This plan provides access to a limited provider network that is smaller than Harvard Pilgrim's full provider network. In this plan, members have coverage only from providers in the Focus Network - MA provider network. Please consult this Focus Network - MA provider directory for information on available network providers and any restrictions that may apply.

**Please Note:** This health plan is subject to final regulatory approval. No commitment to provide this product can be made until final approval has been obtained.

## How to use the Focus Network<sup>SM</sup> - MA Provider Directory

---

Focus Network - MA is a limited network of providers available within Massachusetts. The Focus Network - MA includes two groups of providers: Easy Access providers and Authorized Access providers. You will receive most of your care from Easy Access providers, which includes primary care providers (PCPs), specialists and other providers. You must choose a PCP from the list of Easy Access providers for you and each of your family members when you enroll.

Along with the high-quality care and service you'd expect from Harvard Pilgrim, our Focus Network - MA includes respected doctors and hospitals you know and trust. This directory contains the names of all our doctors, dentists and other providers that participate in the network, listed by city and town. While we make every effort to keep this directory up to date, changes may occur at any time. For the most current information on the providers that participate in Harvard Pilgrim's Focus Network - MA, you can visit our online provider directory at [www.harvardpilgrim.org/focus](http://www.harvardpilgrim.org/focus) or give us a call. (Please see "Questions?" for phone numbers on page iv.)

You can use this provider directory to:

- Choose a primary care provider
- Select a practice setting
- See which hospitals are in our network
- Determine if a particular doctor participates in our network
- Find a provider who speaks a language other than English

## Choosing a primary care provider

---

It's very important for you to choose a primary care provider (PCP) when you enroll. If you do not choose one, we will assign one to you. You must have your PCP provide your care (except in emergencies) and give you referrals for most kinds of specialty care in order for Harvard Pilgrim to provide coverage for the service. We'll do everything possible to help you choose your PCP.

Please choose your PCP from the participating physicians listed in the "Primary Care Providers" section. If you already have one, you may want to start by seeing if he or she participates in the Focus Network - MA. If you are choosing a new PCP, you can look up the cities and towns near your home or work and choose someone who practices in one of those communities. Please write the PCP's name and **PCP ID number** in the designated space on your enrollment form. If your employer uses *HPHConnect*, Harvard Pilgrim's web-based administrative transaction service, you may be able to enroll online at [www.harvardpilgrim.org](http://www.harvardpilgrim.org).

If you will have dependents on your plan, each can have a different Focus Network - MA PCP who may be a physician or nurse practitioner or in internal medicine, general medicine, family practice or pediatrics. Some OB/GYN physicians are also available as PCPs.

Some PCPs have full practices and are unable to see new patients. An asterisk (\*) appears

beside their names. If you are already a patient of one of these providers, you may continue to be a patient as a Harvard Pilgrim member. You can also call our Member Services department or use *HPHConnect* to change your PCP.

Some providers may be affiliated with hospitals that do not participate in the Focus Network - MA. If you need hospital care, please make sure your provider authorizes a hospital that participates in the Focus Network - MA. See your plan information or call Member Services if you have questions.

Some providers also require payment of a fee before you can receive medical services, or before you can choose one as your provider. A plus sign (+) appears beside their names. These providers have limited the size of their practices, and may or may not be available, even with payment of the fee. Such fees are not covered by your Harvard Pilgrim plan.

### **About referrals to specialists and hospitals**

---

Your PCP will provide or arrange for all the health services you need – treating you when you're sick, and administering preventive screenings, routine check-ups and immunizations. Having a personal PCP makes health care easier for you. Your PCP is also the key to ensuring that you get high-quality specialty care if you need it. If you need specialty care that your PCP does not provide, your PCP will refer you to another Easy Access provider within the Focus Network - MA. If you need hospital care or services (e.g., lab tests, X-rays or MRI) provided at a hospital, please make sure your provider refers you to a hospital that is an Easy Access provider. If you have questions, please refer to your plan documents or call Member Services.

Some providers also require payment of a fee before you can receive medical services, or before you can choose one as your provider. A plus sign (+) appears beside their names. These providers have limited the size of their practices, and may or may not be available, even with payment of the fee. Such fees are not covered by your Harvard Pilgrim plan.

### **Authorized Access providers**

---

Authorized Access providers are physicians and hospitals that provide highly specialized care. Your PCP or specialist is required to obtain prior approval from Harvard Pilgrim before you receive services from an Authorized Access provider. Prior approval will be provided only when it has been determined that no Easy Access provider has the professional experience needed to provide the required services. Harvard Pilgrim will not grant prior approval for an Authorized Access provider for any primary care services, including internal medicine, family practice, pediatrics, routine obstetrics and gynecology, or routine preventive care. **You can locate Authorized Access providers and facilities by looking for the solid triangle (▲) next to the listings starting on page 2 for the “Participating Authorized Access Hospitals” and starting on page 73 for the “Authorized Access Specialists.” Please note: you will need to ensure that authorization to see an Authorized Access provider is approved prior to your office or hospital visit in order to be covered for this care.**

## Information about changes in our provider network

---

The physicians and other medical professionals in our provider network participate through contractual arrangements. These contracts can be ended either by a provider, by Harvard Pilgrim, or – in the case of a behavioral health provider – by an organization that contracts with these providers on Harvard Pilgrim’s behalf. A provider may also leave our network because of retirement, relocation or other reasons before your next enrollment date. This means that Harvard Pilgrim cannot guarantee that the physician you choose will continue to participate in our network for the duration of your membership. If your PCP leaves the Focus Network - MA for any reason, we will make every effort to notify you in advance and will help you find a new Harvard Pilgrim provider in the Focus Network - MA to meet your health care needs.

## Consider quality

---

Harvard Pilgrim recognizes and rewards physician groups that provide high-quality care to our members. PCPs affiliated with physician groups whose commitment to quality has earned them the distinction of Honor Roll during the past two years are highlighted in this directory and in our online directory at [www.harvardpilgrim.org](http://www.harvardpilgrim.org). You can use this valuable information to compare provider quality and gain a better understanding of the PCPs who can best meet your specific health care needs. You can also visit our Web site for more information and decision support tools.

Harvard Pilgrim’s “Physician Group Honor Roll” includes physician groups and health-care systems (with many medical practice sites) that received high scores on several important clinical quality measures. These measures assessed the quality of care for members with acute care needs, chronic care needs and preventive care needs. These scores reflect performance that exceeds the highest levels of performance reported nationally. For more information, visit [www.harvardpilgrim.org/pghonorroll](http://www.harvardpilgrim.org/pghonorroll).

## Weight loss surgery Centers of Excellence program

---

To help ensure quality of care for our members requiring weight loss surgery, Harvard Pilgrim has established a bariatric surgery Centers of Excellence program. Through the program, bariatric surgery candidates will be directed toward designated providers known as Centers of Excellence for their procedures and care. The program follows guidelines similar to those established by the Centers for Medicare & Medicaid Services (CMS). Like CMS, Harvard Pilgrim will cover bariatric surgery at contracted facilities accredited by either the American College of Surgeons or the American Society of Bariatric Surgery.\* Contracted facilities receiving accreditation will automatically be added to Harvard Pilgrim’s Centers of Excellence list for bariatric surgery.

The following is a list of bariatric surgery Centers of Excellence participating in the Focus Network - MA:

- Baystate Medical Center
- Berkshire Medical Center
- Beth Israel Deaconess Medical Center
- Boston Medical Center

- Emerson Hospital
- Lahey Clinic Hospital
- Lawrence Memorial Hospital
- Lowell General Hospital
- Mercy Medical Center
- MetroWest Medical Center - Leonard Morse Hospital
- Norwood Hospital, a Caritas Family Hospital
- Saint Vincent Hospital
- St. Elizabeth's Medical Center, a Caritas Family Hospital
- Tobey Hospital
- Tufts Medical Center
- UMass Memorial Medical Center – Memorial Campus - Authorized Access ▲
- Winchester Hospital

\* Refer to your *Schedule of Benefits* or *Summary of Benefits* and Benefit Handbook for coverage eligibility.

## What to do in a medical emergency

---

In the event of a medical emergency, you should go to the nearest emergency facility or call 911 or your local emergency number. If you are hospitalized, you must call your PCP within 48 hours, or as soon as you can. **If you receive emergency care from an Authorized Access facility or provider and then need related follow-up care, you will need to obtain authorization from Harvard Pilgrim first before continuing to see an Authorized Access provider.**

## Multilingual providers

---

Starting on page 3, you'll find the names of primary care providers who speak languages other than English. A list of Spanish- and Portuguese-speaking primary care providers starts on page 3. A list of our Portuguese-speaking specialists begins on page 22, and a list of Spanish-speaking specialists begins on page 23. A list of other languages spoken by specialists begins on page 18.

## Questions?

---

To learn more about Focus Network - MA or Harvard Pilgrim in general, visit [www.harvardpilgrim.org](http://www.harvardpilgrim.org). If you're already a member, call the Member Services department at (888) 333-4742 between 8:00 a.m. and 7:30 p.m. on Monday and Wednesday, and between 8:00 a.m. and 5:30 p.m. on Tuesday, Thursday and Friday. If you're not yet a member, please call (800) 848-9995. For TTY service, please call (800) 637-8257.

## How we pay our providers

---

Harvard Pilgrim believes it is important for our members to understand all aspects of their health care and coverage. The following explains the principles and methods that determine

how Harvard Pilgrim pays providers. Since, in many cases, the way providers are paid is determined by the groups with which they practice as well as other factors, you should feel free to have a conversation with your provider if you still have questions about how he or she is paid.

## Principles

Harvard Pilgrim has relationships with thousands of doctors who practice in a variety of settings. In some cases, we pay groups of providers for taking care of our members, and in other cases, we pay individual providers directly. Although the specifics may vary, Harvard Pilgrim abides by some fundamental principles. Our payment methods are designed to:

- Encourage necessary and appropriate care, including preventive care and the early treatment and active management of illness
- Encourage providers to work together to keep their patients healthy, and help them avoid more serious and costly illness wherever possible
- Improve clinical quality, access to services and patient communication, while also attempting to control the overall costs of care for consumers and other health care purchasers

Harvard Pilgrim does not create financial incentives that would directly benefit an individual provider if a specific test is not ordered or an authorization is not made for any individual patient. In addition, we encourage our affiliated providers to discuss appropriate treatment options with their patients even in the rare instance in which authorized treatment is not covered by their insurance.

## Payment methods

### Group payment

Harvard Pilgrim usually makes payments to groups of providers for taking care of their Harvard Pilgrim patients. Group payment can be made in several ways. In one, Harvard Pilgrim pays the group a fixed amount for each of its Harvard Pilgrim patients and the group uses the total payment to cover the cost of certain services for those patients. In another, the groups are paid a fee for each of the services their providers deliver to Harvard Pilgrim members. At the end of the year, the groups have an opportunity to gain additional compensation if certain quality and efficiency goals are achieved. Groups of providers that participate in such arrangements have protections in their contracts with Harvard Pilgrim that limit their financial risk. This means that unusually high medical expenses that might be necessary in caring for an individual patient will not unduly affect a provider's compensation.

### Fee-for-service payment

Harvard Pilgrim also pays many of its providers a fee for each service that they provide, without any further adjustments.

*Note: Each provider listing in this directory includes a code that indicates how Harvard Pilgrim pays the provider. ("G" for group payment and "F" for individual fee-for-service payment.) You will also notice symbols (▲) for Authorized Access and (+) pre-payment requirements.*

## Participating Easy Access Hospitals

The following are Easy Access affiliated hospitals in the Focus Network - MA. The codes to the left of the hospital names are used within the provider listing to indicate the participating hospital(s) at which the doctor has admitting privileges. In many cases, a hospital is a member of a group that may share financial risk. Accreditation is awarded to those organizations that voluntarily undergo a quality of care evaluation, including a site visit, at least once every three years. Accrediting organizations include the Joint Commission on Accreditation of Health Care Organizations ([www.jointcommission.org](http://www.jointcommission.org)), Commission on Accreditation of Rehab Facilities ([www.carf.org](http://www.carf.org)), and American Osteopathic Association ([www.DO-online.org](http://www.DO-online.org)).

CARF - Commission on Accreditation of Rehabilitation Facilities  
AOA - American Osteopathic Association

Information in this directory is subject to change. Please visit [www.harvardpilgrim.org](http://www.harvardpilgrim.org) for the most current provider information and to learn more about participating providers.

## Languages Spoken by Primary Care Providers

If English is not your primary language, you may be able to select a primary care provider who speaks the language most familiar to you. The following is a list of bilingual primary care providers sorted alphabetically by state and city/town under the language(s) they speak. If you would like to learn more about a specific doctor listed in this section (e.g. specialty, phone number, hospital affiliation), look in the Primary Care Providers by City/Town section under the appropriate state and city/town, or locate the doctor's name in the index at the back of this Directory and refer to the page(s) indicated.

## Easy Access Primary Care Providers by City/Town

The following is a list of participating Easy Access primary care providers and primary care group practices, sorted alphabetically by city or town. If you cannot find a specific provider within the city or town listing, please refer to the Index section of this Directory, or call our Member Services department at (888) 333-4742. Some providers (including those listed without "Hospital Admitting Privileges") may be affiliated with hospitals that do not participate in the Focus Network - MA. If you need hospital care, please make sure your provider refers you to a hospital that participates in the Focus Network - MA. Provider listings in this directory include a code that indicates how Harvard Pilgrim pays the provider ("G" for group payment and "F" for individual fee-for-service payment). Please see page v for more information. Listings also include Quality Award codes where appropriate. Please see footnotes for details. A board certified practitioner is one who has satisfied the requirements/standards of a nationally recognized specialty board and has received specialist certification from the specialty board.

Payment Code: G - Group, F - Fee for Service

\* Accepting current patients only

+ This physician requires payment of a subscription fee as a condition of accepting patients and for certain amenities and/or services that are not covered by your Harvard Pilgrim plan. Please contact the physician directly for more information before selecting him/her as your physician.

Quality Award Codes indicate that this provider is affiliated with a health care system that has distinguished itself in the delivery of high quality care to Harvard Pilgrim members. These quality codes are applicable to primary care providers only. A detailed explanation of these quality awards is available on page iii.

10 = 2010 11 = 2011 \* - Honor Roll

Payment Code: G - Group, F - Fee for Service

\* Accepting current patients only

+ This physician requires payment of a subscription fee as a condition of accepting patients and for certain amenities and/or services that are not covered by your Harvard Pilgrim plan. Please contact the physician directly for more information before selecting him/her as your physician.

Quality Award Codes indicate that this provider is affiliated with a health care system that has distinguished itself in the delivery of high quality care to Harvard Pilgrim members. These quality codes are applicable to primary care providers only. A detailed explanation of these quality awards is available on page iii.

10 = 2010 11 = 2011 \* - Honor Roll

Payment Code: G - Group, F - Fee for Service

\* Accepting current patients only

+ This physician requires payment of a subscription fee as a condition of accepting patients and for certain amenities and/or services that are not covered by your Harvard Pilgrim plan. Please contact the physician directly for more information before selecting him/her as your physician.

Quality Award Codes indicate that this provider is affiliated with a health care system that has distinguished itself in the delivery of high quality care to Harvard Pilgrim members. These quality codes are applicable to primary care providers only. A detailed explanation of these quality awards is available on page iii.

10 = 2010 11 = 2011 \* - Honor Roll

Payment Code: G - Group, F - Fee for Service

\* Accepting current patients only

+ This physician requires payment of a subscription fee as a condition of accepting patients and for certain amenities and/or services that are not covered by your Harvard Pilgrim plan. Please contact the physician directly for more information before selecting him/her as your physician.

Quality Award Codes indicate that this provider is affiliated with a health care system that has distinguished itself in the delivery of high quality care to Harvard Pilgrim members. These quality codes are applicable to primary care providers only. A detailed explanation of these quality awards is available on page iii.

10 = 2010 11 = 2011 \* - Honor Roll

Payment Code: G - Group, F - Fee for Service

\* Accepting current patients only

+ This physician requires payment of a subscription fee as a condition of accepting patients and for certain amenities and/or services that are not covered by your Harvard Pilgrim plan. Please contact the physician directly for more information before selecting him/her as your physician.

Quality Award Codes indicate that this provider is affiliated with a health care system that has distinguished itself in the delivery of high quality care to Harvard Pilgrim members. These quality codes are applicable to primary care providers only. A detailed explanation of these quality awards is available on page iii.

10 = 2010 11 = 2011 \* - Honor Roll

Payment Code: G - Group, F - Fee for Service

\* Accepting current patients only

+ This physician requires payment of a subscription fee as a condition of accepting patients and for certain amenities and/or services that are not covered by your Harvard Pilgrim plan. Please contact the physician directly for more information before selecting him/her as your physician.

Quality Award Codes indicate that this provider is affiliated with a health care system that has distinguished itself in the delivery of high quality care to Harvard Pilgrim members. These quality codes are applicable to primary care providers only. A detailed explanation of these quality awards is available on page iii.

10 = 2010 11 = 2011 \* - Honor Roll

## Easy Access Massachusetts Specialists by City/Town

The following is a list of participating Massachusetts Easy Access specialists sorted alphabetically by city or town. Please see page ii for information about referrals to specialists. If you cannot find a specific provider within the city or town listing, please refer to the Index section of this Directory, or call our Member Services department at (888) 333-4742. Some providers (including those listed without "Hospital Admitting Privileges") may be affiliated with hospitals that do not participate in the Focus Network. If you need hospital care, please make sure your provider refers you to a hospital that participates in the Focus Network. Provider listings in this directory include a code that indicates how Harvard Pilgrim pays the provider. ("G" for group payment and "F" for individual fee-for-service payment.) Please see page v for more information. A board certified practitioner is one who has satisfied the requirements/standards of a nationally recognized specialty board and has received specialist certification from the specialty board.
