RC-335U

Introduction

The new Elite 330U/334U/335U series builds upon Cooler Master's expertise and delivers high-end features in an affordable chassis. It has been built to last and designed to keep all the components inside the case cool. It now comes with upgraded compatibility and features, such as long VGA card support and bottom PSU placement, not only does it have space for plenty of additional cooling fans, but it can also be fitted with larger CPU coolers, such as the Hyper 212 Plus.

Specifications
