## Accommodations

The AHA has reserved substantial blocks of rooms at four hotels: the Hilton San Francisco, the Renaissance Parc 55, the Westin St. Francis, and the Hotel Nikko San Francisco. The hotels are just steps from Union Square amid the city's premier shopping and theater districts. The Museum of Modern Art, South of Market, and the Financial District are all within walking distance. The hotels offer easy access to Bay Area Rapid Transit (BART), San Francisco Municipal Railway (Muni), and the city's celebrated cable cars just two blocks away.

The **Hilton San Francisco** (<http://www.sanfrancisco.hilton.com>; (415) 771-1400), located at 333 O'Farrell Street, will serve as headquarters and will house meeting registration, the book exhibit, the Job Register, and AHA and affiliate sessions. The **Renaissance Parc 55 Hotel** (<http://www.renaissancehotels.com>; (415) 392-8000), at 55 Cyril Magnin Street, will serve as co-headquarters and will accommodate AHA and affiliate events. The **Westin St. Francis** (<http://www.westin.com>; (415) 397-7000) is located at 335 Powell Street and will house AHA and affiliate sessions and events. The **Hotel Nikko San Francisco** (<http://www.nikkohotels.com>; (415) 394-1111) is at 222 Mason Street and will host AHA and affiliate sessions and events.

Negotiated rates for the Hilton and Parc 55 are \$99 single and double; for the St. Francis \$109 single and double; and for the Nikko \$109 single and \$129 double. The additional person charge at all hotels is \$20. All rooms are subject to city and state occupancy taxes of 14.05 percent per room, per night. Rates will be in effect three days before and after the January 3–6 meeting dates and apply to a limited number of rooms only at each property.

## Reservations

Beginning September 4, hotel reservations must be made exclusively with the San Francisco Housing Bureau operated by Expoexchange, the San Francisco Convention and Visitors Bureau's exclusive housing vendor, based in Deerfield, Illinois.

- Reservations will be accepted via the AHA web site (<http://www.theaha.org>), the call center, fax, or mail (only if accompanied by a check deposit) through December 3, 2001.

- The call center (toll free at (800) 424-5256) will accept reservations from the U.S. and Canada during the hours of 8:00 A.M. and 5:00 P.M. Central Standard Time, Monday through Friday. International callers may call (847) 940-2154 to make reservations during normal business hours. Phone reservations are limited to five per call. Requests for more than five rooms must be submitted in writing.

- Faxes from the U.S. and Canada may be sent 24 hours a day, seven days a week to (800) 521-6017, but will be processed during business hours. International attendees may fax to (847) 940-2386.

- Suite reservations can be made by any of the methods noted above.

- Only bookings made by check should be sent to the San Francisco Housing Bureau/AHA 2002, 108 Wilmot Road Suite 400, P.O. Box 825, Deerfield, IL 60015. Checks should be made payable to the San Francisco Housing Bureau, in U.S. funds, drawn on a U.S. bank.

## Confirmation

A reservation confirmation will be sent by the bureau for all new reservations, modifications, and cancellations. The bureau will send out confirmations by mail, fax, or e-mail no later than 72 hours after processing reservations. Room reservations made by phone are confirmed immediately with a confirmation number. Please note that hotels will not send out a separate confirmation.

## Deposit

The San Francisco Housing Bureau and the four hotels require a standard deposit of \$125 per room reservation. The deposit for a one-bedroom suite is \$250 and for a two-bedroom suite is \$375. A deposit is required for each reservation, and can be made by credit card or by check payment. If payment is to be by check, a check made payable to the San Francisco Housing Bureau, in U.S. dollars and drawn on a U.S. bank, must accompany the housing request form. If payment is to be by credit card, the card will be billed immediately. Credit cards accepted are American Express, MasterCard, Visa, Discover, and Diner's Club. The bureau does not accept money orders, wire transfers, or invoices for room deposits. Please note that reservations will not be processed without a deposit.

## Cutoff Date

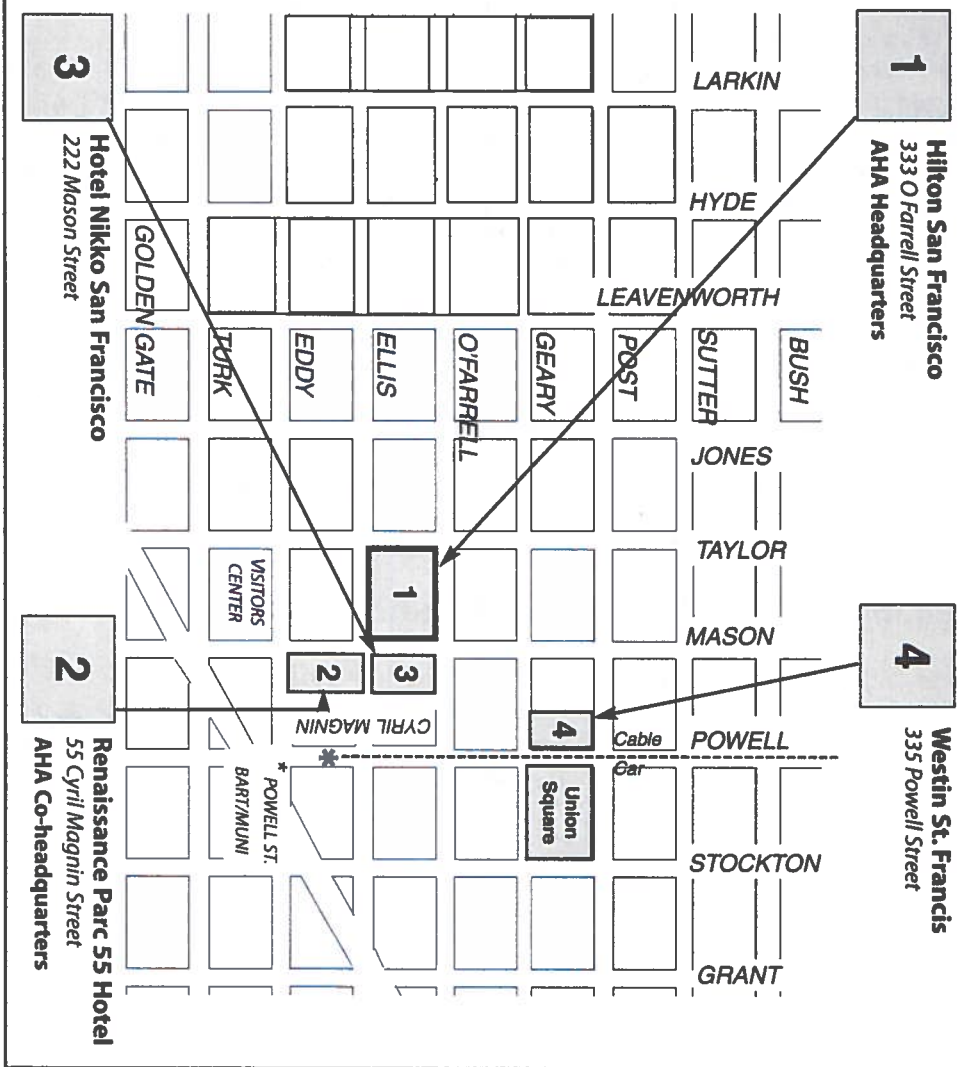

The cutoff date for the AHA's official block is **December 3**. After December 3, remaining inventory in the block will be released and rooms will be available on a space-available basis. Some hotels will continue to honor the AHA's convention rates, others will charge the best available prevailing rate. If all hotels sell out, the bureau will continue to assist attendees to secure housing.

## Changes, Cancellations, and Refunds

Meeting attendees can continue to make, modify, and/or cancel reservations from September 4 through December 7, 2001 via the San Francisco Housing Bureau by telephone or in writing via fax or e-mail. Attendees will not be penalized for any cancellation made before the cutoff date. Cancellations processed prior to the cutoff date will be refunded via the same method of payment by which the attendee originally paid the deposit. Beginning December 12, attendees who wish to cancel must contact the hotels directly. Reservations canceled after December 7 but prior to 72 hours of arrival will be subject to a \$16 processing fee. Reservations canceled within 72 hours of arrival date are subject to forfeiture of the entire amount of the deposit.

## Transportation to San Francisco

### Flight Information

**Association Travel Concepts (ACT)** has been selected as the official travel agency for the AHA's 116th annual meeting. As the official agency, ATC has negotiated discounts with United Airlines, Continental Airlines, and Alamo Rent-A-Car to bring you special airfares and car rental rates that are lower than those available to the public. By calling ATC, you will save 10 to 15 percent off on United (I.D. # 556EG) and Continental (I.D. # U2HPLR) tickets purchased more than 60 days prior to the meeting. For tickets purchased less than 60 days prior, the discounts will be 5 to 10 percent off of the lowest available fares. Some restrictions may apply. Discounts apply for travel Sunday, December 30, 2001, through Wednesday, January 9, 2002.

ATC will also search for the lowest available fare on any airline serving San Francisco International Airport. ATC also provides personalized service, advance seat assignments, special meal requests, frequent flier programs, electronic ticketing, e-mail access for convenient booking of your tickets, and more.

To take advantage of these rates and benefits, call ATC at (800) 458-9383; fax (858) 581-3988; e-mail [reservations@asntravel.com](mailto:reservations@asntravel.com); web site [http:// www.asntravel.com](http://www.asntravel.com). ATC is available for reservations from 9:00 A.M. until 9:00 P.M. EST, Monday through Friday.

## Car Rental

Discounted car rental rates have been negotiated with Alamo Rent-a-Car, with discounted rates effective from December 30, 2001 through January 9, 2002. Contact Association Travel Concepts at (800) 458-9383. You can also call Alamo at (800) 732-3232 or your local travel agency and refer to ID # 72620 and request rate code GR.

San Francisco Airport has a new Rental Car Center that allows travelers to pick up and drop off rental cars at one convenient, central location. Alamo, Avis, Budget, Dollar, Enterprise, Hertz, National, and Thrifty car rental counters are located on the first floor of the SFO Rental Car Center. A shuttle bus system operates between the terminals and the Rental Car Center every 3 to 5 minutes, 24 hours per day from the upper level central boarding traffic island of the airport terminals.

## Ground Transportation

Most meeting attendees will fly into **San Francisco International Airport** (<http://www.flysfo.com>), located sixteen miles south of the city. There are a variety of transportation services available from the airport to the hotels, including taxi, scheduled bus service, door-to-door van, and public transit. Information Booths located on the arrivals level of all terminals and the departures level on the international terminal provide detailed fare and schedule information. They are open every day from 8:00 A.M. to midnight.

Approximate taxi fare to the downtown area is \$35. Metered rates apply to all destinations. Estimated drive time is 30 minutes by car in normal traffic. Because of the ongoing construction at the airport, allow an additional 15 to 20 minutes to travel to and from the airport. Uniformed taxi curbside coordinators are on duty at the terminals and can assist passengers with questions or problems. Services are available for persons with disabilities. There is a voluntary ride sharing program at the airport—up to five people can ride for the price of one person.

**SFO Airporter** (<http://www.sfoairporter.com>) operates a scheduled shuttle bus service from San Francisco Airport to the major hotels in downtown San Francisco. The Airporter provides regular motorcoach service seven days a week for \$12 cash one way. No reservations are needed. The Airporter makes stops at five hotels, including the Hilton, the St. Francis, and the Parc 55. Service from the airport operates every 15 minutes beginning at 6:05 A.M. The last bus leaves the airport at 10:50 P.M. It departs from the airport outside the lower level baggage claim area from the center boarding traffic island. Look for the concrete posts painted blue and the sign that says "Scheduled Buses San Francisco." Departures from the hotels are scheduled every 20 minutes, between 5:10 A.M. and 11:10 P.M. The Airporter also operates an information podium at the Mason Street entrance of the Hilton, opening at 6:00 A.M. each day. Tickets and timetables will be available.

Several companies operate door-to-door van service from the airport, including SuperShuttle (fares from \$9 to \$14; (415) 558-8500), Advanced Airport Shuttle (fares from \$10 to \$14; (415) 550-1112), American Airporter Shuttle (fare \$14; (800) 282-7758), Bay Shuttle (fare \$13; (415) 564-3400), and Airport Express (fares from \$11 to \$14; (415) 775-5121). For domestic terminals, the vans depart from level 2 (departures), center

boarding traffic island, and for the international terminal, from level 3 (departures), center boarding traffic island. It is best to call at least 24 hours in advance; credit cards are accepted.

**Oakland International Airport** (<http://www.oaklandairport.com>) also serves San Francisco visitors. It is twenty-two miles from the city with an approximate drive time of 45 minutes. ## Local Arrangements: Historians and San Francisco

For the 116th annual meeting, the Local Arrangements Committee, chaired by William N. Bonds (San Francisco State University) is making plans that will be of special interest to historians. Members should review the November and December issues of *Perspectives* for several articles, including a list of restaurants in the area of the hotels emphasizing moderate-priced establishments.

If you want to do some advance planning for your San Francisco stay, you can check out various aspects of the city and the region at a number of web sites. Good starting points are the San Francisco's visitors bureau at <http://www.sfvisitor.org> and two guides to the city at <http://www.sfguide.com> and <http://www.sanfrancisco.com>. One of the city's newspapers, *The Chronicle*, offers a comprehensive guide (<http://www.sfgate.com/traveler/guide>), including advice for the neophyte visitor from a local and a neighborhood guide with the best restaurants, sights, nightlife, and culture in the city and East Bay areas. You can get tourism information from the San Francisco Visitor Information Center at Market and Powell streets, on the lower level of Hallidie Plaza, near the Powell Street BART station. Call (415) 391-2000 for information and (415) 391-2001 for recorded events information. You can plan your travels in and around San Francisco using <http://www.transitinfo.org>, which provides online access to transit information for the bay area and includes current schedules, transit fares, maps, and other information. Temperatures in January usually vary from 45 to 56 degrees. The month is the "rainy season" so be sure to bring an umbrella.

A number of companies offer regularly scheduled tours. **Gray Line Tours** (<http://www.graylinesanfrancisco.com>; (415) 558-7300) offers daily scheduled tours including cable car and evening tours. Other companies offering daily sightseeing tours include **Golden Gate Tours** (<http://new.enterit.com/Golden5775>; (415) 788-5775), **Great Pacific Tour Company** (<http://www.greatpacifictour.com>; (415) 626-4499), and **Tower Tours** (<http://www.towertours.com>; (415) 434 8687).

If you prefer visiting the city's attractions on your own, consider **CityPass** (<http://www.citypass.net>). You save 50 percent on admission fees and avoid ticket lines for the city's top attractions, including the San Francisco Museum of Modern Art, Exploratorium, Palace of the Legion of Honor, and the California Academy of Science and Steinhart Aquarium. In addition, the Pass offers unlimited use of cable cars and Muni transportation and a San Francisco Bay cruise. The packaged price is \$33.25 for adults and \$24.75 for youths aged 5–17. You can purchase online or at the first attraction you visit. A tour of Alcatraz Island can be substituted for the cruise if purchased in advance at (415) 705-5555 for a \$2.25 convenience fee. CityPass is valid for nine days from first use and the Muni Passport is valid seven days from first CityPass use. Tickets include helpful information such as complete hours of operation, on-property dining choices, public transportation, and a special "insider's tip" on the best time to visit each attraction.

## Sign Interpreting

To make the necessary arrangements, hearing-impaired members who will need sign-interpreting service at the annual meeting must notify the AHA headquarters and register for the meeting by December 3, 2001. After reviewing the Program, but not later than December 7, members who have made such requests should inform headquarters of the sessions they plan to attend. With the assistance of the Local Arrangements Committee and the Registry of Interpreters, headquarters will then secure the service of appropriate interpreters. The AHA will assume the cost for up to nine hours of interpreting service or a maximum of \$400 per member, whichever is less.

In addition, if a member so requests, an interpreter will be provided for the General Meeting (Friday, January 4, 8:30 P.M.) and the Annual Business Meeting (Saturday, January 5, 4:45 P.M.). Please contact Sharon K. Tune, Convention Director, AHA, 400 A Street SE, Washington, DC 20003, by December 3, by e-mail at [stune@theaha.org](mailto:stune@theaha.org).

## Meeting Registration

Members are urged to preregister at the reduced rate of \$65 (nonmembers \$85, students and unemployed \$40, precollegiate teachers \$15) by the cutoff date of December 5. A preregistration form is included as an insert in the program, and the form is also available through the AHA headquarters office and the AHA's web page (<http://www.theaha.org/annual>). Your badge and receipt will be mailed in advance; badge holders and other materials will be distributed at AHA registration in the Hilton's Plaza Room beginning Thursday, January 3, at 12:00 P.M. Registration at the meeting will be \$80 for members (nonmembers \$100, students and unemployed \$45, and precollegiate teachers \$15; evidence of employment is required for the precollegiate teachers' rate). The registration desks will be located in the Hilton's Plaza Room and will be open during the following hours:

Thursday, January 3	12:00 P.M.—7:00 P.M.
Friday, January 4	8:00 A.M.—6:00 P.M.
Saturday, January 6	8:30 A.M.—4:00 P.M.

## Refund Policy

Advance registrants who are unable to attend the annual meeting may request a full refund of their registration fee if a written request accompanied by the receipt and badge is postmarked by or on December 21, 2001. No refunds will be issued for requests postmarked after December 21, 2001.

## Messaging System

Once again the AHA will employ an electronic two-way messaging system to allow everyone registered for the annual meeting to communicate with each other electronically. The system will utilize easy-to-use terminals at various points throughout the meeting premises. The system replaces the traditional locator file and the various inconspicuous, hard-to-use message boards. The system will be the designated form of communication for those using the Job Register. Interviewers and interviewees using the system can schedule and confirm interviews. AHA staff answering the phones at the meeting will be able to take messages for attendees and post them directly into the system.

The system will use large monitors to display the names of persons with messages waiting for them. Persons with messages waiting will be able to use any available terminal to log in using a password that will be printed on their badges. Each terminal will have all the simple instructions necessary to receive or send messages to other registered conference attendees. At the 2001 Boston meeting there were about 6,000 messages sent and this year a number of terminals will be added to cut waiting times during busy periods.

There will also be a few Internet terminals available for checking regular e-mail accounts. Persons who use the "Telnet" protocol to reach their university's servers are advised that some universities employ firewalls that prevent access from outside the university system. If you wish to be able to check your e-mail and avoid this problem, you may consider having your e-mail forwarded to one of the commonly available free e-mail services (such as Yahoo or Excite) that are accessible via a web browser.

## Business Meeting

The AHA Council, divisions, and committees will report to the Association at the annual business meeting. Reports are subject to discussion and appropriate motions relating to them. To assist us to reflect upon the history—and the historiography—of the twentieth century, the Program Committee invited all living Presidents of the Association to participate in the Annual Meeting. We are pleased and honored that six Presidents accepted our invitations to appear in special noon-hour sessions, “Conversations with AHA Presidents.”

The committee envisions these meetings as informal gatherings in which the Presidents will respond to questions and comments of professional colleagues and graduate students. We assume that the main topics of discussion will be the state of scholarship in their field and in the discipline, the experiences of their careers, and the prospects for the profession.

*America: A Concise History* presents a succinct overview of the American experience in an attractive, colorful — yet inexpensive — format while preserving the coherent vision of the larger *America's History*. Committed to showing students not only *what* happened but *why*, this new edition thoroughly explains what is significant in American history in a lively and readable narrative. The richest art and map programs available in a brief book and an accessible design enhance the material and draw students in.

- **A concise book reconceived and rewritten by the authors themselves.** Henretta, Brody, and Dumenil have reworked the longer text themselves to reduce its length by 40% while preserving the interpretive voice, balanced treatment, and many of the class-tested features.
- **New full-color art and map program.** With an expanded set of maps and graphs and full-color art, 60% of it new to this edition, students' understanding of history is reinforced by striking images contemporaneous with the period being discussed. Detailed captions give students context and allow the visual material to substantively and engagingly extend the text discussion.
- **Illustrated epilogue on contemporary history, 1996–2001.** In a first for brief U.S. surveys, a new epilogue that treats explicitly the problems historians face in dealing with current events. This section invites students to consider selected issues and their interpretations to discover how historians sort and evaluate evidence, how they link individual events to larger patterns and themes, and how they reevaluate — and often revise — their earlier conclusions.

## Praise for America: A Concise History

*"I have adopted America: A Concise History because, unlike many brief editions, brevity has not been achieved by cutting and pasting. Instead, each chapter has been rewritten to produce a text that is a pleasure to read."*

— Stephen McIntyre, *Southwest Missouri State University*

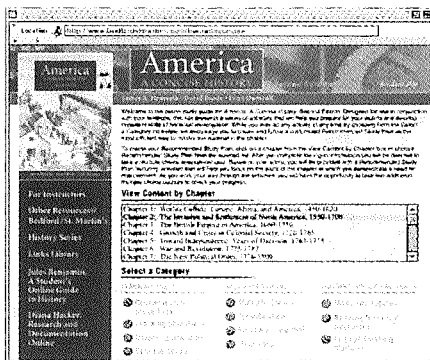

*"America: A Concise History has made me a believer in the viability of more compact texts. Henretta has retained the vital strengths of the more complete edition while producing a work that is actually more likely to be read and enjoyed by my students."*

— John Nader, *State University of New York, College of Technology at Delhi*

Handsomely packaged and written by a team of notable historians and experienced teachers, *The Making of the West* offers the post-cold war Western civilization classroom a new synthesis, one that reveals history as a process as it engagingly captures the spirit of each age.

- The first text to truly integrate the varieties of historical experience — political, social, economic, cultural, and diplomatic — into a unified chronological narrative.
- Broader coverage than in any other text, emphasizing in its synthesis the wide variety of peoples and cultures that have helped to shape Western civilization. Sustained attention to social and cultural developments puts political events into broad, meaningful context.
- Conceived and written from a post-cold war perspective, the text provides a foundation for understanding the shifting meanings of the “West” and the multiple sources of Western civilization by examining throughout the role of frontier and non-European regions in the historical development of the West.
- The most effective introduction to historical thinking of any text. Five special features reveal the process of interpretation, provide a solid introduction to the principles of historical argument, and capture the excitement of historical investigation.

Widely praised for its balanced, braided narrative, useful organization, and compelling writing, *The American Promise* deftly integrates social, economic, and cultural developments into a strong political framework that reveals history as it happened, from the viewpoint of the historical actors who shaped it. Committed to offering the most readable and teachable survey text available, the authors in this new edition connect even more firmly historical themes to individual Americans, creating a vivid, authoritative account that captures students' interest and sparks their historical imagination.

- **Authoritative writing from experienced teachers.** As well-known historians with over a century of collective experience teaching the U. S. survey, the authors realize that students need both the structure of a political narrative and the insights of social, economic, and cultural history.
- **More voices and perspectives.** *The American Promise* stitches into its narrative the voices of hundreds of contemporaries — from presidents to pipefitters — who confronted the issues of their day. To provide an even more memorable narrative while reinforcing the text's central theme, the authors have increased the number of historical actors whose interpretations of “the American Promise” — sometimes shared, often competing — drove historical change.
- **Award-winning design and highly acclaimed illustration and map program.** Over 450 images and more than 150 full-color maps and graphics dramatize and extend the narrative.

# RADICAL HISTORY *Review*

## Looking for something radically different?

For more than a quarter of a century, *Radical History Review* has stood at the point where rigorous historical scholarship and active political engagement converge. The journal is edited by a collective of talented historians—men and women with diverse backgrounds, research interests, and professional perspectives. Positioning itself unabashedly to the left of center, it carries its political legacy as a sacred trust.

Articles in *RHR* address issues of gender, race, sexuality, imperialism, and class, stretching the boundaries of historical analysis to explore Western and non-Western histories.

Come by the Duke University Press booth (#161 and 162) to see the latest issue of *RHR*.

## U.S. HISTORY SURVEY

**The Enduring Vision:  
A History of the American People,**  
Concise 4/e  
Boyer • Clark • Hawley • Kett • Salisbury  
Sitkoff • Woloch

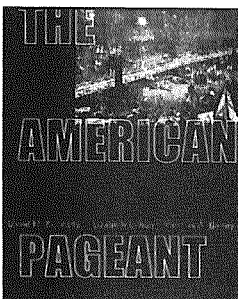

The first U.S. history survey to incorporate sustained attention to cultural history, this text features an engaging narrative that emphasizes political, social, and cultural history within a chronological framework. The 4/e features a new

full-color design and a new final chapter on the Clinton administration and the 2000 presidential election.

**The American Experiment:  
A History of the United States**  
Gillon • Matson

Using the framework of the new political history, this text examines the successes and failures of the democratic experiment throughout the American past. It presents a more inclusive vision of politics that captures the experience of all Americans, in a briefer and less expensive format than most other texts.

**The American Pageant, 12/e**  
Kennedy • Cohen • Bailey

Supported by colorful anecdotes, first-person quotations, and its trademark wit, *The American Pageant* is one of the most readable, popular, and effective American history texts available.

### **MAKING A NATION:**

**A History of the United States and Its People Combined Edition, Volume I and Volume II**

**Boydston/Cullather/Lewis/McGerr/Oakes**

How people define themselves is how history is made.

And just as men and women make histories, so do they

make nations. Carefully crafted by a team of leading scholars and experienced teachers, **MAKING A NATION** gets behind the facts to reveal the many stories that made—and continually remake—American history. By showing the links between the specific and the general, and between large and seemingly abstract forces such as globalization and political conflict with the daily struggles of ordinary women and men, **MAKING A NATION** shows that history is and always will be history in the making.

## Announcing the New Revision of Pearson Custom Publishing's Best-Selling Custom Reader for U.S. History!

### Retrieving the American Past **2002 Edition**

Department of History, *The Ohio State University*

This customizable reader offers professors the freedom and flexibility to compile their own U.S. History reader from **82 selectable chapters** (8 new!) of primary documents and secondary source essays covering focused topics in American History. Each chapter is approximately 35 pages in length and includes an introduction to the topic, a secondary source essay section, a primary document section, and recommendations for further reading. The primary and secondary source sections are self-contained, so readers can be built around either approach or both.

The **eight new chapters** in this edition include such topics as Mexican Americans in the United States, Westward Expansion and the Environment, the First Great Awakening, and History, Conspiracy, and the Kennedy Assassination. In addition, the 2002 Edition now includes an impressive **new Documents Library** that allows professors to choose individual readings from **more than 300 primary source documents**. Documents include not only selected readings from the topical chapters, but also nearly 100 readings never before offered with *Retrieving the American Past*. Every document is accompanied by an informative headnote that places the material in its historical context. Your version of *Retrieving the American Past* can consist of any combination of chapters or documents that meets your needs!

### The Revolutionary Writings of John Adams Selected and with a Foreword by C. Bradley Thompson

"Conservatives who are gratified at the success of David McCullough's wonderful new biography of John Adams will find even more of the real Adams—Adams unplugged, one might say—in *The Revolutionary Writings of John Adams* (331 pp., \$12.), selected by C. Bradley Thompson."

—Michael Potemra, *National Review*, July 6, 2001

"... ought to find its way onto every bookshelf."

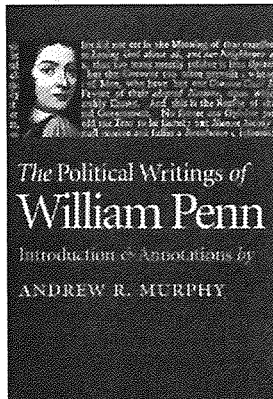

—Erik Root, *Carolina Journal*, May 17, 2001

*The Revolutionary Writings of John Adams* presents the principal shorter writings in which Adams addresses the prospect of revolution and the form of government proper to the new United States. Though one of the principal framers of the American republic and the successor to Washington as president, John Adams receives remarkably little attention among many students of the early national period. This is especially true in the case of the periods before and after the Revolution, in which the intellectual rationale for independence and republican government was given the fullest expression.

### The Political Writings of William Penn Introduction and Annotations by Andrew R. Murphy

William Penn (1644–1718) lived during the two great political and religious upheavals in seventeenth-century England: the Civil Wars of the 1640s and the 1688 Revolution. During that time, Penn played a crucial role in the articulation of religious liberty as a philosophical and political value and as a core element of the classical liberal tradition in general.

The Liberty Fund edition of *The Political Writings of William Penn* will illuminate the origins and development of Penn's thought by presenting, for the first time, complete and annotated texts of all his important political works. His thought has relevance not only for scholars of English political and religious history, but also for those who are interested in the foundations of American religious liberty, political development, and colonial history.
