an electronic copy of the General Counsel Electronic Management System (GEMS) used by the Office of the Principal Legal Advisor to track deportation and removal proceedings in immigration court during the past ten years. It is my understanding that the system includes demographic data about the alien (such as his age and place of birth), his criminal record (including gang affiliation and an indicator of whether he is a child predator), information about court appearances and other events, the prosecuting and defending attorneys, the dates on which the case was initiated and disposed, and the final disposition of the case (including determinations by ICE not to pursue the case as a matter of discretion).

This request does not seek identifying details (such as names) of the aliens involved in the proceedings, or of witnesses or informants who may be named in the GEMS database

1. Ensuring that ICE and its employees and agents comply with the 4th Amendment to the U.S. Constitution regarding searches.

B6 & 7C,

copies of the following documents and information.

A) Documents that describe ICE's policies and procedures (including training manuals, rules, guidelines, court rulings, administrative rulings, etc.) for conducting searches, in particular

1. Ensuring [hat ICE, its employees and agents comply with the 4th Amendment to the U.S. Constitution regarding searches.
2. The agent's decision about the appropriate use of force. What factors is that decision based on? An encounter could entail anything from no force (simple conversation) through increasing levels of force all the way up to a lethal use of force. What is appropriate'? Of course it depends. What does it depend on?
3. For example, under what circumstances would an ICE agent hold a gun to the head of a resident or strike the resident? Would it be only in self defense? Only when the resident is armed'? Only when the resident displays threatening behavior?
4. Gathering intelligence to identify the current residents of a home and the residents at the time of the alleged crime. Also gathering intelligence to discover information about each resident's possible involvement in the alleged crime. Is ICE supposed to do this prior to the raid or search'? If not, when?
5. Gathering intelligence prior to the raid or search to determine the probable level of danger that ICE expect to encounter during a particular search, if any
6. The basis for a decision by ICE as to when ICE will conduct a search when the search warrant gives ICE 14 days to do so. What are the criteria?
7. Destruction of property during a raid or search: when and under what conditions is it allowed? Does ICE pay to reimburse the property owner? What property should ICE agents NOT destroy during a search or raid?

documents that describe ICE's policies and procedures (including training manuals, rules, guidelines, court rulings, administrative rulings, etc.) for conducting searches, in particular.

1. Ensuring that ICE, its employees and agents comply with the 4th Amendment to the U.S. Constitution regarding searches.
2. The agent's decision about the appropriate use of force. What factors is that decision based on? An encounter could entail anything from no force (simple conversation) through increasing levels of force all the way up to a lethal use of force. What is appropriate? Of course it depends. What does it depend on?
3. For example, under what circumstances would an ICE agent hold a gun to the head of a resident or strike the resident? Would it be only in self-defense? Only when the resident is armed? Only when the resident displays threatening behavior?
4. Gathering intelligence to identify the current residents of a home and the residents at the time of the alleged crime. Also gathering intelligence to discover information about each resident's possible involvement in the alleged crime. Is ICE supposed to do this prior to the raid or search? If not, when?
5. Gathering intelligence prior to the raid or search to determine the probable level of danger that ICE expect to encounter during a particular search, if any
6. The basis for a decision by ICE as to when ICE will conduct a search when the search warrant gives ICE 14 days to do so. What are the criteria?
7. Destruction of property during a raid or search: when and under what conditions is it allowed? Does ICE pay to reimburse the property owner? What property? What should ICE agents NOT destroy during a search or raid?
8. Notifying the residents of the home being searched of the reason(s) for the search and providing them with a copy of, or at least showing
