

A male capercaillie is shown in its natural habitat, surrounded by pine trees. The bird is facing right, with its large, dark tail feathers fanned out, revealing intricate white patterns. It has a distinctive red patch around its eye and a yellowish-green beak. The background is a soft-focus green forest.

*“ ... the real reason we are here is because we believe in and want to support GWCT and the important work they do conducting conservation science that enhances the British countryside for us all.”*

## Chairman's Welcome

I am thrilled to be welcoming you all here this evening as your new chairman for what is our 34<sup>th</sup> dinner supporting GWCT in Scotland.

Having been involved with the GWCT for almost 15 years serving on and latterly chairing the South East of Scotland Committee it was an honour to accept Bryan Johnston's invitation to follow in his footsteps as chairman of this illustrious annual gathering.

I must thank Bryan for his dedication and hard work over the last seven years and, with the help of his auction manager Angela Walker and their committee, for successfully negotiating the (virtual) dinner & auction through the COVID years. Angela has also decided to step down and I am sure Bryan would agree that she has been the real power behind the throne of our past Chairmen for over ten years and without her enthusiasm and diligence the wonderful reputation of this dinner would not be the same. Thankfully she remains on our committee and is helping guide me and our new Auction Manager Lois Bayne-Jardine through this our first dinner! We cannot thank her enough. It is only now that I fully realise just how much work goes into putting on this dinner and without the amazing work of our wonderful committee who have brought their collective experience to our meetings and ably sourced the wonderful sponsors and auction lots that we have on offer, we would not all be here tonight!

Whilst we are all here to have a wonderful night with friends and like-minded people, the real reason we are here is because we believe in and want to support GWCT and the important work they do conducting conservation science that enhances the British countryside for us all.

They are apolitical and have been researching and developing game and wildlife management techniques for over 80 years and use this research to provide training and advice on how best to improve the biodiversity of our countryside. They are very much a source of reason rather than hearsay. In order to do this, they rely on funding and the support of generous corporates and individuals such as us here tonight. This is a fund raising evening and I hope that you can be tempted to bid generously in both the live and silent auction for these wonderful lots that have been so kindly donated.

I would like to extend a special thanks to each of our main sponsors; Pentland Landrover, Saffery Champness and Invenergy. If you are not already familiar with these companies please refer to our dedicated sponsor page (p.6) in this catalogue which will tell you more. They are all represented here by taking a table tonight and would be delighted to meet you.

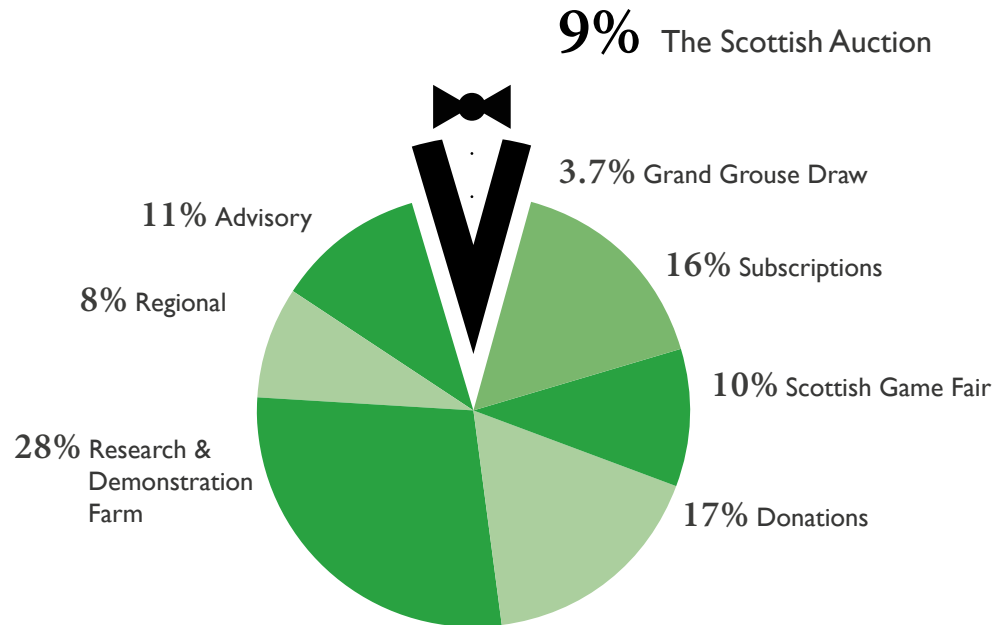

Thanks must also go to Prestonfield House Hotel for providing us with this delicious dinner and the wonderful surroundings, to Highland Game for donating the venison for our main course, to those who have taken advertisements in our catalogue and of course to all of our loyal donors, many of whom have supported us for a number of years. Please have a very good read of the catalogue and don't forget to take it home with you!

I do hope that you all have a wonderful evening and I look forward to meeting as many of you as possible.

## Director's Cut

Dear Guest,

Working for GWCT is a great privilege and it is hard not to be inspired by the passionate and bright people that make up the Scottish team.

Before joining the trust, I spent several years on a regional committee so understand the vital toil from small bands of dedicated members around the country. However, until joining the staff, I didn't quite appreciate the huge breadth of GWCT's work and how much we truly punch above our weight.

The reality is we are a lean organisation, and our staff work exceptionally hard to ensure the maximum impact from available resources.

Having spent most of my career in professions where 'Return on Investment' and 'Key Performance Indicators' were king, I find the wider 'Green' sector frustratingly unaccountable. Huge sums of public and charitable money are thrown at projects with minimal species-specific deliverables. Biodiversity 'ROI' is too often valued in volumes of land altered or the sum of project expenditure - rarely the intended productivity of target species. This is not the case with GWCT.

Often our message is a politically uncomfortable one. Farming and shooting interests are often blamed for the biodiversity crisis however we repeatedly demonstrate a model where they can be part of the solution, and one where funding is not simply thrust onto the taxpayer.

As it is, we rely on the generosity and passion of our members, and you should take great cheer in knowing every penny raised has a meaningful impact on delivering a better future. Our vision includes ensuring the land can support healthy wildlife populations, but also feed our nation while maintaining those communities that are essential to the very fabric of the Scottish countryside.

Thank you again for all you support. Drink up, be merry and bid high!

A handwritten signature in black ink, appearing to read 'Rory Kennedy'.

**Rory Kennedy,**  
*GWCT Director Scotland*

## A magnum of Cloudy Bay 2020 Sauvignon Blanc

Provided by:  
Inverarity Morton

James Suckling scored this 92 points saying "A fresh, creamy-textured white with lots of freshness and lovely pear and green-apple character. Some white pineapple. It's medium-bodied with crisp acidity and a flavourful finish. Less herbs and more clean, ripe fruit."

Vinous scored this 91 points saying "Delightfully textured and smooth with balanced yet mouthwatering acidity, this wine veers into the green hedgerow spectrum of Sauvignon; think nettles and elderflowers rather than flamboyant tropical fruits. That said, there's a subtle flavor of

passion fruit running through this wine. Midweight with some decent concentration, it offers nice grip on the medium-plus-length finish.

Wine Spectator selected this as their Value Pick of the Week. They scored it 93 points saying "Vibrant and intense, a mouthwatering mix of lemon meringue, ruby grapefruit, lime sherbet and dried pineapple notes that leap out the glass with equally intense aromatics. A hint of lemon verbena and dried ginger linger on the finish.

### Case of Chateau du Gazin

*Provided by:*  
Mark Tennant

*Date:*  
During 2023

*Guide price:*  
£215

Plush, Merlot-dominated red from the Right Bank of Bordeaux. Château du Gazin is a brilliant producer of wines in the Canon Fronsac AOC - an appellation often overlooked for its famous neighbours, but offering wonderful quality and value. Located on the famous Right Bank alongside Saint-Émilion and Pomerol stands Château du Gazin. Since 1532 the château has been producing wines, but a new chapter began when the Robert family, originally from Burgundy, acquired the estate almost 90 years ago. The vineyards were revitalised and since 2018 the estate has been converting their wines to organic. Château du Gazin is from vineyards in the Canon-Fronsac. The appellation lies upon clay-limestone soils, similar to those found in Saint-Émilion, and is known for its big full-bodied reds. This 2018 is mostly Merlot with red berry Cabernet Franc and juicy Malbec. It shows dark berry fruit with hints of mocha and smoky oak. A beautiful pairing alongside braised beef or cheese.

Spiced aromas with notes of vanilla and cherry support a full-bodied and round palate with soft tannins followed by a long finish with spicy notes. Produced by the Cantina Valpolicella Negrar.

Appassimento is the process of natural partial dehydration of grapes to produce a greater concentration of colours, aromas and flavours in the wine. Since partially dried grapes also have a higher concentration of sugars, this system is often used to make sweet or very concentrated wines. "Marco Polo" combines both appassimento and traditionally produced grapes to make a soft, medium-dry wine.

## How to Pay

Lots can be paid for direct to GWCT by cheque, BACS or credit card, or online through the link in your bid success notification. We can email you an invoice if required.

Cheques should be made out to GWCT Scottish Auction; arrangements for delivery of auction lots to be made through the Auction Manager, Lois Bayne-Jardine, once full payment has been made ([scottishauction@gwct.org.uk](mailto:scottishauction@gwct.org.uk), 07594 929783).

## Gift Aid

In cases where auction lots have been provided by individuals it may be beneficial from a tax perspective for these auction lots to be sold on behalf of the providers of the lots, and although they will be given 21 days in which to ask for the proceeds of sale to be sent to them it is believed that they will not do so and by not doing so that they will gift the proceeds to GWCT under GiftAid, thus adding 25% to the hammer proceeds. For this reason some of the lots are in fact being sold for the providers of the lots.

In the remainder of cases, where the successful bid exceeds the known reasonable market value of the Lot, the purchaser, by signing a Gift Aid Declaration (you must be a UK taxpayer and have tax paid or payable equivalent to the relief being claimed), will be able to enhance the value of their donation. GiftAid allows the Game & Wildlife Conservation Trust, being a Charity, to claim an addition 25% on the difference between the market value and the winning bid. The Committee urge you to help them maximise funds generated by their auction for the Game & Wildlife Conservation Trust in this way. This is at no additional cost to yourself, and if you are a higher rate taxpayer you may be able to claim further tax relief via your self-assessment tax return of a further 25% of the difference.

At the time of payment you will be advised which case applies and where appropriate asked to sign a Gift Aid Declaration form.

## Terms & Conditions

1. Purchasers must take the sport being offered on the dates stated, or risk the forfeiture of the purchased lots. All shooting, fishing and stalking will be in 2023 unless stated otherwise. Rollovers into subsequent years are not permitted unless otherwise stated.

2. All lots can be bid for online from 12 noon on Sunday 23<sup>rd</sup> April. For Live Auction lots maximum bids should be left by 6pm on Thursday 4<sup>th</sup> May when they will be carried forward into the live event. The Silent Auction will close at approx. 11pm on Thursday 4<sup>th</sup> May. Further details on this process can be found on the previous page.

3. The winning bidder for each lot will be notified by text and/or email at the close of the auction, with a follow up email in the following days.

4. Any statement as to authorship, attribution, origin, date, age, provenance and conditions is a statement of opinion, and is not to be taken as a statement or representation of fact.

5. The highest bidder shall be the buyer. If any dispute arises the chairman shall have the absolute discretion to settle it and to put any disputed lot up again. The auctioneer acts as agent only. He shall have full discretion to refuse any bidding, to divide any lot, to combine any two or more lots and to withdraw any lot or lots from the sale without any case giving reason.

6. The chairman reserves the right to refuse any bid less than 70% of the guide price for lots contained within the Auction.

7. Payment must be made either by cheque, credit card or bank transfer direct to GWCT, or via the link provided by EMMA at a small cost.

**CHEQUES SHOULD BE MADE PAYABLE  
 TO "GAME & WILDLIFE CONSERVATION  
 TRUST SCOTTISH AUCTION"**

Details for Bank Transfers will be provided to successful bidders.

8. All lots are sold with all faults, imperfections and errors of descriptions. Neither the organiser nor the donor can be held responsible for errors of description or for genuineness or authenticity of any lot, or for any fault or defect in it howsoever caused. No warranty whatever is given by the organisers or donor to any buyer in respect of any lot and any implied conditions or warranties, and all lots are sold subject to no return. The Successful bidder/purchaser of a lot has no right to sell on to third parties, sublet or assign without the prior agreement of both the chairman and donor.

9. Except in so far as other arrangements may have been made with the organisers of the sale, the buyer shall pay the purchase price within seven days of the sale. If at the expiration of a further seven days the lot is not paid in full, the sale may be rescinded without any notice being given to

the buyer. Ownership of a lot purchased shall not pass to the buyer until he has made payment in full. Nevertheless, every lot shall be at the sole risk of the buyer from the fall of the hammer.

10. For this sale the Game & Wildlife Conservation Trust (Scotland) will charge no vendor's commission nor will the buyer's premium apply.

11. Purchasers of shooting days are required to ensure that any person who takes part in the shoot is a safe and experienced shot and is fully covered by Third Party Insurance. The donors reserve the right to see evidence of insurance cover and to ask anyone who shoots dangerously to leave the shooting field immediately. We feel sure that prospective purchasers will appreciate the sense of this condition.

12. All guns must possess up-to-date Firearm Certificates or Shot Gun Licences and be insured.

13. Lots are donated with the expectation that purchasers will respect the donors' generosity and abide by local rules and conditions. All purchasers will abide by all Health and Safety conditions imposed by the donor.

14. Privacy Policy: We'll use your details to fulfil your request. For more about how we protect your personal data see our Privacy Policy on our website [www.gwct.org.uk](http://www.gwct.org.uk).
