HOUSEWARES CARES GALA • 16 MARCH 2020

Dear Friends:

Welcome to the Housewares Cares Gala presented by the Housewares Charity Foundation (HCF)! Thank you for helping HCF carry out its mission to unite the housewares industry, recognize its leaders, and raise funds for charity. For more than twenty years, your generous participation in these annual events has INSPIRED HCF...

...TO GIVE to worthy causes. Since our first gala in 1998, HCF has raised an impressive \$51 million dollars for charity. We have donated more than \$30 million to our legacy charity, Breast Cancer Research Foundation (BCRF), and made significant contributions to other deserving organizations.

...TO HONOR the high achievers among us. To date, we have celebrated more than 60 Housewares' personalities for their outstanding leadership and philanthropy.

...TO SHARE the heart of this amazing industry with women, children, our communities and the world, by demonstrating that Housewares Cares.

Tonight we'll keep the inspiration flowing! Proceeds raised with your support will benefit our legacy charity BCRF, The James Beard Foundation, Johnny Morris' Wonders of Wildlife Foundation, and Winning With Wyatt – a foundation dedicated to funding pediatric brain tumor research. We'll also honor industry VIPs Bill Endres, Johnny Morris and Daniel Leppo for their incredible accomplishments.

Your charitable gifts this evening will make a difference for those in need and allow HCF to keep shining its heart to the world. Enjoy the festivities!

Yours Truly,

**JOHNNY
MORRIS**

FOUNDER & CEO

Johnny Morris, founder and CEO of Bass Pro Shops, got his start in 1972 by selling fishing tackle out of his father's store. Since then he has earned a reputation as one of the most influential retailers of the last 50 years.

Johnny pioneered the concept of destination retail and created one of the most beloved and well-known brands in North America – Bass Pro Shops. More than just stores, Bass Pro Shops are the number one tourist destinations in three states, welcoming millions of visitors annually.

In September 2017, Bass Pro Shops united with Cabela's to launch an exciting new chapter. These two iconic American outdoor companies ranked among the best in the country for in-store customer service according to the *2019 Retail Reputation Report*.

A conservationist at heart, Johnny has earned countless awards for his efforts to preserve natural habitats, wildlife, and the outdoors for future generations. His not-for-profit Wonders of Wildlife National Museum and Aquarium is the largest immersive wildlife attraction in the world.

**Dear Housewares Charity
Foundation Friends,**

It is our privilege to thank each and every one of you for your incredible commitment to the Breast Cancer Research Foundation. What a great honor it is for BCRF to once again be named as the Housewares Charity Foundation's Legacy Charity. We are deeply thankful for your longstanding investment in our mission.

The housewares industry's dedication to BCRF is truly remarkable and has enabled over two decades of discoveries. With your support, researchers around the world are employing an unmatched combination of scientific inquisitiveness and expertise—bringing the most transformative ideas in breast cancer research to fruition.

We are proud to report that **BCRF's 275 grantees** are producing a robust return on your investment. Their work is advancing key areas of research, including:

- **Treatment**, by personalizing therapies to maximize success for every individual
- **Metastasis**, by developing strategies to block tumor growth
- **Survivorship**, by improving quality of life after breast cancer
- **Prevention**, by uncovering ways to reduce the risk that breast cancer ever occurs

By tackling the disease from every angle, BCRF investigators are revolutionizing how we understand and manage breast cancer. Yet the impact of their work has no bounds, as it provides key insights into our understanding of all cancers. Together, with your help, we are driving into the future of cancer treatment and prevention—and ultimately, a cure.

Rest assured that BCRF is committed to ensuring that every donated dollar is used efficiently and with purpose. We remain the highest-rated breast cancer organization in the U.S., as well as the largest private funder of breast cancer research and metastatic breast cancer research in the world.

On behalf of all of us at BCRF—staff, board, and researchers alike—know that we profoundly treasure your partnership. Thank you for standing beside us in our shared commitment to be the end of breast cancer.

Sincerely,
