

# SATA II ExpressCard 34

## Two eSATA Ports for Fast SATA II Performance

### Quick and Easy Upgrade

The LaCie SATA II ExpressCard 34\* enables you to affordably upgrade your PC or Mac® laptop to fast SATA II connectivity, which boasts an extremely rapid interface transfer rate of up to 3Gbits/s. This card provides two ports so you can connect two external SATA devices simultaneously. Installation is swift and simple. It supports eSATA hardware hot plugging/unplugging and external hard drives with the Native Command Queuing (NCQ) feature.

### The High Performance Interface

Serial ATA does not have to share the bus, instead dedicating full bandwidth to the device. SATA works best in storage environments that require high data throughput to deliver large files quickly and efficiently, maximizing utilization and enhancing productivity. Due to its performance, reliability, scalability and cost-effectiveness, SATA can optimize a wide-range of solutions, from desktop to network storage.

### Multiple Connections

Perfect for connecting your laptop to your LaCie d2 Quadra and all other eSATA hard disk drives, this card is also compatible with port multiplier devices like the LaCie 2big Quadra and with non-LaCie eSATA devices. In addition, it's backward compliant with SATA I (at SATA I performance).

### Broad Compatibility

Whether you use a PC or Mac computer, the LaCie SATA II ExpressCard 34 brings the impressive speed of this advanced interface to your system. It's compatible with computers running on Windows® XP, Vista®, or 7 or Mac OS X 10.5 or higher.

- Add two eSATA ports to your PC/Mac laptop
- Upgrade to SATA II performance affordably
- Compatible with port multiplier devices
- Hot plug/unplug hardware support

# LACIE SATA II ExpressCard 34

## Features

- Fast interface transfer rate: up to 3Gbits/s
- Plug & play
- PC/Mac compatible
- SATA hot plug/unplug hardware support
- Compliant with ExpressCard 34 and 54 slots
- Backward compatible with SATA I
- Supports hard drives with NCQ

## Box Content

- LaCie SATA II ExpressCard 34
- Drivers on CD-ROM (PC and Mac)
- User Manual on CD-ROM

## Minimum System Requirements

- PC or Mac laptop with a ExpressCard 34 or 54 slot
- Latest version of Windows XP, Windows Vista, Windows 7 / Mac OS X 10.5, 10.6

Item Number	130783
Interface	2 external eSATA II ports
Max Interface Transfer Rates	up to 3Gbits/s
Hardware Compatibility	ExpressCard 34 and 54 Type II standard 1-Lane (x1) PCI-Express with up to 2.5Gbits/s throughput SATA I (1.5Gbits/s) backward compatible NCQ (Native Command Queuing)
Dimensions (WxDxH)	34 x 112 x 21 mm / 1.3 x 4.4 x .8 in.
Weight	33 g / 1.1 oz.
Warranty	1-year limited

\* This card is not compatible with PCMCIA and PC Card slots.
