**Patent Licensing Policy
Recommendation H26X/MPEG 2**

Dear Mr. Irmer,

in the abovementioned matter we had - on request - written a letter to Dr. Chiariglione in October 1993 expressing our readiness to grant licenses. With some delay due to organizational reasons, for which we ask you to accept our apologies, we received a notice that our aforementioned declaration had to be reworded according to a sample required by ITU. We hereby enclose the corrected declaration, hoping that this now is acceptable to ITU.

Yours sincerely,

ROBERT BOSCH GMBH
