

Items highlighted in **green** are Knox Horticulture Best Selling Liner Series and are priced to be special values

Knox Horticulture sources unrooted cuttings from over a dozen stock farms, offering a wide selection of rooted liners from top breeders. Our standard 102C tray uses 25 mm ellepots, providing easy transplant and fast take-off on the benches. There are **no minimums** to order any of the varieties in our Root & Sell Program.

Knox Horticulture Best Selling Liner Series (items highlighted in **green**) are our most popular series and those we recommend as best suited for the Southeast. They are priced to be special values.

Acalypha (*Acalypha hispida*)
