optimized contact technology

The OCT is improving the contact between rubber and ball and increases the precision in your game. You are able to play your best balls also in extreme situations with the OCT.

Learn more about the Optimized Contact Technology!

to the video

tenzone

Strike harder! The TenZone turns your topspins into the most dangerous weapons.

- + fast and hard rubber
- + new pore structure provides additional energy
- + sponge thickness in mm: 1.8 / 2.0 / max.

AGF-10655 | TenZone

tenzone sf

Touch softer! The TenZone SF is the softer version of the TenZone.

- + medium hard rubber
- + new pore structure provides additional energy
- + more forgiving playing feeling through slightly modified pimple structure
- + sponge thickness in mm: 1.8 / 2.0 / max.

P7 REVÊTEMENT DE TENNIS DE TABLE
P7 TISCHTENNIS-BELAG

e-razor d30 new

The adidas E-Razor D30 is an offensive rubber with a good sound and control for your aggressive smashes.

- ⊕ soft offensive rubber
- ⊕ easy to control
- ⊕ good sound
- ⊕ sponge thickness in mm: 1.8 / 2.0 / max.

AGM-14649 | E-Razor D30

p5

The P5 offers ultimate rotation performance with the highest rebound energy and speed!

- ⊕ hard, large-pored sponge
- ⊕ compact geometry of the top sheet
- ⊕ fits perfectly for spin and counterspin
- ⊕ sponge thickness in mm: 1.8 / 2.0 / max.

AGF-10613 | P5

p3

Spin, speed and precision!

- ⊕ medium hard, large-pored sponge supports extra-sharp topspins
- ⊕ softer sponge offers superb control
- ⊕ dynamic set-up perfect for all situations of intense matches
- ⊕ sponge thickness in mm: 1.8 / 2.0 / max.

AGF-10607 | P3

select your game

R6

Dynamic, soft feeling with a great sound!

- + very soft sponge
- + generates traction and vigour during active play
- + superb control for passive play
- + sponge thickness in mm: 1.8 / 2.0 / max.

AGF-10625 | R6

OVERALL FEELING

R4

The allrounder in the adidas rubber range!

- + medium soft sponge
- + easy to handle but still generating excellent speed
- + fits perfectly for allround players
- + sponge thickness in mm: 1.8 / 2.0 / max.

climachill

cooling revolution

drop your temperature. raise your game.

to the video

climachill

feels cool on contact

Aluminium Cooling Spheres feel cool on skin upon contact. These aluminium dots are strategically located to correspond with the warmest area of the body.

groundbreaking climate control

SubZero yarn is a revolutionary flat yarn containing titanium. It maximises surface contact with skin, drawing heat away from the body faster than traditional round yarns.

superior breathability

climachill is by far the most breathable material we've ever created. These remarkably light and highly breathable fibers maximize air permeability like an open mesh, allowing for maximum ventilation and evaporation.

pro 800

Equipped with a 25 mm chipboard plate, a solid foundation and undercarriage, four height-adjustable legs, and extra-wide profile frames adidas competition table PRO 800 offers outstanding balance and stability. In addition, the Pro 800 comes with an innovative feature: the permanently installed and highly-functional net. It remains mounted to the table, even in the up-folded storage position. The advantages are right on hand: Wear-out prevention, no storage room required, no individual adjustment necessary, instead – quality conservation and life prolongation. In combination with the comfortable Easy Folding System the permanent net supports the “ready-to-play” status of the Pro 800: Simply unfold – and play! To supply easy transport and storage and to protect the gym floors, the Pro 800 provides four rubber-coated and pivoting wheels. Thanks to these merits the table’s playability complies with the highest demands of the pro players. A blue surface, clear shapes and forms, an innovatively colored undercarriage and a fine finishing earmark the Pro 800’s high-end design. It will attract attention wherever it is unfolded.

wheelchair table tennis**

pro 625

Equipped with a 25 mm chipboard plate, a solid foundation and undercarriage, four height-adjustable legs, and extra-wide profile frames. The adidas competition table Pro 625 offers outstanding balance and stability. In addition, the Pro 625 comes almost pre-assembled – only 8 screws have to be adjusted and the table is ready to play! The table features two separate halves four rubber-coated wheels with safety breaks. It can be stored and transported easily and no large storage room is required. A blue or green surface, clear shapes and forms and a fine finishing earmark the Pro 625’s high-end design. It will attract attention wherever it is unfolded.
