ABOUT JB PRODUCTS

Located in South Bend, Indiana, JB Products, a Federal Process Company, has manufactured and distributed quality products for the conventional plumbing wholesale, manufactured housing and recreational vehicle and OEM markets for nearly 40 years.

QUALITY ASSURANCE

Quality is fundamental at JB Products. These valves and arresters are manufactured from a high-grade engineered polymer (Acetal). Below are some of the highlights of our stringent quality control process:

- 100% testing of every unit – no batch testing
- Water Hammer Arresters are tested at 400 PSI
- Valves are tested at 200 PSI
- All products are certified by listing agencies – ASSE, IAPMO, ICC, and NSF
- All products meet the Low Lead/No Lead standards
- Made in the USA manufacturer
