2024
Q50

Unleash the Full Potential of Tailor-Made Performance

For some drivers, power is enough. But for a select few, it's how it translates to their performance that truly sets them apart. The 2024 INFINITI Q50 exudes a style that is expressive of progressive tastes, while its advanced performance has been tuned to be even more in sync with its driver. That starts by giving you a choice of a 300-hp or 400-hp¹ twin-turbocharged V6 engine and handling systems you can dial into your preference. When the road brings the unexpected, you'll travel with the confidence of INFINITI technologies that can expand your awareness and can help respond if objects are detected around you. When your personal journey extends your time behind the wheel, you'll be optimally positioned in a luxurious interior that is as refined and premium as the exterior is sleek and stylish. This is luxury that melds power and performance like never before.

3.0-liter twin-turbocharged V6 engine

THRILLING PERFORMANCE WITH EVERY CHOICE

Pick the twin-turbocharged engine that suits you best: a 3.0-liter V6 with 300 hp or a 400-hp¹ version with higher turbine speeds and enhanced cooling for maximum power. To carve a turn your way, the Q50 gives you steering you can customize to your preference: Electronic Power Steering offers a traditional feel with Sport Mode to engage when you want to sharpen response. The choice of suspension is equally empowering.

▶ View video to learn more about the Q50.

Standard Suspension offers a double-wishbone front and independent multi-link rear suspension for a smooth, confident ride. Or opt for Dynamic Digital Suspension,¹ which features electronically adjustable dampers and advanced processing to deliver a custom handling experience. Your experience can be further refined with the INFINITI Drive Mode Selector for responses that can be personalized to your liking.

Exclusive dual exhaust tips with brushed satin finish¹

UNBRIDLED POWER BY DESIGN

The Q50's curves and accents reflect its potential, seizing attention with every sweeping dynamic line. Power is expressed in striking available exterior features, from the angular sporty front fascia to an aero-inspired rear lower diffuser. Exclusive available red calipers expand the palette on the top trim level.

True Confidence Comes From Within

Presence starts with connecting to self. That's why we've designed a luxury experience that is even more devoted to you, with premium features like wireless Apple CarPlay® integration,² Bose® Performance Series Audio,² a 3-year INFINITI InTouch® Services Premium trial² and leather-appointed seats standard in every Q50. But it goes beyond, as your Q50 gets to know – and remember – you personally. Tied to the memory system, each driver's Intelligent Key automatically personalizes your cockpit as you enter. Beyond the seat, steering wheel and outside mirrors taking your positions, even your temperature and audio preferences for over 200 stored settings are recalled before you ever sit down.

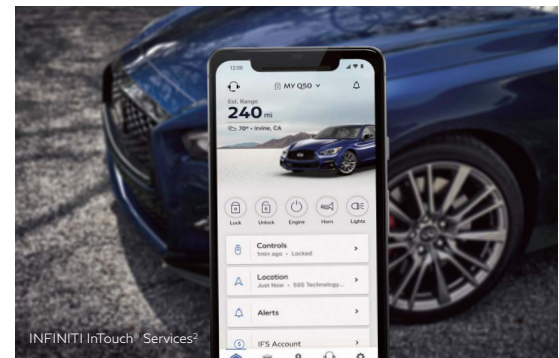

Dark metallic steering wheel-mounted paddle shifters¹

ENGAGED IN EVERY ASPECT OF STYLE

This is a performance vehicle, first and foremost. For proof, look no further than the intricate interior details, such as the red contrast stitching¹ on the supple leather-appointed seats, stunning carbon fiber inlays¹ that not only look good but cut down on weight and the D-shaped leather-wrapped steering wheel that feels like it was designed just for your hands. And when the road turns twisty, the power-bolstered driver's seat¹ holds you firmly in place, while perfectly placed paddle shifters¹ give you exceptional control. It all adds up to a more engaging drive.

DRIVING TECH THAT'S READY TO PERFORM

With drive assist technologies,³ the INFINITI Q50 can help ease the demands of the commute while still keeping you in command of the drive. Intelligent Cruise Control⁴ can maintain your speed as well as the set distance to the car ahead. So when the highway is congested, the Q50 can automatically brake when traffic slows and accelerate when it clears. With Blind Spot Warning⁵ and Lane Departure Warning⁶ also standard, traffic feels transformed. Predictive Forward Collision Warning⁷ can alert you to a potential collision two cars ahead. All these features come standard to elevate your confidence for the road ahead.

INFINITI InTouch® Services²

Red contrast stitching & carbon fiber trim¹

IN SYNC WITH YOUR LIFE

INFINITI InTouch® with wireless Apple CarPlay® integration lets you bring the iPhone® experience along for the ride.^{2,8} Or make your compatible Android Auto™ phone your preferred driving companion.^{2,8} Best of all, connect remotely through the MyINFINITI app with a 3-year Premium INFINITI InTouch® Services trial.² While you cruise, your focus is the priority with dual screens that display navigation^{1,9} up top near your line of sight and features like climate controls down below. Connection even extends to your passengers with an enhanced Wi-Fi Hotspot, a standard feature.^{2,10}

Amplify Your Power

THE Q50 RED SPORT

Compromise nothing. The Q50 Red Sport marries peak power and cutting-edge performance for a ride as exhilarating as it is controlled, with a 400-hp twin turbo V6 engine, steering wheel-mounted paddle shifters and standard Dynamic Digital Suspension. True to its name, the Q50 Red Sport features upgraded sport brakes with four-piston front and two-piston rear calipers that are painted an eye-catching red. Sportiness is seen and heard in the dual exhaust tips – finished in a sleek brushed satin with a mid-pipe that is re-designed to deliver a more powerful sound.

SPORTY STYLE

Great power deserves equal style. Quilted semi-aniline leather-appointed seats¹ finished in a striking graphite with contrast red stitching – a visual theme that continues throughout the interior – combine with a carbon fiber trim¹ to extend the performance-based appearance. And with 19" dark-finished wheels,¹ you'll really roll in style.
