"I wanted to make the luxury of chocolates accessible to everyone."

Leonidas G. Kestekides

The mission of our company has remained unchanged since it was defined by our founder. Since 1913, Leonidas has generously shared its passion to create the most delicious chocolates and chocolate products.

Chocolates are more than just a recipe to us: each tasting is a moment of pure delight. The Leonidas brand has been present in France for more than 50 years, with more than 300 shops.

The commitments

MADE BY LEONIDAS

100% pure cocoa butter

Leonidas wants you to enjoy moments of pure bliss. That is why our Master Chocolatiers use only chocolate made with 100% pure cocoa butter.

Made without palm oil

Our Master Chocolatiers are obsessed with quality. They will only accept pure cocoa butter. So you won't find a single drop of palm oil in our chocolate.

Belgian since 1913

Leonidas chocolates are designed in Belgium. Our Master Chocolatiers use only the finest ingredients, handling them with loving care and with a respect for tradition.

Sustainable cocoa

Leonidas opts to use sustainable cocoa to make its chocolates. What could be more natural, given that our mission is to create moments of happiness for everyone, than to care about human beings and nature?

Certified purveyor to the Belgian Royal household

Leonidas was designated official chocolatier to the Belgian Royal household in 2013. It is a true honour to have received this prestigious royal certificate, which has established the role of Leonidas as ambassador of its country of origin and supplier of high quality Belgian chocolates.
