"OUR GANG LOVE THESE!"

These are a quality product and Jeffers has the best price around! I am not comfortable giving my gang any brand of cow ears other than Red Barn, so was thrilled to see that Jeffers carries them. They're low fat, not greasy, and SO much better and safer for the dogs than rawhides and most other chew products.

REMOTE TRAINERS

PetSafe™ Vibration Remote Trainer

Helps you control your dog from up to 100 yards away. A safe, effective way to teach better behavior or basic obedience commands. At the push of a button, your handheld remote sends a signal that causes your dog's receiver collar to vibrate. The vibration safely & effectively gets your pet's attention. Choose from 16 levels of vibration stimulation. The random vibration pattern is especially great for training deaf dogs. For dogs 8 lb & up & neck sizes 6-28".

RP-1AA \$124.99

Smart Dog® Trainer

(PetSafe®) Train your dog using your smart phone along with the Smart Dog Trainer app & collar. With a press of a button from your phone, send a signal to your dog's collar for vibration, tone or static stimulation. Contains 1 level of tone, 1 level of vibration & 15 levels of static stimulation. Uses Bluetooth technology & is transmittable up to 75 yards away. Use to reinforce commands & stop unwanted behaviors such as jumping, digging or chasing. Waterproof collar. Color: Navy Blue.

RP-1A \$119.99

Great for use in both single-dog situations or in kennel settings with multiple dogs.

RP-1AK \$109.99

PetSafe™ Bark Control Collar

A simple, non-harmful, but effective solution to excessive barking. When your dog barks, they receive a safe, but annoying static correction & an audible tone. The automatic correction starts with a mild tingle, with up to 6 levels for excessive barking. Your dog will quickly learn the association & stop the unwanted behavior. For dogs 8 lb & over & fits neck sizes up to 28". Includes battery & operating guide.

RP-A4 Bark Control Collar \$42.99

RP-BA Replac. Batteries, 2-pk \$7.99

PetSafe™ VIBRATION Bark Control Collar

The perfect alternative to static correction collars. Offers 10 combinations of vibration correction. When the dog barks, vibration is delivered from one of the two vibration points. The duration of the vibration is random, which interrupts the dog's bark. PERFECT BARK technology ensures only your dog's bark will cause the correction. Durable & waterproof. Weighs only 2.8 oz & fits necks from 8" to 28".

RP-P7 \$74.99

PetSafe® In-Ground Fence Systems™

Provide your pets freedom & safety while costing thousands less than fencing. Reliable & safe & with proper training, a very effective solution. Provide the largest area of coverage, up to 25 acres, while offering features that allow for safe & maintenance free operation.

ORIGINAL In-Ground Fence System™: Coverage: comes with enough wire for 1/2 acre (500 ft), but can transmit up to 10 acres (with additional wire). Levels of Correction: four. Types of Probes: stainless steel. Collar Battery Life: 1-3 mos. Collar Size: 6-28". Kit Includes: Transmitter with power adapter, waterproof UltraLight™ (1.5 oz) receiver with nylon web collar, battery, test light tool, manual, surge protector, 500 ft boundary wire & 50 training flags.

RP-A2 Kit **\$199.99** RP-AC Extra Receiver Collar **\$89.99**

RP-BA Replac. Batteries, 2-pk **\$7.99**

How The Systems Work:

Transmitter plugs into a standard outlet & emits a radio signal that travels along an underground wire. A lightweight receiver is worn on your pet's collar which picks up the radio signal & alerts your pet as he nears the underground boundary. The strength of correction your pet receives depends on the system you use, varying from a tone plus vibration to level 5. Once your pet is properly trained, he will learn to stay in the boundaries designated by the Radio Fence. **Note: Systems must be 3' away from any large metal object.**

STUBBORN DOG In-Ground Fence System™: To help manage your strong-willed pal, this in-ground fence comes equipped with 4 adjustable levels of correction, including a tone plus vibration mode. Covers up to 1/2 acre with included wire. Low-battery indicator. Designed for hard to train dogs of every size.

RP-S9 **\$214.99**

STUBBORN DOG Receiver Collar: Designed for hard-to-train dogs. Has a higher intensity level than the standard containment collars. Use with any PetSafe™ In-Ground Containment System or as an extra or replacement collar for the STUBBORN DOG In-Ground Fence System above. For pets over 8 lbs. Includes: Receiver with adjustable collar (for necks 6-28"), interchangeable contact points (long & short), operating guide, test light tool & 1-year mfg warranty.

RP-SA **\$119.99**

BEFORE YOU ORDER RABIES VACCINE... The states of AK, AL, AR, CA, CT, GA, HI, ID, IL, IN, IA, KS, MD, ME, MN, MO, MS, MT, NC, ND, NE, NV, NJ, NM, NY, OR, RI, SC, TN, TX, UT, WA, WV, WY & Puerto Rico have laws prohibiting the shipment of rabies vaccine to these states. State laws are often changed so this list cannot be considered complete. In addition, some state & local laws require that rabies vaccine be administered by a licensed vet only & make it illegal for you to vaccinate your own animal or refuse to recognize the vaccination if you do it yourself. Before you order rabies vaccines, investigate your local laws & regulations. Do not order unless you find it is legal for you to buy & administer rabies vaccine to your animals.

Shipping Information

Your order will be shipped the most cost efficient way, unless a specific delivery method is requested by the customer. We primarily ship UPS, USPS and FedEx Ground.

FOB Shipping Information (If Applicable)

1. To estimate FOB charges, identify item that has a noted FOB weight.
2. Go to the zone CHART A. Find the first 3 digits of your zip code to determine your zone.
3. Locate your zone on the top of CHART B.
4. Find the weight on left side of CHART B.
5. Where these 2 columns intersect, determines your UPS FOB charges.
6. You may call for exact FOB charges.
7. When figuring FOB, calculate those items that can reasonably be shipped together.

FREE Shipping: As long as your order is \$49.00 or above & has no items with an FOB charge. (Doesn't apply to Bios)

Service Charges: For orders under \$49, add a \$6.99 service charge. For orders \$49 or above, service charges are eliminated. All items are shipped freight prepaid in the Continental United States unless shown as an FOB item. Note: Air Shipping, COD charges, Oversized shipping costs, Freight charges and orders to Alaska, Hawaii, Puerto Rico, Virgin Islands & APO addresses not included. International Orders are shipped via standard mail by the U.S. Post Office.

Oversized Freight Policy: Oversize charges for larger packages shipped via Ground services will be replaced with a simpler rate calculation based on dimensional weight. Dimensional weight will only apply to UPS packages measuring three cubic feet (5,184 cubic inches) or larger. Billable weight will be based on either the actual weight or dimensional weight of your Ground package, whichever is greater. For more information, call a JEFFERS sales rep at 1-800-JEFFERS. NOTE: Large quantities purchased of certain products may result in additional shipping charges. You will be notified if additional charges apply.

Vaccines: Vaccines are shipped Monday through Thursday in a padded envelope with an ice pack (extra ice packs are \$1 each). We strongly recommend, if you are not in a one-day area, to overnight your vaccines in an insulated container to prevent you from receiving hot vaccines. We ship Next Day Air for \$24.95 & 2nd Day Air for \$21.95. Insulated containers are strongly recommended & are available for \$6.99. If you are purchasing more than \$250.00 worth of vaccines, in zones 1-4, overnight shipping is free. Please remember that vaccines are non-returnable & non-refundable. Call 1-800-533-3377 if you have any questions.

4 Easy Ways to Order!

3 Easy Ways to Pay!

Credit Cards: We accept Visa, Master Card, Discover and American Express. Please have your credit card account number and expiration date handy when you place your order.

Check: Mail-in orders may be paid by check or money order. A \$30 fee will be assessed for returned checks.

Electronic Checking By Phone Service: You can make check payments over the phone. This eliminates the need to use COD. Electronic checking only costs \$3.00, while COD costs \$12.00. If you use COD, you must be home when the package arrives. If you use electronic checking you don't have to be home. For additional information call 1-800-JEFFERS.

PO Box Orders: If shipping an order to a PO Box and the weight of your order is over 2 lbs, please contact a Jeffers® Customer Service Rep at 1-800-533-3377 for a shipping quote.

Special Orders: There will be a 20% restocking fee on any returned special ordered item.

To Canadian Customers: Please remit all orders in US funds. Duty, GST and Brokerage Fees, PST (if applicable) will be collected at delivery. We can ship everything except Bios. No CODs accepted from Canada. Note: Additional charges added by any delivery service or Customs, cannot be refunded by JEFFERS.

Alaska & Hawaii Residents: Please call 1-800-JEFFERS for assistance calculating charges.

Gift Cards: Gift Cards are available in any denomination. Call your Customer Service Representative and ask for item Z1-GC.
