

## HP 500B Microtower PC

Designed to deliver essential technology.

Let the HP 500B Microtower PC take your small business to new places with stylish efficiency at a price that won't break your bank. Stimulate your work day with proven Intel® technology and expandability designed to suit your needs.

Windows®. Life without Walls™. HP recommends Windows 7.

### **Stylish Simplicity**

The HP 500B is built for both style and function - easy on the eyes, easy to setup and easy to use. Convenient front access to USB ports and audio ports help you keep things moving for your day-to-day computing. Get to work right out of the box with preinstalled business applications and the functionality you need to operate effectively from day one.

### **Essential Technology**

Handle your business efficiently with reliable performance you can count on. Your PC comes equipped with proven Intel® processors, genuine Windows® 7 Professional Operating System, chipset and Graphics Media Accelerator, a hard drive up to 640 GB, and up to 4 GB DDR 3 SDRAM memory.

### **Flexible enough to suit you well**

Customize your PC to meet your small business needs with PCI Express (PCIe) slots and an optional optical drive. Data transfer and storage is quick and simple with the HP 6-in-1 Media Card Reader and your choice of a SuperMulti LightScribe DVD Writer Drive that lets you burn professional-quality labels directly to your LightScribe DVDs. Enhance your experience even more with pre-qualified options designed to help you get the job done, such as discrete graphics cards.

### **Built to last**

With more than 113,000 hours of testing, you get a reliable and durable desktop that can go the distance. Add a valuable asset to your business today - the HP 500B.

THE  
COMPUTER  
IS PERSONAL  
AGAIN.

This system may require upgraded and/or separately purchased hardware and/or a DVD drive to install the Windows 7 software and take full advantage of Windows 7 functionality. See <http://www.microsoft.com/windows/windows-7/> for details. Windows 7 Professional disk may be included for future upgrade if desired. To qualify for this downgrade an end user must be a business (including governmental or educational institutions) and is expected to order annually at least 25 customer systems with the same custom image.
