

The Stylish Print Master for The Stylish Executive

- Professional, Quality Prints with Multiple Media Card slots
- Ease of use with seamless operations
- · Highly Versatile for all print needs
- Maximum Cost Savings

The DCP-350C is a colour printer, copier and scanner, all combined into one smart compact and stylish design. It is designed with ease of use in mind, yet delivers great performance to the user.

DCP-350C is equipped with fast print speeds of up to 30ppm for black and white prints and 25pm for colour. Plus, it comes with a flatbed design for you to copy and scan bound documents quickly and easily.

Also your photo companion, DCP-350C has a built-in full colour 2.0" LCD screen for you to view your photos when you insert your memory cards into the PhotoCapture Centre™ or your USB flash drive. You can simply print borderless photos directly from your camera's memory cards with the PhotoCapture Centre™. You don't even need a PC!

What's more, there's no need to load and reload different paper types as DCP-350C offers the convenience of a dual purpose tray that has two compartments: one for your 4"x6" media and one for A4 media. The fun-filled Face Filter software that comes with the DCP-350C allows you adjust skin tones, remove skin blemishes, remove red eye and even change facial expressions!

All Brother colour inkjet multifunction products come complete with individual fade-resistant colour ink cartridges so colours can be replaced separately – which ultimately saves you money.

For more information regarding Systems Requirements,

please visit http://solutions.brother.com

- 1 Based on 80gsm paper
- ² Draft mode printing at 600 x 150dpi
- ³ When used with Brother BP61 Photo Paper See Consumables Section
- ⁴ Due to the restrictions of OS or applications, scanning at or above 19,200 x 19,200dpi may not support all sizes of documents or images
- † Pages are based on normal mode at 5% coverage on A4 / Letter for ink cartridges.
- The supplied ink will be lesser due to initial purging.
- * Supports up to 8GB USB Flash Drive, Brother does not guarantee the compatibility of all brands

Contact:

All specifications correct at time of printing. Brother is a registered trademark of Brother Industries Ltd. Brand product names are registered trademarks of their respective companies.

Brother strongly recommends the use of Genuine Brother consumable products only. Benefits include better quality prints, greater yields per consumable, protection of your machine from damages and achievements of optimum performance. As a precaution, please note that your machine warranty may not cover any damages arising from the use of non-genuine Brother consumables.
