on bank credit is greater for European companies than that of North American companies and consequently they seem more exposed to such a contingency. Specifically in the Group, a process of this nature would require the implementation of a procedure for substituting financing sources, given that, as at the date of this Base Prospectus, the majority of its total gross debt corresponds to bank credit. The Group is exposed to risk as a result of a potential global credit crunch which could cause economic or financial loss to the Group.

Credit risk

The Group is exposed to credit risk as a result of a counterparty failing to comply with its contractual obligations, thereby causing economic or financial loss to the Group. The different risk policies include, for example, limitations on maximum timeframes on open positions and minimum creditworthiness of counterparties with which the Group contracts.

Risks Relating to the Notes

Risks in relation to Notes held by Spanish corporate entities

Despite the Issuer's opinion that, due to the Notes not being placed in Spain (on the basis that there will be no public offer into Spain, as contemplated in "*Subscription and Sale – The Kingdom of Spain*") there is a possible exemption from withholding tax on payments to Spanish corporate Noteholders, the Spanish tax authorities may determine that the Notes have been placed, totally or partially, in Spain and that such exemption does not apply to any of the Notes. If such determination were made, the Issuer would be required to make a withholding at the applicable rate, as at the date of this Base Prospectus 19 per cent., on payments of interest under the Notes and no additional amounts will be payable by the Issuer in such circumstances.

Risks in Relation to Spanish Taxation

Under Spanish Law 10/2014, of 26 June and Royal Decree 1065/2007, as amended by Royal Decree 1145/2011, income payments in respect of the Notes will be made without withholding tax in Spain provided that the Issuer provides, pursuant to Spanish law, certain information at the relevant time in the Spanish language regarding the Notes to the Spanish tax authorities. The Issuer and the Fiscal Agent have arranged certain procedures to facilitate the collection of information concerning the Notes. The Issuer will withhold Spanish withholding tax from any payment in respect of any outstanding principal amount of the Notes (as applicable) as to which the required information has not been provided at the relevant time and will not gross up payments in respect of any such withholding tax. The Agency Agreement (as defined herein) provides that the Fiscal Agent will, to the extent applicable, comply with the relevant procedures to facilitate the collection of information concerning the Notes. The procedures may be modified, amended or supplemented, to, among other reasons, reflect a change in applicable Spanish law, regulation, ruling or interpretation thereof or to reflect a change in applicable clearing system rules or procedures or to add procedures for one or more new clearing systems. See "*Taxation – Taxation in Spain*". None of the Issuer, the Arranger, the Dealers the Fiscal Agent, Euroclear or Clearstream, Luxembourg assumes any responsibility therefor.

Royal Decree 1065/2007, as amended by Royal Decree 1145/2011, provides that any payment of interest made under securities originally registered in a non-Spanish clearing and settlement entity recognised by Spanish legislation or by the legislation of another Organisation for Economic Co-operation and Development (OECD) country will be made with no withholding or deduction from Spanish taxes provided that the relevant information about the Notes is received by the Issuer. In the opinion of the Issuer, payments in respect of the Notes will be made without deduction or withholding of taxes in Spain provided that the relevant information about the Notes is submitted by the Fiscal Agent to it, notwithstanding the information obligations of the Issuer under general provisions of Spanish tax legislation, by virtue of which identification of Spanish investors may be provided to the Spanish tax authorities.

Notwithstanding the above, in the case of Notes held by Spanish resident individuals (and, under certain circumstances, by Spanish entities subject to Corporate Income Tax) and deposited with a Spanish resident entity acting as depositary or custodian, payments in respect of such Notes may be subject to withholding by such depositary or custodian at the current rate of 19 per cent..

If the Spanish tax authorities maintain a different opinion as to the application by the Issuer of withholding to payments made to Spanish residents (individuals and entities subject to Corporate Income Tax), the Issuer will be bound by that opinion and, with immediate effect, will make the appropriate withholding and the Issuer will not, as a result, pay additional amounts.

Risks Relating to Spanish Insolvency Law

Law 22/2003 (*Ley Concursal*) dated 9 July 2003 ("**Law 22/2003**" or the "**Insolvency Law**") provides, among other things, that: (i) any claim may become subordinated if it is not reported to the insolvency administrators (*administradores concursales*) within one month from the last official publication of the court order declaring the insolvency, (ii) provisions in a contract granting one party the right to terminate by reason only of the other's insolvency may not be enforceable, and (iii) accrual of interest (other than interest accruing under secured liabilities up to an amount equal to the value of the asset subject to the security) shall be suspended from the date of the declaration of insolvency and any amount of interest accrued up to such date (other than any interest accruing under secured liabilities up to an amount equal to the value of the asset subject to the security) shall become subordinated.

The Insolvency Law, in certain instances, also has the effect of modifying or impairing creditors' rights even if the creditor, either secured or unsecured, does not consent to the amendment. Secured and unsecured dissenting creditors may be written down not only once the insolvency has been declared by the judge as a result of the approval of a creditors' agreement (*convenio concursal*), but also as a result of an out-of-court restructuring agreement (*acuerdo de refinanciación pre-concursal*) without insolvency proceedings having been previously opened (e.g., refinancing agreements which satisfy certain requirements and are validated by the judge), in both scenarios (i) to the extent that certain qualified majorities are achieved and unless (ii) some exceptions in relation to the kind of claim or creditor apply (which would not be the case for the Notes).

The majorities legal regime envisaged for these purposes also hinges on (i) the type of the specific restructuring measure which is intended to be imposed (e.g., extensions, debt reductions, debt for equity swaps, etc.) as well as (ii) on the part of claims to be written-down (i.e. secured or unsecured, depending on the value of the collateral as calculated pursuant to the rules established in the Insolvency Law).

In no case shall subordinated creditors be entitled to vote upon a creditors' agreement during the insolvency proceedings, and accordingly, shall be always subject to the measures contained therein, if passed. Additionally, liabilities from those creditors considered specially related persons for the purpose of Article 93.2 of the Insolvency Law would not be taken into account for the purposes of calculating the majorities required for the out-of-court restructuring agreement (*acuerdo de refinanciación pre-concursal*).

As such, certain provisions of the Insolvency Law could affect the ranking of the Notes or claims relating to the Notes on an insolvency of the Issuer.

Suitability

Prospective investors should determine whether an investment in the Notes is appropriate in their particular circumstances and should consult with their legal, business and tax advisers to determine the consequences of an investment in the Notes and to arrive at their own evaluations of the investment.

Conflicts of interest – Calculation Agent

Potential conflicts of interest may exist between the Calculation Agent (if any) and Noteholders (including where a Dealer acts as a calculation agent), including with respect to certain determinations and judgements that such Calculation Agent may make pursuant to the Conditions that may influence amounts receivable by the Noteholders during the term of the Notes and upon their redemption.

There is no active trading market for the Notes

Notes issued under the Programme will be new securities which may not be widely distributed and for which there is currently no active trading market (unless in the case of any particular Tranche, such Tranche is to be consolidated with and form a single series with a Tranche of Notes which is already issued). If the Notes are traded after their initial issuance, they may trade at a discount to their initial offering price, depending upon prevailing interest rates, the market for similar securities, general economic conditions and the financial condition of the Issuer. Although applications have been made for the Notes issued under the

Programme to be listed on the Official List of the Irish Stock Exchange and admitted to trading on its regulated market, there is no assurance that such applications will be accepted, that any particular Tranche of Notes will be so admitted or that an active trading market will develop. Accordingly, there is no assurance as to the development or liquidity of any trading market for any particular Tranche of Notes.

The Notes may be redeemed by the Issuer prior to maturity

Notes may be redeemable prior to maturity at the Issuer's option in certain circumstances, and an optional redemption feature of Notes is likely to limit their market value. During any period when the Issuer may elect to redeem Notes, the market value of those Notes generally will not rise substantially above the price at which they can be redeemed. This also may be true prior to any redemption period. The Issuer may be expected to redeem Notes when their cost of borrowing is lower than the interest rate on the Notes. At those times, an investor generally would not be able to reinvest the redemption proceeds in a comparable security at an effective interest rate as high as the interest rate on the Notes being redeemed and may only be able to do so at a significantly lower rate. Potential investors should consider reinvestment risk in light of other investments available at that time.

As the Global Notes are held by or on behalf of Euroclear and Clearstream, Luxembourg, investors will have to rely on their procedures for transfer, payment and communication with the Issuer

Notes issued under the Programme may be represented by one or more Global Notes. Such Global Notes will be deposited with a common depositary or common safekeeper, as applicable, for Euroclear and Clearstream, Luxembourg. Except in the circumstances described in the relevant Global Note, investors will not be entitled to receive definitive Notes. Euroclear and Clearstream, Luxembourg will maintain records of the beneficial interests in the Global Notes. While the Notes are represented by one or more Global Notes, investors will be able to trade their beneficial interests only through Euroclear and Clearstream, Luxembourg.

While the Notes are represented by one or more Global Notes the Issuer will discharge its payment obligations under the Notes by making payments to the common depositary or paying agent (in the case of a New Global Note) for Euroclear and Clearstream, Luxembourg for distribution to their account holders. A holder of a beneficial interest in a Global Note must rely on the procedures of Euroclear and Clearstream, Luxembourg to receive payments under the relevant Notes. The Issuer has no responsibility or liability for the records relating to, or payments made in respect of, beneficial interests in the Global Notes.

Holders of beneficial interests in the Global Notes will not have a direct right to vote in respect of the relevant Notes. Instead, such holders will be permitted to act only to the extent that they are enabled by Euroclear and Clearstream, Luxembourg to appoint appropriate proxies. Similarly, holders of beneficial interests in the Global Notes will not have a direct right under the Global Notes to take enforcement action against the Issuer in the event of a default under the relevant Notes but will have to rely upon their rights under the Deed of Covenant.

Fixed/Floating Rate Notes

Fixed/Floating Rate Notes may bear interest at a rate that may convert from a fixed rate to a floating rate, or from a floating rate to a fixed rate. Where the Issuer has the right to effect such a conversion, this will affect the secondary market and the market value of the Notes since the Issuer may be expected to convert the rate when it is likely to produce a lower overall cost of borrowing. If the Issuer converts from a fixed rate to a floating rate in such circumstances, the spread on the Fixed/Floating Rate Notes may be less favourable than then prevailing spreads on comparable Floating Rate Notes tied to the same reference rate. In addition, the new floating rate at any time may be lower than the rates on other Notes. If the Issuer converts from a floating rate to a fixed rate in such circumstances, the fixed rate may be lower than then prevailing rates on its Notes.

Risks relating to Fixed Rate Notes

Investment in Notes which bear interest at a fixed rate involves the risk that subsequent changes in market interest rates may adversely affect the value of the relevant tranche of Notes.

Risks relating to Floating Rate Notes

Investment in Notes which bear interest at a floating rate comprise (i) a reference rate and (ii) a margin to be added or subtracted, as the case may be, from such base rate. Typically, the relevant margin will not change throughout the life of the Notes but there will be a periodic adjustment (as specified in the relevant Final Terms) of the reference rate (e.g., every three months or six months) which itself will change in accordance with general market conditions. Accordingly, the market value of floating rate Notes may be volatile if changes, particularly short term changes, to market interest rates evidenced by the relevant reference rate can only be reflected in the interest rate of these Notes upon the next periodic adjustment of the relevant reference rate. Should the reference rate be at any time negative, it could, notwithstanding the existence of the relevant margin, result in the actual floating rate be lower than the relevant margin.

FATCA

Pursuant to certain provisions of the U.S. Internal Revenue Code of 1986, commonly known as FATCA, a "**foreign financial institution**" may be required to withhold on certain payments it makes ("**foreign passthru payments**") to persons that fail to meet certain certification, reporting, or related requirements. A number of jurisdictions including the Kingdom of Spain have entered into, or have agreed in substance to, intergovernmental agreements with the United States to implement FATCA ("**IGAs**"), which modify the way in which FATCA applies in their jurisdictions. Under the provisions of IGAs as currently in effect, a foreign financial institution in an IGA jurisdiction would generally not be required to withhold under FATCA or an IGA from payments that it makes. Certain aspects of the application of the FATCA provisions and IGAs to instruments such as the Notes, including whether withholding would ever be required pursuant to FATCA or an IGA with respect to payments on instruments such as the Notes, are uncertain and may be subject to change. Even if withholding would be required pursuant to FATCA or an IGA with respect to payments on instruments such as the Notes, such withholding would not apply prior to 1 January 2019. Holders should consult their own tax advisors regarding how these rules may apply to their investment in the Notes. In the event any withholding would be required pursuant to FATCA or an IGA with respect to payments on the Notes, no person will be required to pay additional amounts as a result of the withholding.

The proposed Financial Transactions Tax ("FTT")

On 14 February 2013, the European Commission published a proposal (the "**Commission's Proposal**") for a Directive for a common FTT in Belgium, Germany, Estonia, Greece, Spain, France, Italy, Austria, Portugal, Slovenia and Slovakia (the "**participating Member States**"). However, Estonia has since stated that it will not participate.

The Commission's Proposal has very broad scope and could, if introduced, apply to certain dealings in the Notes (including secondary' market transactions) in certain circumstances. The issuance and subscription of Notes should, however, be exempt.

Under the Commission's Proposal, FTT could apply in certain circumstances to persons both within and outside of the participating Member States. Generally, it would apply to certain dealings in the Notes where at least one party is a financial institution, and at least one party is established in a participating Member State. A financial institution may be, or be deemed to be, "established" in a participating Member State in a broad range of circumstances, including (a) by transacting with a person established in a participating Member State or (b) where the financial instrument which is subject to the dealings is issued in a participating Member State.

However, the FTT proposal remains subject to negotiation between participating Member States. It may therefore be altered prior to any implementation, the timing of which remains unclear.

Prospective holders of the Notes are advised to seek their own professional advice in relation to the FTT.

FINAL TERMS AND DRAWDOWN PROSPECTUSES

In this section the expression "necessary information" means, in relation to any Tranche of Notes, the information necessary to enable investors to make an informed assessment of the assets and liabilities, financial position, profits and losses and prospects of the Issuer and of the rights attaching to the Notes. In relation to the different types of Notes which may be issued under the Programme the Issuer has included in this Base Prospectus all of the necessary information except for information relating to the Notes which is not known at the date of this Base Prospectus and which can only be determined at the time of an individual issue of a Tranche of Notes.

Any information relating to the Notes which is not included in this Base Prospectus and which is required in order to complete the necessary information in relation to a Tranche of Notes will be contained either in the relevant Final Terms or in a Drawdown Prospectus.

For a Tranche of Notes which is the subject of Final Terms, those Final Terms will, for the purposes of that Tranche only, complete this Base Prospectus and must be read in conjunction with this Base Prospectus. The terms and conditions applicable to any particular Tranche of Notes which is the subject of Final Terms are the Conditions described in the relevant Final Terms as completed to the extent described in the relevant Final Terms.

The terms and conditions applicable to any particular Tranche of Notes which is the subject of a Drawdown Prospectus will be the Conditions as supplemented, amended and/or replaced to the extent described in the relevant Drawdown Prospectus. In the case of a Tranche of Notes which is the subject of a Drawdown Prospectus, each reference in this Base Prospectus to information being specified or identified in the relevant Final Terms shall be read and construed as a reference to such information being specified or identified in the relevant Drawdown Prospectus unless the context requires otherwise.

Each Drawdown Prospectus will be constituted either (1) by a single document containing the necessary information relating to the Issuer and the relevant Notes or (2) by a registration document (the "**Registration Document**") containing the necessary information relating to the Issuer, a securities note (the "**Securities Note**") containing the necessary information relating to the relevant Notes and, if necessary, a summary note.

FORMS OF THE NOTES

Each Tranche of Notes will be in bearer form and will initially be in the form of either a temporary global note (the "**Temporary Global Note**"), without interest coupons, or a permanent global note (the "**Permanent Global Note**"), without interest coupons, in each case as specified in the relevant Final Terms. Each Temporary Global Note or, as the case may be, Permanent Global Note (each a "**Global Note**") which is not intended to be issued in new global note ("**NGN**") form, as specified in the relevant Final Terms, will be deposited on or around the issue date of the relevant Tranche of the Notes with a depositary or a common depositary for Euroclear Bank S.A./N.V. as operator of the Euroclear System ("**Euroclear**") and/or Clearstream Banking, société anonyme, Luxembourg ("**Clearstream, Luxembourg**") and/or any other relevant clearing system and each Global Note which is intended to be issued in NGN form, as specified in the relevant Final Terms, will be deposited on or around the issue date of the relevant Tranche of the Notes with a common safekeeper for Euroclear and/or Clearstream, Luxembourg.

On 13 June 2006 the European Central Bank (the "**ECB**") announced that Notes in NGN form are in compliance with the "Standards for the use of EU securities settlement systems in ESCB credit operations" of the central banking system for the euro (the "**Eurosystem**"), **provided that** certain other criteria are fulfilled. At the same time the ECB also announced that arrangements for Notes in NGN form will be offered by Euroclear and Clearstream, Luxembourg as of 30 June 2006 and that debt securities in global bearer form issued through Euroclear and Clearstream, Luxembourg after 31 December 2006 will only be eligible as collateral for Eurosystem operations if the NGN form is used.

The relevant Final Terms will also specify whether United States Treasury Regulation §1.163-5(c)(2)(i)(C) (the "**TEFRA C Rules**") or United States Treasury Regulation §1.163-5(c)(2)(i)(D) (the "**TEFRA D Rules**") are applicable in relation to the Notes or, if the Notes do not have a maturity of more than 365 days, that neither the TEFRA C Rules nor the TEFRA D Rules are applicable.

Temporary Global Note exchangeable for Permanent Global Notes

If the relevant Final Terms specifies the form of Notes as being "Temporary Global Note exchangeable for a Permanent Global Note", then the Notes will initially be in the form of a Temporary Global Note which will be exchangeable, in whole or in part, for interests in a Permanent Global Note, without interest coupons, not earlier than 40 days after the issue date of the relevant Tranche of the Notes upon certification as to non-U.S. beneficial ownership. No payments will be made under the Temporary Global Note unless exchange for interests in the Permanent Global Note is improperly withheld or refused. In addition, interest payments in respect of the Notes cannot be collected without such certification of non-U.S. beneficial ownership.

Whenever any interest in the Temporary Global Note is to be exchanged for an interest in a Permanent Global Note, the Issuer shall procure (in the case of first exchange) the delivery of a Permanent Global Note to the bearer of the Temporary Global Note or (in the case of any subsequent exchange) an increase in the principal amount of the Permanent Global Note in accordance with its terms against:

- (i) presentation and (in the case of final exchange) presentation and surrender of the Temporary Global Note to or to the order of the Fiscal Agent; and
- (ii) receipt by the Fiscal Agent of a certificate or certificates of non-U.S. beneficial ownership.

The principal amount of Notes represented by the Permanent Global Note shall be equal to the aggregate of the principal amounts specified in the certificates of non-U.S. beneficial ownership provided, however, that in no circumstances shall the principal amount of Notes represented by the Permanent Global Note exceed the initial principal amount of Notes represented by the Temporary Global Note.

If:

- (a) the Permanent Global Note has not been delivered or the principal amount thereof increased by 5.00 p.m. (London time) on the seventh day after the bearer of the Temporary Global Note has requested exchange of an interest in the Temporary Global Note for an interest in a Permanent Global Note; or
- (b) the Temporary Global Note (or any part thereof) has become due and payable in accordance with the Terms and Conditions of the Notes or the date for final redemption of the Temporary Global

Note has occurred and, in either case, payment in full of the amount of principal falling due with all accrued interest thereon has not been made to the bearer of the Temporary Global Note in accordance with the terms of the Temporary Global Note on the due date for payment,

then the Temporary Global Note (including the obligation to deliver a Permanent Global Note) will become void at 5.00 p.m. (London time) on such seventh day (in the case of (a) above) or at 5.00 p.m. (London time) on such due date (in the case of (b) above) and the bearer of the Temporary Global Note will have no further rights thereunder (but without prejudice to the rights which the bearer of the Temporary Global Note or others may have under the Deed of Covenant).

The Permanent Global Note will become exchangeable, in whole but not in part only and at the request of the bearer of the Permanent Global Note, for Bearer Notes in definitive form ("**Definitive Notes**") if either of the following events occurs:

- (a) Euroclear or Clearstream, Luxembourg or any other relevant clearing system is closed for business for a continuous period of 14 days (other than by reason of legal holidays) or announces an intention permanently to cease business; or
- (b) any of the circumstances described in Condition 11 (*Events of Default*) occurs.

Whenever the Permanent Global Note is to be exchanged for Definitive Notes, the Issuer shall procure the prompt delivery (free of charge to the bearer) of such Definitive Notes, duly authenticated and with Coupons and Talons attached (if so specified in the Final Terms), in an aggregate principal amount equal to the principal amount of Notes represented by the Permanent Global Note to the bearer of the Permanent Global Note against the surrender of the Permanent Global Note to or to the order of the Fiscal Agent within 30 days of the bearer requesting such exchange.

If:

- (a) Definitive Notes have not been duly delivered by 5.00 p.m. (London time) on the thirtieth day after the bearer has requested exchange of the Permanent Global Note for Definitive Notes; or
- (b) the Permanent Global Note was originally issued in exchange for part only of a Temporary Global Note representing the Notes and such Temporary Global Note becomes void in accordance with its terms; or
- (c) the Permanent Global Note (or any part thereof) has become due and payable in accordance with the Terms and Conditions of the Notes or the date for final redemption of the Permanent Global Note has occurred and, in either case, payment in full of the amount of principal falling due with all accrued interest thereon has not been made to the bearer in accordance with the terms of the Permanent Global Note on the due date for payment,

then the Permanent Global Note (including the obligation to deliver Definitive Notes) will become void at 5.00 p.m. (London time) on such thirtieth day (in the case of (a) above) or at 5.00 p.m. (London time) on the date on which such Temporary Global Note becomes void (in the case of (b) above) or at 5.00 p.m. (London time) on such due date ((c) above) and the bearer of the Permanent Global Note will have no further rights thereunder (but without prejudice to the rights which the bearer of the Permanent Global Note or others may have under the Deed of Covenant).

Temporary Global Note exchangeable for Definitive Notes

If the relevant Final Terms specifies the form of Notes as being "Temporary Global Note exchangeable for Definitive Notes" and also specifies that the TEFRA C Rules are applicable or that neither the TEFRA C Rules or the TEFRA D Rules are applicable, then the Notes will initially be in the form of a Temporary Global Note which will be exchangeable, in whole but not in part, for Definitive Notes not earlier than 40 days after the issue date of the relevant Tranche of the Notes.

If the relevant Final Terms specifies the form of Notes as being "Temporary Global Note exchangeable for Definitive Notes" and also specifies that the TEFRA D Rules are applicable, then the Notes will initially be in the form of a Temporary Global Note which will be exchangeable, in whole or in part, for Definitive Notes not earlier than 40 days after the issue date of the relevant Tranche of the Notes upon certification as

to non-U.S. beneficial ownership. Interest payments in respect of the Notes cannot be collected without such certification of non-U.S. beneficial ownership.

Whenever the Temporary Global Note is to be exchanged for Definitive Notes, the Issuer shall procure the prompt delivery (free of charge to the bearer) of such Definitive Notes, duly authenticated and with Coupons and Talons attached (if so specified in the relevant Final Terms), in an aggregate principal amount equal to the principal amount of the Temporary Global Note to the bearer of the Temporary Global Note against the surrender of the Temporary Global Note to or to the order of the Fiscal Agent within 30 days of the bearer requesting such exchange.

If:

- (a) Definitive Notes have not been duly delivered by 5.00 p.m. (London time) on the thirtieth day after the bearer has requested exchange of the Temporary Global Note for Definitive Notes; or
- (b) the Temporary Global Note (or any part thereof) has become due and payable in accordance with the Terms and Conditions of the Notes or the date for final redemption of the Temporary Global Note has occurred and, in either case, payment in full of the amount of principal falling due with all accrued interest thereon has not been made to the bearer in accordance with the terms of the Temporary Global Note on the due date for payment,

then the Temporary Global Note (including the obligation to deliver Definitive Notes) will become void at 5.00 p.m. (London time) on such thirtieth day (in the case of (a) above) or at 5.00 p.m. (London time) on such due date (in the case of (b) above) and the bearer of the Temporary Global Note will have no further rights thereunder (but without prejudice to the rights which the bearer of the Temporary Global Note or others may have under the Deed of Covenant).

Permanent Global Note exchangeable for Definitive Notes

If the relevant Final Terms specifies the form of Notes as being "Permanent Global Note exchangeable for Definitive Notes", then the Notes will initially be in the form of a Permanent Global Note which will be exchangeable in whole, but not in part, for Definitive Notes if either of the following events occurs:

- (a) Euroclear or Clearstream, Luxembourg or any other relevant clearing system is closed for business for a continuous period of 14 days (other than by reason of legal holidays) or announces an intention permanently to cease business; or
- (b) any of the circumstances described in Condition 11 (*Events of Default*) occurs.

Whenever the Permanent Global Note is to be exchanged for Definitive Notes, the Issuer shall procure the prompt delivery (free of charge to the bearer) of such Definitive Notes, duly authenticated and with Coupons and Talons attached (if so specified in the Final Terms), in an aggregate principal amount equal to the principal amount of Notes represented by the Permanent Global Note to the bearer of the Permanent Global Note against the surrender of the Permanent Global Note to or to the order of the Fiscal Agent within 30 days of the bearer requesting such exchange.

If:

- (a) Definitive Notes have not been duly delivered by 5.00 p.m. (London time) on the thirtieth day after the bearer has requested exchange of the Permanent Global Note for Definitive Notes; or
- (b) the Permanent Global Note (or any part thereof) has become due and payable in accordance with the Terms and Conditions of the Notes or the date for final redemption of the Permanent Global Note has occurred and, in either case, payment in full of the amount of principal falling due with all accrued interest thereon has not been made to the bearer in accordance with the terms of the Permanent Global Note on the due date for payment,

then the Permanent Global Note (including the obligation to deliver Definitive Notes) will become void at 5.00 p.m. (London time) on such thirtieth day (in the case of (a) above) or at 5.00 p.m. (London time) on such due date ((b) above) and the bearer of the Permanent Global Note will have no further rights thereunder (but without prejudice to the rights which the bearer of the Permanent Global Note or others may have under the Deed of Covenant).

Rights under Deed of Covenant

Under the Deed of Covenant, persons shown in the records of Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system as being entitled to an interest in a Temporary Global Note or a Permanent Global Note which becomes void will acquire directly against the Issuer all those rights to which they would have been entitled if, immediately before the Temporary Global Note or Permanent Global Note became void, they had been the holders of Definitive Notes in an aggregate principal amount equal to the principal amount of Notes they were shown as holding in the records of Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system.

Terms and Conditions applicable to the Notes

The terms and conditions applicable to any Definitive Note will be endorsed on that Note and will consist of the terms and conditions set out under "*Terms and Conditions of the Notes*" below and the provisions of the relevant Final Terms which complete those terms and conditions.

The terms and conditions applicable to any Note in global form will differ from those terms and conditions which would apply to the Note were it in definitive form to the extent described under "*Summary of Provisions Relating to the Notes while in Global Form*" below.

Legend concerning United States persons

In the case of any Tranche of Bearer Notes having a maturity of more than 365 days, the Notes in global form, the Notes in definitive form and any Coupons and Talons appertaining thereto will bear a legend to the following effect:

"Any United States person who holds this obligation will be subject to limitations under the United States income tax laws, including the limitations provided in Sections 165(j) and 1287(a) of the Internal Revenue Code."

TERMS AND CONDITIONS OF THE NOTES

The following is the text of the terms and conditions which, as completed by the relevant Final Terms, will be endorsed on each Note in definitive form issued under the Programme. The relevant Final Terms shall not amend or replace any information in this Base Prospectus. Subject to this, to the extent permitted by applicable law and/or regulation, the Final Terms in respect of any Tranche of Notes may complete any information in this Base Prospectus.

The terms and conditions applicable to any Note in global form will differ from those terms and conditions which would apply to the Note were it in definitive form to the extent described under "Summary of Provisions Relating to the Notes while in Global Form" below.

1. Introduction

- (a) *Programme:* ACS, Actividades de Construcción y Servicios, S.A. (the "**Issuer**") has established a Euro Medium Term Note Programme (the "**Programme**") for the issuance of up to €1,500,000,000 in aggregate principal amount of notes (the "**Notes**").
- (b) *Final Terms:* Notes issued under the Programme are issued in series (each a "**Series**") and each Series may comprise one or more tranches (each a "**Tranche**") of Notes. Accrued and unpaid interest due in respect of the Notes at the commencement of an insolvency proceeding (concurso) of the Issuer will qualify as subordinated credits. Accrual of interest on the Notes shall be suspended as from the date of any declaration of insolvency (concurso) in relation to the Issuer.

5. **Negative Pledge**

So long as any Note remains outstanding, the Issuer shall not, and the Issuer shall procure that none of its Material Subsidiaries (other than the Hochtief Group) will, create or permit to subsist any Security Interest (other than a Permitted Security Interest) upon the whole or any part of its present or future undertaking, assets or revenues (including uncalled capital) to secure any Relevant Indebtedness or Guarantee of Relevant Indebtedness without (a) at the same time or prior thereto securing the Notes equally and rateably therewith or (b) providing such other security for the Notes as may be approved by an Extraordinary Resolution of Noteholders.

6. **Fixed Rate Note Provisions**

- (a) *Application:* This Condition 6 (*Fixed Rate Note Provisions*) is applicable to the Notes only if the Fixed Rate Note Provisions are specified in the relevant Final Terms as being applicable.
- (b) *Accrual of interest:* The Notes bear interest from the Interest Commencement Date at the Rate of Interest payable in arrear on each Interest Payment Date, subject as provided in Condition 9 (*Payments*). Each Note will cease to bear interest from the due date for final redemption unless, upon due presentation, payment of the Redemption Amount is improperly withheld or refused, in which case it will continue to bear interest in accordance with this Condition 6 (as well after as before judgment) until whichever is the earlier of (i) the day on which all sums due in respect of such Note up to that day are received by or on behalf of the relevant Noteholder and (ii) the day which is seven days after the Fiscal Agent has notified the Noteholders that it has received all sums due in respect of the Notes up to such seventh day (except to the extent that there is any subsequent default in payment).
- (c) *Fixed Coupon Amount:* The amount of interest payable in respect of each Note for any Interest Period shall be the relevant Fixed Coupon Amount and, if the Notes are in more than one Specified Denomination, shall be the relevant Fixed Coupon Amount in respect of the relevant Specified Denomination.
- (d) *Calculation of interest amount:* The amount of interest payable in respect of each Note for any period for which a Fixed Coupon Amount is not specified shall be calculated by applying the Rate of Interest to the Calculation Amount, multiplying the product by the relevant Day Count Fraction, rounding the resulting figure to the nearest sub-unit of the Specified Currency (half a sub-unit being rounded upwards) and multiplying such rounded figure by a fraction equal to the Specified Denomination of such Note divided by the Calculation Amount. For this purpose a "**sub-unit**" means, in the case of any currency other than euro, the lowest amount of such currency that is available as legal tender in the country of such currency and, in the case of euro, means one cent.

7. **Floating Rate Note Provisions**

- (a) *Application:* This Condition 7 is applicable to the Notes only if the Floating Rate Note Provisions are specified in the relevant Final Terms as being applicable.
- (b) *Accrual of interest:* The Notes bear interest from the Interest Commencement Date at the Rate of Interest payable in arrear on each Interest Payment Date, subject as provided in Condition 9 (*Payments*). Each Note will cease to bear interest from the due date for final redemption unless, upon due presentation, payment of the Redemption Amount is improperly withheld or refused, in which case it will continue to bear interest in accordance with this Condition (as well after as before judgment) until whichever is the earlier of (i) the day on which all sums due in respect of such Note up to that day are received by or on behalf of the relevant Noteholder and (ii) the day which is seven days after the Fiscal Agent has notified the Noteholders that it has received all sums due in respect of the Notes up to such seventh day (except to the extent that there is any subsequent default in payment).
- (c) *Screen Rate Determination:* If Screen Rate Determination is specified in the relevant Final Terms as the manner in which the Rate(s) of Interest is/are to be determined, the Rate of Interest applicable to the Notes for each Interest Period will be determined by the Calculation Agent on the following basis:
 - (i) if the Reference Rate is a composite quotation or customarily supplied by one entity, the Calculation Agent will determine the Reference Rate which appears on the Relevant Screen Page as of the Relevant Time on the relevant Interest Determination Date;
 - (ii) if Linear Interpolation is specified as applicable in respect of an Interest Period in the applicable Final Terms, the Rate of Interest for such Interest Period shall be calculated by the Calculation Agent by straight-line linear interpolation by reference to two rates which appear on the Relevant Screen Page as of the Relevant Time on the relevant Interest Determination Date, where:

- (A) one rate shall be determined as if the relevant period were the period of time for which rates are available next shorter than the length of the relevant Interest Period; and
- (B) the other rate shall be determined as if the relevant period were the period of time for which rates are available next longer than the length of the relevant Interest Period;

provided, however, that if no rate is available for a period of time next shorter or, as the case may be, next longer than the length of the relevant Interest Period, then the Calculation Agent shall determine such rate at such time and by reference to such sources as it determines appropriate;

- (iii) in any other case, the Calculation Agent will determine the arithmetic mean of the Reference Rates which appear on the Relevant Screen Page as of the Relevant Time on the relevant Interest Determination Date;
- (iv) if, in the case of (i) above, such rate does not appear on that page or, in the case of (iii) above, fewer than two such rates appear on that page or if, in either case, the Relevant Screen Page is unavailable, the Calculation Agent will:
 - (A) request the principal Relevant Financial Centre office of each of the Reference Banks to provide a quotation of the Reference Rate at approximately the Relevant Time on the Interest Determination Date to prime banks in the Relevant Financial Centre interbank market in an amount that is representative for a single transaction in that market at that time; and
 - (B) determine the arithmetic mean of such quotations; and
- (v) if fewer than two such quotations are provided as requested, the Calculation Agent will determine the arithmetic mean of the rates (being the nearest to the Reference Rate, as determined by the Calculation Agent) quoted by major banks in the Principal Financial Centre of the Specified Currency, selected by the Calculation Agent, at approximately 11.00 a.m. (local time in the Principal Financial Centre of the Specified Currency) on the first day of the relevant Interest Period for loans in the Specified Currency to leading European banks for a period equal to the relevant Interest Period and in an amount that is representative for a single transaction in that market at that time,

and the Rate of Interest for such Interest Period shall be the sum of the Margin and the rate or (as the case may be) the arithmetic mean so determined; **provided, however, that** if the Calculation Agent is unable to determine a rate or (as the case may be) an arithmetic mean in accordance with the above provisions in relation to any Interest Period, the Rate of Interest applicable to the Notes during such Interest Period will be the sum of the Margin and the rate or (as the case may be) the arithmetic mean last determined in relation to the Notes in respect of a preceding Interest Period.

- (d) *ISDA Determination:* If ISDA Determination is specified in the relevant Final Terms as the manner in which the Rate(s) of Interest is/are to be determined, the Rate of Interest applicable to the Notes for each Interest Period will be the sum of the Margin and the relevant ISDA Rate where "**ISDA Rate**" in relation to any Interest Period means a rate equal to the Floating Rate (as defined in the ISDA Definitions) that would be determined by the Calculation Agent under an interest rate swap transaction if the Calculation Agent were acting as Calculation Agent for that interest rate swap transaction under the terms of an agreement incorporating the ISDA Definitions and under which:
 - (i) the Floating Rate Option (as defined in the ISDA Definitions) is as specified in the relevant Final Terms;
 - (ii) the Designated Maturity (as defined in the ISDA Definitions) is a period specified in the relevant Final Terms;
 - (iii) the relevant Reset Date (as defined in the ISDA Definitions) is either (A) if the relevant Floating Rate Option is based on the London inter-bank offered rate (LIBOR) for a

currency, the first day of that Interest Period or (B) in any other case, as specified in the relevant Final Terms; and

(iv) if Linear Interpolation is specified as applicable in respect of an Interest Period in the applicable Final Terms, the Rate of Interest for such Interest Period shall be calculated by the Calculation Agent by straight-line linear interpolation by reference to two rates based on the relevant Floating Rate Option, where:

(A) one rate shall be determined as if the Designated Maturity were the period of time for which rates are available next shorter than the length of the relevant Interest Period; and

(B) the other rate shall be determined as if the Designated Maturity were the period of time for which rates are available next longer than the length of the relevant Interest Period

provided, however, that if there is no rate available for a period of time next shorter than the length of the relevant Interest Period or, as the case may be, next longer than the length of the relevant Interest Period, then the Calculation Agent shall determine such rate at such time and by reference to such sources as it determines appropriate.

(e) *Maximum or Minimum Rate of Interest:* If any Maximum Rate of Interest or Minimum Rate of Interest is specified in the relevant Final Terms, then the Rate of Interest shall in no event be greater than the maximum or be less than the minimum so specified.

(f) *Calculation of Interest Amount:* The Calculation Agent will, as soon as practicable after the time at which the Rate of Interest is to be determined in relation to each Interest Period, calculate the Interest Amount payable in respect of each Note for such Interest Period. The Interest Amount will be calculated by applying the Rate of Interest for such Interest Period to the Calculation Amount, multiplying the product by the relevant Day Count Fraction, rounding the resulting figure to the nearest sub-unit of the Specified Currency (half a sub-unit being rounded upwards) and multiplying such rounded figure by a fraction equal to the Specified Denomination of the relevant Note divided by the Calculation Amount. For this purpose a "**sub-unit**" means, in the case of any currency other than euro, the lowest amount of such currency that is available as legal tender in the country of such currency and, in the case of euro, means one cent.

(g) *Publication:* The Calculation Agent will cause each Rate of Interest and Interest Amount determined by it, together with the relevant Interest Payment Date, and any other amount(s) required to be determined by it together with any relevant payment date(s) to be notified to the Paying Agents and each competent authority, stock exchange and/or quotation system (if any) by which the Notes have then been admitted to listing, trading and/or quotation as soon as practicable after such determination but (in the case of each Rate of Interest, Interest Amount and Interest Payment Date) in any event not later than the first day of the relevant Interest Period. Notice thereof shall also promptly be given to the Noteholders. The Calculation Agent will be entitled to recalculate any Interest Amount (on the basis of the foregoing provisions) without notice in the event of an extension or shortening of the relevant Interest Period. If the Calculation Amount is less than the minimum Specified Denomination the Calculation Agent shall not be obliged to publish each Interest Amount but instead may publish only the Calculation Amount and the Interest Amount in respect of a Note having the minimum Specified Denomination.

(h) *Notifications etc:* All notifications, opinions, determinations, certificates, calculations, quotations and decisions given, expressed, made or obtained for the purposes of this Condition by the Calculation Agent will (in the absence of manifest error) be binding on the Issuer, the Paying Agents, the Noteholders and the Couponholders and (subject as aforesaid) no liability to any such Person will attach to the Calculation Agent in connection with the exercise or non-exercise by it of its powers, duties and discretions for such purposes.

8. **Redemption and Purchase**

- (a) *Scheduled redemption:* Unless previously redeemed, or purchased and cancelled, the Notes will be redeemed at their Final Redemption Amount on the Maturity Date, subject as provided in Condition 9 (*Payments*).
- (b) *Redemption for tax reasons:* The Notes may be redeemed at the option of the Issuer in whole, but not in part:
- (i) at any time (if the Floating Rate Note Provisions are not specified in the relevant Final Terms as being applicable); or
 - (ii) on any Interest Payment Date (if the Floating Rate Note Provisions are specified in the relevant Final Terms as being applicable),

on giving not less than 30 nor more than 60 days' notice to the Noteholders, or such other period(s) as may be specified in the relevant Final Terms, (which notice shall be irrevocable), at their Early Redemption Amount (Tax), together with interest accrued (if any) to the date fixed for redemption, if:

- (A) the Issuer has or will become obliged to pay additional amounts as provided or referred to in Condition 10 (*Taxation*) as a result of any change in, or amendment to, the laws or regulations of the Kingdom of Spain or any political subdivision or any authority thereof or therein having power to tax, or any change in the application or official interpretation of such laws or regulations (including a holding by a court of competent jurisdiction), which change or amendment becomes effective on or after the date of issue of the first Tranche of the Notes; and
- (B) such obligation cannot be avoided by the Issuer taking reasonable measures available to it,

provided, however, that no such notice of redemption shall be given earlier than:

- (1) where the Notes may be redeemed at any time, 90 days (or such other period as may be specified in the relevant Final Terms) prior to the earliest date on which the Issuer would be obliged to pay such additional amounts if a payment in respect of the Notes were then due; or
- (2) where the Notes may be redeemed only on an Interest Payment Date, 60 days (or such other period as may be specified in the relevant Final Terms) prior to the Interest Payment Date occurring immediately before the earliest date on which the Issuer would be obliged to pay such additional amounts if a payment in respect of the Notes were then due.

Prior to the publication of any notice of redemption pursuant to this paragraph, the Issuer shall deliver to the Fiscal Agent (A) a certificate signed by two directors of the Issuer stating that the Issuer is entitled to effect such redemption and setting forth a statement of facts showing that the conditions precedent to the right of the Issuer so to redeem have occurred and (B) an opinion of independent legal advisers of recognised international standing to the effect that the Issuer has or will become obliged to pay such additional amounts as a result of such change or amendment. Upon the expiry of any such notice as is referred to in this Condition 8(b), the Issuer shall be bound to redeem the Notes in accordance with this Condition 8(b).

- (c) *Redemption at the option of the Issuer:* If the Call Option is specified in the relevant Final Terms as being applicable, the Notes may be redeemed at the option of the Issuer in whole or, if so specified in the relevant Final Terms, in part on any Optional Redemption Date (Call) at the relevant Optional Redemption Amount (Call) on the Issuer's giving not less than 30 nor more than 60 days' notice to the Noteholders, or such other period(s) as may be specified in the relevant Final Terms (which notice shall be irrevocable and shall oblige the Issuer to redeem the Notes or, as the

case may be, the Notes specified in such notice on the relevant Optional Redemption Date (Call) at the Optional Redemption Amount (Call) plus accrued interest (if any) to such date).

- (d) *Partial redemption:* If the Notes are to be redeemed in part only on any date in accordance with Condition 8(c) (*Redemption at the option of the Issuer*), the Notes to be redeemed shall be selected by the drawing of lots in such place as the Fiscal Agent approves and in such manner as the Fiscal Agent considers appropriate, subject to compliance with applicable law, the rules of each competent authority, stock exchange and/or quotation system (if any) by which the Notes have then been admitted to listing, trading and/or quotation and the notice to Noteholders referred to in Condition 8(c) (*Redemption at the option of the Issuer*) shall specify the serial numbers of the Notes so to be redeemed. If any Maximum Redemption Amount or Minimum Redemption Amount is specified in the relevant Final Terms, then the Optional Redemption Amount (Call) shall in no event be greater than the maximum or be less than the minimum so specified.
- (e) *Redemption at the option of Noteholders (Investor Put):* If the Investor Put is specified in the relevant Final Terms as being applicable, the Issuer shall, at the option of the holder of any Note redeem such Note on the Optional Redemption Date (Put) specified in the relevant Put Option Notice at the relevant Optional Redemption Amount (Put) together with interest (if any) accrued to such date. In order to exercise the option contained in this Condition 8(e), the holder of a Note must, not less than 30 nor more than 60 days before the relevant Optional Redemption Date (Put) (or such other period(s) as may be specified in the relevant Final Terms), deposit with any Paying Agent such Note together with all unmatured Coupons relating thereto and a duly completed Put Option Notice in the form obtainable from any Paying Agent. The Paying Agent with which a Note is so deposited shall deliver a duly completed Put Option Receipt to the depositing Noteholder. No Note, once deposited with a duly completed Put Option Notice in accordance with this Condition 8(e), may be withdrawn; **provided, however, that** if, prior to the relevant Optional Redemption Date (Put), any such Note becomes immediately due and payable or, upon due presentation of any such Note on the relevant Optional Redemption Date (Put), payment of the redemption moneys is improperly withheld or refused, the relevant Paying Agent shall mail notification thereof to the depositing Noteholder at such address as may have been given by such Noteholder in the relevant Put Option Notice and shall hold such Note at its Specified Office for collection by the depositing Noteholder against surrender of the relevant Put Option Receipt. For so long as any outstanding Note is held by a Paying Agent in accordance with this Condition 8(e), the depositor of such Note and not such Paying Agent shall be deemed to be the holder of such Note for all purposes.
- (f) *Redemption or Purchase at the option of the Noteholders on a Put Event (Change of Control Put):* If the Change of Control Put is specified in the relevant Final Terms as being applicable, and if at any time while any Note remains outstanding a Change of Control occurs (a "**Put Event**"), each holder of the Notes shall have the option (unless, before the giving of the Put Event Notice (as defined below), the Issuer shall have given notice under Condition 8(b) (*Redemption for tax reasons*) to redeem the Notes) to require the Issuer to redeem or, at the Issuer's option, purchase (or procure the purchase of) any of its Notes at their principal amount together with (or, where purchased, together with an amount equal to) interest accrued to but excluding the Put Date (as defined below). Such option (the "**Put Option**") shall operate as set out below.

If a Put Event occurs then, within 14 days of the occurrence of the Put Event, the Issuer shall give notice (a "**Put Event Notice**") to the Noteholders in accordance with Condition 17 (*Notices*) specifying the nature of the Put Event and the procedure for exercising the Put Option.

In order to exercise the Put Option, the holder of a Note must, during the period commencing on the occurrence of a Put Event and ending 60 days after such occurrence or, if later, 60 days after the date on which the Put Event Notice is given to Noteholders as required by this Condition 8(f) (the "**Put Period**"), deposit with any Paying Agent such Note together with all unmatured Coupons relating thereto and a duly completed Put Option Notice in the form obtainable from any Paying Agent. The Paying Agent with which a Note is so deposited shall deliver a duly completed Put Option Receipt to the depositing Noteholder. No Note, once deposited with a duly completed Put Option Notice in accordance with this Condition 8(f), may be withdrawn; **provided, however, that** if, prior to the relevant Put Date, any such Note becomes immediately due and payable or payment of the redemption moneys is improperly withheld or refused on the Put Date, the relevant Paying Agent shall mail notification thereof to the depositing Noteholder at such address as may have been

given by such Noteholder in the relevant Put Option Notice and shall hold such Note at its Specified Office for collection by the depositing Noteholder against surrender of the relevant Put Option Receipt. For so long as any outstanding Note is held by a Paying Agent in accordance with this Condition 8(f), the depositor of such Note and not such Paying Agent shall be deemed to be the holder of such Note for all purposes.

The Issuer shall at its option redeem or purchase (or procure the purchase of) the Notes the subject of each Put Option Notice given under this Condition 8(f) on the date (the "**Put Date**") which is seven days after the expiration of the Put Period unless previously redeemed or purchased and cancelled.

For the purposes of this Condition 8(f):

A "**Change of Control**" shall have occurred if one or more individuals or legal entities, acting individually or in concert, acquires control of the Issuer; and for the purposes of these Conditions "**control**" shall mean (i) the acquisition or control of more than 50 per cent. of the voting rights or (ii) the right to appoint and/or remove all or the majority of the members of the board of directors or other governing body, whether obtained directly or indirectly, and whether obtained by ownership of share capital, the possession of voting rights, contract or otherwise and "**controlled**" shall be construed accordingly. For the avoidance of doubt, any agreement or action in concert by two or more Existing Shareholders of the Issuer that does not give rise to a mandatory Takeover Bid under Spanish law shall not be, or be deemed to be, a Change of Control except when any such parties have previously launched a Takeover Bid but in doing so acquired (combined with their existing stake) less than 50 per cent. of the voting rights;

"**Existing Shareholders**" means the shareholders who appear as significant shareholders of the Issuer in the registry of significant shareholders of the *Comisión Nacional del Mercado de Valores* on the Issue Date of the relevant Series of Notes; and

"**Takeover Bid**" means any offer by one or more persons to acquire all of the issued and outstanding share capital of the Issuer.

- (g) *Redemption following a Substantial Purchase Event:* If a Substantial Purchase Event (as defined below) is specified in the relevant Final Terms as being applicable and a Substantial Purchase Event has occurred, then the Issuer may, subject to having given not less than 30 nor more than 60 days' notice to the Noteholders in accordance with Condition 17, redeem or purchase (or procure the purchase of), at its option, the Notes comprising the relevant Series in whole, but not in part, in accordance with these Conditions at any time, in each case at their principal amount, together with any accrued and unpaid interest up to (but excluding) the date of redemption or purchase.

All Notes in respect of which any such notice is given shall be redeemed on the date specified in such notice in accordance with this Condition.

A "**Substantial Purchase Event**" shall be deemed to have occurred if at least 85 per cent. of the aggregate principal amount of the Notes of the relevant Series originally issued (which for these purposes shall include any further Notes of the same Series issued subsequently) is purchased by the Issuer or any of its Subsidiaries in accordance with Condition 8(j) (and in each case is cancelled in accordance with Condition 8(k)).

- (h) *Residual Maturity Call Option:* If a Residual Maturity Call Option is specified in the relevant Final Terms as being applicable, the Issuer may, on giving not less than 15 nor more than 30 days' notice to the Noteholders in accordance with Condition 17 (which notice shall specify the date fixed for redemption (the "**Residual Maturity Call Option Redemption Date**")), redeem the Notes comprising the relevant Series, in whole but not in part, at their principal amount together with any accrued and unpaid interest up to (but excluding) the date fixed for redemption, which shall be no earlier than (i) three months before the Maturity Date in respect of Notes having a maturity of not more than 10 years or (ii) six months before the Maturity Date in respect of Notes having a maturity of more than ten years.

For the purpose of the preceding paragraph, the maturity of not more than ten years or the maturity of more than ten years shall be determined as from the Issue Date of the first Tranche of the relevant Series of Notes.

All Notes in respect of which any such notice is given shall be redeemed on the date specified in such notice in accordance with this Condition.

- (i) *No other redemption:* The Issuer shall not be entitled to redeem the Notes otherwise than as provided in paragraphs (a) to (h) above.
- (j) *Purchase:* The Issuer or any of its Subsidiaries may at any time purchase Notes in the open market or otherwise and at any price, **provided that** all unmatured Coupons are purchased therewith.
- (k) *Cancellation:* All Notes so redeemed or purchased shall be cancelled and may not be reissued or resold.

9. **Payments**

- (a) *Principal:* Payments of principal shall be made only against presentation and (**provided that** payment is made in full) surrender of Notes at the Specified Office of any Paying Agent outside the United States by cheque drawn in the currency in which the payment is due on, or by transfer to an account denominated in that currency (or, if that currency is euro, any other account to which euro may be credited or transferred) and maintained by the payee with, a bank in the Principal Financial Centre of that currency.
- (b) *Interest:* Payments of interest shall, subject to paragraph (h) below, be made only against presentation and (**provided that** payment is made in full) surrender of the appropriate Coupons at the Specified Office of any Paying Agent outside the United States in the manner described in paragraph (a) above.
- (c) *Payments in New York City:* Payments of principal or interest may be made at the Specified Office of a Paying Agent in New York City if (i) the Issuer has appointed Paying Agents outside the United States with the reasonable expectation that such Paying Agents will be able to make payment of the full amount of the interest on the Notes in the currency in which the payment is due when due, (ii) payment of the full amount of such interest at the offices of all such Paying Agents is illegal or effectively precluded by exchange controls or other similar restrictions and (iii) payment is permitted by applicable United States law without involving, in the opinion of the Issuer, any adverse tax consequences to the Issuer.
- (d) *Payments subject to fiscal laws:* All payments in respect of the Notes are subject in all cases to (i) any applicable fiscal or other laws and regulations in the place of payment, but without prejudice to the provisions of Condition 10 (*Taxation*) and (ii) any withholding or deduction required pursuant to an agreement described in Section 1471(b) of the U.S. Internal Revenue Code of 1986 (the "**Code**") or otherwise imposed pursuant to Sections 1471 through 1474 of the Code, any regulations or agreements thereunder, any official interpretations thereof, or (without prejudice to the provisions of Condition 10 (*Taxation*)) any law implementing an intergovernmental approach thereto.

No commissions or expenses shall be charged to the Noteholders or Couponholders in respect of such payments.

- (e) *Deductions for unmatured Coupons:* If the relevant Final Terms specifies that the Fixed Rate Note Provisions are applicable and a Note is presented without all unmatured Coupons relating thereto:
 - (i) if the aggregate amount of the missing Coupons is less than or equal to the amount of principal due for payment, a sum equal to the aggregate amount of the missing Coupons will be deducted from the amount of principal due for payment; **provided, however, that** if the gross amount available for payment is less than the amount of principal due for payment, the sum deducted will be that proportion of the aggregate amount of such missing Coupons which the gross amount actually available for payment bears to the amount of principal due for payment;

- (ii) if the aggregate amount of the missing Coupons is greater than the amount of principal due for payment:
 - (A) so many of such missing Coupons shall become void (in inverse order of maturity) as will result in the aggregate amount of the remainder of such missing Coupons (the "**Relevant Coupons**") being equal to the amount of principal due for payment; **provided, however, that** where this sub-paragraph would otherwise require a fraction of a missing Coupon to become void, such missing Coupon shall become void in its entirety; and
 - (B) a sum equal to the aggregate amount of the Relevant Coupons (or, if less, the amount of principal due for payment) will be deducted from the amount of principal due for payment; **provided, however, that**, if the gross amount available for payment is less than the amount of principal due for payment, the sum deducted will be that proportion of the aggregate amount of the Relevant Coupons (or, as the case may be, the amount of principal due for payment) which the gross amount actually available for payment bears to the amount of principal due for payment.

Each sum of principal so deducted shall be paid in the manner provided in paragraph (a) above against presentation and (**provided that** payment is made in full) surrender of the relevant missing Coupons.

- (f) *Unmatured Coupons void:* If the relevant Final Terms specifies that this Condition 9(f) is applicable or that the Floating Rate Note Provisions are applicable, on the due date for final redemption of any Note or early redemption in whole of such Note pursuant to Condition 8(b) (*Redemption for tax reasons*), Condition 8(c) (*Redemption at the option of the Issuer*), Condition 8(e) (*Redemption at the option of Noteholders*), Condition 8(f) (*Redemption or Purchase at the option of the Noteholders on a Put Event (Change of Control Put)*), Condition 8(g) (*Redemption following a Substantial Purchase Event*), Condition 8(h) (*Residual Maturity Call Option*) or Condition 11 (*Events of Default*), all unmatured Coupons relating thereto (whether or not still attached) shall become void and no payment will be made in respect thereof.
- (g) *Payments on business days:* If the due date for payment of any amount in respect of any Note or Coupon is not a Payment Business Day in the place of presentation, the holder shall not be entitled to payment in such place of the amount due until the next succeeding Payment Business Day in such place and shall not be entitled to any further interest or other payment in respect of any such delay.
- (h) *Payments other than in respect of matured Coupons:* Payments of interest other than in respect of matured Coupons shall be made only against presentation of the relevant Notes at the Specified Office of any Paying Agent outside the United States (or in New York City if permitted by paragraph (c) above).
- (i) *Partial payments:* If a Paying Agent makes a partial payment in respect of any Note or Coupon presented to it for payment, such Paying Agent will endorse thereon a statement indicating the amount and date of such payment.
- (j) *Exchange of Talons:* On or after the maturity date of the final Coupon which is (or was at the time of issue) part of a Coupon Sheet relating to the Notes, the Talon forming part of such Coupon Sheet may be exchanged at the Specified Office of the Fiscal Agent for a further Coupon Sheet (including, if appropriate, a further Talon but excluding any Coupons in respect of which claims have already become void pursuant to Condition 12 (*Prescription*)). Upon the due date for redemption of any Note, any unexchanged Talon relating to such Note shall become void and no Coupon will be delivered in respect of such Talon.

10. **Taxation**

- (a) *Gross up:* All payments of principal and interest in respect of the Notes and the Coupons by or on behalf of the Issuer shall be made free and clear of, and without withholding or deduction for or on account of, any present or future taxes, duties, assessments or governmental charges of whatever

nature imposed, levied, collected, withheld or assessed by or on behalf of the Kingdom of Spain or any political subdivision therein or any authority therein or thereof having power to tax, unless the withholding or deduction of such taxes, duties, assessments, or governmental charges is required by law. In that event, the Issuer shall pay such additional amounts as will result in receipt by the Noteholders and the Couponholders after such withholding or deduction of such amounts as would have been received by them had no such withholding or deduction been required, except that no such additional amounts shall be payable in respect of any Note or Coupon presented for payment:

- (i) by or on behalf of a holder which is liable to such taxes, duties, assessments or governmental charges in respect of such Note or Coupon by reason of its having some connection with the jurisdiction by which such taxes, duties, assessments or charges have been imposed, levied, collected, withheld or assessed other than the mere holding of the Note or Coupon; or
- (ii) to, or to a third party on behalf of, a holder who could have been able to avoid such deduction or withholding by presenting a certificate of tax residence and/or such other document evidencing its tax residence required by the competent tax authorities or in relation to whom the Issuer does not receive any relevant information about the Notes (including due to any failure by the Fiscal Agent to provide the information required by Royal Decree 1065/2007) as may be required in order to comply with Spanish tax disclosure obligations applicable at that time; or
- (iii) to, or to a third party on behalf of, a Spanish-resident legal entity subject to the Spanish Corporate Income Tax if the Spanish tax authorities determine that the Notes do not comply with applicable exemption requirements including those specified in the reply to a non-binding Consultation of the Directorate General for Taxation (*Dirección General de Tributos*) dated 27 July 2004 and require a withholding to be made; or
- (iv) more than 30 days after the Relevant Date except to the extent that the holder of such Note or Coupon would have been entitled to such additional amounts on presenting such Note or Coupon for payment on the last day of such period of 30 days.

Notwithstanding anything to the contrary in this Condition, none of the Issuer, any paying agent or any other person shall be required to pay any additional amounts with respect to any withholding or deduction imposed on or in respect of any Note pursuant to Section 1471 to 1474 of the U.S. Internal Revenue Code of 1986, as amended ("FATCA"), any treaty, law, regulation or other official guidance implementing FATCA, or any agreement between the Issuer, a paying agent or any other person and the United States, any other jurisdiction, or any authority of any of the foregoing implementing FATCA.

- (b) *Taxing jurisdiction:* If the Issuer becomes subject at any time to any taxing jurisdiction other than the Kingdom of Spain, references in these Conditions to the Kingdom of Spain shall be construed as references to the Kingdom of Spain and/or such other jurisdiction.

11. **Events of Default**

If any of the following events occurs and is continuing:

- (a) *Non-payment:* the Issuer fails to pay any amount of principal in respect of the Notes within 7 days of the due date for payment thereof or fails to pay any amount of interest in respect of the Notes within 14 days of the due date for payment thereof; or
- (b) *Breach of other obligations:* the Issuer defaults in the performance or observance of any of its other obligations under or in respect of the Notes and such default remains unremedied for 30 days after written notice thereof, addressed to the Issuer by any Noteholder, has been delivered to the Issuer or to the Specified Office of the Fiscal Agent; or
- (c) *Cross-default of Issuer:*

Law 22/2003 provides, among other things, that: (i) any claim may become subordinated if it is not reported to the insolvency administrators (administradores concursales) within one month from the last official publication of the court order declaring the insolvency (if the insolvency proceeding is declared as abridged, the term to report may be reduced to fifteen days) in the Spanish Official Gazette (Boletín Oficial del Estado), (ii) actions deemed detrimental for the insolvent estate of the insolvency debtor carried out during the two year period preceding the date of its declaration of insolvency may be rescinded, (iii) provisions in a contract granting one party the right to terminate by reason only of the other's insolvency may not be enforceable, and (iv) accrual of interest (other than interest accruing under secured liabilities up to an amount equal to the value of the asset subject to the security) shall be suspended as from the date of the declaration of insolvency and any amount of interest accrued up to such date and unpaid (other than any interest accruing under secured liabilities up to an amount equal to the value of the asset subject to the security) shall become subordinated.

12. **Prescription**

Claims for principal shall become void unless the relevant Notes are presented for payment within ten years of the appropriate Relevant Date. Claims for interest shall become void unless the relevant Coupons are presented for payment within five years of the appropriate Relevant Date.

13. **Replacement of Notes and Coupons**

If any Note or Coupon is lost, stolen, mutilated, defaced or destroyed, it may be replaced at the Specified Office of the Fiscal Agent (and, if the Notes are then admitted to listing, trading and/or quotation by any competent authority, stock exchange and/or quotation system which requires the appointment of a Paying Agent in any particular place, the Paying Agent having its Specified Office in the place required by such competent authority, stock exchange and/or quotation system), subject to all applicable laws and competent authority, stock exchange and/or quotation system requirements, upon payment by the claimant of the expenses incurred in connection with such replacement and on such terms as to evidence, security, indemnity and otherwise as the Issuer may reasonably require. Mutilated or defaced Notes or Coupons must be surrendered before replacements will be issued.

14. **Agents**

In acting under the Agency Agreement and in connection with the Notes and the Coupons, the Paying Agents act solely as agents of the Issuer and do not assume any obligations towards or relationship of agency or trust for or with any of the Noteholders or Couponholders.

The initial Paying Agents and their initial Specified Offices are listed below. The initial Calculation Agent (if any) is specified in the relevant Final Terms. The Issuer reserves the right at any time to vary or terminate the appointment of any Paying Agent and to appoint a successor fiscal agent or Calculation Agent and additional or successor paying agents; **provided, however, that:**

- (a) the Issuer shall at all times maintain a Fiscal Agent;
- (b) if a Calculation Agent is specified in the relevant Final Terms, the Issuer shall at all times maintain a Calculation Agent; and
- (c) if and for so long as the Notes are admitted to listing, trading and/or quotation by any competent authority, stock exchange and/or quotation system which requires the appointment of a Paying Agent in any particular place, the Issuer shall maintain a Paying Agent having its Specified Office in the place required by such competent authority, stock exchange and/or quotation system.

Notice of any change in any of the Paying Agents or in their Specified Offices shall promptly be given to the Noteholders.

15. **Meetings of Noteholders; Modification and Waiver**

- (a) *Meetings of Noteholders:* The Agency Agreement contains provisions for convening meetings of Noteholders to consider matters relating to the Notes, including the modification of any provision of these Conditions. Any such modification may be made if sanctioned by an Extraordinary Resolution. Such a meeting may be convened by the Issuer and shall be convened by it upon the request in writing of Noteholders holding not less than one-tenth of the aggregate principal amount of the outstanding Notes. The quorum at any meeting convened to vote on an Extraordinary Resolution will be two or more persons holding or representing one more than half of the aggregate principal amount of the outstanding Notes or, at any adjourned meeting, two or more persons being or representing Noteholders whatever the principal amount of the Notes held or represented; *provided, however*, that Reserved Matters may only be sanctioned by an Extraordinary Resolution passed at a meeting of Noteholders at which two or more Persons holding or representing not less than three-quarters or, at any adjourned meeting, one quarter of the aggregate principal amount of the outstanding Notes form a quorum. Any Extraordinary Resolution duly passed at any such meeting shall be binding on all the Noteholders and Couponholders, whether present or not.

In addition, a resolution in writing signed by or on behalf of all Noteholders who for the time being are entitled to receive notice of a meeting of Noteholders will take effect as if it were an Extraordinary Resolution. Such a resolution in writing may be contained in one document or several documents in the same form, each signed by or on behalf of one or more Noteholders.

- (b) *Modification:* The Notes, these Conditions and the Deed of Covenant may be amended without the consent of the Noteholders or the Couponholders to correct a manifest error. In addition, the parties to the Agency Agreement may agree to modify any provision thereof, but the Issuer shall not agree, without the consent of the Noteholders, to any such modification unless it is of a formal, minor or technical nature, it is made to correct a manifest error or it is, in the opinion of such parties, not materially prejudicial to the interests of the Noteholders.

16. **Further Issues**

The Issuer may from time to time, without the consent of the Noteholders or the Couponholders, create and issue further notes having the same terms and conditions as the Notes in all respects (or in all respects except for the first payment of interest) so as to form a single series with the Notes.

17. **Notices**

Notices to the Noteholders shall be valid if published in a leading English language daily newspaper published in London (which is expected to be the *Financial Times*) and, if the Notes are admitted to trading on the Irish Stock Exchange and it is a requirement of applicable law or regulations, a leading newspaper having general circulation in Ireland or published on the website of the Irish Stock Exchange or, in either case, if such publication is not practicable, in a leading English language daily newspaper having general circulation in Europe. Any such notice shall be deemed to have been given on the date of first publication (or if required to be published in more than one newspaper, on the first date on which publication shall have been made in all the required newspapers). Couponholders shall be deemed for all purposes to have notice of the contents of any notice given to the Noteholders.

Notwithstanding the above, while all the Notes are represented by a Permanent Global Note (or by a Permanent Global Note and/or a Temporary Global Note) and the Permanent Global Note is (or the Permanent Global Note and/or the Temporary Global Note are) deposited with a depositary or a common depositary for Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system or a common safekeeper, notices to Noteholders may be given by delivery of the relevant notice to Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system and, in any case, such notices shall be deemed to have been given to the Noteholders in accordance with this Condition on the date of delivery to Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system, except that, for so long as such Notes are admitted to trading on the Irish Stock Exchange and it is a requirement of applicable law or regulations, such notices shall also be published in a leading newspaper having general circulation in London (which is expected to be the *Financial Times*) or published on the website of the Irish Stock Exchange.

18. **Currency Indemnity**

If any sum due from the Issuer in respect of the Notes or the Coupons or any order or judgment given or made in relation thereto has to be converted from the currency (the "**first currency**") in which the same is payable under these Conditions or such order or judgment into another currency (the "**second currency**") for the purpose of (a) making or filing a claim or proof against the Issuer, (b) obtaining an order or judgment in any court or other tribunal or (c) enforcing any order or judgment given or made in relation to the Notes, the Issuer shall indemnify each Noteholder, on the written demand of such Noteholder addressed to the Issuer and delivered to the Issuer or to the Specified Office of the Fiscal Agent, against any loss suffered as a result of any discrepancy between (i) the rate of exchange used for such purpose to convert the sum in question from the first currency into the second currency and (ii) the rate or rates of exchange at which such Noteholder may in the ordinary course of business purchase the first currency with the second currency upon receipt of a sum paid to it in satisfaction, in whole or in part, of any such order, judgment, claim or proof.

This indemnity constitutes a separate and independent obligation of the Issuer and shall give rise to a separate and independent cause of action.

19. **Rounding**

For the purposes of any calculations referred to in these Conditions (unless otherwise specified in these Conditions or the relevant Final Terms), (a) all percentages resulting from such calculations will be rounded, if necessary, to the nearest one hundred-thousandth of a percentage point (with 0.000005 per cent. being rounded up to 0.00001 per cent.), (b) all United States dollar amounts used in or resulting from such calculations will be rounded to the nearest cent (with one half cent being rounded up), (c) all Japanese Yen amounts used in or resulting from such calculations will be rounded downwards to the next lower whole Japanese Yen amount, and (d) all amounts denominated in any other currency used in or resulting from such calculations will be rounded to the nearest two decimal places in such currency, with 0.005 being rounded upwards.

20. **Governing Law and Jurisdiction**

- (a) *Governing law:* The Notes and any non-contractual obligations arising out of or in connection with the Notes are governed by English law. Condition 4 (*Status*) is governed by Spanish law.
- (b) *English courts:* The courts of England have exclusive jurisdiction to settle any dispute (a "**Dispute**") arising out of or in connection with the Notes (including any non-contractual obligation arising out of or in connection with the Notes).
- (c) *Appropriate forum:* The Issuer agrees that the courts of England are the most appropriate and convenient courts to settle any Dispute and, accordingly, that it will not argue to the contrary.
- (d) *Rights of the Noteholders to take proceedings outside England:* Condition 20(b) (*English courts*) is for the benefit of the Noteholders only. As a result, nothing in this Condition 20 (*Governing law and Jurisdiction*) prevents any Noteholder from taking proceedings relating to a Dispute ("**Proceedings**") in any other courts with jurisdiction. To the extent allowed by law, Noteholders may take concurrent Proceedings in any number of jurisdictions.
- (e) *Service of process:* The Issuer agrees that the documents which start any Proceedings and any other documents required to be served in relation to those Proceedings may be served on it by being delivered to Law Debenture Corporate Services Limited at Fifth Floor, 100 Wood Street, London EC2V 7EX, or to such other person with an address in England or Wales and/or at such other address in England or Wales as the Issuer may specify by notice in writing to the Noteholders. Nothing in this paragraph shall affect the right of any Noteholder to serve process in any other manner permitted by law. This Condition applies to Proceedings in England and to Proceedings elsewhere.

FORM OF FINAL TERMS

Set out below is the form of Final Terms in respect of each Tranche of Notes, duly completed to reflect the particular terms of the relevant Notes and their issue. Text in this section appearing in italics does not form part of the form of the Final Terms but denotes directions for completing the Final Terms.

The Notes are not intended, from 1 January 2018, to be offered, sold or otherwise made available to and, with effect from such date, should not be offered, sold or otherwise made available to any retail investor in the European Economic Area ("**EEA**"). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU ("**MiFID II**") or (ii) a customer within the meaning of Directive 2002/92/EC ("**IMD**"), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II. Consequently no key information document required by Regulation (EU) No 1286/2014 (the "**PRIIPs Regulation**") for offering or selling the Notes or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation.

Historical Financial Information in Respect of the Group and its Business Units

Comparative information

The audited consolidated financial statements of the Issuer for the years ended 31 December 2015 and 31 December 2016 were presented in accordance with International Financial Reporting Standards as adopted by the European Union (IFRS-EU).

In 2016, Urbaser activity was considered a discontinued operation since it was a significant business line that represented the entire environmental activity segment of the ACS Group from the operation point of view. As consequence of this fact, ACS Group has restatement the figures on profits and losses for the year ended 2015.

Revenues for the year ended 31 December 2016 accounted for €1,975 million, a decrease of 3.95 per cent. compared to the figure for the year ended 31 December 2015 (€3,291 million). This change is mainly due to the downturn in CIMIC's activity caused by the termination of several large projects during the first half of 2015.

As at 31 December 2016, backlog accounted for €6,526 million, growing by 12.87 per cent when compared with 2015.

EBITDA of the Group, including proportional EBITDA from joint ventures, accounted for €2,023 million, a 5.5 per cent. decrease when compared with 2015, caused by the sale of renewable assets during the first quarter of 2016. Excluding this effect, EBITDA decreased by 4.1 per cent., mainly due to lower production by CIMIC with respect to the prior year, although it has been showing signs of recovery quarter by quarter. The EBITDA margin stands at 6.3 per cent, remaining stable after a progressive improvement in recent periods as a result of operating improvements at Hochtief and CIMIC.

The EBITDA for 2016 is the sum of Revenue (€1,975.2 million), Changes in inventories of finished goods and work in progress (-€76.5 million), Capitalised expenses of in-house work on assets (-€6.3 million), Procurements (-€1,240.2 million), Other operating income (€461.7 million), Staff costs (-€6,751.8 million), Other operating expenses (-€2,480.9 million), Current assets provisions (€4.4 million), Allocation of grants relating to non-financial assets and others (€1.1 million) and Results of joint ventures using the equity method (€76.6 million).

EBIT, including proportional EBIT from joint ventures, accounted for €1,445 million and grew by 1.7 per cent., despite the sale of renewable assets. Without taking into account this effect, EBIT grew by 3.9 per cent., compared to the prior period. The EBIT margin stood at 4.5 per cent., increasing 30 basis points ("**bps**") in comparable terms, underpinned by a lower depreciation and amortisation of the fixed assets as a result of the lower activity in capital intensive businesses such as contract mining.

The EBIT for 2016 is the sum of the EBITDA for 2016, Depreciation and amortization charge (-€13.9 million) and Current assets provisions (-€4.4 million).

Net profit of the Group accounted for €751 million, which represents a 3.59 per cent. increase. The capital gains obtained from the sale of Urbaser amounted to €357 million.

Net debt stood at €1,214 million, €1,410 million lower than the outstanding balance 12 months ago, mainly due to the generation of operating cash and the sale of Urbaser. The net debt outstanding balance over EBITDA ratio stands at 0.6x.

Similarly, the performance of the debt linked to assets held for sale, which has decreased by 49 per cent. to €23 million in the last year, has contributed to reducing leverage in the last twelve months. The Group's net debt, including assets held for sale, has decreased by 53 per cent. since the end of 2015 and by 82 per cent. in the last four years.

¹ The EBITDA Margin is the division between EBITDA and Revenues.

² The EBIT Margin is the division between EBIT and Revenues.

As at December 2016, EBITDA, including proportional EBITDA from joint ventures, accounted for €2,023 million, showing a decrease of 5.5 per cent. compared to 2015. EBIT, including proportional EBIT from joint ventures, accounted for €1,445 million, growing by 1.7 per cent. with respect to the prior period. However, excluding the effect of the disposal of renewable assets carried out during the first quarter of 2015, the change of operating results is different. In this case, EBITDA declined by 4.1 per cent. in comparable terms, affected by lower activity at CIMIC, and the margin remains stable. EBIT grew by 3.9 per cent. and margin improved by 30 bps due to the reduction of amortisations at CIMIC as a result of a lower activity and more efficient management of capital intensive resources.

The net profit of the Group reached €751 million in 2016, 3.59 per cent. higher than the prior year.

The net profit of the Construction business grew by 2.30 per cent. following the transformation processes implemented at Hochief and its subsidiaries and the Group's increased stake in its capital.

The net profit of the Industrial Services business, excluding the sale of renewable energy assets in 2015, decreased by 3.0 per cent. as a result of the slowdown in the development of oil and gas projects in the Mexican market and the lower investment in energy assets in Spain.

The net profit of the Services Business Unit increased by 15.07 per cent. and includes Urbaser's operating contribution as a discontinued activity, whose sale agreement with a Chinese investment group was closed last December.

The Issuer's results reached €52 million, which includes the capital gains obtained from the sale of Urbaser, other results and provisions collected in 2016 and calculated on the basis of certain assumptions.

In this section, particular attention is drawn to the tax risks related to the new tax regulations recently approved in Spain (Royal Decree-Law 3/2016), with an impact of €155 million.

The breakdown of sales by geographical areas demonstrates the diversification of the Group's revenue sources, where North America represents 45.9 per cent. of the sales, Asia Pacific 26.1 per cent., Spain 13.4 per cent. and the remaining 14.6 per cent.

The construction activity in North America has grown, aided by the inception of recently awarded projects during recent months, particularly in the United States where growth has been 8.5 per cent. Europe and Asia Pacific show negative growth rates respectively, affected by the reorganisation of the activity in Germany and the completion of large projects with CIMIC. Spain has shown a reduction of 12.81 per cent.

Industrial Services activity in Spain fell, due to the divestment of renewable assets in the first quarter of 2015 and the slowdown of business activity in support services. Meanwhile, activity in North America declined, due to the adjustment of activity in Mexico to the current market demand.

However, there was a rebound in activity in Mexico in the last quarter of 2016, due to the reactivation of projects that had previously been suspended. In addition, there is strong growth in Asia Pacific, especially in Saudi Arabia where several turnkey projects are being developed.

Services sales increased by 2.19 per cent., due mainly to Clece as Urbaser was reclassified as a discontinued operation.

The Group's backlog stood at €66,526 million, increasing by 12.87 per cent., due to the growth of the contracting activities in the international market, particularly in North America, as well as the integration of UGL's backlog at year-end, which amounts to €3,502 million.

Construction activity in North America has increased, with the strong performance of the new orders at Dragados, Turner and Flatiron, while domestic backlog was reduced by 2.3 per cent. due to the absence of public tenders. The backlog of the rest of Europe showed a slight recovery of 2.4 per cent. and Asia Pacific's backlog grew by 13.3 per cent. mainly due to the integration of UGL at year-end.

Industrial Services experienced solid growth in their backlog of 4.0 per cent., mainly in Asia Pacific and South America due to the recent award of transmission lines projects in Brazil.

Lastly, Clece's backlog increased by 21.2 per cent. due to the growth of the domestic backlog which increased by 16.5 per cent., as well as the new awards in United Kingdom.

* Hochtief.

** Results of the Group excluding Hochtief.

Cash Flow from Operating Activities before working capital amounted to €1,397 million, improving by 20.22 per cent. with respect to December 2015. The significant reduction of financial expenses and the lower tax payments offset the lower contribution of EBITDA during the period.

In the last 12 months, the net working capital has increased its credit balance to €604 million. This change was mainly due to the increase in working capital at Hochtief, primarily in its divisions in the Americas and Asia Pacific, the latter of which was supported by the integration of UGL in December 2016. The Industrial Services area maintains a similar level to that of 12 months ago despite accumulating significant items pending collection with one of its main clients in Mexico. In this case, a regularisation plan of these items has been agreed with the client, totalling €480 million, according to which the collection will be made on a monthly basis throughout 2017 and 2018.

Operating working capital has only varied by €21 million with respect to December 2015 and improved in the last quarter of 2016 by €53 million. The strong performance of the working capital at Hochtief has compensated for the deterioration experienced by Dragados, as a consequence of the reduction of the average payment period to suppliers and the decrease of prepayments with respect to the previous year. In addition, the working capital in Industrial Services has largely remained the same, despite the pending collections in Mexico included in the Regularisation Plan of €480 million, which provides for monthly collections throughout 2017 and 2018.

The total payments for investments of the Group amounted to €1,294 million, whilst divestments amounted to €1,889 million.

The Group's total net debt stood at €1,214 million, €1,410 million lower than the outstanding balance 12 months ago due to the increase of the funds from operations and the sale of Urbaser. The leverage ratio stands at 0.6 times the Group's EBITDA.

Net debt linked to assets held for sale amounted to €223 million, decreasing by 49 per cent. with respect to the 2015 year-end, as a result of the divestments made in concessions and particularly in energy projects.

The balance of factoring and securitisation at the end of 2016 stood at €784 million, similar to that of December 2015.

Equity

The following table sets out the Group's equity as at 31 December 2015 and 2016:

Significant financial events in 2016

Dividends

In 2016, dividends equivalent to €1.152 per share were paid using the scrip dividend system, distributed as:

- An interim dividend paid in February 2016 for an equivalent amount of €0.445 per share, as agreed by the Board of Directors on 17 December 2015; and

- A complementary dividend amounting to €0.707 per share, as approved by the General Shareholder's meeting held on 5 May 2016 and paid in July 2016.

Likewise, on 22 December 2016, exercising the powers granted by the resolution of the General Shareholder's Meeting of the Issuer held on 5 May 2016, the Board of Directors approved the distribution of the interim dividend for 2016 through the scrip dividend system. To this end, it was agreed to proceed to the second execution of the capital increase against reserves up to €42 million (equivalent to around €0.45 per share), in order that shareholders could choose between continuing to receive remuneration in cash or in shares of the Issuer. This simultaneous capital increase and reduction was carried out in February 2017.

Mergers, acquisitions and transmission of shares

On 27 January 2016, the Group carried out the sale of 80 per cent. of its stake in Servicios, Transportes y Equipamentos Públicos Dos, S.L which is the entity that owns 50 per cent. of the concession of Line 9 (segment II) of Barcelona's underground and the entity in charge of the maintenance of segment II and segment IV of that line.

On 15 June 2016, the Group, through its subsidiary CYMI, proceeded to sell, to funds controlled by Brookfield, 50 per cent. of three concessionaires of power transmission lines in Brazil (Odoyá Transmissora de Energía S.A., Esperanza Transmissora de Energía S.A. and Transmissora José María de Macedo de Electricidad S.A.). Similarly, cross purchase and sale options for the remaining 50 per cent. were granted, exercisable once the construction of the lines is finished. The sale amounts to a total enterprise value of €15 million, the equivalent of the nominal value of the shares, and it did not generate gains or losses.

On 22 June 2016, the Group, through its subsidiary ACS Telefonía Móvil, S.L., reached an agreement with Másmovil Ibercom, S.A. for the sale of its shares and loans in Xfera Móviles, S.A. The consideration for this sale is the issue of a convertible loan for a maximum amount of €200 million. The transaction did not generate significant gains or losses.

On 26 September 2016, ACS, through its subsidiary ACS Servicios y Concesiones S.L., reached an agreement with Firion Investments, a company controlled by a Chinese group, for the sale of its total stake in Urbaser. Depending on certain future parameters, the agreed equity price was set between a minimum of €1,164 million and a maximum of €1,399 million.

On 7 December, 2016, after obtaining the authorisations required, the transaction was closed by means of the corresponding public deed of transfer of shares, receiving €59 million, plus €20 million previously received as dividends. As of 31 December 2016, a minimum of €85 million and a maximum of €420 million were pending collection. The capital gain from sale at year-end amounted to €357 million.

In accordance with IFRS 5, the contribution from Urbaser to the Group's 2016 results has been reclassified under discontinued operations, also restating the income statement for the previous period.

On 10 October 2016, CIMIC launched a takeover bid for UGL at \$3.15 cash per share (out of the market). CIMIC, through its subsidiary CIMIC Group Investments No.2 Pty Limited (CGI2), previously held a 14.85 per cent. stake in UGL. The acquisition of up to 95 per cent. of UGL's shares was completed on 24 November 2016, with the company immediately becoming part of CIMIC. On 20 January 2017, the remaining shares were acquired to complete the 100 per cent. stake.

On 17 November 2016, the Group entered into an agreement with the French company Compagnie d'Affrètement et de Transport S.A.S (CAT) for the sale of its total stake in Sintax S.A. The agreed price is €55 million. The capital gain from the operation has amounted to €5.8 million. The sale was closed, after obtaining the authorisations required, during the month of February 2017.

On 12 December 2016, the Group, through its subsidiary ACS Infrastructure Canada, Inc. (Iridium), sold 75 per cent. of its 50 per cent. stake in the South Fraser Perimeter Road concessionaire in Vancouver (Canada), to Connor, Clark & Lunn Infrastructure ("**CC & L Infrastructure**") investors and Régime de rentes du Mouvement Desjardins ("**Desjardins**"). The Group will maintain a minority interest in the concessionaire and has signed a service contract with the buyer for which the Group will continue to manage the day to day operations of the concessionaire. The company value applied was CAD 654 million and the price received amounted to CAD 24.7 million.

Loans, credits and other financial operations

In late March 2016, the Group executed a prepaid forward sale of €90 million of Iberdrola, S.A. ("**Iberdrola**") shares at an average price of €6.02 share. Simultaneously, it acquired call options on the same number of Iberdrola shares to eliminate the market risk associated with the exchangeable bonds issued during 2013 and 2014. The combined result of these transactions implied an estimated pre-tax profit of €95 million.

On 20 December 2016, ACS, signed, with a syndicate of banks made up of 46 Spanish and foreign entities, the novation of the financing contract (with the initial date of 13 February 2015) for a total amount of €2,350 million, divided into two tranches (loan tranche A of €1,400 million and tranche B of liquidity line for €950 million) and with a maturity date of 13 December 2021.

Corporate Governance

On 29 June 2016, the shareholder Corporación Financiera Alba S.A voluntarily renounced its representation on the Board of Directors of ACS. The representation had been exercised by the proprietary board members Mr. Pablo Vallbona Vadell and Mr. Javier Fernández Alonso who presented their respective resignation letters.

On 29 July 2016, ACS's Board of Directors agreed to:

- The appointment of the independent Director, Mr. Antonio Botella García, as member of the Audit Committee, in order to fill the vacancy in the Audit Committee after the resignation of Mr. Javier Fernández Alonso;

- The approval of the following Policies: Communication and Contact with Shareholders, Institutional Investors and Proxy Advisors Policy, the Human Rights, the Risk Control and Management and the Rules of Procedure of the Monitoring Committee of Code of Conduct.

On 22 December 2016, the Board of Directors of ACS took note of the resignation as Board Member of Iberostar Hoteles y Apartamentos S.L. who stated that this resignation was motivated by the new community regulations which implied an increase in the restrictions imposed to operate in the securities markets for the shareholders represented in the Board of Directors and, in particular, the increase in the duration of blocking periods, in order to have the ability to adopt and execute the investment and divestment decisions that, in his case, corresponded to him as shareholder of the company.

Litigation

As at 31 December 2016, the Group had provisions for third-party liability amounting to €31.8 million. These provisions cover the risks arising from companies of the Group, which are party to certain legal proceedings due to the liability inherent in the activities carried out by them.

Although there are a significant number of lawsuits, the Issuer believes that such lawsuits, except those outlined in this section, are for non-relevant amounts when considered individually based on the size of the Group.

Period charges to these provisions are made based on an analysis of the lawsuits or claims in progress, according to the reports prepared by the legal advisers of the Group. As in the case of provisions for taxes, these amounts are not updated to the extent that the time at which the risk arises or disappears depends on circumstances linked to judgments or arbitration and it is impossible to determine the date on which they will be resolved. Additionally, these provisions are not derecognised until the judgments handed down are final and payment is made, or until there is no doubt as to the disappearance of the associated risk.

Regarding litigation, Alazor Inversiones, S.A. (Alazor), the sole shareholder of Accesos de Madrid, C.E.S.A. and the Issuer awarded the Radial 3 and Radial 5 (R3 and R5) concessions, under the original shareholders' agreement the "non-construction" partners of Alazor, held a put option for the sale of their shares to the "construction partners," including ACS.

Given the discrepancies in the interpretation of the enforcement of that right, an arbitration proceeding was entered into, and on 20 May 2014 a ruling was issued in the Group's favour, stating that the exercise of the option by the non-construction partners to sell to the construction partners was not due, and this ruling was appealed to the Supreme Court of Justice in Madrid. On 2 June 2016 the Civil and Criminal Chamber of the Supreme Court of Justice in Madrid issued its judgment dismissing for the second time the appeal for reversal filed against the Arbitration Ruling.

The aforementioned appeals had already been dismissed by a judgment dated 2 September 2015, but one of the shareholders filed a motion for annulment, which was upheld by the Chamber in a ruling on 1 December 2015, ordering that the appeal proceedings be returned to the evidentiary stage, accepting evidence that had initially been rejected and setting a date for the hearing of the evidence. The ruling includes an express award of the costs of the proceedings against the plaintiffs and warns that the judgment is not subject to appeal.

Both the investment of the Group in Alazor and the accounts receivable for Alazor have been fully provided for in the consolidated annual accounts of the Group for 2016. In addition, in February 2014 the Group received a notice of guarantee enforcement towards ACS from the financial institutions, amounting to €73,350 thousand, which was recorded as "Other current financial assets" in the consolidated financial statement (including both the principal and estimated costs), which has been consigned, although the claims remain open. Specifically, in March 2015 a Court Order was received rejecting the opposition to the enforcement, and ordering the above-referenced amounts to be delivered to the banks.

This decision was appealed by the sentenced defendant to the Madrid Provincial Court of Appeal and is pending the setting of a date for a decision and ruling. Nevertheless, by means of a court order dated 6 May 2016 the Court agreed to transfer to the execution creditors the amounts that had been indicated (excluding any provision for costs and certain credit assignments that are to remain in suspense), as a result of which the Group has to date paid to the financial institutions €56.4 million. If the appeal is granted, the banks will be required to return the amounts transferred.

On the matter of the declaratory proceeding brought by the financial institutions against the shareholders of Alazor claiming the payment of funds to Accesos de Madrid in compliance with the agreements on the financing of excess expropriation and other costs, a favourable ruling was obtained in the first instance that was appealed by the banks, and the National Court of Appeal confirmed the appeal in the second instance on 27 November 2015. Against it, the banks filed an appeal on point of law to the Supreme Court, which has not yet resolved its admission.

With regard to the insolvency proceedings, in May 2016 the judge ordered the entry into liquidation of Alazor and Accesos de Madrid. The liquidation order to Accesos de Madrid established, among other things, the cessation of activity and the delivery of the infrastructure on 1 October 2016. In addition, the judge decreed the termination of the concession contract. The Minister of Development filed a petition for the lack of authority of the judge to make this decision, giving rise to the corresponding conflict of jurisdiction. The Chamber of Conflicts of the Supreme Court, in its judgment of 5 December 2016, resolved that the insolvency Judge acted correctly because the opening of the liquidation phase automatically leads, by operation of law, to the termination of the concession contract. It also added that the Judge was entitled to designate the date when all the contracts should be terminated, since this is part of the insolvency proceedings.

The insolvent parties and State Attorney lodged an appeal before the Provincial High Court of Madrid against the dismissal of the bankrupt party's agreement proposal, together with the judgments ordering the opening of the liquidation phase, and, with respect to Accesos de Madrid, the High Court resolved to suspend the liquidation operations that might affect the insolvent party's activities.

The Judge approved the Liquidation Plan submitted by the liquidators of Accesos de Madrid, which provides that the infrastructure be delivered to the State on 1 July 2017. The approval Order, handed down on 30 December 2016, also ordered the opening of the Qualification Section to the insolvency proceedings of the concessionaire. Furthermore, the Liquidation Plan of Alazor was disapproved by the Judge, by an

order dated 17 January 2017, ordering the application of the additional liquidation rules provided for in article 149 of the Spanish Insolvency Law, as well as the formation of the corresponding Qualification Section.

Regarding the TP Ferro holding, the Creditors' Meeting was scheduled for voting on the agreement proposal submitted by the Issuer. Owing to the lack of quorum for the adoption of the motion, the next decision taken by the judge was to determine the entry into liquidation of TP Ferro. To date, the Group has recorded the investment at zero value, and does not consider that additional provisions need to be recorded, since the Group has provided no guarantees in relation to this project. By a letter dated 23 November 2016, the States (France and Spain) gave notice of the commencement of the administrative termination proceedings of the concession contract. Both the Insolvency Administration and the Issuer, through its Board of Directors, filed pleadings. However, despite the application of an irregular procedure with lack of defence (applying short deadlines without legal or contractual grounds, failure to answer pleadings, etc.), on 16 December 2016, the Grantor States issued a joint resolution for breach of the concessionaire under the Concession Agreement. Finally, on 20 December 2016 in Llers the termination of the concession was signed leading to its effective transfer to the States. Having approved the Liquidation Plan, the judge proceeded to open the Qualification Section of the concessionaire's insolvency proceedings, before which the Banks and Funds appeared, pending the report of the Insolvency Administration.

In relation to the concession agreement of the Lima Metro Line 2 Project in Peru, on 16 January 2017 the concessionaire Metro de Lima Línea 2, S.A. (in which Iridium Concesiones de Infraestructuras S.A. holds a 25 per cent. stake) filed an application for arbitration against the Republic of Peru (Ministry of Transport and Communications) before the International Centre for the Settlement of Investment Disputes between States and Nationals of other States (ICSID) for serious breach by the Republic of Peru in the concession agreement. The breach mainly consists of: (i) the non-delivery of the Concession Area in the terms and conditions established in the concession agreement; and (ii) the lack of approval and delayed approval of the Detailed Engineering Studies. Through arbitration, an extension of the execution period of the works of the Project has been requested, and compensation for damages pending calculation but exceeding \$30 million. In addition, the potential contingent damages that affect the various parties involved in the project (the construction group, the supplier of rolling stock, etc.), whose legitimacy to claim the damages could be questioned, could reach \$280 million.

On 3 December 2015, the CNMC delivered a judgment in the proceedings against various companies, including Dragados, S.A., for alleged restrictive practices to competition, in relation to the modular construction business. The resolution amounts to €8.6 million, which was appealed in 2016. The Group Management believes that its possible effect will be not be significant.

Castor UGS, L.P., a minority partner of Escal UGS, S.L. has filed an arbitration procedure against the Group in relation to discrepancies in the interpretation criterion of certain clauses of the agreement signed between both companies and, on the grounds of said breach, claims the payment of certain amounts as a partial assignment of the loan granted to Escal UGS and compensation for damages in an approximate amount of €100 million. For its part, the Group, in its statement of defence, petitions the full dismissal of the claim lodged by Castor UGS, L.P. considering that it does not have economic or contractual grounds.

1. **Individuals with Tax Residency in Spain**

1.1 ***Individual Income Tax (Impuesto sobre la Renta de las Personas Físicas)***

Both interest periodically received and income deriving from the transfer, redemption or repayment of the Notes would constitute a return on investment obtained from the transfer of own capital to third parties in accordance with the provisions of Section 25.2 of the Personal Income Tax Law, and should be included in each investor's taxable savings and taxed at the tax rate applicable from time to time, currently 19 per cent. for taxable income up to €6,000, 21 per cent. for taxable income between €6,001 and €50,000, and 23 per cent. for taxable income exceeding €50,000. As a general rule, both types of income are subject to a withholding tax on account at the current rate of 19 per cent.

According to Section 44.5 of Royal Decree 1065/2007, of 27 July, the Issuer will make interest payments to individual holders who are resident for tax purposes in Spain without withholding provided that the relevant information about the Notes set out in Annex I is submitted by the Fiscal Agent in a timely manner. In addition, income obtained upon transfer, redemption or exchange of the Notes may also be paid without withholding.

Notwithstanding the above, withholding tax at the current applicable rate of 19 per cent. may have to be deducted by other entities (such as depositaries, institutions or financial entities) provided that such entities are resident for tax purposes in Spain or have a permanent establishment in Spanish territory.

In any event, individual holders may credit the withholding against their Personal Income Tax liability for the relevant fiscal year.

1.2 ***Wealth Tax (Impuesto sobre el Patrimonio)***

According to Wealth Tax regulations (subject to any exceptions provided under relevant legislation in an autonomous region (*Comunidad Autónoma*)), the net worth of any individuals with tax residency in Spain up to the amount of €700,000 is not subject to Wealth Tax. Therefore, they should take into account the value of the Notes which they hold as at 31 December in each year, the applicable rates ranging between 0.2 per cent. and 2.5 per cent.

In accordance with article 4 of Royal Decree-Law, of 2 December, a full exemption on Wealth Tax will apply in 2018 unless such exemption is revoked.

1.3 ***Inheritance and Gift Tax (Impuesto sobre Sucesiones y Donaciones)***

Individuals with tax residency in Spain who acquire ownership or other rights over any Notes by inheritance, gift or legacy will be subject to inheritance and gift tax in accordance with the applicable Spanish regional or federal rules. As at the date of this Base Prospectus, the applicable tax rates currently range between 7.65 per cent. and 34 per cent. Relevant factors applied (such as previous net wealth or family relationship among transferor and transferee) determine the final effective tax rate that range, as of the date of this Base Prospectus, between 0 per cent. and 81.6 per cent.

2. **Legal Entities with Tax Residency in Spain**

2.1 ***Corporate Income Tax (Impuesto sobre Sociedades)***

Both interest periodically received and income deriving from the transfer, redemption or repayment of the Notes constitute a return on investments for tax purposes obtained from the transfer to third parties of own capital and would have to be included in profit and taxable income of legal entities with tax residency in Spain for Corporate Income Tax ("CIT") purposes in accordance with the rules for Corporate Income Tax. In accordance with Section 44.5 of Royal Decree 1065/2007, of 27 July, there is no obligation to withhold on income payable to Spanish CIT taxpayers (which for the sake of clarity, include Spanish tax resident investment funds and Spanish tax resident pension funds). Consequently, the Issuer will not withhold on interest payments to Spanish CIT taxpayers *provided that* the relevant information about the Notes set out in Annex I is submitted by the Fiscal Agent in a timely manner. The current general tax rate according to CIT Law is 25 per cent..

However, in the case of Notes held by Spanish resident entity and deposited with a Spanish resident entity acting as depositary or custodian, payments of interest under the Notes may be subject to withholding tax at the current rate of 19 per cent., withholding that will be made by the depositary or custodian, if the Notes do not comply with the exemption requirements specified in the ruling issued by the Spanish Tax Authorities (*Dirección General de Tributos*) dated 27 July 2004 and require a withholding to be made.

Notwithstanding the above, amounts withheld, if any, may be credited by the relevant investors against its final CIT liability.

2.2 ***Wealth Tax (Impuesto sobre el Patrimonio)***

Spanish resident legal entities are not subject to Wealth Tax.

2.3 ***Inheritance and Gift Tax (Impuesto sobre Sucesiones y Donaciones)***

Legal entities tax resident in Spain which acquire ownership or other rights over the Notes by inheritance, gift or legacy are not subject to inheritance and gift tax and must include the market value of the Notes in their taxable income for Spanish Corporate Income Tax purposes.

3. **Individuals and Legal Entities with no Tax Residency in Spain**

3.1 ***Non-Resident Income Tax (Impuesto sobre la Renta de No Residentes)***

(a) *Non-Spanish resident investors acting through a permanent establishment in Spain*

Ownership of the Notes by investors who are not resident for tax purposes in Spain will not in itself create the existence of a permanent establishment in Spain.

If the Notes form part of the assets of a permanent establishment in Spain of a person or legal entity who is not resident in Spain for tax purposes, the tax rules applicable to income deriving from such Notes are the same as those for Spanish Corporate Income Tax taxpayers.

(b) *Non-Spanish resident investors not acting through a permanent establishment in Spain*

Both interest periodically received and income deriving from the transfer, redemption or repayment of the Notes, obtained by individuals or entities who have no tax residency in Spain, and which are Non-Resident Income Tax taxpayers with no permanent establishment in Spain, are exempt from such Non-Resident Income Tax. In order for such exemption to apply it is necessary to comply with the information procedures, in the manner detailed under "-Information about the Notes in Connection with Payments-" as set out in article 44 of Royal Decree 1065/2007.

3.2 ***Wealth Tax (Impuesto sobre el Patrimonio)***

Individuals resident in a country with which Spain has entered into a double tax treaty in relation to the Wealth Tax would generally not be subject to such tax. Otherwise, non-Spanish resident individuals whose properties and rights located in Spain, or that can be exercised within the Spanish territory exceed €700,000 would be subject to Wealth Tax, the applicable rates ranging between 0.2 per cent. and 2.5 per cent.

Individuals that are not resident in Spain for tax purposes but who are resident in an EU or European Economic Area member State may apply the rules approved by the autonomous region where the assets and rights with more value (i) are located, (ii) can be exercised or (iii) must be fulfilled.

In accordance with article 4 of Royal Decree-Law, of 2 December, a full exemption on Wealth Tax will apply in 2018 unless such exemption is revoked.

Non-Spanish resident legal entities are not subject to Wealth Tax.

3.3 ***Inheritance and Gift Tax (Impuesto sobre Sucesiones y Donaciones)***

Individuals not tax resident in Spain who acquire ownership or other rights over the Notes by inheritance, gift or legacy, and who reside in a country with which Spain has entered into a double tax treaty in relation to inheritance and gift tax will be subject to the relevant double tax treaty.

If the provisions of the foregoing paragraph do not apply, such individuals will be subject to inheritance and gift tax in accordance with Spanish legislation.

However, if the deceased, heir or the donee are resident in an EU or European Economic Area member State, depending on the specific situation, the applicable rules will be those corresponding to the relevant autonomous regions according to the law.

Non-Spanish resident legal entities which acquire ownership or other rights over the Notes by inheritance, gift or legacy are not subject to inheritance and gift tax. They will be subject to Non-Resident Income Tax. If the legal entity is resident in a country with which Spain has entered into a double tax treaty, the provisions of such treaty will apply. In general, double-tax treaties provide for the taxation of this type of income in the country of residence of the beneficiary.

4. **Information about the Notes in Connection with Payments**

As at the date of this Base Prospectus, the Issuer is currently required by Spanish law to report on certain information relating to the Notes. In accordance with Section 44 of Royal Decree 1065/2007, for that purpose, certain information with respect to the Notes must be submitted to the Issuer before the close of business on the Business Day (as defined in the Terms and Conditions of the Notes) immediately preceding the date on which any payment of interest, principal or of any amounts in respect of the early redemption of the Notes (each, a "**Payment Date**") is due.

- (b) date on which relevant redemption is made;
- (c) the total amount of the relevant redemption; and

In light of the above, the Issuer and the Fiscal Agent have arranged certain procedures to facilitate the collection of information concerning the Notes by the close of business on the Business Day immediately preceding each relevant Payment Date. If, despite these procedures, the relevant information is not received by the Issuer on each Payment Date, the Issuer will withhold tax at the then-applicable rate (as at the date of this Base Prospectus, 19 per cent.) from any payment in respect of the relevant Notes as to which the required information has not been provided. The Issuer will not pay any additional amounts with respect to any such withholding

Set out below is Annex I. Sections in English have been translated from the original Spanish and such translations constitute direct and accurate translations of the Spanish language text. In the event of any discrepancy between the Spanish language version of the certificate contained in Annex I and the corresponding English translation, the Spanish tax authorities will give effect to the Spanish language version of the relevant certificate only.

"The Securities covered hereby have not been registered under the U.S. Securities Act of 1933, as amended (the "**Securities Act**"), and may not be offered or sold within the United States or to, or for the account or benefit of, U.S. persons (i) as part of their distribution at any time or (ii) otherwise until 40 days after the completion of the distribution of the Notes comprising the relevant Tranche as determined and certified by the relevant Dealer, in the case of a non-syndicated issue, or the Fiscal Agent, in the case of a syndicated issue, and except in either case in accordance with Regulation S under the Securities Act. Terms used above have the meanings given to them by Regulation S."

In addition, until 40 days after the commencement of the offering, an offer or sale of Notes within the United States by any dealer (whether or not participating in the offering) may violate the registration requirements of the Securities Act.

Terms used in this section have the meanings given to them by Regulation S.

Prohibition of Sales to EEA Retail Investors

From 1 January 2018, each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it has not offered, sold or otherwise made available and will not offer, sell or otherwise make available any Notes which are the subject of the offering contemplated by this Prospectus as completed by the Final Terms in relation thereto to any retail investor in the European Economic Area. For the purposes of this provision, the expression "retail investor" means a person who is one (or more) of the following:

- (a) a retail client as defined in point (11) of Article 4(1) of MiFID II; or
- (b) a customer within the meaning of the Insurance Mediation Directive, where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II.

Selling Restrictions Addressing Additional United Kingdom Securities Laws

Each Dealer has represented, warranted and agreed, and each further Dealer appointed under the Programme will be required to represent, warrant and agree, that:

- (a) **No deposit-taking:** in relation to any Notes having a maturity of less than one year:
 - (i) it is a person whose ordinary activities involve it in acquiring, holding, managing or disposing of investments (as principal or agent) for the purposes of its business; and
 - (ii) it has not offered or sold and will not offer or sell any Notes other than to persons:
 - (A) whose ordinary activities involve them in acquiring, holding, managing or disposing of investments (as principal or agent) for the purposes of their businesses; or
 - (B) who it is reasonable to expect will acquire, hold, manage or dispose of investments (as principal or agent) for the purposes of their businesses,where the issue of the Notes would otherwise constitute a contravention of Section 19 of the FSMA by the Issuer;
- (b) **Financial promotion:** it has only communicated or caused to be communicated and will only communicate or cause to be communicated an invitation or inducement to engage in investment activity (within the meaning of section 21 of the FSMA) received by it in connection with the issue or sale of any Notes in circumstances in which section 21(1) of the FSMA does not apply to the Issuer; and
- (c) **General compliance:** it has complied and will comply with all applicable provisions of the FSMA with respect to anything done by it in relation to such Notes in, from or otherwise involving the United Kingdom.

Kingdom of Spain

Each of the Dealers and the Issuer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that the Notes will not be offered, sold or distributed, nor will any subsequent resale of Notes be carried out in Spain, except in circumstances which do not constitute a public offer of securities in Spain within the meaning of the Restated Text of the Spanish Securities Market Law approved by Legislative Royal Decree 4/2015 (*Real Decreto Legislativo 4/2015, de 23 de Octubre, por el que se aprueba el texto refundido de la Ley del Mercado de Valores*), as amended, of 23 October, or without complying with all legal and regulatory requirements under Spanish securities laws. Neither the Notes nor this Base Prospectus have been registered with the Spanish Securities Market Commission (*Comisión Nacional del Mercado de Valores*) and therefore this Base Prospectus is not intended for any public offer of the Notes in Spain.

Japan

The Notes have not been and will not be registered under the Financial Instruments and Exchange Act of Japan (Act No. 25 of 1948, as amended, the "**FIEA**") and, accordingly, each Dealer undertakes that it will not offer or sell any Notes directly or indirectly, in Japan or to, or for the benefit of, any resident of Japan or to others for re-offering or resale, directly or indirectly, in Japan or to any resident of Japan except pursuant to an exemption from the registration requirements of, and otherwise in compliance with the FIEA and other relevant laws and regulations of Japan. As used in this paragraph, "**resident of Japan**" means any person resident in Japan, including any corporation or other entity organised under the laws of Japan.

Republic of Italy

The offering of the Notes has not been registered with the Commissione Nazionale per le Società e la Borsa ("**CONSOB**") pursuant to Italian securities legislation and, accordingly each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that, save as set out below, it has not offered or sold, and will not offer or sell, any Notes in the Republic of Italy in an offer to the public, and that sales of the Notes in the Republic of Italy shall be effected in accordance with all Italian securities, tax and exchange control and other applicable laws and regulations.

Accordingly, each of the Dealers has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it will not offer, sell or deliver any Notes or distribute copies of this Base Prospectus and any other document relating to the Notes in the Republic of Italy except:

- (a) to "qualified investors", as referred to in Article 100 of Legislative Decree No. 58 of 24 February 1998, as amended ("**Decree No. 58**") and as defined in Article 34-ter, paragraph 1, let. b) of CONSOB Regulation No. 11971 of 14 May 1999, as amended ("**Regulation No. 11971**"); or
- (b) that it may offer, sell or deliver Notes or distribute copies of any prospectus relating to such Notes in an offer to the public in the period commencing on the date of publication of such prospectus, provided that such prospectus has been approved in another Relevant Member State and notified to CONSOB, all in accordance with the Prospectus Directive, as implemented in Italy under Decree 58 and Regulation No. 11971, and ending on the date which is 12 months after the date of approval of such prospectus; or
- (c) in any other circumstances where an express exemption from compliance with the offer restrictions applies, as provided under Decree No. 58 or Regulation No. 11971.

Any such offer, sale or delivery of the Notes or distribution of copies of this Base Prospectus or any other document relating to the Notes in the Republic of Italy must be:

- (a) made by investment firms, banks or financial intermediaries permitted to conduct such activities in the Republic of Italy in accordance with Legislative Decree No. 385 of 1 September 1993 as amended ("**Decree No. 385**"), Decree No. 58, CONSOB Regulation No. 16190 of 29 October 2007, as amended and any other applicable laws and regulations;
- (b) in compliance with Article 129 of Legislative Decree No. 385 of 1 September 1993, as amended, pursuant to which the Bank of Italy may request information on the issue or the offer of securities in the Republic of Italy and the relevant implementing guidelines of the Bank of Italy issued on 25 August 2015 (as amended on 10 August 2016); and
- (c) in compliance with any other applicable notification requirement or limitation which may be imposed by CONSOB or the Bank of Italy.

Provisions relating to the secondary market in the Republic of Italy

Investors should also note that, in any subsequent distribution of the Notes in the Republic of Italy, Article 100-bis of Decree No. 58 may require compliance with the law relating to public offers of securities. Furthermore, where the Notes are placed solely with "qualified investors" and are then systematically resold on the secondary market at any time in the 12 months following such placing, purchasers of Notes who are acting outside of the course of their business or profession may in certain circumstances be entitled to

declare such purchase void and, in addition, to claim damages from any authorised person at whose premises the Notes were purchased, unless an exemption provided for under Decree No. 58 applies.

General

Each Dealer has represented, warranted and agreed with the Issuer that it has, to the best of its knowledge complied and will comply with all applicable laws and regulations in each country or jurisdiction in or from which it purchases, offers, sells or delivers Notes or possesses, distributes or publishes this Base Prospectus or any Final Terms or any related offering material, in all cases at its own expense. Other persons into whose hands this Base Prospectus or any Final Terms comes are required by the Issuer and the Dealers to comply with all applicable laws and regulations in each country or jurisdiction in or from which they purchase, offer, sell or deliver Notes or possess, distribute or publish this Base Prospectus or any Final Terms or any related offering material, in all cases at their own expense.

The Dealer Agreement provides that the Dealers shall not be bound by any of the restrictions relating to any specific jurisdiction (set out above) to the extent that such restrictions shall, as a result of change(s) or change(s) in official interpretation, after the date hereof, of applicable laws and regulations, no longer be applicable but without prejudice to the obligations of the Dealers described in the paragraph headed "*General*" above.

Selling restrictions may be supplemented or modified with the agreement of the Issuer. Any such supplement or modification may be set out in a supplement to this Base Prospectus.

No representation is made that any action has been taken in any jurisdiction that would permit a public offering of any of the Notes, or possession or distribution of the Prospectus or any other offering material or any Final Terms, in any country or jurisdiction where action for that purpose is required.

GENERAL INFORMATION

Authorisation

1. The establishment of the Programme has been duly authorised by a resolution of Shareholders' meeting held on 29 May 2014 and by the Board of Directors of the Issuer on 29 May 2014 and the update of the Programme has been duly authorised by the Board of Directors of the Issuer on 23 March 2017. The Issuer has obtained or will obtain from time to time all necessary consents, approvals and authorisations in connection with the issue and performance of the Notes.
2. The Base Prospectus has been approved by the Central Bank of Ireland (the "**Central Bank**"), as competent authority under the Prospectus Directive. The Central Bank only approves this Base Prospectus as meeting the requirements imposed under Irish and EU law pursuant to the Prospectus Directive. Such approval relates only to the Notes which are to be admitted to trading on a regulated market for the purposes of Directive 2004/39/EC, as amended and/or which are to be offered to the public in any member state of the European Economic Area. Application has been made to the Irish Stock Exchange for the Notes issued under the Programme during the period of 12 months from the date of this Base Prospectus to be admitted to the official list and trading on its regulated market.

However, Notes may be issued pursuant to the Programme which will not be listed on the Irish Stock Exchange but which will be listed on such other stock exchanges as the Issuer and the Relevant Dealer(s) may agree.

Legal and Arbitration Proceedings

3. Save as disclosed on pages 78 (*Description of the Issuer– Litigation*), there are no governmental, legal or arbitration proceedings, (including any such proceedings which are pending or threatened, of which the Issuer is aware), which may have, or have had during the 12 months prior to the date of this Base Prospectus, a significant effect on the financial position or profitability of the Issuer and its Subsidiaries.

Significant/Material Change

4. Since 31 December 2016, there has been no material adverse change in the prospects of the Issuer or the Issuer and its Subsidiaries, nor any significant change in the financial or trading position of the Issuer or the Issuer and its Subsidiaries.

Auditors

5. The consolidated financial statements of the Issuer have been audited without qualification for the years ended 31 December 2016 and 31 December 2015 by Deloitte, S.L of Plaza Pablo Ruiz Picasso, 1, Madrid, registered under number S 0692 in the Official register of Auditors (*Registro Oficial de Auditores de Cuentas*). Deloitte, S.L. is a member of the *Instituto de Censores Jurados de Cuentas de España*.

Documents on Display

6. Physical copies of the following documents (together with English translations thereof where applicable) may be inspected during normal business hours at the offices of the Fiscal Agent for 12 months from the date of this Base Prospectus:
 - (a) the constitutive documents of the Issuer;
 - (b) the audited consolidated financial statements of the Issuer for the years ended 31 December 2016 and 31 December 2015;
 - (c) the 2016 conditions;
 - (d) the 2015 conditions;
 - (e) the 2014 conditions;

- (f) the Agency Agreement;
- (g) the Deed of Covenant;
- (h) the Programme Manual (which contains the forms of the Notes in global and definitive form); and
- (i) the Issuer-ICSDs Agreement (which is entered into between the Issuer and Euroclear and/or Clearstream, Luxembourg with respect to the settlement in Euroclear and/or Clearstream, Luxembourg of Notes in New Global Note form).

Clearing of the Notes

7. The Notes have been accepted for clearance through Euroclear and Clearstream, Luxembourg. The appropriate common code and the International Securities Identification Number in relation to the Notes of each Tranche will be specified in the relevant Final Terms. The relevant Final Terms shall specify any other clearing system as shall have accepted the relevant Notes for clearance together with any further appropriate information.

Issue Price and Yield

8. Notes may be issued at any price. The issue price of each Tranche of Notes to be issued under the Programme will be determined by the Issuer and the relevant Dealer(s) at the time of issue in accordance with prevailing market conditions and the issue price of the relevant Notes or the method of determining the price and the process for its disclosure will be set out in the applicable Final Terms. In the case of different Tranches of a Series of Notes, the issue price may include accrued interest in respect of the period from the interest commencement date of the relevant Tranche (which may be the issue date of the first Tranche of the Series or, if interest payment dates have already passed, the most recent interest payment date in respect of the Series) to the issue date of the relevant Tranche.

The yield of each Tranche of Notes set out in the applicable Final Terms will be calculated as of the relevant issue date on an annual or semi-annual basis using the relevant issue price. It is not an indication of future yield.

9. There are no material contracts entered into other than in the ordinary course of the Issuer's business, which could result in any member of the Group being under an obligation or entitlement that is material to the Issuer's ability to meet its obligations to Noteholders in respect of the Notes being issued.
10. Where information in this Base Prospectus has been sourced from third parties this information has been accurately reproduced and as far as the Issuer is aware and is able to ascertain from the information published by such third parties no facts have been omitted which would render the reproduced information inaccurate or misleading. The source of third party information is identified where used.
11. The issue price and the amount of the relevant Notes will be determined, before filing of the relevant Final Terms of each Tranche, based on the prevailing market conditions. The Issuer does not intend to provide any post-issuance information in relation to any issues of Notes.
12. Certain of the Dealers and their affiliates have engaged, and may in the future engage, in investment banking and/or commercial banking transactions with, and may perform services for the Issuer and/or the Issuer's affiliates in the ordinary course of business. Certain of the Dealers and their affiliates may have positions, deal or make markets in the Notes issued under the Programme, related derivatives and reference obligations, including (but not limited to) entering into hedging strategies on behalf of the Issuer and its affiliates, investor clients, or as principal in order to manage their exposure, their general market risk, or other trading activities. In particular, in the ordinary course of their business activities, the Dealers and their affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers. Such investments and securities activities may involve securities and/or instruments of the Issuer or any of its affiliates. Certain of the Dealers or their affiliates that have a lending

relationship with the Issuers routinely hedge their credit exposure to the Issuers consistent with their customary risk management policies. Typically, such Dealers and their affiliates would hedge such exposure by entering into transactions that consist of either the purchase of credit default swaps or the creation of short positions in securities, including potentially the Notes issued under the Programme. Any such short positions could adversely affect future trading prices of Notes issued under the Programme. For the purpose of this paragraph, the term "affiliates" also includes parent companies.
