

# ZEBRA TECHNOLOGIES PRODUCT PORTFOLIO

# ABOUT ZEBRA

Zebra Technologies Corporation builds identification and tracking technology that generates actionable information and insight, giving companies unprecedented visibility into their businesses by giving physical things a digital voice.

Zebra's extensive portfolio of solutions give real-time visibility into everything from products and physical assets to people, providing very precise operational data not only about where things are, but what condition they are in. This allows business leaders to use data to make better, more informed decisions, respond in real-time and ultimately, help businesses understand how they work, and how they could work better.

**Zebra makes businesses as smart and connected as the world we live in.**

The global business environment is more complex and competitive than ever before. Organisational leaders are struggling to do more with less and to be more productive. They crave not only smarter ways to track and manage assets, but also insights that can drive new, breakthrough ideas.

## **Enterprise Asset Intelligence™**

Zebra solutions enable real-time operational visibility into people and things, enabling businesses to SENSE – ANALYSE – ACT on data that helps them make better decisions. This full cycle of visibility is what Zebra calls Enterprise Asset Intelligence™, an industry category we are pioneers of.

## WHAT DOES THIS MEAN FOR YOU?

With this level of visibility, you can see the events happening in your value chain in real time. You can act upon them, creating new value from what is already there. You can use this business intelligence to inspire innovation throughout your organisation, find new ways to operate more efficiently, build stronger customer loyalty or improve patient safety.

We're helping businesses like yours gain visibility into operations, inventories and the supply chain to make smarter, faster business decisions:

- Manufacturers can contain costs and streamline processes.
- Retailers can build shopper loyalty by serving multiple channels and optimising the customer experience, as well as enhance employee efficiency and sales strategies.
- Healthcare providers can improve patient safety and maximise enterprise efficiency.

# BARCODE SCANNERS

## COMPANION SCANNERS

PRODUCT	DESCRIPTION	VERTICAL
<b>CS3000 Companion Scanners<sup>1</sup></b> 	<p>The CS3000 Series enables enterprises to implement 1D laser scanning where mobility or cost is critical. It can be utilised in standalone mode for the batch scanning of bar codes and is designed to streamline and simplify processes.</p>	<p>Manufacturing, Retail</p>
<b>CS4070 Companion Scanners<sup>3</sup></b> 	<p>The wireless Bluetooth CS4070 Companion Scanner provides the enterprise-class 1D/2D scanning technology and scanning ergonomics that are missing in tablets, laptops, smartphones and other devices.</p>	<p>Retail, Transport and Logistics</p>

<sup>2</sup> Not available in Taiwan and India

<sup>3</sup> Not available in Taiwan and Vietnam

## FIXED MOUNT SCANNERS

<b>Miniscan MS12XX Fixed Mount Barcode Scanners</b> 	<p>Miniscan MS12XX are compact scanners with fuzzy logic technology for premium scanning performance on all types of 1D barcodes.</p>	<p>N/A</p>
<b>Miniscan MS954 Fixed Mount Barcode Scanner<sup>1</sup></b> 	<p>Miniscan MS954 is a high-performance, compact fixed mount scanner for 1D applications with space constraints.</p>	<p>Healthcare, Manufacturing</p>
<b>DS457 Series Hands-Free and On-Counter Scanners<sup>2</sup></b> 	<p>Get hands-free convenience and extraordinary scanning speed on any barcode, on any surface with the DS457. Enable high-volume hands-free scanning from the retail POS and airport boarding gate to the manufacturing production line in a tiny footprint.</p>	<p>Manufacturing, Transportation &amp; Logistics</p>

## GENERAL PURPOSE SCANNERS

PRODUCT	DESCRIPTION	VERTICAL
<p><b>DS4308-XD</b> Handheld Scanners</p> 	<p>Streamline and error proof the manufacturing production line with a new level of scanning performance. The DS4308-XD has what it takes to capture 1D, 2D and direct marks printed on circuit boards and other components — from near contact to as far as six inches away.* Our superior aiming technology makes accurate aim easy for the tiniest and densest barcodes.</p>	<p>Manufacturing (Light)</p>
<p><b>DS4308-P</b> Handheld Scanner and On-Counter Scanners</p> 	<p>The DS4308P gives your customers the versatility of a handheld and presentation scanner, with the next generation scanning technology they need to scan virtually all of today's bar codes.</p>	<p>Transportation &amp; Logistics, Retail and Hospitality</p>
<p><b>DS4308-SR</b> Handheld Scanners</p> 	<p>Extraordinary flexibility and performance in a handheld scanner. The DS4308-SR can capture codes as far as 28 in./71.12 cm, making it easy to scan items on the bottom of a cart.</p>	<p>Manufacturing, Transportation &amp; Logistics, Retail and Hospitality</p>
<p><b>DS4308-HD</b> Handheld Scanners</p> 	<p>Scans high density codes on electronics, jewelry and other small items, while offering an outstanding standard range of 15 in./38.1 cm on a 100 percent UPC code.</p>	<p>Manufacturing (Light), Transportation &amp; Logistics, Retail and Hospitality</p>
<p><b>DS4800 Series General Purpose Scanner</b> Handheld Scanners</p> 	<p>With the DS4800 Series, you can maximise the customer experience right through to your POS. This innovative 1D/2D barcode scanner offers style without compromise, marrying impressive design with the same great reliability, functionality and manageability you expect from Zebra.</p>	<p>Retail &amp; Hospitality</p>
<p><b>DS6707-HD/DP Handheld Digital Imager Scanner</b> Handheld Scanners</p> 	<p>This scanner combines a 1D/2D barcode scanner, 1.3 megapixel digital camera and a document capture scanner in a cost-effective device. Designed for high speed USB transfer for image and document capture. Available in HD and DPM (Direct Part Marking) versions.</p>	<p>Healthcare, Manufacturing</p>

\* Read range is dependent on the size and type of the barcode.

PRODUCT	DESCRIPTION	VERTICAL
<p><b>DS9208 Omni-directional Hands-Free Presentation Imager</b> Hands-Free and On-Counter Scanners</p> 	<p>Whether you need to scan printed barcodes on paper labels or mobile bar, the D9208 is ready. Get the versatility to scan any 1D or 2D barcodes with point-and-shoot simplicity and hands-free flexibility.</p>	<p>Retail</p>
<p><b>LS1203 General Purpose Barcode Scanner</b> Handheld Scanners</p> 	<p>LS1203 is an affordable, durable, high-quality laser scanner, ideal for small retailers.</p>	<p>Retail &amp; Hospitality</p>
<p><b>LS1203-HD General Purpose Barcode Scanner</b> Handheld Scanners</p> 	<p>The LS1203-HD is an affordable, durable and high-quality laser scanner designed to read small, high density 1D barcodes; ideal for electronics manufacturers.</p>	<p>Manufacturing</p>
<p><b>LI2208 Handheld Scanner</b> Handheld Scanners</p> 	<p>Whether your workers are scanning barcodes printed on paper labels or electronic barcodes, the general purpose LI2208 linear imager delivers unparalleled performance.</p>	<p>Manufacturing, Retail &amp; Hospitality</p>
<p><b>LI4278 Handheld Scanner<sup>2</sup></b> Handheld Scanners</p> 	<p>The LI4278 1D barcode scanner allows workers to scan faster and farther as they can capture virtually any 1D barcode. Built for everyday use, it offers cordless freedom with Bluetooth compatibility and enhanced encryption.</p>	<p>Retail &amp; Hospitality</p>
<p><b>DS6700 1D/2D Image Scanner</b> Handheld Scanners</p> 	<p>The DS6700 is a handheld device capable of capturing both full-sized documents, 1D, 2D and PDF417 barcodes from any angle.</p>	<p>Retail &amp; Hospitality</p>
<p><b>DS6708-DL Handheld Imager Scanner</b> Handheld Scanners</p> 	<p>The DS6708 is a handheld device designed to read the PDF417 barcodes as well as capture 1D and 2D barcodes from any angle.</p>	<p>Retail &amp; Hospitality</p>

PRODUCT	DESCRIPTION	VERTICAL
<p><b>DS9808 Hybrid Presentation Imager</b> Hands-Free and On-Counter</p> 	<p>The DS9808 is designed for ease of use for both hands-free and handheld scanning. It offers the very latest imaging scanning technology, delivering record swipe speeds for 1D and 2D barcodes. It is able to capture images and deactivate EAS tags (optional) too.</p>	<p>Retail &amp; Hospitality, Manufacturing,</p>
<p><b>LS2208 General Purpose Barcode Scanner</b> Handheld Scanners</p> 	<p>This small, lightweight affordable laser scanner provides fast, reliable 1D scanning from near contact to 43cm. Its single circuit board design eliminates common points of failure, whilst its integrated interfaces provide the flexibility to connect to virtually any host.</p>	<p>Healthcare, Retail</p>
<p><b>LS7808</b> In-Counter Scanners</p> 	<p>Designed as an omni-directional, in-counter barcode scanner, the LS7808 speeds up checkout with its high throughput and first-pass read rates.</p>	<p>Retail</p>
<p><b>DS7708 2D Vertical Slot Scanner</b> Hands-Free and On-Counter</p> 	<p>For on-counter scanning, the DS7708 offers a feature set that sets it apart for performance, usability, deployment and cost of ownership. With a field of view that is 50 percent larger than the competition, the DS7708 easily captures barcodes.</p>	<p>Retail</p>

## RUGGED SCANNERS

<p><b>DS3500-ER Series</b></p> 	<p>Developed to enable both 1D and 2D barcode reading, the DS3500-ER Series offer the scanning range, rugged design and speed that will make a difference in your business.</p>	<p>Manufacturing, Transportation &amp; Logistics</p>
<p><b>DS3508 Series of Rugged 1D/2D Imager Scanners</b></p> 	<p>With the DS3508, you benefit from a scanning solution designed specifically for fast-paced and harsh production environments to improve business efficiency.</p>	<p>Manufacturing, Transportation &amp; Logistics</p>
<p><b>LS3408-ER Rugged Barcode Scanner</b></p> 	<p>The LS3408-ER handheld corded scanner captures 1D barcodes in the harshest of conditions — even when labels are at varying distances. Featuring the widest working range available, it reads labels as far away as 45 feet and as close as 0.25 inches.</p>	<p>Manufacturing, Transportation &amp; Logistics</p>
<p><b>LS3408-FZ Rugged Barcode Scanner</b> Handheld Scanners</p> 	<p>The rugged LS3408-FZ (fuzzy logic) handheld laser scanners deliver accurate reading of damaged and poorly printed 1D barcodes. It is reliable and ergonomic, suitable for your scan-intensive industrial applications. Also available as LS3408-ER (extended range) and LS3578-ER/FZ (cordless).</p>	<p>Manufacturing, Transportation &amp; Logistics</p>
<p><b>LS3578-ER Rugged Barcode Scanner</b></p> 	<p>Scan all 1D barcodes from practically anywhere with onboard Bluetooth® capability. The LS3578-ER rugged cordless scanner reads labels as far away as 45 feet and as close as 0.25 inches, delivering the widest working range of any rugged, handheld scanner.</p>	<p>Manufacturing, Transportation &amp; Logistics</p>

PRODUCT	DESCRIPTION	VERTICAL
<b>LS3578-FZ Rugged Barcode Scanner</b> 	The LS3578-FZ rugged barcode scanner features fuzzy logic technology, which allows first-pass reads of nearly any 1D barcode, even when the barcode is dirty or damaged.	Manufacturing, Transportation & Logistics
<b>MT2000 Mobile Terminals</b> 	The MT2000 Series combines the simplicity of a scanner with the intelligence of a mobile computer, providing advanced 1D/2D barcode, DPM and image capture, as well as the ability to key in and view data.	Retail & Hospitality, Manufacturing, Transportation & Logistics
<b>DS3578 Series<sup>1</sup></b> 	The DS3578 is a cordless, high-performance and omni-directional digital scanner that captures 1D/2D barcodes and direct part marks (DPM is supported by the DS3578-DP). The DS3578-DP supports Unique Identification (IUID) too.	Manufacturing, Transportation & Logistics
<b>LS3008 Rugged Barcode Scanner<sup>2</sup></b> 	The LS3008 offers affordable performance and durability in the light industrial, retail and healthcare environments.	Manufacturing, Transportation & Logistics

## ULTRA-RUGGED SCANNERS

<b>LI3608</b> Ultra-Rugged Handheld Scanners 	Offering unmatched durability, superior scanning performance and unrivaled manageability, while delivering lightning-fast capture of any 1D barcode printed on a label in virtually any condition, or displayed on a screen.	Manufacturing, Transportation & Logistics, Retail and Hospitality
<b>LI3678</b> 	Give your workers unstoppable performance in the toughest environments with the cordless LI3678 ultra-rugged 1D handheld scanners. When it comes to cordless technology, the LI3678 is in a class of its own, with a complete solution that includes a sealed rugged cradle, a smart battery and Zebra's Wi-Fi Friendly Mode that prevents interference with your Wi-Fi network.	Manufacturing, Transportation & Logistics, Retail and Hospitality
<b>DS3608-SR</b> 	Give your workers unstoppable performance in the toughest environments with the corded DS3608-SR ultra-rugged 1D/2D handheld scanners. The advanced imager reads 1D and 2D barcodes displayed on a screen or printed on a label faster and farther than other standard range scanners.	Manufacturing, Transportation & Logistics, Retail and Hospitality

PRODUCT	DESCRIPTION	VERTICAL
<b>DS3678-SR</b> 	Give your workers unstoppable performance in the toughest environments with the cordless DS3678-SR ultra-rugged 1D/2D handheld scanners. The advanced imager reads 1D and 2D barcodes displayed on a screen or printed on a label faster and farther than other standard range scanners.	Manufacturing, Transportation & Logistics, Retail and Hospitality
<b>DS3608-HP</b> 	With the corded DS3608-HP High Performance imagers, it reads 1D and 2D barcodes displayed on a screen or printed on a label faster and with 30 percent more working range than similar models in this class, delivering extraordinary productivity. The high performance version also captures OCR, photos and documents.	Manufacturing, Transportation & Logistics, Retail and Hospitality
<b>DS3678-HP</b> 	With the cordless DS3678-HP High Performance imagers, it reads 1D and 2D barcodes displayed on a screen or printed on a label faster and with 30 percent more working range than similar models in this class, delivering extraordinary productivity. The high performance version also captures OCR, photos and documents.	Manufacturing, Transportation & Logistics, Retail and Hospitality
<b>DS3608-HD</b> 	This advanced corded DS3608-HD imager delivers first time capture of high-density 1D and 2D barcodes printed on labels or directly on product components — including tiny and dense 3 mil codes that are barely visible to the naked eye.	Manufacturing, Transportation & Logistics, Retail and Hospitality
<b>DS3678-HD</b> 	This advanced cordless DS3678-HD imager delivers first time capture of high-density 1D and 2D barcodes printed on labels or directly on product components — including tiny and dense 3 mil codes that are barely visible to the naked eye. The high performance version also captures OCR, photos and documents.	Manufacturing, Transportation & Logistics, Retail and Hospitality
<b>DS3608-ER</b> 	The advanced corded DS3678-ER imager reads 1D and 2D barcodes printed on a label up to 60 percent closer and 35 percent farther than similar models in this class, with an extraordinary scanning range from 3 in. to 70 ft. (7.6 cm to 21.4 m).	Manufacturing, Transportation & Logistics, Retail and Hospitality
<b>DS3678-ER</b> 	The advanced cordless DS3678-ER imager reads 1D and 2D barcodes printed on a label up to 60 percent closer and 35 percent farther than similar models in this class, with an extraordinary scanning range from 3 in. to 70 ft. (7.6 cm to 21.4 m).	Manufacturing, Transportation & Logistics, Retail and Hospitality
<b>DS3608-DP</b> 	The corded DS3608-DP encompasses comprehensive patented features which enable the capture of HD and direct part mark (DPM) codes.	Manufacturing, Transportation & Logistics, Retail and Hospitality

PRODUCT	DESCRIPTION	VERTICAL
<p><b>DS3678-DP</b></p> 	<p>The cordless DS3678-DP encompasses comprehensive patented features which enable the capture of HD and direct part mark (DPM) codes.</p>	<p>Manufacturing, Transportation &amp; Logistics, Retail and Hospitality</p>
<b>RFID</b>		
<p><b>DS9808-R General Purpose Scanner</b> Hands-Free and On-Counter Scanners</p> 	<p>The DS9808 hybrid presentation imager is designed for ease of use for both hands-free and handheld scanning, dynamically switching between modes. It offers the very latest image scanning technology, delivering record swipe speeds for 1D/2D barcodes and the ability to capture images and deactivate EAS tags (optional). Standard and long range versions are available too. (RFID is also an option on the DS9808-LR.)</p>	<p>Manufacturing, Retail and Hospitality</p>
<p><b>MC3190-Z RFID Reader</b></p> 	<p>The MC3190-Z is a business-class handheld RFID reader designed specifically to extend the benefits of RFID beyond industrial spaces and into customer-facing and business environments. It starts with the signature rugged design and adds an advanced, high efficiency Zebra RFID reader engine for faster read rates and higher throughput.</p>	<p>Manufacturing, Retail</p>
<p><b>RFD8500 UHF RFID Sled</b></p> 	<p>Empower select Zebra and compatible third-party mobile devices, tablets and smart phones with enterprise-class UHF RFID and 1D/2D bar code scanning technology, whenever and wherever you need it — simply, easily and cost-effectively.</p>	<p>Manufacturing, Transportation &amp; Logistics, Retail &amp; Hospitality</p>
<p><b>RFD8500i UHF RFID Sled</b></p> 	<p>The ergonomic RFD8500i instantly transforms the Zebra TC55 mobile computer into a world-class, high performance RFID handheld reader. The RFD8500i's unique spring-loaded adapter allows users to quickly and easily insert and remove the TC55 to create a handheld dedicated inventory management solution.</p>	<p>Manufacturing, Transportation &amp; Logistics, Retail &amp; Hospitality</p>
<p><b>RFD5500 RFID Reader<sup>1</sup></b></p> 	<p>The RFD5500 UHF RFID sled extends the value of your MC55, MC65 or MC67 mobile computer by transforming it into a state-of-the-art handheld RFID reader for enterprise environments.</p>	<p>Retail</p>
<p><b>MC9190-Z RFID Reader</b></p> 	<p>The MC9190-Z RFID reader is a high-performance, industrial-grade device that delivers best-in-class RFID read range and accuracy. Rugged, reliable and ergonomic, it excels in demanding environments.</p>	<p>Manufacturing, Retail, Transportation &amp; Logistics</p>

## MOBILE COMPUTERS

### HANDHELD MOBILE COMPUTERS

<p><b>MC17 Personal Shopper</b></p> 	<p>MC17 allows busy retail shoppers to have the power to instantly locate items, check pricing, receive personalized promotions and more.</p>	<p>Retail</p>
<p><b>MC18 Mobile Computer<sup>1</sup></b></p> 	<p>Revolutionise the self-service shopping experience with the MC18. Your shoppers get smartphone style and ergonomics plus a direct connection to information that will help them save time and money. True enterprise-class scanning with fast split-second capture of virtually every barcode on every item ensures shoppers save more and spend more.</p>	<p>Retail</p>
<p><b>MC2100 Mobile Computer</b></p> 	<p>The affordable MC2100 Series Mobile Computer automates the capture of inventory data in the workplace. Be efficient with best-in-class processing power, rugged design, superior ergonomics, flexible data capture options, enterprise-grade push-to-talk (PTT), centralised management and the ability to create cross-platform, operating system-agnostic applications.</p>	<p>Manufacturing, Retail</p>
<p><b>MC3200 Mobile Computer</b></p> 	<p>The cost-effective, lightweight and rugged MC3200 Series Mobile Computer provides the tools your workers need to complete inventory related tasks in seconds. Available in brick, gun and turret versions, you also get the flexibility of choosing between Windows Embedded Compact 7.0 or Android 4.1 operating systems.</p>	<p>Retail, Healthcare, Warehousing/ Distribution, Manufacturing, Government</p>
<p><b>MC36 Android Touch Computer<sup>5</sup></b></p> 	<p>Introducing the MC36 Android touch computer. Now, enterprise workers get the modern and efficient design they want, along with an operating system that is comfortable and familiar: Android. Designed and ready for life in the field, the MC36 features a large display, most memory space, longest battery capacity, and most responsive scan engine options in this device class. It's also the only device in its class to offer dual wireless network connectivity to ensure coverage for workers who travel through large territories.</p>	<p>Transportation &amp; Logistics</p>

PRODUCT	DESCRIPTION	VERTICAL
<p><b>MC40 Touch Computer</b></p> 	<p>The cool and sleek MC40 is pure business on the inside — enterprise-class durability, security and a comprehensive set of features including advanced barcode scanning, push-to-talk and an integrated magnetic stripe reader.</p>	<p>Healthcare, Retail &amp; Hospitality</p>
<p><b>MC40-HC Touch Computer for Healthcare</b></p> 	<p>Your healthcare staff wants the latest in mobile technology, and a device that is as easy to use as their own smartphone. The MC40-HC offers an enterprise-class feature set, from data capture and security to manageability and dependably robust wireless connections.</p>	<p>Healthcare</p>
<p><b>ET50/ET55 Tablet</b></p> 	<p>Zebra's ET50/ET55 marries the best of consumer-style tablets and fully rugged tablets to create a new cost-effective category of tablet that offers the flexibility, features, functionality and durability required to meet the majority of today's enterprise needs. The ET50 and WAN ET55 are available with Windows 10 or Android Lollipop 5.1. Users can also choose the display size that provides the right amount of real estate for their business applications—an 8.3 inch or 10.1 inch display.</p>	<p>Transportation &amp; Logistics, Retail, Warehousing/ Distribution, Manufacturing, Government</p>
<p><b>MC45 Mobile Computer</b></p> 	<p>The MC45 is the affordable way to give workers the real-time information they need to get the job done right. It provides the ergonomic styling, including convenient one-handed operation, plus the features, durability, security and manageability they need to perform at their peak.</p>	<p>Manufacturing, Transportation &amp; Logistics</p>
<p><b>MC55A0 Mobile Computer</b></p> 	<p>Pure business on the inside and smart styling on the outside, the MC55A0 rugged enterprise mobile computer lets your workers access applications, scan bar codes, snap a photo, view a video and place a private or push-to-talk call to virtually anyone in your facility – all with a single device.</p>	<p>Transportation &amp; Logistics,</p>
<p><b>MC55A0-HC Mobile Computer for Healthcare</b></p> 	<p>The MC55A0-HC is designed for life inside the hospital, able to endure everyday drops and bumps as well as disinfecting after each patient. The robust wireless application performance and wireless connectivity options allows healthcare givers to focus on patient monitoring on the go.</p>	<p>Healthcare</p>
<p><b>MC55N0 Mobile Computer</b></p> 	<p>When it comes to meeting the needs of your workforce, the rugged MC55N0 excels with its perfect blend of form and function. The MC55N0 offers organisations the right level of features, the right level of rugged design and support for the most demanding business applications anywhere in your facility. The compact and lightweight mobile computer is easy to carry and easy to use, with a sleek design that is at home in front of customers.</p>	<p>Transportation &amp; Logistics, Manufacturing</p>

PRODUCT	DESCRIPTION	VERTICAL
<p><b>MC67 Mobile Computer<sup>3</sup></b></p> 	<p>Give your field workforce the tools they need to work faster and smarter with the rugged 4G HSPA+ MC67. This fully-featured powerhouse of a device lets workers access information in your backend system; scan practically any barcode in almost any condition; capture documents to simplify recordkeeping; take and send video and photos for real-time repair support; and call a customer with an arrival window.</p>	<p>Transportation &amp; Logistics, Manufacturing, Government &amp; Public Safety</p>
<p><b>MC9200 Mobile Computer</b></p> 	<p>The MC9200 Mobile Computer give you the same signature features that make up the foundation of every MC9000 Series mobile computer — rugged design, best-in-class barcode scanning and dependable operation — now with the power to run today's highly-intuitive applications to help increase productivity and task accuracy in your workplace.</p>	<p>Transportation &amp; Logistics, Manufacturing, Retail, Government</p>
<p><b>TC51/TC56 Touch Computer Series</b></p> 	<p>The TC51/TC56 touch computer is sleek and beautiful—yet smart, rugged and hardworking. Designed for the new business world, users get a rugged industrial design that looks and feels like the most popular pocketable consumer-style smartphones to meet worker expectations, along with the enterprise-class features, power, security and manageability a business requires.</p>	<p>Retail, Hospitality, Healthcare</p>
<p><b>TC51-HC Touch Computer</b></p> 	<p>The latest addition to the Zebra TC5x Series touch computer, the TC51-HC for healthcare delivers the highest quality care with everything clinicians want and everything a hospital needs in a sleek and beautiful mobile computer that is both smart and rugged. The TC51-HC touch computer performs all tasks, including mobile computing, clinical collaboration and data capture, through one device that is contemporary and easy to use as a smartphone, but built with durability and medical grade standards for all-day, every day clinical use. Also, the device maintains protection against HAIs (Healthcare-associated Infections) with a disinfectant-ready enclosure purpose-built to withstand frequent exposure to industry-recommended cleaning solutions.</p>	<p>Healthcare</p>
<p><b>TC70 Touch Computer</b></p> 	<p>The TC70 is a premium enterprise class handheld mobile computer that's as refined and easy-to-use as any Android consumer smartphone. The TC70 offers world class data capture with our latest 1D/2D imager plus 8MP camera and NFC. Data entry is easy with the large 4.7in capacitive touch display.</p>	<p>Retail &amp; Hospitality, Manufacturing</p>
<p><b>TC75 Touch Computer<sup>4</sup></b></p> 	<p>The TC75 is a premium enterprise class handheld mobile computer that's as refined and easy-to-use as any Android consumer smartphone. Designed for field workers, the TC75 offers 4G LTE connectivity. It also offers our latest 1D/2D imager, an 8MP camera, NFC and a large 4.7in capacitive touch display. Other enterprise grade features include enhanced audio, extended battery life and the ruggedness you would expect from a premium enterprise device.</p>	<p>Manufacturing, Transportation &amp; Logistics, Government &amp; Public Safety</p>

# VEHICLE-MOUNTED COMPUTERS

<p><b>VC70N0 Vehicle-Mounted Computer</b></p> 	<p>Rugged and compact, the VC70 is perfectly sized for vehicles. It improves visibility and safety while still providing a large high resolution screen. The powerful VC70 supports traditional Telnet to modern browser-based graphic-rich applications, covering receiving, replenishment, picking, packing and shipping.</p>	<p>Transportation &amp; Logistics, Manufacturing, Retail</p>
<p><b>VC80 Vehicle-Mounted Computer</b></p> 	<p>Material-handling vehicle operators need a device that can handle multiple tasks quickly and easily. Whether they are moving incoming shipments in a warehouse into inventory, moving containers on and off ships or trains, or moving baggage to and from departing and arriving planes, they need to achieve maximum throughput and accuracy. With the VC80 vehicle mounted computer, they will.</p>	<p>Transportation &amp; Logistics, Manufacturing, Retail</p>
<p><b>VH10 / VH10F Vehicle-Mounted Computer</b></p> 	<p>With an integrated keyboard, the rugged VH10 vehicle mounted computer is ready to handle the constant pounding of material handling equipment inside and outside the four walls. It provides the real-time information your workforce needs to get the job done fast and done right.</p>	<p>Transportation &amp; Logistics</p>
<p><b>OMNII XT15 Series Mobile Computer<sup>1</sup></b></p> 	<p>The Omnii XT15 Series delivers exceptional ruggedness and functionality. With the open source business model — giving you the flexibility and freedom to adapt your device with exactly what you need — and certified IP67 and IP65 rating, this mobile computer gives reliable performance and unparalleled adaptability.</p>	<p>Manufacturing, Transportation &amp; Logistics</p>
<p><b>Workabout Pro 4 Mobile Computer<sup>2</sup></b></p> 	<p>The Workabout Pro 4 gives your workers a Mobile Computer that continually evolves to meet their needs. Its impressive modularity lets you have the features you need now, yet easily add any feature. Many ready-to-use modules are available to meet the specialized needs of diverse vertical markets.</p>	<p>Transportation &amp; Logistics, Manufacturing, Retail, Government</p>

## WEARABLE COMPUTERS

<p><b>WT6000 Wearable Computer</b></p> 	<p>Wearable computers give workers the hands-free mobility they need to boost productivity to a new level. But workers find today's wearables uncomfortable—until now. Introducing the WT6000—the Android wearable computer that sets a new standard for enterprise-class wearability. It's smaller and lighter than other wearables on the market. With its incredible new mounting system, the WT6000 fits comfortably on every worker, on any size arm.</p>	<p>Manufacturing, Retail, Transportation &amp; Logistics</p>
<p><b>RS6000 1D/2D Bluetooth Ring Scanner</b></p> 	<p>When pairing Zebra's wearable or handheld mobile computers with the RS6000 Bluetooth ring scanner, workers get the superior technology they need to take productivity to the next level. Along with instant pairing and a mode that eliminates Wi-Fi interference for fast, easy and hassle-free deployment of Bluetooth devices, users get Zebra's most rugged ring-style scanner, built to deliver reliable operations in warehouses and manufacturing plants. Maximize the value of a workforce and wearable mobile computers with the RS6000—only from Zebra.</p>	<p>Transportation &amp; Logistics Manufacturing, Retail</p>
<p><b>RS5000 1D/2D Corded Ring Scanner</b></p> 	<p>The Zebra RS5000 single-finger rugged 1D/2D ring scanner is the easy, cost-effective way to improve the productivity of WT6000 and WT41N0 Zebra wearable computer users. With hands-free scanning of virtually any barcode in any condition, the RS5000 has what it takes to reduce cycle times and improve task accuracy, increasing throughput in any operation.</p>	<p>Transportation &amp; Logistics Manufacturing, Retail</p>
<p><b>RS4000 1D/2D Corded Ring Scanner</b></p> 	<p>Zebra's Total Wearable Solutions are the only dedicated family of enterprise wearable devices built on Android and backed by Zebra Mobility DNA—delivering unrivaled scan performance and manageability. By combining the hands-free mobility of wearable technology Zebra's Total Wearable Solutions provide the operational flexibility needed to replace complexity with productivity.</p>	<p>Transportation &amp; Logistics Manufacturing, Retail</p>
<p><b>HS3100/HS2100 Rugged Headsets</b></p> 	<p>When it comes to enabling speech-driven applications and voice communications in warehouses, manufacturing plants and outdoor yards, customers need a headset that is specially designed for the job. The Zebra HS3100 Bluetooth and HS2100 corded headsets are loaded with features that offer everything users need in an industrial headset—a rugged design for a superior total cost of ownership, unparalleled audio clarity, consumer styling, exceptional comfort and ease of use, a modular design and plenty of power to keep Bluetooth models up and running throughout the longest shift.</p>	<p>Manufacturing, Transportation &amp; Logistics</p>

PRODUCT	DESCRIPTION	VERTICAL
<b>RCH51 Rugged Cabled Headset</b> 	<p>The RCH51 provides the feature set required to replace paper with voice in demanding enterprise environments — in the warehouse, in the freezer, on the loading dock, or in the factory. Whether your workers are involved in receiving, picking and replenishment or putaway, shipping and other inventory-related tasks, the RCH51 enables voice-directed applications and real-time voice communications, reducing cycle times and errors while increasing productivity and throughput in a vital business hub.</p>	<p>Manufacturing, Transportation &amp; Logistics</p>
<b>RS419 Ring Scanner<sup>1</sup></b> 	<p>Enable your workers with next generation hands-free scanning to improve operational efficiency in your warehouse, distribution centre or retail store with the RS419 ring-style scanner. Paired with our wearable mobile computers, the RS419 provides hands-free freedom — no longer will workers waste time setting an item down to scan a barcode.</p>	<p>Manufacturing, Transportation &amp; Logistics</p>
<b>RS507 Cordless Ring Scanner</b> 	<p>Give your workers the superior blend of technology, form and function needed to achieve a new level of productivity in package handling and warehouse applications with the RS507. Advanced ergonomics and Bluetooth cordless freedom deliver unparalleled freedom of movement and user comfort.</p>	<p>Manufacturing, Transportation &amp; Logistics</p>
<b>WT41N0 Vow Voice Only Wearable Terminal<sup>2</sup></b> 	<p>With the WT41N0 on your worker's arm or hip, and voice direction, both hands are kept free for picking, packing and other operations. The WT41N0 supports text or text and voice combined, whilst the WT41N0 VOW is ideal for voice only applications.</p>	<p>Manufacturing, Retail, Transportation &amp; Logistics</p>
<b>WT41N0 Wearable Terminal</b> 	<p>Arm your workers with advanced, real-time, hands-free mobile computing with the WT41N0 Wearable Terminal. This rugged device will allow you to achieve maximum error-proof productivity, operational efficiency and accuracy through voice compatibility for streamlined warehouse and package handling functions.</p>	<p>Manufacturing, Retail, Transportation &amp; Logistics</p>

## MOBILITY DNA

---

What's inside the body of an enterprise mobile computer matters. That's why Zebra engineered Mobility DNA — the genetic code that gives our mobile computers distinct enterprise capabilities.

Its unique software ecosystem transforms Android™, the world's most popular consumer operating system, into an enterprise-ready force. Now, the pains common to other enterprise mobility platforms disappear — making management simpler, integration problem-free, and operations a powerhouse of productivity.

### Unmatched Productivity

From the start, workers will notice the difference. Training is quick on Android's familiar interface. With unique business tools, communication barriers vanish, connectivity is untethered and collaboration streamlined. Thanks to powerful productivity tools, everyday tasks are faster and easier.

### Simpler Management

Regain control of your mobile platform via superior security, greater access, centralised management and real-time visibility. Mobility DNA fortifies Android with enterprise-grade traits for ultimate control. The result is better deployment management, faster troubleshooting, and optimal uptime.

### Easier Integration

Develop enterprise, mobile apps with ease and take full advantage of the Android Operating System to lower risks of bugs and delays. It's possible with Mobility DNA that shortens timelines and extends confidence with smooth rollouts and seamless OS integration into new and legacy infrastructures.

### Business Tools

Give your workforce the super powers of Mobility DNA's business tools. Break down the barriers to communication and unify everyone into one cohesive team. Enable anywhere connectivity and streamlined workflows that maximise every resource.

**Workforce Connect:** Workforce Connect delivers on the promise of a truly unified enterprise device.

**TekSpeech Pro:** TekSpeech Pro provides the tools you need to make every step in the development of voice-directed applications easy.

### Productivity Tools

When you fuse Mobility DNA's powerful productivity tools with Android's consumer-friendly interface, your enterprise evolves into a more efficient operation. Training and adoption of new technology is rapid, and day-to-day tasks easier and faster to accomplish. ;

**All-Touch Terminal Emulation:** Convert legacy green screens into an all-touch, modern user experience.

**SimulScan:** With this powerful technology, enterprises can take process automation to the next level.

**Simulscan:** This Zebra Technologies' software utility allows users to create and place a virtual data capture button on the screen of their mobile computer.

**Enterprise Keyboard:** Improve productivity with Enterprise Keyboard that enables fast, accurate alphanumeric entry purposely designed for enterprise.

**DataWedge:** DataWedge sends scanned data from barcodes, RFID tags, magnetic stripe cards and serial devices into any application you have running.

**PowerPrecision:** Keep your mobile computers up and running with batteries and software tools that enable more efficient power management.

### Management Tools

Your IT staff will be equally pleased with how Mobility DNA pairs simplicity with ease. Managing the mobile platform is simpler with maximum control and security in the hands of IT and integrating apps and mobile devices is fast, easy and problem-free.

**StageNow:** Zebra Technologies' StageNow allows any size organisation to easily stage a handful of thousands of Android devices with a quick scan of a barcode or a tap on an NFC tag.

**Enterprise Mobility Management Tool Kit:** Develop configuration and management for Zebra Mobility Extensions (Mx) features using the EMM Tool Kit.

**Enterprise Home Screen:** Create single-purpose devices and manage the way your workers utilise Zebra Android mobile computers.

**AppGallery:** Discover, purchase, deploy and update the enterprise apps that make the most of Zebra mobile computers.

**Lifeguard For Android:** LifeGuard™ for Android™ is Zebra's software security solution that extends the lifecycle of Android enterprise mobile computers – helping you significantly lower total cost of ownership.

### Development Tools

Enable developers to maximise the value of Zebra mobile devices and minimise delays and costly errors. Mobility DNA makes creating intuitive

enterprise mobile apps effortless, accelerating go-to-market timelines.

### Enterprise Mobility Management Tool Kit:

Android EMDK enables you to take full advantage of the purpose-built capabilities our devices have to offer.

### Enterprise Browser:

This powerful, next generation industrial browser enables developers to build feature-rich web applications that integrate seamlessly with the features in Zebra mobile computers and peripherals.

### Mobility Extensions (MX):

Mobility Extensions (MX) adds a layer of features that are missing in mobile devices that run standards Android.

---

## ACCESSORIES

---

### Accessories

Realise the full potential of your mobile devices with convenient and affordable accessories. From chargers (including our latest ShareCradle solution) and communication cables to carrying cases and holsters, these versatile accessories help you customise your mobile device for optimal efficiency and convenience. Designed to work perfectly with Zebra equipment so you stay at the cutting edge of performance with style to match.

### PowerPrecision Batteries

Keep your mobile computers up and running with PowerPrecision smart batteries. These intelligent batteries collect the detailed real-time battery metrics needed to maximise useful battery life and ensure every battery is healthy and able to hold a full charge. PowerPrecision Battery Management software completes the solution, providing a single centralized window into the state of all the batteries in your mobile devices.

---

## MOBILITY SOLUTIONS

---

### RFID

Transform the efficiency of your business inventory. Zebra's RFID solutions, including readers, mobile computers, tags and accessories) enable you to take your business to a new level of efficiency by providing greater visibility of your inventory as it moves across the supply chain. With real-time tracking information, you'll always know where your critical business assets are.

### Healthcare

Provide patient care without boundaries. Extend mobility to the point of care and beyond with solutions that combine Zebra's world-class mobility products and healthcare software applications from our partners. Share real-time information anywhere, inside or outside the facility, for increased patient safety and more attentive care.

### Industrial Mobile Computing

Adaptive ingenuity defines our Industrial Mobile Computing offerings. These solutions challenge convention and directly address the unique need of your industrial customers. This portfolio of solutions is built to outperform and adapt to the harshest of industrial environments in the world.

### Application Partners

We partner with specialist companies that develop mobile solutions for our rugged handheld computers and tablet PCs. So whatever your requirements, there's almost certainly a partner with a ready-to-go application for you. By selecting to buy an application from one of our partners you can benefit from their deep knowledge and experience in your sector – often accumulated over many years of working with similar organisations to your own.

# BUILD YOUR BUSINESS WITH ZEBRA SERVICES

Zebra offers a broad portfolio of services across your customers' solution lifecycle. Our flexible, sales and channel-ready service offerings are designed to meet your customers' needs and ensure a positive customer experience. At the same time, Zebra's Services Portfolio provides partner with a unique opportunity to earn incremental revenue and margin as well as drive customer loyalty to your business.

## OUR SERVICES PORTFOLIO DIVIDES INTO THREE AREAS

**Plan** and design your customers' communications solutions (augmenting and complementing partner resources). Such services include Site Surveys, Assessment and Design services.

**Implement** new solutions whether it's deploying a new WLAN network, staging and commissioning new devices or testing and integrating new applications.

**Run**, manage and maintain your solution once it's deployed, providing comprehensive support to reduce risk, minimise downtime, improve value and increase user productivity.

## ZEBRA ONECARE

Availability of Zebra's products is key to the success of your business and the performance of your critical business processes. Protect your investment and help ensure your Zebra mobile computing, printer, RFID devices and barcode scanners achieve maximum uptime and peak performance with Zebra OneCare services. With multiple service levels to choose from, you'll find a Zebra OneCare offering that meets your requirements and protects your operations.

### ZEBRA ONECARE ESSENTIAL

Repair services, software support and 8x5 tech support for Zebra hardware and software, with defined repair service levels and Repair Services Dashboard.

### ZEBRA ONECARE SELECT

Zebra OneCare Essential plus comprehensive coverage for devices and software with advanced device replacement from Zebra-managed spares pool, commissioning. Repair Services Dashboard and 24/7 helpdesk support.

### TECHNICAL & SOFTWARE SUPPORT (TSS)

Access to live or online tech support and latest software releases.
