NORTH DAKOTA INSURANCE DEPARTMENT

ABOUT US

The North Dakota Insurance Department oversees the insurance marketplace that exists within the state of North Dakota. Established in 1889, the department serves the public by providing education, regulation, and enforcement of insurance laws and policies. The Department also serves as an advocate for consumers treated unfairly by insurance companies. North Dakota is part of the U.S. insurance regulatory framework that is designed to promote fairness and protect consumers in the complexity of the U.S. insurance marketplace. As a member of the National Association of Insurance Commissioners (NAIC), North Dakota joins a coalition of state regulatory agencies to help establish standards and best practices, coordinate regulatory oversight, and conduct peer reviews.

During the 2021-2023 biennium, the Department consisted of seven divisions under the Insurance Commissioner, elected by the people of North Dakota.

Organizational Structure

Department Divisions

Legal Johnny Palsgraaf Division Director	The Legal Division provides counsel to Department leadership and staff, handles legal proceedings, and interacts with the courts, as needed, on behalf of the Department. Staff attorneys also draft orders and other legal documents. The Division will also initiate the appropriate investigation and enforcement of agents and companies who violate insurance laws.
Producer Licensing Janelle Middlestead Division Director	All persons seeking to sell insurance products in North Dakota must be licensed by the Department. Staff is responsible for licensing approximately 189,071 resident and non-resident insurance producers by issuing, renewing, and performing ongoing maintenance of licenses. The division handles license applications, renewals, appointments, and continuing education reporting.
Life & Health Chrystal Bartuska Division Director	All life and health insurance products sold in North Dakota must be given an actuarial analysis and reviewed to ensure the product and benefits follow North Dakota laws. Staff can assist consumers with life and health insurance questions and issues.
Property & Casualty Janelle Middlestead Division Director	This division reviews policy and rate form filings from property and casualty insurance companies to ensure that policy language complies with state law, adequately reflects the benefits provided by the policy. Consumer assistance staff are available for property and casualty insurance questions and issues.
Company Licensing & Examinations Matt Fischer, CFE Division Director	At the heart of insurance regulation is solvency oversight. The Division is responsible for monitoring insurance companies' financial strength to ensure they have enough money to pay policyholder claims. The Division performs periodic financial audits of domestic companies to ensure they are financially sound and complying with state laws. This Division also administers the licensing of approximately 1,600 insurance companies in North Dakota.
Administration Rachel Kriege Division Director	The Administration Division of the Department oversees the budget, accounts receivable and payable, purchasing, information technology needs, and general office support throughout the Department. This division also oversees business operations, human resource management, public relations, and internal policies and procedures for the Department.

Department-Introduced Legislation

- › **HB 1094** - Establishing venue for prosecuting insurance fraud
- › **HB 1095** - Inclusion of comprehensive medication management services in health benefit plans
- › **HCR 3011** - Resolution urging the Insurance Commissioner to facilitate a change in the essential health benchmark plan for future Affordable Care Act health plans
- › **SB 2055** - Producer licensing modernization
- › **SB 2056** - Red tape reduction efforts from the Insurance Department

Insurance Department Operations

HB 1094

Provides that the venue for charging an insurance fraud crime may be any county where a portion of the crime or scheme was conducted.

SB 2010

Insurance Department Budget. In addition to providing the necessary funding to operate, SB 2010 also established a continuing appropriation for the federal grants received by the Insurance Department to fund the North Dakota Senior Health Insurance Assistance Program, which assists North Dakotans in navigating Medicare. Additionally, SB 2010 provided the Department with additional regulatory authority over government self-insurance pools.

SB 2056

As a part of the Department's Red Tape Reduction efforts, SB 2056 eliminated the requirement for several forms to be filed with the Department that no longer served business functions.

SB 2172

Established North Dakota's membership in the Interstate Insurance Product Regulation Compact. Membership allows existing staff resources to focus on market regulation and may result in more life and annuity products being sold in the state.

SB 2211

Transferred the state fire marshal from the Attorney General's office to the Insurance Department. SB 2211 also appropriated \$1.2 million per year from the insurance regulatory trust fund for the North Dakota Firefighter's Association (NDFA). Therefore, 100% of the funds collected in the insurance tax distribution fund will now be distributed to fire districts rather than being shared with NDFA. A continuing appropriation was also established for the insurance tax distribution fund, making the fund a passthrough account.

SB 2295

Eliminated the Unsatisfied Judgement Fund, due to the fund no longer being relevant or in use, and allows for the North Dakota automobile insurance plan to be administered by the Automobile Insurance Plan Service Office.

Life & Health Legislation

HB 1095

Requires that health benefit plans in the state provide coverage for comprehensive medication management (CMM) services for eligible members beginning with the 2025 plan year. HB 1095 also establishes a task force to draft administrative rules related to implementing (CMM).

SB 2158

Established a mandatory study to determine the necessary steps to dissolve the Comprehensive Health Association of North Dakota, including how to transfer current enrollees to other health plans.

SB 2349

Allows for nonprofit agricultural membership associations to provide health care coverage to members that is largely exempt from Insurance Department regulation.

Insurance Producer Legislation

SB 2055

Established an administrative process to deem applications withdrawn without deeming the application denied, requiring that producers maintain current email addresses with the Department, allow for mailing addresses to be updated electronically, and to create more uniformity throughout various producer license expiration dates and fees.

SB 2305

Removed the requirement that surplus lines producers must file a statement certifying that a diligent search of the admitted market occurred prior to procuring an insurance product on the surplus lines market and exempts surplus lines producers from conducting a diligent search when the risk was referred to by the surplus lines producer by an insurance producer licensed in North Dakota.

Property & Casualty Legislation

HB 1417

Removes the prohibition of the Department of Transportation to enter points assigned to violations of two or less on a drivers record. This enables full driving records to be provided to insurance companies.

HB 1440

Establishes that delivery network companies ensure that individuals acting as participating drivers are insured while engaged in delivery services.

ADMINISTRATIVE RULES

Effective April 1, 2022

45-03-07.1 - Credit for Reinsurance

During the 67th Legislative Assembly SB 2076 passed which updated N.D.C.C. § 26.1-31.2 to include Reciprocal Jurisdictions. These changes were made in response to the Covered Agreement entered into by the Federal Office of Insurance with the European Union on 9/22/2017. Under the Dodd-rank Wall Street Reform and Consumer Protection Act (Dodd-Frank Act) if FIO determines that a state law is inconsistent with a “covered agreement” or results in less favorable treatment to reinsurers from a jurisdiction that is a part of a covered agreement, those state laws are preempted by the federal government. This rule updates the process for reinsurers to apply with our Department to become a reciprocal reinsurer so that our domestic insurers are able to take credit for reinsurance when entering into a reinsurance contract with a reinsurer domiciled in a reciprocal jurisdiction.

45-03-26 - Term and Universal Life Insurance Reserve Financing Model Law

During the 67th Legislative Assembly SB 2076 passed which updated N.D.C.C. § 26.1-31.2 to include Reciprocal Jurisdictions. With the updates made to N.D.C.C. § 26.1-31.2, this new rule sets how our domestic life insurers are able to take credit for reinsurance when entering into a reinsurance contract with a captive reinsurer on its Term Life & Universal Life products. The rule sets forth that a captive reinsurance transaction be backed by hard assets to back up these reserves.

45-05-09 - Defense within limits

This proposed rule is not related to any statutory changes or any federal statute or regulation. Pursuant to the current rules, an applicant or insured of a defense within limits policy must sign a disclosure form as part of the application or renewal process to acknowledge that the subject policy has limits of liability which may be reduced or completely eliminated by payments for legal defense costs or claim expenses. This proposed rule amendment simply clarifies that only one signed disclosure is required whether that be attached to the application or renewal. A signed disclosure is not required upon every single renewal.

45-06-16 - Short Term Limited Duration

During the 67th Legislative Assembly, SB 2073 created new sections of code. This impacted the Century Code citation of the law implemented for this particular rule. This rule amendment does not change anything substantive, rather updates the law implemented to reflect the new Century Code citation.
